**PROXY STATEMENT**

**Approximate date of mailing May 3, 2007**

**For the Annual Meeting of Stockholders  
To Be Held May 31, 2007**

**INFORMATION ABOUT THE ANNUAL STOCKHOLDERS MEETING**

The 2007 annual meeting of stockholders of Katy Industries, Inc. (the Company or Katy ) will be held at 10:00 a.m. local time on May 31, 2007 at the Holiday Inn Mount Kisco, located at One Holiday Inn Drive, Mount Kisco, New York.

This Proxy Statement is furnished by and on behalf of the board of directors (the Board of Directors ) of Katy in connection with the solicitation of proxies for use at the annual meeting and at any adjournments or postponements thereof. This Proxy Statement includes information that Katy is required to provide to you under the rules of the Securities and Exchange Commission ( SEC ) and is intended to assist you in voting your shares. On or about May 3, 2007, Katy will begin mailing this Proxy Statement and the enclosed proxy card to all people who, according to our stockholder records, owned shares of the Company s common stock at the close of business on April 4, 2007. As of April 4, 2007, there were 7,951,177 shares of our common stock issued and outstanding.

Katy will pay the cost of requesting these proxies. Katy s directors, officers and employees may request proxies in person or by telephone, mail, facsimile or letter.

**VOTING**

**VOTING SHARES AND REVOCABILITY OF PROXIES**

You are entitled to one vote at the annual meeting for each share of Katy s common stock that you owned of record at the close of business on April 4, 2007. The number of shares you own (and may vote) is listed on the enclosed proxy card.

You may vote your shares of common stock at the annual meeting in person or by proxy. To vote in person, you must attend the annual meeting and obtain and submit a ballot. Katy will provide you with a ballot at the annual meeting. To vote by proxy, you must complete and return the enclosed proxy card. By completing and returning (and not revoking) the enclosed proxy card, you will be directing the representatives designated on the proxy card to vote your shares at the annual meeting in accordance with the instructions you give on the proxy card. Your proxy card will be valid only if you sign, date and return it before the annual meeting. The submission of a signed proxy will not affect your right to attend and vote in person at the annual meeting.

**IF YOU COMPLETE THE PROXY CARD EXCEPT FOR THE VOTING INSTRUCTIONS, THEN YOUR SHARES WILL BE VOTED FOR THE BOARD OF DIRECTORS RECOMMENDATIONS SET FORTH IN THIS PROXY STATEMENT.**

You may revoke your proxy at any time before it is voted by any of the following means:

Notifying the Secretary of Katy in writing addressed to our principal corporate offices at Katy Industries, Inc., 2461 South Clark Street, Suite 630, Arlington, Virginia 22202, that you wish to revoke your proxy.

Submitting a proxy bearing a later date than your original proxy.

Attending the annual meeting and voting in person. Merely attending the annual meeting will not by itself revoke a proxy; you must vote your shares of common stock at the annual meeting to revoke the proxy.

**Table of Contents**

The Board of Directors does not expect any matter other than the proposals discussed in this Proxy Statement to be presented at the annual meeting. However, if any other matter properly comes before the annual meeting, executed and returned proxies will be voted in a manner deemed by the proxy representatives named therein to be in the best interests of Katy and its stockholders.

**QUORUM AND VOTES REQUIRED FOR APPROVAL**

The presence in person or by proxy of holders of a majority of the outstanding shares of common stock will constitute a quorum for the annual meeting. For purposes of the quorum and the discussion below regarding the vote necessary to take stockholder action, the stockholders who are present at the annual meeting in person or by proxy and who abstain are considered stockholders who are present and entitled to vote and they count toward the quorum. Abstentions and shares of record held by a broker or its nominee that are voted on any matter are included in determining whether a quorum is present. Broker shares that are not voted on any matter will not be included in determining whether a quorum is present.

Each share of common stock is entitled to one vote on each matter to come before the annual meeting. With regard to the election of directors, you may vote for a candidate or withhold your vote. Under Delaware law, directors will be elected by a plurality of the votes of the shares of common stock entitled to vote and present in person or represented by proxy at a meeting where a quorum is present. Under plurality voting, the nominees who receive the largest number of votes cast will be elected as directors, up to the maximum number of directors to be elected at the annual meeting. Only votes actually cast will be counted for the purpose of determining whether a particular nominee received more votes than the persons, if any, nominated for the same seat on the Board of Directors. Consequently, any shares not voted (whether by abstention or withholding authority) will have no impact on the election of directors except to the extent the failure to vote for one candidate results in another candidate receiving a larger number of votes.

