ANNUAL MEETING OF STOCKHOLDERS - AUGUST 12, 2005

The enclosed Proxy is solicited by the Board of Directors of SpaceDev, Inc. (the "Board") in connection with the annual meeting of stockholders of SpaceDev, Inc. (the "Company") to be held on August 12, 2005 at 9:00 A.M. at 13855 Stowe Drive, Poway, California 92064, and at any adjournments thereof. The Company will pay the cost of solicitation, including the cost of preparing and mailing the Notice of Stockholders' Meeting and this Proxy Statement. Such mailing took place on approximately July 18, 2005. Representatives of the Company may, without cost to the Company, solicit Proxies for the management of the Company by means of mail, telephone or personal calls.

A Proxy may be revoked before the meeting by giving written notice of revocation to the Secretary of the Company, or may be revoked at the meeting prior to voting. Unless revoked, properly executed Proxies with respect to the Company will be voted as indicated on the Proxy. Should any other matters come before the meeting, it is the intention of the persons named as Proxies in the enclosed Proxy to act upon them according to their best judgment. In instances where choices are specified by the stockholders in the Proxy, those Proxies will be voted or the vote will be withheld in accordance with each stockholder's choice. An "abstention" on any proposal will be counted as present for purposes of determining whether a quorum of shares is present at the meeting with respect to the proposal on which the abstention is noted, but will be counted as a vote "against" such proposal.

Only stockholders of record at the close of business on June 23, 2005 may vote at the meeting or any adjournments thereof. As of that date there were issued and outstanding approximately 22,176,446 common shares of all classes, \$0.0001 par value, of the Company. Each stockholder is entitled to one vote for each common share held. Voting for the election of directors is not cumulative, which means that the holders of a majority of the Company's outstanding shares have the power to elect the entire Board of Directors. None of the matters to be presented at the meeting will entitle any stockholder to appraisal rights. In the event that Proxies, which are sufficient in number to constitute a quorum, are not received by August 12, 2005, we may propose one or more adjournments of the meeting to permit further solicitation of Proxies. Such adjournments will require the affirmative vote of the holders of a majority of the shares present in person or by Proxy at the meeting. The persons named as Proxies will vote in favor of such adjournment. At the annual meeting, the stockholders will be asked to re-elect the current members of our Board of Directors, to ratify the selection of the independent public accountant for the Company and to approve the amendment to the Company's 2004 Equity Incentive Plan.

James W. Benson, age 60, is our founder and has served as our Chief Executive Officer and Chairman of the Board since inception. Mr. Benson started the trend of successful computer entrepreneurs moving into the entrepreneurial space arena. In 1984, Mr. Benson founded Compusearch Corporation (later renamed Compusearch Software Systems) in McLean, Virginia. The company was based on the first development of software algorithms and applications for personal computers and networked servers to create full text indexes of massive government procurement regulations and to provide instant full text searches for any word or phrase; the first instance of large scale, commercial implementation of PC-based full text searching, which later grew to encompass such systems as worldwide web search engines. Seeing related opportunities in document and image management, Mr. Benson started the award-winning ImageFast Software Systems in 1989, which later merged with Compusearch. In 1995, Mr. Benson sold Compusearch and ImageFast, and retired at age fifty. After months of research, Mr. Benson started SpaceDev, Inc., a Nevada corporation, which was acquired by us in October 1997. Mr. Benson holds a Bachelor of Science degree in Geology from the University of Missouri. He founded the non-profit Space Development Institute, and introduced the \$5,000 Benson Prize for Amateur Discovery of Near Earth Objects. He is also Vice-Chairman and private sector representative on NASA's national Space Grant Review Panel, and is a member of the American Society of Civil Engineers subcommittee on Near Earth Object Impact Prevention and Mitigation. Mr. Benson currently sits on the Board of Directors of Space Development Institute, a non-profit organization founded by Susan C. Benson and himself.

Richard B. Slansky, age 48, is currently our President, Chief Financial Officer, Director and Corporate Secretary. He joined us on February 10, 2003 as Chief Financial Officer and Corporate Secretary. In November 2004, he was appointed as President and Director. Mr. Slansky served as interim Chief Executive Officer, interim Chief Financial Officer, and Director for Quick Strike Resources, Inc., an IT training, services and consulting firm, from July 2002 to February 2003. Previously, Mr. Slansky served as Chief Financial Officer, Vice President of Finance, Administration and Operations and Corporate Secretary for Path 1 Network Technologies, Inc., a public company focused on merging broadcast and cable quality video transport with IP networks from May 2000 to July 2002. Before his tenure at Path 1, Mr. Slansky served as President, Chief Financial Officer and member of the Board of Directors of Nautronix, Inc., a marine electronics/engineering services company, from January 1999 to May 2000. Prior to Nautronix, Mr. Slansky served as Chief Financial Officer of Alexis Corporation, an international pharmaceutical research products technology company, from August 1995 to January 1999. He also served as President and Chief Financial Officer of C-N Biosciences, formerly Calbiochem, from July 1989 to July 1995. Mr. Slansky is currently serving on the Board of Directors of two privately held high technology companies, including Sicomment, Inc., one closely held, private real estate company and the Girl Scouts of San Diego and Imperial Counties. Mr. Slansky earned a bachelor's degree in economics and science from the University of Pennsylvania's Wharton School of Business and a master's degree in business administration in finance and accounting from the University of Arizona.

