SAFE HARBOR STATEMENT UNDER THE PRIVATE SECURITIES LITIGATION REFORM ACT OF 1995

Except for the historical information contained in this report, certain matters discussed in Management's Discussion and Analysis are forward looking statements which involve risks and uncertainties including, but not limited to statements regarding Consulier's planned capital expenditure requirements, cash and working capital requirements. Consulier's expectations regarding the adequacy of current financing arrangements, product demand and market growth, other statements regarding future plans and strategies, anticipated events or trends, and similar expressions concerning matters are not historical facts. It should be noted that Consulier's actual results could differ materially from those contained in such forward looking statements mentioned above due to adverse changes in any number of factors that affect Consulier's business including, without limitation, risks associated with investing in ST, LLC, BioSafe and AVM and the marketing of Consulier's Captain CRA-Z Soap products, manufacturing and supply risks, reliance upon distributors, regulatory risks, risks of expansion, product liability and other risks described herein.

AMENDMENT TO FORM 10-QSB/A

Pursuant to this Form 10-QSB/A the registrant amends "Part I Financial Information, Item 1. Financial Statements" in its quarterly Form 10-QSB for the quarterly period ended June 30, 2003. The financial statements reflect the presentation of the operations of Southeast Automotive as discontinued operations according to SFAS Number 144 for all periods presented including disclosures required by Paragraph 47 of SFAS Number 144. The Company has also recorded an additional loss of \$726,222 from its investment in Systems Technology, LLC, as described in Note 4, which was due to a change and clarification of the allocation of losses as reflected in the operating agreement of the limited liability company, effective April 1, 2003. The total effect of the restatement was to increase undistributed loss of equity investees and decrease limited partnership interests by \$726,222. Accordingly, the provision for federal income taxes was adjusted to reflect the changes to the operating agreements. The Company also adjusted the gain on sale of discontinued operations and recorded the Company's stock received from the sale of discontinued operations as treasury stock on the accompanying condensed consolidated balance sheet as of June 30, 2003.

Accordingly, they do not include all of the information and footnotes required by accounting principles generally accepted in the United States of America for complete financial statements. However, management believes the accompanying unaudited condensed interim consolidated financial statements contain all adjustments, consisting of only normal recurring adjustments, necessary to present fairly the consolidated financial position of the Company as of June 30, 2003 and the results of their operations for the three and six months ended June 30, 2003 and 2002 and cash flows for the six months ended June 30, 2003 and 2002. The results of operations and cash flows for the periods are not necessarily indicative of the results of operations or cash flows that can be expected for the year ending December 31, 2003. For further information, refer to the consolidated financial statements and footnotes thereto included in the Company's annual report on Form 10-KSB for the year ended December 31, 2002.

Reclassifications

In order to maintain consistency and comparability between periods presented, certain amounts have been reclassified from the previously reported condensed interim consolidated financial statements in order to conform to the financial statement presentation of the current period.

Basis of Consolidation

The condensed consolidated financial statements include CONSULIER ENGINEERING, INC. (the "Company" or "Consulier"), and its wholly-owned subsidiaries, CONSULIER BUSINESS SERVICES, INC., ("CBSI") and C-6 PRODUCTS, INC ("C-6"), as well as SOUTHEAST AUTOMOTIVE ACQUISITION CORP. Actual results could differ from those estimates.

CONSULIER ENGINEERING, INC. AND SUBSIDIARIES NOTES TO THE UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS AS OF JUNE 30, 2003

NOTE 1. BASIS OF PRESENTATION (CONTINUED)

Income Taxes

The income tax provision differs from the expected Federal statutory rates due primarily to the reversal of deferred tax assets related to the divestiture of Southeast (Note 2).

Amendment to Original 10-QSB

Pursuant to this Form 10-QSB/A the registrant amends "Part I Financial Information, Item 1. Financial Statements" in its quarterly Form 10-QSB for the quarterly period ended June 30, 2003. The financial statements reflect the presentation of the operations of Southeast Automotive as discontinued operations according to SFAS Number 144 for all periods presented including disclosures required by Paragraph 47 of SFAS Number 144.

