To Our Limited Partners:

You are cordially invited to attend the 2015 annual meeting of limited partners of Buckeye Partners, L.P. to be held on Tuesday, June 2, 2015 at The Houston City Club, One City Club Drive, Houston, Texas 77046, commencing at 9:00 a.m. local time. A notice of the annual meeting, proxy statement and proxy card were made available on or about April 15, 2015, and if you are receiving this by mail, a proxy statement, proxy card, our 2014 Annual Report and our Form 10-K for the fiscal year ended December 31, 2014 are enclosed.

The board of directors of our general partner has called this annual meeting for you to consider and act upon items described in this proxy statement.

Your vote is important. Whether or not you plan to attend the annual meeting, please cast your vote by following the internet or telephone voting instructions on the proxy card. If you have received this by mail, you may also vote by completing, signing and dating the enclosed proxy card and returning it promptly in the accompanying envelope. If for any reason you desire to revoke your proxy, you may do so at any time before the vote is held at the annual meeting by following the procedures described in the accompanying proxy statement.

Sincerely,

Clark C. Smith
*Chairman, President and Chief Executive Officer of
Buckeye GP LLC, general partner of Buckeye Partners, L.P.*

**NOTICE OF ANNUAL MEETING OF LIMITED PARTNERS
TO BE HELD ON JUNE 2, 2015**

To the Unitholders of Buckeye Partners, L.P.:

The annual meeting of limited partners of Buckeye Partners, L.P. will be held at The Houston City Club, One City Club Drive, Houston, Texas 77046, on June 2, 2015 at 9:00 a.m. local time to consider the following matters:

1. The election of four Class II directors to our general partner's board of directors to serve until the 2018 annual meeting of limited partners;
2. The ratification of the selection of Deloitte & Touche LLP ("Deloitte") as Buckeye Partners, L.P.'s independent registered public accountants for 2015; and
3. The transaction of any other business as may properly come before the annual meeting or any adjournments thereof, including, without limitation, the adjournment of the annual meeting in order to solicit additional votes from unitholders with respect to the foregoing proposals.

Only unitholders of record at the close of business on April 6, 2015 are entitled to attend or vote at the annual meeting or any adjournments thereof.

**Important Notice Regarding the Availability of Proxy Materials
for the Annual Meeting of Limited Partners to Be Held on June 2, 2015**

This notice, together with the accompanying proxy statement and related form of proxy and our 2014 Annual Report to unitholders are available at <http://www.astproxyportal.com/ast/17265/>.

Your vote is important! Your broker cannot vote your units on your behalf for certain of management's proposals until it receives your voting instructions. For your convenience, internet and telephone voting are available. The instructions for voting by internet or telephone are set forth on your proxy card. If you prefer, you may vote by mail by completing your proxy card and returning it in the enclosed postage-paid envelope.

By Order of the Board of Directors of Buckeye GP LLC, as general partner of Buckeye Partners, L.P.

PROXY STATEMENT FOR ANNUAL MEETING OF LIMITED PARTNERS To Be Held on June 2, 2015

These proxy materials, which we made available to our unitholders via the internet on or about April 15, 2015, are being furnished to you in connection with the solicitation of proxies by and on behalf of the board of directors of Buckeye GP LLC, a Delaware limited liability company ("Buckeye GP"), acting in its capacity as the general partner of Buckeye Partners, L.P., a Delaware limited partnership, for use at Buckeye Partners, L.P.'s 2015 annual meeting of limited partners or at any adjournments thereof. The meeting will be held at The Houston City Club, One City Club Drive, Houston, Texas 77046 on June 2, 2015 at 9:00 a.m. local time. Holders of record of limited partnership units representing limited partner interests ("LP Units") at the close of business on April 6, 2015 are entitled to notice of, and are entitled to vote at, the annual meeting and any adjournments thereof, unless such adjournment is for more than 60 days, in which event our general partner's board of directors is required to set a new record date. Unless otherwise indicated, the terms "the Partnership," "Buckeye," "our," "we," "us" and similar terms refer to Buckeye Partners, L.P., together with our subsidiaries.

Proposals

At our 2015 annual meeting of limited partners, we are asking our unitholders to consider and act upon:

The election of four Class II directors to serve on our general partner's board of directors until our 2018 annual meeting;

The ratification of the selection of Deloitte as Buckeye's independent registered public accountants for 2015; and

The transaction of any other business as may properly come before the annual meeting or any adjournments thereof, including, without limitation, the adjournment of the annual meeting in order to solicit additional votes from unitholders with respect to the forgoing proposals.

Outstanding LP Units Held on Record Date

As of the record date, there were 127,285,171 outstanding LP Units that were entitled to notice of and are entitled to vote at the annual meeting.

Quorum Required

The presence, in person or by proxy, of the holders as of the record date of a majority of our outstanding LP Units is necessary to constitute a quorum for purposes of voting on the proposals at the annual meeting. Votes that are cast but marked "Withheld" for the election of one or more directors will count as "units present" at the meeting for purposes of establishing a quorum on the proposals. Abstentions and broker non-votes will count as "units present" at the meeting for purposes of determining a quorum. A broker non-vote occurs when a broker or other nominee who holds units for the beneficial owner does not vote on a particular item because the broker or nominee does not have discretionary voting authority for that item and has not received instructions from the owner of the units.

Vote Required

Directors serving on our general partner's board of directors are elected by a plurality of the votes cast by the holders of our outstanding LP Units. A plurality occurs when more votes are cast for a candidate than those cast for an opposing candidate. Each LP Unit entitles the holder thereof as of the record date to one vote. Unitholders are not entitled to use cumulative voting. Cumulative voting is a system for electing directors whereby a security holder is entitled to multiply his number of securities by the number of directors to be elected and cast the total number of votes for a single candidate or a select few candidates.

The approval of the ratification of our independent registered public accountants for 2015 requires the affirmative vote of the holders of a majority of the outstanding LP Units present in person or by proxy and entitled to vote on the matter.

All items on the ballot are "non-routine" matters under New York Stock Exchange ("NYSE") rules except ratification of the independent registered public accountants. Brokerage firms are not entitled to vote any LP Units on non-routine items without receiving instructions from the beneficial owner of the LP Units. Broker non-votes will have no effect on the outcome of the vote for any proposal.

How to Vote

You may vote in person at the annual meeting, by telephone, by internet or by proxy. Even if you plan to attend the annual meeting, we encourage you to vote by following the telephone or internet voting instructions on the proxy card in advance of the annual meeting. Of course, you may also complete, sign and return your proxy card by mail in advance of the annual meeting.

In Person

If you plan to attend the annual meeting and wish to vote in person, we will give you a ballot at the meeting. However, if your units are held in the name of a broker and you desire to vote them in person at the meeting, you must obtain from the brokerage firm a "Legal Proxy" representing your units and bring it to the meeting.

Telephone

Please dial the toll-free telephone number set forth on the proxy card and follow the audio instructions. You will need the control number contained on your proxy card.

Internet

Go to the website set forth on the proxy card and follow the on-screen instructions. You will need the control number contained on your proxy card.

Proxy

If you have received these proxy materials via mail and wish to do so, please mail your completed, signed and dated proxy card in the enclosed postage-paid return envelope as soon as possible so that your units may be represented at the annual meeting.

Revoking Your Proxy or Changing Your Telephone or Internet Vote

You may revoke your proxy before it is voted at the annual meeting as follows:

by delivering, before or at the annual meeting, a new proxy with a later date;

Edgar Filing: BUCKEYE PARTNERS, L.P. - Form DEF 14A

by delivering, on or before the business day prior to the annual meeting, a notice of revocation to the Secretary of our general partner at the address set forth in the notice of the annual meeting;

by attending the annual meeting in person and voting, although your attendance at the annual meeting, without actually voting, will not by itself revoke a previously granted proxy; or

if you have instructed a broker to vote your units, you must follow the directions received from your broker to change those instructions.

You may change your telephone vote as often as you wish by following the procedures for telephone voting. The last known vote in the telephone voting system as of 11:59 p.m. EDT on June 1, 2015 will be counted.

You may change your internet vote as often as you wish by following the procedures for internet voting. The last known vote in the internet voting system as of 11:59 p.m. EDT on June 1, 2015 will be counted.

Solicitation and Mailing of Proxies

This year we have used the SEC rule allowing companies to furnish proxy materials to our unitholders over the internet. We believe this approach enables us to provide the materials to unitholders more quickly while also reducing the impact of our annual meeting on the environment and the costs associated with printing and mailing.

The expense of preparing, printing and mailing the Notice of Internet Availability and (where applicable) this proxy statement and the proxies solicited hereby will be borne by us. In addition to the use of the mail, proxies may be solicited by representatives of our general partner in person or by telephone, electronic mail or facsimile transmission. These representatives will not be additionally compensated for such solicitation, but may be reimbursed for out-of-pocket expenses incurred in connection therewith. If undertaken, we expect the expenses of such solicitation by representatives of our general partner to be nominal. We will also request brokerage firms, banks, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners of our LP Units as of the record date and will provide reimbursement for the cost of forwarding the proxy materials in accordance with customary practice. We have retained Morrow & Co., LLC to aid in the solicitation of proxies. The fees of Morrow & Co., LLC are \$8,500, plus reimbursement of its reasonable costs.

Only one Notice of Internet Availability and (if requested) 2014 Annual Report and proxy statement will be delivered to multiple unitholders sharing an address, if possible, unless we have received contrary instructions from one or more of the unitholders, although each unitholder will receive a separate proxy card and will be able to vote separately. Unitholders at a shared address to which a single copy of the proxy materials was delivered who would like to receive a separate or additional copy of the proxy materials (including with respect to those materials or other communications that may be delivered to unitholders in connection with future annual or special meetings of unitholders) should contact Morrow & Co., LLC at the contact information set forth below, and, upon receipt of such request, a separate copy of the proxy materials will be promptly provided. Unitholders who currently receive multiple copies of the proxy materials at their shared address and would like to request only one copy of any future materials or other communications should notify Morrow & Co., LLC of the same at the contact information set forth below. If you have questions about the annual meeting or need additional copies of this proxy statement or additional proxy cards, please contact our proxy solicitation agent as follows:

Other Matters for 2015 Annual Meeting

We know of no matters to be acted upon at the annual meeting other than the proposals included in the accompanying notice and described in this proxy statement. If any other matter requiring a vote of unitholders arises, including a question of adjourning the annual meeting, the persons named as proxies in the proxy card will have the discretion to vote thereon according to their best judgment of what they consider to be in the best interests of the Partnership. The proxy card confers discretionary authority to take action with respect to any additional matters that may come before the meeting or any adjournment thereof.

Attending the Annual Meeting

An admission ticket, which is required for entry into the meeting, is attached to the proxy card included with this proxy statement. If you plan to attend the meeting, please vote before the meeting by mailing in your proxy card, or voting by telephone or internet, but keep the admission ticket and bring it for admittance into the meeting. Any unitholder attending the meeting in person may bring one guest, but guests may not vote or otherwise participate in the meeting. We reserve the right to deny or revoke admission to any guest in our sole discretion.

If your LP Units are held in the name of a broker, nominee or other holder of record, you will need proof of ownership of LP Units to attend the meeting. A recent bank or brokerage account statement indicating your Buckeye holdings is an example of proof of ownership. If you arrive at the meeting without an admission ticket, we will admit you only if we are able to verify that you are a unitholder.

Important Notice Regarding the Availability of Proxy Materials for the Annual Meeting of Limited Partners to Be Held on June 2, 2015

This proxy statement, a form of proxy and our 2014 Annual Report to unitholders are available at <http://www.astproxyportal.com/ast/17265/>.

PROPOSAL 1 ELECTION OF DIRECTORS

We are a limited partnership. We do not have our own board of directors. We are managed and operated by the officers of, and are subject to the oversight of the board of directors of, our general partner. Our unitholders are entitled to elect the members of our general partner's board of directors.

The total number of directors on our general partner's board of directors is currently eleven. The terms of the directors of our general partner's board are "staggered" and the directors are divided into three classes. At each annual meeting, only one class of directors is elected and, upon election, directors in that class serve for a term of three years, subject to a director's earlier resignation, death or removal. If a director is elected to the board to fill a vacancy, that director will have the same remaining term as his or her predecessor. For detailed information about the functioning and structure of our board of directors, please see the section of this proxy statement entitled "Corporate Governance" beginning on page 8.

At the 2015 annual meeting, our unitholders will consider and act upon a proposal to elect four Class II directors to our general partner's board of directors to serve until the 2018 annual meeting of limited partners. Each of the nominees has consented to serve as a director if so elected. The persons

Edgar Filing: BUCKEYE PARTNERS, L.P. - Form DEF 14A

named as proxies in the accompanying proxy card, who have been designated by the board of directors of our general partner, intend to vote the LP Units with respect to which proxies have been granted them in favor of the election of the director nominees unless otherwise instructed by the unitholder granting such proxy. If any nominee in favor of whom a proxy has been granted becomes unable for any reason to stand for election as a director of our general partner, the persons named as proxies in the accompanying proxy card will vote for the election of such other person or persons as the board of directors of our general partner may recommend and propose to replace such nominee.

Information concerning the Class II directors nominated for election at the annual meeting, along with information concerning the current Class I and Class III directors whose terms of office will continue after the annual meeting, is set forth below.

Class II Directors for terms to expire in 2018

Pieter Bakker, 71, became a director of Buckeye GP on May 5, 2011. He had served as President of Vopak North America from 2005 until his retirement in 2009 and before that as President of Vopak Latin America. He started his career in Europe with AKZO Chemicals and Conoco, and after that he spent almost 25 years in Latin America for Chemical Distributor HCI and Vopak. Mr. Bakker was appointed Chairman of Bahamas Oil Refining Company International Limited ("BORCO") in March 2009. Since 2009, Mr. Bakker's principal occupation has been as a private investor. He is also currently the Executive Chairman of First Reserve Tank Terminals Houston. Mr. Bakker has more than 40 years of experience in the tank storage business, and his breadth of experience and knowledge of the marine terminal industry uniquely qualify him to serve on our general partner's board of directors.

Barbara M. Baumann, 59, became a director of Buckeye GP on September 29, 2014. Ms. Baumann is currently President of Cross Creek Energy Corporation, an energy advisory firm with investments in domestic oil and natural gas. Previously, Ms. Baumann served in various areas of finance and operations during an 18-year career with Amoco (later BP Amoco). These roles included Chief Financial Officer of Ecova Corp., a wholly owned environmental-remediation unit of Amoco, and Vice President of Amoco's San Juan Basin business unit. Ms. Baumann is a veteran of numerous public and private company boards and currently serves on the board of Devon Energy Corporation, where she is a member of the audit and governance committees. In addition, Ms. Baumann serves as an independent trustee for the Putnam Mutual Funds, and as a board member of Cody Resources LP, a privately held energy and real estate investment company. Ms. Baumann is a member of the board of The Denver Foundation, is Vice Chair of the Investment Committee of Mount Holyoke College, and serves on the Finance Committee of Children's Hospital of Colorado. The financial and industry expertise Ms. Baumann developed over her career, coupled with the breadth of her experience serving on public and private company boards, makes her a strong and valued addition to our general partner's board of directors.

