Item 1.01 Entry into a Material Definitive Agreement.

2004 Management Performance Plan

On January 31, 2005, the Compensation Committee (the Committee) of the Board of Directors of The Timken Company (the Company) approved award payments for 2004 performance under the Company's Management Performance Plan. The performance goals were earnings before interest and taxes as a percentage of beginning invested capital (EBIT/BIC), savings from the integration of the Torrington acquisition, free cash flow and individual performance. The Committee exercised discretion under the terms of the Management Performance Plan and approved an adjustment to the calculated award for the free cash flow target, resulting in an increase in the total amount payable under the Management Performance Plan of approximately 10%. For 2004, officers (including executive officers, other than the President and Chief Executive Officer) and other key employees of the Company are eligible to receive awards under the Management Performance Plan.

2004 Performance Units

The Company awards performance units to officers (including executive officers) of the Company under its Long-Term Incentive Plan, as Amended and Restated (the LTIP). Payouts under performance units are subject to the attainment of performance goals for return on equity and sales growth over a three-year performance cycle. Actual performance for the 2002-2004 performance cycle exceeded the threshold levels for both performance measures. On January 31, 2005, the Committee approved an adjustment to the calculated award under the performance units, resulting in an increase in the total amount payable for the 2002-2004 performance cycle of approximately 9%.

2004 Senior Executive Management Performance Plan

On January 31, 2005, the Committee approved the award payment for 2004 performance under the Company's Senior Executive Management Performance Plan. The performance goals were corporate EBIT/BIC, integration savings and corporate free cash flow. The Committee exercised negative discretion under the terms of the plan and reduced the calculated award payable under the Senior Executive Management Performance Plan by approximately 12%. For 2004, the President and Chief Executive Officer is eligible to receive an award under the Senior Executive Management Performance Plan.

2005 Management Performance Plan

On January 31, 2005, the Committee approved certain changes to the Company's Management Performance Plan, effective beginning with the 2005 plan year. These changes relate to new requirements on deferred compensation arrangements imposed by Section 409A of the Internal Revenue Code which was recently enacted under the American Jobs Creation Act of 2004. In addition, the Committee established the performance goals for 2005, which are EBIT/BIC, working capital as a percentage of sales, customer service and individual performance. For 2005, officers (other than the named executive officers) and other key employees of the Company are eligible to receive awards under the Management Performance Plan.

2005 Performance Units

The Company awards performance units to officers (including executive officers) of the Company under the LTIP. On January 31, 2005, the Committee established performance goals for the 2005 – 2007 performance cycle. Payouts under performance units are subject to the attainment of performance goals for return on equity and sales growth over a three-year performance cycle.

Nonemployee Director Compensation

Following the Committee’s review of the existing terms of compensation for Nonemployee Directors, on February 1, 2005 the Company’s Board of Directors approved an increase in the annual cash retainer paid to Nonemployee Directors. Effective as of January 1, 2005, Nonemployee Directors will be paid at the annual rate of \$45,000 for services as a Director. Other terms of Nonemployee Director compensation did not change.

Amendments to Form Agreements

On January 31, 2005, the Committee approved changes to the Company’s forms of Non-Qualified Stock Option Agreement, Restricted Share Agreement and Performance Unit Agreement. The Committee also ratified forms of Election Agreements for Associates and Nonemployee Directors under the 1996 Deferred Compensation Plan and the Director Deferred Compensation Plan (respectively). These changes relate to new requirements on deferred compensation arrangements imposed by Section 409A of the Internal Revenue Code which was recently enacted under the American Jobs Creation Act of 2004. These revised forms of agreement are filed as exhibits to this Form 8-K.
