MFS MUNICIPAL INCOME TRUST
Form N-CSRS/A
October 17, 2007

UNITED STATES

SECURITIES AND EXCHANGE COMMISSION

Washington, D.C. 20549

FORM N-CSR

CERTIFIED SHAREHOLDER REPORT OF
REGISTERED MANAGEMENT INVESTMENT COMPANIES

Investment Company Act file number 811-4841

MFS MUNICIPAL INCOME TRUST

(Exact name of registrant as specified in charter)

500 Boylston Street, Boston, Massachusetts 02116

(Address of principal executive offices) (Zip code)

Susan S. Newton
Massachusetts Financial Services Company
500 Boylston Street
Boston, Massachusetts 02116

(Name and address of agents for service)

Registrant's telephone number, including area code: (617) 954-5000

Date of fiscal year end: October 31

Date of reporting period: April 30, 2007

This Form N-CSR is being filed for the purpose of amending and restating the Forms N-CSR filed on July 6, 2007 (Accession No. 0000950156-07-000443) and on October 10, 2007 (Accession No. 0000950156-07-000625) to correct errors reported in the Registrant's semi-annual shareholder report for the period ended April 30, 2007 (the "April Report"). In the April Report under the section entitled "Ratios (To Average Net Assets Applicable to Common Shares) and Supplemental Data" in the "Financial Highlights", the Registrant incorrectly reported the Net Investment Income ratio for the six-month period ended April 30, 2007 as 5.21% because the Registrant included both preferred and common shares in its calculation. The corrected Net Investment Income Ratio for the period is 7.47%. In the April Report in the first sentence in footnote (z) in the "Financial Highlights", the Registrant reported that "[t]he fund applied a change in estimate for amortization of premium and accretion of discount on certain debt securities in the current year that resulted in an increase of \$0.03 per share to net investment income, a decrease of \$0.03 per share to net realized and unrealized gain (loss) on investments, and an increase of 0.29% to the net investment income ratio for the year ended April 30, 2007." The first sentence of footnote (z) has been corrected to state that "[t]he fund applied a change in estimate for amortization of premium and accretion of discount on certain debt securities in the current year that

Edgar Filing: MFS MUNICIPAL INCOME TRUST - Form N-CSR/A

resulted in an increase of \$0.03 per share to net investment income, a decrease of \$0.03 per share to net realized and unrealized gain (loss) on investments, and an increase of 0.42% to the unannualized net investment income ratio for the six months ended April 30, 2007." The Registrant notes that without giving effect to this change in estimate for amortization of premium and accretion of discount the annualized "Net Investment Income Ratio" would have been 6.62% for the six months ended April 30, 2007.

LETTER FROM THE CEO

[Photo of Robert J. Manning]

Dear Shareholders,

The past year has been a great example of why investors should keep their eyes on the long term.

In 2006 the Dow Jones Industrial Average returned 19%. As of mid-May 2007, it had returned another 8% and continued to reach new highs. But the Dow's upward rise has not been without hiccups. After hitting new records in February, the Dow lost 5.8% between February 20 and March 5, as stocks were sold off around the globe. As we have said before, markets are volatile, and investors should make sure they have an investment plan that can carry them through the peaks and troughs.

If you are focused on a long-term investment strategy, the short-term ups and downs of the markets should not necessarily dictate portfolio action on your part. Both the bond and stock markets are cyclical. In our view, investors who remain committed to a long-term plan are more likely to achieve their financial goals. We believe you should not let the headlines guide you in your investment decisions and should be cautious about overreacting to short-term volatility.

In any market environment, we believe individual investors are best served by following a three-pronged investment strategy of allocating their holdings across the major asset classes, diversifying within each class, and regularly rebalancing their portfolios to maintain their desired allocations. Of course, these strategies cannot guarantee a profit or protect against a loss. Investing and planning for the long term require diligence and patience, two traits that in our experience are essential to capitalizing on the many opportunities the financial markets can offer -- through both up and down economic cycles.

Respectfully,

/s/ Robert J. Manning

PORTFOLIO FACTS

Average Duration (d) (i)	6.7
-----	-----
Average Life (i) (m)	15.9 yrs
-----	-----
Average Maturity (i) (m)	18.5 yrs
-----	-----
Average Credit Quality of Rated Securities (long-term) (a)	BBB+
-----	-----
Average Credit Quality of Rated Securities (short-term) (a)	A-1
-----	-----

- (a) The average credit quality of rated securities is based upon a market weighted average of portfolio holdings that are rated by public rating agencies.
- (d) Duration is a measure of how much a bond's price is likely to fluctuate with general changes in interest rates, e.g., if rates rise 1.00%, a bond with a 5-year duration is likely to lose about 5.00% of its value.
- (i) For purposes of this presentation, the bond component includes both accrued interest amounts and the equivalent exposure from any derivative holdings, if applicable.
- (m) The average maturity shown is calculated using the final stated maturity on

Edgar Filing: MFS MUNICIPAL INCOME TRUST - Form N-CSRS/A

the portfolio's holdings without taking into account any holdings which have been pre-refunded or pre-paid to an earlier date or which have a mandatory put date prior to the stated maturity. The average life shown takes into account these earlier dates.

