PROXY STATEMENT
FOR ANNUAL MEETING OF STOCKHOLDERS
May 28, 2009
INFORMATION CONCERNING SOLICITATION AND VOTING

General

The enclosed proxy is solicited on behalf of the Board of Directors of Digital River, Inc., a Delaware corporation, for use at the Annual Meeting of stockholders to be held on May 28, 2009, at 3:30 p.m. local time, or at any adjournment or postponement of the Annual Meeting, for the purposes set forth in this proxy statement and in the accompanying Notice of Annual Meeting. The Annual Meeting will be held at our headquarters at 9625 West 76th Street, Eden Prairie, Minnesota, 55344.

Solicitation

We will bear the entire cost of solicitation of proxies, including preparation, assembly, printing and mailing of this proxy statement, the proxy card and any additional information furnished to stockholders. We will furnish copies of solicitation materials to banks, brokerage houses, fiduciaries and custodians holding in their names shares of our common stock, par value \$.01 per share, beneficially owned by others to forward to the beneficial owners. We may reimburse persons representing beneficial owners of common stock for their costs of forwarding solicitation materials to the beneficial owners. Our directors, officers or other regular employees may supplement original solicitation of proxies by mail, telephone or personal solicitation. They will not be paid any additional compensation for these services.

Voting Rights and Outstanding Shares

Only holders of record of our common stock at the close of business on April 1, 2009, will be entitled to notice of and to vote at the Annual Meeting. At the close of business on April 1, 2009, we had outstanding and entitled to vote 38,175,158 shares of common stock.

Each holder of record of our common stock on that date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting.

A quorum of stockholders is necessary to hold a valid meeting. A quorum will be present if at least a majority of the outstanding shares are represented by votes at the meeting or by proxy. All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes. Abstentions will be counted towards the vote total on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether a matter has been approved.

Distribution and Electronic Availability of Proxy Materials

This year we are taking advantage of the Securities and Exchange Commission (SEC) rules that allow companies to furnish proxy materials to stockholders via the Internet. If you received a Notice of Internet Availability of Proxy Materials (Notice) by mail, you will not receive a printed copy of the proxy materials, unless you specifically request one. The Notice instructs you on how to access and review all of the important information contained in the proxy statement and annual report as well as how to submit your proxy over the Internet. If you received the Notice and would still like to receive a printed copy of our proxy materials, you should follow the instructions for requesting these materials included in the Notice.

We plan to mail the Notice to shareowners by April 17, 2009, which will contain instructions on how to access this proxy statement and our annual report online.

Table of Contents

We first made available the proxy solicitation materials at www.proxyvote.com on or around April 17, 2009 to all stockholders entitled to vote at the annual meeting. You may also request a printed copy of the proxy solicitation materials by any of the following methods: via Internet at www.proxyvote.com; by telephone at 1-800-579-1639; or by sending an e-mail to sendmaterial@proxyvote.com. Our 2008 Annual Report to stockholders was made available at the same time and by the same methods.

Voting Via the Internet or by Telephone

You may grant a proxy to vote your shares by means of the telephone or on the Internet. The law of Delaware, under which we are incorporated, specifically permits electronically transmitted proxies, provided that each proxy contains or is submitted with information from which the inspectors of election can determine that this proxy was authorized by you.

The telephone and Internet voting procedures below are designed to authenticate stockholders' identities, to allow stockholders to grant a proxy to vote their shares and to confirm that stockholders' instructions have been recorded properly. If you are granting a proxy to vote via the Internet, you should understand that there may be costs associated with electronic access, such as usage charges from Internet access providers and telephone companies, that must be borne by you.

For Shares Registered in your Name

Stockholders of record may grant a proxy to vote shares of our common stock by using a touch-tone telephone to call 1-800-690-6903 or via the Internet by accessing the website www.proxyvote.com. You will be required to enter our number and a twelve-digit control number (these numbers are located on the proxy card). If voting via the Internet, you will then be asked to complete an electronic proxy card. The votes will be generated on the computer screen and you will be prompted to submit or revise them as desired. Votes submitted by telephone or via the Internet must be received by 11:59 p.m., Eastern Time, on May 27, 2009. Submitting your proxy by telephone or via the Internet will not affect your right to vote in person should you decide to attend the Annual Meeting.

For Shares Registered in the Name of a Broker or Bank

Most beneficial owners whose stock is held in street name receive instructions for granting proxies from their banks, brokers or other agents, rather than our proxy card. A number of brokers and banks are participating in a program provided through Broadridge Financial Solutions, Inc. that offers the means to grant proxies to vote shares by means of the Internet. If your shares are held in an account with a broker or bank participating in the Broadridge Financial Solutions, Inc. program, you may go to www.proxyvote.com to grant a proxy to vote your shares by means of the Internet. Votes submitted via the Internet must be received by 11:59 p.m., Eastern Time, on May 27, 2009. Submitting your proxy via the Internet will not affect your right to vote in person should you decide to attend the Annual Meeting. A beneficial owner who wishes to vote at the meeting must have an appropriate proxy from his or her broker or bank appointing that beneficial owner as attorney-in-fact for purposes of voting the beneficially held shares at the meeting.

Revocability of Proxies

Any person giving a proxy pursuant to this solicitation has the power to revoke it at any time before it is voted. You may revoke your proxy by filing with our Corporate Secretary at our principal executive office, 9625 West 76th Street, Eden Prairie, Minnesota 55344, a written notice of revocation or a duly executed proxy bearing a later date, or you may revoke your proxy by attending the meeting and voting in person. Attendance at the meeting will not, by itself, revoke a proxy.

If you are the beneficial owner of shares held in the name of a broker or bank and you wish to vote at the Annual Meeting, you must have an appropriate proxy from your broker or bank appointing you as attorney-in-fact for purposes of voting at the meeting.

Stockholder Proposals

The deadline for submitting a stockholder proposal for inclusion in our proxy statement and form of proxy for our 2010 Annual Meeting of stockholders pursuant to Rule 14a-8 of the Securities and Exchange Commission is December 19, 2009.

For business to be properly brought before an annual meeting by a stockholder, the stockholder, wishing to submit proposals or director nominations that are not to be included in such proxy statement and proxy, must have given timely notice in writing to our Corporate Secretary. To be timely, a stockholder's notice must be delivered to or mailed and received at our principal executive offices not later than the close of business on February 27, 2010, nor earlier than the close of business on January 28, 2010. You should also review our bylaws, which contain additional requirements with respect to advance notice of stockholder proposals and director nominations.

Table of Contents

**Proposal 1
ELECTION OF DIRECTORS**

Our Restated Certificate of Incorporation and bylaws provide that the Board of Directors will be divided into three classes, with each class having a three-year term. Vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy in a class (including a vacancy created by an increase in the number of directors) shall serve for the remainder of the full term of the class of directors in which the vacancy occurred and until the director's successor is elected and qualified.

The Board of Directors presently has seven members and one vacancy. There are two directors in the class whose term of office expires in 2009 (William J. Lansing and Frederic M. Seegal). Each of Messrs. Lansing and Seegal have informed us that due to other commitments, each will retire from the Board upon expiration of their terms at the Annual Meeting. On March 5, 2009 the Board of Directors appointed Douglas M. Steenland to the Board. The Nominating and Corporate Governance Committee of the Board has nominated Mr. Steenland to stand for election at the upcoming Annual Meeting. Set forth below is the name, age and biographical information for Mr. Steenland. If elected at the Annual Meeting, Mr. Steenland would serve until the 2012 annual meeting and until his successor was elected and has qualified, or until his death, resignation or removal.

Directors are elected by a plurality of the votes present in person or represented by proxy and entitled to vote at the meeting. Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the nominee. In the event that the nominee should be unavailable for election as a result of an unexpected occurrence, the shares will be voted for the election of a substitute nominee as the Nominating and Corporate Governance Committee may propose. The nominee has agreed to serve if elected, and the Nominating and Corporate Governance Committee and management have no reason to believe that the nominee will be unable to serve.

Abstentions will be counted towards a quorum and towards the vote total for this proposal and will have the same effect as negative votes. Broker non-votes are counted towards a quorum but are not counted towards the vote total for this proposal.

Audit Committee

The Audit Committee of our Board of Directors oversees our corporate accounting and financial reporting processes and audits of our financial statements. For this purpose, the Audit Committee performs several functions. The Audit Committee evaluates the performance of and assesses the qualifications of the independent auditors; determines the engagement and compensation of the independent auditors; determines whether to retain or terminate the existing independent auditors or to engage new independent auditors; reviews and approves the retention of the independent auditors to perform any proposed permissible non-audit services; monitors the rotation of partners of the independent auditors on our engagement team as required by law; reviews the financial statements to be included in our Annual Report on Form 10-K; and discusses with management and the independent auditors the results of the annual audit and the results of the quarterly financial statement reviews. Mr. Madison serves as the Chair of the Audit Committee and our Board has determined that Mr. Madison is an audit committee financial expert as defined in rules promulgated by the SEC.

Compensation Committee

The Compensation Committee reviews and approves our overall compensation strategy and policies. The Compensation Committee reviews and approves corporate performance goals and objectives relevant to the compensation of our executive officers; reviews and approves the compensation and other terms of employment of our Chief Executive Officer; and administers our stock option and purchase plans, pension and profit sharing plans, stock bonus plans, deferred compensation plans and other similar programs. Mr. Lansing serves as the Chair of the

Compensation Committee.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee identifies, reviews, evaluates, recommends and approves candidates for membership on the Board and its various committees, and also is responsible for oversight

Table of Contents

of corporate governance issues. Mr. Madison serves as the Chair of the Nominating and Corporate Governance Committee.

Our bylaws contain provisions that address the process by which a stockholder may nominate an individual to stand for election to our Board at our Annual Meeting of stockholders. These requirements are separate from and in addition to the SEC requirements that must be met by a stockholder in order to have a stockholder proposal included in our proxy statement. See *Information Concerning Solicitation and Voting Stockholder Proposals*. To date, we have not received any recommendations from stockholders requesting that the Nominating and Corporate Governance Committee consider a candidate for inclusion among the slate of nominees presented at our Annual Meeting of stockholders. The Nominating and Corporate Governance Committee will consider qualified candidates for director suggested by the stockholders. Stockholders can suggest qualified candidates for director by writing to the attention of our Corporate Secretary at 9625 West 76th Street, Eden Prairie, Minnesota 55344. We will forward submissions that we receive which meet the criteria outlined below to the Nominating and Corporate Governance Committee for further review and consideration. We encourage you to forward any stockholder submissions to our Corporate Secretary prior to December 19, 2009, to ensure time for meaningful consideration of the nominee. See also

Information Concerning Solicitation and Voting Stockholder Proposals for applicable deadlines. The Nominating and Corporate Governance Committee also may develop other more formal policies regarding stockholder nominations.

Although the Nominating and Corporate Governance Committee has not formally adopted minimum criteria for director nominees, the Nominating and Corporate Governance Committee does seek to ensure that the members of our Board possess both exemplary professional and personal ethics and values and an in-depth understanding of our business and industry. The Nominating and Corporate Governance Committee also believes in the value of professional diversity among members of the Board, and it feels that it is appropriate for members of our senior management to participate as members of the Board. The Nominating and Corporate Governance Committee further believes that nominees should possess appropriate qualifications and reflect a reasonable diversity of backgrounds and perspectives, including those backgrounds and perspectives with respect to age, gender, culture, religion, race and national origin. The Nominating and Corporate Governance Committee requires that at least one member of the Board qualify as an audit committee financial expert as defined by SEC rules, and that a majority of the members of the Board meet the definition of independence under rules promulgated by Nasdaq.

The Nominating and Corporate Governance Committee identifies nominees for the class of directors being elected at each Annual Meeting of stockholders by first evaluating the current members of the class of directors willing to continue in service. Current members of the Board with skills and experience that are relevant to our business and who are willing to continue to serve on our Board are considered for re-nomination, balancing the value of continuity of service by existing members of the Board with the benefits of bringing on members with new perspectives. If any member of the class of directors does not wish to continue in service or if the Nominating and Corporate Governance Committee decides not to re-nominate a member of such class of directors for reelection, the Nominating and Corporate Governance Committee will review the skills and experience of a new nominee in light of the criteria above.

