**PROXY STATEMENT
FOR
ANNUAL MEETING OF SHAREHOLDERS
TO BE HELD JUNE 5, 2002**

Marex, Inc., a Florida corporation (the Company), is furnishing this Proxy Statement to its shareholders in connection with the solicitation of proxies to be voted at an Annual Meeting of Shareholders (the Annual Meeting) of the Company to be held on Wednesday, June 5, 2002, at 10:00 a.m. Proxies will be used for the following purposes: (1) to elect directors of the Company, each to serve until the 2003 Annual Meeting or until his successor has been duly elected and qualified; (2) to ratify the appointment of Kaufman, Rossin & Co., P.A. as independent certified public accountants of the Company for the year ending December 31, 2002; and (3) to transact any other business that properly comes before the Annual Meeting or any adjournments or postponements thereof. The approximate date on which this Proxy Statement and accompanying form of proxy will first be sent to the Company's shareholders is April 30, 2002.

THIS SOLICITATION IS MADE ON BEHALF OF THE COMPANY BY THE BOARD OF DIRECTORS OF THE COMPANY (the Board of Directors or the Board). Costs of the solicitation will be paid by the Company. The Company will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy material to shareholders.

Holders of record of Common Stock, par value \$.01 per share (the Common Stock), and of Series A1 Convertible Preferred Stock, par value \$.01 per share (the Preferred Stock), of the Company as of the close of business on March 28, 2002 are entitled to receive notice of, and to vote at, the Annual Meeting. The outstanding Common Stock and Preferred Stock are the only classes of securities of the Company entitled to vote at the Annual Meeting. Each share of Common Stock entitles its holder to one vote and each share of Preferred Stock entitles its holder to 7.69 votes. Shareholders are not permitted to cumulate their shares for the purpose of voting. At the close of business on March 28, 2002, there were 7,635,848 shares of Common Stock issued and outstanding and 301,750 shares of Preferred Stock outstanding.

Unless contrary instructions are indicated on the proxy, all shares represented by valid proxies received in time to be voted at the Annual Meeting (and not revoked before they are voted) will be voted FOR (i) the election of the three (3) nominees for director recommended by the Board and (ii) the ratification of the appointment of Kaufman, Rossin & Co., P.A. as independent certified public accountants of the Company for the year ending December 31, 2002. If any other business properly comes before the Annual Meeting and is submitted to a vote of shareholders, then proxies received by the Board of Directors will be voted in accordance with the best judgment of the designated proxy holders. A shareholder may revoke his or her proxy at any time before exercise by delivering to the Secretary of the Company a written notice of such revocation, by filing with the Secretary of the Company a duly executed proxy bearing a later date, or by voting in person at the Annual Meeting.

Shares represented by proxies that reflect abstentions or broker non-votes (i.e., shares held by a broker or nominee which are represented at the Annual Meeting, but with respect to which such broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum. Directors will be elected by a favorable vote of a plurality of the shares cast at the Annual Meeting, providing a quorum is present. The three nominees who receive the greatest number of votes cast in this manner will become directors upon the tabulation of votes. The ratification of the appointment of Kaufman, Rossin & Co., P.A. as independent certified public accountants of the Company for the year ending December 31, 2002, and all other proposals which properly come before the Annual Meeting will be approved by a favorable vote where the number of shares voted for the proposal exceed the number of shares voted against said proposal at the Annual Meeting, providing that a quorum is present.

SECTION 16(A)

BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

The Company believes that during 2001 all filing requirements applicable to the officers, directors and beneficial 10% shareholders of the Company under Section 16(a) of the Securities Exchange Act of 1934 were complied with, except that one officer, Edward H. Codispoti, and one director, Michael A. Cusumano, made late filings on Form 3 upon becoming subject to section 16(a).

REPORT OF THE AUDIT COMMITTEE

In accordance with its written charter adopted by the Board of Directors on May 25, 2000, the Audit Committee assists the Board of Directors in fulfilling its responsibility for oversight of the quality and integrity of the accounting, auditing and financial reporting practices of the Company. The Audit Committee relies on the work and assurances of the Company's management, which is responsible for the financial statements and the financial reporting process, and of the independent auditors whose report expresses an opinion on the conformity of the Company's audited financial statements to accounting principles generally accepted in the United States.

The Audit Committee reviewed and discussed the Company's financial statements with management and the independent auditors prior to their issuance. Management advised the Audit Committee that the Company's financial statements were prepared in accordance with accounting principles generally accepted in the United States. The Audit Committee also discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

The Audit Committee received from the independent auditors the written disclosures required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), and discussed with the independent auditors their independence from Marex and its management. The Audit Committee has also considered whether the independent auditors' provision of non-audit services to Marex is compatible with the auditors' independence. Based on the work described above, the Audit Committee confirmed the independence of the Company's auditors.

In reliance on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board of Directors has approved, that Marex's audited financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2001, for filing with the Securities and Exchange Commission.

REPORT OF THE COMPENSATION COMMITTEE

The executive compensation program of Marex, Inc. is designed to: (i) attract and retain high-performing executives; (ii) focus executives on increasing shareholder value by awarding them stock-based compensation directly linked to improvements in shareholder return; (iii) compensate executives based on the Company's performance relative to its competitors and improvements in the Company's performance over time; and (iv) create a performance-oriented environment in which executives can earn increased levels of compensation by achieving superior annual and long-term business results.

The compensation program for executive officers consists of three principal elements: (i) salaries; (ii) discretionary bonuses; and (iii) stock options. The compensation program is designed to set total compensation opportunity (salary, annual bonus and stock options) at a level that is competitive with the median level of total compensation paid to similarly positioned executives at comparable companies. The Compensation Committee believes that this three-part approach best serves the interest of the Company and its stockholders. It enables the Company to meet the requirements of the highly competitive environment in which it operates in while ensuring the achievement of short-term and long-term goals.

Salaries - The Compensation Committee reviews salaries annually. Salaries are based on the competitive marketplace for comparable jobs. Individual salaries are determined by the Compensation Committee after evaluating the executive's experience, level and scope of responsibility within the Company, and individual performance.

Bonus - Annual discretionary bonus opportunities induce executive officers to achieve financial and strategic goals, which are directly linked with the development of the Company. Under the bonus plan, the Compensation Committee determines the amount of the bonus based on the achievement of financial and strategic goals and other relevant factors. Among factors to be considered by the Compensation Committee is the recommendation of the Chief Executive Officer with respect to the compensation of the Company's key executive officers.

Stock Options - The Company awards stock options to better align the interests of its executive officers with those of its shareholders in increasing shareholder value. Stock options are granted at no less than 100% of the fair market value of the Company's Common Stock on the date of grant and vest over a four-year period. Because stock options provide value only in the event of share price appreciation, the Compensation Committee believes stock options represent an important component of the Company's executive compensation program.

The Company's Chief Executive Officer's annual salary was increased pursuant to an employment agreement that was effective January 1, 1999.

COMPENSATION COMMITTEE
