NOTES TO CONDENSED, CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED)

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

NATURE OF OPERATIONS

The Scotts Miracle-Gro Company (Scotts Miracle-Gro) and its subsidiaries (collectively, the Company) are engaged in the manufacture, marketing and sale of lawn and garden care products. The Company s major customers include home improvement centers, mass merchandisers, warehouse clubs, large hardware chains, independent hardware stores, nurseries, garden centers, food and drug stores, commercial nurseries and greenhouses, and specialty crop growers. The Company s products are sold primarily in North America and the European Union. We also operate the Scotts LawnService® business which provides lawn and tree and shrub fertilization, insect control and other related services in the United States and Smith & Hawken®, a leading brand in the outdoor living and gardening lifestyle category. Effective November 18, 2005, the Company entered the North America wild bird food category with the acquisition of Gutwein & Co., Inc. (Gutwein).

Due to the nature of the lawn and garden business, the majority of shipments to retailers occur in the Company s second and third fiscal quarters. On a combined basis, net sales for the second and third fiscal quarters generally represent 70% to 75% of annual net sales. As a result of the seasonal nature of our business, results for our first fiscal quarter are not indicative of the full year.

ORGANIZATION AND BASIS OF PRESENTATION

The Company s condensed, consolidated financial statements are unaudited; however, in the opinion of management, these financial statements are presented in accordance with accounting principles generally accepted in the United States of America. The condensed, consolidated financial statements include the accounts of Scotts Miracle-Gro and all wholly-owned and majority-owned subsidiaries. All intercompany transactions and accounts have been eliminated in consolidation. The Company s criteria for consolidating entities is based on majority ownership (as evidenced by a majority voting interest in the entity) and an objective evaluation and determination of effective management control. Interim results reflect all normal and recurring adjustments and are not necessarily indicative of results for a full year. The interim financial statements and notes are presented as specified by Regulation S-X of the Securities and Exchange Commission, and should be read in conjunction with the consolidated financial statements and accompanying notes in Scotts Miracle-Gro s Annual Report on Form 10-K for the fiscal year ended September 30, 2006.

The balance sheet at September 30, 2006 has been derived from the audited financial statements at that date but does not include all of the information and footnotes required by generally accepted accounting principles for complete financial statements.

REVENUE RECOGNITION

Revenue is recognized when title and risk of loss transfer, which generally occurs when products are received by the customer. Provisions for estimated returns and allowances are recorded at the time revenue is recognized based on historical rates and are periodically adjusted for known changes in return levels. Shipping and handling costs are included in cost of sales. Scotts LawnService® revenues are recognized at the time service is provided to the customer. Under the terms of the Amended and Restated Exclusive Agency and Marketing Agreement (the Marketing Agreement) between the Company and Monsanto, the Company, in its role as exclusive agent performs certain functions, such as sales support, merchandising, distribution and logistics, and incurs certain costs in support of the consumer Roundup® business. The actual costs incurred by the Company on behalf of Roundup® are recovered from Monsanto through the terms of the Marketing Agreement. The reimbursement of costs for which the Company is considered the primary obligor is included in net sales.

PROMOTIONAL ALLOWANCES

The Company promotes its branded products through cooperative advertising programs with retailers. Retailers also are offered in-store promotional allowances and rebates based on sales volumes. Certain products are promoted with direct consumer rebate programs and special purchasing incentives. Promotion costs (including allowances and rebates) incurred during the year are expensed to interim periods in relation to revenues and are recorded as a reduction of net sales. Accruals for expected payouts under these programs are included in the Accrued liabilities line in the Condensed, Consolidated Balance Sheets.

Table of Contents

ADVERTISING

The Company advertises its branded products through national and regional media. Advertising costs incurred during the year are expensed to interim periods in relation to revenues. All advertising costs, except for external production costs, are expensed within the fiscal year in which such costs are incurred. External production costs for advertising programs are deferred until the period in which the advertising is first aired.

Scotts LawnService® promotes its service offerings primarily through direct response mail campaigns. External costs associated with these campaigns that qualify as direct response advertising costs are deferred and recognized as advertising expense in proportion to revenues over a period not beyond the end of the subsequent calendar year. The costs deferred at December 30, 2006, December 31, 2005 and September 30, 2006 were \$4.9 million, \$2.0 million and \$5.6 million, respectively.

STOCK-BASED COMPENSATION AWARDS

In fiscal 2003, the Company began expensing prospective grants of employee stock-based compensation awards in accordance with Statement of Financial Accounting Standards (SFAS) 123, Accounting for Stock-Based Compensation. The Company adopted SFAS 123(R), Share-Based Payment effective October 1, 2005, following the modified prospective application approach. The Company was already in substantial compliance with SFAS 123(R) at the adoption date as SFAS 123(R) closely parallels SFAS 123. The fair value of awards is expensed ratably over the vesting period, generally three years, except for grants to members of the Board of Directors that have a shorter vesting period. The adoption of SFAS 123(R) did not have a significant effect on the Company's results of operations for the period ended December 31, 2005.

GOODWILL AND INDEFINITE-LIVED INTANGIBLE ASSETS

In accordance with SFAS 142, Goodwill and Other Intangible Assets, goodwill and intangible assets determined to have indefinite lives are not subject to amortization. Goodwill and indefinite-lived intangible assets are reviewed for impairment by applying a fair-value based test on an annual basis or more frequently if circumstances indicate a potential impairment. The Company conducts its annual impairment review of indefinite-lived tradenames and goodwill during its first fiscal quarter. If it is determined that an impairment has occurred, an impairment loss is recognized for the amount by which the carrying amount of the asset exceeds its estimated fair value and is classified as Impairment, restructuring, and other charges in the Condensed, Consolidated Statements of Operations. The impairment analysis for the first quarter of fiscal 2007 indicated that no impairment charges were required. The \$1.0 million charge recorded in the first quarter of fiscal 2006 related to a tradename written off in the United Kingdom.

LOSS PER COMMON SHARE

Basic loss per common share is computed based on the weighted-average number of common shares outstanding each period. Diluted loss per common share is computed based on the weighted-average number of common shares and dilutive potential common shares (stock options, restricted stock, performance shares and stock appreciation rights) outstanding each period. Because of the first quarter loss, common stock equivalents were not included in the calculation of diluted loss per share because to do so would have been anti-dilutive. These common stock equivalents equate to 1.9 million common shares and 2.1 million common shares for the periods ended December 30, 2006 and December 31, 2005, respectively.

