Item 7.01 Regulation FD Disclosure.

Cigna Corporation (“Cigna” or the “Company”) officials expect to participate in meetings with investors and analysts over the next several weeks. During these meetings, Cigna officials expect to provide an update related to federal and state regulatory approvals for the Company’s pending acquisition of Express Scripts Holding Company (“Express Scripts”). As previously announced, on March 8, 2018, Cigna, Express Scripts and certain of Cigna's affiliates entered into a definitive agreement whereby Cigna will acquire Express Scripts. Completion of the transaction is subject to the satisfaction or (where permissible) waiver of certain closing conditions, including: (1) the expiration or termination of the applicable waiting period under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, as amended (the “HSR Act”); and (2) certain state regulatory approvals (in the case of (1) and (2), without the imposition, individually or in the aggregate, of certain restrictions or conditions).

Related to federal regulatory approval, Cigna and Express Scripts filed notification and report forms in connection with the transaction with the U.S. Department of Justice (the “DOJ”) and the U.S. Federal Trade Commission pursuant to the HSR Act on March 22, 2018. As previously disclosed, on April 23, 2018, Cigna and Express Scripts each received a request for additional information and documentary material (the “Second Request”) from the DOJ in connection with the DOJ’s review of the transaction.

On July 5, 2018, the parties entered into a timing agreement with the DOJ pursuant to which they agreed, among other things, not to close their pending combination before 12:01AM Eastern Time on the ninetieth (90th) calendar day following the date on which both the Company and Express Scripts have certified substantial compliance with the DOJ’s Second Request, unless: (1) the parties have received notice from the DOJ that it has closed its investigation; or (2) the parties and the DOJ mutually agree to extend the 90 day timeframe. Timing agreements with the DOJ are customary in large transactions of this nature.

On August 3, 2018, Cigna certified substantial compliance with the Second Request. Express Scripts certified substantial compliance with the Second Request on August 17, 2018.

Related to state regulatory approvals, certain state insurance regulators have the authority to approve a “change of control” of an insurer. Cigna has filed “Form A” statements (or equivalent change of control applications) and/or requests for exemptions from the Form A application requirements in each jurisdiction where required by applicable law (“states”). Currently, Cigna has received approvals from 14 states. Approvals from 15 additional states are conditions to closing the transaction.

In addition to the above, there are certain additional state and international regulatory approvals and filings required in connection with the proposed transaction.

Cigna continues to anticipate that the merger will close by year-end 2018, subject to the satisfaction of all closing conditions, and looks forward to continuing to work cooperatively with the DOJ and the relevant states to discuss the many benefits of the transaction.