Mark C. McKinley, 58, became a director of Buckeye GP on October 1, 2007. He has served as Managing Partner of MK Resources, a private oil and gas development company specializing in the recovery and production of crude oil and the development of unconventional resource projects, since 2004. Mr. McKinley is a director of Merrymac McKinley Foundation and is President and a director of Labrador Oil Company a private oil and gas exploration and development firm. Mr. McKinley joined the board of directors of Anadarko Petroleum Corporation in February 2015 and serves on the audit committee. The operational and business skills Mr. McKinley developed through his past experience in oil and gas development make him an important voice as an independent director on our general partner's board of directors.

Donald W. Niemiec, 68, became a director of Buckeye GP on September 29, 2014. Mr. Niemiec is currently President of WR Energy, LLC, a strategic consulting company for the oil and gas industry. Mr. Niemiec previously served on the board of directors of Cano Petroleum. Mr. Niemiec spent

Edgar Filing: BUCKEYE PARTNERS, L.P. - Form DEF 14A

18 years with Union Pacific Resources Group, Inc., where he worked in various positions, including Vice President, Marketing and Corporate Development, and President of Union Pacific Fuels, Inc., which merged with Anadarko Petroleum in 2000. Mr. Niemiec began his career at Exxon Company, USA. The breadth of Mr. Niemiec's experience in the oil and gas industry and the operational expertise he developed over his career makes him a valuable and highly-qualified addition to our general partner's board of directors.

Class III Directors with terms expiring in 2016

Oliver G. Richard, III, 62, became a director of Buckeye GP on February 17, 2009 and prior to that served as a director of the general partner of Buckeye GP Holdings L.P., the former parent company of Buckeye GP ("BGH") from April 2008. He is currently Chairman of Cleanfuel USA, an alternative vehicular fuel company, and, for the past five years, he has been the owner and president of Empire of the Seed LLC, a private consulting firm in the energy and management industries, as well as the private investments industry. Mr. Richard served as Chairman, President and CEO of Columbia Energy Group ("Columbia Energy") from April 1995 until Columbia Energy was acquired by NiSource Inc. in November 2000. Mr. Richard was appointed by President Reagan and confirmed by the United States Senate to the Federal Energy Regulatory Commission ("FERC"), serving from 1982 to 1985. Mr. Richard serves as a director of the general partner of Cheniere Energy Partners, L.P., where he is a member of the audit and the conflicts committees, and American Electric Power Company, Inc., where he is a member of the human resources, nuclear, and policy committees. Mr. Richard's breadth of experience in the energy sector, including being the chairman, president and CEO of a Fortune 500 company and commissioner of the FERC, have given him business, leadership and communication skills that make him exceptionally well-qualified to serve on our general partner's board of directors.

Clark C. Smith, 60, was named Chairman, President and Chief Executive officer of Buckeye GP in August 2014. He served as President and Chief Executive Officer of Buckeye GP in February 2012 and President and Chief Operating Officer of Buckeye GP from February 2009 to February 2012. Prior to joining the management team in February 2009, he served on the board of directors of Buckeye GP from October 2007 until February 2009. From June 2004 through June 2007, Mr. Smith served as Managing Director of Engage Investments, L.P., a private company established to provide consulting services to, and to make equity investments in, energy-related businesses. Mr. Smith was Executive Vice President of El Paso Corporation and President of El Paso Merchant Energy Group, a division of El Paso Corporation, from August 2000 until May 2003, and a private investor from May 2003 to June 2004. Mr. Smith's extensive experience in the energy sector, including his prior officer and director positions with Buckeye, and his position as President and Chief Executive Officer of Buckeye, have given him valuable knowledge about the Partnership's business and industry, qualify him to serve on our general partner's board of directors, and make him an asset to the board.

Frank S. Sowinski, 59, became a director of BGH's general partner on August 4, 2006 and, effective November 19, 2010 in connection with the merger of BGH with us on November 19, 2010 (the "Merger"), resigned from BGH's general partner's board and joined the Buckeye GP board. From February 2001 until August 2006, Mr. Sowinski served as director of Buckeye GP. Since January 2006, he has been a Management Affiliate of MidOcean Partners, a private equity investor. From October 2004 to January 2006, Mr. Sowinski was a private investor and prior thereto, he served as Executive Vice President of Liz Claiborne, Inc. from January 2004 until October 2004. Mr. Sowinski served as Executive Vice President and CFO of PWC Consulting, a systems integrator company, from May 2002 to October 2002. Mr. Sowinski also serves as Vice Chairman of two portfolio companies of MidOcean Partners: Allant Group, a marketing services group, and LegalShield, a specialized legal service products company. Mr. Sowinski joined the Board of CDK Global Inc. in October 2014 and chairs the Audit Committee and is a member of the Nominating & Corporate Governance Committee. The

Edgar Filing: BUCKEYE PARTNERS, L.P. - Form DEF 14A

operational and business skills Mr. Sowinski developed through his past experience in information services, consulting and retail apparel make him an important voice as an independent director on our general partner's board of directors.

Class I Directors with terms expiring in 2017

Barbara J. Duganier, 56, became a director of Buckeye GP on October 4, 2013. In the decade prior to joining the board, Ms. Duganier was a Managing Director at Accenture, a management consulting, technology services, and outsourcing company, and held various leadership and management positions in Accenture's outsourcing business, including as Global Chief Strategy Officer and as Global Growth and Offering Development Lead, during which time she helped numerous clients in the energy, chemicals, mining, and utilities industries become high performance businesses. A year prior to joining Accenture, she served as an independent consultant to Duke Energy North America. From 1979 to 2002, Ms. Duganier, who is a licensed Certified Public Accountant, worked at Arthur Andersen, where she was an equity partner for twelve years and served as an auditor and financial consultant, as well as in various leadership and management roles, including as Global Chief Financial Officer of Andersen Worldwide. Ms. Duganier also serves as the former Chair of the National Board of Directors and the current Chair of the Nominating & Governance Committee of Genesys Works, a not-for-profit organization that trains and places at-risk high school students in accounting, IT, and engineering internships in Fortune 500 companies. Ms. Duganier's training and extensive experience as a Certified Public Accountant, her track record of leading large organizations, and her business experience both within and outside of the energy industry make her well-qualified to serve on our general partner's board of directors.

Joseph A. LaSala, Jr., 60, became a director of BGH's general partner on July 26, 2007 and, effective November 19, 2010 in connection with the Merger, resigned from BGH's general partner's board and joined the Buckeye GP board. From April 2001 until July 2007, Mr. LaSala served as director of Buckeye GP. Since April 1, 2015, Mr. LaSala has served as General Counsel of Publicis Groupe. From February 2011 through February 2015, Mr. LaSala served as Senior Vice President, General Counsel and Secretary of Sapient Corporation, which was acquired by Publicis Groupe in February 2015. From January 2008 through December 2010, he served as Senior Executive Vice President, General Counsel and Secretary of Discovery Communications, Inc. From July 2001 to January 2008, Mr. LaSala served as Vice President, General Counsel and Secretary of Novell, Inc. Mr. LaSala's breadth of experience serving as general counsel to public companies has given him valuable knowledge and insights with respect to Securities and Exchange Commission ("SEC") reporting, establishing and maintaining internal controls and implementing appropriate corporate governance practices. Coupled with Mr. LaSala's past experience in the energy industry, these attributes uniquely qualify him to serve on our general partner's board of directors.

Larry C. Payne, 67, became a director of Buckeye GP on September 29, 2014. Mr. Payne is currently President and Chief Executive Officer of LESA & Associates, LLC, a midstream energy consulting company. Previously, Mr. Payne has served as Interim President of Magnum NGLs, LLC, a private company engaged in natural gas liquids storage, President and Chief Operating Officer of Lansing NGL Services Natural Gas Liquids Division, a division of Lansing Trade Group, LLC, a commodities trading company and President and Chief Operating Officer of SemStream, LP, a midstream energy company engaged in natural gas liquids supply and marketing. In addition, during his career, Mr. Payne has served in senior management positions at Williams Companies, Texaco, and Ferrellgas. Mr. Payne currently is a member of the board of Unit Corporation, where he is a member of the audit and nominating & governance committees. Mr. Payne currently serves on the board of directors for the following non-profit organizations: the Wayman Tisdale Foundation, the Board of Trustees for the Metropolitan Baptist Church, and Big Brothers Big Sisters of Oklahoma. The leadership skills and industry expertise Mr. Payne developed over his long career in the energy sector make him a respected and important independent voice on our general partner's board of directors.

Martin A. White, 73, became a director of BGH's general partner on April 30, 2009 and, effective November 19, 2010 in connection with the Merger, resigned from BGH's general partner's board and joined the Buckeye GP board. Since August 2006, Mr. White has been a private investor. Prior thereto, Mr. White was employed for 15 years by MDU Resources Group, Inc. ("MDU"), a company which operates in three core lines of business energy, utility resources and construction materials and that is publicly traded on the NYSE. From August 1997 until his retirement in August 2006, Mr. White served as President and Chief Executive Officer of MDU. Mr. White was also the Chairman of the board of directors of MDU from February 2001 until his retirement. Mr. White was an employee of Montana Power Company from 1966 until 1991, with his last position being President and Chief Executive Officer of Entech, Inc., a non-utility subsidiary of Montana Power Company involved in the oil and natural gas industry, coal mining, real estate and technical communications between electric generating facilities. Mr. White also serves as a director of Plum Creek Timber Company, Inc. and was a director of First Interstate BancSystem, Inc. from 2005 to 2011. Mr. White's breadth of experience in the energy sector, including being the chairman, president and chief executive officer of a Fortune 500 company, have given him business, leadership and communication skills that more than qualify him to serve on our general partner's board of directors.

THE BOARD OF DIRECTORS OF OUR GENERAL PARTNER UNANIMOUSLY RECOMMENDS THAT UNITHOLDERS VOTE "FOR" THE ELECTION OF PIETER BAKKER, BARBARA M. BAUMANN, MARK C. MCKINLEY AND DONALD W. NIEMIEC TO CLASS II OF OUR GENERAL PARTNER'S BOARD OF DIRECTORS.

CORPORATE GOVERNANCE

Board Leadership and Governance

Our general partner's board of directors, with the assistance of the nominating and corporate governance committee, evaluates its size, function, needs and composition on an annual basis, with the intent that the board of directors as a whole collectively possess a broad range of skills, expertise, industry and other knowledge, and business and other experience useful to the effective oversight of Buckeye's business.

We do not have a formal policy requiring the roles of Chief Executive Officer and Chairman of the Board to be held by separate persons. At different times in Buckeye's history, the roles of Chief Executive Officer and Chairman of the Board have been held by the same person. The full board and nominating and corporate governance committee believe that it is important to retain the flexibility to make this determination at any given point in time based on what it believes will provide the best leadership structure for Buckeye at that time.

The board separated the role of Chief Executive Officer and Chairman of the Board from February 2012 through August 2014. This coincided with the transition from Forrest E. Wylie, Buckeye's previous Chairman of the Board and Chief Executive Officer, to Clark C. Smith, Buckeye's current Chairman of the Board and Chief Executive Officer. Upon Mr. Wylie's resignation from the board, the board elected Mr. Smith Chairman of Board, effective August 5, 2014.

The board believes that its current leadership structure, with Mr. Smith serving as both Chief Executive Officer and Chairman of the Board, provides unified leadership and direction for Buckeye and gives clear focus for management to execute Buckeye's strategy and business plans at this time. This structure has served Buckeye and its unitholders well in the past, as evidenced by our track record of success. The nominating and corporate governance committee will continue to evaluate Buckeye's leadership structure to ensure the board's structure is right and appropriate at all times and will recommend changes to that structure to the board when appropriate. Additionally, the board amended the Buckeye Corporate Governance Guidelines to create the role of Lead Independent Director, to be elected by the independent members of the board. The independent directors elected Frank S. Sowinski

Edgar Filing: BUCKEYE PARTNERS, L.P. - Form DEF 14A

as the first Lead Independent Director, effective August 5, 2014. The Lead Independent Director has the following responsibilities:

Preside at executive sessions of the board and board meetings where the Chairman is not present;

Serve as liaison between the independent directors and the Chairman and management as necessary;

Have the authority, along with the Chairman and CEO, to approve board meeting agendas and information sent to the board;

Have authority to call meetings of the independent directors; and

If requested by major unitholders, ensure that he or she is available for consultation and communication as necessary after discussion with the Chairman and CEO.

The board has implemented a number of governance practices designed to ensure it can undertake its responsibilities effectively. Each year, the board has a meeting dedicated to strategic planning. In addition, the board has a meeting dedicated solely to risk management scheduled for 2015 and plans to hold such a meeting annually. The board also normally holds one meeting at a location of the Partnership's assets each year and conducts a site visit to better familiarize itself with the Partnership's business. All directors are invited to attend all meetings of the committees of the board and, to permit attendance, committee meetings are not scheduled concurrently. In addition, under the board's custom and practice, all directors are encouraged to communicate directly with management and any director can, and many directors from time to time do, establish agenda items for board meetings. As part of the annual Board self-evaluation process, each director completes a questionnaire regarding a number of items related to board's functions and the Lead Independent Director and Chair of nominating and corporate governance committee conducts a telephonic interview with each director to discuss the feedback provided. All of our non-management directors are independent. Our independent directors also meet in executive session outside of the presence of any management directors and any other members of our management who may otherwise be present after every regularly scheduled board meeting, which is at least seven times per year. Further, the nominating and corporate governance committee encourages the chairs of each of the committees of the board to engage directly with the President and Chief Executive Officer and other members of management.

For more information about contracting our general partner's board of directors, please see the section below entitled "Communication with the Board of Directors."

Director Independence

Pursuant to Section 303A.00 of the NYSE Listed Company Manual, unlike NYSE-listed corporations, limited partnerships like us are not required to have a majority of our directors be independent. However, except for Mr. Smith, all of our general partner's directors are "independent" as that term is defined in the applicable NYSE rules and Rule 10A-3 of the Exchange Act. In determining the independence of each director for purposes of the NYSE listing standards, the board of directors of our general partner has adopted certain categorical standards. Pursuant to such categorical standards, a director will not be deemed independent for purposes of the NYSE listing standards if:

the director is, or has been within the last three years, an employee of the Partnership, or an immediate family member is, or has been within the last three years, an executive officer of the Partnership;

the director has received, or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$120,000 in direct compensation from

Edgar Filing: BUCKEYE PARTNERS, L.P. - Form DEF 14A

the Partnership, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

(i) the director or an immediate family member is a current partner of a firm that is the Partnership's internal auditor or independent registered public accountants; (ii) the director is a current employee of such a firm; (iii) the director has an immediate family member who is a current employee of such a firm and who personally works on the Partnership's audit, assurance or tax compliance (but not tax planning) engagement; or (iv) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Partnership's audit within that time;

the director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of the Partnership's present executive officers at the same time serves or served on that company's compensation committee;

the director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Partnership for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1.0 million, or 2% of such other company's consolidated gross revenues; or

the director serves as an executive officer of a charitable organization and, during any of the past three fiscal years, the Partnership made charitable contributions to the charitable organization in any single fiscal year that exceeded \$1.0 million or 2%, whichever is greater, of the charitable organization's consolidated gross revenues.

