Proxy Statement for the 2004 Annual Meeting of Shareholders

to Be Held on October 5, 2004

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of STRATTEC SECURITY CORPORATION of proxies, in the accompanying form, to be used at the Annual Meeting of Shareholders of the Corporation to be held on October 5, 2004 and any adjournments thereof. Only shareholders of record at the close of business on August 17, 2004 will be entitled to notice of and to vote at the meeting. There will be no presentation regarding the Company's operations at the Annual Meeting of Shareholders. The only matters to be discussed are matters set forth in the Proxy Statement for the 2004 Annual Meeting of Shareholders and such other matters as are properly raised at the Annual Meeting.

The shares represented by each valid proxy received in time will be voted at the meeting and, if a choice is specified in the proxy, it will be voted in accordance with that specification. If no instructions are specified in a signed proxy returned to the Corporation, the shares represented thereby will be voted in **FAVOR** of the election of the director listed in the enclosed proxy.

Shareholders may revoke proxies at any time to the extent they have not been exercised. The cost of solicitation of proxies will be borne by the Corporation. Solicitation will be made primarily by use of the mails; however, some solicitation may be made by employees of the Corporation, without additional compensation therefor, by telephone, by facsimile or in person. Only shareholders of record at the close of business on August 17, 2004 will be entitled to notice of and to vote at the meeting. On the record date, the Corporation had outstanding 3,786,118 shares of Common Stock entitled to one vote per share.

A majority of the votes entitled to be cast with respect to each matter submitted to the shareholders, represented either in person or by proxy, shall constitute a quorum with respect to such matter. The election of the director requires the affirmative vote of a plurality of the shares represented at the meeting. Abstentions and broker non-votes (i.e., shares held by brokers in street name, voting on certain matters due to discretionary authority or instructions from the beneficial owners but not voting on other matters due to lack of authority to vote on such matters without instructions from the beneficial owner) will count toward the quorum requirement and will not count toward the determination of whether such director is elected. The Inspector of Election appointed by the Board of Directors will count the votes and ballots.

The Corporation's principal executive offices are located at 3333 West Good Hope Road, Milwaukee, Wisconsin 53209. It is expected that this Proxy Statement and the form of Proxy will be mailed to shareholders on or about August 26, 2004.

Table of Contents**PROPOSAL 1: ELECTION OF DIRECTORS**

It is intended that shares represented by proxies in the enclosed form will be voted for the election of the nominee in the following table to serve as a director. The Audit Committee has the direct authority and responsibility to select, evaluate and, where appropriate, replace the independent auditors, and is an audit committee for purposes of Section 3(a)(58)(A) of the Securities Exchange Act of 1934. The Audit Committee held two meetings in fiscal 2004.

Corporate Governance Matters

The Corporation is committed to maintaining high standards of corporate governance which are intended to serve the long-term interests of the Corporation and its shareholders. The Board of Directors has adopted Corporate Governance Guidelines which can be found on the Corporation's website at www.strattec.com.

Director Independence

On February 10, 2004, the Corporation's Board of Directors reviewed the independence of its directors under the applicable standards of the Nasdaq Stock Market. Based on this review, the Board of Directors determined that each of Robert Feitler, Frank J. Krejci and Michael J. Koss is independent under those standards. These independent directors constitute a majority of the directors of the Corporation.

Director Nominations

The Corporation has a standing Nominating and Corporate Governance Committee. The Corporation has placed a current copy of the charter of the Nominating and Corporate Governance Committee on its web

site located at www.strattec.com. Based on the review described under Director Independence, the Board of Directors has determined that each member of the Nomination and Corporate Governance Committee is independent under the applicable standards of the Nasdaq Stock Market.

The Nominating and Corporate Governance Committee will consider director nominees recommended by shareholders. A shareholder who wishes to recommend a person or persons for consideration as a nominee for election to the Board of Directors must send a written notice by mail, c/o Secretary, STRATTEC SECURITY CORPORATION, 3333 West Good Hope Road, Milwaukee, Wisconsin 53209, that sets forth: (1) the name, address (business and residence), date of birth and principal occupation or employment (present and for the past five years) of each person whom the shareholder proposes to be considered as a nominee; (2) the number of shares of the Corporation's Common Stock beneficially owned (as defined by section 13(d) of the Securities Exchange Act of 1934) by each such proposed nominee; (3) any other information regarding such proposed nominee that would be required to be disclosed in a definitive proxy statement to shareholders prepared in connection with an election of directors pursuant to section 14(a) of the Securities Exchange Act of 1934; and (4) the name and address (business and residential) of the shareholder making the recommendation and the number of shares of the Common Stock beneficially owned (as defined by section 13(d) of the Securities Exchange Act of 1934) by the shareholder making the recommendation. The Corporation may require any proposed nominee to furnish additional information as may be reasonably required to determine the qualifications of such proposed nominee to serve as a director of the Corporation. Shareholder recommendations will be considered only if received no less than 120 days nor more than 150 days before the date of the proxy statement sent to shareholders in connection with the previous fiscal year's annual meeting of shareholders.