Frank Macklin, age 48, was appointed as our Vice President of Engineering in 2004. Mr. Macklin has been our chief engineer of hybrid propulsion systems and the technical leader for our National Reconnaissance Office funded SPOTV Hybrid System Definition study, and is acting chief engineer for our Maneuvering and orbital Transfer Vehicle Hybrid Technology Development and X-Motor Development. Mr. Macklin was a founder of Integrated Space Systems, Inc., which was acquired by SpaceDev in 1998. Prior to his work at Integrated Space Systems, Mr. Macklin worked at the General Dynamics Space Systems Division in San Diego from January 1987 to December 1994. During his tenure at General Dynamics, Mr. Macklin integrated a new guidance system onto the new generation of Atlas launch vehicles and became intimately familiar with all aspects of vehicle flight software and hardware. He also designed and implemented diverse ground guidance performance and analysis software systems, became a complete end-to-end systems expert, and served as the guidance system expert on the elite "tiger team" sent to support all launches. Prior to General Dynamics, Mr. Macklin served as a member of the Peacekeeper developmental launch team at Vandenberg Air Force Base from March 1984 to December 1986, where he was responsible for the \$30M guidance and control system, led a group of 30 industry engineers and gave the final guidance system go/no-go for launch. Mr. Macklin is a California State registered professional electrical engineer with more than 20 years of experience with launch vehicles, ground launch control systems, launch sites and launch teams. EMPLOYMENT AGREEMENTS

On November 21, 1997, we entered into a five-year employment agreement with our CEO, Mr. Benson. This agreement provides for compensation of salary and stock as well as stock options. This agreement also prohibits Mr. Benson from competing with us, disclosing any confidential information, or soliciting any of our employees or customers for one year after termination of employment. Our Board of Directors revised Mr. Benson's employment agreement at its meeting on July 16, 2000. This employment contract supersedes the previous agreement. The term of this revised employment contract is for a period of five (5) years from July 16, 2000. The revised agreement provides for the grant of options to purchase up to 4,000,000 shares of our common stock upon the occurrence of certain events, of which options for 2,500,000 have been granted, 500,000 of which are currently vested. All granted but unvested options will expire on July 16, 2005.

On May 17, 2002, we entered into an "at-will" employment agreement with Mr. Schaffer. The agreement provided for Mr. Schaffer's compensation of salary, benefits and options to purchase up to 450,000 shares of our common stock. On July 2, 2003, we entered into a Confidential Separation Agreement and General Release with Mr. Schaffer. The agreement provided for Mr. Schaffer to receive salary and benefits until August 8, 2003 and for the resignation of Mr. Schaffer as an officer, but not as a director. In exchange for a release of claims and other promises set forth in the agreement, Mr. Schaffer retained certain exercise rights on his vested options of 90,000 shares until the earlier of (i) eighteen (18) months from his resignation as a member of our Board of Directors or other subsequent consulting relationship with us, or (ii) July 19, 2008. After August 8, 2004, Mr. Schaffer was eligible for stock options related to attending Board Meetings pursuant to a separation agreement that Mr. Schaffer signed with us, even though he is not considered an independent director due to his recent employment with us. No options have been issued to Mr. Schaffer for attendance at Board meetings as of the date of this Proxy Statement.

On February 14, 2003, we entered into an "at-will" employment agreement with Mr. Slansky. The agreement provided for Mr. Slansky's compensation of salary, benefits, performance bonuses and options to purchase up to 385,000 shares of our common stock, (which was subsequently reduced to 355,000 due to a missed vesting incentive for options on 30,000 shares). The agreement also provided for severance under certain termination provisions and prohibits Mr. Slansky from soliciting our employees or competing with us if he were to leave the Company. Mr. Slansky received additional compensation of \$27,672 in 2004 and \$1,183 in 2003 for raising additional capital for the Company. As part of Mr. Slansky's employment agreement, Mr. Slansky receives a one percent (1%) fee on funds raised below \$1.00 per share and a four percent (4%) fee on funds raised above \$1.00 per share.

On November 17, 2003, we entered into an "at-will" employment relationship with Mr. Dario ("Dan") DaPra to become our Vice President of Engineering. Our offer letter provided for Mr. DaPra's compensation of salary, benefits and options to purchase up to 250,000 shares of our common stock. The offer letter also provided for severance under certain termination provisions and prohibits Mr. DaPra from soliciting our employees or competing with us. Mr. DaPra resigned on March 5, 2004 and subsequently entered into a Confidential

Edgar Filing: SPACEDEV INC - Form PRE 14A

Separation Agreement and General Release with us. The Agreement provided for Mr. DaPra to receive one-half pay through April 30, 2004 in lieu of severance, and to retain options on 40,000 shares of our stock with the ability to exercise those options until October 31, 2004.

EMPLOYEE BENEFITS

At our 1999 Annual Stockholder Meeting, the shareholders adopted an Incentive Employee Stock Option Plan under which the Board of Directors had the ability to grant our employees, directors and affiliates Incentive Stock Options, non-statutory stock options and other forms of stock-based compensation, including bonuses or stock purchase rights. Incentive Stock Options, which provide for preferential tax treatment, are only available to employees, including officers and affiliates, and may not be issued to non-employee directors. The exercise price of the Incentive Stock Options must be 100% of the fair market value of the stock (110% for stockholders holding 10% or more of our outstanding voting stock) on the date the option is granted. Pursuant to our plan, the exercise price for the non-statutory stock options may not be less than 85% of the fair market value of the stock on the date the option is granted. We are required to reserve an amount of common shares equal to the number of shares which may be purchased as a result of awards made under the Plan at any time.

At the 2000 Annual Stockholder Meeting, the shareholders approved an amendment to the Stock Option Plan of 1999, increasing the number of shares eligible for issuance under the Plan to 30% of the then outstanding common stock and allowing the Board of Directors to make annual adjustments to the Plan to maintain a 30% ratio to outstanding common stock at each annual meeting of the Board of Directors. The Board, at its annual meetings in 2001 and 2002, made no adjustment, as a determination was made that the number of shares then available under the Plan was sufficient to meet the Company's then current needs. All shares issuable under the 1999 Incentive Stock Option Plan have been issued or are in reserve subject to outstanding awards under the plan. The plan is, therefore, no longer in use except as necessary for the exercise of those outstanding options.