Finance Committee

The Finance Committee advises senior management with respect to various strategic undertakings, including capital raising activities, acquisitions and other financial matters. The Finance Committee is composed of Messrs. Seegal and Lansing and it meets only occasionally as may be necessary to assist senior management. Mr. Seegal serves as the Chair of the Finance Committee. All members are independent, as independence is currently defined in the rules promulgated by Nasdaq. The Finance Committee has not adopted a written charter.

Director Independence

The Board has reviewed director independence. As a result of this review, the Board determined that six of the seven directors, including the director being nominated for re-election at the Annual Meeting (Mr. Steenland), are independent of us and our management, as independence is currently defined in rules promulgated by Nasdaq. All members of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee qualify as independent directors, as independence is currently defined in rules promulgated by Nasdaq, and, in the case of the Audit Committee, the SEC and Nasdaq. The independent directors are Messrs. Madison,

Table of Contents

Lansing, Steiner, Seegal, Thorin and Steenland. Mr. Ronning is considered an inside director because of his continued employment as our Chief Executive Officer.

Executive Sessions

During the fiscal year ended December 31, 2008, the non-management independent directors met in executive sessions without management on thirteen occasions. Mr. Madison presided over these executive sessions as the Lead Director.

Corporate Governance Guidelines

We have adopted Corporate Governance Guidelines that outline, among other matters, the role and functions of the Board, the responsibilities of various Board committees, and the procedures for reporting concerns to the Board.

The Guidelines provide, among other things, that:
a majority of the directors must be independent.

the Board designate a lead independent director who, among other duties, is responsible for presiding over executive sessions of independent directors.

the Board appoint all members of the Board committees.

the independent directors meet in executive sessions without the presence of the non-independent directors or members of our management at least four times a year during regularly scheduled Board meeting days and from time to time as deemed necessary or appropriate.

As the operation of the Board is a dynamic process, the Board regularly reviews changing legal and regulatory requirements, evolving best practices and other developments. The Board may modify the Guidelines from time to time, as appropriate.

Copies of Governance Guidelines, Code Of Conduct and Ethics and Board Committee Charters

Copies of our Corporate Governance Guidelines, Code of Conduct and Ethics and all Board Committee Charters can be viewed on and downloaded from our website at www.digitalriver.com, under the Investor Relations link. You may request free print copies of each of them by writing to our Corporate Secretary at the address listed below under the heading Communications with the Board of Directors.

Code of Conduct and Ethics

We have adopted a Code of Conduct and Ethics that applies to our Chief Executive Officer and senior financial officers, including our Chief Financial Officer and our Controller, as well as our Board of Directors and all employees. We will provide a copy of the Code to any person, without charge, upon request. These requests can be made in writing to our Corporate Secretary at 9625 West 76th Street, Eden Prairie, Minnesota 55344. To the extent permitted by the rules promulgated by Nasdaq, we intend to disclose any amendments to, or waivers from, the Code provisions applicable to our Chief Executive Officer and senior financial officers, including our Chief Financial Officer and Controller, or with respect to the required elements of the Code on our website, www.digitalriver.com, under the Investor Relations link.

Communications with the Board of Directors

If you wish to communicate with the Board of Directors, with the independent directors as a group or with the Lead Director, you may send your communication in writing to our Corporate Secretary at 9625 West 76th Street, Eden Prairie, Minnesota 55344. You must include your name and address and indicate whether you are a stockholder of Digital River. The Corporate Secretary will compile all communications, summarize all lengthy, repetitive or duplicative communications and forward them to the appropriate director or directors. For example, the Corporate Secretary will forward stockholder communications recommending potential director nominees to the chairman of the Nominating and Corporate Governance Committee. The Corporate Secretary will not forward non-substantive communications or communications that pertain to personal grievances, but instead will forward them to the appropriate department for resolution. In this case, the Corporate Secretary will retain a copy of the communication for review by any director upon his request.

Director Nominations

The Nominating and Corporate Governance Committee is the standing committee responsible for identifying and recommending nominees for election to the Board of Directors. The Nominating and Corporate Governance Committee determines the required selection criteria and qualifications of director nominees based upon our needs at the time nominees are considered. A candidate must exhibit strong personal integrity, character, ethics and judgment. When evaluating prospective candidates, the Committee will consider, in accordance with its charter, such factors as:

The candidate's business skills and experience;

The candidate's satisfaction of independence and qualification requirements of Nasdaq;

The mix of directors and their individual skills and experiences; and

Core competencies that should be represented on the Board.

When current Board members are considered for nomination for re-election, the Nominating and Corporate Governance Committee assesses the contributions of those directors, their performance and their attendance at Board and respective Committee meetings.

The Nominating and Corporate Governance Committee will consider qualified candidates for possible nomination that are submitted by shareholders. Any shareholder wishing to propose a nominee should submit a recommendation in writing to our Corporate Secretary, at 9625 West 76th Street, Eden Prairie, Minnesota, 55344, indicating the nominee's qualifications and other relevant biographical information and providing confirmation of the nominee's consent to serve as a director. These proposals for nominees will be given due consideration by the Nominating and Corporate Governance Committee for recommendations to the Board based on the nominee's qualifications.

No candidates for director nominations were submitted to the Nominating and Corporate Governance Committee by any shareholder in connection with the 2009 Annual Meeting. We encourage you to forward any stockholder submissions to our Corporate Secretary prior to December 19, 2009, to ensure time for meaningful consideration of the nominee in connection with the 2010 Annual Meeting. See also "Information Concerning Solicitation and Voting Stockholder Proposals" for applicable deadlines.

Report of the Audit Committee of the Board of Directors

The following is the report of the Audit Committee with respect to our audited financial statements for the fiscal year ended December 31, 2008, which include our consolidated balance sheets as of December 31, 2008 and 2007, and the consolidated statements of operations, stockholders' equity and cash flows for each year in the periods ended December 31, 2008, 2007 and 2006, and the related notes.

The Audit Committee reviews our consolidated financial statements, corporate accounting and financial reporting process and internal controls on behalf of the Board of Directors. All of the members of the Audit Committee are independent under the current requirements of the Nasdaq listing standards and SEC rules and regulations. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal control over financial reporting. In fulfilling its oversight responsibilities with respect to our corporate accounting and financial reporting process, the Audit Committee regularly reviews and discusses the financial statements with management, including the discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. The Audit Committee also regularly meets with our independent auditors who have unrestricted access to the Audit Committee. During the fiscal year ended December 31, 2008, the Audit Committee actively participated in overseeing our efforts in maintaining and testing internal controls over financial reporting in accordance with the requirements of Section 404 of the Sarbanes-Oxley Act of 2002, in connection with which our independent auditors issued an unqualified opinion on February 19, 2009.

The Audit Committee determines the engagement and compensation of the independent auditors, evaluates the performance of and assesses the qualifications of the independent auditors, reviews and pre-approves the retention of the independent auditors to perform any proposed permissible non-audit services and monitors the rotation of partners of the independent auditors on our engagement team. The Audit Committee reviewed and discussed with Ernst &

Young LLP, our independent auditors who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to

the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the Audit Committee by the Statement on Auditing Standards No. 61, as amended (AICPA, Professional Standards, Vol. 1 AU Section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T (*Communication with Audit Committees*). In addition, the Audit Committee has discussed with Ernst & Young LLP their independence from us and our management and the Audit Committee has received the written disclosures and the letter from the independent accountants required by Rule 3526 of the Public Company Accounting Oversight Board, (*Communications with Audit Committees Concerning Independence*), and considered the compatibility of any non-audit services with the independence of Ernst & Young LLP.

The Audit Committee discussed with our independent auditors the overall scope and plans for their audit. The Audit Committee meets with the independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of our internal control and the overall quality of our financial reporting. During the last fiscal year, the Audit Committee met with the independent auditors four times without management present in connection with the foregoing matters.

Based upon the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board has approved) that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2008, filed with the SEC.

The information contained in this report shall not be deemed to be soliciting material or filed with the SEC or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act or the Exchange Act.

Proposal 2
PROPOSAL TO AMEND THE COMPANY S
2007 EQUITY INCENTIVE PLAN

In February 2007, the Board adopted, and the stockholders subsequently approved, the Company's 2007 Equity Incentive Plan (the "2007 Plan"). There are 2,000,000 shares of common stock reserved for issuance under the 2007 Plan. As of March 31, 2009, an aggregate of 1,873,982 shares of the Company's common stock (net of cancelled or expired options or restricted or performance shares that had been forfeited) had been granted under the 2007 Plan. Only 279,135 shares of common stock (plus any shares that might in the future be returned to the 2007 Plan as a result of cancellations or expirations of options or forfeiture of restricted or performance shares) remained available for future grants under the 2007 Plan.

In March 2009, the Board amended the 2007 Plan, subject to stockholder approval, to increase the number of shares of common stock authorized for issuance under the 2007 Plan from a total of 2,000,000 shares to a total of 4,650,000 shares. The Board adopted this amendment in order to ensure that the Company can continue to grant stock options, restricted shares or performance shares at levels determined appropriate by the Board and the Compensation Committee.

Stockholders are requested in this Proposal 2 to approve (a) the increase of shares available under the 2007 Plan from 2,000,000 shares to 4,650,000 shares and (b) the elimination of the minimum three-year vesting in the case of restricted stock grants to non-employee directors. The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the meeting will be required to approve the increase of authorized shares under the 2007 Plan. Abstentions will be counted towards the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

The use of equity compensation has historically been a significant part of our overall compensation philosophy and is a practice that we plan to continue. The 2007 Plan serves as an important part of this practice and is a critical part of the compensation package that we offer our personnel. We believe that the use of stock options, restricted stock, performance shares and other equity-based incentives are critical for us to attract and retain the most qualified personnel and to respond to relevant market changes in equity compensation practices. In addition, awards under the 2007 Plan provide our employees an opportunity to acquire or increase their ownership stake in us, and we believe this alignment with our stockholders creates a strong incentive to work hard for our growth and success.

In connection with the amendment to reserve additional shares, the 2007 Plan also is being amended to eliminate the three year vesting schedule on the grant of restricted shares in the case of grants to non-employee directors. In recent years, like many companies, we have granted restricted shares to our non-employee directors as part of their compensation package. Under the 2007 Plan, all grants of restricted stock must, at a minimum, vest over three years in equal annual installments. This amendment will provide the Board with flexibility to grant restricted shares to non-employee directors with no required minimum vesting schedule similar to many other companies in our peer group.

The description of the 2007 Plan below is qualified in its entirety by reference to the provisions of the 2007 Plan itself, which is attached as Appendix A to these proxy materials.

As of April 1, 2009, the fair market value per share of our common stock was \$29.97.

Purpose of the 2007 Plan

The purpose of the 2007 Plan is to provide a means by which eligible participants may be given the opportunity to benefit from increases in value of our common stock, to secure and retain the services of eligible participants, to provide incentives for eligible participants to exert maximum efforts for our success, and to align the interests of eligible participants with the interests of our stockholders.

Additional 2007 Plan Terms

Administration. The 2007 Plan will be administered by the Compensation Committee, which will have the power to interpret the plan and to adopt such rules and guidelines for carrying out the plan as it may deem appropriate. The Compensation Committee will have the authority to adopt such modifications, procedures and subplans as may be necessary or desirable to comply with the laws, regulations, compensation practices and tax and accounting principles of the countries in which we or one of our subsidiaries may operate to assure the viability of the benefits of awards made to individuals employed in such countries and to meet the objectives of the 2007 Plan. Subject to the terms of the 2007 Plan, the Compensation Committee will have the authority to determine those individuals eligible to receive awards and the amount, type and terms of each award and to establish and administer any performance goals applicable to such awards.

Stock options granted under the 2007 Plan will qualify as performance-based compensation under Section 162(m). Other stock awards may, but need not, include performance objectives that satisfy the requirements of Section 162(m). To the extent that stock awards (other than stock options) are intended to qualify as performance-based compensation under Section 162(m), the performance objectives will be one of the objectives listed as performance objectives in the preceding section of this plan summary. The Compensation Committee will determine which performance objectives shall apply to specific stock awards.

Tax withholding. Tax withholding obligations may be satisfied by the eligible participant by (i) tendering a cash payment; (ii) authorizing us to withhold shares of our common stock from the shares otherwise issuable as a result of the exercise or acquisition of common stock under the Stock Award; or (iii) delivering to us owned and unencumbered shares of common stock.

