PROXY STATEMENT

ANNUAL MEETING OF SHAREHOLDERS

To be Held April 29, 2004

The 2004 Annual Meeting of Shareholders of ChoicePoint Inc. (ChoicePoint or the Company) will be held on April 29, 2004, at ChoicePoint's corporate headquarters, located at 1000 Alderman Drive, Alpharetta, Georgia 30005, beginning promptly at 10:00 a.m., local time. The enclosed form of proxy is solicited by our board of directors. It is anticipated that this proxy statement and the accompanying proxy card will first be mailed to holders of our common stock on or about March 19, 2004.

ABOUT THE MEETING

Why am I receiving this proxy statement and proxy card?

You are receiving this proxy statement and proxy card because you own shares of common stock in ChoicePoint Inc. This proxy statement describes issues on which we would like you, as a shareholder, to vote. It also gives you information on these issues so that you can make an informed decision.

When you vote you appoint Derek V. Smith, Douglas C. Curling and David W. Davis as your representatives at the annual meeting. Messrs. Smith, Curling and Davis will vote your shares, as you have instructed them on the proxy card, at the annual meeting. This way, your shares will be voted whether or not you attend the annual meeting. Even if you plan to attend the annual meeting, it is a good idea to vote in advance of the annual meeting in case your plans change.

If an issue comes up for vote at the annual meeting that is not on the proxy card, Messrs. Smith, Curling and Davis will vote your shares, under your proxy, in accordance with their best judgment.

What am I voting on?

You are being asked to vote on (1) the election of one director for a term expiring in 2005 and two directors for terms expiring in 2007, (2) approval of the ChoicePoint Inc. Deferred Compensation Plan and (3) the ratification of the appointment of Deloitte & Touche LLP as independent public accountants. No cumulative voting rights are authorized and dissenters' rights are not applicable to these matters.

Who is entitled to vote?

Shareholders as of the close of business on March 10, 2004 are entitled to vote. This is referred to as the record date. Each share of common stock is entitled to one vote.

How do I vote?

You may vote by mail. You do this by signing your proxy card and mailing it in the enclosed, prepaid and addressed envelope.

You may vote by telephone. You do this by calling the toll-free telephone number on your proxy card or vote instruction form on a touch-tone phone. Be sure to have your proxy card or vote instruction form available. If you hold your shares in the name of a bank or broker, your ability to vote by telephone depends on their voting processes. Please follow the directions on your proxy card carefully.

Table of Contents

You may vote by the Internet. You do this by visiting the Internet site at [HTTP://WWW.VOTEFAST.COM](http://WWW.VOTEFAST.COM). If you hold your shares in the name of a bank or broker, your ability to vote by the Internet depends on their voting processes. Please follow the directions on your proxy card carefully.

You may also vote in person at the annual meeting. Written ballots will be available to anyone who wants to vote at the annual meeting. If you hold your shares in street name (through a broker or other nominee, such as a bank), you must request a legal proxy from your stockbroker in order to vote at the annual meeting.

How many shares represented do you need to hold the annual meeting?

As of March 10, 2004, 88,027,634 shares of common stock were issued and outstanding. Holders of a majority of the outstanding shares as of the record date, equal to 44,013,818 shares, must be present at the annual meeting either in person or by proxy in order to hold the meeting and conduct business. This is called a quorum.

What does it mean if I receive more than one proxy card?

It means that you have multiple accounts at the transfer agent and/or with brokers. Please vote all proxy cards to ensure that all your shares are voted. You may wish to consolidate as many of your transfer agent or brokerage accounts as possible under the same name and address for better customer service.

What if I change my mind after I return my proxy?

You may revoke your proxy and change your vote at any time before the polls close at the meeting. You may do this by:

sending written notice to our corporate secretary at 1000 Alderman Drive, Alpharetta, Georgia 30005;

signing another proxy with a later date; or

voting again at the annual meeting.

How may I vote for the nominees for election of director?

With respect to the election of nominees for director, you may:

vote FOR the election of the three nominees for director;

WITHHOLD AUTHORITY to vote for the three nominees; or

WITHHOLD AUTHORITY to vote for one or more of the nominees and vote FOR the remaining nominee or nominees.

How many votes must the nominees for election as director receive to be elected?

If a quorum is present at the meeting, the nominee that receives the greatest number of affirmative votes of the nominees for a term expiring in 2005 and the two nominees receiving the greatest number of affirmative votes of all nominees for a term expiring in 2007, known as a plurality, will be elected to serve as directors. Shares that are not voted and shares for which votes are withheld will not affect the outcome of the election for directors. Withholding authority to vote for a particular nominee will not prevent that nominee from being elected.

Table of Contents

What happens if a nominee is unable to stand for election?

The board of directors may, by resolution, provide for a lesser number of directors or designate a substitute nominee. In the latter event, shares represented by proxies may be voted for a substitute nominee.

How may I vote for approval of the ChoicePoint Inc. Deferred Compensation Plan?

With respect to the proposal to approve the ChoicePoint Inc. Deferred Compensation Plan, you may:

vote FOR the proposal;

vote AGAINST the proposal; or

ABSTAIN from voting on the proposal.

How many votes must the approval of the ChoicePoint Inc. Deferred Compensation Plan receive to pass?

If a quorum is present at the annual meeting, the approval of the ChoicePoint Inc. Deferred Compensation Plan must receive the affirmative vote of a majority of the votes cast on this proposal. Abstentions are neither counted as votes cast for or against this proposal and, as a result, have no effect on the outcome of the vote.

How may I vote for the ratification of the appointment of the independent public accountants?

With respect to the proposal to ratify the appointment of Deloitte & Touche LLP as ChoicePoint's independent public accountants for fiscal year 2004, you may:

vote FOR ratification;

vote AGAINST ratification; or

ABSTAIN from voting on the proposal.

How many votes must the ratification of the appointment of the independent public accountants receive to pass?

If a quorum is present at the annual meeting, the ratification of the appointment of the independent public accountants must receive the affirmative vote of a majority of the votes cast on this proposal. Abstentions are neither counted as votes cast for or against this proposal and, as a result, have no effect on the outcome of the vote.

What happens if I sign and return my proxy card but do not provide voting instructions?

If you return a signed proxy card but do not provide voting instructions, your shares will be voted FOR the three named director nominees and FOR the ratification of the appointment of the independent public accountants and FOR the ChoicePoint Inc. Deferred Compensation Plan. If you mark your voting instructions on the proxy card, your shares will be voted as you instruct.

Will my shares be voted if I do not sign and return my proxy card?

If your shares are held in street name, your brokerage firm may vote your shares under certain circumstances. These circumstances include certain routine matters, such as the election of directors and the ratification of independent public accountants. Therefore, if you do not vote your proxy, your brokerage firm may either vote your shares on routine matters or leave your shares unvoted. When a brokerage firm votes its customers' unvoted shares on routine matters, these shares are also counted for purposes of establishing a quorum to conduct business at the meeting.

Table of Contents

A brokerage firm cannot vote customers' shares on non-routine matters such as the approval of the ChoicePoint Inc. Deferred Compensation Plan. Therefore, if your shares are held in street name and you do not vote your proxy, your shares will not be voted on this non-routine matter. These broker non-votes are counted for purposes of establishing a quorum; however, they are neither counted as votes cast for or against a matter presented for shareholder consideration and, as a result, have no effect on the outcome of the vote.

Where do I find the voting results of the meeting?

We will announce preliminary voting results at the meeting and will publish the final results in our quarterly report on Form 10-Q for the second quarter of fiscal 2004. The report will be filed with the Securities and Exchange Commission (the SEC), and you will be able to get a copy by contacting our corporate secretary at (770) 752-6000, the SEC at (800) SEC-0330 for the location of the nearest public reference room, through our web site at www.choicepoint.com or the SEC's EDGAR system at www.sec.gov.

CORPORATE GOVERNANCE

The ChoicePoint board of directors represents the shareholders' interests in achieving a successful business and increasing shareholder value in long-term financial returns and has always been committed to the highest level of corporate governance. The board has a responsibility to its shareholders, employees, customers, and to the communities where it operates, to ensure that the Company operates with the highest professional, ethical, legal and socially responsible standards and to use information responsibly to create a safer, more secure society.

Since becoming a public company, the ChoicePoint board of directors has always been comprised of a majority of independent directors, as now required by the New York Stock Exchange listing standards. In July 2002, the board of directors created the position of lead director, whose primary responsibility is to preside over the regular executive sessions of the board of directors in which management directors and other members of management do not participate. The non-management directors elected Thomas M. Coughlin as lead director to preside over the executive sessions.