USE OF ESTIMATES

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the amounts reported in the condensed, consolidated financial statements and accompanying notes. Although these estimates are based on management's best knowledge of current events and actions the Company may undertake in the future, actual results ultimately may differ from the estimates.

Table of Contents**RECENT ACCOUNTING PRONOUNCEMENTS****Statement of Financial Accounting Standards No. 157 Fair Value Measurements**

In September 2006, the Financial Accounting Standards Board issued SFAS 157, Fair Value Measurements. SFAS 157 defines fair value, establishes a framework for measuring fair value, and expands disclosures about fair value measurements. The Company will be required to adopt SFAS 157 no later than October 1, 2008, the beginning of its 2009 fiscal year. The Company has not yet determined the effect, if any, that the adoption of SFAS 157 will have on its condensed consolidated financial statements.

Statement of Financial Accounting Standards No. 158 Employers Accounting For Defined Benefit Pension And Other Postretirement Plans

The Financial Accounting Standards Board has issued SFAS 158, Employers Accounting for Defined Benefit Pension and Other Postretirement Plans, an amendment of FASB Statements No. 87, 88, 106, and 132(R). SFAS 158 will require the Company to recognize the underfunded status of its defined benefit postretirement plans as a liability in its statement of financial position and to recognize changes in that funded status in the year in which the changes occur through comprehensive income. SFAS 158 does not change the way the Company measures plan assets and benefit obligations as of the date of its balance sheet and in determining the amount of net periodic benefit cost.

The Company will be required to adopt the provisions of SFAS 158 as of September 30, 2007. At September 30, 2006, the Company's projected benefit obligation for its international defined benefit plans exceeded the accumulated benefit obligation and the accumulated plan benefit obligation for its post-retirement medical plan exceeded the recorded liability. If the provisions of SFAS 158 were adopted as of September 30, 2006, the Company would have been required to record an additional long-term liability of \$26.3 million, an additional long-term deferred tax asset of \$9.6 million, and charge the Accumulated other comprehensive loss component of shareholders' equity for \$16.7 million.

FIN 48 Accounting For Uncertainty In Income Taxes An Interpretation Of FASB Statement No. 109

The Financial Accounting Standards Board has issued Interpretation (FIN) 48, Accounting for Uncertainty in Income Taxes an interpretation of FASB Statement No. 109. This Interpretation clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with SFAS No. 109, Accounting for Income Taxes. This Interpretation prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. This Interpretation also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition.

The Company will be required to adopt the provisions of FIN 48 in respect of all the Company's tax positions as of October 1, 2007, the beginning of the 2008 fiscal year. The cumulative effect of applying the provisions of the Interpretation will be reported as an adjustment to the opening balance of retained earnings for the 2008 fiscal year. The Company has not completed its evaluation of FIN 48 and the effect the adoption of the Interpretation will have on the Company's condensed consolidated financial statements. It is possible that the adoption of this Interpretation will have a material effect on future results of operations.

2. DETAIL OF INVENTORIES, NET

Inventories, net of provisions for slow moving and obsolete inventory of \$15.7 million, \$16.1 million, and \$15.1 million, respectively, consisted of:

	\$ 629.1	\$ 558.8	\$ 409.2

Table of Contents**3. MARKETING AGREEMENT**

Under the terms of the Marketing Agreement with Monsanto, the Company is Monsanto's exclusive agent for the domestic and international marketing and distribution of consumer Roundup® herbicide products. Under the terms of the Marketing Agreement, the Company is entitled to receive an annual commission from Monsanto in consideration for the performance of the Company's duties as agent. The Marketing Agreement also requires the Company to make annual payments to Monsanto as a contribution against the overall expenses of the consumer Roundup® business. The annual gross commission under the Marketing Agreement is calculated as a percentage of the actual earnings before interest and income taxes (EBIT) of the consumer Roundup® business, as defined in the Marketing Agreement. Each year's percentage varies in accordance with the terms of the Marketing Agreement based on the achievement of two earnings thresholds and on commission rates that vary by threshold and program year. The annual contribution payment is defined in the Marketing Agreement as \$20 million, however, portions of the annual contribution payments for the first three years of the Marketing Agreement were deferred.

Under the terms of the Marketing Agreement, the Company performs certain functions, primarily manufacturing conversion, selling and marketing support, on behalf of Monsanto in the conduct of the consumer Roundup® business. The actual costs incurred for these activities are charged to and reimbursed by Monsanto, for which the Company recognizes no gross profit or net income. The Company records costs incurred under the Marketing Agreement for which the Company is the primary obligor on a gross basis, recognizing such costs in Cost of sales and the reimbursement of these costs in Net sales, with no effect on gross profit or net income. The related net sales and cost of sales were \$9.5 million and \$8.2 million for the three-month periods ended December 30, 2006 and December 31, 2005, respectively.

The elements of the net commission earned under the Marketing Agreement and included in Net sales is as follows:

	THREE MONTHS ENDED	
	DECEMBER	DECEMBER
	30,	31,
	2006	2005
	(IN MILLIONS)	
Gross commission	\$ (0.3)	\$
Contribution expenses	(5.0)	(5.0)
Amortization of marketing fee	(0.2)	(0.2)
Net commission expense	(5.5)	(5.2)
Reimbursements associated with Marketing Agreement	9.5	8.2
Total net sales associated with Marketing Agreement	\$ 4.0	\$ 3.0

In consideration for the rights granted to the Company under the Marketing Agreement for North America, the Company was required to pay a marketing fee of \$33 million to Monsanto. The Company has deferred this amount on the basis that the payment will provide a future benefit through commissions that will be earned under the Marketing Agreement. Based on management's current assessment of the likely term of the Marketing Agreement, the useful life over which the marketing fee is being amortized is 20 years.

The Marketing Agreement has no definite term except as it relates to the European Union countries. With respect to the European Union countries, the term of the Marketing Agreement has been extended through September 30, 2008 and may be renewed at the option of both parties for two additional successive terms ending on September 30, 2015 and 2018, with a separate determination being made by the parties at least six months prior to the expiration of each such term as to whether to commence a subsequent renewal term. If Monsanto does not agree to the renewal term with respect to the European Union countries, the commission structure will be renegotiated within the terms of the Marketing Agreement. For countries outside of the European Union, the Marketing Agreement continues indefinitely unless terminated by either party.