At our 2004 Annual Stockholder Meeting, held on August 5, 2004, the stockholders adopted a 2004 Equity Incentive Plan. The 2004 Equity Incentive Plan authorized and reserved for issuance under the Plan 2,000,000 shares of our common stock. The 2004 Equity Incentive Plan is an important part of our total compensation program because competitive benefit programs are a critical component of our efforts to attract and retain qualified employees, directors and consultants. Options granted under the plan may be Incentive Stock Options or non-statutory stock options, as determined by the Board of Directors or a committee appointed by the Board of Directors at the time of grant. Limited rights and stock awards may also be granted under the Plan. As of December 31, 2004, 6,184,698 shares were authorized for issuance under the 1999 Stock Option Plan and the 2004 Equity Incentive Plan, 3,878,766 of which are currently subject to outstanding options and awards and options on 1,005,035 shares were exercised in 2004. Of the outstanding and vested options, 12,500 will expire if not exercised within 60 days of June 23, 2005. During 2004, we issued non-statutory options to purchase 272,000 shares to our independent directors for attendance at our 2004 Board of Directors meetings.

The 1999 Stock Option Plan was registered with the U.S. Securities & Exchange Commission on Form S-8 on October 5, 2000. Shares issuable under the 2004 Equity Incentive Plan were registered on Form S-8 on March 28, 2005.

In addition to the 1999 Stock Option Plan and the 2004 Equity Incentive Plan, our shareholders adopted the 1999 Employee Stock Purchase Plan, which

Edgar Filing: SPACEDEV INC - Form PRE 14A

PAGE

authorized our Board of Directors to make twelve consecutive offerings of our common stock to our employees. The 1999 Employee Stock Purchase Plan has been instituted and the first employees enrolled in the plan in August 2003. The first shares of common stock were issued under the Plan in February 2004 and every six-month anniversary thereafter. The 1999 Employee Stock Purchase Plan expired in June 2005; however, the Board authorized a one-year extension of the plan at their meeting in November 2004, while the Compensation Committee reviews the value of the plan to employees and the desire for its continuance.

We also offer a variety of health, dental, vision, 401(k) and life insurance benefits to our employees in conjunction with our co-employment partner, Administaff.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

James W. Benson, our Chief Executive Officer and Chairman of the Board of Directors, and Susan Benson, our former Corporate Secretary, are married but separated. Mr. Benson has personally guaranteed the building lease on our facility and has placed his home in Poway as collateral.

One of our independent directors, Robert S. Walker, is a principal of Wexler & Walker Public Policy Associates, a Washington-based, full-service government relations firm founded in 1981. Wexler & Walker principals have served in Congress, in the White House and federal agencies, as congressional staff, in state and local governments and in political campaigns. Wexler &

Edgar Filing: SPACEDEV INC - Form PRE 14A

Walker is a leader on the technology issues of the twenty-first century. During 2002, the Company paid consulting fees to Hill and Knowlton, Inc., an affiliate of Wexler & Walker, in an approximate amount of \$56,000. We did not incur consulting fees with Hill and Knowlton, Inc. in 2003 or 2004, nor do we expect to in the future.

In December 2001, we entered into a consulting agreement with one of our independent directors, Curt D. Blake, pursuant to which Mr. Blake agreed to perform certain services for us and identify and qualify significant investors and potential acquisition targets for us. Under the agreement, Mr. Blake was to receive compensation, in cash and non-statutory stock options, for his services. In addition, Mr. Blake was to receive a cash finder's fee plus a common stock grant for all monies raised as a result of introductions made by him. However, as a result of the independence rules imposed by the Sarbanes-Oxley Act of 2002,

20
PAGE

Mr. Blake voluntarily terminated his agreement with us on November 25, 2002. We made no payments to Mr. Blake in 2004 and 2003, other than reimbursement of Board-related travel expenses.

From October 14, 2002 through November 14, 2002, we sold an aggregate of \$475,000 of 2.03% convertible debentures to three of our then directors and officers. The total funding was completed on November 14, 2002. The convertible debentures entitled the holder to convert the principal and unpaid accrued interest into our common stock when the note matured. The notes originally were set to mature six (6) months from issue date and were subsequently extended to twelve (12) months from issue date on March 19, 2003. The convertible debentures were exercisable into a number of our common shares at a conversion price that equaled the 20-day average asking price less 10%, which was established when the note was issued. Concurrent with the issuance of the convertible debentures, we issued to the subscribers, warrants to purchase up to 1,229,705 shares of our common stock. These warrants were exercisable for three (3) years from the date of issuance at the initial exercise price. The warrants were valued using the Black-Scholes pricing model based on the expected fair value at issuance and the estimated fair value was recorded as debt discount. See Note 8(c) to our Consolidated Financial Statements for discussion of the terms of the warrants. The debt discount was amortized as additional interest expense over the term of the convertible debentures. On September 5, 2003, we repaid one-half of the convertible notes, with the condition that the note holders would convert the other half. Also, as a condition of the partial repayment, the note holders were required to relinquish one-half of the previously issued warrants. Finally, as additional consideration for the transaction, the note holders were offered 5% interest on their notes, rather than the stated 2.03% for a total of \$18,161 of interest expense. All the note holders accepted the offer and the convertible notes were retired. As of December 31, 2003, we recorded a credit of \$88,408, as debt discount recovery; therefore, for the year ending December 31, 2003, the debt discount expense was \$112,500. The Company also expensed \$131,411 for non-cash loan fee expense related to the convertible note. Fair market value of the stock was determined by discounting the closing market price on the date of the transaction by 20%, based on the nature of the restricted securities. Of the 614,852 remaining warrants, all were exercised in 2004 and none remained outstanding at December 31, 2004.