Corporate Transactions; Securities Acquisition. In the event of a corporate transaction, the surviving corporation may assume, continue or substitute outstanding stock awards. To the extent that the stock awards are not assumed, continued or substituted, the vesting (and exercisability if applicable) of the stock awards held by eligible participants who are in continuous service with Digital River prior to the effective time of the corporate transaction shall be accelerated and, if applicable, terminated at the effective time of the corporate transaction if not exercised prior to the effective time. In the event of certain securities acquisitions involving more than 50% of our outstanding securities, the vesting (and exercisability if applicable) of all outstanding stock awards shall be accelerated. The acceleration of the vesting of stock awards in the event of an acquisition or similar corporate event may be viewed as an anti-takeover provision, which may have the effect of discouraging a proposal to acquire or otherwise obtain control of Digital River.

Amendment; Termination. The Board may amend the 2007 Plan at any time, provided, that the amendment does not impair the rights of any eligible participant with respect to any outstanding award. Some amendments may require stockholder approval. The Board may suspend or terminate the 2007 Plan at any time. No stock awards will be granted under the 2007 Plan after it is suspended or terminated. Unless sooner terminated by the Board, the 2007 Plan will terminate on April 4, 2017.

Table of Contents**Federal Income Tax Consequences**

The following is only a brief summary of the effect of U.S. federal income taxation on us and the 2007 Plan participants. This summary does not discuss the income tax laws of any other jurisdiction (such as municipality or state) in which the recipient of the award may reside. For purposes of this discussion Code is the Internal Revenue Code of 1986, as amended.

Incentive Stock Options. No tax will be payable by us or the participant at the time of grant or exercise of an incentive stock option that satisfies the requirements of Code Section 422. The participant will recognize long term capital gain or loss on the sale or exchange of the shares acquired upon the exercise of the incentive stock option if the participant sells or exchanges the shares at least two years after the date grant and more than one year after the date of exercise. If the participant sells or exchanges the shares earlier than the expiration of these two holding periods, then the participant will recognize ordinary income equal to the lesser of the difference between the exercise price of the option and the fair market value of the shares on the date of exercise or the difference between the sales price and the exercise price. Any additional gain on the sale of the shares will be capital gain. We will be entitled to deduct the amount, if any, that the participant recognizes as ordinary income, subject to certain reporting requirements.

Nonstatutory Stock Options. No tax will be payable by us or the participant at the time of grant of a nonstatutory stock option. Upon exercise of a nonstatutory stock option, the excess, if any, of the fair market value of the shares with respect to which the award is exercised over the exercise price of the award will be treated for Federal tax purposes as ordinary income. Any profit or loss realized on the sale or exchange of the shares will be treated as a capital gain or loss. We will be entitled to deduct the amount, if any, by which the fair market value of the shares on the date of exercise exceeds the exercise price.

Restricted Stock. Generally, no taxes are due when the restricted stock award is initially granted and we will not take a deduction at that time. The fair market value of the shares subject to the award is taxable as ordinary income when it is no longer subject to a substantial risk of forfeiture (i.e., becomes vested or transferable). Income tax is paid by the participant on the value of the shares at ordinary rates when the restrictions lapse and we will be entitled to a corresponding deduction. Any profit or loss realized on the sale or exchange of the shares will be treated as a capital gain or loss.

Restricted Stock Units and Performance Shares. Generally, no taxes are due when the restricted stock units or performance shares are initially granted and we will take a deduction at that time. The fair market value of the shares subject to the award is taxable to the participant when the shares are paid to the participant subject to the design limitations and requirements of Code Section 409A. We will be entitled to deduct the amount, if any, that the participant recognizes as ordinary income.

Section 162(m). Section 162(m) denies a deduction to any publicly held corporation for compensation paid to certain covered employees in a taxable year to the extent that compensation to such covered employee exceeds \$1 million. Certain kinds of compensation, including qualified performance-based compensation, are disregarded for purposes of the deduction limitation. As described above, stock options granted under the 2007 Plan qualify as performance-based compensation under Section 162(m). Other stock awards will qualify as performance-based compensation if the grant of the stock award or the vesting of the stock award is subject to one or more performance objectives that satisfy the requirements of Section 162(m).

Deferred Compensation. Subject to further guidance from the Internal Revenue Service, restricted stock unit awards and performance shares that may be deferred beyond the vesting date are deferred compensation and subject to the design limitations and requirements of Code Section 409A. If the limitations and requirements of Code Section 409A are violated, deferred amounts will be subject to tax at ordinary income rates immediately upon such violation and affected participants will be subject to penalties equal to (i) 20% of the amount deferred and (ii) interest at a specified rate on the under-payment of tax that would have occurred had the deferred compensation been included in gross income in the taxable year in which it was first deferred.

OTHER EQUITY PLANS**1998 EQUITY INCENTIVE PLAN**

The terms and conditions of the 1998 Plan are substantially similar to the terms and conditions of the 2007 Plan. The 1998 Plan was initially adopted by our stockholders in 1998 and amended and restated in 2005, which

amendment was adopted by our stockholders in 2005. The 1998 Plan provides for the award of stock options and stock-based awards to our elected officers, outside directors, and employees. As of March 31, 2009, there were 2,317,807 shares subject to issuance upon exercise of outstanding options under the 1998 Plan, at a weighted average exercise price of \$29.98, and with a weighted average remaining life of 5.9 years. The 1998 Plan terminated on June 8, 2008 and all options or awards originally granted under the 1998 Plan are governed by the

Table of Contents

terms and conditions of the 1998 Plan, except that to the extent that any options or other stock award expires or terminates before the stock underlying the award has been issued under the 1998, the shares otherwise set aside of those awards shall become available for issuance under the 2007 Plan.

INDUCEMENT EQUITY INCENTIVE PLAN

In December 2005, in connection with the acquisition of DR globalTech, Inc. (f/k/a Commerce5, Inc.), we adopted an Inducement Equity Incentive Plan (the Inducement Plan) for DR globalTech, Inc. executives who joined us as a result of the acquisition. A total of 87,500 restricted shares of our common stock were reserved for grants under the Inducement Plan. The terms and conditions of the Inducement Plan are substantially similar to the terms and conditions of the 2007 Plan. As set forth under Equity Compensation Plan Information on page 36, at December 31, 2008, no shares of our common stock remained available for future issuance under the Inducement Plan.

2000 EMPLOYEE STOCK PURCHASE PLAN

In March 2000, the Board adopted our 2000 Employee Stock Purchase Plan (the Purchase Plan) to provide a means by which our employees (and employees of any of our parent or subsidiaries designated by the Board to participate in the Purchase Plan) may be given an opportunity to purchase our common stock through payroll deductions. All of our employees, including officers, who are regularly scheduled to work at least 20 hours per week and at least 5 months per year, are eligible to participate in the Purchase Plan. The rights to purchase our common stock that are granted under the Purchase Plan are intended to qualify as options issued under an employee stock purchase plan as that term is defined in Section 423(b) of the Code. The Purchase Plan is administered by the Board and the Compensation Committee and is implemented by offerings of rights to purchase common stock from time to time to all eligible employees. The Purchase Plan permits offerings up to 27 months in duration. However, currently each offering under the Purchase Plan is six months in duration. Employees who participate in an offering under the Purchase Plan have the right to purchase up to the number of shares of common stock equal to a percentage designated by the Board (currently, up to 10%) of an employee's earnings withheld pursuant to the Purchase Plan and applied, on specified dates determined by the Board, to the purchase of shares of our common stock. The purchase price per share at which shares of common stock are sold in each offering under the Purchase Plan equals the lower of (i) 85% of the fair market value of a share of common stock on the first day of the offering or (ii) 85% of the fair market value of a share of common stock on the last day of the offering or the purchase date. The Board has amended the Purchase Plan from time to time to increase the number of shares reserved for issuance under the Purchase Plan, which amendments were approved by our stockholders, most recently at our 2003 annual meeting. Currently, there are 368,777 shares reserved for issuance under the Purchase Plan.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the meeting will be required to approve the 2007 Plan. Abstentions will be counted toward the tabulation of votes cast on the proposal presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

THE BOARD OF DIRECTORS RECOMMENDS

A VOTE IN FAVOR OF PROPOSAL 2

Proposal 3

RATIFICATION OF SELECTION OF INDEPENDENT AUDITORS

The Audit Committee of the Board of Directors has selected Ernst & Young LLP as our independent auditors for the fiscal year ending December 31, 2009, and has further directed that management submit the selection of independent auditors for ratification by the stockholders at the Annual Meeting. Ernst & Young LLP has audited our financial statements since 2002. Representatives of Ernst & Young LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Neither our bylaws nor other governing documents or law require stockholder ratification of the selection of Ernst & Young LLP as our independent auditors. However, the Board is submitting the selection of Ernst & Young LLP to the stockholders for ratification as a matter of good corporate practice. If the stockholders fail to ratify the selection, the Board will reconsider whether or not to retain that firm. Even if the selection is ratified, the

Table of Contents

Board in its discretion may direct the appointment of different independent auditors at any time during the year if they determine that such a change would be in our best interests and in the best interests of our stockholders.

The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and entitled to vote at the Annual Meeting will be required to ratify the selection of Ernst & Young LLP. Abstentions will be counted toward the tabulation of votes cast on proposals presented to the stockholders and will have the same effect as negative votes. Broker non-votes are counted towards a quorum, but are not counted for any purpose in determining whether this matter has been approved.

Pre-Approval Policies And Procedures

The Audit Committee's policy is to pre-approve all audit and permissible non-audit services to be provided by our independent auditors. The Audit Committee meets with our independent auditors to pre-approve the annual scope of accounting services to be performed, including all audit and non-audit services, and the related fee estimates. Pre-approval is detailed as to the particular service or category of services to be provided and is generally subject to a specific budget. The Audit Committee also meets with our independent auditors, on a quarterly basis, following completion of their quarterly reviews and annual audit and prior to our earnings announcements, to review the results of their work. As appropriate, management and our independent auditors update the Audit Committee with material changes to any service engagement and related fee estimates as compared to amounts previously approved.

Under its charter, the Audit Committee has the authority and responsibility to review and approve the retention of our outside auditors to perform any proposed permissible non-audit services. The Audit Committee may delegate this authority to one or more Committee members, but any approvals of non-audit services made pursuant to this delegated authority must be presented to the full Committee at its next meeting. To date, the Audit

Table of Contents

Committee has not delegated its approval authority, and all audit and non-audit services provided by Ernst & Young LLP have been pre-approved by the Audit Committee in advance.

Auditors Independence

The Audit Committee has determined that the rendering of all the aforementioned services by Ernst & Young LLP were compatible with maintaining the auditors independence.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors and executive officers, and persons who own more than ten percent of a registered class of our equity securities, to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock and other equity securities. Officers, directors and greater than ten percent stockholders are required by SEC regulations to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on a review of the copies of such reports furnished to us and written representations that no other reports were required, during the fiscal year ended December 31, 2008, we had one late filing for Mr. Donnelly and one late filing for Mr. Crudden, in each case relating to a company sale to withhold income taxes for each person for restricted shares that vested. Otherwise, all Section 16(a) filing requirements applicable to its officers, directors and greater than ten percent beneficial owners were complied with.

COMPENSATION OF DIRECTORS

Compensation of Directors

Retainer and Meeting Fees

Directors who are our employees do not receive any additional compensation for their services as directors. During fiscal year 2008, non-employee directors received an annual retainer of \$15,000, which is paid quarterly, and cash compensation of \$2,500 for each regular board meeting they attended in person, which compensation decreased to \$1,000 if the meeting was attended telephonically. In addition, directors shall be paid cash compensation of \$1,000 for each special meeting of the Board attended and \$1,000 for each special meeting of a committee attended. In March 2009, the full Board reviewed the non-employee directors' cash compensation and left it unchanged for fiscal year 2009.

In addition to the retainer and meeting fees, non-employee directors are reimbursed for travel and other reasonable out-of-pocket expenses related to attendance at Board and committee meetings.

Equity Compensation

In 2008, each non-employee director received an annual restricted stock grant of 5,000 shares of our common stock, which vests annually, one-third per year, over a three-year period. The grant of the restricted stock award and the vesting schedule are designed to further align the directors' interests with the interests of our stockholders and to provide the directors with an incentive to maximize long-term stockholder value.

In addition to the restricted stock grants, which were made to all non-employee directors, the chairmen of the Compensation, Nominating and Corporate Governance and Finance Committees each received an additional annual restricted stock grant of 1,000 shares; the chairman of the Audit Committee received an additional annual restricted stock grant of 2,000 shares; members of the Audit Committee (other than the chairman) each received an annual restricted stock grant of 1,000 shares; and the Lead Director received an annual restricted stock grant of 1,500 shares. All of these restricted stock grants vest annually, one-third per year, over a three-year period.