- (o) Less than 0.1%
- (r) Each security is assigned a rating from Moody's Investors Service. If not rated by Moody's, the rating will be that assigned by Standard & Poor's. Likewise, if not assigned a rating by Standard & Poor's, it will be based on the rating assigned by Fitch, Inc. For those portfolios that hold a security which is not rated by any of the three agencies, the security is considered Not Rated. Holdings in U.S. Treasuries and government agency mortgage-backed securities, if any, are included in the "AAA"-rating category. Percentages are based on the total market value of investments as of 04/30/07.

From time to time "Cash & Other Assets" may be negative due to timing of cash receipts and/or equivalent exposure from any derivative holdings.

Percentages are based on net assets, including preferred shares, as of 04/30/07, unless otherwise noted.

The portfolio is actively managed and current holdings may be different.

PORTFOLIO MANAGERS' PROFILES

Geoffrey L. Schechter, CFA, CPA, is a Senior Vice President of MFS Investment Management (R) (MFS(R)) and a Municipal Fixed Income Portfolio Manager. He also manages several other government bond portfolios for MFS. He joined MFS as a portfolio manager, and was named Senior Vice President in 2002. He has been a portfolio manager of the trust since July 2004. Geoffrey is a graduate of the University of Texas and has an M.B.A. degree from Boston University. He holds the Chartered Financial Analyst (CFA) and Certified Public Accountant (CPA) designations.

Gary A. Lasman, CFA, is Vice President of MFS Investment Management (R) (MFS(R)) and is a Municipal Fixed Income Portfolio Manager. He has been a portfolio manager of the trust since April 2006. Gary is a graduate of the University of California and has an M.B.A. from the University of Chicago. He is a member of the Boston Security Analysts Society, Inc. and National Federation of Municipal Analysts.

PERFORMANCE SUMMARY THROUGH 4/30/07

All results are historical. Investment return and principal value will fluctuate, and shares, when sold, may be worth more or less than their original cost. More recent returns may be more or less than those shown. Past performance is no guarantee of future results.

PRICE SUMMARY

Six months ended 4/30/07

(r) Includes reinvestment of dividends and capital gain distributions.

(t) For the period November 1, 2006 through April 30, 2007.

INDEX DEFINITION

Lehman Brothers Municipal Bond Index - a market-value-weighted index representative of the tax-exempt bond market.

It is not possible to invest directly in an index.

NOTES TO PERFORMANCE SUMMARY

The trust's shares may trade at a discount to net asset value. Shareholders do not have the right to cause the trust to repurchase their shares at net asset value. The trust's shares also may trade at a premium to their net asset value.

When trust shares trade at a premium, buyers pay more than the asset value underlying trust shares, and shares purchased at a premium would receive less than the amount paid for them in the event of the trust's liquidation. As a result, the total returns that are calculated based on the net asset value and New York Stock Exchange prices can be different.

The trust's monthly distributions may include a return of capital to shareholders. Distributions that are treated for federal income tax purposes as a return of capital will reduce each shareholder's basis in his or her shares and, to the extent the return of capital exceeds such basis, will be treated as gain to the shareholder from a sale of shares. Returns of shareholder capital have the effect of reducing the trust's assets and may increase the trust's expense ratio.

From time to time the trust may receive proceeds from litigation settlements, without which performance would be lower.

In accordance with Section 23(c) of the Investment Company Act of 1940, the trust hereby gives notice that it may from time to time repurchase shares of the trust in the open market at the option of the Board of Trustees and on such terms as the Trustees shall determine.

Edgar Filing: MFS MUNICIPAL INCOME TRUST - Form N-CSRS/A

DIVIDEND REINVESTMENT AND CASH PURCHASE PLAN

The trust offers a Dividend Reinvestment and Cash Purchase Plan that allows you to reinvest either all of the distributions paid by the trust or only the long-term capital gains. Purchases are made at the market price unless that price exceeds the net asset value (the shares are trading at a premium). If the shares are trading at a premium, purchases will be made at a discounted price of either the net asset value or 95% of the market price, whichever is greater. Twice each year you can also buy shares. Investments may be made in any amount over \$100 in January and July on the 15th of the month or shortly thereafter.

If your shares are in the name of a brokerage firm, bank, or other nominee, you can ask the firm or nominee to participate in the plan on your behalf. If the nominee does not offer the plan, you may wish to request that your shares be re-registered in your own name so that you can participate. There is no service charge to reinvest distributions, nor are there brokerage charges for shares issued directly by the trust. However, when shares are bought on the New York Stock Exchange or otherwise on the open market, each participant pays a pro rata share of the transaction expenses, including commissions. The automatic reinvestment of distributions does not relieve you of any income tax that may be payable (or required to be withheld) on the distributions.