In April 2005, Mr. Schaffer accepted a position as president of vendor affairs for a small private company, Sicommnet, Inc. Messrs. McClendon and Slansky currently sit on the board of directors for Sicommnet, Inc. Although no conflict of interest is apparent, Messrs. Schaffer, McClendon and Slansky have disclosed the relationship to us.

Edgar Filing: SPACEDEV INC - Form PRE 14A

On February 14, 2003, we entered into an "at-will" employment agreement with Mr. Slansky. The agreement provided for Mr. Slansky's compensation of salary, benefits, performance bonuses and options to purchase up to 385,000 shares of our common stock, (which was subsequently reduced to 355,000 due to a missed vesting incentive for options on 30,000 shares). The agreement also provided for severance under certain termination provisions and prohibits Mr. Slansky from soliciting our employees or competing with us if he were to leave the Company. Mr. Slansky received additional compensation of \$27,672 in 2004 and \$1,183 in 2003 for raising additional capital for the Company and is expected to receive in excess of \$100,000 in such fees in 2005. As part of Mr. Slansky's employment agreement, Mr. Slansky receives a one percent (1%) fee on funds raised below \$1.00 per share and a four percent (4%) fee on funds raised above \$1.00 per share.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Based upon a review on the Forms 3 and 4 furnished to us with respect to our most recent fiscal year, each of the Directors and/or Executive Officers timely filed his initial Form 3 and Form 4 under Section 16(a) of the Securities and Exchange Act of 1934 during 2003 with the following exceptions: Mr. Benson filed a Form 4 a few days late after transferring his indirect ownership of 1.2 million shares to his children in February 2004. The shares were held by SD Holdings LLC which was dissolved on November 6, 2003. Mr. Schaffer filed a Form 4 a few days late after exercising a warrant in September 2004, which he received as part of a convertible debt offering. Mr. Slansky filed a Form 4 a few months late after receiving a small amount of stock from under our 1999 Employee Stock Purchase Plan.

REQUIRED VOTE

In voting for directors, you must vote all of your shares noncumulatively. This means that the owners of a majority of the Company's outstanding common shares have the power to elect the entire Board of Directors. The vote of a majority of shares of the Company represented at the meeting, provided at least a quorum (a majority of the outstanding shares) is represented in person or by proxy, is sufficient for the election of the above nominees. By completing the Proxy, you give the named Proxies the right to vote for the persons named in the table above. If you elect to withhold authority for any individual nominee or nominees, you may do so by making an "X" in the box marked "VOTE FOR NOMINEE(S) NOT LINED OUT," and by striking a line through the nominees' name or names on the Proxy that you do not vote for. Any vacancy left on the Board of Directors due to an insufficient number of votes being cast for any one or more nominees may be filled by the affirmative vote of the remaining directors.

Each of the nominees for director has agreed to serve as a director of the Company until his or her replacement is elected and qualified. If any unforeseen event prevents one or more of the nominees from serving as a director, your votes will be cast for the election of a substitute or substitutes selected by the Board. In no event, however, can the Proxies be voted for a greater number of persons than the number of nominees named. Unless otherwise instructed, the Proxies will vote for the election of each nominee to serve as a director of the Company.

OUR BOARD UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE ELECTION OF EACH OF THE NOMINEES TO THE BOARD OF DIRECTORS OF THE COMPANY.

RATIFICATION OF

Edgar Filing: SPACEDEV INC - Form PRE 14A

INDEPENDENT PUBLIC ACCOUNTANTS

The Sarbanes-Oxley Act of 2002 ("Act") established the Public Company Accounting Oversight Board ("PCAOB") and charged it with the responsibility of overseeing the audits of public companies that are subject to the federal securities laws. Under the Act, the PCAOB's duties include the establishment of a registration system for public accounting firms. The PCAOB proposed rules for the registration process, which required approval of the U.S. Securities Commission ("SEC") prior to enforcement. All public accounting firms were required to register with the PCAOB in order to prepare or issue audit reports on U.S. public companies, or to play a substantial role in the preparation or issuance of such reports. Public accounting firms are required to file periodic reports with the PCAOB. In 2003, the cost of compliance with these rules had not been determined, and, as a result of the legislation, it appeared that the cost of professional liability insurance for public accounting firms would be dramatically increased. We were informed by our prior independent auditor, Nation Smith Hermes Diamond, Accountants and Consultants, P.C. ("Nation Smith"), that they did not intend to register with the PCAOB at that time and, as a result, would not be able to continue to act as our independent auditors.

22

Our Board of Directors selected PKF, Certified Public Accountants A Professional Corporation, ("PKF") as the Company's independent accountants for the fiscal years ended December 31, 2003 and 2004, and has directed us to submit PKF again, as our selection of independent accountants to the stockholders for ratification at the Annual Meeting for the fiscal year ending December 31, 2005. A representative of PKF is expected to be present at the Annual Meeting.

Stockholders are not required to ratify the selection of PKF, as the Company's independent accountants. However, our Board of Directors is submitting the selection of PKF to the stockholders for ratification as a matter of good corporate governance. If the stockholders fail to ratify the selection, our Board of Directors will reconsider whether or not to retain that firm. Even if the selection is ratified, the Board, in its discretion, may direct the appointment of a different independent accounting firm at any time during the year if it determines that such a change would be in the best interests of the Company and its stockholders.