The Marketing Agreement provides Monsanto with the right to terminate the Marketing Agreement for an event of default (as defined in the Marketing Agreement) by the Company or a change in control of Monsanto or the sale of the consumer Roundup® business. The Marketing Agreement provides the Company with the right to terminate the Marketing Agreement in certain circumstances including an event of default by Monsanto or the sale of the consumer Roundup® business. Unless Monsanto terminates the Marketing Agreement for an event of default by the Company, Monsanto is required to pay a termination fee to the Company that varies by program year. If Monsanto terminates the Marketing Agreement upon a change of control of Monsanto or the sale of the consumer Roundup® business prior to September 30, 2008, the Company will be entitled to a termination fee in

Table of Contents

excess of \$100 million. If the Company terminates the Marketing Agreement upon an uncured material breach, material fraud or material willful misconduct by Monsanto, it is entitled to receive a termination fee in excess of \$100 million if the termination occurs prior to September 30, 2008. The termination fee declines over time from \$100 million to a minimum of \$16 million for terminations between September 30, 2008 and September 30, 2018. If Monsanto were to terminate the Marketing Agreement for cause, the Company would not be entitled to any termination fee, and it would lose all, or a significant portion, of the significant source of earnings and overhead expense absorption the Marketing Agreement provides. Monsanto may also be able to terminate the Marketing Agreement within a given region, including North America, without paying a termination fee if sales to consumers in that region decline: (1) over a cumulative three fiscal year period; or (2) by more than 5% for each of two consecutive years.

4. IMPAIRMENT, RESTRUCTURING AND OTHER CHARGES**FISCAL 2007 CHARGES**

During the first quarter of fiscal 2007, the Company has not recorded impairment, restructuring and other charges.

FISCAL 2006 CHARGES

During the first quarter of fiscal 2006, the Company recorded \$4.7 million of restructuring and other charges relating to our profit improvement plan, consisting primarily of severance and related costs. The impairment charge of \$1.0 million was associated with a tradename no longer in use in our United Kingdom business.

The intrinsic value of the options and stock appreciation right awards outstanding and exercisable were as follows for the dates indicated (in millions):

	DECEMBER 30, 2006	DECEMBER 31, 2005
Outstanding	\$ 129.5	\$ 130.9
Exercisable	108.6	98.3

The fair value of each award granted has been estimated on the grant date using the Binomial model using the assumptions noted in the following table. Expected market price volatility is based on implied volatilities from traded options on Scotts Miracle-Gro's common shares and historical volatility on Scotts Miracle-Gro's common shares. Historical data, including demographic factors impacting historical exercise behavior, is used to estimate the expected life of an option (the average period of time an option is held before exercise), option exercise and employee termination within the valuation model. The risk-free interest rate for periods within the contractual life of the option is based on the U.S. Treasury yield curve in effect at the time of grant. The weighted average assumptions for those awards granted during the three months ended December 30, 2006, are as follows:

Expected market price volatility	26.3%
Risk-free interest rate	4.8%
Expected dividend yield	1.1%
Expected life of options/SARs	5.83
Estimated weighted-average fair value per share of options/SARs	\$14.00

Restricted Stock

Aggregate restricted stock award activity for the period is as follows:

	No. of Shares	WTD Avg. Grant Date Fair Value Per Share
Balance September 30, 2006	302,795	\$ 39.26
Granted	191,300	45.63

Forfeited	(5,000)		47.29
Balance December 30, 2006	395,295	\$	43.69

As of December 30, 2006, there was \$28.3 million of total unrecognized compensation cost related to non-vested share-based compensation arrangements. The unrecognized compensation cost is expected to be recognized over a weighted-average period of

Table of Contents

2.8 years. Unearned compensation is amortized over the vesting period for the particular grant and is recognized as a component of Selling, general and administrative expense within the Condensed, Consolidated Statements of Operations.

The total intrinsic value of options exercised was \$32.4 million and the total fair value of restricted stock vested was \$4.6 million during the three months ended December 30, 2006.

Cash received from option exercises under all share-based payment arrangements during the three months ended December 30, 2006 was \$15.5 million.

9. CONTINGENCIES

Management continually evaluates the Company's contingencies, including various lawsuits and claims which arise in the normal course of business, product and general liabilities, worker's compensation, property losses and other fiduciary liabilities for which the Company is self-insured or retains a high exposure limit. Self-insurance reserves are established based on actuarial estimates. Legal costs incurred in connection with the resolution of claims, lawsuits and other contingencies generally are expensed as incurred. In the opinion of management, its assessment of contingencies is reasonable and related reserves, in the aggregate, are adequate; however, there can be no assurance that future quarterly or annual operating results will not be materially affected by final resolution of these matters. The following matters are the more significant of the Company's identified contingencies.

Environmental Matters

In 1997, the Ohio Environmental Protection Agency (the Ohio EPA) initiated an enforcement action against the Company with respect to alleged surface water violations and inadequate treatment capabilities at the Marysville, Ohio facility and seeking corrective action under the federal Resource Conservation and Recovery Act. The action related to discharges from on-site waste water treatment and several discontinued on-site disposal areas.

Pursuant to a Consent Order entered by the Union County Common Pleas Court in 2002, the Company is actively engaged in restoring the site to eliminate exposure to waste materials from the discontinued on-site disposal areas.

At December 30, 2006, \$3.0 million was accrued for environmental and regulatory matters, primarily related to the Marysville facility. Most of the accrued costs are expected to be paid in fiscal 2007; however, payments could be made for a period thereafter. While the amounts accrued are believed to be adequate to cover known environmental exposures based on current facts and estimates of likely outcome, the adequacy of these accruals is based on several significant assumptions:

that all significant sites that must be remediated have been identified;

that there are no significant conditions of contamination that are unknown to us; and

that with respect to the agreed judicial Consent Order in Ohio, the potentially contaminated soil can be remediated in place rather than having to be removed and only specific stream segments will require remediation as opposed to the entire stream.

If there is a significant change in the facts and circumstances surrounding these assumptions, it could have a material impact on the ultimate outcome of these matters and our results of operations, financial position and cash flows.

U.S. Horticultural Supply, Inc. (F/K/A E.C. Geiger, Inc.)

On November 5, 2004, U.S. Horticultural Supply, Inc. (Geiger) filed suit against the Company in the U.S. District Court for the Eastern District of Pennsylvania. The complaint alleges that the Company conspired with another distributor, Griffin Greenhouse Supplies, Inc., to restrain trade in the horticultural products market, in violation of Section 1 of the Sherman Antitrust Act. Geiger has not specified the amount of monetary damages it is seeking. On June 2, 2006, the Court denied the Company's motion to dismiss the complaint. The Company is currently engaged in discovery relating to Geiger's claim. The deadline for fact discovery is March 8, 2007.

The Company intends to vigorously defend against Geiger's claims. The Company believes that Geiger's claims are without merit and that the likelihood of an unfavorable outcome is remote. Therefore, no accrual has been established related to this matter.

