Item 1.01. Entry Into Material Definitive Agreement

On August 30, 2011, the Company entered into a Memorandum of Understanding (MOU) with G-Form LLC, a manufacturer of consumer and athletic products incorporating proprietary extreme protective technology. The MOU contemplates that the Company will launch new distinctive Forward branded products utilizing the licensed technology for sale to consumer electronics retailers, original equipment manufacturers and other business to business channels other than sport related or lifestyle stores and military or military channels. Prior to launch of its own products, the Company may sell current G-Form branded electronic protection products in its markets.

Under the MOU, the Company is granted the exclusive right to use G-Form s protective technology in Forward s territory, subject to meeting certain minimum annual sales levels (or at the Company s option, the making of royalty payments at corresponding levels) commencing with the twelve-month period after shipment of the first licensed product, with the minimum levels increasing in subsequent years. G-Form has the right to continue to sell its own branded products subject, in the case of sales to U.S. consumer electronics retailers, to a credit against the Company s royalty obligations.

The Company has agreed to pay G-Form a \$500,000 advance against the first year s royalties to be offset by cancellation of the \$490,000 of loans made by the Company to G-Form in its capacity as prospective joint venture partner as previously disclosed in the Company s most recent Quarterly Report on Form 10-Q. The MOU is a binding agreement but the parties have agreed to use commercially reasonable efforts to replace the MOU with a mutually agreeable long-form license agreement reflecting the terms of the MOU and other customary terms and conditions.