For the purposes of these categorical standards, the term "immediate family member" includes a person's spouse, parents, children, siblings, mothers and fathers-in-law, sons and daughters-in-law, brothers and sisters-in-law, and anyone (other than domestic employees) who shares such person's home.

Risk Oversight

The board of directors of our general partner works with management to identify and assess the most significant risks to the Partnership and ensure that management implements appropriate mitigation strategies and, where appropriate, emergency response plans for such risks. In undertaking its risk management responsibilities, the board regularly discusses risk at its meetings and KPMG LLP, in its capacity as internal auditor for the Partnership, assists the board in evaluating risk. In addition, the board has a meeting dedicated solely to risk management scheduled for 2015 and plans to hold such a meeting annually. Prior to 2015, the audit committee held an annual meeting dedicated to risk that was generally attended by the full board. Although the board has ultimate responsibility for overseeing specific aspects of the risk management process, certain committees also have responsibility for risk management. The board is advised by the committees of significant risks and management's responses via periodic updates.

On behalf of the board, the audit committee of the board of directors of our general partner plays a key role in the oversight of the Partnership's risk management function. The audit committee reviews with the Partnership's management the Partnership's areas of material exposure with respect to financial risk, tax regulation risk and certain aspects of business disruption, disaster recovery and cybersecurity risk as well as the Partnership's policies and processes with respect to financial risk assessment and risk management and oversees risks arising from related person transactions.

The audit committee oversees our risk management policy related to our products marketing business. The risk policy establishes a risk committee composed of management of the Partnership and specifically limits the maximum financial obligations and exposure to which the Partnership can be

committed. The policy also identifies certain transactions or activities with respect to the product marketing business that require risk committee approval prior to being undertaken as well as transactions and activities that can only be approved by our audit committee. The risk committee prepares a quarterly report to the audit committee on activities and exposures covered by the policy and updates the audit committee more frequently on such matters as needed. Any amendment of the risk policy must be approved by the audit committee.

The compensation committee of the board of directors of our general partner oversees risk management as it relates to our compensation plans, policies and practices, including ensuring such plans, policies and practices guard against the risks of being unable to sufficiently attract and retain talent, and meets with management to review whether our compensation programs may create incentives for our employees to take excessive or inappropriate risks that could have a material adverse effect on the Partnership. The nominating and corporate governance committee of the board of directors of our general partner oversees risks related to the Partnership's governance structure and processes as well as risks related to the management of human capital. The health, safety, security and environmental ("HSSE") committee of the board of directors of our general partner oversees risks related to HSSE matters with respect to the Partnership's assets and operations, including environmental, safety, and security-related (both cyber and physical security) risks, certain risks related to changes in regulation or the political climate and certain aspects of business disruption and disaster recovery risk.

Meetings of the Board of Directors and its Committees

The board of directors of our general partner held seventeen board meetings, eight audit committee meetings, eight compensation committee meetings, seven nominating and corporate governance committee meetings and four HSSE committee meetings, which is a total of forty-four meetings during 2014. During 2014, two directors, C. Scott Hobbs (who resigned from the board effective June 3, 2014) and Forrest E. Wylie (who resigned from the board effective August 5, 2014), attended fewer than 75% of (1) the total number of meetings of our general partner's board of directors held during the period for which she or he was a director and (2) the total number of meetings held by all committees of the board on which she or he served during the periods that he served. Our general partner's board of directors does not have a policy with respect to the board members' attendance at annual meetings. Two of our board members attended our 2014 annual unitholder meeting.

Board Committees

Our general partner's board of directors has the following four standing committees: (1) audit committee; (2) compensation committee; (3) nominating and corporate governance committee; and (4) HSSE committee.

Edgar Filing: BUCKEYE PARTNERS, L.P. - Form DEF 14A

Each of the committees of the board of directors of our general partner has a written charter and a copy of each of those charters is available on our website at www.buckeye.com by browsing to the "Corporate Governance" subsection of the "Investor Center" menu.

Audit Committee.

The members of the audit committee are independent directors (as that term is defined in the applicable NYSE rules and Rule 10A-3 of the Exchange Act) and non-employee directors of our general partner. The general partner's board of directors has determined that no audit committee member has a material relationship with the general partner or with Buckeye. The board of directors has also determined that each of the members of the audit committee qualifies as an audit committee financial expert as defined in Item 407(d)(5) of Regulation S-K.

The audit committee provides independent oversight with respect to our internal controls, accounting policies, financial reporting, internal audit function and independent registered public accountants. The audit committee reviews the quality, independence and objectivity of the independent registered public accountants and internal audit function. The audit committee has sole authority as to the retention, evaluation, compensation and oversight of the work of the independent registered public accountants. The independent registered public accountants report directly to the audit committee. The audit committee has sole authority to approve all audit and non-audit services provided by the independent registered public accountants. The audit committee also regularly meets with the internal auditors to review internal controls and Sarbanes-Oxley Act compliance. The audit committee reviews, approves and ratifies transactions with related persons required to be disclosed under SEC rules. The committee also provides independent oversight of the compliance with certain legal and regulatory requirements, including domestic and foreign anti-corruption laws.

The audit committee has established procedures for the receipt, retention and treatment of complaints received regarding accounting, internal accounting controls or auditing matters and the confidential, anonymous submission by employees of concerns regarding questionable accounting or auditing matters. These procedures are part of the Business Code of Conduct and are available on our website at www.buckeye.com by browsing to the "Corporate Governance" subsection of the "Investor Center" menu.

Compensation Committee, Compensation Committee Interlocks and Insider Participation.

As a limited partnership that is listed on the NYSE, we are not required to have a compensation committee. However, the board of directors of Buckeye GP has determined that a compensation committee is appropriate in order to conform to best governance practices. The current members of the compensation committee, set forth in the table above under the heading "Board Committees", are independent (as that term is defined in the applicable NYSE rules and Rule 10C-1 of the Exchange Act) and are non-employee directors (as that term is defined in Rule 16b-3 of the Exchange Act).

The compensation committee establishes, implements and oversees the administration of all of our compensation philosophies and policies. The compensation committee establishes, reviews and approves compensation for our CEO and our other executive officers, including our named executive officers, and the CEO reviews with the compensation committee compensation for our other senior management members. Oversight of equity compensation plans is the compensation committee's responsibility. With respect to compensation-related risks, the compensation committee is responsible for ensuring our compensation plans do not encourage excessive or inappropriate risk taking. The compensation committee has authority to select and oversee outside compensation advisors, including consultants, legal counsel and other advisors retained to review or make recommendations on our compensation programs. The compensation committee has the authority to enter into retention agreements with any such advisors establishing the fees payable to such advisors by the Partnership and any other retention terms.

The compensation committee meets several times throughout the year to act on the responsibilities above. The compensation committee also may act by written consent from time to time in response to events occurring between scheduled meetings. The chairs of the compensation and nominating and corporate governance committees meet with the CEO annually to discuss the CEO's performance as well as the board's expectations going forward. The compensation committee may seek guidance or input from the CEO when making determinations about the compensation of the other executive officers. The CEO also may provide recommendations to the compensation committee concerning the high-level allocation of incentive award pools among senior management other than executive officers. The CEO also may determine the salaries and amounts of individual incentive awards to senior management members other than executive officers.

The compensation committee retained Aon Hewitt as its independent compensation consultant for evaluating and advising on the compensation of its officers and directors in 2014. The Compensation Committee has considered whether the work performed by Aon Hewitt for 2014 created any conflict and has determined it did not. In addition, the compensation committee has considered whether the work performed to date and to be performed by Aon Hewitt for the compensation committee in 2015 will create any conflict of interest and has determined that it will not. In making such determinations with respect to the services of Aon Hewitt, the compensation committee considered the factors set forth in Rule 10C-1(b)(4) of the Exchange Act regarding compensation advisor independence. See the discussion below under the heading "Compensation Discussion and Analysis Administration of Executive Compensation Programs and Methodology" for more information about the compensation committee's use of compensation consultants, including the scope of the services for which and Aon Hewitt was engaged.

In addition, Aon Risk Services, Inc., an affiliate of Aon Hewitt, was separately retained by the Partnership to provide additional services, primarily property, casualty and insurance consulting services, that were unrelated to executive and director compensation matters. The decision to retain Aon Risk Services, Inc. was made by management and was not subject to the approval of our general partner's board of directors. The aggregate fees paid for these additional services were \$1,450,980 in 2014, which represent less than 1% of Aon Corporation's total revenue for the year ended December 31, 2014.

Nominating and Corporate Governance Committee.

As a limited partnership that is listed on the NYSE, we are not required to have a nominating and corporate governance committee. However, the board of directors of our general partner has determined that a nominating and corporate governance committee is appropriate in order to conform to best governance practices. The members of the nominating and corporate governance committee are independent, non-employee directors. The nominating and corporate governance committee identifies and evaluates qualified director candidates for the board and develops and recommends to the board corporate governance policies and procedures appropriate for the Partnership. The committee oversees the annual self-evaluation of the board of directors of our general partner and its committees, makes recommendations to the board concerning structure and membership matters with respect to the board and its committees, oversees the continuing education program for the board, and reviews directors' and officer's indemnification and insurance matters. The nominating and corporate governance committee also oversees risks related to corporate governance.

Health, Safety, Security and Environmental Committee.

The HSSE committee assists the board of directors of our general partner in fulfilling its oversight responsibilities with respect to the board's and our continuing commitment to minimizing the impact of our assets on the environment, ensuring the safety and security of our employees and the public and assuring that our businesses and facilities are operated and maintained in a safe and environmentally sound manner. The committee reviews and oversees the Partnership's HSSE policies, programs, issues and initiatives, reviews HSSE risks that affect or could affect the Partnership and the public and ensures proper management of those risks, and reports to the board on HSSE matters affecting the Partnership and the public. The members of the HSSE committee are non-employee directors.

Other Corporate Governance Matters

We have a Code of Ethics for Directors, Executive Officers and Senior Financial Employees that applies to, among others, the CEO, CFO and Principal Accounting Officer of Buckeye GP, as required by Section 406 of the Sarbanes Oxley Act of 2002, as well as a Business Code of Conduct that applies to all employees. Furthermore, we have Corporate Governance Guidelines and a charter for each of the committees of the board of directors of our general partner. Each of the foregoing is available on our website at www.buckeye.com by browsing to the "Corporate Governance" subsection of the "Investor Center" menu. We provide copies, free of charge, of any of the foregoing upon receipt of a written request. We disclose amendments to, or director and executive officer waivers from, the Code of Ethics, if any, on our website, or by Form 8-K to the extent required.

You also can find information about us at the offices of the NYSE, 20 Broad Street, New York, New York 10005 or at the NYSE's Internet site (www.nyse.com). The certifications of Buckeye GP's CEO and CFO required by Section 302 of the Sarbanes-Oxley Act have been included as exhibits to Buckeye's Annual Report on Form 10-K for the fiscal year ended December 31, 2014.

Board Candidates

The nominating and corporate governance committee will consider all unitholder recommendations for candidates for the board of directors of our general partner, which should be sent to the nominating and corporate governance committee, c/o Todd J. Russo, Senior Vice President, General Counsel and Secretary, Buckeye Partners, L.P., One Greenway Plaza, Suite 600, Houston, Texas 77046. The general qualifications and specific qualities and skills established by the committee for directors are included in Section I of our Corporate Governance Guidelines, which are available on our website at www.buckeye.com by browsing to the "Corporate Governance" section of the "Investor Center" menu. We believe that directors should possess the highest personal and professional ethics, integrity and

values, and be committed to representing the long-term interests of the unitholders. They also must have an inquisitive and objective perspective, practical wisdom and mature judgment. We endeavor to have the board of directors of our general partner represent a range of experience in areas that are relevant to the Partnership's business and operations. The nominating and corporate governance committee's evaluation of director nominees takes into account their ability to contribute to the diversity of background and experience represented on the board, and the nominating and corporate governance committee reviews its effectiveness in balancing these considerations when assessing the composition of the board.

The nominating and corporate governance committee also considers candidates recommended by current directors, company officers, employees and others. The committee evaluates all nominees for directors in the same manner regardless of the source of the recommendation.

Communication with the Board of Directors

A holder of our LP Units or other interested party who wishes to communicate with the non-management directors of Buckeye GP may do so by contacting Todd J. Russo, Senior Vice President, General Counsel and Secretary, Buckeye Partners, L.P., One Greenway Plaza, Suite 600, Houston, Texas 77046. Communications will be relayed to the intended recipient on the board of directors of Buckeye GP except in instances where it is deemed unnecessary or inappropriate to do so. Any communications withheld under those guidelines will nonetheless be recorded and available for any director who wishes to review them.

NYSE Corporate Governance Listing Standards

The NYSE requires the CEO of each listed company to certify annually that he is not aware of any violation by the company of the NYSE corporate governance listing standards as of the date of the certification, qualifying the certification to the extent necessary. The CEO of Buckeye GP provided such certification to the NYSE in 2014 without qualification.

Report of the Audit Committee

The audit committee of the board of directors of Buckeye GP LLC, acting in its capacity as the general partner of the Partnership, oversees the Partnership's financial reporting process on behalf of the board of directors. A description of the audit committee's charter, and responsibilities is included in this proxy statement on page 12 under the heading "Audit Committee" in the "Board Committees" section. Management has the primary responsibility for the financial statements and the reporting process including the system of internal controls.

In fulfilling its oversight responsibilities, the audit committee reviewed with management the audited financial statements contained in the Annual Report on Form 10-K for the fiscal year ended December 31, 2014. The review included a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments and the clarity of disclosures in the financial statements.

The Partnership's independent registered public accounting firm, Deloitte, is responsible for expressing an opinion on the conformity of the audited financial statements with generally accepted accounting principles. The audit committee is responsible for appointing the Partnership's independent registered public accounting firm. The audit committee appointed Deloitte as the Partnership's independent auditors for 2015. A description of the audit committee's process in connection with the appointment of Deloitte is described in this proxy statement on page 51 under the heading "PROPOSAL 2 RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS."

Edgar Filing: BUCKEYE PARTNERS, L.P. - Form DEF 14A

The audit committee reviewed with Deloitte their judgment as to the quality, not just the acceptability, of the Partnership's accounting principles and such other matters as are required to be discussed with the audit committee under generally accepted auditing standards.

The audit committee discussed with Deloitte the matters required by Public Company Accounting Oversight Board ("PCAOB") Audit Standard 16, "Communication with Audit Committees." The audit committee received the written disclosures and the letter from Deloitte required by the PCAOB regarding the independent accountant's communications with the audit committee concerning independence, and has discussed with Deloitte its independence from management and the Partnership.

Based on the reviews and discussions referred to above, the audit committee recommended to the board of directors that the audited financial statements be included in the Annual Report on Form 10-K for the fiscal year ended December 31, 2014 for filing with the SEC.