Table of Contents

However, the Company cannot predict the ultimate outcome with certainty. If the above action is determined adversely to the Company, the result could have a material adverse effect on the Company's results of operations, financial position and cash flows. Because Geiger has not specified an amount of monetary damages in the case (which may be trebled under the antitrust statutes) and discovery has not yet concluded, any potential exposure that the Company may face cannot be reasonably estimated at this time.

Other

The Company has been named a defendant in a number of cases alleging injuries that the lawsuits claim resulted from exposure to asbestos-containing products, apparently based on the Company's historic use of vermiculite in certain of its products. The complaints in these cases are not specific about the plaintiffs' contacts with the Company or its products. The Company in each case is one of numerous defendants and none of the claims seeks damages from the Company alone. The Company believes that the claims against it are without merit and is vigorously defending against them. It is not currently possible to reasonably estimate a probable loss, if any, associated with the cases and, accordingly, no accrual or reserves have been recorded in the consolidated financial statements. There can be no assurance that these cases, whether as a result of adverse outcomes or as a result of significant defense costs, will not have a material adverse effect on the Company's financial condition, results of operations and cash flows.

The Company is reviewing agreements and policies that may provide insurance coverage or indemnity as to these claims and is pursuing coverage under some of these agreements, although there can be no assurance of the results of these efforts.

The Company is involved in other lawsuits and claims which arise in the normal course of business. These claims individually and in the aggregate are not expected to result in a material adverse effect on the Company's results of operations, financial position or cash flows.

10. ACQUISITIONS

The Company continues to view strategic acquisitions as a means to enhance the core businesses. During fiscal 2006, the Company made the following acquisitions:

June 2006 Certain brands and assets of Landmark Seed Company (professional seed and turfgrasses)

May 2006 Certain brands and assets of Turf-Seed, Inc. (commercial turfgrasses)

November 2005 All the outstanding shares of Gutwein & Co., Inc. (bird food)

October 2005 All the outstanding shares of Rod McLellan Company (soil and landscape products).

These acquisitions required cash outlays of \$115.0 million, the assumption of \$17.0 million in liabilities and deferred payments, and a commitment to pay in 2012 consideration based on future performance that may approximate \$15.0 million

The Company also continues to invest in the growth of the Scotts LawnService® business. In the first quarter of fiscal 2007, two businesses were acquired for a total cost of \$3.4 million. A total of five acquisitions were made during fiscal 2006 for a total cost of \$4.4 million.

11. SEGMENT INFORMATION

The Company is divided into the following segments North America, Scotts LawnService®, International, and Corporate & Other. This division of reportable segments is consistent with how the segments report to and are managed by senior management of the Company. The following table presents segment financial information in accordance with SFAS No. 131, Disclosures about Segments of an Enterprise and Related Information. Pursuant to SFAS No. 131, the presentation of the segment financial information is consistent with the basis used by management (i.e., certain costs not allocated to business segments for internal management reporting purposes are not allocated for purposes of this presentation). Certain reclassifications were made to prior period amounts to reflect the inclusion of biotech costs and certain other items in the Corporate and Other segment instead of the North America segment to be consistent with fiscal 2007 reporting.

Segment operating loss represents loss before amortization of intangible assets, interest and taxes, since this is the measure of profitability used by management. The Corporate & Other operating loss for the three months ended December 30, 2006 and December 31, 2005 includes unallocated corporate general and administrative expenses, and certain other income/expense items not allocated to the business segments.

Total assets reported for the Company's operating segments include the intangible assets for the acquired businesses within those segments. Corporate & Other assets primarily include deferred financing and debt issuance costs, corporate intangible assets, deferred tax assets and Smith & Hawken® assets.

12. SUBSEQUENT EVENT RECAPITALIZATION

On December 12, 2006, the Company announced a recapitalization plan to return \$750 million to the Company's shareholders. This plan replaces the previously announced \$500 million share repurchase program (which has been canceled). Pursuant to this plan, the Company launched a modified Dutch auction tender offer on January 10, 2007, to repurchase up to 4.5 million of the Company's common shares for an aggregate purchase price of \$250 million (assuming the common shares are purchased at \$55.50 per share, the maximum price in the Dutch auction range). Unless extended by the Company, the tender offer is scheduled to expire on February 14, 2007. Following the consummation of the tender offer and subject to final Board approval, the Company intends to declare a special one-time cash dividend, currently anticipated to be \$500 million in the aggregate but subject to revision based on the success of the Dutch auction tender offer and other factors to be considered by the Board. The dividend payment date is expected to be no later than March 31, 2007.

Table of Contents

In connection with this recapitalization plan, Scotts Miracle-Gro and certain of its subsidiaries have entered into the following loan facilities totaling in the aggregate up to \$2.15 billion: (a) a senior secured five-year term loan in the principal amount of \$560 million and (b) a senior secured five-year revolving loan facility in the aggregate principal amount of up to \$1.59 billion. The new \$2.15 billion senior secured credit facilities replaces the Company's \$1.05 billion senior credit facility. The representations and warranties, affirmative covenants, negative covenants and events of default under the new credit facilities are similar to prior facility, except that the new facility provides for the collateralization of domestic accounts receivable, inventory, and equipment.

On January 10, 2007, the Company also launched a cash tender offer for any and all of its outstanding 6 5/8% senior subordinated notes due 2013 in an aggregate principal amount of \$200 million. The tender offer is scheduled to expire on February 8, 2007, with the payment date expected to be on or about February 14, 2007. Proceeds from the new credit facilities will be used to fund the repurchase of the 6 5/8% senior subordinated notes. Substantially all of the 6 5/8% senior subordinated notes have been tendered as of February 8, 2007.

The Company expects to record charges of approximately \$18 million (to include approximately \$8.1 million of noncash charges associated with the write-off of deferred financing costs) during the second quarter of fiscal 2007 on the refinancing of the \$1.05 billion senior credit facility and the repurchase of the 6 5/8% senior subordinated notes.

13. FINANCIAL INFORMATION FOR SUBSIDIARY GUARANTORS AND NON-GUARANTORS

The 6 5/8% senior subordinated notes are general obligations of Scotts Miracle-Gro and are guaranteed by all of the existing wholly-owned, domestic subsidiaries and all future wholly-owned, significant (as defined in Regulation S-X of the Securities and Exchange Commission) domestic subsidiaries of Scotts Miracle-Gro. These subsidiary guarantors jointly and severally guarantee the obligations of Scotts Miracle-Gro under the Notes. The guarantees represent full and unconditional general obligations of each subsidiary that are subordinated in right of payment to all existing and future senior debt of that subsidiary but are senior in right of payment to any future junior subordinated debt of that subsidiary.

