PROXY STATEMENT

FOR ANNUAL MEETING OF STOCKHOLDERS

To be held May 28, 2003

These proxy materials are furnished in connection with the solicitation of proxies by the Board of Directors of Actuate Corporation, a Delaware corporation (Actuate), for the Annual Meeting of Stockholders (the Annual Meeting) to be held at Actuate s corporate headquarters located at 701 Gateway Boulevard, South San Francisco, California, on Wednesday, May 28, 2003, at 9:00 a.m., and at any adjournment or postponement of the Annual Meeting. These proxy materials were first mailed to stockholders on or about April 21, 2003.

PURPOSE OF MEETING

The specific proposals to be considered and acted upon at the Annual Meeting are summarized in the accompanying Notice of Annual Meeting of Stockholders. Each proposal is described in more detail in this Proxy Statement.

VOTING RIGHTS AND SOLICITATION OF PROXIES

Actuate s Common Stock is the only type of security entitled to vote at the Annual Meeting. On April 4, 2003, the record date for determination of stockholders entitled to vote at the Annual Meeting, there were 60,509,187 shares of Common Stock outstanding. Each stockholder of record on April 4, 2003 is entitled to one vote for each share of Common Stock held by such stockholder on April 4, 2003. All share numbers in this Proxy Statement (including the number of shares outstanding on the record date for the Annual Meeting) have been adjusted to reflect the two-for-one stock split effected by Actuate on December 2, 1999 (the 1999 Stock Split) and the two-for-one stock split effected by Actuate on August 7, 2000 (the 2000 Stock Split). Shares of Common Stock may not be voted cumulatively. All votes will be tabulated by the inspector of election appointed for the meeting, who will separately tabulate affirmative and negative votes, abstentions and broker non-votes.

Quorum Required

Actuate's bylaws provide that the holders of a majority of Actuate's Common Stock issued and outstanding and entitled to vote at the Annual Meeting, present in person or represented by proxy, shall constitute a quorum for the transaction of business at the Annual Meeting. Abstentions and broker non-votes will be counted as present for the purpose of determining the presence of a quorum.

Votes Required

Proposal 1. Directors are elected by a plurality of the affirmative votes cast by those shares present in person, or represented by proxy, and entitled to vote at the Annual Meeting. The six nominees for director receiving the highest number of affirmative votes will be elected. Abstentions and broker non-votes will not be counted toward a nominee's total. Stockholders may not cumulate votes in the election of directors.

Proposal 2. Ratification of the appointment of Ernst & Young as Actuate's independent public accountants for the fiscal year ending December 31, 2003 requires the affirmative vote of a majority of those shares present in person, or represented by proxy, and cast either affirmatively or negatively at the Annual Meeting. Abstentions and broker non-votes will not be counted as having been voted on the proposal.

Proxies

Whether or not you are able to attend the Annual Meeting, you are urged to complete and return the enclosed proxy, which is solicited by Actuate's Board of Directors and which will be voted as you direct on your proxy when properly completed. In the event no directions are specified, such proxies will be voted FOR the Nominees of the Board of Directors (as set forth in Proposal 1), FOR Proposal 2, and in the discretion of the proxy holders as to other matters that may properly come before the Annual Meeting. You may also revoke or change your proxy at any time before the Annual Meeting. To do this, send a written notice of revocation or another signed proxy with a later date to the Secretary of Actuate Corporation at Actuate's principal executive offices before the beginning of the Annual Meeting. You may also automatically revoke your proxy by attending the Annual Meeting and voting in person. All shares represented by a valid proxy received prior to the Annual Meeting will be voted.

Solicitation of Proxies

Actuate will bear the entire cost of solicitation, including the preparation, assembly, printing, and mailing of this Proxy Statement, the proxy, and any additional soliciting material furnished to stockholders. Copies of solicitation material will be furnished to brokerage houses, fiduciaries, and custodians holding shares in their names that are beneficially owned by others so that they may forward this solicitation material to such beneficial owners. In addition, Actuate may reimburse such persons for their costs of forwarding the solicitation material to such beneficial owners. The original solicitation of proxies by mail may be supplemented by solicitation by telephone, telegram, or other means by directors, officers, employees, or at Actuate's request, The Altman Group (AG), a professional proxy solicitation firm. No additional compensation will be paid to directors, officers or employees for such services, but AG will be paid its customary fee, estimated to be about \$1,300.00, if it renders solicitation services.