The Nominating and Corporate Governance Committee will consider any nominee recommended by a shareholder in accordance with the preceding paragraph under the same criteria as any other potential nominee. The Nominating and Corporate Governance Committee believes that a nominee recommended for a position on the Corporation's Board of Directors must have an appropriate mix of director characteristics, experience, diverse perspectives and skills. absence of conflicts of interest;

fresh intellectual perspectives and ideas; and

relevant expertise and experience and the ability to offer advice and guidance to management based on that expertise and experience.

Report of the Audit Committee

The Audit Committee is comprised of three members of the Corporation's Board of Directors. Based upon the review described above under Director Independence, the Board of Directors has determined that each member of the Audit Committee is independent as defined in the listing standards of the Nasdaq Stock Market and the Securities and Exchange Commission (the Commission). The duties and responsibilities of the Audit Committee are set forth in the Corporation's Audit Committee Charter, which was amended and restated by the Board of Directors in May 2003. The full text of the Audit Committee's amended and restated Charter was attached as Appendix A to the Corporation's Proxy Statement filed in connection with the 2003 Annual Meeting of the Shareholders.

The Audit Committee has:

Based on such review and discussions with management and with the independent auditors, the Audit Committee recommended to the Board of Directors that the audited financial statements be included in the Corporation's Annual Report on Form 10-K for the fiscal year ended June 27, 2004, for filing with the Commission.

Table of Contents

in the Corporation's Quarterly Reports on Form 10-Q and \$36,000 in fees for professional services rendered for statutory and regulatory agency audits.

Audit Related Fees. During the fiscal year ended June 27, 2004, Grant Thornton LLP did not render any professional services to the Corporation for audit-related services. During the fiscal year ended June 29, 2003, Deloitte & Touche LLP billed the Corporation \$12,000 for professional services rendered to the Corporation for attest-related services and accounting consultation.

Tax Fees. Grant Thornton LLP billed the Corporation \$4,000 in fees for tax services rendered to the Corporation for the fiscal year ended June 27, 2004. Deloitte & Touche LLP billed the Corporation \$80,000 in fees for tax services rendered to the Corporation for the fiscal year ended June 29, 2003.

All Other Fees. Neither Grant Thornton LLP nor Deloitte & Touche LLP billed the Corporation for any other professional services rendered to the Corporation during the fiscal years ended June 27, 2004 and June 29, 2003.

The Audit Committee of the Board of Directors of the Corporation considered that the provision of the services and the payment of the fees described above are compatible with maintaining the independence of Grant Thornton LLP, and previously, of Deloitte & Touche LLP.

The Audit Committee is responsible for reviewing and pre-approving any non-audit services to be performed by the Corporation's independent registered auditors. The Audit Committee has delegated certain of its pre-approval authority to the Chairman of the Audit Committee to act between meetings of the Audit Committee. Any pre-approval given by the Chairman of the Audit Committee pursuant to this delegation is presented to the full Audit Committee at its next regularly scheduled meeting. The Audit Committee or Chairman of the Audit Committee reviews and, if appropriate, approves non-audit service engagements, taking into account the proposed scope of the non-audit services, the proposed fees for the non-audit services, whether the non-audit services are permissible under applicable law or regulation and the likely impact of the non-audit services on the independence of the independent auditors.

Since the effective date of the Commission rules requiring pre-approval of non-audit services on May 6, 2003, each new engagement of the Corporation's independent registered auditors to perform non-audit services has been approved in advance by the Audit Committee or the Chairman of the Audit Committee pursuant to the foregoing procedures.

The Board of Directors, upon recommendation of the Audit Committee, will select the Corporation's independent registered auditors for the 2005 fiscal year. It is expected that a representative of Grant Thornton LLP will be present at the annual meeting and will have the opportunity to make a statement if she desires to do so and will be available to respond to appropriate questions.