If a quorum is present, the approval of the proposal ratifying the appointment of PricewaterhouseCoopers LLP requires the affirmative vote of the holders of a majority of the shares of common stock present, in person or by proxy, at the annual meeting. With respect to these matters, a stockholder may (i) vote For the matter, (ii) vote Against the matter, or (iii) Abstain from voting on the matter. A vote to abstain from voting on this proposal has the same effect as a vote against such matter.

Under rules of self-regulatory organizations governing brokers, brokers holding shares of record for customers generally are entitled to vote on routine matters without voting instructions from their customers. The election of directors and the ratification of the appointment of PricewaterhouseCoopers LLP are considered routine matters. On non-routine matters, brokers must obtain voting instructions from customers. If a broker does not receive voting instructions from a customer on non-routine matters and accordingly does not vote on these matters, this is called a broker non-vote. Broker non-votes will be counted for the purposes of establishing a quorum to conduct business at the meeting and will have the effect of a vote Against the stockholder proposal.

**PROPOSAL 1 ELECTION OF DIRECTORS**

Katy's business is managed under the direction of its Board of Directors. There are currently nine directors, divided into two classes serving staggered terms. The classes are as nearly equal in number as possible with four Class I directors, elected to two-year terms at the 2006 annual meeting, and five Class II directors, elected to two-year terms at the 2005 annual meeting. Stockholders will elect five Class II directors at this year's annual meeting to serve for a two-year term ending at the time of the 2009 annual meeting.

The Board of Directors have nominated the following nominees for election as Class II directors to the Board of Directors, each to serve until the 2009 annual meeting or until their successors are duly elected and qualified:

Christopher W. Anderson  
William F. Andrews  
Samuel P. Frieder  
Christopher Lacovara  
Shant Mardirossian

All of the nominees are current directors of the Company and have indicated their willingness to serve as directors. The four Class I directors of Katy are: Robert M. Baratta, Daniel B. Carroll, Wallace E. Carroll, Jr., and Anthony T. Castor III. The Class I directors are not up for re-election at the annual meeting, as their terms do not expire until the time of the 2008 annual meeting.

**REQUIRED VOTE**

Directors are elected by the affirmative vote of a plurality of the votes cast in the election.

**RECOMMENDATION OF THE BOARD OF DIRECTORS**

THE BOARD OF DIRECTORS RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR THE APPROVAL OF PROPOSAL 1. IF ANY NOMINEE BECOMES UNAVAILABLE TO SERVE ON THE BOARD OF DIRECTORS FOR ANY REASON, YOUR PROXY WILL BE VOTED FOR A PERSON OR PERSONS TO BE SELECTED BY THE BOARD OF DIRECTORS. PROXIES CANNOT BE VOTED FOR A NUMBER OF NOMINEES GREATER THAN THE NUMBER OF CLASS II DIRECTORS.

**BOARD STRUCTURE**

The Board of Directors met five times during 2006. Each director in office at the time of such meeting attended at least 75% of the Board meetings and the meetings of the Board committees of which he is a member. The non-management directors meet in executive session without members of management present at every regular Board meeting. At these meetings, the presiding director rotates through each non-management director based on the alphabetical order of the directors' last names. In addition, eight directors attended the 2006 annual meeting.

Katy's bylaws provide for an Executive Committee to which the Board of Directors has assigned all powers delegable by law. The Board of Directors also has an Audit Committee, Compensation Committee and Nominating and Governance Committee. All of the members of these three Board committees are independent within the meaning of SEC regulations (as applicable), the listing standards of the New York Stock Exchange ( NYSE ) and Katy's Corporate Governance Guidelines.

**BOARD COMMITTEES**

*Executive Committee*

The Executive Committee presently consists of Christopher Lacovara, Christopher W. Anderson and Anthony T. Castor III. The Executive Committee met informally through numerous telephone conferences at intervals between meetings of the full Board of Directors, and acted by unanimous consent without formal meetings.

*Audit Committee*

The Audit Committee consists of Daniel B. Carroll (Chairman), Christopher Lacovara and William F. Andrews, each of whom the Board of Directors has determined to be independent as defined by the relevant provisions of the Sarbanes-Oxley Act of 2002, the NYSE listing standards and the Company's Corporate Governance Guidelines. The Committee's Charter provides that the Committee's primary function remains review and oversight of: (A) major issues regarding accounting principles and financial statement presentations, including significant changes in the selection or application of accounting principles, and major issues as to the adequacy of the Company's internal controls and any special audit steps adopted in light of material control deficiencies; (B) analyses prepared by management and/or the independent auditor setting forth significant financial reporting issues and judgments made in connection with the preparation of financial statements, including analyses of the effects of alternative generally accepted accounting principles ( GAAP ) methods on financial statements; (C) the effect of regulatory and accounting initiatives, as well as off-balance sheet structures, on the financial statements of the Company; (D) the type and presentation of information to be included in earnings press releases (paying particular attention to any use of pro forma or adjusted non-GAAP information), as well as any financial information and earnings guidance provided to analysts and rating agencies; (E) the Company's compliance with laws and regulations; and (F) maintenance of an effective and efficient audit of the Company's annual financial statements by a qualified and independent auditor.