The following unaudited information presents condensed, consolidating Statements of Operations and Statements of Cash Flows for the three-month periods ended December 30, 2006 and December 31, 2005 and condensed, consolidating balance sheets as of December 30, 2006, December 31, 2005, and September 30, 2006.

Executive Summary

We are dedicated to delivering strong, consistent financial results and outstanding shareholder returns by providing consumers with products of superior quality and value to enhance their outdoor living environments. We are a leading manufacturer and marketer of consumer branded products for lawn and garden care and professional horticulture in North America and Europe. We are Monsanto's exclusive agent for the marketing and distribution of consumer Roundup® non-selective herbicide products within the United States and other contractually specified countries. We entered the North America wild bird food category with the acquisition of Gutwein & Co., Inc. (Gutwein) in November 2005, and the outdoor living category with the acquisition of Smith & Hawken® in October 2004. We have a presence in similar consumer branded and professional horticulture products in Australia, the Far East, Latin America and South America. In the United States, we operate the second largest residential lawn service business, Scotts LawnService®. In fiscal 2007, our operations are divided into the following reportable segments: North America, Scotts LawnService®, International, and Corporate & Other. The Corporate & Other segment consists of the Smith & Hawken® business and corporate general and administrative expenses.

As a leading consumer branded lawn and garden company, we focus our consumer marketing efforts, including advertising and consumer research, on creating consumer demand to pull products through the retail distribution channels. In the past three years, we have spent approximately 5% of our net sales annually on media advertising to support and promote our products and brands. We have applied this consumer marketing focus for a number of years, and we believe that we receive a significant return on these marketing expenditures. We expect we will continue to focus our marketing efforts toward the consumer and make additional targeted investments in consumer marketing expenditures in the future to continue to drive market share and sales growth.

Our sales are susceptible to global weather conditions. For instance, periods of wet weather can adversely impact sales of certain products, while increasing demand for other products. We believe that our past acquisitions have somewhat diversified both our product line risk and geographic risk to weather conditions. Due to the nature of our lawn and garden business, significant portions of our shipments occur in the second and third fiscal quarters. In recent years, retailers have reduced their pre-season inventories placing greater reliance on us to deliver products in season when consumers seek to buy our products.

	Percent Net Sales by Quarter		
	2006	2005	2004
First Quarter	9.3%	10.4%	8.7%
Second Quarter	33.6%	34.3%	35.2%
Third Quarter	38.9%	38.0%	38.2%
Fourth Quarter	18.2%	17.3%	17.9%

Management focuses on a variety of key indicators and operating metrics to monitor the health and performance of our business. These metrics include consumer purchases (point-of-sale data), market share, net sales (including volume, pricing and foreign exchange), gross profit margins, income from operations, net income and earnings per share. To the extent applicable, these measures are evaluated with and without impairment, restructuring and other charges. We also focus on measures to optimize cash flow and return on invested capital, including the management of working capital and capital expenditures.

Given the Company's strong performance and consistent cash flows, our Board of Directors has undertaken several actions over the past eighteen months to return cash to our shareholders. We began paying a quarterly cash dividend of 12.5 cents per share in the fourth quarter of fiscal 2005. In fiscal 2006, our Board launched a five-year \$500 million share repurchase program pursuant to which we repurchased 2.0 million common shares for \$87.9 million during fiscal 2006.

Table of Contents

Most recently, on December 12, 2006, the Company announced a recapitalization plan to return \$750 million to the Company's shareholders. This plan replaces the previously announced \$500 million share repurchase program (which has been canceled). Pursuant to this plan, the Company launched a modified Dutch auction tender offer on January 10, 2007, to repurchase up to 4.5 million of the Company's common shares for an aggregate purchase price of \$250 million (assuming the common shares are purchased at \$55.50 per share, the maximum price in the Dutch auction range). Unless extended by the Company, the tender offer is scheduled to expire on February 14, 2007. Following the consummation of the tender offer and subject to final Board approval, the Company intends to declare a special one-time cash dividend, currently anticipated to be \$500 million in the aggregate but subject to revision based on the success of the Dutch auction tender offer and other factors to be considered by the Board. The dividend payment date is expected to be no later than March 31, 2007.

In connection with this recapitalization plan, Scotts Miracle-Gro and certain of its subsidiaries have entered into the following loan facilities totaling in the aggregate up to \$2.15 billion: (a) a senior secured five-year term loan in the principal amount of \$560 million and (b) a senior secured five-year revolving loan facility in the aggregate principal amount of up to \$1.59 billion. The new \$2.15 billion senior secured credit facilities replaces the Company's \$1.05 billion senior credit facility. The representations and warranties, affirmative covenants, negative covenants and events of default under the new credit facilities are similar to prior facility, except that the new facility provides for the collateralization of domestic accounts receivable, inventory, and equipment.

On January 10, 2007, we also launched a cash tender offer for any and all of our outstanding 6 5/8% senior subordinated notes due 2013 in an aggregate principal amount of \$200 million. The tender offer is scheduled to expire on February 8, 2007, with the payment date expected to be on or about February 14, 2007. Proceeds from the new credit facilities will be used to fund the repurchase of the 6 5/8% senior subordinated notes. Substantially all of the 6 5/8% senior subordinated notes have been tendered as of February 8, 2007.

The Company expects to record charges of approximately \$18 million (to include approximately \$8.1 million of noncash charges associated with the write-off of deferred financing costs) during the second quarter of fiscal 2007 on the refinancing of its existing \$1.05 billion senior credit facility and the repurchase of the 6 5/8% senior subordinated notes.

These actions reflect management's confidence in the continued growth of the Company coupled with strong and consistent cash flows that can support the higher levels of debt necessary to finance this plan. Even with an increase in borrowings under the new credit facilities, we believe we will maintain the capacity to pursue targeted, strategic acquisitions that leverage our core competencies.

RESULTS OF OPERATIONS

The following table sets forth the components of income and expense as a percentage of net sales for the three months ended December 30, 2006 and December 31, 2005:

	THREE MONTHS ENDED	
	DECEMBER	DECEMBER
	30,	31,

Loss before income taxes	(34.2)	(33.5)
Income tax benefit	(12.3)	(12.4)
Net loss	(21.9)%	(21.1)%

Net sales for the three months ended December 30, 2006 were \$271.2 million, an increase of 8.7% from net sales of \$249.5 million for the three months ended December 31, 2005. Recent acquisitions favorably impacted sales growth for the quarter by 6%, while the impact of foreign exchange rates increased sales growth by 2.7%. Excluding these factors, sales for the quarter were essentially flat as compared to the first quarter of fiscal 2006. Net sales for our first quarter typically comprise between 9% to 11% of our total fiscal

Table of Contents

year net sales. Therefore, first quarter net sales trends are generally not indicative of the full fiscal year. The impact of price increases in the first quarter was not material to the discussion of net sales.