Audit and Non-Audit Fees

The following table presents fees for professional services rendered by Deloitte, its member firms and respective affiliates as Buckeye's independent registered public accountants for the periods indicated:

	Year ended December 31,	
	2014	2013
Audit Fees(1)	\$ 2,796,342	\$ 2,366,131
Audit-Related Fees(2)	439,208	577,068
Tax Fees(3)	16,123	68,299
All Other Fees		
Total	\$ 3,251,673	\$ 3,011,498

-
- (1) Audit fees represent amounts billed for each of the years presented for professional services rendered in connection with (i) the audit of our annual financial statements and internal control over financial reporting, (ii) the review of our quarterly financial statements and (iii) audits of subsidiary financial statements. This information is presented as of the latest practicable date for this proxy statement.
- (2) Audit-related fees represent amounts billed in each of the years presented for assurance and related services that are reasonably related to the performance of the annual audit or quarterly review. This category primarily includes fees for audits of financial statements of certain employee benefits plans and those services normally provided in connection with regulatory filings or engagements including comfort letters, consents and other services related to SEC matters.
- (3) Tax fees represent amounts billed in each of the years presented for professional services rendered in connection with tax advice and tax planning. For 2014 and 2013, this category

also includes tax advisory services relating to the St. Lucia terminal acquired in December 2013.

We have adopted a policy that all services provided by our independent registered public accountants, including audit services, audit-related services, tax services and other services, must be pre-approved by the audit committee. All services provided by Deloitte during the years ended December 31, 2014 and 2013 were pre-approved by the audit committee in compliance with the policy.

EXECUTIVE OFFICERS OF OUR GENERAL PARTNER

Mr. Sauger joined the Partnership in June 2006.

Keith E. St.Clair, 58, was named Executive Vice President and CFO of Buckeye GP in January 2012. He served as Senior Vice President and CFO of Buckeye GP from November 2008 to January 2012.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

Compensation Discussion and Analysis

Named Executive Officers

As a master limited partnership, Buckeye does not have officers or directors of its own. Rather, Buckeye's business is overseen by the board of directors of our general partner, Buckeye GP, and the executive officers of Buckeye GP perform all of our management functions. Thus, the executive officers of Buckeye GP are our executive officers. In this Compensation Discussion and Analysis ("CD&A"), we address the compensation determinations and the rationale for those determinations relating to our CEO, CFO and our next three most highly compensated executive officers. We refer to these executive officers collectively as our "named executive officers." Our named executive officers for 2014 are set forth in the table below.

Name	Title
Clark C. Smith	Chairman, President and Chief Executive Officer
Keith E. St.Clair	Executive Vice President and Chief Financial Officer
Robert A. Malecky	Senior Vice President of Buckeye GP, President, Domestic Pipelines and Terminals
Khalid A. Muslih	Senior Vice President of Buckeye GP, President, Global Marine Terminals
Todd J. Russo	Senior Vice President of Buckeye GP, General Counsel and Secretary

Services Company employs the majority of the employees who provide services to us and our operating subsidiaries, including our named executive officers. Pursuant to a services agreement, our operating subsidiaries reimburse Services Company for the cost of the employee services provided by Services Company.

Executive Summary

During 2014, we reported income from continuing operations of \$334.5 million, which was a decrease of \$17.1 million from \$351.6 million in 2013. Our Adjusted EBITDA from continuing operations, the primary financial measure Buckeye's management uses to evaluate performance, was

Edgar Filing: BUCKEYE PARTNERS, L.P. - Form DEF 14A

\$763.6 million in 2014, which was a record high and an increase of \$114.8 million from \$648.8 million in 2013. Additionally, in 2014 we:

Integrated the 20 terminals from Hess Corporation that were acquired in December 2013, which are located along the U.S. East Coast and in St. Lucia, increasing our total liquid storage capacity by approximately 39 million barrels;

Acquired an 80% interest in Buckeye Texas Partners in Corpus Christi from Trafigura and commenced integrating its assets and projects into our Global Marine Terminals business; and

Closed the divestiture of the Lodi Gas Storage.

Adjusted EBITDA is a measure not defined by generally accepted accounting principles. See Item 7, "Management's Discussion and Analysis of Financial Condition and Results of Operations Non-GAAP Financial Measures" in our Annual Report on Form 10-K for the fiscal year ended December 31, 2014 for detailed information about our Adjusted EBITDA from continuing operations for the years ended December 31, 2014 and 2013, a description of how our management uses Adjusted EBITDA, and a reconciliation of income from continuing operations, the most comparable financial measure under GAAP, to Adjusted EBITDA from continuing operations.

This CD&A is designed to provide insight into the compensation philosophy, practices, plans and decisions that resulted in the compensation paid to our named executive officers in 2014. The compensation committee is committed to providing a strong pay for performance-based executive compensation program that includes an appropriate mix of short-term and long-term incentives to increase unitholder value. Based upon this philosophy, including our 2014 performance highlighted above, the compensation committee took the following actions with respect to the 2014 compensation for our named executive officers:

Awarded base salary increases to all of our named executive officers, which now range from \$370,000 to \$800,000, to better align the base salaries of our named executive officers with the 50th percentile of comparable executives within our peer benchmarking analysis; and

Paid cash incentive awards to our named executive officers based on performance in 2014 in an amount equal to 60% of incentive award targets, awarding annual incentive awards to our named executive officers ranging from \$133,200 to \$600,000.

In light of our continued growth, the compensation committee continued to evaluate our executive compensation program in 2014 to ensure that it remains competitive with peer companies with whom we compete and continues to provide appropriate retention and incentive opportunities for our named executive officers. In connection with this benchmarking analysis, the compensation committee also revised its peer benchmarking analysis as discussed in more detail below.

Our Compensation Philosophy and Objectives

Our named executive officers are critical to the execution of our short-term and long-term business strategies. Their institutional knowledge of our business and their contributions to our processes, operations and culture are crucial components of our success. The objective of our executive compensation program is to support our pay for performance philosophy by linking total compensation to company and individual performance on both a long-term and a short-term basis. Significant percentages of potential compensation are contingent upon the attainment of pre-established performance targets. Our performance targets are subject to adjustment by the compensation committee in order to take into account events that are not contemplated by our annual budget process or our long-term strategic planning process upon which the performance targets were based. This flexibility enables the compensation committee to recognize individual performance and to respond appropriately to market and business changes as they may occur. We believe that our compensation

Edgar Filing: BUCKEYE PARTNERS, L.P. - Form DEF 14A

programs drive unitholder value by positioning us to attract, retain and to incentivize well qualified and capable executives. The objectives of our executive compensation program include the following:

pay for performance;

pay competitively relative to peer companies;

utilize a compensation structure that supports retention of our named executive officers;

provide the compensation committee with sufficient flexibility to recognize individual performance and respond appropriately to market and business changes as they occur; and

align the interests of named executive officers with those of our unitholders.

In determining annual total compensation for our named executive officers, the compensation committee considers both financial and nonfinancial measures. The financial measures considered include Adjusted EBITDA, which is the primary way we measure our short-term performance, adjusted return on capital employed, and distributable cash flow per LP Unit, a key driver of long-term value for Buckeye unitholders. Nonfinancial measures considered by the compensation committee include maintaining our high standards for safety, reliability and environmentally responsible operations, the achievement of long-term strategic goals such as acquisitions and our ability to address and adapt to unforeseen circumstances. The compensation committee does not assign a particular weight to any one factor. Finally, our compensation committee believes that it must retain sufficient flexibility to exercise its judgment and discretion when evaluating the performance of Buckeye and our named executive officers relative to pre-determined financial and operational metrics in order to be able to properly address unanticipated events and situations.

In consultation with its independent compensation consultant, Aon Hewitt, the compensation committee designed a compensation program to implement the principles above comprising the following:

annual base salary;

annual incentive cash compensation pursuant to our Annual Incentive Compensation Plan ("AIC Plan");

long-term equity incentive awards issued pursuant to the Buckeye Partners, L.P. 2013 Long-Term Incentive Plan (the "LTIP"), including phantom units and performance units; and

a unit deferral program, pursuant to which our named executive officers may elect to defer a portion of their AIC Plan or other bonus payments and receive two times the value of their deferral in phantom units under the LTIP that are subject to vesting requirements.

We provide additional retirement benefits for our named executive officers comparable to those provided by other companies in our industry of similar size, maturity and market capitalization. See the discussion below following the Summary Compensation Table under the heading "Retirement and Other Benefits" for more information. Our compensation committee evaluates each element of compensation based on its contribution to the advancement of our philosophy. Decisions are made based on their overall effect on achieving the goals of the committee in implementing the executive compensation program, not on how they affect the other compensation elements.

Edgar Filing: BUCKEYE PARTNERS, L.P. - Form DEF 14A

The following table outlines the major elements of the 2014 total compensation for our named executive officers:

Compensation Element	Purpose	Link to Objectives	Characteristics	Short/Long-Term
Base Salary	Attract and retain executives through market-competitive base pay	Based on named executive officer's duties and responsibilities, and market practices	Fixed cash component	Short-Term
Annual Cash Incentive Awards	Encourage achievement of Adjusted EBITDA and operational performance metrics that create near-term unitholder value	Based on achievement of predefined corporate performance objective	Performance-based cash component	Short-Term
Long-Term Incentive Awards	Align named executive officers' and unitholders' long-term interests Ensure sufficient ownership of LP Units by our named executive officers while creating a retention incentive through multi-year vesting	Based on an assessment of corporate and individual performance through phantom units (time-based) and performance units (performance-based); three year cliff vesting period with performance units tied to pre-established corporate performance goals	Performance-based (two-thirds) and time-based (one-third) equity component	Long-Term
Non-Qualified Deferred Compensation	Align named executive officers' and unitholders' long-term interests while creating a retention incentive through multi-year vesting Create additional opportunity for the ownership of LP Units by our named executive officers	Long-term incentive awards in the form of phantom and matching units based on pre-established 2 to 1 ratio of deferred annual cash awards	Time-based equity component	Long-Term
Other Benefits	Provide retirement and health and welfare benefits on the same basis as our general employee population	Competitive practice	Fixed component	Short-Term and Long-Term

Administration of Executive Compensation Programs and Methodology

Aon Hewitt

The compensation committee engaged Aon Hewitt as its independent compensation consultant to evaluate our executive compensation program for 2014 based on our continued growth, changes in our hiring patterns and changes in the marketplace for talent. The compensation committee believed this

Edgar Filing: BUCKEYE PARTNERS, L.P. - Form DEF 14A

evaluation was essential to continue to retain and provide meaningful incentive opportunities to our named executive officers.

Although we strive to identify comparable data from companies that directly compete with Buckeye for both labor and capital, have a similar enterprise value, and who are in similarly sized and situated businesses, there are a limited number of such comparable companies in the marketplace, and some of the companies we would utilize for comparison have a general partner structure above the master limited partnership ("MLP"). In the case of such two-tiered MLPs, it is sometimes difficult to discern which entity is paying executives for certain services and it is difficult to ensure that compensation is apportioned in a meaningful way between services relating to the general partner and those relating to the MLP. In addition, the fact that many executives at MLPs receive a significant portion of their compensation from arrangements with their general partners can create anomalies embedded in the competitive data that make direct comparisons to other MLPs imprecise and ineffective.

Because of this, and because we compete for talent across a variety of industries, we primarily benchmarked named executive officer compensation against General Industry surveys compiled by Aon Hewitt, with particular emphasis on Aon Hewitt's 2013 Total Compensation Measurement Survey (the "TCM Survey"). The TCM Survey is a private survey that looks at companies across all industries with market capitalization of \$5 billion to \$9 billion based on data effective as of April 1, 2013. Buckeye's market capitalization fell near the mid-point of the TCM Survey companies. To supplement the TCM Survey, the compensation committee also benchmarked named executive officer compensation against fourteen companies estimated by Aon Hewitt to comprise our ISS peer group as of late 2013 and our historical peer group of companies comprised of nine pipeline/midstream MLPs.

Projected ISS Peer Group

CVR Energy, Inc.	Enbridge Energy Partners, L.P.	Energy Transfer Equity, L.P.
Energy Transfer Partners, L.P.	Genesis Energy LP	Inergy, L.P.
Kinder Morgan Energy Partners, L.P.	NuStar Energy L.P.	Spectra Energy Corp.
Targa Resources Corp.	TransCanada Corp	The Williams Companies, Inc.
Western Refining, Inc.	Western Partners LP	

Historical Peer Group

Enbridge Energy Partners, L.P.	Energy Transfer Partners, L.P.	Enterprise Products Partners L.P.
Global Partners LP	Magellan Midstream Partners, L.P.	NuStar Energy, L.P.
Plains All American Pipeline, L.P.	Sunoco Logistics Partners L.P.	Targa Resources Partners L.P.

The compensation committee used peer group compensation data as a guide rather than a rule when establishing the compensation levels for our named executive officers but relied heavily on the TCM Survey for its compensation decisions and while it reviewed the historical peer group analysis, it did not directly factor into its compensation decisions. The compensation committee establishes salaries, annual bonus with deferral opportunities and long term incentives at what it believes to be the market median of compensation levels available to similarly situated executives in the marketplace. The market for talented executives is highly competitive and we believe that our success depends on our ability to attract and retain named executive officers who are properly incentivized to achieve our short and long-term objectives. We believe that our ability to hire and retain is at risk if our executive compensation practices are not viewed as competitive in the marketplace.

This three-part benchmarking review included comparative analyses of market compensation levels for the following:

base salary;

annual incentive targets (as a percentage of base salary);

total cash compensation;

long-term incentives; and

total compensation.

The compensation committee evaluated this information in an effort to determine whether the compensation for each of our named executive officers was competitive. Based on the Aon Hewitt benchmarking analysis utilizing the TCM Survey, total direct compensation for all of our named executive officers fell within a competitive range of the 25th percentile other than Mr. Russo, who fell below the 25th percentile given his relatively new role and promotion with Buckeye GP. The compensation committee also considered Aon Hewitt's benchmarking analysis utilizing the projected ISS peer group as a secondary source, in which total direct compensation for our CEO and CFO fell between the 50th and 75th percentile and below the 50th percentile for all other named executive officers. As a result, the compensation committee approved certain changes to our named executive officer compensation as discussed in more detail below to better align our named executive officers' compensation with that of similarly situated executives within our benchmarking analysis.

The compensation committee has assessed the independence of Aon Hewitt during 2014 and believes that there is no conflict of interest. In reaching this conclusion, the compensation committee considered SEC Rule 10C-1(b)(4) and the corresponding NYSE independence factors regarding compensation advisor independence, and believes that Aon Hewitt is able to independently advise the compensation committee.

Process and Timing of Compensation Decisions

The compensation committee reviews and approves all compensation for our executive officers, including our named executive officers. Each calendar year, our board of directors approves financial objectives for Buckeye for the current year. Generally, the compensation committee meets in the first quarter to determine the overall compensation package for each named executive officer for that year, including setting base salary, considering the grant of LTIP awards and establishing AIC Plan targets, in each case for the current year. The compensation committee factors Buckeye's financial goals as set by the board into its establishment of targets for incentive awards under the AIC Plan and performance unit awards under the LTIP.