The board of directors has determined that all of the directors are independent under the New York Stock Exchange listing standards, with the exception of Derek V. Smith and Douglas C. Curling, both of whom are considered inside directors because of their employment with the Company.

The ChoicePoint Corporate Governance Guidelines incorporate the practices and policies under which the board has operated, including the requirement that a substantial majority of directors be outside, independent directors and that the audit committee, management compensation and benefits committee (the compensation committee) and the corporate governance and nominating committee be comprised entirely of independent directors. Principal topics addressed by the Corporate Governance Guidelines include:

Board composition, including board size, independence of directors, number of independent directors, lead director position and succession planning;

Board functions, including executive sessions of non-employee directors, length of board service, access to management, board retirement and management development and succession planning; and

Board committees, including responsibilities for each committee, nomination and selection of directors, director compensation, board assessment, chief executive officer evaluation and retention of independent advisors.

The corporate governance and nominating committee will periodically review and amend the Corporate Governance Guidelines as needed. A copy of the ChoicePoint Inc. Code of Conduct, Code of Ethics for Senior Financial Officers and Business Unit Leaders, the Corporate Governance Guidelines and

charters for the audit committee, management compensation and benefits committee and corporate governance and nominating committee may be found on the Company's web site at www.choicepoint.com. Copies will be provided to shareholders who request a copy in writing to the Corporate Secretary, ChoicePoint Inc., 1000 Alderman Drive, Alpharetta, Georgia 30005.

The corporate governance and nominating committee will consider nominees recommended by the board of directors, management and shareholders. The corporate governance and nominating committee is authorized to retain third-party executive search firms to identify candidates.

The corporate governance and nominating committee will consider certain factors when selecting board candidates, including, but not limited to, the current composition and diversity of skills of the board, expertise and experience of a director leaving the board, expertise required for a particular board committee or if there is a corporate need for specific skills. The corporate governance and nominating committee applies the following guidelines when considering a prospective candidate for the board:

A desire to serve on the board primarily to contribute to the growth and prosperity of ChoicePoint and help create long-term value for its shareholders;

Individuals who possess the highest personal and professional ethics, integrity and values;

Business or professional knowledge and experience that will contribute to the effectiveness of the board and the committees of the board, and will replace, when possible, important attributes possessed by directors who have retired or will retire in the near future;

The ability to understand and exercise sound judgment on issues related to the goals of ChoicePoint;

A willingness and ability to devote the time and effort required to serve effectively on the board, including preparation for and attendance at board and committee meetings;

An understanding of the interests of shareholders, customers, employees and the general public, the intention and ability to act in the interests of all shareholders and an understanding of the use of information to help create a safer, more secure society;

A position of leadership in his or her field of endeavor which may include business, government, community or education; and

Free of interests or affiliations that could give rise to a biased approach to directorship responsibilities and/or a conflict of interest, and free of any material business relationship with ChoicePoint except for the employment relationship of an inside director.

A specific area of business expertise that will best benefit the Company will be identified by the corporate governance and nominating committee and based on this determination, and the criteria required for potential nominees, candidates possessing the targeted skills and requirements will be selected. Once a prospective nominee has been identified, the chairman of the board will initiate discussions with a prospective candidate and make appropriate recommendations to the corporate governance and nominating committee. The corporate governance and nominating committee will consider the qualifications of the potential candidate and make a recommendation to the full board. Candidates are subject to ChoicePoint's background screening process.

Any shareholder who wishes to recommend a prospective candidate for the board of directors for consideration by the corporate governance and nominating committee may do so by submitting the nominee's name and qualifications in writing to the following address: ChoicePoint Inc., 1000 Alderman Drive, Alpharetta, Georgia 30005, Attn: Corporate Secretary. The corporate governance and nominating committee does not intend to alter the manner in which it evaluates a nominee based on whether the nominee was recommended by a shareholder.

Shareholders wishing to communicate with the board of directors, any of its committees, or one or more individual directors regarding relevant business issues or who wish to make concerns regarding

ChoicePoint known to the non-employee directors as a group, should send all written communications to: ChoicePoint Inc., 1000 Alderman Drive, Alpharetta, Georgia 30005, Attn: Corporate Secretary. Written correspondence will be forwarded to the appropriate directors.

PROPOSAL NO. 1 ELECTION OF CHOICEPOINT DIRECTORS

The ChoicePoint board of directors has currently fixed the number of ChoicePoint directors at eleven. not a salaried officer or employee of ChoicePoint is compensated as follows. The non-employee chairman of the board of directors is paid an annual fee of \$40,000 for his or her services and an additional fee of \$2,500 for attendance at each meeting of the board of directors or a committee thereof. Until October 1, 2003, each other ChoicePoint non-employee director was paid an annual fee of \$32,000 for services as a director, an additional fee of \$1,000 for attendance at each meeting of the board of directors, and \$1,000 (or \$2,500 if designated as chairman) for attendance at each committee meeting. Effective October 1, 2003, ChoicePoint non-employee directors are paid an annual fee of \$40,000 for services as a director, an additional fee of \$1,500 for attendance at each meeting of the board of directors, and \$1,000 for attendance at each committee meeting. The chairman of the audit committee receives an annual fee of \$10,000 and each other committee chairman receives an annual fee of \$5,000. Derek V. Smith and Douglas C. Curling do not receive this compensation since they are salaried employees of ChoicePoint.

Until October 1, 2003, upon initial election to the board of directors, each ChoicePoint non-employee director received a one-time grant of restricted ChoicePoint common stock with a market value of \$25,000, which vests after 36 months or upon death or retirement from the board of directors, whichever occurs first. ChoicePoint non-employee directors also received annual stock option awards of 5,000 shares of ChoicePoint common stock and the non-employee chairman of the board of directors received annual stock option awards of 7,500 shares. The stock option awards vest after 24 months or upon the director's earlier death or retirement from the board of directors. Restricted stock and stock option awards were issued under the ChoicePoint stock incentive plans. Effective October 1, 2003, upon initial election to the board of directors, instead of a restricted stock grant, each ChoicePoint non-employee director now receives a one-time grant of share equivalent units with a market value of \$40,000 and in lieu of the annual stock option awards, non-employee directors now receive an annual award of 3,125 share equivalent units. The share equivalent units vest twelve months after cessation from service on the board. However, Messrs. Smith and Curling do not receive these awards because they are salaried employees of ChoicePoint.

ChoicePoint non-employee directors are eligible for participation in ChoicePoint's deferred compensation plan, pursuant to which each ChoicePoint non-employee director may elect to defer up to 100% of earned director cash compensation into accounts that are credited with earnings or losses based upon imputed investments in one or more of the following, as selected by the individual director: (a) the market value of, and any dividends on ChoicePoint common stock (common share equivalents), (b) a short-term income fund, (c) an equity index fund, or (d) a fixed income fund. Funds invested in common share equivalents may be redeemed only for cash on a fixed date or upon termination of service as a director, as elected in advance by the director. No director has voting or investment power with respect to the common share equivalents. A more complete description of the deferred compensation plan is included in this proxy statement under the heading Proposal No. 2 Approval of the ChoicePoint Inc. Deferred Compensation Plan.

**MANAGEMENT COMPENSATION AND BENEFITS COMMITTEE
REPORT ON EXECUTIVE COMPENSATION**

The compensation of ChoicePoint's executive officers is determined by the compensation committee of the board of directors. The compensation committee was established by the board of directors and is composed entirely of directors who are not, and have never been, officers or employees of ChoicePoint and who are otherwise independent directors under the New York Stock Exchange listing standards. The

Table of Contents

board of directors designates the members and the chairman of this committee. The compensation committee is responsible for all decisions regarding the compensation of the executive officers, including the chief executive officer, and for establishing and administering ChoicePoint's compensation and benefit policies and practices for the executive officers. The compensation committee is also responsible for the administration of the stock incentive plans.

The compensation philosophy adopted by the compensation committee at ChoicePoint's inception in 1997 was relied on from 1997 through the first half of 2003. The original compensation philosophy included a long-term incentive compensation approach that granted fair market value stock options, rather than restricted stock, as the primary type of award under the ChoicePoint Inc. 1997 Omnibus Stock Incentive Plan, but used no specific formula to determine grants and had no self-imposed limits on grant amounts.

In April 2003, the board of directors recommended and the shareholders approved the 2003 Omnibus Incentive Plan that included the following new long-term compensation standards:

No grant may provide for automatic reload rights;

Option rights may not be amended to reduce the option price;

Option price per share shall be no less than 100 percent of the fair market value; and

Limitation on the number of shares issued as restricted stock and deferred shares.

