Item 2.05 Costs Associated with Exit or Disposal Activities.

On January 8, 2014, Ironwood Pharmaceuticals, Inc. (Ironwood) announced that it is reducing headcount by approximately 10% to align its workforce with its strategy to grow a leading gastrointestinal therapeutics company. Ironwood detailed its growth strategy at its Investor Day in December 2013. As maximizing LINZESS® (linaclotide) is core to Ironwood's strategy, Ironwood's field-based sales force and medical science liaison team are excluded from the workforce reduction. Following the changes, Ironwood expects to have approximately 480 full-time employees and to be appropriately resourced to continue executing on its growth strategy. Ironwood estimates that it will incur aggregate charges in connection with its reduction in workforce of approximately \$4.0 million to \$4.5 million for employee severance and benefit costs, of which approximately 85% to 95% are expected to result in cash expenditures.

Ironwood committed to this course of action on January 8, 2014, and expects to complete the reduction in workforce during the first quarter of 2014.