To enroll in or withdraw from the plan, or if you have any questions, call 1-800-637-2304 any business day from 9 a.m. to 5 p.m. Eastern time. Please have available the name of the trust and your account and Social Security numbers. For certain types of registrations, such as corporate accounts, instructions must be submitted in writing. Please call for additional details. When you withdraw from the plan, you can receive the value of the reinvested shares in one of two ways: a check for the value of the full and fractional shares, or a certificate for the full shares and a check for the fractional shares.

Effective May 1, 2007, Computershare Trust Company, N.A. (the Transfer Agent for the trust) became the agent for the plan.

PORTFOLIO OF INVESTMENTS

FINANCIAL HIGHLIGHTS
(As Restated)

The financial highlights table is intended to help you understand the trust's financial performance for the current period and the past 5 fiscal years. Certain information reflects financial results for a single year. The returns in the table represent the rate by which an investor would have earned (or lost) on an investment in a share class (assuming reinvestment of all distributions) held for the entire period.

	SIX MONTHS ENDED 4/30/07 (UNAUDITED)	2006	2005	YEARS ENDED 10 2004

Involuntary liquidation preference per preferred share	\$25,000	\$25,000	\$25,000	\$25,000
Approximate market value per preferred share	\$25,000	\$25,000	\$25,000	\$25,000

(a) Annualized.

(d) Per share data are based on average shares outstanding.

(f) Ratios do not reflect reductions from fees paid indirectly.

(k) Calculated by subtracting the trust's total liabilities (not including preferred shares) from net assets and dividing this number by the number of preferred shares outstanding.

(l) Interest expense and fees relate to payments made to the holder of the floating rate certificate.

Edgar Filing: MFS MUNICIPAL INCOME TRUST - Form N-CSRS/A

- (n) Not annualized.
- (p) Ratio excludes dividend payment on auction preferred shares.
- (r) The unaudited net investment income ratio was previously reported incorrectly as 5.21% because of the inclusion of dividend payments on preferred and common shares. The correct net investment income ratio, applicable to common shares, is 5.21%.
- (z) The fund applied a change in estimate for amortization of premium and accretion of discount on the current year that resulted in an increase of \$0.03 per share to net investment income, a net realized and unrealized gain (loss) on investments, and an increase of 0.42% to the unannualized net investment income ratio for the six months ended April 30, 2007. The annualized net investment income ratio would be 5.21% if this change in estimate. The change in estimate had no impact on net assets, net asset value or the net asset value per share.

SEE NOTES TO FINANCIAL STATEMENTS

NOTES TO FINANCIAL STATEMENTS (unaudited)

(1) BUSINESS AND ORGANIZATION

MFS Municipal Income Trust (the trust) is a trust that is organized as a Massachusetts business trust and is registered under the Investment Company Act of 1940, as amended, as a closed-end diversified management investment company.

(2) SIGNIFICANT ACCOUNTING POLICIES

GENERAL - The preparation of financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. The trust can invest up to 100% of its portfolio in high-yield securities rated below investment grade. Investments in high-yield securities involve greater degrees of credit and market risk than investments in higher-rated securities and tend to be more sensitive to economic conditions. Municipal securities backed by current or anticipated revenues from a specific project or specific assets can be negatively affected by the discontinuance of the taxation supporting the projects or assets or the inability to collect revenues for the project or from the assets. If the Internal Revenue Service determines an issuer of a municipal security has not complied with applicable tax requirements, the security could decline in value, interest from the security could become taxable and the trust may be required to issue Forms 1099-DIV.

INVESTMENT VALUATIONS - Debt instruments (other than short-term instruments), including restricted debt instruments, are generally valued at an evaluated or composite bid as reported by an independent pricing service. Short-term instruments with a maturity at issuance of 60 days or less may be valued at amortized cost, which approximates market value. Swaps are generally valued at an evaluated bid as reported by an independent pricing service. Securities and other assets generally valued on the basis of information from an independent pricing service may also be valued at a broker-dealer bid quotation. Values obtained from pricing services can utilize both dealer-supplied valuations and electronic data processing techniques, which take into account factors such as institutional-size trading in similar groups of securities, yield, quality, coupon rate, maturity, type of issue, trading characteristics, and other market data.