Employment Contracts, Termination of Employment and Change-in-Control Arrangements

Under the 1998 Equity Incentive Plan, upon a Change in Control, an award will become fully vested as to all shares subject to such award if such award is not assumed by the surviving corporation or its parent and the surviving corporation or its parent does not substitute such award with another award of substantially the same terms. In the event of an involuntary termination of a participant within 12 months following a Change in Control, the vesting of an award will accelerate in full.

A Change in Control includes (i) a merger or consolidation after which Actuate's then current stockholders own less than 50% of the surviving corporation, (ii) sale of all or substantially all of the assets of Actuate, (iii) a proxy contest that results in replacement of more than one-third of the directors over a 24-month period or (iv) acquisition of 50% or more of Actuate's outstanding stock by a person other than a trustee of any of Actuate's employee benefit plans or a corporation owned by the stockholders of Actuate in substantially the same proportions as their stock ownership in Actuate.

COMPENSATION COMMITTEE REPORT

Notwithstanding anything to the contrary set forth in any of Actuate's previous or future filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, that might incorporate this Proxy Statement or future filings made by Actuate under those statutes, the Compensation Committee Report and Stock Performance Graph which follows shall not be deemed filed with the Securities and Exchange Commission and shall not be deemed incorporated by reference into any of those prior filings or into any future filings made by Actuate under those statutes.

The Compensation Committee of Actuate's Board of Directors (the Compensation Committee) determines the compensation for Actuate's Chief Executive Officer (CEO) and certain other executive officers. The Compensation Committee also administers Actuate's stock plans, grants stock options to non-officer employees and makes recommendations to the Board of Directors relating to the approval of stock option grants to the CEO, officers and non-employee directors of Actuate.

General Compensation Policy. The primary components of the executive compensation program consist of base salary, cash bonus awards and long-term stock-based incentive awards. The Compensation Committee's fundamental policy is to offer Actuate's executive officers competitive compensation opportunities related to Actuate meeting its corporate objectives.

Base Salary. The base salary component of total compensation is primarily designed to attract, motivate, reward and retain highly skilled executives and to compensate executives competitively within the industry and the marketplace.

Cash Bonuses. Actuate's cash bonus program seeks to motivate executives to work effectively to achieve Actuate's corporate goals. The corporate goals set for the 2002 bonuses of Messrs. Cittadini and Gaudreau were based on the achievement of certain annual revenue goals. The corporate goals set for Mr. Akiha were based on the achievement of certain quarterly revenue goals. Given the general economic conditions in 2002, these goals were modified by the Compensation Committee during the year. Actual bonuses paid to Messrs. Cittadini, Gaudreau and Akiha reflect Actuate's level of achievement of such goals. The cash bonus for Ms. Vogt and Mr. Bow are each based on a sales commission plan. The actual bonuses paid to Ms. Vogt and Mr. Bow reflect the achievement of goals set forth in such plans.

Long-Term Incentive Compensation. During 2002, the Board did not make any option grants to Actuate's named executive officers. Generally, a significant grant is made in the year that an executive officer commences employment. Thereafter, option grants may be made at varying times and in varying amounts based on the recommendation of the Compensation Committee and in the discretion of the Board of Directors. Generally, the size of each grant is set at a level that the Compensation Committee deems appropriate to create a meaningful opportunity for stock ownership based upon the individual's position with Actuate, the individual's potential for future responsibility and promotion, the individual's performance in the recent period and the number and value of unvested options held by the individual at the time of the new grant. The relative weight given to each of these factors will vary from individual to individual at the Compensation Committee's discretion. Typically, Actuate's named executive officers receive a yearly option grant based on such factors. Messrs. Cittadini, Gaudreau, Bow and Akiha and Ms. Vogt's annual stock option grant for 2002 was granted in October 2001.

Each grant allows the executive officer to acquire shares of Actuate's Common Stock at a fixed price per share (the market price on the grant date) over a specified period of time. Options typically vest in installments over a four year period, contingent upon the executive officer's continued employment with Actuate. The vesting schedule and the number of option shares granted are established to ensure a meaningful incentive in each year following the year of grant. Accordingly, the option will provide a return to the executive officer only if he or she remains in Actuate's employ, and then only if the market price of Actuate's Common Stock appreciates over the option term.