In March 2009, the Compensation Committee and the full Board reviewed the non-employee directors' equity component to the compensation program and left it unchanged for fiscal year 2009. The Board of Directors will annually evaluate and consider whether to maintain or modify the compensation program for the non-employee directors.

Stock Ownership Guidelines

The Board has adopted stock ownership guidelines for the directors to more closely align the interests of our directors with those of our stockholders. The guidelines provide that non-employee directors should maintain an investment in Digital River common stock equal to at least \$200,000. This investment level should be achieved within a specified period or, in any event, no later than four years after their initial election as a director.

EXECUTIVE COMPENSATION AND RELATED INFORMATION
Compensation Discussion and Analysis

Overview of Compensation Program and Philosophy

The Compensation Committee bases its executive compensation programs on the same objectives that guide us in establishing all of our compensation programs:

Compensation should be based on the level of job responsibility, individual performance and company performance. As employees progress to higher levels in the organization, an increasing proportion of their pay should be linked to company performance and shareholder returns, because they are more able to affect our business results.

Compensation should reflect the value of the job in the marketplace. To attract and retain a highly skilled work force, we must remain competitive with the compensation programs of other employers who compete with us for talent.

Compensation should reward performance. Our programs should deliver top-tier compensation given top-tier individual and company performance. In addition, the objectives of pay-for-performance and retention must be balanced. Even in periods of temporary downturns in company performance, the programs should continue to ensure that successful, high-achieving employees will remain motivated and committed to us.

Compensation should foster the long-term focus required for success in the e-commerce industry. While all employees receive a mix of both annual and long-term incentives, employees at higher levels have an increasing proportion of their compensation tied to long-term performance because they are in a position to have greater influence on long-term results.

The above policies guide the Compensation Committee in assessing the proper allocation between long-term compensation, current cash compensation and short-term bonus compensation.

In determining the particular elements of compensation that will be used to implement our overall compensation policies, the Compensation Committee takes into consideration a number of factors related to our performance, such as our revenue growth, earnings per share and profitability as well as competitive practices among our peer group.

Our executive compensation program is overseen and administered by the Compensation Committee, which is comprised entirely of independent directors as determined in accordance with various Nasdaq, SEC and Internal Revenue Code rules. The Compensation Committee operates under a written charter adopted by our Board. A copy of the charter is available at <http://www.digitalriver.com>.

Compensation Consultant

The Compensation Committee has the authority to engage its own independent advisors to assist it in carrying out its responsibility. In 2007, Frederic W. Cook & Co., Inc. (Cook & Co.) was retained by the Compensation Committee to assist with compensation analysis. In 2008, the Compensation Committee engaged Cook & Co. to continue to provide advice on compensation programs. During fiscal 2008, Cook & Co. advised the Compensation Committee on base salaries and annual and long-term incentives for our chief executive officer and chief financial officer. Cook & Co. reports to the Compensation Committee rather than to management, although Cook & Co. may meet with management from time-to-time for purposes of gathering information on proposals that management may make to the Compensation Committee. The Compensation Committee is free to replace Cook & Co. or hire additional consultants at any time. Cook & Co. does not provide any other services to us and receives compensation only with respect to the services provided to the Compensation Committee.

Role of Executive Management in Compensation Decisions

The Compensation Committee on occasion meets with our chief executive officer, Mr. Ronning, and/or other executives to obtain recommendations with respect to our compensation programs, practices and packages for executives, other employees and directors. Management makes recommendations to the Compensation Committee on the base salary, annual incentive targets and equity compensation for the executive team and other employees. The Compensation Committee considers, but is not bound to and does not always accept, management's recommendations

with respect to executive compensation.

Table of Contents

Mr. Ronning attends some of the Compensation Committee's meetings, but the Compensation Committee also regularly holds executive sessions not attended by any members of management or non-independent directors. The Compensation Committee discusses Mr. Ronning's compensation package with him, but makes decisions with respect to Mr. Ronning's compensation without him present. The Compensation Committee has the ultimate authority to make decisions with respect to the compensation of our named executive officers. The Compensation Committee has authorized Mr. Ronning to make salary adjustments and short-term incentive (bonus) decisions for all employees other than the named executive officers.

Elements of Compensation

There are three major elements that comprise our compensation program: (i) base salary; (ii) annual incentive opportunities; and (iii) long-term incentives, such as equity awards. We have selected these elements because each is considered useful and/or necessary to meet one or more of the principal objectives of our compensation policy. For instance, base salary and annual incentive targets are set with the goal of attracting employees and adequately compensating and rewarding them on a day-to-day basis for the time spent and the services they perform, while our equity programs are geared toward providing an incentive and reward for the achievement of long-term business objectives and retaining key talent. We believe that these elements of compensation, when combined, are effective, and will continue to be effective, in achieving the objectives of our compensation program.

The Compensation Committee reviews the compensation program on an annual basis, including each of the above elements, which are reviewed from time to time to ensure that compensation levels remain competitive. In setting compensation levels for a particular executive, the Compensation Committee takes into consideration the proposed compensation package as a whole and each element individually, as well as the executive's past and expected future contributions to our business. We have an employment or severance agreement with each of our named executive officers. The agreements for each of Messrs. Ronning, Donnelly and Crudden are discussed below under the section entitled "Employment and Change of Control Agreements."

Key Considerations and Process

In applying the program objectives and the elements of compensation, the Compensation Committee takes into account the following key considerations and adheres to the following processes:

Competitive Market Assessment. We conduct a competitive market assessment for each of the primary elements of our executive compensation program. In setting executive compensation levels, the Compensation Committee reviews market data from the following sources:

Peer Group Information. The Compensation Committee considers information from the proxy statements of 15 peer group public companies with revenues ranging from \$100 million to \$1 billion, with a median revenue of \$400 million. The peer group is composed primarily of internet-based companies. The following companies were included in our comparison peer group for our fiscal year 2008:

Comparison Peer Group

Akamai Technologies	Macrovision	SAVVIS
Ariba	MIVA	Syntel
GSI Commerce	RealNetworks	ValueClick
Imergent	RightNow Technologies, Inc.	VeriFone Holdings
InfoSpace	Salesforce.com, Inc.	Websense

Aon-Radford Executive Survey. This survey provides base salary and short-term and long-term incentive information on U.S. high-technology and manufacturing companies. The Compensation Committee considers benchmark information in this survey.

Information from Cook & Co. Our Compensation Committee also considers competitive market information provided by Cook & Co., an independent advisor retained by the Compensation Committee. In establishing compensation for fiscal 2009, Cook & Co. compiled and analyzed proxy

data from the peer group and survey data from the Aon-Radford Executive Survey for our chief executive officer and our chief financial officer.

Considerations for Mr. Ronning. The Compensation Committee considers the following factors in setting the compensation arrangements for Mr. Ronning:

An annual assessment of his performance conducted by our Nominating and Corporate Governance Committee;

The financial and strategic results achieved by our company for the last fiscal year;

The financial plans and strategic objectives for the next fiscal year;

Other strategic factors critical to the long-term success of our business;

The competitive market data identified above; and

Guidance from the Compensation Committee's independent compensation consultant.

Considerations for Other Named Executive Officers. The Compensation Committee considers the following factors in setting the compensation arrangements for each of the other named executive officers.

Mr. Ronning's assessment of the named executive officer's individual performance and contributions to our performance for the most recent fiscal year;

Our business and financial performance for the most recent fiscal year;

The competitive market data identified above applicable to the specific position that the named executive officer holds; and

Mr. Ronning's recommendations regarding compensation levels for the other named executive officers.

Review of Tally Sheets. On an annual basis (with the most recent version covering 2008 presented in March 2009), management prepares and presents to the Committee tally sheets for each of the named executive officers to provide the Committee the following compensation data:

Base salary;

Short-term incentive compensation;

Long-term incentive compensation;

Value of in-the-money stock options, both vested and unvested; and

Value of restricted stock grants.

The Compensation Committee reviewed these tally sheets and compared tally sheets for the named executive officers with competitive market data for comparable executives in the peer group to establish compensation for fiscal 2009.

Base Salary

Base salary is the fixed portion of executive compensation targeted at the median level for technology companies with similar characteristics such as sales volume, capitalization and financial performance. Salaries for executive officers are reviewed by the Compensation Committee on an annual basis and may be changed based on the individual's performance or a change in competitive pay levels in the marketplace.

The Compensation Committee reviews with our chief executive officer an annual salary plan for our named executive officers (other than our chief executive officer). The salary plan is modified as deemed appropriate and approved by the Compensation Committee. The annual salary plan is developed by our chief executive officer based

on publicly available competitive compensation information on organizations with similar characteristics, such as size, scope of operations, revenue growth and business focus, and on performance judgments as to the past and expected future contributions of the individual executives. Additional factors include levels of responsibility, breadth of knowledge and expertise and prior experience. The Compensation Committee reviews and establishes the base salary of the chief executive officer based on similar competitive compensation data and the Compensation Committee's assessment of his past performance and its expectation as to his future contributions in directing our long-term success.

We pay a competitive base salary to help us attract and retain talented executives. The amount of annualized base salary and year-over-year increase for each of the named executive officers in fiscal 2008 is set forth in the following table:

Table of Contents**Base Salary Table**

	Fiscal Year 2007	Fiscal Year 2008
Joel A. Ronning	\$450,000	\$450,000
Thomas M. Donnelly	\$300,000	\$300,000
Kevin L. Crudden	\$235,000	\$250,000

Since February 2007, the base salaries for each of Messrs. Ronning and Donnelly have remained unchanged. In March 2008, Mr. Crudden received a base salary increase of 6.4% based upon an assessment of his performance and the competitiveness of his base salary utilizing peer group information as the principal benchmark.

In March 2009, upon recommendation of management, the Compensation Committee determined not to change the base salaries of the named executive officers identified in the Summary Compensation Table for fiscal 2009.

Annual Incentive Opportunities

In 2008, our stockholders approved the 2008 Performance Bonus Plan (the Performance Plan). The Performance Plan is a component of our overall strategy to pay our employees for delivering measurable results. The purposes of the Performance Plan are to motivate senior executives by tying compensation to performance, to reward exceptional performance that supports our overall objectives and to attract and retain top-performing senior executives.

In March 2008, the Compensation Committee established the corporate and personal performance goals as well as a bonus target for fiscal 2008. Those goals consisted of achievement of performance criteria relating to revenue, operating income, new market growth, employee satisfaction surveys, customer satisfaction surveys and internal systems enhancement. The fiscal 2008 weightings of the performance criteria were as follows: 30% revenue, 30% operating income, 10% new market growth, 10% employee satisfaction surveys, 10% customer satisfaction surveys and 10% internal systems enhancement.

Bonuses paid to our named executive officers under the Performance Plan for fiscal year 2008 were:

Named Executive Officer	Amount	Percentage of Bonus Potential
Joel A. Ronning	\$361,856	64%
Thomas M. Donnelly	\$192,990	64%
Kevin L. Crudden	\$80,412	64%

In March 2009, the Compensation Committee determined that bonuses should continue to be based upon optimizing revenues while maintaining prudent management of gross margins and operating expenses. The Compensation Committee believes these goals are the strongest drivers of our long-term value. In March 2009, the Compensation Committee established performance goals for 2009 for the named executive officers under the terms of the Performance Bonus Plan. For fiscal 2009, each named executive officer's cash bonus opportunity is based upon the achievement of performance criteria relating to revenue and operating income, new market growth, improvement in margins, operating efficiency and strategic acquisition activity. The fiscal 2009 weightings of the performance criteria are as follows: 50% corporate financial goals (revenue and operating income), 12.5% new market growth, 12.5% operating efficiency, 12.5% cost structure efficiencies and 12.5% completion of strategic acquisitions.

Table of Contents**Long-Term Incentive Compensation**

Long-term equity incentives are provided through grants of stock options and restricted stock to executive officers and other employees pursuant to the terms and conditions of our stockholder-approved 2007 Plan. The stock component of compensation is intended to retain and motivate employees to grow long-term stockholder value. Initial grants of stock options are generally made to eligible employees upon commencement of employment. Following the initial hire, additional equity incentive grants may be made to participants pursuant to a periodic grant program or following a significant change in job responsibilities, scope or title. Stock options under the 2007 Plan generally vest over a four-year period and expire ten years from the date of grant. Stock options are granted at fair market value on the date of grant and have value only if our stock price increases. The Compensation Committee believes this element of the total compensation program directly links the executive's interests with those of our stockholders and our long-term performance.