The Board of Trustees has delegated primary responsibility for determining or causing to be determined the value of the trust's investments (including any fair valuation) to the adviser pursuant to valuation policies and procedures approved by the Board. If the adviser determines that reliable market

Edgar Filing: MFS MUNICIPAL INCOME TRUST - Form N-CSR/A

quotations are not readily available, investments are valued at fair value as determined in good faith by the adviser in accordance with such procedures under the oversight of the Board of Trustees. Under the trust's valuation policies and procedures, market quotations are not considered to be readily available for many types of debt instruments and certain types of derivatives. These investments are generally valued at fair value based on information from independent pricing services. In addition, investments may be valued at fair value if the adviser determines that an investment's value has been materially affected by events occurring after the close of the exchange or market on which the investment is principally traded (such as foreign exchange or market) and prior to the determination of the trust's net asset value, or after the halting of trading of a specific security where trading does not resume prior to the close of the exchange or market on which the security is principally traded. Events that occur on a frequent basis after foreign markets close (such as developments in foreign markets and significant movements in the U.S. markets) and prior to the determination of the trust's net asset value may be deemed to have a material effect on the value of securities traded in foreign markets. Accordingly, the trust's foreign securities may often be valued at fair value. The adviser may rely on independent pricing services or other information (such as the correlation with price movements of similar securities in the same or other markets; the type, cost and investment characteristics of the security; the business and financial condition of the issuer; and trading and other market data) to assist in determining whether to fair value and at what value to fair value an investment. The value of an investment for purposes of calculating the trust's net asset value can differ depending on the source and method used to determine value. When fair valuation is used, the value of investments used to determine the trust's net asset value may differ from quoted or published prices for the same investments.

In September 2006, FASB Statement No. 157, Fair Value Measurements (the "Statement") was issued, and is effective for fiscal years beginning after November 15, 2007 and for all interim periods within those fiscal years. This Statement provides a single definition of fair value, a hierarchy for measuring fair value and expanded disclosures about fair value measurements. Management is evaluating the application of the Statement to the trust, and believes the impact will be limited to expanded disclosures resulting from the adoption of this Statement in the trust's financial statements.

In February 2007, the FASB issued Statement of Financial Accounting Standards No. 159 (FAS 159) "The Fair Value Option for Financial Assets and Financial Liabilities - including an amendment of FASB Statement No. 115." FAS 159 permits entities to elect to measure certain financial assets and liabilities at fair value. Unrealized gains and losses on items for which the fair value option has been elected will be reported in earnings at each subsequent reporting date. FAS 159 is effective for fiscal years beginning after November 15, 2007. Management is evaluating the application of the Statement to the trust and its impact on the trust's financial statements, if any, has not been determined.

DERIVATIVE RISK - The trust may invest in derivatives for hedging or non-hedging purposes. While hedging can reduce or eliminate losses, it can also reduce or eliminate gains. When the trust uses derivatives as an investment to gain market exposure, or for hedging purposes, gains and losses from derivative instruments may be substantially greater than the derivative's original cost. Derivative instruments include swap agreements and inverse floaters.

SWAP AGREEMENTS - The trust may enter into swap agreements. A swap is an exchange of cash payments between the trust and another party. Net cash payments are exchanged at specified intervals and are recorded as a realized gain or loss in the Statement of Operations. The value of the swap is adjusted daily and the change in value, including accruals of periodic amounts of interest to be paid or received, is recorded as unrealized appreciation or

Edgar Filing: MFS MUNICIPAL INCOME TRUST - Form N-CSR/A

depreciation in the Statement of Operations. A liquidation payment received or made upon early termination is recorded as a realized gain or loss in the Statement of Operations. Collateral, in the form of cash or securities, may be required to be held in segregated accounts with the trust's custodian in connection with these agreements. Risk of loss may exceed amounts recognized on the Statement of Assets and Liabilities. These risks include the possible lack of a liquid market, failure of the counterparty to perform under the terms of the agreements, and unfavorable market movement of the underlying instrument. All swap agreements entered into by the trust with the same counterparty are generally governed by a single master agreement, which provides for the netting of all amounts owed by the parties under the agreement upon the occurrence of an event of default, thereby reducing the credit risk to which such party is exposed. The trust holds interest rate swap agreements which involve the periodic exchange of cash flows, such as the exchange of fixed rate interest payments for floating rate interest payments based on a notional principal amount. The interest rates may be based on a specific financial index or the exchange of two distinct floating rate payments. The trust may enter into an interest rate swap in order to manage its exposure to interest rate fluctuations.