CEO Compensation. The annual base salary for Mr. Cittadini, Actuate's CEO, was established by the Compensation Committee in 2001 and was not changed in 2002. The Compensation Committee set the base salary based on its judgment that the base salary would appropriately motivate, reward and help retain Actuate's CEO and that the base salary was competitive with base salaries of other CEOs in Actuate's industry and marketplace.

The cash bonus portion of the CEO's 2002 compensation was based on the achievement of certain annual revenue goals. Given the general economic conditions in 2002, the annual revenue goals were modified by the Compensation Committee during the year. The actual bonus paid to the CEO reflect Actuate's level of accomplishment of such goals.

Tax Limitation. Under the Federal tax laws, a publicly-held company such as Actuate will not be allowed a federal income tax deduction for compensation paid to certain executive officers to the extent that compensation exceeds \$1 million per officer in any year. To qualify for an exemption from the \$1 million deduction limitation, the stockholders approved a limitation under Actuate's 1998 Equity Incentive Plan on the maximum number of shares of Common Stock for which any one participant may be granted stock options per calendar year. Because this limitation was adopted, any compensation deemed paid to an executive officer when he exercises an outstanding option under the 1998 Equity Incentive Plan with an exercise price equal to the fair market value of the option shares on the grant date will qualify as performance-based compensation that will not be subject to the \$1 million limitation. The Compensation Committee will defer any decision on whether to limit the dollar amount of all other compensation payable to Actuate's executive officers to the \$1 million cap.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee currently consists of Messrs. Beitzel and Whiteman. Neither of these individuals was at any time during 2002, or at any other time, an officer or employee of Actuate. No executive officer of Actuate serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as a member of Actuate's Board of Directors or Compensation Committee.

REPORT OF THE AUDIT COMMITTEE

Notwithstanding anything to the contrary set forth in any of Actuate's previous or future filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, that might incorporate this Proxy Statement or future filings made by Actuate under those statutes, the Audit Committee Report shall not be deemed filed with the Securities and Exchange Commission and shall not be deemed incorporated by reference into any of those prior filings or into any future filings made by Actuate under those statutes.

In accordance with its charter, which was adopted by the Board of Directors in January 2003, the Audit Committee assists the Board of Directors in fulfilling its oversight responsibility relating to (i) the integrity of Actuate's financial statements and financial reporting processes, (ii) Actuate's internal accounting and financial controls and disclosure controls and processes, (iii) the selection of Actuate's auditors, the scope of the annual audits and fees paid to Actuate's auditors and (iv) meeting the other responsibilities set forth in its charter. The Audit Committee charter is attached to this proxy statement as Attachment A.

The Audit Committee consists of four independent members. This independence is based upon the independence requirements under applicable laws, rule and regulations. In addition, the Audit Committee has at least one member who is a financial expert as defined by applicable laws, rule and regulations.

Actuate management is responsible for financial reporting processes, the preparation of financial statements in accordance with generally accepted accounting principles and a system of internal controls and processes designed to help ensure compliance with applicable accounting standards. The Audit Committee's responsibility is to monitor and review these processes and procedures. The Audit Committee relies on the information provided to us by management and on the representations of management and the opinion of Ernst & Young, Actuate's independent public accountants, that such financial statements have been prepared in accordance with generally accepted accounting principles.

During 2002, the Audit Committee held six meetings. The meetings were conducted to permit open communication among the members of the Audit Committee, Ernst & Young and Actuate management. Among other things, the Audit Committee discussed with Ernst & Young the plans and scope of their audit. The Audit Committee met with Ernst & Young with and without management present to discuss the results of their work and their opinions and recommendations with respect to Actuate's internal controls and processes. The Audit Committee has also reviewed the fees paid to Ernst & Young for audit and non-audit services.

The Audit Committee has discussed with Ernst & Young the matters required to be discussed by Statement of Auditing Standards No. 61 *Communication with Audit Committees* which includes, among other items, matters related to the conduct of the audit of Actuate's financial statements. The Audit Committee has also received written disclosures and a letter from Ernst & Young required by Independence Standards Board Standard No. 1 which relates to the accountant's independence from Actuate, and has discussed with Ernst & Young their independence from Actuate.

Based on the review and discussions referred to above, the Audit Committee recommends to Actuate's Board of Directors that Actuate's audited financial statements be included in Actuate's Annual Report on Form 10-K for the fiscal year ended December 31, 2002.