The Audit Committee met four times during 2006. The Board of Directors has determined that each of the members of the Committee is qualified to serve on the Audit Committee in accordance with the criteria specified in rules issued by the SEC and the NYSE. The Board of Directors has determined that Mr. Lacovara, a member of the Audit Committee, qualifies as an audit committee financial expert as that term is defined by SEC rules. As mentioned above, the Board of Directors has determined that Mr. Lacovara is an independent director.

The Audit Committee's Charter, as updated March 2007, is posted on the Company's website, at [www.katyindustries.com](http://www.katyindustries.com).

***Compensation Committee***

The Compensation Committee consists of Wallace E. Carroll, Jr. (Chairman), Christopher Lacovara and Christopher W. Anderson. This Committee, which has the primary responsibility for developing and overseeing the implementation of the Company's philosophy with respect to the compensation of executive officers and directors, met three times during 2006. The Compensation Committee is appointed by the Board to discharge the Board's responsibilities relating to compensation of the Company's directors and officers. The Committee has overall

## **Table of Contents**

responsibility for designing, approving and evaluating the director and officer compensation plans, policies and programs of the Company, including without limitation any annual and long-term incentive plans, as set forth in the Committee's Charter.

The Compensation Committee's Charter, as updated March 2007, is posted on the Company's website, at [www.katyindustries.com](http://www.katyindustries.com).

### ***Nominating and Governance Committee***

The Nominating and Governance Committee consists of Samuel P. Frieder (Chairman), William F. Andrews and Daniel B. Carroll. This Committee met one time during 2006. The Nominating and Governance Committee is responsible for developing and implementing policies and practices relating to corporate governance, including reviewing and monitoring implementation of Katy's Corporate Governance Guidelines, and sets and reviews policies and procedures in place throughout various disciplines within the Company to ensure high ethical standards are practiced. In addition, the Committee makes recommendations to the Board regarding candidates for the Board. The Committee reports its findings and recommendations to the Board.

The Nominating and Governance Committee's Charter, as updated March 2007, is posted on the Company's website, at [www.katyindustries.com](http://www.katyindustries.com).

The entire Board of Directors considers and selects nominees for directors on the basis of recommendations from the Nominating and Governance Committee. The Nominating and Governance Committee considers candidates for Board membership suggested by its members and other Board members, as well as management. Additionally, subject to compliance with the requirements of the bylaws, the Nominating and Governance Committee will consider nominations from stockholders.

Once the Nominating and Governance Committee has identified a prospective nominee, the Committee makes an initial determination as to whether to conduct a full evaluation of the candidate. This initial determination is based on whatever information is provided to the Committee with the recommendation of the prospective candidate, as well as the Committee's own knowledge of the prospective candidate, which may be supplemented by inquiries to the person making the recommendation or others. The preliminary determination is based primarily on the need for additional Board members to fill vacancies or expand the size of the Board and the likelihood that the prospective nominee can satisfy the Committee's evaluation factors. The Committee's evaluation factors are:

- the ability of the prospective nominee to represent the interests of the stockholders of the Company;
- the prospective nominee's standards of integrity, commitment and independence of thought and judgment;
- the prospective nominee's ability to dedicate sufficient time, energy and attention to the diligent performance of his or her duties, including the prospective nominee's service on other public company boards; and
- the extent to which the prospective nominee contributes to the range of talent, skill and expertise appropriate for the Board.

The Committee also considers such other relevant factors as it deems appropriate, including the current composition of the Board, the balance of management and independent directors, the need for Audit Committee expertise and the evaluations of other prospective nominees. In connection with this evaluation, the Committee determines whether to interview the prospective nominee, and if warranted, one or more members of the Committee, and others as appropriate, will interview prospective nominees in person or by telephone. After completing this evaluation and

interview, the Committee makes a recommendation to the full Board as to the persons who should be nominated by the Board, and the Board determines the nominees after considering the recommendation and report of the Committee.