The Compensation Committee establishes the number of shares subject to, and terms of, options and restricted stock awards granted under the 2007 Plan to the named executive officers. The Compensation Committee encourages executives to build an ownership investment in our common stock. Outstanding performance by an individual executive officer is recognized through larger equity grants.

As an integral component of its long-term strategic planning process, the Compensation Committee evaluates a number of factors impacting its employee compensation philosophy, including our stage of growth, competitive environment, business complexity and market opportunity. One of the key conclusions from this analysis is that Digital River continues to operate in a high-growth environment that is subject to rapid change, complexity and a multitude of business risks. To continue our record of success in this challenging environment, we believe that our compensation practices must remain competitive with practices of peer group companies with similar growth rates and long-term opportunities.

The Compensation Committee has granted equity awards at its scheduled meetings. Grants approved during scheduled meetings become effective and are priced as of the date of approval. Grants to new hires are approved by the Compensation Committee on the first trading day of the month after the month of hire and are priced as of the date of approval. Under the 2007 Plan, all stock option grants have a per share exercise price equal to the fair market value of our common stock on the grant date. The Compensation Committee has not granted, nor does it intend in the future to grant, equity compensation awards to executives in anticipation of the release of material non-public information that is likely to result in changes to the price of our common stock, such as a significant positive or negative earnings announcement. Similarly, the Compensation Committee has not timed, nor does it intend in the future to time, the release of material non-public information based on equity award grant dates. Equity compensation awards typically vest over a four-year period.

The Compensation Committee believes that our ability to attract, retain and motivate key executives is critical to achieving strategic goals, which in turn helps build long-term value. The number of options and restricted stock awards the Compensation Committee grants to each named executive officer and the vesting schedule for each grant is determined based on a variety of factors, including market data collected regarding the equity grant ranges for peer companies as well as the performance rating each executive is given by Mr. Ronning. Mr. Ronning assigns a performance rating to each member of the executive team that reports to him based on a number of factors, including the individual's accomplishments during the prior fiscal year and over the course of his or her service with us. These performance ratings are taken into consideration in the determination of equity grant proposals for the named executive officers which Mr. Ronning recommends to the Compensation Committee for consideration.

The Compensation Committee determined that the company did not meet the performance goals established in March 2008 and the performance shares granted to each of Messrs. Ronning, Donnelly and Crudden were forfeited in their entirety.

In March 2009, the Compensation Committee approved a grant of 180,000 performance-based shares to Mr. Ronning. In March 2009, the Compensation Committee approved a grant of 90,000 performance-based shares to Mr. Donnelly. In March 2009, the Compensation Committee approved a grant of 45,000 performance-based shares to Mr. Crudden. These grants were made based upon a review of equity grants to similarly situated executives in peer companies. Further, the performance-based shares require us to meet certain performance requirements in fiscal 2009

(revenue, operating income and earnings per share) and, upon achievement of those requirements, vest over four years commencing on the date of grant. If the performance goals for fiscal year 2009 are not attained, then the performance-based shares will either be forfeited or the number of performance-based shares will be adjusted downward in proportion to the goals achieved.

Table of Contents**Retirement Benefits under the 401(k) Plan, Executive Perquisites and Generally Available Benefit Programs**

We maintain a tax-qualified 401(k) Plan, which provides for broad-based employee participation. Under the 401(k) Plan, all of our employees are eligible to receive matching contributions that are subject to vesting over time. The matching contribution for the 401(k) Plan year 2008 was \$0.50 for each dollar of each participant's pretax contributions. We do not provide defined benefit pension plans or defined contribution retirement plans to our named executive officers or other employees other than the 401(k) Plan.

We also offer a number of other benefits to the named executive officers pursuant to benefit programs that provide for broad-based employee participation. These benefits programs include the employee stock purchase plan, medical, dental and vision insurance, long-term and short-term disability insurance, life and accidental death and dismemberment insurance, health and dependent care flexible spending accounts, wellness programs, educational assistance, employee assistance and certain other benefits. Many employees also are eligible for variable pay under sales incentive plans, profit sharing programs and/or the incentive arrangements described above.

The 401(k) Plan and other generally available benefit programs allow us to remain competitive for employee talent, and we believe that the availability of the benefit programs generally enhances employee productivity and loyalty. The main objectives of our benefits programs are to give our employees access to quality healthcare, financial protection from unforeseen events, assistance in achieving retirement financial goals and enhanced health and productivity. These generally available benefits typically do not specifically factor into decisions regarding an individual executive's total compensation or equity award package.

On an annual basis, we benchmark our overall benefits programs, including our 401(k) Plan, against other comparable companies in the Twin Cities.

In connection with his employment arrangements, Mr. Ronning is entitled to a car allowance. In 2008, we paid \$14,625 in car allowances on behalf of Mr. Ronning. Messrs. Donnelly and Crudden did not receive any perquisites in fiscal 2008 other than matching contributions under the 401(k) Plan.

Stock Ownership Guidelines

The Board has not adopted stock ownership guidelines for its named executive officers but intends to consider establishing such guidelines.

Compensation of Chief Executive Officer

The compensation of Mr. Ronning, our chief executive officer, consists of all three of the above-described components. The Compensation Committee believes that the compensation awarded to Mr. Ronning should reflect our overall performance and, accordingly, for the year ended December 31, 2008, the Compensation Committee used a number of factors and criteria to determine Mr. Ronning's compensation, including our ability to maintain revenue growth, penetrate new markets, complete strategic acquisitions and manage operating expenses.

In March 2009, the Compensation Committee determined not to change Mr. Ronning's base salary of \$450,000. In relation to our peer group, Mr. Ronning's base salary is below the median for the chief executive officers.

Based upon our overall performance in 2008 as well as Mr. Ronning's leadership of our management team throughout the year, a bonus of \$361,856 was approved to Mr. Ronning in March 2009. In assessing this bonus, the Compensation Committee considered our financial performance in 2008 as well as the achievement of personal objectives by Mr. Ronning.

The Compensation Committee reviewed market data to determine whether to grant Mr. Ronning equity incentives. Based on Mr. Ronning's 2007 performance, in March 2008, the Compensation Committee determined to grant him an option to acquire 100,000 shares of our common stock and a performance-based stock grant of 25,000 shares. Since we did not meet the corporate performance criteria for fiscal 2008, Mr. Ronning forfeited the 25,000 performance shares in their entirety.

Mr. Ronning's compensation pursuant to his employment agreement, described in more detail below, consists of a base salary of \$450,000, which will remain his base salary for 2009. In 2008, Mr. Ronning's compensation also included a cash bonus of \$361,856 based on his and our performance, which was paid in March 2009. In addition, in March 2009, Mr. Ronning was granted 180,000 performance-based shares as part of his total compensation package. The performance-based shares require us to meet certain performance requirements in fiscal

Table of Contents

2009 and, upon achievement of those requirements, vest over four years commencing on the date of grant. If we do not meet the performance goals in fiscal 2009, these performance-based shares will either be forfeited or the number of performance-based shares will be adjusted downward in proportion to the goals achieved. The Compensation Committee may grant stock options, restricted stock, stock appreciation rights, or other equity incentives (Equity Incentives) to Mr. Ronning in the future.

Severance and Change of Control Agreements

Severance Pay Arrangements. We have an employment agreement with Mr. Ronning and a Severance and Change of Control Agreement with each of Messrs. Donnelly and Crudden that contain severance pay arrangements. The severance provisions of these agreements are designed to provide clarity with respect to the rights and obligations of the parties upon the termination of employment with us. The terms of these agreements are described below.

Change in Control Arrangements. If a change in control of our company were to occur, the Compensation Committee believes that it is in the best interests of stockholders to ensure the retention of key executives to facilitate an orderly transition. For this reason, the agreements with Messrs. Ronning, Donnelly and Crudden contain change in control provisions. These agreements reduce the risk of losing key management personnel that may occur during a critical period of a potential or actual change in control of our company. These provisions are separate from the severance provisions identified above but would not allow an executive to obtain duplicative severance benefits upon termination of employment.

The change in control provisions contain a double trigger severance provision, which means that, in order to receive severance benefits, an executive's employment must be terminated within a specified period following a change in control. The Compensation Committee believes that a double trigger design is more appropriate for severance benefits than the single trigger design as it prevents payments in the event of a change in control where the executive continues to be employed without an adverse effect on compensation, role and responsibility or job location. Additional details about these agreements are described below.

The levels of severance pay and benefits that would be provided under our severance pay arrangements and practices are competitive with the practices of other companies in our industry. Our Compensation Committee believes that they are important elements of a total compensation program to attract and retain senior executives. The peer group data also indicates that the other terms and conditions of our change in control severance pay plan are consistent with the design provisions and benefit levels of similar plans at other companies for which we compete for executive talent.

Joel A. Ronning

Effective as of February 28, 2007, we entered into an employment agreement with Joel A. Ronning, our chief executive officer, which superseded his prior employment agreement. The term of the employment agreement is two years with automatic one-year renewals if the agreement is not terminated prior to the end of the initial two year period (the Expiration Date) (as extended in connection with any renewed term).

In the event of Mr. Ronning's termination by Digital River for any reason except upon his retirement, death or disability or for cause, and including, without limitation, our failure to renew his employment agreement, or upon Mr. Ronning's voluntary termination following failure to reappoint Mr. Ronning as our chief executive officer, a material change in his function, duties or responsibilities without his consent that would cause Mr. Ronning's position to become one of lesser responsibility, importance, or scope, relocation of Mr. Ronning's principal place of employment by more than thirty miles, or a material breach of his employment agreement, or upon Mr. Ronning's voluntary (as described above) or involuntary termination of employment following a change of control of Digital River, he will be entitled to termination payments equal to his base salary at the time of termination plus a weighted three-year average of his annual bonus amount, as well as a continuation of certain employee benefits for a period of 12 months. Mr. Ronning's cash severance is paid in one lump sum payment at least six months following his termination of employment, in accordance with Section 409A of the Internal Revenue Code. In addition, any unvested Equity Incentives held by Mr. Ronning will immediately vest and become exercisable and any unexercised stock options will remain exercisable for 12 months following his termination of employment (unless sooner terminated in connection with a change of control transaction). In the event of a change of control, such payments and benefits may be reduced if any payment or benefit would be subject to the excise tax imposed by Sections 280G or 4999 of the

Internal Revenue Code. Mr. Ronning also has agreed not to compete with Digital River in countries

or territories where we conduct our business for a period of 12 months following his voluntary or involuntary termination as described above.

In the event of Mr. Ronning's death, we will award to his beneficiaries a pro-rated bonus, in an amount equal the Board's good faith estimate of the bonus Mr. Ronning would have earned in the year of his death; provided, however, that the good faith estimate of the bonus will be at least equal to the average of Mr. Ronning's bonuses for the three most recent years. In the event that we terminate Mr. Ronning following his permanent disability, we will continue to provide him with term life insurance and medical insurance benefits for a period of one year.

Thomas M. Donnelly

Effective as of March 4, 2008, we entered into an amended and restated change of control and severance agreement with Thomas M. Donnelly, our chief financial officer. In the event of Mr. Donnelly's termination by Digital River for any reason except upon his retirement, death or disability or for cause, or upon Mr. Donnelly's voluntary termination following a material change in his function, duties or responsibilities without his consent that would cause Mr. Donnelly's position to become one of lesser responsibility, importance, or scope, relocation of Mr. Donnelly's principal place of employment by more than thirty miles, or a material breach of his change of control and severance agreement, or upon Mr. Donnelly's voluntary (as described above) or involuntary termination of employment following a change of control of Digital River, he will be entitled to termination payments equal to his base salary at the time of termination, as well as a continuation of certain employee benefits for a period of 12 months. Mr. Donnelly's cash severance is paid in one lump sum payment at least six months following his termination of employment, in accordance with Section 409A of the Internal Revenue Code. In addition, any unvested Equity Incentives held by Mr. Donnelly will immediately vest and become exercisable and any unexercised stock options will remain exercisable for 90 days following his termination of employment (unless sooner terminated in connection with a change of control transaction). In the event of a change of control, such payments and benefits may be reduced if any payment or benefit would be subject to the excise tax imposed by Sections 280G or 4999 of the Internal Revenue Code. Mr. Donnelly also has agreed not to compete with Digital River in countries or territories where we conduct our business for a period of 12 months following his voluntary or involuntary termination as described above.