Usually at the same meeting at which it sets goals for the current year, the compensation committee reviews the degree to which Buckeye and the named executive officers achieved the performance goals and the degree to which each named executive officer's individual performance contributed to Buckeye's objectives, in each case for the prior year. The compensation committee also considers factors it deems appropriate for discretionary adjustments to compensation based on the events of the previous year. Based on these evaluations, the compensation committee approves AIC Plan payouts for the prior calendar year and determines the degree to which performance goals were met at the end of a performance period for LTIP performance units.

As part of this process, our CEO provides a review of our other executive officers' performance for the prior year and makes recommendations to the compensation committee to assist it in determining the various components of compensation. For executive officers who report to someone other than the CEO, such reviews and recommendations are done jointly by the CEO and the officer to whom they report. Although the compensation committee considers this information, the ultimate decisions regarding executive compensation are made by the compensation committee in accordance with its charter. Our CEO does not make recommendations regarding his own compensation to the compensation committee.

The compensation committee may review executive compensation at such other times during the year as it deems appropriate, such as in connection with new appointments or promotions during the year, or in response to an advisory vote of our unitholders regarding our executive compensation. At our 2014 annual meeting, 92% of the votes cast in our "Say-on-Pay" proposal regarding executive compensation were cast in favor of our executive compensation. The compensation committee considered the overwhelming support of our executive compensation program in the "Say-on-Pay" proposal and has taken care to ensure that the changes described herein are consistent with our philosophy. Our unitholders also approved our proposal to conduct a "Say-on-Pay" vote every three years, so a "Say-on-Pay" vote will next be conducted at our 2017 annual meeting. Following the 2014 annual meeting, our compensation committee considered these votes and, although our compensation committee has generally retained its approach to executive compensation, it has instituted various changes it has deemed necessary to keep our program competitive, as discussed in this Compensation Discussion and Analysis.

Base Salaries

The base salaries for our named executive officers are reviewed annually by the compensation committee. For 2014, the benchmarking analysis based on the TCM Survey established that the base salaries for our named executive officers fell below the 25th percentile of salaries for comparable executives. The compensation committee generally seeks to position base salaries for our named executive officers within a reasonable range of the 50th percentile, taking other factors into consideration, including differences in experience, responsibilities, and the other elements of the named executive officers' compensation packages. The compensation committee approved incremental 2013 base salary increases for our named executive officers, and determined that further analysis of base salaries relative to the market median would be required in 2014. The compensation committee, with the assistance of Aon, performed this analysis in 2014 and adjusted base salaries upward so that they would fall generally within a reasonable range of the 50th percentile of comparable executives in the TCM Survey. Taking into account the increases, as compared to the mid-point or 50th percentile of comparable executives in the TCM Survey, Mr. Smith's 2014 base salary was approximately 79% of the median and all other named executive officers' 2014 base salaries were between 85% and 94% of the median. The 2014 base salaries of our named executive officers are set forth below:

Name	2014 Base Salary*	Percentage Increase
Clark C. Smith	\$ 800,000	23.1%
Keith E. St.Clair	\$ 500,000	13.6%
Robert A. Malecky	\$ 425,000	11.8%
Khalid A. Muslih	\$ 425,000	11.8%
Todd J. Russo	\$ 370,000	23.3%

*
The base salary increases for each named executive officer were effective as of April 6, 2014.

Annual Cash Incentive Compensation

We maintain the AIC Plan, which is an annual incentive program pursuant to which our full-time employees are eligible for cash awards based on our overall financial performance relative to pre-established target award levels and satisfactory individual performance. All of our named executive officers are eligible to receive cash incentive awards under the AIC Plan.

Edgar Filing: BUCKEYE PARTNERS, L.P. - Form DEF 14A

The objectives of the AIC Plan are:

to provide near-term incentives to achieve annual goals established for our employees that are considered important for organizational success; and

to reward performance with pay that varies in relation to the extent to which the pre-established performance goals are achieved.

AIC Plan payouts for our named executive officers are contingent on the achievement by Buckeye during the year of a pre-established financial performance goal. In the first quarter of each year, the compensation committee meets to determine the financial performance goal for that year. At this meeting, the committee also determines the extent to which the financial performance goal for the previous year was achieved, and funds the AIC Plan pool based on the level of achievement of the financial performance goal. The compensation committee then has the discretion to adjust (upward or downward) each named executive officer's payout based on the compensation committee's appraisal of such named executive officer's individual performance, considering factors such as teamwork, leadership, individual accomplishments and initiative in the context of the business functions and role of each named executive officer.

The AIC Plan also provides discretion for the compensation committee to take into account extraordinary or unanticipated circumstances or events when determining whether a target performance goal has been achieved, including, but not limited to, a corporate transaction, such as an acquisition, merger, reorganization or other extraordinary or unusual event in the marketplace.

In February 2014, the compensation committee established the 2014 AIC Plan target payouts for our named executive officers set forth below:

Name	Base Salary 2014	Incentive Award Target	Incentive Award Target as Percentage of Base Salary
Clark C. Smith	\$ 800,000	\$ 1,000,000	125%
Keith E. St.Clair	\$ 500,000	\$ 500,000	100%
Robert A. Malecky	\$ 425,000	\$ 425,000	100%
Khalid A. Muslih	\$ 425,000	\$ 425,000	100%
Todd J. Russo	\$ 370,000	\$ 222,000	60%

The compensation committee set the targets in the table above to achieve competitive total cash compensation levels near the median level as determined by the benchmarking analysis for the TCM Survey conducted by Aon Hewitt, with the exception of Mr. Smith, whose total cash compensation level is approximately 80% of the market median. The 2014 AIC Plan financial target performance goal for our named executive officers was established as the achievement by the Partnership on a consolidated basis of Adjusted EBITDA (as adjusted for the discontinued operations of Lodi Gas Storage which was sold in 2014 and contributions from Buckeye Texas Partners, which was acquired in 2014) of \$833.2 million.

At its meeting on February 4, 2015, the compensation committee determined that the Partnership achieved Adjusted EBITDA of \$763.6 million, or 91.6% of our target level financial performance goal. Pursuant to the terms of the AIC Plan, the Compensation Committee determined that, based on our performance, our named executive officers should receive annual incentive awards equal to 60% of

Edgar Filing: BUCKEYE PARTNERS, L.P. - Form DEF 14A

their incentive award targets. The annual incentive awards paid to our named executive officers for 2014 performance under the AIC Plan are as follows:

Name	2014 AIC Plan Incentive Award
Clark C. Smith	\$ 600,000
Keith E. St.Clair	\$ 300,000
Robert A. Malecky	\$ 255,000
Khalid A. Muslih	\$ 255,000
Todd J. Russo	\$ 133,200

Long-Term Incentive Awards

LTIP

We provide unit-based, long-term incentive compensation for certain employees, including our named executive officers, under our LTIP. The LTIP provides for equity awards in the form of phantom units and performance units, either of which may be accompanied by distribution equivalent rights ("DERs"). DERs provide the participant with a right to receive a cash payment per phantom unit or performance unit equal to distributions per LP Unit paid by us. When phantom units are accompanied by DERs, such DERs normally are paid at the time we pay such distribution on LP Units. DERs on performance units will not be paid until such performance units have vested. The compensation committee believes using DERs more closely aligns the interests of our named executive officers with our unitholders because the receipt of distributions is an important component of any investment in a master limited partnership. Our phantom units generally vest after three years of service from the date of grant and entitle a participant to receive an LP Unit upon vesting. Performance units generally vest over a three-year performance period and are paid out based on a performance multiplier ranging between 0% and 200%, determined based on the actual performance in the third year compared to pre-established performance goals. For performance units granted in 2012, the performance goal was based on achieving a specified level of distributable cash flow per LP Unit. The compensation committee has historically used distributable cash flow per LP Unit because it is a key driver of long-term value for Buckeye unitholders. Starting in 2013, the compensation committee added two additional performance measures, Adjusted EBITDA and adjusted return on capital employed, in order to expand the indicators of unitholder value on which the awards are based. Starting in 2014, the compensation committee added an additional performance measure, 3-year relative total shareholder return, based on the Partnership's percentile ranking within the Alerian MLP Index Companies. The compensation committee equally weighted these measures with distributable cash flow per LP Unit. The performance goals for outstanding performance unit grants as of December 31, 2014 are as set forth below:

Year of Grant	Performance Measure	Performance Period	Performance Goal and Payout Multiplier	
			Threshold	Stretch
2012	Distributable	1/1/2012 -	\$4.37	\$4.90
	Cash Flow Per LP Unit	12/31/2014	50% Payout	200% Payout

	Stretch	Achieve 75th percentile ranking within the Alerian MLP Index	200%

For all performance unit grants, the last year of the respective performance period is used to measure whether the performance goal is achieved. There is generally no payout for performance below the threshold performance goal level. The payout multiplier for performance equal or greater than threshold is determined on a linear scale between the performance levels. For the 2014 LTIP grants, performance is weighted equally between the four performance measures.

Edgar Filing: BUCKEYE PARTNERS, L.P. - Form DEF 14A

In making 2014 LTIP grants to our named executive officers, the compensation committee considered:

peer benchmarking data specific to each named executive officer provided by Aon Hewitt;

each named executive officer's contribution to our long-term growth; and

other considerations that the compensation committee deemed relevant with respect to a named executive officer, including the accomplishment of the individual's assigned objectives.

Based on these factors, the compensation committee approved the following grants of performance units and phantom units to our named executive officers on February 5, 2014 (the fair market value of one LP Unit on February 5, 2014 was \$70.69):

Name	Performance Units			Phantom Units	2014 LTIP
	Threshold	Target	Maximum		Target Award Value
Clark C. Smith	22,281	44,561	89,122	22,281	\$ 4,725,000
Keith E. St.Clair	6,059	12,118	24,236	6,060	\$ 1,285,000
Robert A. Malecky	5,376	10,751	21,502	5,376	\$ 1,140,000
Khalid A. Muslih	4,716	9,431	18,862	4,716	\$ 1,000,000
Todd J. Russo	3,065	6,130	12,260	3,066	\$ 650,000

At its February 4, 2015 meeting, the compensation committee, as administrator of the LTIP, considered to what extent distributable cash flow per LP Unit for the 2012 performance units had been satisfied. In making its determination, the compensation committee used its discretionary authority to adjust distributable cash flow per LP Unit to factor out the impact of events that the committee did not anticipate when the grants were made in 2012. The compensation committee made an upward adjustment to factor out costs associated with, and the impact of our inability to increase certain pipeline tariffs as a result of, the proceedings before the Federal Energy Regulatory Commission ("FERC") that our subsidiary, Buckeye Pipe Line Company, L.P., was a party to in 2014. The compensation committee also adjusted distributable cash flow to factor out the costs and interest expense associated with the Trifigura acquisition, including the impact of the issuance of LP Units to fund a portion of the purchase price as well as to factor out incremental EBITDA contributed to the Partnership in 2014 as a result of the acquisition. Based on the foregoing adjustments, the compensation committee determined that the 2014 distributable cash flow per LP Unit was \$4.64 (as adjusted for the above discussed matters by \$0.27 per LP Unit), which exceeded the \$4.37 threshold level payout and fell below the stretch level payout of \$4.90. As a result, the compensation committee determined that the 2012 performance units would be vested at 125% of the target level.

For a more detailed description of the LTIP, including the circumstances under which the vesting of phantom units and performance units may be accelerated, please see the narrative discussion below entitled "Long-Term Incentive Plan" following the 2014 Grants of Plan-Based Awards Table.

Non-Qualified Deferred Compensation

Deferral Plan

We maintain the Buckeye Partners, L.P. Unit Deferral and Incentive Plan (the "UDIP"). All of our named executive officers are eligible to participate in the UDIP. The UDIP provides eligible employees, including our named executive officers, the opportunity to defer up to 50% of any cash award they would otherwise receive under the AIC Plan or other discretionary bonus program. Participants who elect to defer a portion of their cash awards are credited with deferral units equal in value to the amount of the cash award the participant elected to defer. Under the UDIP, participants are also credited with one matching unit for each deferral unit they receive. Both deferral units and matching

units are phantom units governed by the LTIP, and are subject to the service-based vesting restrictions for phantom units contained in the LTIP. Participants are also entitled to DERs on each unit they receive pursuant to the UDIP. Deferral units and matching units are settled in LP Units reserved under the LTIP. We maintain the UDIP for our named executive officers because it converts what would otherwise be short-term, cash compensation into a long-term retention tool for our named executive officers.

In December 2014, all of our named executive officers elected to defer a portion of cash awards to be received by them under the AIC Plan and pursuant to discretionary bonuses. The value of the cash incentive awards that were deferred under the UDIP are reported in our Summary Compensation Table below because they were earned by each named executive officer in 2014. The matching units that will be credited to our named executive officers in 2015 as a result of the deferral are not reported in the 2014 Grants of Plan-Based Awards Table below because SEC guidance requires us to report equity grants in the year in which they are granted. As a result, such matching units will appear in the 2015 Grant of Plan-Based Awards Table.

A more detailed description of the UDIP is contained in the narrative discussion entitled "Unit Deferral and Incentive Plan" following the 2014 Grants of Plan-Based Awards Table.

Benefit Equalization Plan

All of our named executive officers received non-qualified deferred compensation in 2014 in the form of contributions by us to their Benefit Equalization Plan accounts. The Benefit Equalization Plan is a non-qualified deferred compensation plan. It provides that certain highly compensated employees that are selected by the Chief Executive Officer (on the recommendation of the Service Company's Pension Plan Committee), including our named executive officers, whose company contributions to qualified pension and savings plans have been limited due to IRS limits on compensation allowable for calculating benefits under qualified plans will receive an equivalent benefit under the Benefit Equalization Plan for company-contributed amounts they would have received if there were no IRS limits. A more detailed description of the Benefit Equalization Plan is contained in the narrative discussion below following the "2014 Nonqualified Deferred Compensation Table."

Executive Unit Ownership Guidelines

In 2015, we adopted executive unit ownership guidelines that apply to all named executive officers. These guidelines are structured to align our executives' personal financial performance with our long-term performance. These unit ownership guidelines require our named executive officers to beneficially own, in the aggregate, LP Units and unvested phantom awards, as follows:

Position	Guideline
Chief Executive Officer	Three times base salary
Chief Financial Officer and Business Unit Presidents	Two times base salary
Senior Vice President, General Counsel and Secretary (including other SVP level executives)	One times base salary

Other Benefits

Named executive officers are generally eligible to participate in all of our employee benefit plans, such as medical, dental, vision, group life, short and long-term disability, and supplemental insurance and our Retirement and Savings Plan, in each case on the same basis as other employees, subject to applicable laws. We also provide vacation and other paid holidays to all employees, including our

named executive officers. See the discussion below following the Summary Compensation Table under the heading "Retirement and Other Benefits" for more information.