INVERSE FLOATERS - The trust invests in municipal inverse floating rate securities which are structured by the issuer (known as primary market inverse floating rate securities) or by an investment banker utilizing municipal bonds which have already been issued (known as secondary market inverse floating rate securities) to have variable rates of interest which typically move in the opposite direction of short term interest rates. A secondary market inverse floating rate security is created when an investment banker transfers a fixed rate municipal bond to a special purpose trust, and causes the trust to (a) issue floating rate certificates to third parties, in an amount equal to a fraction of the par amount of the deposited bonds (these certificates usually pay tax-exempt interest at short-term interest rates that typically reset weekly; and the certificate holders typically, on seven days notice, have the option to tender their certificates to the investment banker or another party for redemption at par plus accrued interest), and (b) issue inverse floating rate certificates (sometimes referred to as "inverse floaters"). If the holder of the inverse floater transfers the municipal bonds to an investment banker for the purpose of depositing the municipal bonds into the special purpose trust, the inverse floating rate certificates that are issued by the trust are referred to as "self-deposited inverse floaters." If the bonds held by the trust are purchased by the investment banker for deposit into the trust from someone other than the purchasers of the inverse floaters, the inverse floating rate certificates that are issued by the trust are referred to as "externally deposited inverse floaters." Such self-deposited inverse floaters held by the fund are accounted for as secured borrowings, with the municipal bonds reflected in the investments of the fund and amounts owed to the holder of the floating rate certificate under the provisions of the trust, which amounts are paid solely from the assets of the trust, reflected as liabilities of the fund in the Statement of Assets and Liabilities under the caption, "Payable to the holder of the floating rate certificate from trust assets". At April 30, 2007, the trust's payable to the holder of the floating rate certificate from trust assets was \$5,369,322. The weighted average interest rate on the floating rate certificates issued by the trust was 3.93%. Interest expense and fees relate to payments made to the holder of the floating rate certificate from trust assets in connection with self-deposited inverse floater transactions. Interest expense and fees are recorded as incurred. For the six months ended April 30, 2007, interest expense and fees in connection with self-deposited inverse floaters was \$119,456. Primary and externally deposited inverse floaters held by the trust are not accounted for as secured borrowings.

INDEMNIFICATIONS - Under the trust's organizational documents, its officers and trustees may be indemnified against certain liabilities and expenses arising out of the performance of their duties to the trust. Additionally, in the

Edgar Filing: MFS MUNICIPAL INCOME TRUST - Form N-CSRS/A

normal course of business, the trust enters into agreements with service providers that may contain indemnification clauses. The trust's maximum exposure under these agreements is unknown as this would involve future claims that may be made against the trust that have not yet occurred.

INVESTMENT TRANSACTIONS AND INCOME - Investment transactions are recorded on the trade date. Interest income is recorded on the accrual basis. All premium and discount is amortized or accreted for financial statement purposes in accordance with U.S. generally accepted accounting principles. All premium and original issue discount is amortized or accreted for tax reporting purposes as required by federal income tax regulations. The trust may receive proceeds from litigation settlements. Any proceeds received from litigation involving portfolio holdings are reflected in the Statement of Operations in realized gain/loss if the security has been disposed of by the fund or in unrealized gain/loss if the security is still held by the trust. Any other proceeds from litigation not related to portfolio holdings are reflected as other income in the Statement of Operations. Legal fees and other related expenses incurred to preserve and protect the value of a security owned are added to the cost of the security; other legal fees are expensed. Capital infusions made directly to the security issuer, which are generally non-recurring, incurred to protect or enhance the value of high-yield debt securities, are reported as additions to the cost basis of the security. Costs that are incurred to negotiate the terms or conditions of capital infusions or that are expected to result in a plan of reorganization are reported as realized losses. Ongoing costs incurred to protect or enhance an investment, or costs incurred to pursue other claims or legal actions, are expensed.

As a result of the change in estimate for the amortization of premium and accretion of discount on certain debt securities, interest income has been increased by \$1,361,696, with a corresponding reduction to net unrealized appreciation (depreciation).

FEES PAID INDIRECTLY - The trust's custody fee is reduced according to an arrangement that measures the value of cash deposited with the custodian by the trust. This amount, for the six months ended April 30, 2007, is shown as a reduction of total expenses on the Statement of Operations.

TAX MATTERS AND DISTRIBUTIONS - The trust intends to qualify as a regulated investment company, as defined under Subchapter M of the Internal Revenue Code, and to distribute all of its taxable and tax-exempt income, including realized capital gains. Accordingly, no provision for federal income tax is required in the financial statements.

Distributions to shareholders are recorded on the ex-dividend date. Income and capital gain distributions are determined in accordance with income tax regulations, which may differ from U.S. generally accepted accounting principles. Certain capital accounts in the financial statements are periodically adjusted for permanent differences in order to reflect their tax character. These adjustments have no impact on net assets or net asset value per share. Temporary differences which arise from recognizing certain items of income, expense, gain or loss in different periods for financial statement and tax purposes will reverse at some time in the future. Distributions in excess of net investment income or net realized gains are temporary overdistributions for financial statement purposes resulting from differences in the recognition or classification of income or distributions for financial statement and tax purposes.

Book/tax differences primarily relate to amortization and accretion of debt securities.

The tax character of distributions made during the current period will be determined at fiscal year end.