Pursuant to the advance notice provision of Katy's bylaws, stockholder nominations for directors must be received by Katy not less than 50 days or more than 90 days before the 2007 annual meeting. Any nominations for directors made by stockholders must include the following information regarding the nominee: name; age; business address; residence address; principal occupation or employment; class and number of shares of Katy beneficially owned; and any other information required to be disclosed in a proxy solicitation for the election of directors.

## **Table of Contents**

Additionally, the stockholder making such nomination must provide his or her name and address, and the number of shares of the Company beneficially owned by such stockholder. No person is eligible for election as a director of the Company unless he or she is nominated (i) by the Board of Directors or (ii) in accordance with the foregoing requirements.

## **COMPENSATION COMMITTEE INTERLOCKS**

The Compensation Committee currently consists of Messrs. Carroll, Jr., Lacovara and Anderson. No member of the Committee was an employee of Katy during the last fiscal year or an officer of Katy in any prior period. There are no Compensation Committee interlocks between Katy and other entities involving Katy's executive officers and members of the Board of Directors who serve as an executive officer or board member of such other entities.

## **CORPORATE GOVERNANCE**

### *Corporate Governance Guidelines*

The Corporate Governance Guidelines adopted by the Board meet or exceed the standards adopted by the New York Stock Exchange. The full text of the Corporate Governance Guidelines, as updated March 2007, can be found in the Corporate Governance section of the Company's website ([at www.katyindustries.com](http://www.katyindustries.com)).

### *Director Independence*

Pursuant to the Corporate Governance Guidelines, the Board undertook its annual review of director independence in March 2007. During this review, the Board considered transactions and relationships between each director or any member of his or her immediate family and the Company and its subsidiaries and affiliates, including those reported under *Certain Relationships and Related Transactions* below. The Board also examined transactions and relationships between directors or their affiliates and members of the Company's senior management or their affiliates. The purpose of this review was to determine whether any such relationships or transactions were inconsistent with a determination that the director is independent.

To assist it in making determinations of Director independence, the Board has determined that each of the relationships below is categorically immaterial and therefore, by itself, does not preclude a director from being independent; provided, however, that if a director has any relationship that would be required to be disclosed as a related party transaction under SEC rules, that relationship may not be treated as categorically immaterial and must be specifically considered by the Board in assessing the director's independence:

(i)(A) the Director has an immediate family member who is a current employee of the Company's internal or external auditor, but the immediate family member does not participate in the firm's audit, assurance or tax compliance practice; or (B) the Director or an immediate family member was, within the last three years, a partner or employee of such a firm but no longer works at the firm and did not personally work on the Company's audit while at the firm;

(ii) the Director or an immediate family member is, or has been within the last three years, employed at another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee, but the Director or the Director's immediate family member is not an executive officer of the other company and his or her compensation is not determined or reviewed by that company's compensation committee;

(iii) the Director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in any of the last three

fiscal years, but the total payments in each year were less than \$1 million, or 2% of such other company's consolidated gross revenues, whichever is greater;

(iv) the Director is a partner or the owner of 5% or more of the voting stock of another company that has made payments to, or received payments from, the Company for property or services in any of the last three fiscal years, but the total payments in each year were less than \$1 million, or 2% of such other company's consolidated gross revenues, whichever is greater;

**Table of Contents**

(v) the Director is a partner, the owner of 5% or more of the voting stock or an executive officer of another company which is indebted to the Company, or to which the Company is indebted, but the total amount of the indebtedness in each of the last three fiscal years was less than \$1 million, or 2% of such other company's consolidated gross revenues, whichever is greater; and

(vi) the Director is an executive officer of a non-profit organization to which the Company has made contributions in any of the last three fiscal years, but the Company's total contributions to the organization in each year were less than \$1 million, or 2% of such organization's consolidated gross revenues, whichever is greater.

As a result of this review, the Board of Directors has affirmatively determined that each director is independent of the Company and its management as defined in the NYSE listing standards and as set forth in the Corporate Governance Guidelines, with the exception of Anthony T. Castor III. Mr. Castor is considered a non-independent inside director because of his employment as a senior executive of the Company.

***Certain Relationships and Related Transactions***

As part of its oversight responsibilities, the charter of our Audit Committee, as updated March 2007, requires that the Audit Committee review and discuss with management and the independent auditors any related-party transactions or other courses of dealing with parties related to Katy which are significant in size or involve terms or other aspects that differ from those that would likely be negotiated with independent, third-parties and which are relevant to an understanding of Katy's financial statements.

During 2006, Katy paid Kohlberg & Co. \$500,000 for ongoing management advisory services. Katy expects to pay \$500,000 per year for these services, as outlined in the Recapitalization Agreement of June 2, 2001. Samuel P. Frieder and Christopher Lacovara are Co-Managing Partners of Kohlberg & Co. Christopher W. Anderson and Shant Mardirossian are Principals of Kohlberg & Co. William F. Andrews, Chairman of the Board, is a consultant, or Operating Principal, with Kohlberg & Co.