Following shareholder approval of the 2003 Omnibus Incentive Plan and consistent with the philosophy of the standards listed above, in 2003 the compensation committee stated its intention to limit the number of equity-based grants to an amount, in the aggregate in a given fiscal year, of no more than two percent of ChoicePoint's outstanding shares. Additionally, the compensation committee revised its approach to long-term incentive compensation to utilize a mixture of equity vehicles including performance-accelerated, performance-contingent and time-based grants of stock options, deferred shares and restricted stock, and placed limits on the amount of the aggregate annual equity-based grants that could be awarded in a given year to ChoicePoint's top two executives, the CEO and COO, at fifteen percent of the total equity-based grants in that year. The compensation committee intends that the earning of a significant portion of the awards in the future will be tied to performance and believes the revised compensation philosophy, including grant amount limitations and achievement of performance goals is properly aligned with the long-term interests of its shareholders.

The following report summarizes the philosophies, methods and recent revisions thereto that the compensation committee uses in establishing and administering ChoicePoint's executive compensation and incentive programs, including the development of compensation programs designed to provide key employees with ownership interests in ChoicePoint and motivation to build shareholder value.

Executive Compensation Policies

ChoicePoint's executive compensation policies are designed to attract and retain qualified executives, to reward individual achievement appropriately and to enhance the financial performance of ChoicePoint, and thus shareholder value, by significantly aligning the financial interests of ChoicePoint's executives with those of its shareholders. To accomplish these objectives, the executive compensation program is comprised of (1) base salary, (2) an annual variable cash incentive award, (3) long-term incentive compensation, consisting of restricted stock, deferred shares and fair market value stock options, and (4) other benefits that are intended to provide competitive capital accumulation opportunities and health, welfare and other fringe benefits. Base salary and annual bonuses are designed to recognize both individual performance and the achievement of corporate business objectives each year. The value of long-term incentives is directly linked to the performance of the ChoicePoint common stock. Executive officers also are eligible to participate in a variety of other benefit plans, including a deferred compensation plan, supplemental life and disability plans available to key officers and benefit plans available to employees.

Table of Contents

generally, including the ChoicePoint Inc. 401(k) Profit Sharing Plan (the "401(k) Plan") and health-related plans.

Decisions regarding the compensation of named executive officers are based upon (1) the policies described above, (2) ChoicePoint's operating performance, and (3) competitive practices for executive talent. In addition to these principles, the compensation committee uses experience and judgment in determining the mix and level of compensation. The compensation committee considers market practices and compensation information drawn from a broad range of companies, including, but not limited to, certain of the companies included in the industry indices used in the stock performance graph included in this proxy statement. The compensation committee's policy is to work with an outside consultant to provide ChoicePoint's officers with a competitive base salary and to offer variable performance-based elements that provide the named executive officers with the opportunity, when superior performance is achieved, to earn total compensation packages that are generally in the top quartile of similar titled positions for publicly traded companies.

Annual Salary and Incentive Bonuses

In determining the base salaries for ChoicePoint's named executive officers, the compensation committee takes into consideration each executive's experience and the responsibilities attendant to his position. Base salaries for the named executive officers are reviewed annually. In evaluating whether an adjustment to an executive's base salary is appropriate, factors such as the scope of the individual's job responsibilities and performance over the past year, as well as an assessment of how well the individual performed in meeting or exceeding the personal goals set for that individual for the applicable period, is considered. In 2003, the compensation committee accepted the request of Messrs. Smith and Curling that there be no increase in their base salaries.

The purpose of ChoicePoint's annual incentive compensation plan is to unite the interests of ChoicePoint's management employees with those of its shareholders through annual payment of cash incentive awards to management employees based upon attainment of annually established (1) corporate economic value added goals and (2) strategic initiatives. Target incentive cash opportunities under the ChoicePoint annual incentive compensation plan for the named executive officers other than the chief executive officer can range from 40% to 75% of base salary, and for the chief executive officer represent 100% of his base salary. Actual annual cash bonuses are determined by measuring corporate performance and completion of individual strategic initiatives against goals established for the applicable period. The goals take into account, depending upon the responsibility level of the individual, one or more factors, including the individual's performance, the performance of the functional group or unit with which the individual is associated (primarily based upon the economic value added objective of such unit), and the overall performance of ChoicePoint (primarily based upon economic value added goals). Such goals may or may not be equally weighted and may vary from one named executive officer to another. Bonus awards under the ChoicePoint annual incentive compensation plan also take into account an assessment of the performance of the individual executive officer. For 2003, the degree of achievement of economic value added goals, individual performance goals and strategic initiatives by each of the named executive officers resulted in a total compensation package that exceeded the target opportunity level.

Long-Term Incentive Compensation

The stock incentive plan is intended to provide a means of encouraging an ownership interest in ChoicePoint by those employees who have contributed, or are determined to be in a position to contribute, materially to the success of ChoicePoint, thereby increasing their motivation for, and interest in the achievement of, ChoicePoint's long-term success. Because the value of equity grants bears a direct relationship to the price of shares of the ChoicePoint common stock, the compensation committee believes that equity grants are a means of encouraging executives and other key management employees to increase long-term shareholder value. ChoicePoint's 2003 long-term incentive compensation program for its CEO and COO consisted of a combination of fair market value stock options which vest 100% on the third anniversary of the grant, fair market value stock options which have performance-based accelerated vesting

Table of Contents

features and deferred shares which vest after the expiration of their current employment agreements (currently scheduled for 2010) and for other executive officers, consisted of a combination of fair market value stock options which vest 100% on the third anniversary of the grant, fair market value stock options which have performance-based accelerated vesting features and restricted stock which vests 100% on the third anniversary of the grant, pursuant to the stock incentive plans. Consistent with the original compensation philosophy of the compensation committee described above, ChoicePoint, in February and July 2003, granted options, deferred shares and restricted stock to named executive officers (including the chief executive officer) and a number of employees.

In December 2003, the compensation committee revised its compensation philosophy regarding the use of equity grants. The current philosophy is to limit the number of annual equity-based grants awarded to no more than two percent of the Company's outstanding shares and limit the combined grants to the CEO and COO to not more than fifteen percent of the Company's annual equity-based grant. The compensation philosophy will link long-term incentives directly to the performance of the ChoicePoint common stock and include a combination of performance-accelerated, performance-contingent and time-based grants of fair market value stock options, deferred shares and restricted stock. The compensation committee believes that long-term equity compensation that is earned upon achievement of performance goals is properly aligned with the long-term interests of its shareholders, and it currently intends that the earning of a significant proportion of the awards granted in the future will be tied to performance. In determining the maximum number of shares which constitute an award of long-term equity under the stock incentive plan, the compensation committee has no specific formula, other than the limitations discussed above, but rather determines the number of shares based upon such factors as individual contribution to corporate performance, market practices, and for grants other than for the CEO and COO, management recommendations.

Compensation of the Chief Executive Officer

The compensation committee generally applies the compensation philosophy described above for named executive officers in order to determine the compensation for Derek V. Smith, ChoicePoint's Chairman and Chief Executive Officer. In setting both the cash-based and equity-based elements of Mr. Smith's compensation, the compensation committee's objective is to establish compensation at target levels that are competitive and reflect market practice. Factors considered in evaluating Mr. Smith's performance include exceeding the financial targets, executing desired strategic direction and increasing shareholder value. No specific weight is assigned to these factors in the evaluation process.

Section 162(m) Limitation

The compensation committee believes that the compensation program serves its intended objectives. It believes the use of fair market value stock options minimizes the effect of the \$1,000,000 limitation on the deduction that an employer may claim for compensation of executives under Section 162(m) of the Internal Revenue Code. Section 162(m) provides exceptions to the deduction limitation, and it is the intent of the compensation committee to qualify for these exceptions to the extent feasible and in the best interests of ChoicePoint, including the exceptions with respect to performance-based compensation.

While it is the compensation committee's intention to maximize the deductibility of compensation payable to ChoicePoint's named executive officers, deductibility will be only one among a number of factors used by the compensation committee in ascertaining appropriate levels or methods of compensation. ChoicePoint intends to maintain the flexibility to compensate named executive officers based upon an overall determination of what it believes to be in the best interests of ChoicePoint and its shareholders.