AUDIT FEES

The following are the fees billed us by our auditors, PKF and Nation Smith Hermes Diamond, for services rendered thereby during 2004 and 2003:

	2004	2003
Audit Fees	\$44,000	\$55,025
Audit Related Fees	\$ -	\$ -
Tax Fees	\$ 7,800	\$ 7,850
All Other Fees . .	\$28,522	\$ 5,093
Total	\$80,322	\$67,968

Edgar Filing: SPACEDEV INC - Form PRE 14A

In the above table for 2003 the total fees were \$67,968, of which \$12,275 was for services rendered by PKF, and the remaining \$55,693 was for services rendered by Nation Smith Hermes Diamond.

Audit Fees consist of the aggregate fees billed for professional services rendered for the audit of our annual financial statements and the reviews of the financial statements included in our Forms 10-QSB and for any other services that are normally provided by PKF and Nation Smith Hermes Diamond in connection with our statutory and regulatory filings or engagements.

Audit Related Fees consist of the aggregate fees billed for professional services rendered for assurance and related services that were reasonably related to the performance of the audit or review of our financial statements and were not otherwise included in Audit Fees.

Tax Fees consist of the aggregate fees billed for professional services rendered for tax compliance, tax advice and tax planning. Included in such Tax Fees were fees for preparation of our tax returns and consultancy and advice on other tax planning matters.

All Other Fees consist of the aggregate fees billed for products and services provided by PKF and Nation Smith Hermes Diamond and not otherwise included in Audit Fees, Audit Related Fees or Tax Fees. Included in such Other Fees were fees for services rendered by PKF and Nation Smith Hermes Diamond in connection with our private and public offerings conducted during such periods.

Our Audit Committee has considered whether the provision of the non-audit services described above is compatible with maintaining PKF's independence and determined that such services are appropriate.

23
PAGE

Before the auditors are engaged to provide us audit or non-audit services, such engagement is approved by the Audit Committee of our Board of Directors.

The affirmative vote of the holders of a majority of the common shares represented and voting at the meeting will be required to ratify the selection of PKF.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE PROPOSAL TO RATIFY SELECTION OF THE COMPANY'S INDEPENDENT AUDITORS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2005.

PROPOSAL 3

APPROVAL OF AMENDMENT TO THE COMPANY'S 2004 EQUITY INCENTIVE PLAN

On August 5, 2004, the Board of Directors asked stockholders to approve the proposed 2004 Equity Incentive Plan and reserve for issuance under the Plan 2,000,000 shares of the Company's common stock. We have used our 2004 Equity Incentive Plan to provide employees, directors and consultants an incentive for continued and future services. The 2004 Equity Incentive Plan is an important part of the Company's total compensation program because competitive benefit programs are a critical component of our efforts to attract and retain qualified employees, directors and consultants. We are asking for the approval of an additional 2,000,000 shares of the Company's common stock under this plan to continue providing this benefit to new and current employees, directors and consultants.

Edgar Filing: SPACEDEV INC - Form PRE 14A

The 2004 Equity Incentive Plan is described below.

DESCRIPTION OF THE PLAN

The purpose of the Company's 2004 Equity Incentive Plan (the "Plan") is to provide selected eligible employees, directors and certain types of consultants of and to the Company, its subsidiaries, and affiliates an opportunity to participate in the Company's future by offering them an opportunity to acquire stock in the Company so as to retain, attract and motivate them. Options granted under the Plan may be Incentive Stock Options or Non-statutory Stock Options, as determined by the Board of Directors or a committee appointed by the Board of Directors at the time of grant. Limited rights and stock awards may also be granted under the Plan. The options, limited rights and awards are collectively referred to in this discussion as "Awards."

A stock option is the right to purchase a certain number of shares of stock, at a certain exercise price, in the future. The exercise price of Incentive Stock Options may not be less than 100% of the fair market value of the common stock as of the date of grant (110% of the fair market value if the grant is to an employee who owns more than 10% of the total combined voting power of all classes of our capital stock). U.S. Internal Revenue Code of 1986, as amended (the "Code") currently limits to \$100,000 the aggregate value of common stock for which incentive stock options may first become exercisable in any calendar year under the Plan or any other option plan adopted by the Company. Non-statutory Stock Options may be granted under the Plan at an exercise price of not less than 85% of the fair market value of the common stock on the date of grant. Non-Statutory Stock Options also may be granted without regard to any restriction on the amount of common stock to which the option may first become exercisable in any calendar year. We currently issue options at 100% of the fair market value, as determined by the Board of Directors. [Note: We are currently investigating the impact FAS 123R may have on our financial statements and may revise this practice going forward.] Regardless of which type of option is granted to an employee of the Company, the option will expire ninety (90) days after termination of employment for any reason other than

24
PAGE

death, disability or retirement; provided, however, that all rights under any options expire immediately upon termination of an employee for cause.

A limited right is the right to receive the net of the market price of a share of stock and the exercise price of the right, either in cash or in stock, in the future. In no event may a limited right issued under the Plan be exercisable in whole or in part before the expiration of six (6) months from the date of grant, and the right may only be exercise in the event of a change in control of the Company. In addition, limited rights issued under our plan may be exercised only when the underlying option is exercisable and the fair market value of the shares on the date of exercise is greater than the exercise price of the underlying option. The limited right and the option terminate simultaneously upon exercise of one or the other. Limited rights issued under the plan may be for no more than 100% of the difference between the purchase price and the fair market value of the stock subject to the underlying option.