In connection with the acquisition by Katy of Continental Commercial Products, LLC (CCP, a successor to Contico International, Inc.) in 1999, the Company entered into building lease agreements with Lester Miller, the former owner of CCP, and a Katy director from 1999 to 2000. Rental expense for these properties approximates historical market rates. Related party rental expense was approximately \$500,000 for the year ended December 31, 2006.

***Code of Ethics***

Katy has adopted a Code of Business Conduct and Ethics for directors, executive officers and employees. A copy of the Code of Business Conduct and Ethics, as updated March 2007, is available on Katy's website at [www.katyindustries.com](http://www.katyindustries.com).

**DIRECTOR COMPENSATION**

**Table of Contents**

For 2006, directors who were not employed by Katy or its subsidiaries or Kohlberg & Co. received: (i) an annual retainer of \$10,000; (ii) an annual stock appreciation right ( SAR ) grant of 2,000 stock appreciation rights under the Stand-Alone Stock Appreciation Rights Agreement (see below); (iii) the cash equivalent of 2,000 shares of the Company's common stock at the closing price the day prior to the annual meeting (in 2006, this grant was made using the closing price of the stock on August 30th since that is when the policy was adopted and the Company did not want to engage in any backdating of this compensation arrangement; in future years, the grant will be made using the closing price of the stock the day prior to the annual meeting); and (iv) \$2,500 for attending personally, \$1,000 for attending telephonically, each meeting of the Board. This group of directors also received in 2006: (i) an annual retainer of \$6,000 if they chaired the Compensation Committee or the Audit Committee, and (ii) \$1,000 for attending personally, \$500 for attending telephonically, each meeting of a Board committee. Class II directors and those directors that are also officers do not receive the compensation described in this section for their service on the Board of Directors.

Under the Katy Industries, Inc. Stand-Alone Stock Appreciation Rights Agreement (the Stand-Alone Stock Appreciation Rights Agreement ), each non-employee director who is not a Class II director receives an annual SAR grant of 2,000 SARs at the May meeting of the Board of Directors each year (in 2006, this grant was made at the August meeting of the Board of Directors for the reason noted in the immediately preceding paragraph; in future years, this grant will be made at the May meeting of the Board of Directors). The initial value is the fair market value on the date of grant. The director may exercise these SARs at any time during the ten years from the date of grant.

Directors receiving compensation for their services may also participate in the Directors' Deferred Compensation Plan which became effective June 1, 1995 (the Directors' Deferred Compensation Plan ). Under this Plan, a director may defer directors' fees, retainers and other compensation paid for services as a director until the later of the director's attainment of age 62 or ceasing to be a director. Each director has 30 days before the beginning of a Plan Year (as defined in the Directors' Deferred Compensation Plan) in which to elect to participate in the Directors' Deferred Compensation Plan. Directors may invest these amounts in one or more investment alternatives offered by Katy. Directors may elect to receive distributions of deferred amounts in a lump sum or five annual installments.

In 1993 the Company's Board of Directors approved a retirement compensation program for certain officers and employees of the Company and a retirement compensation arrangement for the Company's then Chairman and Chief Executive Officer. The Board approved a total of \$3.5 million to fund such plans. Participants are allowed to defer 50% of their annual compensation as well as be eligible to participate in a profit sharing arrangement in which they vest over a five year period. In 2001, the Company limited participation to existing participants as well as discontinued any profit sharing arrangements. Participants can withdraw from the plan upon the latter of age 62 or termination from the Company. The obligation created by this plan is partially funded. Assets are held in a rabbi trust invested in various mutual funds. Gains and/or losses are earned by the participant. For the unfunded portion of the obligation, interest is accrued at 4% each year.

The following table provides information with respect to the above deferred compensation plans for the following directors, who participated in the plans when they were officers of Katy.

**COMPENSATION COMMITTEE'S REPORT ON EXECUTIVE COMPENSATION**

The Compensation Committee of the Board of Directors (the Compensation Committee) presents the following executive compensation report for the 2006 fiscal year:

The Compensation Committee consists of Wallace E. Carroll, Jr., (Chairman), Christopher Lacovara and Christopher W. Anderson. A current copy of the Compensation Committee charter, as updated March 2007, is available on the Company's website at [www.katyindustries.com](http://www.katyindustries.com). The Committee makes decisions on executive officer compensation and reports its decisions to the Board. It also seeks the Board's approval on the Chief Executive Officer's compensation. The following summarizes the compensation practice and philosophy that was in effect at Katy for the fiscal year ended December 31, 2006. Modifications to such philosophy have been, and may continue to be, made.