STOCK PERFORMANCE GRAPH

The graph set forth below compares the cumulative total stockholder return on Actuate's Common Stock between July 17, 1998 (the date Actuate's Common Stock commenced public trading) and December 31, 2002 with the cumulative total return of (i) the Nasdaq Stock Market (U.S.) Index, (ii) the JP Morgan H&Q Computer Software Index, and (iii) the RDG Software Composite Index, over the same period. We included the RDG Software Composite Index this year to replace the JP Morgan H&Q Computer Software Index, which was discontinued in March 2002. This graph assumes the investment of \$100.00 on July 17, 1998 in Actuate's Common Stock, the Nasdaq Stock Market (U.S.) Index, the JP Morgan H&Q Computer Software Index, and the RDG Software Composite Index, and assumes the reinvestment of dividends, if any.

Comparison of Cumulative Total Return on Investment Since July 17, 1998

Actuate effected its initial public offering of Common Stock on July 17, 1998 at a price of \$2.75 per share. The closing stock price on December 31, 2002, was \$1.77. These share prices are adjusted to reflect the 1999 Stock Split and 2000 Stock Split.

The comparisons shown in the graph are based upon historical data. Actuate cautions that the stock price performance shown in the preceding graph is not indicative of, nor intended to forecast, the potential future performance of Actuate's Common Stock.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Mr. Beitzel, a director of Actuate, is a director for Deutsche Bank Trust Company Americas. During 2002, pursuant to a software license and services agreement, Deutsche Bank AG, the parent corporation of Deutsche Bank Trust Company Americas, ordered from Actuate certain software licenses and services totaling \$1,124,810.

Mr. Nierenberg, Actuate's Chairman of the Board and Chief Architect is a Director for Databeacon Inc. Actuate's Bylaws provide that Actuate shall indemnify its directors and officers to the fullest extent permitted by Delaware law, including in circumstances in which indemnification is otherwise discretionary under Delaware law. Actuate's Certificate of Incorporation limits the liability of its directors for monetary damages arising from a breach of their fiduciary duty as directors, except to the extent otherwise required by the Delaware General Corporation Law. Such limitation of liability does not affect the availability of equitable remedies such as injunctive relief or rescission.

Actuate has entered into indemnification agreements with its directors containing provisions that may require Actuate, among other things, to indemnify such directors against certain liabilities that may arise by reason of their status or service as directors (other than liabilities arising from willful misconduct of a culpable nature) and to advance their expenses incurred as a result of any proceeding against them as to which they could be indemnified. Actuate also maintains insurance policies covering officers and directors under which the insurers agree to pay, subject to certain exclusions, for any claim made against the directors and officers of Actuate for a wrongful act that they may become legally obligated to pay for or for which Actuate is required to indemnify the officers or directors.

STOCKHOLDER PROPOSALS FOR 2004 ANNUAL MEETING

Stockholder proposals for inclusion in Actuate's proxy materials for the 2004 Annual Meeting of Stockholders must be received by December 19, 2003. If Actuate is not notified of a stockholder proposal by February 17, 2004, then the management proxies may have the discretion to vote against such stockholder proposal, even though such proposal is not discussed in the proxy materials. Audit Committee Charter

Organization

This charter governs the operations of the audit committee. The committee shall review and reassess the charter at least annually and obtain the approval of the board of directors. The committee shall be members of, and appointed by, the board of directors and shall consist of at least three directors, each of whom are independent of management and the Company. Members of the committee shall be considered independent as long as they do not accept any consulting, advisory, or other compensatory fee from the Company (except compensation for service on the Company's board or board committees) and are not an affiliated person of the Company or its subsidiaries, and meet the independence requirements of Nasdaq's listing standards. All committee members shall be financially literate, and at least one member shall be a financial expert, as defined by SEC regulations.

Purpose

The audit committee shall provide assistance to the board of directors in fulfilling their oversight responsibility to the stockholders, potential stockholders, the investment community, and others relating to: the integrity of the Company's financial statements; the financial reporting process; the systems of internal accounting and financial controls; the performance of the Company's internal audit function and independent auditors; the independent auditor's qualifications and independence; and the Company's compliance with ethics policies and legal and regulatory requirements. In so doing, it is the responsibility of the committee to maintain free and open communication between the committee, independent auditors, the internal auditors, and management of the Company.

In discharging its oversight role, the committee is empowered to investigate any matter brought to its attention with full access to all books, records, facilities, and personnel of the Company and the authority to engage independent counsel and other advisers as it determines necessary to carry out its duties.

