About Oncolytics Biotech Inc.

Oncolytics is a Calgary-based biotechnology company focused on the development of oncolytic viruses as potential cancer therapeutics. Oncolytics clinical program includes a variety of Phase I and Phase I/II human trials using REOLYSIN[®], its proprietary formulation of the human reovirus, alone and in combination with radiation. For further information about Oncolytics, please visit <u>www.oncolyticsbiotech.com</u>

The presentation and webcast times are subject to change. This release and the presentation related thereto contain forward-looking statements which involve known and unknown risks, delays, uncertainties and other factors not under the Company s control and which may cause actual results, performance or achievements of the Company to be materially different from the results, performance or expectations implied by these forward-looking statements. Such risks and uncertainties include, among others, the efficacy of REOLYSIN[®] as a cancer treatment, the success and timely completion of clinical studies and trials, uncertainties related to the research and development of pharmaceuticals, uncertainties related to the regulatory process and general changes to the economic environment. Investors should consult the Company s quarterly and annual filings with the Canadian and U.S. securities commissions for additional information on risks and uncertainties relating to the forward looking statements. Investors are cautioned against placing undue reliance on forward looking statements. The Company does not undertake to update these forward looking statements.