As a percentage of net sales, gross profit was 20.4% of sales in the first quarter of fiscal 2007 compared to 21.4% in the first quarter of fiscal 2006. Most of the first quarter fiscal 2007 margin pressure was anticipated and is primarily the result of strategic acquisitions of margin rate dilutive businesses and commodity cost increases that will not be offset until 2007 pricing to our retailers takes effect in our second fiscal quarter.

Selling, General and Administrative Expense:

	THREE MONTHS ENDED

Selling, general and administrative	125.3	107.8
Amortization of intangibles	3.5	3.3
	\$ 142.2	\$ 126.0

Spending on selling, general and administrative expenses was \$142.2 million in the first quarter of fiscal 2007, compared to \$126.0 million for the first quarter of fiscal 2006, an increase of 12.9% or 10.7% excluding the effect of foreign exchange rates. We are expecting full year growth of SG&A of 10 to 12 percent. First quarter growth was driven by full year planned increases in technology and innovation, Scotts LawnService® spending in advance of growth, and overhead additions from acquisitions. In addition, approximately \$2.0 million of expense was incurred in our International segment primarily comprised of severance costs incurred to streamline management.

Impairment, Restructuring and Other Charges, net:

	THREE MONTHS ENDED	
	DECEMBER	DECEMBER
	30,	31,
	2006	2005
	(IN MILLIONS)	
	(UNAUDITED)	
Impairment charges	\$	\$ 1.0
Restructuring severance and related		4.7
	\$	\$ 5.7

The Company performs its annual impairment analysis of indefinite-lived intangibles and goodwill during the first quarter of the fiscal year. The impairment analysis for the first quarter of fiscal 2007 indicated that no impairment charges were required. The \$1.0 million charge recorded in the first quarter of fiscal 2006 related to a trademark written off in the United Kingdom. Restructuring activities in the first quarter of fiscal 2006 related to further organizational adjustments associated with Project Excellence initiated in the third quarter of fiscal 2005.

Interest expense for the first quarter of fiscal 2007 was \$8.2 million, compared to \$7.1 million for the first quarter of fiscal 2006. The increase in interest expense was due primarily to higher average borrowings and an increase in rates as compared to the prior year.

The income tax benefit was calculated assuming an effective tax rate of 36.0% for the first quarter of fiscal 2007, versus 37.0% for the comparable quarter in fiscal 2006. The effective tax rate used for interim reporting purposes is

based on management's best estimate of factors impacting the effective tax rate for the fiscal year. Factors affecting the estimated rate include assumptions as to income by jurisdiction (domestic and foreign), the availability and utilization of tax credits, the existence of elements of income and expense that may not be taxable or deductible, as well as other items. There can be no assurance that the effective tax rate estimated for interim financial reporting purposes will approximate the effective tax rate determined at fiscal year end. The estimated effective tax rate is subject to revision in later interim periods and at fiscal year end as facts and circumstances change during the course of the fiscal year. The Company reported a net loss of \$59.4 million for the first quarter of fiscal 2007, compared to a net loss of \$52.7 million for the first quarter of fiscal 2006. This increased seasonal loss was anticipated due to higher levels of spending in advance of the spring and summer selling season and, to a lesser extent, recent acquisitions. Average common shares outstanding decreased to 67.2 million for the quarter ended December 30, 2006 from 68.0 million for the quarter ended December 31, 2005. The decrease results from the repurchase of common shares during fiscal 2006 offset by common shares issued for option exercises. Common stock equivalents are not included in the shares used for the first quarter diluted earnings per share calculations due to their anti-dilutive effect.

Table of Contents**SEGMENT RESULTS**

Consistent with fiscal 2006, our fiscal 2007 operations are divided into the following reportable segments: North America, Scotts LawnService®, International, and Corporate & Other. The Corporate & Other segment consists of Smith & Hawken® and corporate general and administrative expenses. Certain reclassifications were made to prior period amounts to reflect the inclusion of biotech costs and certain other items in the Corporate & Other segment instead of the North America segment to be consistent with fiscal 2007 reporting. Segment performance is evaluated based on several factors, including income from operations before amortization, and impairment, restructuring and other charges, which is a non-GAAP measure. Management uses this measure of operating profit to gauge segment performance because we believe this measure is the most indicative of performance trends and the overall earnings potential of each segment.

North America

North America segment net sales were \$137.6 million in the first quarter of fiscal 2007, an increase of 9.6% from net sales of \$125.6 million for the first quarter of fiscal 2006. Excluding the impact of acquisitions that occurred during fiscal 2006, net sales were down about 2%. This slight decline is a function of timing of shipments to retailers on the traditionally low first quarter sales base. Point-of-sales in the North America segment increased 2% for the quarter, showing particularly strong consumer demand for our Ortho[®], plant foods, and growing media products. It is important to note that our first quarter typically represents less than 7% of annual sales for this segment and falls at the end of the growing season for North America, contributing to the short-term discrepancy between retailer purchases and consumer take away of our products. Over the course of a complete season, retailer purchases and consumer take away of our products generally should align.

The first quarter fiscal 2007 operating loss generated by the North America segment increased by \$2.5 million as compared to the first quarter of fiscal 2006. First quarter fiscal 2007 gross margin pressures were the primarily cause for this decline and were anticipated. Strategic acquisitions of margin rate dilutive businesses and commodity cost increases that will not be offset until 2007 pricing to our retailers takes effect in our second fiscal quarter were the primary causes.

Table of Contents**Scotts LawnService®**

Scotts LawnService® revenues increased 9.3% from \$23.6 million in the first quarter of fiscal 2006 to \$25.8 million in the first quarter of fiscal 2007. Continued strong organic growth and improved customer retention are the primary drivers behind this increase. Fiscal 2006 ended with our customer count up 12%, which increased to 15% year-over-year as of December 30, 2006. This increase in customer count was partially offset as first quarter fiscal 2006 sales were favorably impacted due to late season hurricanes in fiscal 2005 which delayed treatments in some southern markets until the first quarter of fiscal 2006. While not material to annual revenues, this revenue shift is significant in this seasonally low revenue quarter.