In the event of Mr. Donnelly's death, we will award to his beneficiaries a pro-rated bonus, in an amount equal the Board's good faith estimate of the bonus Mr. Donnelly would have earned in the year of his death; provided, however, that the good faith estimate of the bonus will be at least equal to the average of Mr. Donnelly's bonuses for the three most recent years. In the event that we terminate Mr. Donnelly following his permanent disability, we will continue to provide him with term life insurance and medical insurance benefits for a period of one year.

Kevin L. Crudden

Effective as of March 4, 2008, we entered into a change of control and severance agreement with Kevin L. Crudden, our vice president and general counsel. In the event of Mr. Crudden's termination by Digital River for any reason except upon his retirement, death or disability or for cause, or upon Mr. Crudden's voluntary termination following a material change in his function, duties or responsibilities without his consent that would cause Mr. Crudden's position to become one of lesser responsibility, importance, or scope, relocation of Mr. Crudden's principal place of employment by more than thirty miles, or a material breach of his change of control and severance agreement, or upon Mr. Crudden's voluntary (as described above) or involuntary termination of employment following a change of control of Digital River, he will be entitled to termination payments equal to his base salary at the time of termination, as well as a continuation of certain employee benefits for a period of 12 months. Mr. Crudden's cash severance is paid in one lump sum payment at least six months following his termination of employment, in accordance with Section 409A of the Internal Revenue Code. In addition, any unvested Equity Incentives held by Mr. Crudden will immediately vest and become exercisable and any unexercised stock options will remain exercisable for 90 days following his termination of employment (unless sooner terminated in connection with a change of control transaction). In the event of a change of control, such payments and benefits may be reduced if any payment or benefit would be subject to the excise tax imposed by Sections 280G or 4999 of the Internal Revenue Code. Mr. Crudden also has agreed not to compete with Digital River in countries or territories where we conduct our business for a period of 12 months following his voluntary or involuntary termination as described above.

Table of Contents

In the event of Mr. Crudden's death, we will award to his beneficiaries a pro-rated bonus, in an amount equal the Board's good faith estimate of the bonus Mr. Crudden would have earned in the year of his death; provided, however, that the good faith estimate of the bonus will be at least equal to the average of Mr. Crudden's bonuses for the three most recent years. In the event that we terminate Mr. Crudden following his permanent disability, we will continue to provide him with term life insurance and medical insurance benefits for a period of one year.

See the table on page 35 of this proxy statement for more information related to the severance benefits for each of Messrs. Ronning, Donnelly and Crudden.

Accounting and Tax Considerations

In designing its compensation programs, the Compensation Committee takes into consideration the accounting and tax effect that each element of compensation will or may have on us and the executive officers and other employees as a group. We recognize a charge to earnings for financial accounting purposes when either stock options or restricted stock awards are granted.

Digital River is limited by Section 162(m) of the Code to a deduction for federal income tax purposes of up to \$1,000,000 of compensation paid to certain named executive officers in a taxable year. Compensation above \$1,000,000 may be deducted if it meets certain technical requirements to be classified as performance-based compensation. Although the Compensation Committee uses the requirements of Section 162(m) as a guideline, deductibility is not the sole factor it considers in assessing the appropriate levels and types of executive compensation and it will elect to forego deductibility when the Compensation Committee believes it to be in our best interests and the best interests of our stockholders.

The Compensation Committee believes that the compensation programs described above provide compensation that is competitive with our peer group, link executive and stockholder interests, and provide the basis for us to attract and retain qualified executives. The Compensation Committee will continue to monitor the relationship among executive compensation, our performance and stockholder value as a basis for determining our ongoing compensation policies and practices.

Compensation Committee Interlocks and Insider Participation

During fiscal year 2008, the Compensation Committee was composed of three non-employee directors: Messrs. Lansing, Madison and Seegal. No current member of the Compensation Committee is or has ever been one of our officers or employees, or has had any relationship with us that is required to be disclosed under Item 404 of Regulation S-K. None of our executive officers serves, or in the past fiscal year has served, on the board of directors or as a member of a compensation committee of any entity that has or has had one or more executive officers serving as a member of our Board of Directors or Compensation Committee.

Compensation Committee Report

The information contained in this report shall not be deemed to be soliciting material or filed with the SEC or subject to the liabilities of Section 18 of the Exchange Act, except to the extent that we specifically incorporate it by reference into a document filed under the Securities Act or the Exchange Act.

The Compensation Committee has reviewed and discussed with management the Compensation Discussion and Analysis for fiscal year 2008. Based on the review and discussions, the Compensation Committee recommended to the Board, and the Board has approved, that the Compensation Discussion and Analysis be included in our proxy statement for our 2009 Annual Meeting of stockholders.

Policies and Procedures with Respect to Related-Party Transactions

The Board is committed to upholding the highest legal and ethical conduct in fulfilling its responsibilities and recognizes that related-party transactions can present a heightened risk of potential or actual conflicts of interest. Accordingly, as a general matter, it is our preference to avoid related-party transactions. The Audit Committee, all of whom are independent directors, must review and approve all related-party transactions for which such approval is required under applicable law, including SEC and Nasdaq rules.

We have policies and procedures regarding the review and approval of related-party transactions. The policies and procedures are in writing and have been approved by the Audit Committee. The transactions covered by our policies and procedures include any financial transaction, arrangement or relationship (including any indebtedness or guarantee of indebtedness) or any series of similar transactions, arrangements or relationships in which we participate and the amount involved exceeds \$120,000, and a director or executive officer of the company has a direct or indirect material interest. The policies and procedures include transactions where the directors or executive officers children, stepchildren, parents, stepparents, spouse, siblings, mothers-in-law, fathers-in-law, sons-in-law, daughters-in-law, brothers-in-law, or sisters-in-law or members of their household (other than a tenant or employee) have a personal interest.

Table of Contents

In addition, the Audit Committee is responsible for reviewing and investigating any matters pertaining to the integrity of management, including conflicts of interest and adherence to our Code of Conduct and Ethics. Under the Code of Conduct and Ethics, directors, officers and all other members of the workforce are expected to avoid any relationship, influence or activity that would cause or even appear to cause a conflict of interest. Our Corporate Governance Guidelines require a director to promptly disclose to the Board any potential or actual conflict of interest involving him or her. Under the Guidelines, the Board will determine an appropriate resolution on a case-by-case basis. All directors must recuse themselves from any discussion or decision affecting their personal, business or professional interests.

All related-party transactions shall be disclosed in our applicable filings with the Securities and Exchange Commission as required under SEC rules.

HOUSEHOLDING OF PROXY MATERIALS

The SEC has adopted rules that permit companies and intermediaries (e.g., brokers) to satisfy the delivery requirements for proxy statements and annual reports with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as householding, potentially means extra convenience for stockholders and cost savings for companies.

This year, a number of brokers with account holders who are Digital River stockholders will be householding our proxy materials. A single proxy statement will be delivered to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding communications to your address, householding will continue until you are notified otherwise or until you revoke your consent. (d) Effect of Board's Decision. All determinations, interpretations and constructions made by the Board in good faith shall not be subject to review by any person and shall be final, binding and conclusive on all persons.

4. Shares Subject to the Plan.

(a) Share Reserve. Subject to the provisions of Section 12(a) relating to Capitalization Adjustments, the Common Stock that may be issued pursuant to Stock Awards shall not exceed in the aggregate Four Million Six Hundred Fifty Thousand (4,650,000) shares of Common Stock plus any shares of Common Stock subject to options or other stock awards outstanding under the Company's 1998 Equity Incentive Plan that expire or otherwise terminate, in whole or in part, without having been exercised or issued in full and that otherwise would have again become available for issuance under the Company's 1998 Equity Incentive Plan.

(b) Limitation on Full Value Awards. Notwithstanding the provisions of Section 4(a), for any two (2) shares of Common Stock issued in connection with a Full Value Award, three (3) fewer shares of Common Stock will be available for issuance in connection with Options and future Stock Awards under Section 4(a).

(c) Reversion of Shares to the Share Reserve. (d) Source of Shares. The shares of Common Stock subject to the Plan may be unissued shares or reacquired shares, bought on the market or otherwise.

5. Eligibility.

(a) Eligibility for Specific Stock Awards. Incentive Stock Options may be granted only to Employees. Stock Awards other than Incentive Stock Options may be granted to Employees, Directors and Consultants.

(b) Ten Percent Stockholders. A Ten Percent Stockholder shall not be granted an Incentive Stock Option unless the exercise price of such Option is at least one hundred ten percent (110%) of the Fair Market Value of the Common Stock on the date of grant and the Option is not exercisable after the expiration of five (5) years from the date of grant.

(c) Section 162(m) Limitation on Annual Grants. Subject to the provisions of Section 12(a) relating to Capitalization Adjustments, no Employee shall be eligible to be granted Stock Awards covering more than four hundred thousand (400,000) shares of Common Stock during any calendar year.

Table of Contents

because the Consultant is not a natural person, or because of any other rule governing the use of Form S-8.

6. Option Provisions.

Each Option shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. All Options shall be separately designated Incentive Stock Options or Nonstatutory Stock Options at the time of grant, and, if certificates are issued, a separate certificate or certificates shall be issued for shares of Common Stock purchased on exercise of each type of Option. The provisions of separate Options need not be identical, but each Option shall include (through incorporation of provisions hereof by reference in the Option Agreement or otherwise) the substance of each of the following provisions:

(a) Term. Subject to the provisions of Section 5(b) regarding Ten Percent Stockholders, no Option shall be exercisable after the expiration of ten (10) years from the date on which it was granted.

(b) Exercise Price. Subject to the provisions of Section 5(b) regarding Ten Percent Stockholders, the exercise price of each Option shall be not less than one hundred percent (100%) of the Fair Market Value of the Common Stock subject to the Option on the date the Option is granted. Notwithstanding the foregoing, an Option may be granted with an exercise price lower than that set forth in the preceding sentence if such Option is granted pursuant to an assumption or substitution for another option in a manner satisfying the provisions of Section 424(a) of the Code.

(c) Consideration. The purchase price of Common Stock acquired pursuant to the exercise of an Option shall be paid, to the extent permitted by applicable law and as determined by the Board in its sole discretion, by any combination of the methods of payment set forth below. The Board shall have the authority to grant Options that do not permit all of the following methods of payment (or otherwise restrict the ability to use certain methods) and to grant Options that require the consent of the Company to utilize a particular method of payment. The methods of payment permitted by this Section 5(c) are:

(i) by cash, check, bank draft or money order payable to the Company;

(ii) pursuant to a program developed under Regulation T as promulgated by the Federal Reserve Board that, prior to the issuance of the stock subject to the Option, results in either the receipt of cash (or check) by the Company or the receipt of irrevocable instructions to pay the aggregate exercise price to the Company from the sales proceeds;

(iii) by delivery to the Company (either by actual delivery or attestation) of shares of Common Stock;

(iv) by a net exercise arrangement pursuant to which the Company will reduce the number of shares of Common Stock issuable upon exercise by the largest whole number of shares with a Fair Market Value that does not exceed the aggregate exercise price; *provided, however*, the Company shall accept a cash or other payment from the Participant to the extent of any remaining balance of the aggregate exercise price not satisfied by such reduction in

A-8

Table of Contents

the number of whole shares to be issued; *provided, further*, that shares of Common Stock will no longer be subject to an Option and will not be exercisable thereafter to the extent that (A) shares issuable upon exercise are reduced to pay the exercise price pursuant to the net exercise, (B) shares are delivered to the Participant as a result of such exercise, and (C) shares are withheld to satisfy tax withholding obligations; or

(v) in any other form of legal consideration that may be acceptable to the Board in its sole discretion and permissible under applicable law.

(d) Transferability of an Incentive Stock Option. An Incentive Stock Option shall not be transferable except by will or by the laws of descent and distribution and shall be exercisable during the lifetime of the Optionholder only by the Optionholder. Notwithstanding the foregoing, the Optionholder may, by delivering written notice to the Company, in a form satisfactory to the Company, designate a third party who, in the event of the death of the Optionholder, shall thereafter be entitled to exercise the Option.