- (1) Represents an annual cash incentive award determined as a percentage of salary in the discretion of the compensation committee based upon attainment of corporate economic value-added goals and strategic initiatives.
- (2) For 2003, these amounts include: for Mr. Smith \$171,457 in incremental unreimbursed cost for use of the corporate aircraft and \$150,000 for a club initiation fee and for Mr. Curling \$78,721 in incremental unreimbursed cost for use of the corporate aircraft. - (3) ChoicePoint granted restricted stock and deferred shares during 2003, 2002 and 2001 to a selected group of key officers to assure the key officers are retained through various dates ending April 2007. In 2001, Messrs. Smith and Curling were granted the right to receive long-term cash awards, subject to achieving certain performance goals. These awards, if earned, would be based on a predetermined value that equals 75% of the market value on the vesting date of the restricted share grant of the same date. In 2002, these executive officers elected that 95% of these awards be delivered in shares of ChoicePoint common stock rather than in cash, subject to achieving the original performance vesting goals, and that their distribution be deferred to a date subsequent to the termination of their respective employment. The remaining 5% of these awards, subject to achieving the original performance vesting goals, will be paid in cash. These deferred shares are reflected as granted in 2001 in this table. In the event that any dividends are paid with respect to the ChoicePoint common stock in the future, dividends will be paid on the shares of restricted or deferred ChoicePoint common stock at the same rate. The value of restricted stock awards and deferred shares shown in the table is as of the dates of grant. As of December 31, 2003, the total number of restricted stock awards and deferred shares outstanding and related fair market value were as follows: Mr. Smith 287,250 shares (\$10,941,353); Mr. Curling 143,625 shares (\$5,470,676); Mr. Lee 23,333 shares (\$888,754); Mr. Surbaugh 44,166 shares (\$1,682,283); and Mr. de Janes 6,666 shares (\$253,908).

Employment Agreements and Change-in-Control Arrangements

ChoicePoint currently has in effect employment agreements with Messrs. Smith, Curling, Lee, Surbaugh and de Janes. The employment agreements set forth minimum base salary amounts and provide for participation in ChoicePoint's employee and executive benefit plans and certain perquisites. The employment agreements vary in duration, but all provide for automatic extensions if not otherwise terminated. The employment agreements may be terminated by either ChoicePoint or by the executive. The employment agreements provide that, under specified circumstances, in the event of a termination, the executive would be entitled to severance pay for a period of up to two years from the date of termination.

The employment agreements also contain provisions for severance pay and specified benefits upon the occurrence of a change in control of ChoicePoint. A change in control is defined by the employment agreements to mean: (1) a merger, consolidation or other reorganization of ChoicePoint that results in the shareholders of ChoicePoint holding less than a majority of the voting power of the resulting entity after such a transaction; (2) a sale or transfer of all or substantially all of ChoicePoint's assets to an entity in which the shareholders of ChoicePoint hold less than a majority of the voting power of such entity immediately following such sale or transfer; (3) the filing of a report with the SEC pursuant to the provisions of the Exchange Act disclosing that a person or entity beneficially owns shares representing at least 30% of ChoicePoint's voting power; (4) disclosure by ChoicePoint, pursuant to the requirements of the Exchange Act, that a change in control (as defined in the Exchange Act) has occurred or may occur pursuant to a then-existing agreement; or (5) in specified circumstances, the failure to reelect a majority of the members of ChoicePoint's board of directors. In the event that the executive's employment is terminated within five years, and in the case of Mr. Surbaugh within seven years, after the date of a change in control, then the executive is entitled to severance pay and other benefits. The amount of the severance payment is based upon the executive's annual compensation, with specified components of such compensation multiplied by a factor ranging from two to three times.

- (1) As described below, participants in these deferred compensation plans will receive shares of ChoicePoint common stock with respect to compensation that has been deferred under the plan. The number of shares distributed will be based on the value of the amounts deferred. The shares distributed will be treasury shares held by ChoicePoint or will be acquired by ChoicePoint through open market purchases, and, therefore no new shares will be issued under these plans.

ChoicePoint Inc. Deferred Compensation Plan

The ChoicePoint Inc. Deferred Compensation Plan (the "DCP Plan") allows certain management employees and non-employee directors to defer receipt of a portion of some or all of their compensation payable by the Company. Under certain circumstances, the Company makes contributions to the employee participants' accounts. In general, these Company contributions will be distributed in shares of ChoicePoint common stock. The number of shares to be distributed with respect to those Company contributions is equal to the number of shares that could have been obtained with the Company contribution on the date of the contribution, based on the market value of the stock on that date. Other deferred amounts are credited with the gains or losses based upon different investment alternatives available under the DCP Plan. A participant generally is immediately vested in his or her contributions, while Company contributions may vest immediately or over time. Distributions generally are made upon termination of employment, death, reaching a specified age or as otherwise provided for by the DCP Plan administrator. Distributions are payable in annual installments for a period not exceeding 20 years or a single lump sum payment. The shares distributed under the DCP Plan are provided from treasury shares or are acquired by ChoicePoint through open market purchases. As of December 31, 2003, 110,560 shares of ChoicePoint common stock would have been distributed under the DCP Plan if the vested portion of all accounts that were payable in ChoicePoint common stock had been distributed as of that date. A more complete description of the DCP Plan is included in this proxy statement under the heading "Proposal No. 2 Approval of the ChoicePoint Inc. Deferred Compensation Plan."

ChoicePoint Inc. Deferred Compensation Plan No. 2

Under the ChoicePoint Deferred Compensation Plan No. 2 (the "DCP2 Plan"), certain executive officers may elect to defer receipt, until the termination of their employment or attainment of a stated age, if later, of all or a portion of (1) shares of restricted stock granted to them under the ChoicePoint Inc. 1997 Omnibus Stock Incentive Plan that would otherwise be distributed to them upon satisfaction of vesting requirements, and (2) certain cash bonuses granted at the time of grant of the restricted stock awards. The officers become vested in amounts deferred under the DCP2 Plan when the underlying awards

Table of Contents

would vest. The initial grant of restricted stock vests on the third anniversary of grant. The cash bonuses vest based upon satisfaction of performance goals. The number of shares to be distributed with respect to the restricted shares is equal to the number of shares initially deferred under the DCP2 Plan. The total amount of the cash bonus, if earned, would be based on a predetermined value that equals 75% of the market value on the vesting date of the restricted stock grant to that officer. The officers participating in the DCP2 Plan have elected to defer 95% of such cash bonuses, if vested, under the DCP2 Plan. These deferred amounts, if vested, will be distributed in shares of ChoicePoint common stock. The shares distributed under the DCP2 Plan are provided from treasury shares or are acquired by ChoicePoint through open market purchases. If the vesting criteria are met, 256,875 shares of ChoicePoint common stock will be distributed under this plan.

**PROPOSAL NO. 2 APPROVAL OF THE CHOICEPOINT INC.
DEFERRED COMPENSATION PLAN**

General

The ChoicePoint Inc. Deferred Compensation Plan, referred to as the DCP Plan, is intended to assist in attracting and retaining senior officers and directors who render significant services to ChoicePoint and our subsidiaries and to motivate these persons to achieve performance objectives related to our overall goal of increasing shareholder value. The board of directors adopted the DCP Plan in 1997 and it has been employed as a feature of the ChoicePoint directors' and executives' compensation program since its inception.

The purpose of the DCP Plan is to:

provide unfunded deferred compensation to a select group of highly compensated management employees of ChoicePoint, including benefits that would have been received under the 401(k) Plan, but for limitations imposed under the Internal Revenue Code;

permit members of this group of employees, as well as nonemployee members of our board of directors, to defer additional compensation;

provide a supplemental executive retirement plan benefit to certain executives designated by ChoicePoint; and

provide benefits relating to credits certain of our employees had under the Equifax Inc. Supplemental Executive Retirement Plan and the Equifax Inc. Deferred Compensation Plan at the time of ChoicePoint's spin-off from Equifax in 1997.

The DCP Plan is administered by ChoicePoint's chief financial officer and its vice president with responsibility for compensation and benefits, who constitute the plan administrator.

On June 30, 2003, the SEC approved a proposal by the New York Stock Exchange (the "NYSE") to amend the NYSE's listing standards to require shareholder approval of all equity compensation plans and any material amendments to such plans. The NYSE adopted the new listing standard relating to equity compensation plans which became effective on June 30, 2003. Under this listing standard, NYSE-listed companies, such as ChoicePoint, are required to obtain shareholder approval for equity compensation plans and material amendments to such plans, subject to limited exceptions and transition rules for existing plans. As described below, awards under certain provisions of the DCP Plan are paid to participants in ChoicePoint common stock. Accordingly, ChoicePoint is submitting the DCP Plan for approval by the shareholders so that it may continue to grant awards payable in ChoicePoint common stock under those provisions of the DCP Plan. If the DCP Plan is not approved by the shareholders, ChoicePoint will not grant any further awards under the DCP Plan that are payable in ChoicePoint common stock, but it will continue to grant awards under the DCP Plan that are payable in cash and to operate the DCP Plan with respect to pre-existing awards payable in ChoicePoint common stock that did not require shareholder approval under the NYSE listing standard.