Edgar Filing: MFS MUNICIPAL INCOME TRUST - Form N-CSRS/A

The tax character of distributions declared to shareholders is as follows:

	10/31/06
Ordinary income (including any short-term capital gains)	\$181,879
Tax-exempt income	24,170,453
<hr style="border-top: 1px dashed black;"/>	
Total distributions	\$24,352,332

The federal tax cost and the tax basis components of distributable earnings were as follows:

AS OF 4/30/07

Cost of investments	\$422,996,996
<hr style="border-top: 1px dashed black;"/>	
Gross appreciation	31,041,999
Gross depreciation	(1,005,653)
<hr style="border-top: 1px dashed black;"/>	
Net unrealized appreciation (depreciation)	\$30,036,346

AS OF 10/31/06

Undistributed ordinary income	\$113,468
Undistributed tax-exempt income	4,844,106
Capital loss carryforwards	(27,111,418)
Other temporary differences	(2,104,018)
Net unrealized appreciation (depreciation)	33,127,004

The aggregate cost above includes prior fiscal year end tax adjustments.

As of October 31, 2006, the trust had capital loss carryforwards available to offset future realized gains. Such losses expire as follows:

10/31/09	\$(1,744,548)
10/31/10	(2,883,947)
10/31/11	(10,944,821)
10/31/12	(1,858,513)
10/31/13	(9,679,589)
<hr style="border-top: 1px dashed black;"/>	
	\$(27,111,418)

In June 2006, FASB Interpretation No. 48, Accounting for Uncertainty in Income Taxes (the "Interpretation") was issued, and is effective for fiscal years beginning after December 15, 2006 and is to be applied to all open tax years as of the effective date. On December 22, 2006, the SEC delayed the implementation of the Interpretation for regulated investment companies for an additional six months. This Interpretation prescribes a minimum threshold for financial statement recognition of the benefit of a tax position taken or expected to be taken in a tax return, and requires certain expanded disclosures. Management has evaluated the application of the Interpretation to the trust, and has determined that there is no impact resulting from the adoption of this Interpretation on the trust's financial statements.

(3) TRANSACTIONS WITH AFFILIATES

INVESTMENT ADVISER - The trust has an investment advisory agreement with Massachusetts Financial Services Company (MFS) to provide overall investment management and related administrative services and facilities to the trust. The management fee is computed daily and paid monthly at an annual rate of 0.40% of the trust's average weekly net assets (including the value of the auction

Edgar Filing: MFS MUNICIPAL INCOME TRUST - Form N-CSRS/A

preferred shares) and 6.32% of gross income. Gross income is calculated based on tax rules that generally include the amortization of premium and exclude the accretion of market discount, which may differ from investment income reported in the Statement of Operations. The management fee, from net assets and gross income, incurred for the six months ended April 30, 2007 was equivalent to an annual effective rate of 0.77% of the trust's average daily net assets, including preferred shares.

TRANSFER AGENT - Prior to December 18, 2006, MFS Service Center, Inc. (MFSC), a wholly-owned subsidiary of MFS, received a fee from the trust for its services as registrar and dividend-disbursing agent. Pursuant to a written agreement, the trust paid MFSC an account maintenance fee of no more than \$9.00 and a dividend services fee of \$0.75 per reinvestment. Effective December 18, 2006, the trust has engaged Computershare Trust Company, N.A. ("Computershare") as the sole transfer agent for the trust. MFSC will continue to monitor and supervise the activities of Computershare for an agreed upon fee approved by the Board of Trustees. For the six months ended April 30, 2007, these fees paid to MFSC amounted to \$17,828. MFSC also receives payment from the trust for out-of-pocket expenses paid by MFSC on behalf of the trust. For the six months ended April 30, 2007, these costs amounted to \$23,333.

ADMINISTRATOR - MFS provides certain financial, legal, shareholder communications, compliance, and other administrative services to the trust. Under an administrative services agreement, the trust partially reimburses MFS the costs incurred to provide these services. The trust is charged a fixed amount plus a fee based on calendar year average net assets. The trust's annual fixed amount is \$17,500. The administrative services fee incurred for the six months ended April 30, 2007 was equivalent to an annual effective rate of 0.0194% of the trust's average daily net assets.

TRUSTEES' AND OFFICERS' COMPENSATION - The trust pays compensation to independent trustees in the form of a retainer, attendance fees, and additional compensation to Board and Committee chairpersons. The trust does not pay compensation directly to trustees or to officers of the trust who are also officers of the investment adviser, all of whom receive remuneration for their services to the trust from MFS. Certain officers and trustees of the trust are officers or directors of MFS and MFSC. The trust has an unfunded, defined benefit plan for certain retired independent trustees which resulted in a pension expense of \$3,467. This amount is included in independent trustees' compensation for the six months ended April 30, 2007. The liability for deferred retirement benefits payable to certain retired independent trustees amounted to \$111,367 at April 30, 2007, and is included in payable for independent trustees' compensation.