(e) Transferability of a Nonstatutory Stock Option. A Nonstatutory Stock Option shall be transferable to the extent provided in the Option Agreement. If the Nonstatutory Stock Option does not provide for transferability, then the Nonstatutory Stock Option shall not be transferable except by will or by the laws of descent and distribution, or pursuant to a qualified domestic relations order as defined in the Code or in Title I of the Employee Retirement Income Security Act of 1974, as amended, and shall be exercisable during the lifetime of the Optionholder only by the Optionholder. Notwithstanding the foregoing, the Optionholder may, by delivering written notice to the Company, in a form satisfactory to the Company, designate a third party who, in the event of the death of the Optionholder, shall thereafter be entitled to exercise the Option.

(f) Vesting Generally. The total number of shares of Common Stock subject to an Option may, but need not, vest and therefore become exercisable in periodic installments that may, but need not, be equal. The Option may be subject to such other terms and conditions on the time or times when it may be exercised (which may be based on performance or other criteria) as the Board may deem appropriate. The vesting provisions of individual Options may vary. The provisions of this Section 6(f) are subject to any Option provisions governing the minimum number of shares of Common Stock as to which an Option may be exercised.

(g) Termination of Continuous Service. In the event that an Optionholder's Continuous Service terminates (other than upon the Optionholder's death or Disability or for Cause), the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination) but only within such period of time ending on the earlier of (i) the date ninety (90) days following the termination of the Optionholder's Continuous Service (or such longer or shorter period specified in the Option Agreement) or (ii) the expiration of the term of the Option as set forth in the Option Agreement. If, after termination, the Optionholder does not exercise his or her Option within the time specified in the Option Agreement, the Option shall terminate. Notwithstanding the foregoing, in the event that Optionholder is terminated for Cause, the Option shall terminate as of the date of the Optionholder's termination of Continued Service.

Table of Contents

(h) Extension of Termination Date. An Optionholder's Option Agreement may also provide that if the exercise of the Option following the termination of the Optionholder's Continuous Service (other than upon the Optionholder's death or Disability) would be prohibited at any time solely because the issuance of shares of Common Stock would violate the registration requirements under the Securities Act, then the Option shall terminate on the earlier of (i) the expiration of the term of the Option set forth in Section 6(a) or (ii) the expiration of a period of ninety (90) days after the termination of the Optionholder's Continuous Service during which the exercise of the Option would not be in violation of such registration requirements.

(i) Disability of Optionholder. In the event that an Optionholder's Continuous Service terminates as a result of the Optionholder's Disability, the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination), but only within the period of time specified in the Option Agreement; *provided, however*, that such vested Options shall not be exercisable for a period greater than one (1) year following the Optionholder's termination of Continuous Service due to Disability. If no such period is specified in the Option Agreement, then any vested outstanding Options shall be exercisable only within thirty (30) days following the Optionholder's termination of Continuous Service due to Disability. If, after termination, the Optionholder does not exercise his or her Option within the time specified herein, the Option shall terminate.

(j) Death of Optionholder. In the event that (i) an Optionholder's Continuous Service terminates as a result of the Optionholder's death or (ii) the Optionholder dies within the period (if any) specified in the Option Agreement after the termination of the Optionholder's Continuous Service for a reason other than death, then the Option may be exercised (to the extent the Optionholder was entitled to exercise such Option as of the date of death) by the Optionholder's estate, by a person who acquired the right to exercise the Option by bequest or inheritance or by a person designated to exercise the option upon the Optionholder's death pursuant to Section 6(d) or 6(e), but only within the period of time specified in the Option Agreement; *provided, however*, that such vested Options shall not be exercisable for a period greater than one (1) year following the Optionholder's death. If no such period is specified in the Option Agreement, then any vested outstanding Options shall be exercisable only within six (6) months following the Optionholder's death. If, after death, the Option is not exercised within the time specified herein, the Option shall terminate.

(k) Termination for Cause. In the event that the Optionholder's Continuous Service is terminated for Cause, the Optionholder may exercise his or her Option (to the extent that the Optionholder was entitled to exercise such Option as of the date of termination) but only within such period of time ending on the earlier of (i) the date seven (7) days following the termination of the Optionholder's Continuous Service (or such longer or shorter period specified in the Option Agreement) or (ii) the expiration of the term of the Option as set forth in the Option Agreement.

7. Provisions of Stock Awards other than Options.

(a) Restricted Stock Awards. Each Restricted Stock Award Agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. The terms and conditions of the Restricted Stock Award Agreement may change from time to time, and the terms and conditions of separate Restricted Stock Award Agreements need not be

Table of Contents

identical, but each Restricted Stock Award Agreement shall include (through incorporation of provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i) Consideration. At the time of grant of a Restricted Stock Award, the Board will determine the consideration, if any, to be paid by the Participant upon delivery of each share of Common Stock subject to the Restricted Stock Award. To the extent required by applicable law, the consideration to be paid by the Participant for each share of Common Stock subject to a Restricted Stock Award will not be less than the par value of a share of Common Stock. Such consideration may be paid in any form permitted under applicable law.

(ii) Vesting. Shares of Common Stock acquired pursuant to the Restricted Stock Award shall be subject to a share repurchase option in favor of the Company in accordance with a vesting schedule to be determined by the Board. The Board may condition the vesting of the shares acquired pursuant to the Restricted Stock Award upon the attainment of specified performance objectives established by the Board pursuant to Section 8 or such other factors as the Board may determine in its sole discretion, including time-based vesting; provided, however, that, in the case of a grant to a Participant other than a non-employee director, if the vesting schedule is a time-based vesting schedule, such shares shall vest not faster than one-third per year over three years and if the vesting schedule is a performance-based vesting schedule, such shares shall vest not earlier than the first anniversary of the date of grant. In the case of a Restricted Stock Award to a non-employee director, there shall be no minimum vesting schedule.

(iii) Termination of Participant's Continuous Service. In the event that a Participant's Continuous Service terminates, the Company may repurchase or otherwise reacquire any or all of the shares of Common Stock held by the Participant that have not vested as of the date of termination under the terms of the Restricted Stock Award Agreement. The Company will not exercise its repurchase option until at least six (6) months (or such longer or shorter period of time required to avoid a charge to earnings for financial accounting purposes) have elapsed following the purchase of the restricted stock unless otherwise provided in the Restricted Stock Award Agreement.

(iv) Transferability. Rights to acquire shares of Common Stock pursuant to the Restricted Stock Award shall be transferable by the Participant only upon such terms and conditions as are set forth in the Restricted Stock Award Agreement, as the Board shall determine in its discretion, so long as Common Stock awarded pursuant to the Restricted Stock Award remains subject to the terms of the Restricted Stock Award Agreement.

(b) Restricted Stock Unit Awards. Each Restricted Stock Unit Award Agreement shall be in such form and shall contain such terms and conditions as the Board shall deem appropriate. The terms and conditions of Restricted Stock Unit Award Agreements may change from time to time, and the terms and conditions of separate Restricted Stock Unit Award Agreements need not be identical, but each Restricted Stock Unit Award Agreement shall include (through incorporation of the provisions hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i) Consideration. At the time of grant of a Restricted Stock Unit Award, the Board will determine the consideration, if any, to be paid by the Participant upon delivery of

Table of Contents

each share of Common Stock subject to the Restricted Stock Unit Award. To the extent required by applicable law, the consideration to be paid by the Participant for each share of Common Stock subject to a Restricted Stock Unit Award will not be less than the par value of a share of Common Stock. Such consideration may be paid in any form permitted under applicable law.

(ii) Vesting. At the time of grant of a Restricted Stock Unit Award, the Board shall impose such restrictions or conditions to the vesting of the Restricted Stock Unit Award as it, in its absolute discretion, deems appropriate. The Board may condition the vesting of the Restricted Stock Unit Award upon the attainment of specified performance objectives established by the Board pursuant to Section 8 or such other factors as the Board may determine in its sole discretion, including time-based vesting; provided, however, that, in the case of a grant to a Participant other than a non-employee director, if the vesting schedule is a time-based vesting schedule, such Stock Award shall vest not faster than the first anniversary of the date of grant. In the case of a Restricted Stock Unit Award to a non-employee director, there shall be no minimum vesting schedule.

(iii) Payment. A Restricted Stock Unit Award will be denominated in shares of Common Stock equivalents. A Restricted Stock Unit Award will be settled by the delivery of shares of Common Stock.

(iv) Dividend Equivalents. Dividend equivalents may be credited in respect of shares of Common Stock equivalents covered by a Restricted Stock Unit Award, as determined by the Board and contained in the Restricted Stock Unit Award Agreement. At the discretion of the Board, such dividend equivalents may be converted into additional shares of Common Stock equivalents covered by the Restricted Stock Unit Award by dividing (1) the aggregate amount or value of the dividends paid with respect to that number of shares of Common Stock equivalents covered by the Restricted Stock Unit Award then credited by (2) the Fair Market Value per share of Common Stock on the payment date for such dividend, or in such other manner as determined by the Board. Any additional share equivalents covered by the Restricted Stock Unit Award credited by reason of such dividend equivalents will be subject to all the terms and conditions of the underlying Restricted Stock Unit Award Agreement to which they relate.

(v) Termination of Participant's Continuous Service. Except as otherwise provided in the applicable Restricted Stock Unit Award Agreement, such portion of the Restricted Stock Unit Award that has not vested will be forfeited upon the Participant's termination of Continuous Service for any reason.

hereof by reference in the agreement or otherwise) the substance of each of the following provisions:

(i) Consideration. At the time of grant of Performance Shares, the Board will determine the consideration, if any, to be paid by the Participant upon delivery of each share of Common Stock subject to the Performance Shares. To the extent required by applicable law, the consideration to be paid by the Participant for each share of Common Stock subject to a Performance Shares will not be less than the par value of a share of Common Stock. Such consideration may be paid in any form permitted under applicable law.

(ii) Vesting. At the time of grant of Performance Shares, the Board shall impose such restrictions or conditions to the vesting of the Performance Shares as it, in its discretion, deems appropriate. The Board may condition the grant of Performance Shares upon the attainment of specified performance objectives established by the Board pursuant to Section 8 or such other factors as the Board may determine in its sole discretion; provided, however, that such Performance Shares shall vest not earlier than the first anniversary of the date of grant.

(iii) Payment. Performance Shares will be denominated in shares of Common Stock Equivalents. Performance Shares will be settled by the delivery of shares of Common Stock.

(iv) Dividend Equivalents. Dividend equivalents may be credited in respect of shares of Common Stock equivalents covered by Performance Shares, as determined by the Board and contained in the Performance Share Agreement. At the discretion of the Board, such dividend equivalents may be converted into additional shares of Common Stock equivalents covered by the Performance Shares by dividing (1) the aggregate amount or value of the dividends paid with respect to that number of shares of Common Stock equivalents covered by the Performance Shares then credited by (2) the Fair Market Value per share of Common Stock on the payment date for such dividend, or in such other manner as determined by the Board. Any additional share equivalents covered by the Performance Shares credited by reason of such dividend equivalents will be subject to all the terms and conditions of the underlying Performance Share Agreement to which they relate.

(v) Termination of Participant s Continuous Service. Except as otherwise provided in the applicable Performance Share Agreement, such portion of the Performance Shares that have not vested will be forfeited upon the Participant s termination of Continuous Service for any reason.

(vi) Transferability. Performance Shares shall be transferable by the Participant only upon such terms and conditions as are set forth in the Performance Share Agreement, as the Board shall determine in its discretion.

(d) Deferral of Award Payment. The Board may establish one or more programs under the Plan to permit selected Participants to elect to defer receipt of consideration upon exercise of a Stock Award, the satisfaction of performance objectives, or other events which, absent such an election, would entitle such Participants to payment or receipt of Common Stock or other consideration under a Stock Award. The Board may establish the election procedures of such deferrals, the mechanisms for payment of Common Stock or other consideration subject to

deferral (including accrual of interest or other earnings, if any, on amounts with respect thereto) and such other terms, conditions, rules and procedures that the Board deems advisable and in compliance with Section 409A of the Code.

8. Performance Objectives.

The Board shall determine the terms and conditions of Stock Awards at the date of grant or thereafter; provided that performance objectives, if any, related to Stock Awards granted to Covered Employees shall be established by the Board not later than the latest date permissible under Section 162(m) of the Code. To the extent that such Stock Awards are paid to Covered Employees the performance objectives to be used, if any, shall be expressed in terms of one or more of the following: total shareholder return; earnings per share; stock price; return on equity; net earnings; related return ratios; cash flow; net earnings growth; earnings before interest, taxes, depreciation and amortization (EBITDA); return on assets; revenues; expenses; funds from operations (FFO); and FFO per share. Performance objectives, if any, established by the Board may be (but need not be) different from year-to-year, and different performance objectives may be applicable to different Participants.