The Compensation Committee may issue restricted stock awards under the Plan to employees and independent directors. The Committee has discretion to determine the dates on which stock awards will vest and any specific conditions or performance goals which must be satisfied prior to vesting of any portion of the Award. Stock awards which are not fully vested at the time of termination of the employee for any reason other than death, disability or retirement or as a result of termination for cause, the unvested portion of the award will be

Edgar Filing: SPACEDEV INC - Form PRE 14A

forfeit as of the date of termination.

The Committee has discretion to accelerate the vesting of any award issued under the Plan.

The Committee may award Incentive Stock Options only to full-time employees (including officers) of the Company and its affiliates under the Plan. A non-employee director, as well as part-time employees and certain consultants, of the Company are not eligible to receive Incentive Stock Options, but may receive Non-Statutory Stock Options under the Plan.

ADMINISTRATION

The Plan is administered by the Compensation Committee. Subject to the provisions of the Plan and the Compensation Committee Charter, and subject to the approval of any relevant authorities, the Compensation Committee shall have the authority in its discretion:

- (i) to determine the fair market value;
- (ii) to select the employees, directors and consultants to whom Awards may from time to time be granted;
- (iii) to approve forms of agreement for use under the Plan;
- (iv) to determine the terms and conditions of any Award granted under the Plan, including, but not limited to, the exercise price, the time or times when Awards may be exercised (which may be based on performance criteria), any vesting and any restriction or limitation regarding any Award or the common stock relating thereto;
- (v) to reduce the exercise price of any Option to the then current Fair Market Value if the Fair Market Value of the common stock covered by the Option has declined since the grant date;

25
PAGE

(vi) to prescribe, amend and rescind rules and regulations relating to the Plan, including rules and regulations relating to sub-plans established for the purpose of qualifying for preferred tax treatment under foreign tax laws;

(vii) to allow participants in the Plan to satisfy withholding tax obligations on options by electing to have the Company withhold from the common stock to be issued upon exercise of an option that number of shares having a fair market value equal to the amount required to be withheld. The fair market value to be withheld will be determined on the date that the amount of tax to be withheld is to be determined; and

(viii) to construe and interpret the terms of the Plan and Awards granted pursuant to the Plan.

Because option grants and other Awards under the Plan are subject to the discretion of the Committee, awards under the Plan for the current year are indeterminable. Future option exercise prices under the Plan are also indeterminable because they will be based upon the fair market value of the common stock on the date of grant.

SHARES SUBJECT TO THE PLAN

Edgar Filing: SPACEDEV INC - Form PRE 14A

Subject to adjustment, the maximum number of shares of common stock reserved for Awards under the Plan is 2,000,000 shares, currently, and would be 4,000,000 shares if this proposal is approved by stockholders. There are currently options outstanding on 919,500 of the shares eligible for issuance under the Plan. These shares of common stock may be either authorized but unissued shares or authorized shares previously issued and reacquired by the Company. To the extent that options and stock awards are granted under the Plan, the shares underlying such Awards will be unavailable for any other use including future grants under the Plan except that, to the extent that stock awards or options terminate, expire, or are forfeited without having been exercised (or in cases where a limited right has been granted in connection with an option, the amount of such limited right received in lieu of the exercise of such option), new Awards may be made with respect to those shares underlying such terminated, expired or forfeited options or stock awards.

The following table outlines the current options that are issued under the plan:

New Plan Benefits

Name and Position.	Dollar Value (\$)	Number of Units
-----	-----	-----
All non-executive officers and directors as a group	\$ 569,500	342,000
-----	-----	-----
All employees, including all current officers who are not executive officers, as a group	\$ 1,063,754	577,500
-----	-----	-----

Future awards under the Plan are subject to approval of the Committee and we are unable to state at this time what Awards, if any, will be made to our executive officers and other employees. Awards will continue to be made to our non-executive officer directors as provided in our independent director compensation plan depending on each director's attendance at board and applicable committee meetings.

ADJUSTMENTS

The Committee will make adjustments to the number of shares subject to any award based on any change in the outstanding shares of common stock of the Company resulting from any stock dividend or split, recapitalization, merger, consolidation, spin-off, reorganization, combination or exchange of shares, or any similar corporate change, or other increase or decrease in such shares without receipt or payment of consideration by the Company.

AMENDMENT OR TERMINATION

The Board of Directors may amend or modify the Plan in any or all respects whatsoever. However, certain amendments may require shareholder approval pursuant to applicable laws and regulations. In order for the Plan to become effective for the purpose of obtaining preferential tax treatment for Incentive

Edgar Filing: SPACEDEV INC - Form PRE 14A

Stock Options, we require approval of the stockholders of the Company. The Plan will terminate on August 5, 2014.

CERTAIN FEDERAL INCOME TAX CONSEQUENCES

The following is a brief description of the federal income tax consequences generally arising with respect to the grant of Awards pursuant to the 2004 Equity Incentive Plan. This summary is based on the Internal Revenue Code, regulations, rulings and decisions now in effect, all of which are subject to change by legislation, administrative action or judicial decision. This discussion is intended for the information of stockholders considering how to vote at the Annual Stockholders' Meeting and not as tax guidance to individuals participating in the 2004 Equity Incentive Plan.

Incentive stock options granted under the Plan will be afforded favorable federal income tax treatment under Code. If an option is treated as an Incentive Stock Option, the recipient will recognize no income upon grant or exercise of the option unless the alternative minimum tax rules apply. Upon an recipient's sale of the shares (assuming that the sale occurs more than two years after grant of the option and more than one year after exercise of the option), any gain will be taxed to the recipient as long-term capital gain. If the recipient disposes of the shares prior to the expiration of either of the above holding periods, then the recipient will recognize ordinary income in an amount generally measured as the difference between the exercise price and the lower of the fair market value of the shares at the exercise date or the sale price of the shares. Any gain recognized on such a premature sale of the shares in excess of the amount treated as ordinary income will be characterized as capital gain.