On February 2, 2004 the board of directors unanimously recommended that the DCP Plan be submitted to the shareholders for approval. If a quorum is present at the annual meeting, the DCP Plan will be approved if it receives the affirmative vote of a majority of the votes cast on this proposal.

The board of directors believes approval of the DCP Plan is in the Company's best interest. The principal reason for adopting the DCP Plan is to assist in attracting and retaining talented senior officers and directors by providing a mechanism for deferring the receipt of compensation earned by certain executives and directors.

A summary description of the DCP Plan is set forth below. The full text of the DCP Plan is annexed to this proxy statement as APPENDIX A, and the following summary is qualified in its entirety by reference to APPENDIX A.

Table of Contents

Eligible participants. For each calendar year, the chief executive officer designates certain employees as eligible to participate in the DCP Plan. Currently twenty-six employees participate in the DCP Plan. In addition, all non-employee directors are immediately eligible to participate. So long as such a person has an undistributed benefit under the DCP Plan, he or she continues to be a participant even if he or she is no longer an employee or director.

Plan benefits. Benefits under the DCP Plan accumulate in accounts consisting of amounts of compensation which has been deferred on a pre-tax basis. The accounts will be credited with deemed investment earnings and losses.

Participant Deferrals. An active participant other than a non-employee director may elect to defer a percentage of his or her compensation (applicable either to all or to specified portions of the compensation) for the next calendar year as described below. An eligible participant in the 401(k) Plan may defer up to 6% of compensation (including bonuses, commissions and certain disability plan payments, other than non-cash compensation) which will be credited to an account referred to as the Excess Elective Contributions Account, but only beginning when the total of the participant's elective contributions under the 401(k) Plan reaches the maximum amount permissible. An eligible participant, who has not yet become eligible for the 401(k) Plan, may defer up to 6% of his compensation, which will be credited to an account referred to as the Matching Voluntary Contributions Pre-401(k) Account, beginning as soon as administratively possible and ending when the participant is eligible to participate in the 401(k) Plan. Any other voluntary participant deferrals will be credited to an Additional Voluntary Contributions Account when it otherwise would have been paid in cash (absent a deferral election).

A non-employee director may elect to defer up to 100% of his or her compensation (which includes all board fees), or a specified dollar amount of the compensation that would be otherwise payable, for the next calendar year. These deferrals will be credited to an account referred to as the Deferral Account as of the date when the amount would otherwise have been paid.

All percentage deferrals must be made in 1% increments. A deferral election must be completed by December 31st and will be effective until notification is provided to change or terminate the election prior to January 1st of a subsequent year. If eligibility to participate occurs after December 31st of any year, an election must be made within 30 days of the date of eligibility and will be applied to all compensation payable after the date of the election. Once an election is made, that election is irrevocable for the calendar year to which it applies. The ability to make deferrals will automatically terminate on the earliest to occur of the following: (1) when the participant ceases to be an employee or a non-employee director of ChoicePoint; (2) if ChoicePoint or the employer under the DCP Plan is deemed insolvent; (3) when the employee is no longer eligible to be a participant (in the case of employee participants); and (4) when the DCP Plan is terminated. An employee participant will not be eligible to defer amounts under the DCP Plan if he or she is suspended from making pre-tax contributions to the 401(k) Plan as a result of a 401(k) Plan hardship withdrawal.

Company Contributions. ChoicePoint will make certain contributions to the accounts of employee participants. Non-employee directors do not receive any contributions from ChoicePoint. If the participant is eligible for the 401(k) Plan, an account referred to as the Excess Matching Contribution Account will be credited with an amount equal to the portion of the matching elective contributions and matching voluntary contributions under the 401(k) Plan that the employer would have contributed under the 401(k) Plan if not for the limitations imposed by the Internal Revenue Code. If the participant is not eligible for the 401(k) Plan, an account referred to as the Excess Matching Contribution Account will be credited with an amount equal to a percentage, as determined and communicated by the 401(k) Plan administrator, of the participant's deferrals into the Additional Voluntary Contributions Account (up to 6% of compensation).

In addition, an account referred to as the Excess Profit-Sharing Account will be credited with an amount equal to the portion of profit-sharing contributions made by ChoicePoint, and an account referred to as the Excess Transition Benefit Plan Account will be credited with an amount equal to the portion of transition benefit contributions made by ChoicePoint, which in either case the participant is prevented

Table of Contents

from receiving under the 401(k) Plan because of the limitation imposed under the Internal Revenue Code or because the definition of compensation under the 401(k) Plan does not include the amount of compensation deferred under the DCP Plan. ChoicePoint also may choose to credit to an account referred to as the Additional Company Contributions Account an amount determined from time to time in its sole discretion.

Vesting. Participants are fully vested in all amounts credited to their account for participant deferrals and Company contributions described above.

Other Benefits. In addition to the participant deferrals and Company contributions described above, the DCP Plan also provides two other benefits:

Transferred Benefits. For certain participants who consented in writing to the substitution of ChoicePoint for Equifax Inc. as the obligor with respect to liabilities to them under the Equifax Inc. Supplemental Executive Retirement Plan at the time of ChoicePoint's spin-off from Equifax in 1997, an amount equal to such liabilities was credited to an account for them referred to as the Transferred Benefit Account. These amounts were fully vested at the time they were credited to the transition benefit account.

Supplemental Executive Retirement Benefits. At the end of each calendar year, a credit will be issued to a Supplemental Executive Retirement Plan Account, referred to as a SERP Account for each eligible participant. This contribution equals the dollar amount or percentage of the sum of the participant's base salary plus annual incentive pay that is provided for in the participant's employment agreement, if any, with ChoicePoint (or any other written agreement with ChoicePoint establishing such an amount or percentage). The amounts credited (as adjusted for earnings thereon) vest as follows:

credits to SERP Accounts made prior to January 1, 2002 were immediately 50% vested;

upon attainment of age 55, credits to SERP Accounts made prior to January 1, 2002 will be fully vested;

each credit made after January 1, 2002 will vest at the rate of 25% upon the last day of each calendar year following the year for which the credit is made (if the participant remains in the employment of ChoicePoint) until fully vested provided, however, that if there are fewer than four anniversaries of the last day of the calendar year following the year for which a credit is made prior to the participant attaining age 60, credits made after January 1, 2002 will vest ratably (33 1/3%, 50% or 100%) based on the number of anniversaries which will occur prior to the participant attaining age 60 (if the participant remains employed on said anniversary date), so that the participant will be fully vested on the anniversary coinciding with or preceding the date he or she attains age 60;

credits to SERP Accounts made prior to January 1, 2002, will be fully vested if the participant's employment terminates between the ages of 50 and 55 (other than for cause, as described below);

credits to SERP Accounts will be fully vested upon termination of employment for disability; and

credits to SERP Accounts will be fully vested upon a change in control, as described below.

The SERP Account and SERP benefit will be forfeited, however, if employment terminates for cause. For purposes of the DCP Plan, a termination of employment will be considered to be for cause if it results from the participant's engaging in an act of embezzlement, theft or infraction of any criminal law involving ChoicePoint or a related entity or engaging in activities directly competitive with ChoicePoint during the individual's employment with ChoicePoint.

Table of Contents

A change in control would occur, generally, when

ChoicePoint is merged or consolidated or reorganized into or with another corporation or other legal person, and as a result less than a majority of the voting shares of the surviving entity are held by ChoicePoint's shareholders prior to the transaction;

ChoicePoint sells or otherwise transfers all or substantially all of its assets to any other corporation or other legal person, and as a result less than a majority of the voting shares of the surviving entity are held by ChoicePoint's shareholders prior to the transaction;

a report on Schedule 13D or Schedule 14D-1 (or any successor schedule, form or report) is filed disclosing that any person has become the beneficial owner of securities representing 30% or more of ChoicePoint's outstanding shares;

ChoicePoint files a report or proxy statement with the SEC disclosing that a change in control of ChoicePoint has or may have occurred or will or may occur in the future pursuant to any then-existing contract or transaction; or

if during any period of two consecutive years, individuals who at the beginning of any such period constitute the directors of ChoicePoint cease for any reason to constitute at least a majority of our directors, unless the election, or the nomination for election by ChoicePoint's shareholders, of each director first elected during the period was approved by a vote of at least two-thirds of the directors then still in office who were directors at the beginning of the period.