Employment, Severance and Change in Control Arrangements

None of our named executive officers have employment agreements and we do not provide for any "single trigger" change in control payments or acceleration of equity. In addition, none of our named executive officers are entitled to tax-related payments, such as excise tax gross-ups pursuant to Section 280G of the Internal Revenue Code. However, all of our named executive officers have severance arrangements that provide for severance payments upon termination of employment with or without a change in control. The compensation committee approved these severance arrangements because the compensation committee believes that these benefits are appropriate for the caliber of executives that we have and for the size of our company. In addition, the compensation committee desired to alleviate the financial hardships which may be experienced by the executives if their employment is terminated under specified circumstances and to reinforce and encourage the continued attention and dedication of those executives to their assigned duties, notwithstanding the potential impact a change in control transaction could have on their respective careers or positions. For more details regarding the terms of the severance and change in control arrangements, see "Payments upon Termination or Change in Control" below.

- (1) Represents discretionary bonuses paid on account of 2013 performance. Messrs. Smith, St.Clair, Malecky, and Muslih deferred \$168,593, \$91,300, \$59,137, and \$59,137, respectively, of their 2013 discretionary bonuses pursuant to the UDIP. Mr. Malecky deferred \$25,000 of his 2012 discretionary bonus pursuant to the UDIP. As a result of the deferrals, they received phantom units, including both deferral units and matching units, issued under the LTIP. The matching units received in connection with the 2013 discretionary bonus deferrals appear in the "Grants of Plan-Based Awards Table." The matching units received in connection with the 2012 discretionary bonus deferral appeared in the "Grant of Plan-Based Awards Table" that was included in our 2014 Annual Meeting Proxy Statement.
- (2) Amounts reflect the (i) the grant date fair value (computed in accordance with FASB ASC Topic 718) of phantom unit awards and performance unit awards under the LTIP in 2014, 2013, and 2012 and (ii) the grant date fair value (computed in accordance with FASB ASC Topic 718) of matching units issued in 2014, 2013, and 2012 under the LTIP as a result of a deferral, pursuant to the UDIP, of AIC Plan awards for 2014, 2013, and 2012 and of discretionary bonuses for 2013 and 2012. For a discussion of the valuations of the performance units and phantom units, please see the discussion in Note 20 in the Notes to Consolidated Financial Statements included in our Annual Report on Form 10-K for the fiscal year ended December 31, 2014.

The table below details the unit awards set forth in the Summary Compensation Table above:

Name	Year	Performance Unit Award Value (\$)	Phantom Unit Award Value (\$)	Matching Unit Award Value (\$)	Total (\$)
Clark C. Smith	2014	3,150,017	1,575,044	609,415	5,334,476
	2013	1,999,988	1,000,020	304,419	3,304,427
	2012	1,339,983	660,023	100,016	2,100,022
Keith E. St.Clair	2014	856,621	428,381	330,011	1,615,013
	2013	599,970	300,038	194,817	1,094,825
	2012	502,510	997,569		1,500,079
Robert A. Malecky	2014	759,988	380,029	213,813	1,353,830
	2013	399,998	200,025	149,248	749,271
	2012	267,997	882,038		1,150,035
Khalid A. Muslih	2014	666,677	333,374	213,813	1,213,864
	2013	399,998	200,025	146,153	746,176
	2012	234,513	865,552	85,059	1,185,124
Todd J. Russo	2014	433,330	216,736	54,059	704,125

The vesting of the performance units is subject to the attainment of a pre-established performance goal during the third year of a three fiscal year period. The grant date fair value of the performance awards reflected in the Summary Compensation Table is based on a target payout of such awards, using the average of the high and low trading prices for our LP Units on the date of grant (\$70.69 for 2014 grants, \$52.39 for 2013 grants, and \$63.90 for 2012 grants). If there is a maximum payout under the 2014 performance unit awards, the values of Messrs. Smith, St.Clair, Malecky, Muslih, and Russo's performance unit awards would be \$6,300,034, \$1,713,242, \$1,519,976, \$1,333,354, and \$866,660, respectively. If there is a maximum payout under the 2013 performance unit awards, the values of Messrs. Smith, St.Clair, Malecky, and Muslih's 2013 performance unit awards would be \$3,999,977, \$1,199,941, \$799,995, and \$799,995, respectively. The 2012 performance unit awards were paid out at 125% of the target award (between the target and maximum award levels).

(3)

Represents annual incentive awards paid under the AIC Plan. Pursuant to the UDIP, Messrs. Smith, St.Clair, Malecky, Muslih, and Russo deferred \$300,000, \$150,000, \$127,500, \$127,500, and \$66,600, respectively, of their 2014 AIC Plan award, Messrs. Smith, St.Clair, Malecky, and Muslih deferred \$440,782, \$238,700, \$154,613, and \$154,613, respectively, of their 2013 AIC Plan award, and Messrs. Smith, St.Clair, Malecky, and Muslih deferred, \$304,400, \$194,800, \$124,200, and \$146,100, respectively, of their 2012 AIC Plan award. As a result of the deferrals, they received phantom units, including both deferral units and matching units, issued under the LTIP. The matching units received in connection with the 2014 AIC Plan award deferrals will appear in the "Grants of Plan-Based Awards Table" that will be included in our 2016 Annual Meeting Proxy Statement. The matching units received in connection with the 2012 AIC Plan award deferrals appear in the "Grants of Plan-Based Awards Table" of this proxy statement.

- (a) Amounts represent a 5% company contribution to the Service Company Retirement and Savings Plan (the "RASP") for each of the named executive officers on wages of up to \$260,000 for 2014, \$255,000 for 2013, and \$250,000 for 2012 and a dollar-for-dollar matching contribution on their contributions to the RASP up to 5% of their pay (6% in the case of Mr. Malecky). Mr. Malecky did not begin receiving such matching contribution until after the repayment of ESOP Notes (defined below) as described in the accompanying narrative.
- (b) Amounts represent the distribution equivalents paid during 2014, 2013 or 2012, as applicable, on unvested phantom unit awards (other than the retention awards made in January 2012, which did not include distribution equivalent rights) granted under the LTIP and held by the named executive officer. Pursuant to the LTIP, distribution equivalents for any period are determined by multiplying the number of outstanding unvested phantom units by the per LP Unit cash distribution paid by us on our LP Units for such period. Amounts also include \$173,836, \$159,352, \$38,651, \$38,651, and \$64,678 for Messrs. Smith, St.Clair, Malecky, Muslih, and Russo, respectively, in payment of distribution equivalents upon the vesting of performance unit awards in 2014, \$211,092, \$163,128, \$57,576, and \$57,576 for Messrs. Smith, St.Clair, Malecky, and Muslih, respectively, in payment of distribution equivalents upon the vesting of performance unit awards in 2013, and \$44,753, \$42,274, \$14,918, and \$14,918 for Messrs. Smith, St.Clair, Malecky, and Muslih, respectively, in payment of distribution equivalents upon the vesting of performance unit awards in 2012. Pursuant to the Performance Unit awards, distribution equivalents were calculated by multiplying (i) the number of our LP Units issued upon vesting of such awards by (ii) 100% of our aggregate per LP Unit regular quarterly distribution during the three-year vesting period.
- (c) Amounts represent contributions to the named executive officer's account under the Benefit Equalization Plan. A description of the plan and the amounts of contributions credited to each named executive officer's account in 2014 are set forth in the "2014 Nonqualified Deferred Compensation Table" and the accompanying narrative discussion below.
- (d) Represents amounts paid in exchange for forfeited vacation time pursuant to Buckeye's vacation policy.

(1) Represents annual incentive awards granted pursuant to the AIC Plan, with payment contingent on Buckeye's achievement of a pre-established financial performance goal and each named executive officer's individual performance.

(2) Represents grants of performance units under the LTIP. See "Long-Term Incentive Plan" below. The vesting of the performance units are subject to the attainment of a pre-established adjusted distributable cash flow per LP Unit, Adjusted EBITDA and adjusted return on capital employed performance goals during the third year of a three fiscal year period, which for 2014 awards, means the three year period ending December 31, 2016. The grant date fair value of the performance unit awards reflected in the table is based on a target payout of such awards.

- (3) The grant date fair value of these awards is based on a target payout of such awards (computed in accordance with FASB ASC Topic 718), using the average of the high and low trading prices for our LP Units on the date of grant (\$70.69). If there is maximum payout under the 2014 performance unit awards, the values of Messrs. Smith, St.Clair, Malecky, Muslih, and Russo's 2014 performance unit awards would be \$6,300,034, \$1,713,243, \$1,519,976, \$1,333,355, and \$866,659, respectively.
- (4) Represents grants of phantom units with DERs under the LTIP. See "Long-Term Incentive Plan" below.
- (5) The grant date fair value of these awards is computed in accordance with FASB ASC Topic 718 using the average of the high and low trading prices for our LP Units on the date of grant (\$70.69).

- (6) Represents the grant of matching phantom units issued under the LTIP as a result of the deferral of 2013 AIC Plan awards and discretionary bonus awards pursuant to the UDIP. The matching units were issued as a result of deferrals by Messrs. Smith, St.Clair, Malecky, Muslih, and Russo of \$440,782, \$238,700, \$154,613, \$154,613, and \$39,060, respectively, of their 2013 AIC Plan awards and \$168,593, \$91,300, \$59,137, \$59,137, and \$14,940, respectively, of the discretionary bonuses they received as a result of 2013 performance.
- (7) The grant date fair value of these awards is computed in accordance with FASB ASC Topic 718 using the average of the high and low trading prices for our LP Units on the date of grant (\$73.45).

Long-Term Incentive Plan

On March 28, 2013, the board of directors of Buckeye GP adopted the LTIP, which was approved by unitholders on June 4, 2013. The LTIP is the successor long-term incentive plan to the 2009 Long-Term Incentive Plan, which was merged into the LTIP. The LTIP, which is administered by the compensation committee, provides for the grant of options, phantom units, performance units and in certain cases, DERs which provide the participant a right to receive payments based on distributions we make on our LP Units. Options give the holder the right to purchase LP Units at a fixed exercise price and are subject to service-based restrictions or other conditions established by the compensation committee in its discretion. We do not currently grant options under the LTIP. Phantom units are notional LP Units whose vesting is subject to service-based restrictions or other conditions, and performance units are notional LP Units whose vesting is subject to the attainment of one or more performance goals. DERs are rights to receive a cash payment per phantom unit or performance unit, as applicable, equal to the per unit cash distribution we pay on our LP Units. DERs are paid on phantom units at the time we pay such distribution on LP Units. DERs on performance units are not paid until such performance units have vested.

A participant's phantom units and performance units are subject to "double-trigger" vesting as a result of a change of a control. In the event we experience a change of control while a participant is employed by, or providing services to us, Buckeye GP, or any affiliate, a participant's phantom units (and any unpaid DERs) and performance units (and any associated DERs) will only vest if either (i) the participant is terminated without cause or (ii) the participant resigns for good reason, in the case of both clauses (i) and (ii) such termination or resignation occurs during the eighteen-calendar-month period following a change of control. If such vesting occurs, a participant's phantom units (and any unpaid DERs) will be paid within the 30-day period following the termination of employment and a participant's performance units (and any associated DERs) will be paid based on a payout performance multiplier of 100% within the 30-day period following the termination of employment.

"Change of Control" generally means:

the sale or disposal by the Partnership of all or substantially all of its assets;

the merger or consolidation of the Partnership with or into another partnership, corporation or other entity, other than a merger or consolidation in which the unitholders immediately prior to such transaction retain at least a 50% equity interest in the surviving entity;

Buckeye GP ceases to be the sole general partner of the Partnership;

the Partnership ceases to own and control, directly or indirectly, 100% of the outstanding equity interests of Buckeye GP; or

if any person or "group" (within the meaning of the Exchange Act) collectively shall beneficially own and control, directly or indirectly, a number of LP Units that would entitle such person or group to vote LP Units representing, in the aggregate, more than 50% of the total number of outstanding LP Units outstanding.

Edgar Filing: BUCKEYE PARTNERS, L.P. - Form DEF 14A

"Cause" generally means a finding by the compensation committee that the participant:

has materially breached his or her employment, severance or service contract with us;

has engaged in disloyalty to us, including, without limitation, fraud, embezzlement, theft, commission of a felony or proven dishonesty;

has disclosed trade secrets or our confidential information to persons not entitled to receive such information; or

has breached any written non-competition, non-solicitation, invention assignment or confidentiality agreement between us and the participant.

"Good Reason" generally means the occurrence, without the participant's express written consent, of any of the following events during the eighteen-calendar-month period following a change of control, or the change of control period:

a substantial adverse change in the participant's duties or responsibilities from those in effect on the date immediately preceding the first day of the change of control period;

a material reduction in the participant's annual rate of base salary or annual bonus opportunity as in effect immediately prior to commencement of a change of control period; or

requiring the participant to be based at a location more than 100 miles from the participant's primary work location as it existed on the date immediately preceding the first day of the change of control period, except for required travel substantially consistent with the participant's present business obligations.

The number of LP Units that may be granted under the LTIP may not exceed 3,000,000, subject to certain adjustments. The number of LP Units that may be granted to any one individual in a calendar year may not exceed 100,000. If awards are forfeited, terminated or otherwise not paid in full, the LP Units underlying such awards will again be available for purposes of the LTIP. If LP Units otherwise issuable under the LTIP are surrendered in payment of the exercise price of an option, then the number of LP Units available for issuance under the LTIP is reduced only by the net number of LP Units actually issued upon such exercise and not by the gross number of LP Units as to which the option is exercised. If LP Units otherwise issuable under the LTIP are withheld in satisfaction of the withholding taxes incurred in connection with the issuance, vesting or exercise of any options, phantom units or performance units or the issuance of LP Units subject to options, phantom units or performance units, then the number of LP Units available for issuance under the LTIP will be reduced by the net number of LP Units issued, vested or exercised (after payment of applicable withholding taxes). Upon the exercise of an option through a net exercise procedure, then both for purposes of calculating the number of LP Units remaining available for issuance under the LTIP and the number of LP Units remaining available for exercise under such option, the number of such LP Units will be reduced by the net number of LP Units for which the option is exercised. To the extent that any options, phantom units or performance units are paid in cash and not in LP Units, there will be no effect on the count of LP Units. LP Units may be previously issued and outstanding LP Units, newly issued LP Units, or a combination of each. Persons eligible to receive grants under the LTIP are (i) officers and employees of us, Buckeye GP and any of our affiliates, (ii) non-employee members of the board of directors of Buckeye GP and (iii) consultants or advisors who provide bona fide services to us, Buckeye GP or any of our affiliates.

The fair values of both the performance unit and phantom unit grants are based on the average of the high and low market prices of our LP Units on the date of grant computed in accordance with FASB ASC Topic 718. Compensation expense equal to the fair value of those performance unit and phantom unit awards that actually vest is estimated and recorded over the period the grants are earned, which is the vesting period. Compensation expense estimates are updated periodically. The vesting of

performance unit awards is also contingent upon the attainment of predetermined performance goals, which, depending on the level of attainment, could increase or decrease the value of the awards at settlement. Quarterly distributions paid on DERs associated with phantom units are recorded as a reduction of our Limited Partners' Capital on our consolidated balance sheets.