Audit Committee Financial Expert

The Corporation's Board of Directors has determined that one of the members of the Audit Committee, Michael J. Koss, qualifies as an audit committee financial expert as defined by the rules of the Commission based on his work experience and duties as the Chief Financial Officer and Chief Executive Officer of Koss Corporation.

Information Regarding Change of Auditors

On September 15, 2003, the Corporation dismissed Deloitte & Touche LLP as its independent public accountants and appointed Grant Thornton LLP as its new independent accountants. The decision to dismiss Deloitte & Touche LLP and to retain Grant Thornton LLP was approved by the Corporation's Audit Committee on September 15, 2003. Deloitte & Touche LLP's reports on the Corporation's consolidated financial statements for the fiscal years ended June 29, 2003 and June 30, 2002 did not contain an adverse opinion or disclaimer of opinion, nor were the reports qualified or modified as to uncertainty, audit scope or accounting principles. During the Corporation's fiscal years ended June 29, 2003 and June 30, 2002 and through September 15, 2003, there were no disagreements with Deloitte & Touche LLP on any matter of accounting principles or practices, financial statement disclosure, or auditing scope or procedure which, if not resolved to Deloitte & Touche LLP's satisfaction, would have caused them to make reference to the subject matter in connection with their report on the Corporation's consolidated financial statements for such years; and there were no reportable events, as listed in Item 304(a)(1)(v) of Commission Regulation S-K.

During the Corporation's fiscal years ended June 29, 2003 and June 30, 2002 and through September 15, 2003, the Corporation did not consult Grant Thornton LLP with respect to the application of accounting principles to a specified transaction, either completed or proposed, or the type of audit opinion that might be rendered on the Corporation's consolidated financial statements, or any other matters or reportable events listed in Items 304(a)(2)(i) and (ii) of Commission Regulation S-K.

Compensation of Directors

Each nonemployee director of the Corporation receives an annual retainer fee of \$8,000, a fee of \$750 for each Board meeting attended and a fee of \$500 for each committee meeting attended. Effective June 30, 1997, the Corporation implemented an Economic Value Added Plan for Non-Employee Members of the Board of Directors (the Director EVA* Plan). The purpose of the Director EVA Plan is to maximize long-term shareholder value by providing incentive compensation to nonemployee directors in a form which relates the financial reward to an increase in the value of the Corporation to its shareholders and to enhance the Corporation's ability to attract and retain outstanding individuals to serve as nonemployee directors of the Corporation. The Director EVA Plan provides for the payment of a potential cash bonus to each nonemployee director equal to the product of (a) 40% of the director's retainer and meeting fees for the fiscal year, multiplied by (b) a Company Performance Factor. In general, the Company Performance Factor is determined by reference to the financial performance of the Corporation relative to a targeted cash-based return on capital, which is intended to approximate the Corporation's weighted cost of capital (which was 11% for fiscal 2004). For fiscal 2004, Messrs. Feitler, Koss and Krejci each received a bonus of \$11,448 pursuant to the Director EVA Plan.

Section 16(a) of the Securities Exchange Act of 1934, as amended (the Exchange Act), requires the Corporation's directors and executive officers, and persons who own more than 10% of a registered class of the Corporation's equity securities, to file with the Commission initial reports of beneficial ownership on Form 3 and reports of changes in beneficial ownership of the Corporation's equity securities on Form 4 or 5. The rules promulgated by the Commission under section 16(a) of the Exchange Act require those persons to furnish the Corporation with copies of all reports filed with the Commission pursuant to section 16(a). Based solely upon a review of such forms actually furnished to the Corporation, and written representations of certain of the Corporation's directors and executive officers that no forms were required to be filed, all directors, executive officers and 10% shareholders have filed with the Commission on a timely basis all reports required to be filed under section 16(a) of the Exchange Act, except that Mr. Stratton filed a Form 4 report on May 12, 2004 reporting a transaction occurring on May 3, 2004.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Corporation's Compensation Committee (the Committee), which is comprised of three outside directors of the Corporation, is responsible for considering and approving compensation arrangements for senior management of the Corporation, including the Corporation's executive officers and the chief executive officer. Based on the review described under Director Independence, the Board has determined that each member of the Compensation Committee is independent under the applicable standards of the Nasdaq Stock Market. The objectives of the Committee in establishing compensation arrangements for senior management are to: (i) attract and retain key executives who are important to the continued success of the Corporation; and (ii) provide strong financial incentives, at reasonable cost to the shareholders, for senior management to enhance the value of the shareholders' investment.