Deemed Investment Earnings. As of the last business day of each calendar month, each account under the DCP Plan will receive a credit for deemed investment earnings or losses that would have been made had the amounts in the accounts in fact been invested in the available funds. A participant will complete a deferral election form to elect investments which determine the deferred compensation investment credits. Changes can be made as often as once a month by completing a new form. If no election is made as to how the account is deemed to be invested, the account will receive investment credits as if it had been invested in the ChoicePoint Inc. Stock Fund (as described below). Also, Excess Matching Contribution Accounts, Excess Transition Benefit Plan Accounts and Excess Profit-Sharing Contributions Accounts made after January 1, 2002 (but not with respect to contributions prior to December 31, 2001) are deemed to be invested in the ChoicePoint Inc. Stock Fund, and SERP Accounts are deemed invested in the ChoicePoint Inc. Stock Fund while the participant is an active employee. For other accounts, the participant may make an investment election.

The following investment funds are currently available:

Fixed Income Fund the Fidelity U.S. Bond Index Portfolio under the 401(k) Plan or any equivalent fixed income fund that is designated by the plan administrator as the successor to the Fidelity U.S. Bond Index Portfolio;

Equity Index Fund the Spartan U.S. Equity Index Portfolio under the 401(k) Plan or any equivalent equity index fund that is designated by the plan administrator as successor to the Spartan U.S. Equity Index Portfolio;

ChoicePoint Inc. Stock Fund a hypothetical fund established for each participant to reflect the value of the participant's account invested in this fund. This fund is credited with shares and fractional shares of ChoicePoint common stock at the time of an addition to the fund that are equal to the dollar amount of the addition divided by the value of a share of ChoicePoint common stock at the date of the addition; and

Short Term Income Fund the Managed Income Portfolio under the 401(k) Plan or any equivalent short-term income fund that is designated by the plan administrator as the successor to the Managed Income Portfolio.

Timing of Payment. The payment of benefits may begin on the date the participant ceases to be an employee or non-employee director, the date on which the participant achieves a specified age, or the

Table of Contents

earlier or later of these dates or as otherwise provided by the plan administrator. Payments must begin by the date the participant attains the age of 71.

Distribution of Benefits. Payment of benefits under the DCP Plan will begin within 30 days after the date specified in the deferral election form unless otherwise provided by the plan administrator.

Period of Deferral. The timing and form of payment of the benefits is determined by the participant. The most recent deferral election form that has been in effect for at least 12 months will govern. If the value of the account is under \$5,000 at the time of the distribution, the DCP Plan will pay out a lump sum, regardless of the form of payment elected. If no form of payment is elected, benefits will be paid as a lump sum.

Form of Payment. The benefits under the DCP Plan may be in the form of a lump sum payment or in annual installments for a period not exceeding 20 years. Distributions of Excess Matching Contribution Accounts, Excess Transition Benefit Plan Accounts, Excess Profit-Sharing Accounts (for post-2001 calendar years) and SERP Accounts will be made in ChoicePoint common stock, except that the portion of any contribution to a SERP Account made for 2003 which represents a percentage of compensation for a participant which is greater than the percentage contributed for the participant for 2002 shall be distributed in cash, and distributions of all other accounts will be made in cash. Minimum annual installment payments will be \$500.

Maximum Number of Shares Available For Certain Benefits. The maximum aggregate number of shares of ChoicePoint common stock which may be granted, subsequent to February 2, 2004, to Excess Profit-Sharing Accounts, Excess Transition Benefit Plan Accounts and SERP Accounts, is three hundred fifty thousand (350,000). This number will be adjusted, as appropriate, for stock dividends, stock splits, combination of shares and recapitalizations. Any shares of common stock distributed will be treasury shares or shares purchased on the open market.

SERP Benefit Elections. By filing an election, the participant may elect separately (1) that payment of the SERP Account and Transferred Benefit Account will begin on the date following termination of employment on which the participant attains an age specified in the election (other than terminations for cause), and (2) to receive the SERP benefit and Transferred Benefit in the form of a lump sum payment or in annual installments for a period not exceeding 20 years. If an age is specified, the age must not be less than 55 or more than 71 years (subject to the DCP plan's change in control and disability provisions).

SERP Benefits Upon Disability. In the event of a participant's disability, distribution of his or her SERP Account will be made or begun in accordance with the participant's separate election with respect to SERP benefits, in accordance with procedures prescribed by the plan administrator.

Hardship Withdrawals. The plan administrator has the discretion to grant a distribution to a participant on account of hardship and will apply the general guidelines used under IRS regulations governing hardship withdrawals from qualified plans.

Death Benefits. One or more persons or legal entities may be named as a beneficiary, as well as contingent beneficiaries, and the allocation may be made among the beneficiaries. In the absence of such a designation or if no surviving beneficiary is available at the participant's death, benefits under the DCP Plan will be paid to the participant's estate. Upon a participant's death, benefits will be paid as soon as practicable to the beneficiaries according to the directions specified in the deferral election form. The form may specify that benefits will be paid in a lump sum, in annual installments for a period not exceeding five years, in the form currently being paid (if benefit payments have already begun to the participant), or as otherwise made available by the plan administrator in the deferral election form. If not specified, payment will be made in a lump sum.

Limitations. Nothing in the DCP Plan constitutes the creation of a trust or other fiduciary relationship between an employer and any participant, beneficiary or any other person. The DCP Plan is designed to be an unfunded, nonqualified plan. The DCP Plan should not be deemed to create a trust or lien in favor of any participant or beneficiary on any assets of any employer. No participant or beneficiary

Table of Contents

or any other person has any preferred claim on, or any beneficial ownership interest in, any assets of an employer prior to the time that the assets are paid under the DCP Plan. Each participant and beneficiary has the status of a general unsecured creditor. Nothing in the DCP Plan should be construed as guaranteeing future employment or service as a director to any participant.

Assignment. No right or interest under the DCP Plan of any participant or beneficiary is assignable or transferable in any manner or subject to alienation, anticipation, sale, pledge, encumbrance or other legal process or in any manner liable for or subject to the debts or liabilities of the participant or beneficiary.

Amendment. The compensation committee of the board of directors may at any time amend any or all of the provisions of the DCP Plan, except that (1) no such amendment may adversely affect any participant's benefit as of the date of the amendment, and (2) no such amendment may suspend the crediting of earnings on the balance of a participant's account, until the entire balance of the account has been distributed, in either case, without the prior written consent of the affected participant. In addition, the plan administrator has the authority to adopt amendments to the DCP Plan in order to comply with the requirements of applicable laws and regulations or for other purposes if consistent with the overall compensation and benefits policy of ChoicePoint.

Termination. The compensation committee of the board of directors, in its sole discretion, may terminate the DCP Plan at any time and for any reason whatsoever, except that (1) no such termination may adversely affect any participant's benefit as of the date of such termination, and (2) no such termination may suspend the crediting of earnings on the balance of a participant's account, until the entire balance of the account has been distributed, in either case, without the prior written consent of the affected participant. Written notice of any termination will be given to the participants as soon as practicable. If the DCP Plan is terminated, ChoicePoint, in its sole and absolute discretion, retains the right to change the time and form of distribution of participants' benefits, including requiring that all amounts credited to participants' accounts be immediately distributed in the form of a lump sum payment. In the absence of a prior termination, the DCP Plan shall nonetheless be terminated and no further benefits granted thereunder, on April 28, 2014.

Any corporation that is an employer under the DCP Plan other than ChoicePoint may elect to withdraw from the DCP Plan, and such a withdrawal will constitute a termination of the DCP Plan as to that corporation. However, the terminating corporation will continue to be an employer for purposes of the DCP Plan as to participants and beneficiaries to whom it owes obligations.

Federal income tax considerations. With respect to each DCP Plan participant, the DCP Plan is intended to result in the deferral of income for federal income tax purposes until the time benefits are actually received by the participant. Under the rules generally applicable to nonqualified deferred compensation, in general, a participant must include compensation in income only when the compensation is actually or constructively received. IRS guidelines provide, in general, that the deferral of compensation will not be deemed to result in constructive receipt of the compensation income where the election to defer is made and the terms of deferral are fixed prior to the beginning of the period of service (in most cases, the calendar year) for which the compensation is payable.

