#### ITEM 2.02. Results of Operations and Financial Condition

#### ITEM 7.01. Regulation FD Disclosure

On July 28, 2005, FTI Consulting, Inc. (FTI) announced our financial results for the second quarter ended June 30, 2005, as well as other information, including operating results by business segment and other developments. The full text of the Press Release (and Financial Tables) is set forth in Exhibit 99.1 hereto.

The Press Release contains some discussion regarding FTI s earnings before interest, taxes, depreciation and amortization (EBITDA) and EBITDA after potential litigation settlement (Adjusted EBITDA) and segment Adjusted EBITDA. Although EBITDA and Adjusted EBITDA are not measures of financial condition or performance determined in accordance with generally accepted accounting principles, FTI believes that they are useful operating performance measures for evaluating our results of operations from period to period and as compared to our competitors. EBITDA is a common alternative measure of operating performance used by investors, financial analysts and rating agencies to value and compare the financial performance of companies in our industry. FTI uses EBITDA to evaluate and compare the operating performances of its segments and it is one of the primary measures used to determine employee bonuses. FTI also uses EBITDA to value businesses it acquires or anticipates acquiring. A reconciliation of EBITDA and Adjusted EBITDA to net earnings is included in the accompanying Financial Tables to the Press Release furnished as Exhibit 99.1. EBITDA and Adjusted EBITDA are not defined in the same manner by all companies and may not be comparable to other similarly titled measures of other companies unless the definition is the same. In addition, because the calculation of EBITDA in the maintenance covenants contained in FTI s credit facilities is based on accounting policies in use, consistently applied from the time the indebtedness was incurred, EBITDA and Adjusted EBITDA as supplemental financial measures are also indicative of FTI s capacity to service debt and thereby provides additional useful information to investors regarding FTI s financial condition and results of operations. EBITDA and Adjusted EBITDA for purposes of the covenants set forth in our senior secured credit facility are not calculated in the same manner as calculated for purposes of the attached Financial Tables accompanying the Press Release.

The information included herein, including Exhibit 99.1 furnished herewith, shall be deemed not to be filed for purposes of Section 18 of the Securities Act of 1934, as amended (the Exchange Act ), or otherwise subject to the liabilities of that section, nor shall it be incorporated by reference into any filing pursuant to the Securities Act of 1933, as amended, or the Exchange Act, regardless of any incorporation by reference language in any such filing, except as expressly set forth by specific reference in such filing.