The primary components of the Corporation's executive compensation program are (i) base salary, (ii) incentive compensation bonuses and (iii) stock options.

The Committee believes that:

The Corporation's incentive plans provide strong incentives for management to increase shareholder value;

The Corporation's pay levels are appropriately targeted to attract and retain key executives; and

The Corporation's total compensation program is a cost-effective strategy to increase shareholder value.

Base Salaries

Executive officers' base salaries are reviewed annually by the Committee, based on level of responsibility and individual performance. It is the Corporation's objective that base salary levels, in the aggregate, be at competitive salary levels. In fixing competitive base salary levels, the Committee used a survey of a broad group of domestic industrial organizations from all segments of industry. From this survey, the Committee determined a competitive salary level for fiscal 2004 for each executive officer position near the average derived from the survey for positions with similar responsibilities at companies with a similar level of sales, also taking into account additional factors such as the executive officer's performance. Because the survey was based on industry-wide studies, the companies in the survey do not correspond to the companies that make up the Dow Jones U.S. Auto Parts Index, which is used by the Corporation as the published industry index for comparison in the Performance Graph on page 11.

Incentive Bonuses

The Corporation maintains an Economic Value Added (EVA) Plan for Executive Officers and Senior Managers (the EVA Plan), the purpose of which is to provide incentive compensation to certain key employees, including all executive officers, in a form which relates the financial reward to an increase in the value of the Corporation to its shareholders. In general, EVA is the net operating profit after cash basis taxes, less a capital charge. The capital charge is intended to represent the return expected by the providers of the Corporation's capital. The Corporation believes that EVA improvement is the financial performance measure most closely correlated with increases in shareholder value.

For fiscal 2004, the amount of bonus which a participant was entitled to earn was derived from a Company Performance Factor and from an Individual Performance Factor. The Company Performance

Table of Contents

Factor was determined by reference to the financial performance by reference to the EVA financial performance of the Corporation relative to a targeted cash-based return on capital established by the Committee, which is intended to approximate the Corporation's weighted cost of capital. The Individual Performance Factor was determined by reference to the level of attainment of certain quantifiable and non-quantifiable company or individual goals which contribute to increasing the value of the Corporation to its shareholders. Individual Target Incentive Awards under the EVA Plan range from 75% of base compensation for the Chairman of the Board and Chief Executive Officer to 35% of base compensation for other officers for fiscal 2004. The formula for calculating bonuses under the EVA Plan is: Base Salary \times Target Incentive Award \times (50% of the Company Performance Factor + 50% of the Individual Performance Factor). A portion of this bonus amount is subject to an at risk Bonus Bank described below. Mr. Stratton's actual fiscal 2004 bonus payout equals 164% of his Target Incentive Award.

The EVA Plan provides the powerful incentive of an uncapped bonus opportunity, but also uses a Bonus Bank to ensure that significant EVA improvements are sustained before significant bonus awards are paid out. The Bonus Bank feature applies to those participants determined by the Committee to be Executive Officers under the EVA Plan. All of the named executive officers have been designated Executive Officers for fiscal 2004. Each year, any accrued bonus in excess of 125% of the target bonus award is added to the outstanding Bonus Bank balance. The bonus paid is equal to the accrued bonus for the year, up to a maximum of 125% of the target bonus, plus 33% of the Bonus Bank balance at the end of the year. Thus, significant EVA improvements must be sustained for several years to ensure full payout of the accrued bonus. A Bonus Bank account is considered at risk in the sense that in any year the accrued bonus is negative, the negative bonus amount is subtracted from the outstanding Bonus Bank balance. In the event the outstanding Bonus Bank balance at the beginning of the year is negative, the bonus paid is limited to the accrued bonus up to a maximum of 75% of the target bonus. The executive is not expected to repay negative balances. On termination of employment due to death, disability or retirement or by the Corporation without cause, any positive available balance in the Bonus Bank will be paid to the terminating executive or his designated beneficiary or estate. Executive officers who voluntarily leave to accept employment elsewhere or who are terminated for cause will forfeit any positive available balance. The executive is not expected to repay negative balances upon termination or retirement.

Stock Incentive Plan

In 1994, the Corporation established the STRATTEC SECURITY CORPORATION Stock Incentive Plan (Incentive Plan), most recently amended as of May 20, 2003. The Incentive Plan authorizes the Committee to grant to officers and other key employees stock incentive awards in the form of stock options and/or stock appreciation rights. During fiscal 2004, the Committee granted options to purchase Common Stock to the executives as shown in the Summary Compensation Table.

