This Amendment No. 1 (the "Amendment") amends the Statement of Beneficial Ownership on Schedule 13D originally filed with the Securities and Exchange Commission on June 30, 2008 (the "Schedule 13D") by the Reporting Person with respect to shares of common stock, par value \$1.00 (the "Common Shares") of Federal Signal Corporation (the "Issuer"), whose principal executive offices are located at 1415 West 22nd Street, Oak Brook, Illinois 60523. Unless specifically amended hereby, the disclosures set forth in the Schedule 13D shall remain unchanged. Capitalized terms used but not otherwise defined herein shall have the meanings set forth in the Schedule 13D.

Item 4. Purpose of Transaction.

Item 4 of the Schedule 13D is hereby amended by the addition of the following:

On July 9, 2008, the Reporting Person sent a letter to the Issuer's Board of Directors stating that BMO Capital Markets Corp.'s ("BMO") downgrade of the Issuer to "underperform" gave the Board even more reason to carefully consider its selection of the next Chief Executive Officer.

In its report, BMO lowered its 2009 price target of the Issuer's stock from \$13 per share to \$10 and expressed its belief that the Issuer's current valuation was not warranted.

As the Reporting Person is the only candidate for the CEO position whose name has been publicly announced, he observed that "it is possible to conclude that [the Issuer's] share price has been supported by my reputation, my purchases of [the Issuer's] stock which have been publicly disclosed, as well as purchases by some of [the Issuer's] largest shareholders, who I have been informed, actively endorse my candidacy."

The Reporting Person further expressed his belief that the Issuer's "future valuation will depend on [the Issuer's] ability to generate growth organically and through targeted acquisitions if the price of its shares is to maintain its premium to its peers and achieve higher than anticipated multiples - areas in which I have achieved demonstrable success."

"I therefore find it difficult to believe that the Board is so naïve as to base its selection of a CEO on personality tests, rather than a careful evaluation of a candidate's history of proven performance and delivery of shareholder value."

The Reporting Person advised the Board that, although they had not responded to his prior offers to meet with the Board personally, he remained "keenly interested" in the CEO position and intended to continue to purchase shares of the Issuer as circumstances dictated.

A copy of the letter is annexed hereto as Exhibit J.

On July 10, 2008, the Reporting Person issued a press release highlighting the contents of the letter he sent to the Issuer's Board of Directors on July 9, 2008.

A copy of the press release is annexed hereto as Exhibit 99.1.

Other than as set forth in this Item 4, the Reporting Person does not have any current plans, proposals or negotiations that relate to or would result in any of the matters referred to in paragraphs (a) through (j) of Item 4 of the Statement. The Reporting Person intends to review his investment in the Issuer on a continuing basis, and to the extent permitted by law, may seek to engage in discussions with other stockholders and/or with management and the Board of the Issuer concerning the business, operations or future plans of the Issuer. Depending on various factors including, without limitation, the Issuer's financial position, the price levels of the Common Stock, conditions in the securities markets and general economic and industry conditions, the Reporting Person may, in the future, take such actions with respect to his investment in the Issuer as he deems appropriate including, without limitation, purchasing additional Common Stock, selling Common Stock, engaging in short selling of or any hedging or similar transaction with respect to the Common Stock, taking any action to change the composition of the Board, taking any other action with respect to the Issuer or any of its securities in any manner permitted by law or changing its intention with respect to any and all matters referred to in paragraphs (a) through (j) of Item 4.

Any description herein of the above referenced letter and press release are qualified in their entirety by reference to the attached Exhibits.

Item 5. Interest in Securities of the Issuer.

Item 5 of the Schedule 13D is hereby amended and restated in its entirety to read as follows:

(a), (b) and (c). As of July 9, 2008, the Reporting Person may be deemed to be the beneficial owner (as that term is defined under Rule 13d-3 under the Exchange Act of 1934, as amended) of 2,855,954 shares of Common Stock, constituting approximately 5.95% of the outstanding shares of Common Stock (the percentage of shares owned being based upon 47,997,478 Common Shares outstanding as of April 13, 2008, as set forth in the Issuer's most recent report on Form 10-Q for the period ended March 31, 2008, filed with the Securities and Exchange Commission on May 2, 2008), over which the Reporting Person exercises sole voting and dispositive power.

No transactions in the shares of Common Stock have been effected by the Reporting Person during the last 60 days except the following transactions, each of which was made by the Reporting Person in a broker's transaction in the open market. Prices do not include brokerage commissions.

Mr. James C. Janning
Chairman of the Board
Federal Signal Corporation
1415 West 22nd Street
Oak Brook, Illinois 60523

Dear Mr. Janning:

I assume that the Board has seen the recent analyst report prepared by BMO Capital Markets Corp. downgrading Federal Signal Corporation (“FSS”) to “underperform.” BMO’s analysis is both enlightening and cautionary - and gives the Board even more reason to consider its selection of the next Chief Executive Officer most carefully.

In its report, BMO states:

“We believe the continuing pressures on US municipal budgets owing to softness in the US economy couple with signs of economic weakness outside the US, particularly Europe, create the potential for earnings to fall below company and Street expectations. (Management guidance and the consensus estimate for 2008 EPS are \$0.82 and \$0.79, respectively)”

BMO further observes:

“Federal Signal is trading at a P/E of 15.5x estimated 2009 EPS of \$0.85. On an EV/EBITDA basis, the shares are trading at 9.7x our 2009 EBITDA estimate of \$95.7 million. We believe the premiums to our coverage group averages of 13.4x and 8.2x, respectively, are unwarranted; the share price has performed surprisingly well as compared with many other industrial names”.

BMO concludes:

“As a result of a lower EBITDA estimate, our price target is lowered. Given the company’s exposure to weakening end-markets, we do not believe Federal Signal’s current valuation is warranted.”

Chairman of the Board and Acting Chief Executive Officer

As I am the only candidate whose name has been publicly announced, it is possible to conclude that FSS' share price has been supported by my reputation, my purchases of FSS stock which have been publicly disclosed, as well as purchases by some of FSS's largest shareholders, who I have been informed, actively endorse my candidacy.

As a result of its reduced estimate of FSS's EBITDA for 2009, BMO lowered its price target for FSS shares from \$13 to \$10. That would not only represent a 32% discount to the July 8, 2008 closing price of FSS shares, it is well below my average cost basis, and I believe, the average cost basis of many other FSS stockholders.

I believe that FSS's future valuation will depend on FSS's ability to generate growth organically and through targeted acquisitions if the price of its shares is to maintain its premium to its peers and achieve higher than anticipated multiples - areas in which I have achieved demonstrable success.

I therefore find it difficult to believe that the Board is so naïve as to base its selection of a CEO on personality tests, rather than a careful evaluation of a candidate's history of proven performance and delivery of shareholder value.

Let me be clear. I have repeatedly offered to accommodate the Board to meet in person or telephonically to discuss my candidacy, but have received no response. I remain keenly interested in the CEO position and the future success of FSS. I intend to continue to purchase shares in the market, as circumstances dictate, as further evidence of my commitment.

Very truly yours,