The Compensation Committee believes that the total compensation program for executive officers is appropriately related to individual performance and Katy's performance (including Katy's financial results and stockholder value). The Compensation Committee monitors the executive compensation of comparable companies and believes that Katy's compensation program is competitive and provides appropriate incentives for Katy's executive officers to work towards continued improvement in Katy's overall performance.

**COMPENSATION DISCUSSION AND ANALYSIS**

***Overview***

Katy's Compensation Committee determines the objectives of our company's compensation program for executives and directors. The policies and procedures of the Compensation Committee are:

To review and approve annually corporate goals and objectives relevant to the Company's Chief Executive Officer (CEO); evaluate the CEO's performance in light of those goals and objectives; and determine and approve the CEO's compensation level based on this evaluation;

To review and make recommendations to the Board of Directors with respect to the compensation of all directors, officers and other key executives of the Company. This includes the review and approval annually, for the CEO and the senior executives of the Company, of (a) the annual base salary level, (b) the annual incentive opportunity level, (c) the long-term incentive opportunity level, (d) employment agreements, severance agreements and change in control agreements, and (e) any special or supplemental benefits;

To make recommendations to the Board of Directors with respect to non-CEO compensation, incentive-compensation plans and equity-based plans; and

To prepare any report on executive compensation as required by the Securities and Exchange Commission ( SEC ).

Katy s compensation programs are designed to attract, retain and motivate our executive officers and other employees, to match annual and long-term cash and stock incentives to achievement of measurable corporate, business unit and individual performance objectives and to align executives incentives with those of shareholders. We believe that in the long run, positive earnings growth has the highest correlation with long-term equity value. As

a result, the primary objective of our compensation program is to increase the overall equity value of our company by rewarding sustainable growth in earnings. In this context, we seek to offer total compensation packages at levels we consider to be competitive in the marketplace in which we compete. We further seek to establish a compensation program that fosters a team approach to company profit improvement and provides higher levels of bonus compensation to more senior executives to illustrate the financial rewards of promotion.

## **EXECUTIVE COMPENSATION POLICY**

### ***Compensation Program Components***

Annual compensation for Katy's Chief Executive Officer and other executive officers (including the Named Executive Officers) consists of two cash compensation components: base salary and annual cash bonuses. A third component, stock options and stock appreciation rights (SARs), is currently used to attract new key employees. Overall, the Compensation Committee attempts to achieve approximately ten percent ownership (on a fully-diluted basis) via stock, options and SARs by directors and executive management.

These elements are designed to reward corporate and individual performance. Corporate performance is generally measured by reference to earnings before interest, taxes, depreciation and amortization (EBITDA) levels, certain operational metrics and adherence to corporate values. Individual performance is evaluated based on individual expertise, ethics and achievement of personal performance commitments. We have no pre-established policy or target for allocation between cash and non-cash components.

**Base Salary.** The base salaries for our executives are fixed annually and reflect job responsibility, the Compensation Committee's judgments of experience, effort and performance, and Katy's financial and market performance (in light of the competitive environment in which Katy operates). The base salary is also designed to provide our executive team with steady cash flow during the course of the year that is not contingent on short term variation in our operating performance. Annual base salaries are also influenced by comparable companies' compensation practices, as determined by Compensation Committee members and their experiences with other companies, so that Katy remains reasonably competitive in the market. However, it is not the practice of Katy's Compensation Committee to hire any outside consulting firms to confirm the compensation practices of comparable companies or to assess the Committee's own policies and practices. While competitive pay practices are important, the Compensation Committee believes that the most important considerations are individual merit and Katy's financial and market performance. In considering Katy's financial and market performance, the Compensation Committee reviews, among other things, net income, cash flow, working capital and revenues and share price performance relative to historical performance.

The base salaries for Katy's executive officers for the year ended December 31, 2006 were generally established in March 2006 by considering the performance and contribution of each officer.

**Annual Bonuses.** The annual cash bonuses we offer to our executive officers are intended to provide incentives to increase the Company's performance and the individual employee's performance. Evaluation of the Company's performance is based on the achievement of pre-established EBITDA goals, as set by the Compensation Committee at the beginning of the year. Evaluation of individual performance is based on attainment of personal performance goals and objectives.