The higher operating loss for Scotts LawnService® in the first quarter of fiscal 2007 was primarily attributable to higher SG&A spending as the business continues its rapid growth track.

International

Net sales for the International segment in the first quarter of fiscal 2007 were \$63.4 million, an increase of \$5.1 million, or 8.7%, versus the first quarter of fiscal 2006. Excluding the effect of exchange rates, net sales decreased by \$1.2 million or 2.0%. This was slightly behind our expectations for the quarter. We were anticipating some delay of shipments relative to last fiscal year as European retailers push inventory closer to consumer demand. The International operating loss for the first quarter of fiscal 2007 increased by \$2.8 million from the first quarter of fiscal 2006 to \$7.9 million. This increase was attributed primarily to approximately \$2.0 million of costs incurred during the first quarter of fiscal 2007 in the ongoing streamlining of the management structure in Europe, coupled with the impact of higher foreign exchange rates.

Corporate & other

Net sales for the Corporate & Other segment, which pertain primarily to Smith & Hawken®, increased \$2.4 million or 5.7%, from the first quarter of fiscal 2006. This increase was attributable to 4.0% growth in retail store sales coupled with stronger business-to-business sales.

The net operating loss for Corporate & Other increased by \$3.1 million in the first quarter of 2007 as compared to the first quarter of fiscal 2006. A higher Smith & Hawken® operating loss coupled with the effect of cost offsets from legal recoveries in the first quarter of fiscal 2006 that were not repeated in the first quarter of fiscal 2007 were the primary drivers behind the increase.

LIQUIDITY AND CAPITAL RESOURCES

Cash used in operating activities amounted to \$204.1 million and \$234.0 million for the three months ended December 30, 2006 and December 31, 2005, respectively. The use of cash in the first fiscal quarter is due to the seasonal nature of our operations. The first quarter is the low point for net sales while at the same time we are building inventories in preparation for the spring selling season that begins in our second fiscal quarter. The decrease in cash used in operating activities in the first quarter of fiscal 2007 as compared to the first quarter of fiscal 2006 relates primarily to the \$43.0 million Roundup® deferred contribution amount paid in October 2005.

Cash used in investing activities was \$18.6 million and \$112.0 million for the three months ended December 30, 2006 and December 31, 2005, respectively. Our acquisitions of Gutwein and RMC required a net cash outlay of approximately \$97.7 million in the first quarter of 2006, which were financed with borrowings under our existing lines of credit. Acquisition activity in the first quarter of fiscal 2007 was insignificant, with \$2.7 million spent on acquisitions relating to our Scotts LawnService® business. Other capital spending on property, plant and equipment done in the normal course of business was fairly consistent, with \$16.2 million spent during the first quarter of fiscal 2007 as compared to the \$14.3 million spent in the first quarter of fiscal 2006.

Financing activities provided cash of \$212.1 million and \$300.6 million for the three months ended December 30, 2006 and December 31, 2005, respectively. The higher financing needs in the first quarter of fiscal 2006 were primarily due to acquisitions.

Our primary sources of liquidity are cash generated by operations and borrowings under our credit agreements. Our Revolving Credit Agreement consists of an aggregate \$1.05 billion multi-currency commitment that extends through July 21, 2010. Under our current structure, we may request an additional \$100 million in revolving credit commitments, subject to approval from our lenders. As of December 30, 2006, there was \$570.9 million of availability under the Revolving Credit Agreement. As of December 30, 2006, we

Table of Contents

also had \$200.0 million of 6 5/8% senior subordinated notes outstanding. We were in compliance with all of our debt covenants throughout the first quarter of fiscal 2007.

The recapitalization plan announced on December 12, 2006, to return \$750 million to shareholders during the second quarter of fiscal 2007, will be financed by replacing the Company's principal borrowing arrangements. Effective February 7, 2007, our prior Revolving Credit Agreement was replaced with new senior secured \$2.15 billion multicurrency credit facilities that provide for revolving credit and term loans. The representations and warranties, affirmative covenants, negative covenants and events of default under the new credit facilities are similar to the prior facility, except that the new facility provides for the collateralization of domestic accounts receivable, inventory, and equipment. As part of the refinancing, our \$200 million of 6 5/8% senior subordinated notes outstanding will be repurchased. We believe our new facilities will continue to provide the Company with the capacity to pursue targeted, strategic acquisitions that leverage our core competencies.

We are party to various pending judicial and administrative proceedings arising in the ordinary course of business. These include, among others, proceedings based on accidents or product liability claims and alleged violations of environmental laws. We have reviewed our pending environmental and legal proceedings, including the probable outcomes, reasonably anticipated costs and expenses, reviewed the availability and limits of our insurance coverage and have established what we believe to be appropriate reserves. We do not believe that any liabilities that may result from these proceedings are reasonably likely to have a material adverse effect on our liquidity, financial condition or results of operations; however, there can be no assurance that future quarterly or annual operating results will not be materially affected by final resolution of these matters.

In our opinion, cash flows from operations and capital resources will be sufficient to meet debt service and working capital needs during fiscal 2007 and thereafter for the foreseeable future. However, we cannot ensure that our business will generate sufficient cash flow from operations or that future borrowings will be available under our credit facilities in amounts sufficient to pay indebtedness or fund other liquidity needs. Actual results of operations will depend on numerous factors, many of which are beyond our control.

ENVIRONMENTAL MATTERS

We are subject to local, state, federal and foreign environmental protection laws and regulations with respect to our business operations and believe we are operating in substantial compliance with, or taking actions aimed at ensuring compliance with, such laws and regulations. We are involved in several legal actions with various governmental agencies related to environmental matters. While it is difficult to quantify the potential financial impact of actions involving environmental matters, particularly remediation costs at waste disposal sites and future capital expenditures for environmental control equipment, in the opinion of management, the ultimate liability arising from such environmental matters, taking into account established reserves, should not have a material adverse effect on our financial position. However, there can be no assurance that the resolution of these matters will not materially affect our future quarterly or annual results of operations, financial condition or cash flows. Additional information on environmental matters affecting us is provided in the fiscal 2006 Annual Report on Form 10-K under ITEM 1.

CRITICAL ACCOUNTING POLICIES AND ESTIMATES

The preceding discussion and analysis of the consolidated results of operations and financial position should be read in conjunction with our Condensed, Consolidated Financial Statements included elsewhere in this Quarterly Report on Form 10-Q. Our Annual Report on Form 10-K for the fiscal year ended September 30, 2006 includes additional information about the Company, our operations, our financial position, our critical accounting policies and accounting estimates, and should be read in conjunction with this Quarterly Report on Form 10-Q.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK

Market risks have not changed significantly from those disclosed in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2006.