Duties and Responsibilities

The primary responsibility of the audit committee is to oversee the Company's financial reporting process on behalf of the board and report the results of their activities to the board. While the audit committee has the responsibilities and powers set forth in this Charter, it is not the duty of the audit committee to plan or conduct audits or to determine that the Company's financial statements are complete and accurate and are in accordance with generally accepted accounting principles. Management is responsible for the preparation, presentation, and integrity of the Company's financial statements and for the appropriateness of the accounting principles and reporting policies that are used by the Company. The independent auditors are responsible for auditing the Company's financial statements and for reviewing the Company's unaudited interim financial statements.

Edgar Filing: ACTUATE CORP - Form DEF 14A

The committee, in carrying out its responsibilities, believes its policies and procedures should remain flexible, in order to best react to changing conditions and circumstances. The committee should take appropriate actions to set the overall corporate tone for quality financial reporting, sound business risk practices, and ethical behavior. The following shall be the principal duties and responsibilities of the audit committee. These are set forth as a guide with the understanding that the committee may supplement them as appropriate.

The committee shall be directly responsible for the appointment and termination (subject, if applicable, to stockholder ratification), compensation, and oversight of the work of the independent auditors, including resolution of disagreements between management and the auditor regarding financial reporting. The committee shall pre-approve all audit and non-audit services provided by the independent auditors and shall not engage the

A-1

independent auditors to perform the specific non-audit services proscribed by law or regulation. The committee may delegate pre-approval authority to a member of the audit committee. The decisions of any audit committee member to whom pre-approval authority is delegated must be presented to the full audit committee at its next scheduled meeting.

At least annually, the committee shall obtain and review a report by the independent auditors describing:

The firm's internal quality control procedures.

Any material issues raised by the most recent internal quality control review, or peer review, of the firm, or by any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the firm, and any steps taken to deal with any such issues.

All relationships between the independent auditor and the Company (to assess the auditor's independence).

In addition, the committee shall set clear hiring policies for employees or former employees of the independent auditors that meet the SEC regulations and Nasdaq listing standards.

The committee shall discuss with the internal auditors and the independent auditors the overall scope and plans for their respective audits, including the adequacy of staffing and compensation. Also, the committee shall discuss with management, the internal auditors, and the independent auditors the adequacy and effectiveness of the accounting and financial controls, including the Company's policies and procedures to assess, monitor, and manage business risk, and legal and ethical compliance programs (e.g., Company's code of ethics for senior financial officers).

The committee shall meet separately periodically with management, the internal auditors, and the independent auditors to discuss issues and concerns warranting committee attention. The committee shall provide sufficient opportunity for the internal auditors and the independent auditors to meet privately with the members of the committee. The committee shall review with the independent auditor any audit problems or difficulties and management's response.

The committee shall receive regular reports from the independent auditor on the critical policies and practices of the Company, and all alternative treatments of financial information within generally accepted accounting principles that have been discussed with management.

The committee shall review management's assertion on its assessment of the effectiveness of internal controls as of the end of the most recent fiscal year and the independent auditors' report on management's assertion.

The committee shall review and discuss earnings press releases, as well as financial information and earnings guidance provided to analysts and rating agencies.

Edgar Filing: ACTUATE CORP - Form DEF 14A

The committee shall review the interim financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations with management and the independent auditors prior to the filing of the Company's Quarterly Report on Form 10-Q. Also, the committee shall discuss the results of the quarterly review and any other matters required to be communicated to the committee by the independent auditors under generally accepted auditing standards.

The committee shall review with management and the independent auditors the financial statements and disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations to be

A-2

included in the Company's Annual Report on Form 10-K (or the annual report to stockholders if distributed prior to the filing of Form 10-K), including their judgment about the quality, not just the acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. Also, the committee shall discuss the results of the annual audit and any other matters required to be communicated to the committee by the independent auditors under generally accepted auditing standards.

The committee shall establish procedures for the receipt, retention, and treatment of complaints received by the issuer regarding accounting, internal accounting controls, or auditing matters, and the confidential, anonymous submission by employees of the issuer of concerns regarding questionable accounting or auditing matters.

The committee shall receive corporate attorneys' reports of evidence of a material violation of securities laws or breaches of fiduciary duty.

The committee shall prepare its report to be included in the Company's annual proxy statement, as required by SEC regulations.

The committee shall perform an evaluation of its performance at least annually to determine whether it is functioning effectively.