Each year, the Compensation Committee establishes a potential bonus payout for each officer that is expressed as a percentage of the officer's base salary. In 2006, the bonus targets for the Named Executive Officers were as follows as percentage of base salary: Anthony T. Castor III 70%, Amir Rosenthal 50%, Douglas A. Brady 50% and Keith Mills 40%. Overall the weighting between the Company's and individual performance of the total potential bonus payout is 75% and 25%, respectively. An employee achieves the target bonus opportunity if he or she meets 100% of

pre-established performance goals. A higher or lower bonus is earned if performance exceeds or falls short of the target levels. For 2006, bonuses paid represent attainment of individual performance goals since Company-wide goals were not met.

Cash bonuses, as opposed to equity grants, are designed to more immediately reward annual performance against the key performance metrics for the Company. We believe that cash bonuses are an important factor in motivating our management team as a whole and as individual executives, in particular, to perform at their highest

## **Table of Contents**

level toward achievement of established goals. We also believe establishing cash bonus opportunities are an important factor in both attracting and retaining the services of qualified executives.

**Stock Options and Stock Appreciation Rights.** The third compensation component is a stock option and SAR program, implemented under the Company's Long-Term Incentive Plan, 1997 Long-Term Incentive Plan and 2002 Stock Appreciation Plan. Under Katy's current stock option and SAR program, the Board may provide compensation in the form of incentive stock options, non-qualified stock options, stock appreciation rights, restricted stock, performance units or shares, and other incentive awards. The Compensation Committee believes that the stock option and SAR programs currently should be used to attract and retain key employees. We further believe that vesting feature of our stock option and SAR programs provide an incentive for our executive officers to remain in our employment during the vesting period.

The awards are granted on the first date of employment at the exercise price of the Company's common stock at the close of business the date prior to first date of employment. The Company has no formal policy as to coordination of the release of material non-public information and grants of stock options and stock appreciation rights. Given the limitation of available stock options under the above plans, most awards are given in SARs. During 2006, no stock options or SARs were granted to Named Executive Officers. Stock options or SAR awards were given to newly-hired key operational management.

### ***Other Benefits***

We believe establishing competitive benefit packages for our employees, including our management team, is an important factor in attracting and retaining highly qualified personnel. Our benefit plans, such as our group health plan, are generally not performance-based and offer our employees affordable access to health care and the sense of security that accompanies that type of access. We also offer our management team a 401(k) plan with a company match that encourages the saving of money for retirement and other permissible needs on a tax-deferred basis.

We established a Supplemental Retirement and Deferral Plan (the Supplemental Deferral Plan), for the benefit of our management team and directors, which among other things, allows participants to voluntarily defer up to 100% of their annual bonus and up to 50% of their base salary until retirement or termination of his or her employment. Katy invests voluntary deferrals and profit sharing allocations at the employee's election in several investment alternatives offered by Katy. The above plan was frozen for any new officers in 2001. As a result, only Keith Mills participates in the Supplemental Deferral Plan.

### ***Termination Events***

We have provided our Named Executive Officers, who we consider to be our most senior executives, with severance benefits under certain circumstances to provide them with a sense of security while devoting their professional career to our company. As a general matter, we have defined cause to include (a) willful failure or neglect to perform the assigned duties; (b) the conviction of a felony, embezzlement or improper use of corporate funds by the employee; or (c) self dealing detrimental to the Company or any attempt to obtain personal profit from any transaction in which the Company has an interest.

We have defined change of control to include (i) a sale of 100% of Katy's outstanding capital stock, (ii) a sale of all or substantially all of Katy's operating subsidiaries or assets or (iii) a transaction or transactions in which any third party acquires Katy stock in an amount greater than that held by KKTY Holding Company and in which KKTY Holding Company relinquishes its right to nominate a majority of the candidates for election to the Board.

Our chief executive officer ( CEO ) has an employment agreement which include guaranteed severance payments in the event of his death or disability, termination without cause, a change of control, or if he leaves our employment for good reason. The other four Named Executive Officers have incorporated within their employment offer letters certain severance payments in the event of termination other than for cause.

In the event that our CEO was terminated due to his death or disability, he would be eligible to receive his base salary through the termination date and a pro-rata portion of his target bonus through the termination date based on a good faith estimate by the Board of Directors of the actual bonus which would have been payable for that year. In the

**Table of Contents**

event that our CEO is terminated without cause or left the company for good reason (as defined in his employment agreement), he would be eligible to receive his base salary and medical benefits for a period of eighteen months. If the company terminates the CEO or if the CEO terminates his employment due to a change in control, he would be eligible to receive his base salary and medical benefits for a period of twenty-four months. Additionally, our CEO would be required to execute a general release in our favor prior to receiving the severance payments.