The Company has recorded an additional loss from its investment in Systems Technology, LLC, as described in Note 4, which was due to a change and clarification of the allocation of losses as reflected in the operating agreement of the limited liability company, effective April 1, 2003. Accordingly, the provision for federal income taxes was adjusted to reflect the changes mentioned above. The Company also adjusted the gain on sale of discontinued operations and recorded the Company's stock received from the sale of discontinued operations as treasury stock on the accompanying condensed consolidated balance sheet as of June 30, 2003.

NOTE 2. DISCONTINUED OPERATIONS

On December 31, 2002, the Company sold 70% of the common stock of its wholly-owned subsidiary, Southeast, to executive officers of Southeast, in exchange for 45,000 shares of the Company's common stock, and a promissory note (the "Note") of approximately \$1,600,000 payable to the Company by Southeast for its pre-existing debt to the Company, collateralized by Southeast's assets, the common stock in Southeast and the purchasers' personal guarantees, limited to the cash in Southeast at December 31, 2002 of approximately \$228,000. The note bears interest at 6% and is payable in monthly installments of principal and interest of approximately \$9,600 beginning February 20, 2003.

On June 29, 2003, the Company transferred its remaining 30% of the common stock of Southeast to the former executive officers of Southeast in consideration of their agreement to change the method of calculating the purchase price of the seventy percent of common stock of Southeast and their agreement to amend the

Edgar Filing: CONSULIER ENGINEERING INC - Form 10QSB/A

note to reflect an original principal balance of \$1,764,581 with a term of 40 years from June 20, 2003, with a balloon payment of \$206,916 due on May 20, 2043; the remaining terms of the note were unchanged. On June 30, 2003, the Company sold and assigned the note to the majority stockholder of Consulier, together with its security interest for the consideration of \$1,762,575, the then current unpaid principal balance and accrued interest due on the note.

Based on capital and earnings distributions provided in the partnership agreement, Consulier was allocated approximately 8% of AVM's earnings during the three-month and six-month periods ended June 30, 2003 and 2002. Under the partnership agreement, Consulier may withdraw all or any portion of its capital account upon 30 days written notice. NOTE 4. PARTNERSHIP AND LLC INTERESTS (CONTINUED)

SYSTEMS TECHNOLOGIES, LLC

During August 2002 the Company purchased a 14.25% interest in Systems Technologies, LLC, a Nevada limited liability company (ST, LLC). During the six months ended June 30, 2003, the Company made additional contributions of \$1,585,000 to increase its investment in ST, LLC. As of June 30, 2003, the Company's interest in ST, LLC totaled 29%. ST, LLC is a member of Patient Care Technology Systems, LLC, a California limited liability company (PCTS). ST, LLC's primary asset is its approximate 60% (at June 30, 2003) investment in PCTS. The original agreement provides that the losses from ST, LLC are allocated to ST, LLC principal shareholders. Effective April 1, 2003, the agreement was amended and stipulates that the Company receives allocated losses to the extent that the Company has made capital contributions during the current year or since inception. Consequently, the loss allocated to the Company is greater than 29%. The Company's principal shareholder owns approximately 46% of ST, LLC, and together with the Company's 29%, the ownership aggregates 75%. The Company can require the Company's principal shareholder to purchase its interest in ST, LLC for cash equal to the Company's capital account balance in ST, LLC at any time with 60 days written notice. Management has evaluated ST, LLC's projections and related assumptions regarding their operations. In this regard, management periodically compares actual results to these projections. Should actual results be significantly less than the projection a write down might be necessary. Following is a summary of the results of operations of ST, LLC and the losses allocated to the Company:

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION

RESULTS OF OPERATIONS

THE FOLLOWING COMPARES THE RESULTS OF OPERATIONS FOR THE THREE AND SIX MONTHS ENDED JUNE 30, 2003 TO THE THREE AND SIX MONTHS ENDED JUNE 30, 2002:

During the quarter ended June 30, 2003, sales increased \$17,048 from the comparable amounts recorded during the quarter ended June 30, 2002. Net loss from continuing operations for the three months ended June 30, 2003 was \$330,331, or (\$0.07) per share, compared to net income of \$173,023, or \$0.03 per share, for the three months ended June 30, 2002 from continuing operations.

