**Item 2.05 Costs Associated with Exit or Disposal Activities.**

On February 5, 2008, the Board of Directors of A. Schulman, Inc. (the Company) approved a plan to close the Company's Canadian facility and proceed with the sale of its Orange, Texas facility. The shutdown of the Company's Canadian facility is expected to be completed by the end of the first quarter of fiscal 2009. The Company's goal is to close the sale of its Orange, Texas facility by the end of fiscal 2008.

These actions are being taken in order to improve profitability in the Company's North American segment by reducing excess capacity and exiting low margin businesses. The Company will record a non-cash pre-tax impairment charge during the Company's fiscal quarter ending February 29, 2008 in the range of \$4.0 to \$6.0 million for the fixed assets and goodwill related to the facilities in Orange, Texas and Canada. The Company does not anticipate that this impairment charge will result in future cash expenditures. In addition, the Company will be accelerating depreciation of the fixed assets at the Canadian operation, likely through the end of November 2008, in the range of \$2.0 to \$4.0 million. This charge will not result in any future cash expenditures. The two actions are expected to result in total pre-tax employee severance charges and cash payments in the range of \$4.0 to \$5.0 million.

Total estimated pre-tax charges as a result of these actions are in the range of \$10.0 to \$15.0 million.

A press release announcing these decisions is attached hereto as Exhibit 99.1 and incorporated by reference herein.

**Item 2.06 Material Impairments.**

The disclosure set forth above in response to Item 2.05 is also provided in response to Item 2.06.