All other options granted under the Plan will be Non-Statutory Stock Options and will not qualify for any special tax benefits to the recipient. A recipient will not recognize any taxable income at the time he or she is granted a Non-Statutory Stock Option. However, upon exercise of the Non-Statutory Stock Option, the recipient will recognize ordinary income for federal income tax purposes in an amount generally measured as the excess of the then fair market value of each share over its exercise price. Upon a recipient's resale of such shares, any difference between the sale price and the fair market value of such shares on the date of exercise will be treated as capital gain or loss and will generally qualify for long term capital gain or loss treatment if the shares have been held for more than one year. The Code provides for reduced tax rates for long-term capital gains based on the taxpayer's income and the length of the taxpayer's holding period.

The recipient of a restricted stock award will generally recognize ordinary compensation income when such shares are no longer subject to a substantial risk of forfeiture, based on the excess of the value of the shares at that time over the price, if any, paid for such shares. However, if the recipient makes a timely election under the Code to be subject to tax upon the

27
PAGE

receipt of the shares, the recipient will recognize ordinary compensation income at that time equal to the fair market value of the shares over the price paid, if any, and no further ordinary compensation income will be recognized when the shares vest.

No taxable income is recognized upon the receipt of a limited right. The recipient will recognize ordinary income, in the year in which the right is exercised, equal to the excess of the fair market value of the underlying shares of common stock on the exercise date over the base price in effect for the exercised right, and the recipient will be required to satisfy the tax withholding requirements applicable to such income. The Company will be entitled

Edgar Filing: SPACEDEV INC - Form PRE 14A

to an income tax deduction equal to the amount of ordinary income recognized by the recipient in connection with the exercise of the limited right. The deduction will be allowed for the taxable year of the Company in which such ordinary income is recognized.

We are generally entitled to a deduction for federal income tax purposes equal to the amount of ordinary compensation income recognized by the recipient of an award at the time such income is recognized. However, Section 162(m) of the Internal Revenue Code generally disallows a public company's tax deduction for compensation paid to the Chief Executive Officer, or to the other four most highly compensated officers, in excess of \$1,000,000 in any tax year. Compensation that qualifies as performance-based compensation" is excluded from the \$1,000,000 deductibility cap, if various requirements are satisfied.

Awards granted under the 2004 Equity Incentive Plan that are considered to be deferred compensation must satisfy the requirements of Section 409A of the Internal Revenue Code to avoid adverse tax consequences to participating employees. These requirements include limitations on election timing, acceleration of payments and distributions. The Company intends to structure any Awards under the 2004 Equity Incentive Plan to meet the applicable tax law requirements.

The Company has the right to deduct from all Awards paid in cash or from other wages paid to an employee of the Company, any federal, state or local taxes required by law to be withheld with respect to Awards, and the employee or other person receiving shares under the 2004 Equity Incentive Plan will be required to pay to the Company the amount of any such taxes which the Company is required to withhold with respect to such shares.

The foregoing does not purport to be a complete summary of the federal income tax considerations that may be relevant to holders of options or restricted shares, or to us. It also does not reflect provisions of the income tax laws of any municipality, state or foreign country in which a recipient may reside, nor does it reflect the tax consequences of a recipient's death.

REQUIRED VOTE

Approval of the Plan requires the affirmative vote of a majority of the shares present and entitled to vote on this Proposal 3, and such affirmative vote must also constitute at least a majority of the required quorum for the meeting. In determining whether this Proposal 3 has been approved, abstentions and broker non-votes are not counted as votes for or against this proposal.

RECOMMENDATION

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE "FOR" THE PROPOSAL TO APPROVE THE AMENDMENT TO THE COMPANY'S 2004 EQUITY INCENTIVE PLAN.

OTHER MATTERS

We do not intend to present any business at the meeting not mentioned in this Proxy Statement, and currently know of no other business to be presented. If any other matters are brought before the meeting, the appointed Proxies will

vote on all such matters in accordance with their judgment of the best interests of the Company.

AUDIT COMMITTEE REPORT

Edgar Filing: SPACEDEV INC - Form PRE 14A

Following is the report of the Audit Committee with respect to the Company's audited consolidated financial statements for the fiscal year ended December 31, 2004, which include the consolidated balance sheets of the Company as of December 31, 2004 and 2003 and the related consolidated statements of operations, stockholders' equity and cash flows for each of the fiscal years ended December 31, 2004 and 2003, and the notes thereto.

The Audit Committee of the Company's Board of Directors currently consists of three directors, none of which are employees of the Company or any of its subsidiaries. Pursuant to an Audit Committee Charter adopted on April 19, 2002, the Audit Committee is required to be comprised of at least three directors. The Board believes that the current members of the committee, Mr. Blake, Mr. McClendon and Dr. Huntress, are "independent" directors within the meaning of Exchange Act Rule 10A-3.

The primary responsibility of the Audit Committee is to assist the Board of Directors in fulfilling its oversight responsibilities related to corporate accounting, financial reporting practices, and the quality and integrity of the Company's financial reports. In that respect, the Audit Committee has reviewed and discussed the audited financial statements and the footnotes thereto with management and the independent auditors. The Audit Committee has not been apprised of any misstatements or omissions in the financial statements. In addition, the Audit Committee discussed with the independent auditors the matters required to be discussed by Statement of Auditing Standard No. 61, Communication with Audit Committees, including, among other items, matters related to the conduct of the audit of the Company's financial statements. Management has the primary responsibility for the Company's financial statements and internal control over financial reporting, as well as disclosure controls and procedures.

