The prospectus dated August 23, 2001 and the prospectus supplement dated August 23, 2001 are hereby amended and supplemented as indicated below. Terms used herein and not otherwise defined have the meanings given to them in the prospectus and prospectus supplement.

The "Plan of Distribution" section of the prospectus supplement is replaced with the following:

PLAN OF DISTRIBUTION

## Edgar Filing: KEYCORP /NEW/ - Form 424B3

The notes will not have an established trading market when issued. Also, unless otherwise specified in the applicable pricing supplement, the notes will not be listed on any national securities exchange. However, McDonald Investments Inc. ("McDonald Investments") has advised us that it may make a market in the notes. McDonald Investments is not obligated, however, to make a market in the notes and may discontinue market making at any time without notice. There can be no assurance that a secondary market for any notes will develop or be maintained.

After the initial distribution of the notes by Salomon Smith Barney Inc., Banc of America Securities LLC, Credit Suisse First Boston Corporation, Deutsche Banc Alex. Brown Inc., Goldman, Sachs & Co., J.P. Morgan Securities Inc., Lehman Brothers Inc., McDonald Investments and Morgan Stanley & Co. Incorporated (collectively, the "Agents"), the prospectus and the prospectus supplement may be used by McDonald Investments, a subsidiary of KeyCorp, or its successors, in connection with offers and sales relating to market-making transactions in the notes. McDonald Investments may act as principal or agent in such transactions. Such transactions will be at prices related to prevailing market prices at the time of sale. Any obligations of McDonald Investments are the sole obligations of McDonald Investments and do not create any obligations on the part of any affiliate of McDonald Investments. McDonald Investments is a member of the New York Stock Exchange.

Unless specified otherwise in the applicable pricing supplement, you will be required to pay the purchase price of the notes in immediately available funds in the specified currency in The City of New York on the date of settlement. See "Description of the Notes - General."

McDonald Investments may engage in transactions that stabilize, maintain or otherwise affect the price of the notes. Specifically, McDonald Investments may create a short position in the notes for its own account (i.e., if it sells notes in an aggregate principal amount exceeding that set forth in the applicable pricing supplement). McDonald Investments may bid for and purchase notes in the open market to cover such short positions. In addition, McDonald Investments may bid for and purchase notes in the open market to stabilize the price of the notes. These activities may stabilize or maintain the market price of the notes above independent market levels.

Neither KeyCorp nor McDonald Investments or other persons purchasing the notes as principal make any representation or prediction as to the direction or magnitude of any effect that the transactions described in the immediately preceding paragraph may have on the price of the notes. In addition, neither KeyCorp nor McDonald Investments or other person purchasing the notes as principal make any representation that McDonald Investments or such other person will engage in any such transactions or that such transactions, once commenced, will not be discontinued without notice.

McDonald Investments is a member of the National Association of Securities Dealers, Inc. ("NASD") and may participate in offerings of the notes. Accordingly, offerings of the notes in which McDonald Investments participates will conform to the requirements set forth in Rule 2720 of the Conduct Rules of the NASD.

In the ordinary course of their business, the Agents and their affiliates have engaged, and may in the future engage, in investment and commercial banking transactions with us and certain of our affiliates.
