PriceSmart Announces November Sales;
also announces Earnings Release and Conference Call Dates
for First Quarter Fiscal Year 2016 Financial Results

San Diego, California (December 7, 2015) - PriceSmart, Inc. (NASDAQ: PSMT) today announced that for the month of November 2015, net sales increased 1.6% to \$240.9 million from \$237.3 million in November a year earlier. For the three months ended November 30, 2015, net sales increased 8.5% to \$690.8 million from \$636.5 million in the same period last year. There were 38 warehouse clubs in operation at the end of November 2015 compared to 36 warehouse clubs in operation in November 2014.

For the five weeks ended November 29, 2015, comparable warehouse sales for the 33 warehouse clubs open at least 13 ½ full months decreased 0.5% compared to the same five-week period last year. For the thirteen-week period ended November 29, 2015, comparable warehouse sales increased 1.7% compared to the comparable thirteen-week period a year ago.

Comparable warehouse sales were negatively impacted by the devaluation of the Colombian peso from the year ago period. Three warehouse clubs in Colombia are in the calculation for comparable warehouse sales. Excluding those warehouse clubs, the five-week and thirteen-week comparable warehouse sales for the other 30 warehouse clubs open at least 13 ½ full months increased 2.2% and 5.0%, respectively.

PriceSmart also announced that it plans to release first quarter fiscal year 2016 financial results on Thursday, January 7, 2016, after the market closes. PriceSmart management plans to host a conference call at 12:00 p.m. Eastern time (9:00 a.m. Pacific time) on Friday, January 8, 2016, to discuss the financial results. Individuals interested in participating in the conference call may do so by dialing (877) 675-4757 toll free, or (719) 325-4838 for international callers, and entering participant code 6532245. identify in a timely manner or effectively respond to changes in consumer preferences for merchandise, which could adversely affect our relationship with members, demand for our products and market share; although we have begun to offer limited online shopping to our members, our sales could be adversely affected if one or more major international online retailers were to enter our markets or if other competitors were to offer a superior online experience; our profitability

is vulnerable to cost increases; we face difficulties in the shipment of and inherent risks in the importation of, merchandise to our warehouse clubs; we are exposed to weather and other natural disaster risks; general economic conditions could adversely impact our business in various respects; we are subject to risks associated with possible changes in our relationships with third parties with which we do business, as well as the performance of such third parties; we rely extensively on computer systems to process transactions, summarize results and manage our business; failure to adequately maintain our systems and disruptions in our systems could harm our business and adversely affect our results of operations; we could be subject to additional tax liabilities; a few of our stockholders own approximately 27.8% of our voting stock as of August 31, 2015, which may make it difficult to complete some corporate transactions without their support and may impede a change in control; failure to attract and retain qualified employees, increases in wage and benefit costs, changes in laws and other labor issues could materially adversely affect our financial performance; we are subject to volatility in foreign currency exchange rates; we face the risk of exposure to product liability claims, a product recall and adverse publicity; any failure to maintain the security of the information relating to our company, members, employees and vendors that we hold, whether as a result of cybersecurity attacks on our information systems, failure of internal controls, employee negligence or malfeasance or otherwise, could damage our reputation with members, employees, vendors and others, could cause us to incur substantial additional costs and to become subject to litigation and could materially adversely affect our operating results; we are subject to payment related risks; changes in accounting standards and assumptions, estimates and judgments by management related to complex accounting matters could significantly affect our financial condition and results of operations; we face increased public company compliance risks and compliance risks related to our international operations; if remediation costs or hazardous substance contamination levels at certain properties for which we maintain financial responsibility exceed management's current expectations, our financial condition and results of operations could be adversely impacted.
