### **Item 3. Source and Amount of Funds or Other Consideration**

The net investment cost (including commissions, if any) of the shares of Common Stock beneficially owned by Mr. Brown is \$29,682. The source of funds for this consideration was personal funds.

The net investment cost (including commissions, if any) of the shares of Common Stock beneficially owned by MFC and Carl McCaffree is \$2,811,567.55. The source of funds for this consideration was MFC working capital. (See Item 2).

The net investment cost (including commissions, if any) of the shares of Common Stock beneficially owned by Mr. Zuk, is \$94,424.50. The source of funds for this consideration was personal funds.

### **Item 4. Purpose of Transaction**

Mr. Brown and Mr. Zuk acquired their beneficial interests in the Issuer's Common Stock over the past three and a half years as they or related persons invested in the Issuer.

MFC recently sold its title insurance subsidiaries. Since that time, Mr. McCaffree has considered alternative investments, including investments in and/or acquisitions of additional banks or bank holding companies. He is also the controlling shareholder of another company that is a bank holding company. Mr. McCaffree discussed his ideas and plans with Mr. Brown on a number of occasions over the past several months. In November of 2004, Mr. McCaffree and Mr. Brown discussed the Issuer as a possible investment. Mr. Brown introduced Mr. McCaffree to Mr. Zuk, who had been following the Issuer's performance as part of his professional activities, as well as in connection with his personal investment activities.

After further discussion, on November 30, 2004, the Reporting Persons reached a verbal agreement in principle to act together as a group (the Group) to pursue the acquisition of additional shares of the Common Stock and to consider other strategies regarding the Issuer. At that time the aggregate beneficial ownership by members of the Group was 12,500 shares or .3% of the outstanding Common Stock. The Reporting Persons formed the Group because they believe the Common Stock is trading below fair value and represents a good investment alternative. The Reporting Persons believe that the Issuer's Common Stock has not performed as well as it could and should have, and they believe that the Issuer's current operating strategy could be improved. In addition, they believe that if the Group eventually gained control of the Issuer, Mr. McCaffree, either with members of the current management team or with new management, could improve the Issuer's operating efficiency, given his expertise in the banking industry.

Following the formation of the Group, the Reporting Persons acquired additional shares of Common Stock in the open market in order to obtain an increased equity position in the Issuer.

On December 23, 2004, the Reporting Persons executed a joint Filing Agreement, attached as an Exhibit to

-7-

this Schedule.

Depending upon market conditions and other factors that the Group may deem material to their investment decisions, the Reporting Persons may acquire additional securities of the Issuer in the open market, in private transactions or by any other permissible means, including a negotiated transaction with the Issuer or its ESOP. The Reporting Persons also may consider attempting to secure representation on the Issuer's Board of Directors.

Except as set forth above, the Reporting Persons have no plans or proposals which relate to or may result in the acquisition or disposition of the Issuer's securities by any person, extraordinary corporate transactions, the sale or transfer of the Issuer's assets, changes in the Issuer's board of directors, capitalization, dividend policy, business, or corporate structure, causing a class of the Issuer's securities to be delisted or eligible for termination of registration, or any similar action.