The Audit Committee has received from the independent accountants, as required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committee, (i) a written disclosure, indicating all relationships, if any, between the independent auditor and its related entities and the Company and its related entities which, in the auditor's professional judgment, reasonably may be thought to bear on the auditor's independence, and (ii) a letter from the independent auditor confirming that, in its professional judgment, it is independent of the Company; and the Audit Committee has discussed with the auditor the auditor's independence from the Company.

Based on the reviews and discussions referred to above, we recommended to the Board of Directors that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-KSB for the year ended December 31, 2004.

COMPENSATION COMMITTEE REPORT

The Compensation Committee administers SpaceDev's executive compensation program. In this regard, the role of the Compensation Committee is to oversee our compensation plans and policies, annually review and approve all executive officers' compensation decisions, and administer our stock option plans

(including reviewing and approving stock option grants to executive officers).

Edgar Filing: SPACEDEV INC - Form PRE 14A

The Compensation Committee's charter, adopted on August 5, 2004, reflects these various responsibilities, and the Compensation Committee and the Board periodically review and revise the charter. The Compensation Committee's membership is determined by the Board and is composed entirely of independent directors based on the applicable listing standards of The Nasdaq Stock Market and SEC rules. The Compensation Committee meets at scheduled times during the year, and it also may consider and take action by written consent. The Compensation Committee Chairman reports on Compensation Committee actions and recommendations at Board meetings. SpaceDev's Human Resources Department supports the Compensation Committee in its work and in some cases acts pursuant to delegated authority to fulfill various functions in administering SpaceDev's compensation programs. In addition, the Compensation Committee has the authority to engage the services of outside advisers, experts and others to assist the committee. GENERAL COMPENSATION PHILOSOPHY

Our general compensation philosophy is that total cash compensation should vary with SpaceDev's performance in achieving financial and non-financial objectives, and that any long-term incentive compensation should be closely aligned with the stockholders' interests. This philosophy applies to all SpaceDev employees, with a more significant level of variability and compensation at risk as an employee's level of responsibility increases. In 2004, the Compensation Committee began a review of the executive compensation philosophy, with the goal of ensuring the appropriate mix of fixed and variable compensation linked to individual and corporate performance. Although this review is ongoing, the Compensation Committee is seeking the advice and input of SpaceDev management. The Compensation Committee is also identifying the key strategic compensation design priorities for SpaceDev: employee retention, cost management, fair treatment of employees, alignment with stockholder interests and continued focus on corporate governance. The Compensation Committee also considers whether any changes should be made to SpaceDev's cash compensation and stock option programs in support of these strategic priorities.

The Compensation Committee intends to migrate SpaceDev's executive compensation practices toward a higher proportion of total compensation delivered through pay-for-performance incentive and long-term equity compensation, equating to more compensation risk for SpaceDev's executives than for the executives of competitor companies. This higher risk would be due to the combination of lower-than-market base salaries and higher-than-market annual pay-for-performance incentive targets and the infrequent, long-vesting stock option grants. The higher-than-market compensation variability employed by SpaceDev will be closely linked to the Company's annual financial results through lower-than-market total cash compensation in times of poor financial performance. Conversely, in times of excellent performance, the compensation variability yields higher total cash compensation, rewarding employees for excellent performance. Our philosophy is to pay higher-than-market average compensation over periods of sustained excellent performance. We have a cash and performance-based compensation program in which the majority of our employees are eligible to participate.

Total annual cash compensation for the majority of SpaceDev's employees, including its executive officers, consist of the following components:

- Base salary; and,
- An annual pay-for-performance cash incentive dependent on SpaceDev's operating earnings and performance against business objectives for the performance period, and an individual incentive target, with quarterly partial distributions.

Long-term incentive compensation is realized through the grant of stock options. All general full-time and part-time employees are eligible to receive stock options, including executive officers. Stock options require SpaceDev stock price appreciation in order for the employees to realize any benefit, thus directly aligning employee and stockholder interests.

Our employees can also acquire SpaceDev stock through a tax-qualified employee stock purchase plan, which is generally available to all employees. This plan allows participants to buy SpaceDev stock at a discount to the market price with up to 10% of their salary and incentives (subject to certain limits), with the objective of allowing employees to profit when the value of SpaceDev stock increases over time.

SETTING EXECUTIVE COMPENSATION

In setting the annual base salary and individual pay-for-performance incentive target amount for each executive officer, the Compensation Committee reviews executive compensation information derived from nationally recognized compensation surveys. The Compensation Committee utilizes a cross-industry subset of companies as well as a technology industry subset of companies generally considered to be comparable to SpaceDev. Although the Compensation Committee does not use a specific formula to set pay in relation to market data, it generally sets executive officer compensation below the average salaries for comparable jobs in the marketplace. However, when SpaceDev's business meets or exceeds certain predetermined financial and non-financial goals, amounts paid under the performance-based compensation programs may lead to total compensation levels that are higher than the average cash compensation for comparable jobs. Conversely, total cash compensation levels may be reduced and become further behind competitive cash compensation averages in times of poor performance.

PERSONAL BENEFITS

SpaceDev seeks to maintain an entrepreneurial culture in its facilities and operations. Officers are not entitled to operate under different standards than other SpaceDev employees. We do not provide officers with reserved parking spaces or separate dining or other facilities, nor do we have programs for providing any substantial personal-benefit perquisites to officers, such as permanent lodging or defraying the cost of personal entertainment or family travel. Our health care and other insurance programs are the same for all eligible employees, including officers. There are no outstanding loans of any kind to any executive officer, and since 2002, federal law has prohibited any new company loans to executive officers. We expect our officers to be role models.

The Committee is pleased to submit this report to SpaceDev's stockholders and believes that SpaceDev's pay-per-performance executive compensation is in the best interest of all SpaceDev stockholder.