To the extent that a participant recognizes compensation income in the circumstances described above, the participant's employer or entity for which the participant provides services will be entitled to a corresponding deduction provided, among other things, that such deduction meets the test of reasonableness, is an ordinary and necessary business expense, and is not disallowed by the \$1 million limitation on certain executive compensation.

In general, for employment tax purposes, amounts deferred under the DCP Plan by employees are includible in wages subject to tax when the amounts are earned (or when they vest, in the case of amounts credited to a participant's SERP Account), notwithstanding the fact that for federal income tax purposes the same amounts will not be taxable until actually or constructively received.

Table of Contents

The foregoing is only a summary. It is not intended as a complete description of federal, state or local income tax consequences of participation in the DCP Plan, and it does not purport to address all federal tax consequences, or other tax consequences associated with participation. In particular, this summary does not address foreign, state or local tax consequences.

REPORT OF AUDIT COMMITTEE

The audit committee oversees the Company's financial reporting process on behalf of the board of directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the audit committee reviewed and discussed the audited financial statements to be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2003 with management.

In connection with their audit of the Company's financial statements for the year ended December 31, 2003, the Company's independent public accountants, Deloitte & Touche LLP ("Deloitte"), were responsible for expressing an opinion on the conformity of the Company's audited financial statements with generally accepted accounting principles. The audit committee discussed with Deloitte the matters required by Statement of Accounting Standards No. 61, as amended.

In addition, the audit committee received from and discussed with Deloitte the written disclosures and letter from Deloitte required by the Independence Standards Board Standard No. 1 regarding their independence.

The members of the audit committee are independent as required by the listing standards of the New York Stock Exchange and the new independence requirements promulgated by the Securities and Exchange Commission.

The Company's board of directors has approved a written charter for the audit committee. The charter is reviewed annually and was most recently amended and approved on February 26, 2004. A copy of the charter, as amended, is attached to this proxy statement as APPENDIX B.

The audit committee discussed with the Company's internal auditors and independent public accountants the overall scope and plans for their respective audits. The audit committee meets with the internal auditors and independent public accountants, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.

In reliance on the reviews and discussions referred to above, the audit committee recommended to the board of directors that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the Securities and Exchange Commission. The audit committee and the board have also approved, subject to shareholder ratification, the selection of Deloitte & Touche LLP as the Company's independent public accountants for the year ending December 31, 2004.

Table of Contents

SECTION 2.4. *Change in Control* shall mean the occurrence of any of the following events:

(a) The Company is merged or consolidated or reorganized into or with another corporation or other legal person, and as a result of such merger, consolidation or reorganization less than a majority of the combined voting power of the then-outstanding securities of such corporation or person immediately after such transaction are held in the aggregate by the holders of the then outstanding securities entitled to vote generally in the election of Directors of the Company (*Voting Shares*) immediately prior to such transaction;

(b) The Company sells or otherwise transfers all or substantially all of its assets to any other corporation or other legal person, less than a majority of the combined voting power of the then-outstanding securities of such corporation or person immediately after such sale or transfer is held in the aggregate by the holders of *Voting Shares* immediately prior to such sale or transfer;

(c) There is a report filed on Schedule 13D or Schedule 14D-1 (or any successor schedule, form or report), each as promulgated pursuant to the Exchange Act, disclosing that any person (as the term *person* is used in Section 13(d)(3) or Section 14(d)(2) of the Securities Exchange Act of 1934, as amended, and the rules and regulations thereunder, as such law, rules and regulations may be amended from time to time (*Exchange Act*)) has become the beneficial owner (as the term *beneficial owner* is defined under Rule 13d-3 or any successor rule or regulation promulgated under the Exchange Act) of securities representing 30% or more of the *Voting Shares*;

The fund, and any accounts invested therein, shall be adjusted as appropriate by the Plan Administrator to prevent any dilution or enlargement of the rights of Participants that otherwise would result from (a) any stock dividend, stock split, combination of shares, recapitalization or other change in the capital structure of the Corporation, or (b) any merger, consolidation, spin-off, split-off, spin-out, split-up, reorganization, partial or complete liquidation or other distribution of assets, issuance of rights or warrants to purchase securities, or (c) any other corporate transaction or event having an effect similar to any of the foregoing. CONTRIBUTIONS

SECTION 3.1. *Excess Elective Contributions*.

(a) *Amount of Excess Elective Contributions*. Each Participant may, prior to the first day of any Plan Year starting with the 1998 Plan Year or within 30 days after becoming a Participant hereunder in any Plan Year beginning on or after January 1, 1998, by completing a Deferral Election Form or other form approved by the Company, direct his Employer:

(i) to reduce his Compensation by a certain percentage, in 1% increments, with a maximum of 6%, of his Compensation beginning with the payroll period following the payroll period in which the cumulative total of the Elective Contributions with respect to the Participant for the Plan Year

Table of Contents

under the 401(k) Plan has reached the maximum amount permissible, consistent with Section 402(g) of the Code and the limitations of Section 401(k)(3) of the Code; and

(ii) to credit the deferrals to the Excess Elective Contributions Account described in Section 7.4 at the times described therein.

(b) *Coordination with Section 401(k) Plan.* As soon as practicable after the beginning of each Plan Year starting with the 1998 Plan Year, and not later than the March 31 following the end of such Plan Year, the Company will perform or cause to be performed an actual deferral percentage test to determine the maximum amount of additional Elective Contributions that could be made for such Plan Year, consistent with Section 402(g) of the Code and the limitations of Section 401(k)(3) of the Code, on behalf of the Participant as a participant in the 401(k) Plan. When said amount of Elective Contributions has been determined and when the Participant's current compensation has been reduced accordingly, the deferral election under subsection (a) above shall become effective.

SECTION 3.2. *Additional Voluntary Contributions.* In addition to other deferrals hereunder, a Participant may, by completing a Deferral Election Form or other form approved by the Company, direct his Employer to reduce his Compensation for the period for which said election is effective by a certain percentage of his Compensation, in 1% increments, with a maximum as determined and communicated by the Plan Administrator, (excluding any Compensation deferred pursuant to Section 3.1(a) or withheld or deducted for other purposes, such as insurance premiums, charitable contributions, tax withholdings and the like, pursuant to Company policy), and to credit the deferrals to the Additional Voluntary Contributions Account described in Section 7.4 at the times described therein. Any such direction may pertain to Compensation exclusive of any bonus, or to any bonus separately, or to all elements of Compensation.

SECTION 3.3. *Effect and Duration of Excess Elective Contributions or Additional Voluntary Contributions.* Any direction by a Participant to make deferrals of Excess Elective Contributions or Additional Voluntary Contributions hereunder shall be effective with respect to Compensation otherwise payable to the Participant during the Plan Year for which the election is effective, and the Participant shall not be eligible to receive as part of his compensation an amount equal to such Excess Elective Contributions or Additional Voluntary Contributions. Instead, such amounts shall be credited to the Participant's Account as provided in Section 7.4. Any directions made in accordance with Subsections (a) or (b) of Section 3.1 or with Section 3.2 above shall be irrevocable for the Plan Year in question and shall remain in effect for subsequent Plan Years unless the directions are changed or terminated by the Participant, on the appropriate form provided by the Plan Administrator, prior to the first day of such subsequent Plan Year. Notwithstanding the foregoing, a Participant's direction to make deferrals of Excess Elective Contributions or Additional Voluntary Contributions shall automatically terminate on the earlier of the date on which (i) the Participant ceases employment with the Employer, (ii) the Participant's Employer is deemed Insolvent, (iii) the Participant is no longer eligible to make deferrals of Excess Elective Contributions or Additional Voluntary Contributions hereunder or (iv) the Plan is terminated.

Any Participant whose eligibility to make before-tax contributions to the 401(k) Plan has been suspended for any reason (including the taking of a hardship withdrawal thereunder) shall not be eligible to defer Excess Elective Contributions under this Plan for the period of his suspension from the 401(k) Plan.

SECTION 3.4. *Excess Matching Contributions.*

(a) *Participants Eligible for the 401(k) Plan.* A Participant shall have credited to his Excess Matching Contribution Account an amount equal to the portion of the Matching Elective Contributions and Matching Voluntary Contributions (as defined in the 401(k) Plan) that the Employer would contribute under Sections 3.1(b) and (c) (or successor provisions) of the 401(k) Plan (assuming his Elective Contributions had continued uninterrupted for the remainder of the Plan Year based on his election on record as of the date the applicable limitation is imposed) but that the Employee is prevented from receiving under the 401(k) Plan because of the limitations imposed under Code Sections 402(g),

Table of Contents

401(a)(17), 401(k)(3), 401(m) and 415 of the Code (collectively, the Excess Matching Contributions).