9. Covenants of the Company.

(a) **Availability of Shares.** During the terms of the Stock Awards, the Company shall keep available at all times the number of shares of Common Stock required to satisfy such Stock Awards.

(b) **Securities Law Compliance.** The Company shall seek to obtain from each regulatory commission or agency having jurisdiction over the Plan such authority as may be required to grant Stock Awards and to issue and sell shares of Common Stock upon exercise of the Stock Awards; *provided, however*, that this undertaking shall not require the Company to register under the Securities Act the Plan, any Stock Award or any Common Stock issued or issuable pursuant to any such Stock Award. If, after reasonable efforts, the Company is unable to obtain from any such regulatory commission or agency the authority which counsel for the Company deems necessary for the lawful issuance and sale of Common Stock under the Plan, the Company shall be relieved from any liability for failure to issue and sell Common Stock upon exercise of such Stock Awards unless and until such authority is obtained.

10. Use of Proceeds from Stock.

Proceeds from the sale of Common Stock pursuant to Stock Awards shall constitute general funds of the Company.

11. Miscellaneous.

(a) **Acceleration of Exercisability and Vesting.** The Board shall have the power to accelerate the time at which a Stock Award may first be exercised or the time during which a Stock Award or any part thereof will vest in accordance with the Plan, notwithstanding the provisions in the Stock Award stating the time at which it may first be exercised or the time during which it will vest.

(b) Stockholder Rights. No Participant shall be deemed to be the holder of, or to have any of the rights of a holder with respect to, any shares of Common Stock subject to such Stock Award unless and until such Participant has satisfied all requirements for exercise of the Stock Award pursuant to its terms.

(c) No Employment or other Service Rights. Nothing in the Plan or any instrument executed or Stock Award granted pursuant thereto shall confer upon any Participant any right to continue to serve the Company or an Affiliate in the capacity in effect at the time the Stock Award was granted or shall affect the right of the Company or an Affiliate to terminate (i) the employment of an Employee with or without notice and with or without cause, (ii) the service of a Consultant pursuant to the terms of such Consultant's agreement with the Company or an Affiliate or (iii) the service of a Director pursuant to the Bylaws of the Company or an Affiliate, and any applicable provisions of the corporate law of the state in which the Company or the Affiliate is incorporated, as the case may be.

(d) Incentive Stock Option \$100,000 Limitation. To the extent that the aggregate Fair Market Value (determined at the time of grant) of Common Stock with respect to which Incentive Stock Options are exercisable for the first time by any Optionholder during any calendar year (under all plans of the Company and its Affiliates) exceeds one hundred thousand dollars (\$100,000), the Options or portions thereof that exceed such limit (according to the order in which they were granted) shall be treated as Nonstatutory Stock Options, notwithstanding any contrary provision of a Stock Award Agreement.

(e) Investment Assurances. The Company may require a Participant, as a condition of exercising or acquiring Common Stock under any Stock Award, (i) to give written assurances satisfactory to the Company as to the Participant's knowledge and experience in financial and business matters and/or to employ a purchaser representative reasonably satisfactory to the Company who is knowledgeable and experienced in financial and business matters and that he or she is capable of evaluating, alone or together with the purchaser representative, the merits and risks of exercising the Stock Award and (ii) to give written assurances satisfactory to the Company stating that the Participant is acquiring Common Stock subject to the Stock Award for the Participant's own account and not with any present intention of selling or otherwise distributing the Common Stock. The foregoing requirements, and any assurances given pursuant to such requirements, shall be inoperative if (1) the issuance of the shares of Common Stock upon the exercise or acquisition of Common Stock under the Stock Award has been registered under a then currently effective registration statement under the Securities Act or (2) as to any particular requirement, a determination is made by counsel for the Company that such requirement need not be met in the circumstances under the then applicable securities laws. The Company may, upon advice of counsel to the Company, place legends on stock certificates issued under the Plan as such counsel deems necessary or appropriate in order to comply with applicable securities laws, including, but not limited to, legends restricting the transfer of the Common Stock.

(f) Withholding Obligations. To the extent provided by the terms of a Stock Award Agreement, the Participant may satisfy any federal, state or local tax withholding obligation relating to the exercise or acquisition of Common Stock under a Stock Award by any of the following means (in addition to the Company's right to withhold from any compensation paid to the Participant by the Company) or by a combination of such means: (i) tendering a cash

payment; (ii) authorizing the Company to withhold shares of Common Stock from the shares of Common Stock otherwise issuable to the Participant as a result of the exercise or acquisition of Common Stock under the Stock Award; *provided, however*, that no shares of Common Stock are withheld with a value exceeding the minimum amount of tax required to be withheld by law (or such lesser amount as may be necessary to avoid variable award accounting); or (iii) delivering to the Company owned and unencumbered shares of Common Stock.

(g) Foreign Employees. Without amending the Plan, the Board may grant Stock Awards to eligible Employees, Directors and Consultants who are foreign nationals on such terms and conditions different from those specified in this Plan as may in the judgment of the Board be necessary or desirable to foster and promote achievement of the purposes of the Plan, and, in furtherance of such purposes the Board may make such modification, amendments, procedures, subplans and the like as may be necessary or advisable to comply with provisions of laws in other countries in which the Company operates or has Employees, Directors and Consultants.

(h) Indemnification. In addition to such other rights of indemnification as they may have and subject to limitations of applicable law, the members of the Board shall be indemnified by the Company against all costs and expenses reasonably incurred by them in connection with any action, suit or proceeding to which they or any of them may be a party by reason of any action taken or failure to act under or in connection with the Plan or any rights granted thereunder and against all amounts paid to them in settlement thereof or paid by them in satisfaction of a judgment of any such action, suit or proceeding. The Board member or members shall notify the Company in writing, giving the Company an opportunity at its own cost to defend the same before such Board member or members undertake to defend the same on their own behalf.

12. Adjustments upon Changes in Stock.

(a) Capitalization Adjustments. If any change is made in, or other event occurs with respect to, the Common Stock subject to the Plan or subject to any Stock Award without the receipt of consideration by the Company (through merger, consolidation, reorganization, recapitalization, reincorporation, stock dividend, dividend in property other than cash, stock split, liquidating dividend, combination of shares, exchange of shares, change in corporate structure or other transaction not involving the receipt of consideration by the Company (each a Capitalization Adjustment)), the Plan will be appropriately adjusted in the class(es) and maximum number of securities subject to the Plan pursuant to Sections 4(a) and 4(c) and the maximum number of securities subject to award to any person pursuant to Section 5(c), and the outstanding Stock Awards will be appropriately adjusted in the class(es) and number of securities and price per share of Common Stock subject to such outstanding Stock Awards. The Board shall make such adjustments, and its determination shall be final, binding and conclusive. (The conversion of any convertible securities of the Company shall not be treated as a transaction without receipt of consideration by the Company.)

(b) Dissolution or Liquidation. In the event of a dissolution or liquidation of the Company, then all outstanding Stock Awards shall terminate immediately prior to the completion of such dissolution or liquidation, and shares of Common Stock subject to the

Company's repurchase option may be repurchased by the Company notwithstanding the fact that the holder of such stock is still in Continuous Service.

(c) Corporate Transaction. In the event of a Corporate Transaction, any surviving corporation or acquiring corporation may assume or continue any or all Stock Awards outstanding under the Plan or may substitute similar stock awards for Stock Awards outstanding under the Plan (it being understood that similar stock awards include, but are not limited to, awards to acquire the same consideration paid to the stockholders or the Company, as the case may be, pursuant to the Corporate Transaction), and any reacquisition or repurchase rights held by the Company in respect of Common Stock issued pursuant to Stock Awards may be assigned by the Company to the successor of the Company (or the successor's parent company), if any, in connection with such Corporate Transaction. In the event that any surviving corporation or acquiring corporation does not assume or continue any or all such outstanding Stock Awards or substitute similar stock awards for such outstanding Stock Awards, then with respect to Stock Awards that have been not assumed, continued or substituted and that are held by Participants whose Continuous Service has not terminated prior to the effective time of the Corporate Transaction, the vesting of such Stock Awards (and, if applicable, the time at which such Stock Awards may be exercised) shall (contingent upon the effectiveness of the Corporate Transaction) be accelerated in full to a date prior to the effective time of such Corporate Transaction as the Board shall determine (or, if the Board shall not determine such a date, to the date that is five (5) days prior to the effective time of the Corporate Transaction), the Stock Awards shall terminate if not exercised (if applicable) at or prior to such effective time, and any reacquisition or repurchase rights held by the Company with respect to such Stock Awards held by Participants whose Continuous Service has not terminated shall (contingent upon the effectiveness of the Corporate Transaction) lapse. With respect to any other Stock Awards outstanding under the Plan that have not been assumed, continued or substituted, the vesting of such Stock Awards (and, if applicable, the time at which such Stock Award may be exercised) shall not be accelerated, unless otherwise provided in a written agreement between the Company or any Affiliate and the holder of such Stock Award, and such Stock Awards shall terminate if not exercised (if applicable) prior to the effective time of the Corporate Transaction.

(d) Securities Acquisition. In the event of an acquisition by any Exchange Act Person of the beneficial Ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act, or comparable successor rule) of securities of the Company representing at least fifty percent (50%) of the combined voting power entitled to vote in the election of directors (other than an acquisition pursuant to Section 12(c) above), then with respect to Stock Awards held by Participants whose Continuous Service has not terminated, the vesting (and exercisability, if applicable) of such Stock Awards shall be accelerated in full.

13. Amendment of the Plan and Stock Awards.

(a) Amendment of Plan. The Board at any time, and from time to time, may amend the Plan. However, except as provided in Section 12(a) relating to Capitalization Adjustments, no amendment shall be effective unless approved by the stockholders of the Company to the extent stockholder approval is necessary to satisfy the requirements of Section 422 of the Code or the listing requirements of the national exchange.

(b) Stockholder Approval. The Board, in its sole discretion, may submit any other amendment to the Plan for stockholder approval, including, but not limited to, amendments to the Plan intended to satisfy the requirements of Section 162(m) of the Code and the regulations thereunder regarding the exclusion of performance-based compensation from the limit on corporate deductibility of compensation paid to Covered Employees.

(c) Contemplated Amendments. It is expressly contemplated that the Board may amend the Plan in any respect the Board deems necessary or advisable to provide eligible Employees with the maximum benefits provided or to be provided under the provisions of the Code and the regulations promulgated thereunder relating to Incentive Stock Options and/or to bring the Plan and/or Incentive Stock Options granted under it into compliance therewith.

(d) No Impairment of Rights. Rights under any Stock Award granted before amendment of the Plan shall not be impaired by any amendment of the Plan unless (i) the Company requests the consent of the Participant and (ii) the Participant consents in writing.

(e) Amendment of Stock Awards. The Board at any time, and from time to time, may amend the terms of any one or more Stock Awards; *provided, however*, that the rights under any Stock Award shall not be impaired by any such amendment unless (i) the Company requests the consent of the Participant and (ii) the Participant consents in writing.

14. Termination or Suspension of the Plan.

(a) Plan Term. The Board may suspend or terminate the Plan at any time. Unless sooner terminated, the Plan shall terminate on April 4, 2017. No Stock Awards may be granted under the Plan while the Plan is suspended or after it is terminated.

(b) No Impairment of Rights. Suspension or termination of the Plan shall not impair rights and obligations under any Stock Award granted while the Plan is in effect except with the written consent of the Participant.

15. No Authority to Reprice.

Without the consent of the stockholders of the Company, except as provided in Section 12(a), the Administrator shall have no authority to effect either (i) the repricing of any outstanding Options under the Plan or (ii) the cancellation of any outstanding Options under the Plan and the grant in substitution therefor of new Options under the Plan covering the same or different numbers of shares of Common Stock.

16. Effective Date of Plan.

The amended and restated Plan shall become effective as determined by the Board, but no Stock Award shall be exercised (or, in the case of Stock Awards other than Options, shall be granted) unless and until the Plan has been approved by the stockholders of the Company, which approval shall be within twelve (12) months before or after the date the Plan is adopted by the Board.

17. Choice of Law.

The law of the State of Delaware shall govern all questions concerning the construction, validity and interpretation of this Plan, without regard to such state's conflict of laws rules.