In the event that our CFO was terminated without cause or a change of control event results in the CFO being terminated other than for cause, being required to relocate or having a substantial change in job responsibilities, he would be eligible to receive his base salary for a period of twelve months. The employment agreement between the Company and CFO does not include any termination benefits in the event of death, disability or termination by leaving the company for any other reason. Additionally, our CFO would be required to execute a general release in our favor prior to receiving the severance payments.

For the other three Named Executive Officers, termination benefits are consistent as described under the CFO's benefits, other than for Douglas A. Brady and David S. Rahilly, who would be eligible to receive their base salary for a period of six months. Additionally, these other three named executive officers would be required to execute a general release in our favor prior to receiving their severance payments.

Each executive's employment arrangement will terminate automatically upon his death. We may terminate each executive's employment if he becomes totally disabled. In addition, we may terminate the executive's employment for any other reason with or without cause (as defined in the employment agreement).

***Perquisites***

As a general matter, we do not offer any perquisites to any executive officer with an aggregate value in excess of \$25,000 because we believe we can better incent desired performance by directing compensation in the forms described above. However, we recognize that, from time to time, it may be appropriate to provide certain perquisites in order to help motivate and retain our executives. For example, we have agreed to reimburse our chief executive officer for automobile use (in lieu of a company vehicle) and the membership fees for a country club membership.

***Role of Executive Officers***

The Chief Executive Officer (Mr. Anthony T. Castor III) recommended to the Compensation Committee compensation for the other Named Executive Officers. Mr. Castor was not involved in determining his own compensation.

In 1993 the Company's Board of Directors approved a retirement compensation program for certain officers and employees of the Company and a retirement compensation arrangement for the Company's then Chairman and Chief Executive Officer. The Board approved a total of \$3.5 million to fund such plans. Participants are allowed to defer 50% of their annual compensation as well as be eligible to participate in a profit sharing arrangement in which they vest over a five year period. In 2001, the Company limited participation to existing participants as well as discontinued any profit sharing arrangements. Participants can withdraw from the plan upon the latter of age 62 or termination from the Company. The obligation created by this plan is partially funded. Assets are held in a rabbi trust invested in various mutual funds. Gains and/or losses are earned by the participant. For the unfunded portion of the obligation, interest is accrued at 4% each year. No contributions were made by either the Company or the employees in 2006.

**AUDIT COMMITTEE REPORT**

The Audit Committee acts pursuant to a written charter, of which a current copy, as updated March 2007, is available on the Company's website at [www.katyindustries.com](http://www.katyindustries.com). As set forth in more detail in the charter, the Audit Committee's primary responsibilities are focused in four broad categories:

1. Recommend to the Board of Directors the appointment of the independent registered public accounting firm;
2. Consult with management or the independent registered public accounting firm regarding the audit scope and the audit plan;
3. Review and approve company financial statements; and
4. Review with management and the independent registered public accounting firm the adequacy of internal controls.

The Audit Committee has adopted pre-approval policies and procedures for audit and permissible non-audit procedures provided by all auditors (including our independent registered public accounting firm), consistent with the requirements of SEC regulations. The policy provides that all audit and non-audit services provided by all auditors must be individually pre-approved by the Audit Committee. In determining whether to pre-approve services, the Audit Committee considers whether such services are consistent with the rules of the SEC on auditor independence. The Audit Committee delegates to its members the authority to address any requests for pre-approval of services between

Audit Committee meetings. Any pre-approval determination by a member of the committee must be reported to the Audit Committee at its next scheduled meeting. There is no delegation of the Audit Committee's pre-approval authority to management. Requests or applications to provide services that require pre-approval by the Audit Committee must be submitted to the Audit Committee by both the independent registered public accounting firm and the Chief Financial Officer, Treasurer or Assistant Treasurer of the Company, and must include a joint statement as to whether, in their view, the request or application is consistent with the SEC's rules on auditor independence. All services provided by Katy's independent registered public accounting firm were approved pursuant to Katy's pre-approval policies and procedures.

The Audit Committee has reviewed and discussed the audited financial statements for the year ending December 31, 2006 with management and the Company's independent registered public accounting firm, and has

## **Table of Contents**

discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61 (Communications with Audit Committees). The Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and has discussed with the independent registered public accounting firm the independent registered public accounting firm's independence from Katy and the Company's management. Additionally, the Audit Committee met exclusively with the independent registered public accounting firm in an executive session at each Audit Committee meeting. Based on these reviews and discussions, the Audit Committee recommended to the Board of Directors, and the Board approved, that the audited financial statements be included in Katy's Annual Report on Form 10-K for the year ended December 31, 2006 filed with the Securities and Exchange Commission.