Unit Deferral and Incentive Plan

The UDIP provides eligible employees the opportunity to defer up to 50% of any cash award they would otherwise receive under the AIC Plan or other discretionary bonus program. Participants who elect to defer a portion of their AIC award or discretionary bonus are credited with deferral units equal in value to the amount of their cash award deferral. Participants are also credited with a matching unit for each deferral unit they are granted. Both deferral units and matching units are phantom units based on LP Units and subject to service-based vesting restrictions. Participants are entitled to DERs on each unit they receive pursuant to the UDIP, which provide named executive officers with the right to receive payments based on distributions we make on LP Units. Deferral units and matching units are settled in LP Units reserved under the LTIP.

Employees with a base salary equal to or in excess of \$175,000 and Salary Grade 22 Director Level or higher (or such other amount or Salary Grade level set from time to time by the administrator), including all of our named executive officers, are "Eligible Employees" under the UDIP. The compensation committee has the discretion under the UDIP to designate any person as an Eligible Employee that does not meet the above requirements.

Deferral elections under the UDIP must be made no later than December 31st of the plan year prior to the date the applicable bonus would otherwise be paid. Once a deferral election is made for a plan year, it becomes irrevocable and cannot be cancelled or changed for that plan year. Deferral units and matching units become 100% vested on the third December 15th after the deferral units and matching units are credited to a participant's unit account, provided that the participant is continuously employed by, or continuously provides services to us through that date. For example, deferral units and matching units that are credited to a participant's unit account in 2015 will vest on December 15, 2017. If a participant's employment is terminated by us without cause, unvested deferral units will immediately vest in full and unvested matching units will vest on a prorated basis, based on the portion of the vesting period during which the participant was employed by us. For purposes of determining the number of matching units that become vested on a prorated basis, the vesting period commences on January 1st of the plan year in which we would otherwise have paid the annual cash award to the participant but for the participant's deferral election and ends December 15th of the third year.

A participant's unvested deferral units and matching units are subject to "double-trigger" vesting as a result of a change of a control. In the event a change of control occurs while the participant is employed by, or providing services to us, Buckeye GP or any affiliate, the participant's unvested deferral units and matching units will only vest in full if, during the eighteen-calendar-month period following a change of control, (i) the participant is terminated without cause, or (ii) the participant resigns for good reason. For purposes of the UDIP, change of control, cause and good reason have the same meanings as set forth in the LTIP description above. The number of deferral units and matching units that may be granted under the UDIP is limited by the number of LP Units that may be granted under the LTIP, as it may be amended from time to time, subject to certain adjustments.

Retirement and Other Benefits

Services Company sponsors a RASP through which it provides retirement benefits for substantially all of its regular full-time employees (including our named executive officers), except those covered by certain labor contracts. The RASP consists of two components. Under the first component, Services Company contributes 5% of each eligible employee's covered salary to an employee's separate account

maintained in the RASP Plan. Under the second component, Services Company makes a matching contribution into the employee's separate account for 100% of an employee's contribution to the RASP up to 5% (or up to 6% if an employee has completed 20 or more years of service) of an employee's eligible covered salary. Each of our named executive officers receives a contribution equal to 5% of his salary (subject to certain IRS limits) annually, and these amounts vest ratably over a five year period, and we make matching contributions to the RASP on their behalf as well. Prior to March 27, 2011, for Services Company employees who participate in the ESOP, Services Company did not make a matching contribution.

The majority of our regular full-time employees hired before September 16, 2004 (including Mr. Malecky) participate in Services Company's ESOP, which is a qualified plan. As of the record date, Services Company owned approximately 713,787 of our LP Units. The ESOP owns all of the outstanding common stock of Services Company, or approximately 713,787 shares. Accordingly, one share of Services Company common stock is generally considered to have a value equal to one of our LP Units. Under the ESOP, Services Company common stock was allocated to employee accounts quarterly. Individual employees were allocated shares based on the ratio of their eligible compensation to the aggregate eligible compensation of all ESOP participants. The ESOP was frozen with respect to benefits effective March 27, 2011 (the "Freeze Date"). As of March 28, 2011, in connection with the repayment of the ESOP's 3.60% Senior Secured Notes due March 28, 2011 (the "ESOP Notes"), all shares had been allocated. Eligible compensation generally included base salary, overtime payments and certain bonuses. Upon termination of the employee's employment, the value of shares accumulated by an employee in the ESOP is payable to the employee or transferable to other qualified plans in accordance with the terms of the ESOP plan.

Services Company also sponsors a Benefit Equalization Plan, which is described in detail in the narrative discussion following the "2014 Nonqualified Deferred Compensation Table" below.

(1) For phantom units (including deferral and matching phantom units) and performance units, the market value is calculated using a per LP Unit price of \$75.66, the closing price for our LP Units on December 31, 2014, the last trading day of 2014.

(2) Represents grants of phantom units under the LTIP with DERs. See "Long-Term Incentive Plan" above.

(3) Represents grants of performance units under the LTIP. See "Long-Term Incentive Plan" above. The vesting of the performance units is subject to the attainment of a pre-established performance goal during the third year of a three fiscal year period as determined by the Compensation Committee after the end of the third fiscal year. Performance units granted on February 8, 2012 vested at 125% of the target award as determined by the Compensation Committee at its meeting on February 4, 2015. Because the performance units exceeded target level, SEC rules require us to assume, for purposes of this table, that all remaining unvested awards will vest at the next higher

performance measure, which is stretch performance, so the number of performance units reflected in the table is based on a maximum payout of such awards at 200% of the target award.

- (4) Represents the grant of deferral and matching phantom units issued under the LTIP as a result of the deferral of 2012 AIC Plan awards and discretionary bonus awards pursuant to the UDIP. Messrs. Smith, St.Clair, Malecky, and Muslih were granted 5,705, 3,651, 2,797, and 2,739 deferral units, respectively, and 5,705, 3,651, 2,797, and 2,739 matching units, respectively. The deferral units and matching units were issued as a result of deferrals by Smith, St.Clair, Malecky, and Muslih of \$304,400, \$194,800, \$124,200, and \$146,100, respectively, of their 2012 AIC Plan awards, and deferral by Mr. Malecky of \$25,000 of his 2012 discretionary bonus award.
- (5) Represents grants of phantom units under the LTIP without DERs. See "Long-Term Incentive Plan" above.
- (6) Represents the grant of deferral and matching phantom units issued under the LTIP as a result of the deferral of 2013 AIC Plan awards and discretionary bonus awards pursuant to the UDIP. Messrs. Smith, St.Clair, Malecky, Muslih, and Russo were granted 8,297, 4,493, 2,911, 2,911 and 736 deferral units, respectively, and 8,297, 4,493, 2,911, 2,911 and 736 matching units, respectively. The deferral units and matching units were issued as a result of deferrals by Messrs. Smith, St.Clair, Malecky, Muslih and Russo of \$440,782, \$238,700, \$154,613, \$154,613, and \$39,060, respectively, of their 2013 AIC Plan awards, and \$168,593, \$91,300, \$59,137, \$59,137, and \$14,940, respectively, of their 2013 discretionary bonus awards.

- (1) Represents vesting of 2012 grants of performance units and 2011 grants of phantom awards, both under the LTIP. Also represents the vesting of phantom units under the UDIP as a result of the deferral of 2011 bonus awards, including both deferral and matching units that vested on December 26, 2014 and were issued under the LTIP. See "Long-Term Incentive Plan" above. The vesting of the performance units was subject to the attainment of a pre-established distributable cash flow per LP Unit performance goal during a performance period that ended on December 31, 2014. On February 4, 2015, the compensation committee determined to vest the 2012 performance units at the 125% of the target award (between the target and maximum levels). The phantom units vested on February 9, 2014.

2014 Nonqualified Deferred Compensation Table

Khalid A. Muslih	36,577	10,099		192,313
Todd J. Russo	30,581	3,631		70,839

(1) These contributions in the last fiscal year for each named executive officer are included in the All Other Compensation column of the Summary Compensation Table above.

(2) The following amounts were previously reported as compensation in the Summary Compensation Table for previous years: Mr. Smith \$189,005; Mr. St.Clair \$146,098; Mr. Malecky \$117,920; and Mr. Muslih \$85,788.

The amounts reflected in the table above were credited to accounts of the named executive officers under the Benefit Equalization Plan. The Benefit Equalization Plan is a non-qualified deferred compensation plan and provides that any employee whose company contributions to qualified pension and savings plans have been limited due to IRS limits on compensation allowable for calculating benefits under qualified plans will receive an equivalent benefit under the Benefit Equalization Plan for company contributed amounts they would have received under qualified plans if there were no IRS limits on compensation levels. Employee deferrals are not allowed under the Benefit Equalization Plan. In addition, the Benefit Equalization Plan allows employees to invest their balances in the plan under a variety of fund options. The fund options under the Benefit Equalization Plan are the same fund options available under the RASP. Employees may periodically change their investment elections in the RASP and the Benefit Equalization Plan in accordance with its terms and the terms of the documents governing the investments in which they currently participate. Amounts accumulated by an employee in the Benefit Equalization Plan are payable to the employee, or their beneficiary, in a lump sum upon termination of employment or following death. All amounts are paid based on the timing and form set forth in the Benefit Equalization Plan. A participating employee may also receive a distribution of all or a portion of his or her account balance in the event of a "hardship" as defined in the plan document and upon determination by the committee that administers the plan.

Payments upon Termination or Change of Control

Severance Agreement Payments

The Partnership is party to a Severance Agreement with each of our named executive officers. Pursuant to the terms of the Severance Agreements, each named executive officer is entitled to severance payments following (i) the termination of employment by Services Company except if the termination is a result of (x) the continuous illness, injury or incapacity for a period of six consecutive months, or (y) "Cause", or (ii) a voluntary termination of employment by the executives upon (I) the material failure of Services Company to comply with and satisfy any of the terms of the Severance Agreement, (II) the significant reduction by Services Company of the authority, duties or responsibilities of the executives, (III) the elimination of the executives from eligibility to participate in, or the exclusion of the executives from participation in, employee benefit plans or policies, except to the extent such elimination or exclusion is applicable to our named executive officers as a group, (IV) the material reduction in the executives' annual base compensation or the reduction in the annual target cash bonus opportunity for which the executives are eligible (unless such reduction in the executives' annual target cash bonus opportunity is made in connection with similar reductions in the bonus opportunities of our named executive officers as a group), or (V) the transfer of the executive, without their express written consent, to a location that is more than 100 miles from the named executive officer's principal office as of the date of the Severance Agreement.

Upon a termination as set forth above, each named executive officer would be entitled to the following:

A lump-sum severance payment in the amount of (i) 100% of such named executive officer's base salary, plus (ii) 100% of the annual bonus opportunity, for the applicable year and

A monthly payment equal to 125% of the COBRA cost of continued health and dental coverage, less the amount that the executive would be required to contribute for health and dental coverage if he were an active employee, for a 12-month period.

For the purposes of the Severance Agreements, "Cause" is defined as (i) habitual insobriety or substance abuse, (ii) engaging in acts of disloyalty to Buckeye including fraud, embezzlement, theft, commission of a felony, or proven dishonesty, or (iii) willful misconduct of the executive in the performance of his duties, or the willful failure of the executive to perform a material function of his duties pursuant to the terms of the Severance Agreement.

Benefit Equalization Plan

Upon termination of employment for any reason, each named executive officer becomes entitled to distributions of the aggregate balances of his Benefits Equalization Plan account. If such officers had been terminated as of December 31, 2014, each of them would have been entitled to receive the amounts set forth opposite his name in the "Aggregate Balance at Last Fiscal Year End" column of the "2014 Nonqualified Deferred Compensation Table" for his Benefits Equalization Plan balance. The Benefit Equalization Plan termination payments are not set forth in the tables below.

Long-Term Incentive Plan

Upon a termination of employment for (i) death, (ii) disability, (iii) without cause during a change in control period or (iv) resignation for good reason during a change in control period, each of our named executive officers are entitled to accelerated vesting of all phantom units, and performance units, based on a payout performance multiplier of 100%, except with respect to the retention incentive phantom unit grants made on January 13, 2012, which do not provide for accelerated vesting upon a termination of employment on account of death or disability. Upon a termination of employment for cause or voluntary resignation, all unvested phantom units and performance units will be forfeited. If a named executive officer is terminated without cause, not during a change in control period, or retires, all phantom units vest based on the portion of the restriction period during which the named executive officer was employed by us, except with respect to the retention incentive phantom unit grants made on January 13, 2012, which do not provide for pro-rated vesting upon a termination of employment due to retirement, and all performance units will vest on a prorated portion based on a payout multiplier of 100%; provided, however, that if the termination of employment is within the six month period immediately prior to the end of the performance period, the prorated portion of the performance units will vest based on actual performance.

A more detailed description of the LTIP, including the change in control period, is contained in the narrative discussion entitled "Long-Term Incentive Plan" following the Grant of Plan-Based Awards Table and in the Compensation Discussion and Analysis.

Payments upon Termination or Change in Control Table

The table below reflects (in dollars) the compensation and benefits, if any, due to each of the named executive officers upon a voluntary termination, a termination for cause, an involuntary termination other than for cause or resignation for good reason, both before and after a change in control, a change in control without an accompanying termination, or a termination due to death, disability or retirement. The amounts shown assume that each termination of employment or the change in control, as applicable, was effective as of December 31, 2014, and the fair market value of an LP Unit as of December 31, 2014 was \$75.66, which was the closing price on December 31st, the last trading day of 2014. The amounts shown in the table are estimates of the amounts, which would be paid upon termination of employment or change in control, as applicable. The actual amounts to be

paid can only be determined at the time of the actual termination of employment or change in control, as applicable.

The value of the accelerated vesting and payment of phantom units was calculated by multiplying the aggregate number of phantom units by the fair market value of an LP Unit as of December 31, 2014, taking into account months of service over the 36 month vesting period as applicable for certain prorated payouts. The value of the accelerated vesting and payment of performance units was calculated by multiplying the aggregate number of performance units by the fair market value of an LP Unit as of December 31, 2014, taking into account months of service over the 36-month performance period based on a payout performance multiplier of 100%. More details concerning these values are set forth in the footnotes below.

(1) Reflects a lump-sum severance payment in the amount of (i) 100% of each named executive officer's base salary, plus (ii) 100% of the annual bonus opportunity, for 2014 pursuant to the terms of the named executive officers' severance agreements, which are described above.