On August 17, 2004, after publication of financial results for fiscal 2004, the Committee granted leveraged stock options (LSOs) to 12 key employees, including options to purchase 26,620 shares to Mr. Stratton, options to purchase 21,960 shares to Mr. Cahill, options to purchase 5,990 shares to Mr. Hansen and options to purchase 5,920 shares to Mr. Harrod, based on the amount of incentive bonus under the EVA Plan earned for fiscal 2004. The method of calculating the number of options granted to each executive, and the method of determining their exercise price, is set forth in the EVA Plan and Incentive Plan. These leveraged stock options have an exercise price of \$76.70 per share and provide a form of option grant that simulates a stock purchase with 10:1 leverage. The number of leveraged options granted to Mr. Stratton for fiscal 2004 was determined in the manner described and was based on his incentive bonus for fiscal 2004.

Table of Contents

The maximum aggregate number of LSOs to be granted each year is 80,000. If the Total Bonus Payout under EVA produces more than 80,000 LSOs in any year, LSOs granted for that year will be reduced pro-rata based on proportionate Total Bonus Payouts under the EVA Plan. The amount of any such reduction shall be carried forward to subsequent years and invested in LSOs to the extent the annual limitation is not exceeded in such years.

Compensation of the Chief Executive Officer

The compensation awarded to Mr. Stratton reflects the basic philosophy generally discussed above that compensation be based on Corporation and individual performance.

The Committee determined Mr. Stratton's base salary for fiscal 2004 based on the compensation survey and annual review described above. With respect to the EVA Plan and the Stock Incentive Plan, Mr. Stratton's awards for fiscal 2004 were determined in the same manner as for all other participants in these plans.

Table of Contents**Retirement Plan and Supplemental Pension Plan**

The Corporation maintains a defined benefit retirement plan (the Retirement Plan) covering all executive officers and substantially all other employees in the United States. Under the Retirement Plan, nonbargaining unit employees receive an annual pension payable on a monthly basis at retirement equal to 1.6% of the employee's average of the highest 5 years of compensation during the last 10 calendar years of service prior to retirement multiplied by the number of years of credited service, with an offset of 50% of Social Security (prorated if years of credited service are less than 30). Compensation under the Retirement Plan includes the compensation as shown in the Summary Compensation Table under the heading Salary and Bonus, subject to a maximum compensation amount set by law (\$205,000 in 2004).

Executive officers participate in a program which supplements benefits under the Retirement Plan. Under the Supplemental Executive Retirement Plan (the Supplemental Pension Plan), executive officers are provided with additional increments of (a) 0.50% of compensation (as limited under the Retirement Plan) per year of credited service over the benefits payable under the Retirement Plan to nonbargaining unit employees and (b) 2.1% of the compensation exceeding the Retirement Plan dollar compensation limit per year of credited service.

A Rabbi trust has been created for deposit of the aggregate present value of the benefits described above for executive officers.

The following table shows total estimated annual benefits payable from the Retirement Plan and the Supplemental Pension Plan to executive officers upon normal retirement at age 65 at specified compensation and years of service classifications calculated on a single life basis and adjusted for the projected Social Security offset:

Employment Agreements

Each named executive officer of the Corporation has signed an employment agreement with the Company. The term of each agreement automatically extends for one year each June 30 unless either party gives 30 days' notice that the agreement will not be further extended. Under the agreement, the officer agrees to perform the duties currently being performed in addition to other duties that may be assigned from time to time. The Corporation agrees to pay the officer a salary of not less than that of the previous year and to provide fringe benefits that are provided to all other salaried employees of the Corporation in comparable positions.

Change of Control Employment Agreements

Each executive officer of the Corporation has signed a change in control employment agreement which guarantees the employee continued employment following a change in control on a basis equivalent to the employee's employment immediately prior to such change in terms of position, duties, compensation and benefits, as well as specified payments upon termination following a change in control. The Corporation currently has such agreements with the five named executive officers. Such agreements become effective only upon a defined change in control of the Corporation, or if the employee's employment is terminated upon, or in anticipation of such a change in control, and automatically supersede any existing employment agreement. Under the agreements, if during the employment term (three years from the change in control) the employee is terminated other than for cause or if the employee voluntarily terminates his employment for good reason or during a 30-day window period one year after a change in control, the employee is entitled to specified severance benefits, including a lump sum payment of three times the sum of the employee's annual salary and bonus and a gross-up payment which will, in general, effectively reimburse the employee for any amounts paid under federal excise taxes.
