Report of Independent Public Accounting Firm

The Board of Directors Chemtura Corporation

We have audited the accompanying statement of net assets available for benefits of Great Lakes Savings Plan as of December 31, 2004, and the related statement of changes in net assets available for the year then ended. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. We were not engaged to perform an audit of the Plan s internal control over financial reporting. Our audit included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan s internal control over financial reporting. Accordingly, we express no such opinion. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for the benefits of the Plan at December 31, 2004, and the changes in its net assets available for benefits for the years then ended, in conformity with U.S. generally accepted accounting principles.

Report of Independent Registered Public Accounting Firm

The Plan Administrator Great Lakes Savings Plan:

We have audited the accompanying statement of net assets available for benefits of the Great Lakes Savings Plan (the Plan) as of December 31, 2005, and the related statement of changes in net assets available for benefits for the year then ended. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit also includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan at December 31, 2005, and the changes in net assets available for benefits for the year then ended, in conformity with U.S. generally accepted accounting principles.

Our audit was performed for the purpose of forming an opinion on the financial statements taken as a whole. The accompanying supplemental schedule of assets (held at end of year) and schedule of reportable transactions for the year then ended, are presented for purposes of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These supplemental schedules are the responsibility of the Plan s management. The supplemental schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

GREAT LAKES SAVINGS PLAN

Notes to Financial Statements

December 31, 2005 and 2004

(1) Description of the Plan

The following description of the Great Lakes Savings Plan (the Plan) provides only general information. More detailed information concerning the Plan may be found by consulting the Summary Plan Description, which is available from the plan administrator.

The Plan is a defined contribution plan. Eligible employees of the former Great Lakes Chemical Corporation (the Company) may participate in the Plan as soon as administratively possible after completing one hour of service. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

On March 9, 2005, the Company and Crompton Corporation (Crompton) announced the signing of a definitive merger agreement for an all-stock merger transaction. Under the terms of the agreement, the Company s shareholders received 2.2232 shares of Crompton s common stock for each share of Great Lakes common stock they hold. As a result of the merger, the Company was renamed Chemtura Corporation. The transaction closed on July 1, 2005. The Great Lakes Plan was maintained as a separate plan through year end 2005.

(a) Participant Accounts

Each participant s account is credited with the participant s contributions and allocations of (a) the Company s contributions and (b) plan earnings, and is charged with an allocation of administrative expenses. Allocations are based on participant earnings or account balances, as defined. Forfeited balances of the terminated participants nonvested accounts are used to offset administrative expenses and to the extent not needed to offset such expenses, to reduce future Company contributions. The benefit to which a participant is entitled is the benefit that can be provided from the participant s account.

(b) Contributions

Voluntary employee contributions to the Plan are made through periodic payroll deductions at the rate of 1% to 50% of the participants eligible earnings. The Company contributes an amount equal to 50% of the participants basic contribution, up to the first 6% of the participants eligible earnings. In 2004, all the matching contributions were made in Great Lakes Chemical Corporation common stock acquired through purchase on the open market or through use of treasury shares, except for Adrian s first 2% which is paid in cash. In 2005, all the Company s matching contributions were made in cash.

(c) Payment of Benefits

Participants who terminate employment for any reason are eligible to receive an immediate lump sum distribution of their vested account balance.

Participants who are actively employed who have attained the age of 59-1/2 may make one withdrawal per calendar year from the participant s account. Such withdrawals must not exceed the vested balance of the participant s account.

A participant who is actively employed may request a partial withdrawal of the amounts held in the participant s account (which reflects all vested contributions to the Plan) at any time and will be paid the current value of the account as a result of a financial hardship. However, the withdrawal must be necessary to meet an immediate and heavy financial need of the participant and must not exceed the

value of the participant account or the amount required to meet the need created by the financial hardship.

(d) Participant Loans

A participant may borrow against the vested balance in his account. Such a loan must exceed a minimum amount of \$1,000, but may not exceed the lesser of 50% of the account balance or \$50,000, reduced by the excess, if any, of the highest outstanding loan balance from the Plan in the previous 12 months. A participant is allowed one loan at a time with the interest rate being 1% above the prime lending rate on the first day of the month in which the loan was made. Loans are repaid through payroll deductions over no more than 4 years (15 years if the loan was made for the purchase of a primary residence). The employers matching contributions are not available for participant loans.

(e) Vesting

A participant who terminates employment is able to receive the full vested value of his account. Participants with 6 or more years of service are 100% vested in the Company s matching contributions. Participants with less than two years, at least two, three, four or five years of service are 0%, 20%, 40%, 60% or 80% vested, respectively. After a five year period of severance, the nonvested portion of the employer s contribution will be forfeited and applied to reduce the employer s future contributions or administrative expenses. Amounts forfeited during 2005 and 2004 were \$166,166 and \$182,761, respectively. Amounts forfeited were used to pay Plan expenses in these years.