Investment income from AVM Limited, Inc. increased by approximately \$434,000 for the three months ended June 30, 2003 as compared with the three months ended

Edgar Filing: CONSULIER ENGINEERING INC - Form 10QSB/A

June 30, 2002. However, the undistributed loss from equity investees increased by more than \$1,060,000 for the same period. That coupled with the increase in selling general administrative expenses resulted in the loss from continuing operations.

AUTOMOTIVE PARTS DISTRIBUTION - Because of the assignment of the note on the disposition of the Southeast Automotive Parts Distribution subsidiary, all financial information is disclosed as discontinued operations. A \$97,564 gain on the disposal of subsidiary (net of income tax) was recorded in the second quarter 2003.

HOUSEHOLD AND TOOL PRODUCTS - C-6 incurred a net loss of \$5,277 in the second quarter of 2003, compared to a net loss of \$6,188 in the second quarter of 2002.

INVESTMENT IN AVM - Investment income from Consulier's AVM limited partnership interest was \$772,154 in the second quarter of 2003, a 129% increase from the comparable 2002 quarter's income of \$337,797. This represents annualized returns of 132% and 61%, respectively, on Consulier's average investment during each quarter.

INVESTMENT IN BIOSAFE - Equity in the loss of BioSafe was \$43,374 in the second quarter of 2003, compared to 2002 quarter's income of \$9,000. This represents the Company's 40% interest in BioSafe's net loss of approximately \$108,000 in the second quarter of 2003, compared to income of \$22,000 in the second quarter of 2002.

INVESTMENT IN ST, LLC - Equity in the loss of ST, LLC was \$1,009,267, in the second quarter of 2003. The company did not own an interest in ST, LLC in the second quarter of 2002.

CONSULIER ENGINEERING, INC. AND SUBSIDIARIES

LIQUIDITY AND CAPITAL RESOURCES

At June 30, 2003, Consulier's cash totaled \$2,076,321 as compared to \$262,303 at December 31, 2002. Net cash used by operations was \$564,025 for the second three months of 2003 compared to \$724,522 of net cash used in the second three months of 2002. Net cash used by investing activities was primarily additional investment in ST, LLC of \$1,585,000 offset by the distribution of \$1,384,932 from AVM.

The ability of Consulier to continue to generate cash flow in excess of its normal operating requirements depends almost entirely on the performance of its limited partnership investment in AVM. Consulier cannot, with any degree of assurance, predict whether there will be a continuation of the net return experienced in the period that the AVM limited partnership interest has been owned. However, Consulier does not expect that the rate of return will decline to the point where Consulier has negative cash flow. Furthermore, although AVM has given Consulier no indication of any intention on its part to redeem the partnership interest, there can be no assurance that AVM will not do so in the future.

FUTURE OUTLOOK

Based on AVM's recent operations and operating results over the past five years, management expects continued annualized returns in 2003 on Consulier's limited partnership investments. However, there is no guarantee that the annualized return of 132% in the second quarter of 2003 will be maintained.

The Company has developed a new formula for its Captain Cra-z Hand and All Purpose Soap and is expecting its first delivery of soap based on this formula from its new domestic manufacturer in the fourth quarter of 2003. Design changes to packaging to better serve the industrial as well as retail markets will be implemented and launched with the new formula.

The Company has formed a new wholly owned subsidiary, Consulier International, Inc. to market its Captain Cra-z Hand and All Purpose Soap, as well as its future products and to develop new retail and distribution outlets nationally and internationally. Specifics of Consulier International Inc.'s marketing plan have not been finalized. Clark T. Feezell, formerly Regional Manager for Ferguson Enterprise, Inc., a division of Wosleley, PLC (NYSE:WOS) will head Consulier International, Inc. which will start operations during the fourth quarter of 2003.

The Company intends to substantially increase its investment in ST, LLC over the next three to five years. While the exact amount of the Company's future investment has not been quantified at this time, it is expected that the investment will be between \$5 million and \$7 million. The exact amount will be based upon market acceptance of PCTS's Amelior products and the need for investment funds.