(2) This amount represents the value of the accelerated vesting and payment of all phantom units based on a price per LP Unit as of December 31, 2014 of \$75.66 (the closing price on December 31, 2014, the last trading day of 2014). In the event of resignation for good reason after a change in control, termination without cause after a change in control, or termination because of death or disability, the named executive officer will be entitled to full accelerated vesting of 100% of his outstanding phantom units (except with respect to his retention incentive phantom unit grant, which does not provide for

Edgar Filing: BUCKEYE PARTNERS, L.P. - Form DEF 14A

accelerated vesting upon a termination of employment on account of death or disability). In the event of termination without cause or due to retirement, the named executive officer would not be entitled to full accelerated vesting but instead would be entitled to a prorated amount based on 329 days of service over the 1,096 service period (329/1,096) for his February 2014 phantom unit grant, 692 days of service over the 1095 day service period (692/1,095) for his February 2013 phantom unit grant (670 days of service over the 1,096 day service period (670/1,096) for Mr. Russo's March 2013 phantom unit grant 1,083 days of service over the 1,096 day service period (1,083/1,096) for his 2012 retention incentive phantom unit grant (for termination without cause only because retention awards do not provide for vesting upon retirement), and 1057 days of service over the 1,096 day service period (1,057/1,096) for his February 2012 phantom unit grant. The "2014 Outstanding Equity Awards at Fiscal Year-End Table" provides information on each named executive officer's phantom unit holdings at December 31, 2014.

(3)

This amount represents the value of the accelerated vesting and payment of all phantom units granted under the UDIP. The amount is based on a price per LP Unit as of December 31, 2014 of \$75.66. In the event of resignation for good reason after a change in control, termination without cause after a change in control, or termination because of disability or death, the named executive officer will be entitled to full accelerated vesting of 100% of his outstanding phantom units received pursuant to the UDIP. In the event of termination without cause, the named executive officer would be entitled to full vesting of his deferral units received pursuant to the UDIP, but the named executive officer's matching units would not be entitled to full accelerated vesting. Instead the matching units granted in 2014 would be entitled to a prorated vesting based on 364 days of service over the 1,079 day service period (364/1,079) and the matching units granted in 2013 would be entitled to a prorated vesting based on 729 days of service over the 1,078 day service period (729/1,078). In the event of the named executive officer's retirement prior to the vesting of his phantom units granted under the UDIP, the named executive officer would forfeit all such phantom units. The "2014 Outstanding Equity Awards at Fiscal Year-End Table" provides information on each named executive officer's phantom unit holdings at December 31, 2014, including phantom units received pursuant to the UDIP.

(4)

This amount represents the value of the accelerated vesting and payment of all performance units based on a price per LP Unit as of December 31, 2014 of \$75.66 and a distribution equivalent right payout of \$4.425 per unit and \$8.65 per unit for 2014 and 2013 grants, respectively. In the event of resignation for good reason after a change in control, termination without cause after a change in control, or termination because of disability or death, the named executive officer will be entitled to full accelerated vesting of 100% of his outstanding performance units and payment of DERs accumulated up to the date of the accelerated vesting. In the event of termination without cause or due to retirement, the named executive officer would not be entitled to full accelerated vesting but instead would be entitled to a prorated amount based on 364 days of service over the 1,096 day service period (364/1,096) for his February 2014 performance unit grant and based on 729 days of service over a 1,095 day service period (729/1,095) for his February 2013 performance unit grant (729 days of service over the 1,095 day service period (729/1,095) for Mr. Russo's March 2013 performance unit grant.). The "2014 Outstanding Equity Awards at Fiscal Year-End Table" provides information on each named executive officer's performance unit holdings at December 31, 2014.

(5)

Represents monthly payment equal to 125% of the COBRA cost of continued health and dental coverage, less the amount that the executive would be required to contribute for health and dental coverage if they were an active employee, for a 12-month period. For, Messrs. Smith, St.Clair, Malecky, Muslih and Russo, the monthly COBRA cost of continued health and dental coverage would be approximately \$1,526, \$1,526, \$1,511, \$1,526, and \$1,526, respectively, and their required monthly contributions if they were active employees would be approximately \$258, \$258, \$241, \$258, and \$258, respectively.

(6)

The amounts in this column do not represent the value of the accelerated vesting and payment of phantom units, UDIP phantom units, or performance units upon retirement. See the footnotes above with respect to the phantom units, UDIP phantom units, and performance units for an explanation of the treatment of such awards in the event of the holder's retirement.

- (1) Represents grant date fair value of grants of 2,000 phantom unit awards to Mrs. Duganier and Messrs. Bakker, Hobbs, LaSala, McKinley, Richard, Sowinski, and White on February 5, 2014. The grant date fair value of phantom unit awards is based on a target payout of such awards (computed in accordance with FASB ASC Topic 718), using the average of the high and low trading prices for our LP Units on the date of grant (\$70.69 for February 5, 2014). For a discussion of the valuations of phantom units, please see the discussion in Note 20 in the Notes to Consolidated Financial Statements of Buckeye's Annual Report on Form 10-K for the fiscal year ended December 31, 2014. As of December 31, 2014, Mrs. Duganier and Messrs. Bakker, LaSala, McKinley, Richard, Sowinski and White each held 2,000 phantom units. Mr. Hobbs forfeited his phantom unit award upon resignation from the board on June 3, 2014.
- (2) Amounts represent the distribution equivalents paid during 2014 on unvested phantom unit awards granted under the LTIP. In addition to Mr. Wylie's distribution equivalents paid on his unvested phantom unit awards (\$4,375) during 2014, he also received a distribution equivalent payment of \$260,735 for his 2011 Performance Unit Vesting.
- (3) Mr. Wylie resigned from the board effective August 5, 2014.
- (4) Pursuant to an agreement with the Partnership described below, includes \$90,000 in cash fees paid and \$67,522 in office services, including an office and secretarial support, provided after Mr. Wylie's resignation from the board.
- (5) Ms. Baumann and Messrs. Niemiec and Payne joined the board on September 29, 2014.
- (6) Mr. Hobbs resigned from the board effective June 3, 2014.

Non-Employee Directors other than Mr. Wylie

In 2014, non-employee directors of Buckeye GP other than Mr. Wylie received an annual fee in cash of \$50,000 plus \$1,250 for each board of directors and committee meeting attended (new directors receive prorated annual fees). Each director also received a grant under the LTIP of 2,000 phantom units, which vested on the first anniversary of the date of grant, or February 5, 2015. Directors who joined the board after February 5, 2014 did not receive a phantom unit grant in 2014, but did receive an additional grant in 2015 that was prorated to recognize their service in 2014. Additionally, the chairs

of the audit, compensation, nominating and corporate governance, and HSSE committees each received an annual fee of \$10,000 and the Lead Independent Director receives an annual fee of \$20,000. Mr. Sowinski's Lead Independent Director annual fee for 2014 was prorated to recognize service commencing on August 5, 2014. Mr. Smith did not receive any fees for services as a director. We reimbursed our general partner for the directors' fees.

Forrest E. Wylie

Mr. Wylie resigned as Chief Executive Officer of Buckeye GP, effective as of February 10, 2012 and resigned from the board of directors effective August 5, 2014. Mr. Wylie was not a party to any employment, severance or change in control agreement and therefore was not eligible for any severance or termination payments upon his resignation as CEO. In connection with his resignation as CEO, Mr. Wylie entered into a Non-Executive Chairman Agreement pursuant to which he was paid an annual stipend of \$180,000. This annual stipend was in lieu of any cash board of director fees ordinarily paid to non-employee members of the board of directors. In connection with his resignation from the board, the Partnership agreed to continue to pay his stipend and provide certain office services through the end of the terms of the non-competition and non-solicitation provisions of the Non-Executive Chairman Agreement, which expired on February 8, 2015. Under the terms of the LTIP, Mr. Wylie was entitled to continued vesting of outstanding phantom and performance units while he served on the board of directors. In anticipation of Mr. Wylie's service on the board of directors as a non-employee director, he was granted 6,000 phantom units, 2,000 of which vest each year over a three-year period, to match the annual grants of 2,000 phantom units made to our other non-employee directors. The last 2,000 of these phantom units were forfeited upon Mr. Wylie's resignation from the board of directors.

SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT

The following table sets forth as of April 6, 2015 the number of our LP Units beneficially owned by: (1) each person who is known to us to beneficially own more than 5% of our LP Units; (2) the current directors and the nominees of our general partner's board of directors; (3) the named executive officers of our general partner; and (4) all current directors and executive officers of our general partner as a group. We obtained certain information in the table from filings made with the SEC.

These awards are not taken into account in the calculation of the weighted-average exercise price of outstanding LP Unit options and rights under the LTIP.
- (3) With the adoption and utilization of the LTIP, we do not expect to make any future grants pursuant to the Option Plan.

TRANSACTIONS WITH RELATED PERSONS, PROMOTERS AND CERTAIN CONTROL PERSONS

Transactions with Related Persons

Buckeye is not aware of any transaction since January 1, 2014, or any currently proposed transaction, in which Buckeye was or is to be a participant and the amount involved exceeds \$120,000, and in which any related party has or will have a direct or indirect material interest.

Policies Regarding Related Party Transactions

Except for compensation that we pay, the material portions of which are described in this proxy statement, our general policy is to avoid transactions between us and our directors and officers or holders of 5% or more of our LP Units (including members of their families) and that any such transactions that are not avoided should be resolved pursuant to the conflicts of interest resolution provisions in our partnership agreement. In furtherance of this policy, we have adopted Corporate Governance Guidelines, a Code of Ethics for Directors, Executive Officers and Senior Financial

Employees and a Business Code of Conduct for all employees, which generally require the reporting to management of transactions or opportunities that constitute conflicts of interest so that they may be avoided. These guidelines and codes, along with our partnership agreement, are in writing and are available on our website at www.buckeye.com by browsing to the "Corporate Governance" subsection of the "Investor Center" menu.

Pursuant to our Corporate Governance Guidelines and our partnership agreement, any transaction between us and our officers and directors or holders of 5% or more of our LP Units that is not avoided must be fair and reasonable to us. Any resolution or course of action will be deemed to be fair and reasonable to us if it is approved by our nominating and corporate governance committee (as long as the material facts known to the officers and directors of our general partner regarding any proposed transaction were disclosed to the nominating and corporate governance committee at the time of its approval), if it is on terms objectively demonstrable to be no less favorable to us than those generally being provided to or available from unrelated third parties, or fair to us, taking into account the totality of the relationships among the parties involved, including other transactions that may be particularly favorable or advantageous to us.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the directors and executive officers of our general partner and persons who beneficially own more than 10% of our LP Units to file ownership and changes in ownership reports with the SEC and the NYSE. The SEC regulations also require that a copy of all these filed Section 16(a) forms must be furnished to us by the directors and executive officers of our general partner and persons beneficially owning more than 10% of our LP Units. Based solely on a review of Forms 3, 4 and 5 furnished to us and written representations from certain persons that no other reports were required for those persons, we believe that for 2013, all officers and directors, and persons beneficially owning more than 10% of our LP Units, who were required to file reports under Section 16(a) complied with such requirements.

PROPOSAL 2 RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS

The audit committee has appointed Deloitte as Buckeye's independent registered public accountants for fiscal year 2015 and has reviewed the scope of, and overall plan for, the 2015 fiscal year audit. The audit committee recommends that Buckeye's unitholders ratify the appointment of Deloitte. As in prior years, the audit committee, along with Buckeye's management, reviewed Deloitte's performance as part of our consideration of whether to appoint the firm as independent auditors for 2015. As part of this review, the audit committee considered the continued independence of Deloitte; Deloitte's effectiveness of communications with the audit committee, management and Buckeye's internal auditors; and the period of time that Deloitte has served as Buckeye's independent auditors (Deloitte has served as Buckeye's independent registered public accountants since 1986). The audit committee also evaluated the quality and depth of Deloitte and the audit team's expertise and experience with respect to Buckeye's business and organizational structure.

Pursuant to the five-year rotation requirement mandated by the Sarbanes-Oxley Act of 2002, Deloitte's lead audit partner for the Partnership will rotate beginning in 2016. The audit committee and its chair were directly involved in selecting the new lead audit partner in the first quarter of 2015, allowing sufficient time for transition. The new lead partner was selected after assessing a number of factors including, amongst others, the candidate's independence, objectivity, broad-based business judgment, midstream industry and MLP experience and commitment to serving the Partnership.

Representatives of Deloitte will be available to answer appropriate questions at the Annual Meeting and are free to make statements during the meeting.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT UNITHOLDERS VOTE "FOR" THE RATIFICATION OF THE APPOINTMENT OF DELOITTE AS BUCKEYE'S INDEPENDENT REGISTERED PUBLIC ACCOUNTANTS FOR FISCAL YEAR 2015.

**UNITHOLDER PROPOSALS FOR 2016
ANNUAL MEETING OF LIMITED PARTNERS**

Any unitholder entitled to vote at our 2016 annual meeting of limited partners can nominate persons for election to the board of directors of our general partner at the annual meeting by complying with the procedures set forth in our partnership agreement. The ability of a person to serve on our general partner's board of directors is limited by the NYSE listing requirements regarding the independence and experience of directors of our general partner's board or committees thereof.

In order to nominate persons to our general partner's board of directors at the 2016 annual meeting, written notice must be delivered to our general partner at One Greenway Plaza, Suite 600, Houston, Texas 77046 no later than the close of business on March 4, 2016, nor earlier than the close of business on February 3, 2016. The written notice must include: (1) as to each person whom the unitholder proposes to nominate for election or reelection as a director of our general partner, all information relating to such nominee that is required to be disclosed in solicitations of proxies for the election of directors in an election contest, or is otherwise required, in each case pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including such person's written consent to being named in the proxy statement as a nominee and to serving as a director of our general partner if elected); and (2) as to the unitholder giving the notice and the beneficial owner, if any, on whose behalf the nomination is made: (i) the name and address of such unitholder and any beneficial owner; and (ii) the number of LP Units which are owned beneficially and of record by the unitholder and any beneficial owner; (iii) a description of any agreement, arrangement or understanding with respect to the nomination between or among the unitholder and such beneficial owner, any of their respective affiliates or associates, and any others acting in concert with any of the foregoing, (iv) a description of any agreement, arrangement or understanding (including any derivative or short positions, profit interests, options, warrants, stock appreciation or similar rights, hedging transactions, and borrowed or loaned LP Units) that has been entered into as of the date of the unitholder's notice by the unitholder and any such beneficial owners, the effect or intent of which is to mitigate loss to, manage risk or benefit of LP Unit price changes for, or increase or decrease the voting power of, such unitholder and any such beneficial owner, with respect to LP Units, (v) a representation that the unitholder is a record holder entitled to vote at the meeting and intends to appear in person or by proxy at the meeting to propose such nomination and (vi) a representation whether the unitholder or the beneficial owner, if any, intends or is part of a group which intends (a) to deliver a proxy statement and/or form of proxy to holders of at least the percentage of the Partnership's LP Units required to elect the nominee and/or (b) otherwise to solicit proxies from unitholders in support of such nomination. Any proposed nominee could be required to furnish such other information as the Partnership may reasonably require to determine the eligibility of such proposed nominee to serve as a director.

Any limited partner who wishes to submit a proposal for inclusion in the proxy materials for our 2016 annual meeting must submit such proposal by the dates referred to above or it will be considered untimely. SEC rules set forth standards as to what proposals are required to be included in a proxy statement for a meeting. In no event are limited partners allowed to vote on matters that would cause the limited partners to be deemed to take part in the management and control of our business and affairs so as to jeopardize the limited partners' limited liability under the Delaware limited partnership act or the law of any other state in which we are qualified to do business.