(2) Summary of Accounting Policies

(a) Investments Valuation and Income Recognition

The Plan s investments are stated at fair value. The shares of registered investment companies are valued at quoted market prices, which represent the net asset values of shares held by the Plan at year-end. The fair value of the participation units owned by the Plan in the common collective trust funds is based on quoted redemption values on the last business day of the plan year. The fair value of investments in securities traded on a national securities exchange is determined based on the last reported sale on the last business day of the plan year, including Company stock contributed. The participant notes are valued at cost, which approximates fair value.

Dividend income is recorded on the ex-dividend date. Purchases and sales are recorded on a trade-date basis. Realized gains or losses on investment securities sold are determined using the average historical cost method.

(b) Use of Estimates

Preparation of the financial statements in conformity with U.S. generally accepted accounting principles requires management to make estimates that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

(3) Investments

During 2005 and 2004, the Plan s investments (including investments purchased, sold, as well as held during the year) appreciated in fair value as follows.

| | 2005 | 2004 |
|---|------------|-----------|
| Common stock | \$ 298,948 | 1,127,932 |
| Shares of registered investment companies | 281,959 | 6,314,651 |
| | \$ 580,907 | 7.442.583 |

Individual investments that represent 5% or more of the Plan s net assets are presented in the following table.

| | 2005 | 2004 |
|-----------------------------------|------------|------------|
| Common stock: | | |
| Great Lakes Chemical Corporation* | \$ | 21,651,860 |
| Chemtura Corporation | 15,656,428 | |
| Registered investment companies: | | |
| Vanguard Windsor Fund | 21,505,678 | 22,743,809 |
| Vanguard Index 500 Portfolio Fund | 19,197,117 | 22,233,405 |
| Vanguard Explorer Fund | 7,936,073 | 8,854,040 |
| Vanguard Wellesley Fund | 5,727,705 | 6,059,785 |
| Common collective trust fund: | | |
| Vanguard Retirement Savings Trust | 14,797,625 | 15,116,548 |
| | | |

* Nonparticipant-directed

(4) Nonparticipant-Directed Investments

Information about the net assets and the significant components of the changes in net assets relating to the nonparticipant-directed investment is as follows:

| | December 31 | |
|-----------------------------------|-------------|------------|
| | 2005 | 2004 |
| Net assets: | | |
| Great Lakes Chemical Corporation* | | 21,651,860 |

| | Year ended Decembe | er 31 |
|--|--------------------|-------------|
| | 2005 | 2004 |
| Changes in net assets: | | |
| Contributions | | 3,694,035 |
| Interest and dividends | | 280,679 |
| Net realized and unrealized appreciation in fair value | | 1,127,932 |
| Asset transfers in | | 32,552 |
| Transfers to participant directed funds | | (1,057,191) |
| Distributions to participants | | (1,435,598) |
| Administrative expenses | | (2,599) |
| | \$ | 2,639,810 |

Effective January 1, 2005, participants may elect to redirect all or a portion of the Company s matching contribution in investments other than the Company s common stock. As a result, the Company s common stock is considered a participant-directed investment during the 2005 plan year.

(5) Plan Termination

Although it has not expressed the intent to do so, the Company has the right to terminate the Plan, subject to the provisions of ERISA. In the event the Plan is terminated, each participant s account shall be nonforfeitable with respect to both the participant s and the Company s contributions (vested and nonvested portions), and the net assets are to be set aside for the payment of withdrawals to the participants.

(6) Related Party Transactions

During 2005 and 2004, the Plan received \$251,460 and \$280,679, respectively, in common stock dividends from the Company. A majority of the fees paid for legal, accounting and other services rendered by parties-in-interest were paid by the Company.

(7) Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated October 10, 2003, stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Subsequent to the issuance of the favorable determination letter by the Internal Revenue Service, the Plan has been amended. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The plan administrator believes the Plan is being operated in compliance with the applicable requirements of the Code and, therefore, believes that the Plan, as amended, is qualified and the related trust is tax exempt.

(8) Risks and Uncertainties

The Plan invests in various investment securities. Investment securities are exposed to various risks such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect participants—account balances and the amounts reported in the statements of net assets available for benefits.

(9) Asset Transfer

On January 1, 2005, the Company transferred out assets of \$5,343,955 from the Plan to the defined contribution plan of WIL Research Laboratories, LLC.

(10) Subsequent Event

The nonbargaining participants of the Great Lakes Savings Plan were transferred to the Crompton Savings Plan on February 1, 2006.