ITEM 4. CONTROLS AND PROCEDURES

With the participation of the Company's principal executive officer and principal financial officer, the Company's management has evaluated the effectiveness of the Company's disclosure controls and procedures (as defined in

Rule 13a-15(e) under the Securities Exchange Act of 1934, as amended (the Exchange Act), as of the end of the fiscal quarter covered by this Quarterly Report on Form

Table of Contents

10-Q. Based upon that evaluation, the Company's principal executive officer and principal financial officer have concluded that:

- (A) information required to be disclosed by the Company in this Quarterly Report on Form 10-Q and the other reports that the Company files or submits under the Exchange Act would be accumulated and communicated to the Company's management, including its principal executive and financial officers, as appropriate to allow timely decisions regarding required disclosure,
- (B) information required to be disclosed by the Company in this Quarterly Report on Form 10-Q and the other reports that the Company files or submits under the Exchange Act would be recorded, processed, summarized, and reported within the time periods specified in the SEC's rules and forms; and
- (C) the Company's disclosure controls and procedures are effective as of the end of the fiscal quarter covered by this Quarterly Report on Form 10-Q to ensure that material information relating to the Company and its consolidated subsidiaries is made known to them, particularly during the period in which the Company's periodic reports, including this Quarterly Report on Form 10-Q, are being prepared.

In addition, there were no changes in the Company's internal control over financial reporting (as defined in Rule 13a-15(f) under the Exchange Act) that occurred during the Company's fiscal quarter ended December 30, 2006, that have materially affected, or are reasonably likely to materially affect, the Company's internal control over financial reporting.

PART II OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

Pending material legal proceedings have not changed significantly from those disclosed in the Company's Annual Report on Form 10-K for the fiscal year ended September 30, 2006.

ITEM IA. RISK FACTORS

Cautionary Statement on forward-looking Statements

We have made and will make forward-looking statements within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934 in this Quarterly Report on Form 10-Q and in other contexts relating to future growth and profitability targets and strategies designed to increase total shareholder value. Forward-looking statements also include, but are not limited to, information regarding our future economic and financial condition, the plans and objectives of our management and our assumptions regarding our performance and these plans and objectives.

The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements to encourage companies to provide prospective information, so long as those statements are identified as forward-looking and are accompanied by meaningful cautionary statements identifying important factors that could cause actual results to differ materially from those discussed in the forward-looking statements. We desire to take advantage of the safe harbor provisions of that Act.

Some forward-looking statements that we make in this Quarterly Report on Form 10-Q and in other contexts represent challenging goals for the Company, and the achievement of these goals is subject to a variety of risks and assumptions and numerous factors beyond our control. Important factors that could cause actual results to differ materially from the forward-looking statements we make are included in Part I, Item IA. Risk Factors of our Annual Report on Form 10-K for the fiscal year ended September 30, 2006. All forward-looking statements attributable to us or persons working on our behalf are expressly qualified in their entirety by those cautionary statements.

ITEM 2. UNREGISTERED SALES OF EQUITY SECURITIES AND USE OF PROCEEDS

(c) Issuer Purchases of Equity Securities

On December 12, 2006, Scotts Miracle-Gro announced its intent to implement a recapitalization plan which included the termination of the Scotts Miracle-Gro share repurchase program that was approved by the Board of Directors and publicly announced on October 27, 2005 (the Share Repurchase Program). There were no repurchases of Scotts Miracle-Gro's common shares made by or on behalf of Scotts Miracle-Gro or any affiliated purchaser of Scotts Miracle-Gro as defined in

Table of Contents

Rule 10b-18(a)(3) under the Securities Exchange Act of 1934, as amended, during the first quarter of fiscal 2007. Scotts Miracle-Gro had been authorized to purchase up to \$100 million of its common shares each fiscal year through 2010.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

The Annual Meeting of Shareholders of Scotts Miracle-Gro (the Annual Meeting) was held in Marysville, Ohio on January 25, 2007.

The result of the vote of the shareholders in the election of four directors, for terms of three years each to expire at the 2010 Annual Meeting of Shareholders, was as follows:

NOMINEE	VOTES FOR	VOTES WITHHELD
Mark R. Baker	62,952,856	322,431
Joseph P. Flannery	59,992,604	3,282,682
Katherine Hagedorn Littlefield	59,964,336	3,310,951
Patrick J. Norton	59,968,881	3,306,406

Each of the nominees designated by the Scotts Miracle-Gro Board of Directors was elected. The other directors whose terms of office continue after the Annual Meeting are James Hagedorn, Karen G. Mills, Stephanie M. Shern, Arnold W. Donald, Gordon F. Brunner and Thomas N. Kelly. Also on January 25, 2007, John Walker Ph.D. and John M. Sullivan retired from the Board of Directors. John S. Shiely was appointed to the Scotts Miracle-Gro Board of Directors on January 25, 2007 to fill the vacancy created by Mr. Sullivan's retirement.

The Proposal submitted by Boston Common Asset Management, LLC and John C. Harrington requesting reports on efforts to oppose local environmental health policies was rejected by shareholders. The result of the vote was:

VOTES FOR	VOTES AGAINST	ABSTENTIONS	BROKER NON-VOTES
5,296,927	51,489,791	2,004,430	4,484,139

ITEM 5. OTHER INFORMATION

At Scotts Miracle-Gro's 2006 Annual Meeting of Shareholders held on January 26, 2006, The Scotts Miracle-Gro Company 2006 Long-Term Incentive Plan (the 2006 Plan) was approved by shareholders. The 2006 Plan authorizes grants to individuals who perform services for and are designated as employees of Scotts Miracle-Gro, its affiliates, and/or its subsidiaries on the payroll records thereof outside of the United States of America (the International Associates) as well as within the United States of America. The Company currently has International Associates in Australia, Austria, Belgium, Canada, France, Germany, Netherlands, Poland and The United Kingdom. Under the 2006 Plan, International Associates may receive grants of nonqualified stock options, incentive stock options, stock appreciation rights, restricted stock, restricted stock units, performance shares, performance units, cash-based awards, or other stock-based awards not described by one of the foregoing awards. A copy of the 2006 Plan was filed as Exhibit 10.2 to Scotts Miracle-Gro's Current Report on Form 8-K on February 2, 2006. The respective specimen forms of award agreements to evidence awards to International Associates in Australia, Austria, Belgium, Canada, France, Germany, Netherlands, Poland and The United Kingdom under the 2006 Plan are filed with this Quarterly Report on Form 10-Q as Exhibits 10.1 through 10.7.