(b) *Participants Who Are Not Eligible for the 401(k) Plan.* A Participant who is not eligible for the 401(k) Plan (under the terms of such Plan) shall have credited to his Excess Matching Contribution Account an amount equal to a percentage of the Participant's Additional Voluntary Contributions (to the extent that such Contributions do not exceed 6% of such Participant's Compensation), where such percentage is determined and communicated by the Plan Administrator following the end of each Plan Year.

SECTION 3.5. *Excess Profit-Sharing Contributions.* A Participant shall have credited to his Excess Profit-Sharing Account an amount equal to the portion of the Company Profit-Sharing Contributions that he is prevented from receiving under the 401(k) Plan because of the limitation imposed under Code Sections 402(g), 401(a)(17), 401(k)(3), 401(m), and 415 of the Code and any other section of the Code, or because the definition of compensation under said Plan does not include the amount of Compensation deferred under this Plan.

SECTION 3.6. *Excess Transition Benefit Plan Contributions.* A Participant shall have credited to his Excess Transition Benefit Plan Account an amount equal to the portion of the Company contributions under the Company's Transition Benefit Plan that he is prevented from receiving because of the limitations imposed under Code Sections 401(a)(17) and 415 of the Code or any other Section of the Code, or because the definition of compensation under said Plan does not include the amount of Compensation deferred under this Plan.

SECTION 3.7. *Additional Company Contributions Account.* A Participant shall have credited to his Additional Company Contributions Account an amount determined from time to time by the Company in its sole discretion.

SECTION 3.8. *Time of Election.* Any election to defer Compensation made pursuant to the provisions of this Article III shall be made prior to January 1 of a given year if a Participant is eligible to participate in this Plan as of said date, or within thirty (30) days of the date other than January 1 as of which he is designated as a Participant, with respect to Compensation payable after the effective date of his election.

SECTION 3.9. *Maximum Number of Shares Available for Certain Benefits.* Notwithstanding any other provision of this Plan, in no event shall the maximum number of shares of Company common stock in the aggregate which may be granted subsequent to the effective date of this provision (February 2, 2004), pursuant to Excess Profit Sharing Contributions, Excess Transition Benefit Contributions and the Supplemental Executive Retirement Plan Contributions, exceed three hundred and fifty-thousand (350,000). Said number shall be adjusted, as appropriate, by the Plan Administrator, consistent with the adjustment provisions contained in Section 2.5 above.

ARTICLE IV

DEFERRALS BY NONEMPLOYEE DIRECTORS

SECTION 4.1. *Deferrals by Nonemployee Directors.*

(a) *Election of Deferral.*

(i) *General Rule.* Prior to the first day of each Plan Year a Nonemployee Director may elect, by executing a Deferral Election Form in accordance with procedures prescribed by the Plan Administrator, to defer up to 100 percent (in 1 percent increments) or a specified dollar amount of the Compensation that would otherwise be payable to the Nonemployee Director for the Plan Year.

(d) Notwithstanding any other provision herein, a Participant's SERP Account and SERP Benefit shall be forfeited in the event that the Participant's employment terminates for cause. (a) *In general.* The Plan shall be administered by the Plan Administrator. The Plan Administrator shall have sole and absolute discretion to interpret where necessary all provisions of the Plan (including, without limitation, by supplying omissions from, correcting deficiencies in, or resolving inconsistencies or ambiguities in, the language of the Plan), to determine the rights and status under the Plan of Participants, or other persons, to resolve questions or disputes arising under the Plan and to make any determinations with respect to the Benefits payable under the Plan and the persons entitled thereto as may be necessary for the purposes of the Plan. The Plan Administrator's determination of the rights of any Employee or former Employee or Nonemployee Director or former Nonemployee Director or Beneficiary hereunder shall be final and binding on all persons, subject only to the provisions of Sections 12.3 and 12.4 hereof.

(b) *Delegation of Duties.* The Plan Administrator may delegate any of its administrative duties, including, without limitation, duties with respect to the processing, review, investigation, approval and payment of Benefits, to a named administrator or administrators.

The Plan Administrator shall, no later than 90 days after the receipt of a claim (plus an additional period of 90 days if required for processing, provided that notice of the extension of time is given to the claimant within the first 90 day period), either allow or deny the claim in writing. If a claimant does not receive written notice of the Plan Administrator's decision on his claim within the above-mentioned period, the claim shall be deemed to have been denied in full.

Table of Contents

A denial of a claim by the Plan Administrator, wholly or partially, shall be written in a manner calculated to be understood by the claimant and shall include:

(a) the specific reasons for the denial;

(b) specific reference to pertinent Plan provisions on which the denial is based;

If the claimant does not file a request for review of his claim within such 60-day period, the claimant shall be deemed to have acquiesced in the original decision of the Plan Administrator on his claim. If such an appeal is so filed within such 60-day period, the Company (or its delegate) shall conduct a full and fair review of such claim.

The Company shall mail or deliver to the claimant a written decision on the matter based on the facts and the pertinent provisions of the Plan within 60 days after the receipt of the request for review (unless special circumstances require an extension of up to 60 additional days, in which case written notice of such extension shall be given to the claimant prior to the commencement of such extension). Such decision shall be written in a manner calculated to be understood by the claimant, shall state the specific reasons for the decision and the specific Plan provisions on which the decision was based and shall, to the extent permitted by law, be final and binding on all interested persons. SECTION 12.5. *Amendment.* The Committee may at any time (without the consent of an Employer) amend any or all of the provisions of this Plan, except that (a) no such amendment may adversely affect any Participant's Benefit as of the date of such amendment and (b) no such amendment may suspend the crediting of earnings on the balance of a Participant's Account, until the entire balance of such Account has been distributed, in either case, without the prior written consent of the affected Participant. Any amendment shall be in the form of a written instrument executed by an authorized officer of the Company on the order of the Committee. In addition, the Plan Administrator shall have the authority to adopt (i) amendments to the Plan in order to comply with the requirements of applicable laws and regulations, and (ii) any other amendments that are consistent with the overall compensation and benefit policies of the Company. Subject to the foregoing provisions of this Section, such amendment shall become effective as of the date specified in such instrument or, if no such date is specified, on the date of its execution.

SECTION 12.6. *Termination.*

(a) The Committee, in its sole discretion, may terminate this Plan at any time and for any reason whatsoever, except that (i) no such termination may adversely affect any Participant's Benefit as of the date of such termination, and (ii) no such termination may suspend the crediting of earnings on the balance of a Participant's Account, until the entire balance of such Account has been distributed, in either case, without the prior written consent of the affected Participant. Any such termination shall be expressed in the form of a written instrument executed by an authorized officer of the Company on the order of the Committee. Subject to the foregoing provisions of this Subsection, such termination shall become effective

as of the date specified in such instrument or, if no such date is specified, on the date of its execution. Written notice of any termination shall be given to the Participants as soon as practicable after the instrument is executed. In the absence of a prior termination, this Plan shall nonetheless be terminated, and no further benefits granted hereunder, on April 28, 2014.

(b) Notwithstanding anything in the Plan to the contrary, in the event of a termination of the Plan, the Company, in its sole and absolute discretion, shall have the right to change the time and form of distribution of Participants' Benefits, including requiring that all amounts credited to Participants' Accounts hereunder be immediately distributed in the form of a lump sum payment.

(c) Any Employer (other than the Company) that adopts the Plan may elect to withdraw from the Plan and such withdrawal shall constitute a termination of the Plan as to such Employer provided, however, that such terminating Employer shall continue to be an Employer for the purposes hereof as to Participants or Beneficiaries to whom it owes obligations hereunder. Such withdrawal and termination shall be expressed in an instrument executed by the terminating Employer on authority of its Board of Directors (or the applicable Committee thereof) and filed with the Plan Administrator, and shall become effective as of the date designated in such instrument or, if no such date is specified, on the date of its execution. Notwithstanding any other provision of the Plan, if an Employer (other than the Company) ceases to be a member of the Controlled Group, the Plan shall automatically terminate with respect to such Employer and all vested amounts credited to the Accounts of Employees of such Employer shall be immediately payable in the form of a lump sum payment or any applicable form of payment pursuant to the Participant's election, which shall thereupon become effective, or transferred to appropriate accounts established under a successor plan by said Employer.