OTHER - This trust and certain other MFS funds (the funds) have entered into a services agreement (the Agreement) which provides for payment of fees by the funds to Tarantino LLC in return for the provision of services of an Independent Chief Compliance Officer (ICCO) for the funds. The ICCO is an officer of the funds and the sole member of Tarantino LLC. The funds can terminate the Agreement with Tarantino LLC at any time under the terms of the Agreement. For the six months ended April 30, 2007, the fee paid to Tarantino LLC was \$1,248. MFS has agreed to reimburse the trust for a portion of the payments made by the funds to Tarantino LLC in the amount of \$808, which is shown as a reduction of total expenses in the Statement of Operations. Additionally, MFS has agreed to bear all expenses associated with office space, other administrative support, and supplies provided to the ICCO.

(4) PORTFOLIO SECURITIES

Purchases and sales of investments, other than U.S. government securities, purchased option transactions, and short-term obligations, aggregated \$33,647,120 and \$34,955,330 respectively.

Edgar Filing: MFS MUNICIPAL INCOME TRUST - Form N-CSRS/A

(5) SHARES OF BENEFICIAL INTEREST

The trust's Declaration of Trust permits the Trustees to issue an unlimited number of full and fractional shares of beneficial interest. The Trustees have authorized the repurchase by the trust of up to 10% annually of its own shares of beneficial interest. During the six months ended April 30, 2007, the trust did not repurchase any shares. Transactions in trust shares were as follows:

	SIX MONTHS ENDED		YEAR ENDED	
	4/30/07		10/31/06	
	SHARES	AMOUNT	SHARES	AMOUNT
Shares issued to shareholders in reinvestment of distributions	101,564	\$822,150	179,319	\$1,428,897

(6) LINE OF CREDIT

The trust and other funds managed by MFS participate in a \$1 billion unsecured committed line of credit provided by a syndication of banks under a credit agreement. In addition, the trust and other funds managed by MFS have established uncommitted borrowing arrangements with certain banks. Borrowings may be made for temporary financing needs. Interest is charged to each fund, based on its borrowings, generally at a rate equal to the Federal Reserve funds rate plus 0.30% for the committed line of credit and 0.35% for the uncommitted line of credit. In addition, a commitment fee, based on the average daily, unused portion of the committed line of credit, is allocated among the participating funds at the end of each calendar quarter. For the six months ended April 30, 2007, the trust's commitment fee and interest expense on the line of credit were \$847 and \$921, respectively, and are included in miscellaneous expense and interest expense and fees, respectively, on the Statement of Operations.

(7) AUCTION PREFERRED SHARES

The trust issued 2,800 shares of Auction Preferred Shares ("APS"), series T and 2,800 of Auction Preferred Shares, series TH. Dividends are cumulative at a rate that is reset every seven days for both series through an auction process. During the six months ended April 30, 2007, the dividend rates ranged from 2.89% to 4.35%. The trust pays an annual fee equivalent to 0.25% of the preferred share liquidation value for remarketing efforts associated with the preferred auction. The APS are redeemable at the option of the trust in whole or in part at the redemption price equal to \$25,000 per share, plus accumulated and unpaid dividends. The APS are also subject to mandatory redemption if certain requirements relating to their asset maintenance coverage are not satisfied. The trust is required to maintain certain asset coverage with respect to the APS as defined in the trust's By-Laws and the Investment Company Act of 1940.

In accordance with the provisions of EITF D-98, "Classification and measurements of Redeemable Securities", the trust has reclassified its Auction Preferred Shares outside of permanent equity in the Net Assets section of the Statement of Assets and Liabilities. In addition, distributions to APS shareholders are classified as a component of the "Change in net assets from operations" on the Statement of Operations and Statement of Changes in Net Assets and as a component of the "Total from investment operations" in the Financial Highlights.

(8) LOSS CONTINGENCY

The issuers of certain bonds held in the fund's portfolio have made public that the Internal Revenue Service (IRS), in connection with an audit of their bonds,

Edgar Filing: MFS MUNICIPAL INCOME TRUST - Form N-CSRS/A

has made either a Preliminary Adverse Determination or a Proposed Adverse Determination that interest paid on the bonds is not excludable from gross income for federal tax purposes. While the final resolution is uncertain at this time, the bond issuers may enter into closing agreements with the IRS in satisfaction of all taxes owed. However, if a bond issuer does not settle with the IRS and the IRS issues a final determination of taxability, the fund may be required to amend Form 1099-DIVs issued to shareholders or may enter into a closing agreement with the IRS and pay an agreed upon amount in lieu of reissuing 1099s. Depending on the final disposition of the various audits, an estimate of the cumulative tax liability, including interest, could range from \$0 to \$393,129, or a maximum share impact of less than \$0.01 per share.

REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Trustees and Shareholders of MFS Municipal Income Trust:

We have reviewed the accompanying statement of assets and liabilities of MFS Municipal Income Trust (the "Trust"), including the portfolio of investments, as of April 30, 2007, and the related statement of operations, changes in net assets, and financial highlights for the six-month period ended April 30, 2007. These interim financial statements and financial highlights are the responsibility of the Trust's management.

We conducted our review in accordance with the standards of the Public Company Accounting Oversight Board (United States). A review of interim financial information consists principally of applying analytical procedures and making inquiries of persons responsible for financial and accounting matters. It is substantially less in scope than an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States), the objective of which is the expression of an opinion regarding the financial statements taken as a whole. Accordingly, we do not express such an opinion.

Based on our review, we are not aware of any material modifications that should be made to the accompanying interim financial statements and financial highlights referred to above for them to be in conformity with accounting principles generally accepted in the United States of America.

We have previously audited, in accordance with the standards of the Public Company Accounting Oversight Board (United States), the statement of changes in net assets for the year ended October 31, 2006, and financial highlights for each of the five years in the period ended October 31, 2006, and in our report dated December 21, 2006, we expressed an unqualified opinion on such statement of changes in net assets and financial highlights.

4/1/07 - 4/30/07	0	N/A	N/A	4,016,342
TOTAL	0	N/A	N/A	

Note: The Board of Trustees approves procedures to repurchase Fund shares annually. The notification to shareholders of the program is included in the semi-annual and annual reports sent to shareholders. These annual programs begin on March 1st of each year. The programs conform to the conditions of Rule 10b-18 of the Securities Exchange Act of 1934 and limit the aggregate number of Fund shares that may be repurchased in each annual period (March 1 through the following February 28) to 10% of the Registrant's outstanding shares as of the first day of the plan year (March 1). The aggregate number of Fund shares available for repurchase for the March 1, 2007 plan year is 4,016,342.

ITEM 10. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS.

There were no material changes to the procedures by which shareholders may send recommendations to the Board for nominees to the Registrant's Board since the Registrant last provided disclosure as to such procedures in response to the requirements of Item 407(c)(2)(iv) of Regulation S-K (as required by Item 22(b)(15) of Schedule 14A), or this Item.

ITEM 11. CONTROLS AND PROCEDURES.

- (a) Based upon their evaluation of the effectiveness of the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940 (the "Act")) as conducted within 90 days of the filing date of this report on Form N-CSR, the registrant's principal financial officer and principal executive officer have concluded that those disclosure controls and procedures provide reasonable assurance that the material information required to be disclosed by the registrant on this report is recorded, processed, summarized and reported within the time periods specified in the Securities and Exchange Commission's rules and forms.
- (b) There were no changes in the registrant's internal controls over financial reporting (as defined in Rule 30a-3(d) under the Act) that occurred during the second fiscal quarter of the period covered by the report that have materially affected, or are reasonably likely to materially affect, the registrant's internal control over financial reporting.

ITEM 12. EXHIBITS.

- (a) File the exhibits listed below as part of this Form. Letter or number the exhibits in the sequence indicated.
- (1) Any code of ethics, or amendment thereto, that is the subject of the disclosure required by Item 2, to the extent that the registrant intends to satisfy the Item 2 requirements through filing of an exhibit.
 - (2) A separate certification for each principal executive officer and principal financial officer of the registrant as required by Rule 30a-2 under the Act (17 CFR 270.30a-2): Attached hereto.
- (b) If the report is filed under Section 13(a) or 15(d) of the Exchange Act, provide the certifications required by Rule 30a-2(b) under the Act (17 CFR

Edgar Filing: MFS MUNICIPAL INCOME TRUST - Form N-CSRS/A

270.30a-2(b)), Rule 13a-14(b) or Rule 15d-14(b) under the Exchange Act (17 CFR 240.13a-14(b) or 240.15d-14(b)) and Section 1350 of Chapter 63 of Title 18 of the United States Code (18 U.S.C. 1350) as an exhibit. A certification furnished pursuant to this paragraph will not be deemed "filed" for the purposes of Section 18 of the Exchange Act (15 U.S.C. 78r), or otherwise subject to the liability of that section. Such certification will not be deemed to be incorporated by reference into any filing under the Securities Act of 1933 or the Exchange Act, except to the extent that the registrant specifically incorporates it by reference: Attached hereto.

NOTICE

A copy of the Amended and Restated Declaration of Trust of the Registrant is on file with the Secretary of State of The Commonwealth of Massachusetts and notice is hereby given that this instrument is executed on behalf of the Registrant by an officer of the Registrant as an officer and not individually and the obligations of or arising out of this instrument are not binding upon any of the Trustees or shareholders individually, but are binding only upon the assets and property of the respective constituent series of the Registrant.

SIGNATURES

Pursuant to the requirements of the Securities Exchange Act of 1934 and the Investment Company Act of 1940, the registrant has duly caused this report to be signed on its behalf by the undersigned, thereunto duly authorized.
