2. In accordance with the Financial Accounting Standards Board's Statement of Financial Accounting Standards Issue No. 144 (Accounting treatment for depreciation or disposal of long term assets), profit and loss relating to non-continuous businesses is independently indicated and the operating revenue for the past years pertinent to said businesses has been modified. Furthermore, because a method of indicating income and expenses relating to renewed lease as well as a method of indicating income and expenses relating to automobile maintenance services have been changed from the 43rd Fiscal Year, in order to conform to the indication for the 43rd Fiscal Year, the operating revenue for the past years has been modified. ### **Proposal 1: Amendments to the Articles of Incorporation**

#### 1. Reason for Amendment

In conjunction with the Company Law (Law No. 86 of 2005), the Law Concerning Conformation Etc. of Related Laws in Conjunction with the Implementation of the Company Law (Law No. 87 of 2005) and the Company Law Implementation Regulations (Ministry of Justice Regulation No. 12 of 2006) etc. (hereinafter referred to as the Company Law Etc. ) becoming effective on May 1, 2006, the whole Articles of Incorporation have been reconsidered.

The proposed amendments that alter substantively the content of the Articles of Incorporation are the five (5) matters indicated below:

The other proposed amendments to the Articles of Incorporation are to conform (by addition, deletion and moving articles, and revising expressions and amending article references in accordance therewith) the provisions of the Articles of Incorporation with the systems, structure and expressions changed by the Company Law Etc. The basic intent of such amendments is to accurately reflect the structure of chapters, etc. and expressions of terminology used in the provisions of the Company Law Etc.

#### (1) Addition and Deletion of Purposes of Business

Amendments have been proposed to add and delete certain purposes of ORIX CORPORATION's business in light of the current status of business activities conducted by ORIX CORPORATION (herein after referred to as the Company ) and its subsidiaries.

*(Relating to Article 2 of the proposed amended Articles of Incorporation)*

#### (2) Adoption of New Provisions concerning Rights of Shares Less of than One Unit

In conjunction with the Company Law Etc. allowing the rights of shares less than one Unit to be limited to the extent provided by the applicable laws and ordinances and the articles of incorporation, and for the purpose of encouraging the transition to a Unit share, it is intended that new provisions limiting the rights of shares less than one Unit, other than such rights relating to rights to self-interest, will be adopted into the Articles of Incorporation.

*(Relating to Article 6 of the proposed amended Articles of Incorporation)*

#### (3) Adoption of New Provisions Concerning Provision of the Reference Documents Etc. for the General Meeting of Shareholders through the Internet

In conjunction with the Company Law Etc. providing that the disclosure of the reference documents etc. for the General Meeting of Shareholders shall be deemed to have been made if disclosed through use of the internet, and for the purpose of providing such information in a manner that is convenient for the shareholders, it is intended that new provisions in relation thereto will be adopted into the Articles of Incorporation.

*(Relating to Article 13 of the proposed amended Articles of Incorporation)*

#### (4) Addition of Provisions Concerning General Meeting of Shareholder Resolution to Remove Directors

Under the old Commercial Code, the removal of a director required a special resolution by a General Meeting of Shareholders. The Company Law Etc. has made the voting requirement for removal of a director the same as the voting requirement to elect a director. The Articles of Incorporation provides that a resolution for the election of a director may be made at a General Meeting of Shareholders at which shareholders holding one third (1/3) or more of the relevant voting rights attend. In that regard, for the purpose of conforming the quorum requirement of General Meetings of Shareholders concerning removal of a director to the requirements concerning election of a director, the appropriate amendments are proposed to be made.

*(Relating to Article 17 of the proposed amended Articles of Incorporation)*

**Table of Contents**

(5) Adoption of New Provisions Concerning Abbreviation of Board of Directors Resolution

In conjunction with the Company Law Etc. providing that a company may deem that a resolution of the Board of Directors had been made without holding a meeting of the Board of Directors when all directors express their intentions to consent to a certain proposal in writing or electromagnetic record form, for the purpose of enabling the Company to make timely decisions, the appropriate new provisions are proposed to be adopted.

**Proposal 3: Issuance of Stock Acquisition Rights as Stock Options**

The shareholders are hereby requested to approve the delegation by the shareholders meeting of the Company to the Board of Directors of determination on matters concerning offering of stock acquisition rights to be issued as stock options to employees of the Company, directors, corporate auditors and employees of subsidiaries of the Company and of other companies that have a shareholding relationship with the Company, such as companies affiliated with the Company (hereinafter collectively referred to as the Subsidiaries etc. of the Company ), in accordance with Articles 236, 238 and 239 of the Company Law:

1. The reason for issuance of stock acquisition rights:

To further enhance the motivation of the employees of the Company and the directors, corporate auditors and employees of the Subsidiaries etc. of the Company to achieve better business results and to boost further their morale, and to further increase corporate value of the Company, the Company wishes to issue stock acquisition rights as stock options to the persons to be allocated stock acquisition rights referred in 2 below, as summarized in 3 below.

The Company believes that in light of the purposes stated above and the content and effect of the issuance, the issuance of stock acquisition rights as stock options pursuant to this Proposal does not necessarily constitute particularly advantageous terms (Article 238, Paragraph 3, Item 1) for the employees of the Company and the directors, corporate auditors and employees of the Subsidiaries etc. of the Company acquiring the stock acquisition rights, even if the issuance shall not require payment in exchange for the stock acquisition rights. However, because it has not been long since the Company Law (Law No. 86 of 2005) became effective, and considering that the criteria to determine whether it legally constitutes particularly advantageous terms has not been clearly established yet, in order to obtain shareholders' understanding as to the issuance of the stock acquisition rights by the Company, the shareholders are hereby requested to approve by a special resolution of the General Meeting of Shareholders.

2. Persons to be allocated stock acquisition rights:

Employees of the Company and directors, corporate auditors and employees of the Subsidiaries etc. of the Company.

3. Summary of issuance of stock acquisition rights (the content and the maximum number, etc. of the stock acquisition rights, matters concerning offering of which may be determined by the Board of Directors pursuant to the delegation by this General Meeting of Shareholders).

(1) Type and number of shares to be issued under stock acquisition rights.

The maximum number of shares to be issued under the stock acquisition rights shall be 160,000 ordinary shares of the Company.

If the Company effects a share split (including allocation of shares for free, hereinafter the same) or reverse share split, which becomes effective after the conclusion of this Annual General Meeting of Shareholders, the number of shares to be issued under the stock acquisition rights shall be adjusted according to the following formula; provided, however, that such adjustment shall be made only to the number of shares to be issued under the stock acquisition rights that have not been exercised at the time of the share split or reverse share split, and any fractional amount of less than one share resulting from such calculation shall be disregarded.

Number of shares		Number of shares		Ratio of share
to be issued	=	to be issued	X	split or reverse
after adjustment		before adjustment		share split

**Table of Contents**

In the event that the Company effects a merger, demerger, share-swap or share-transfer, which becomes effective after the conclusion of this Annual General Meeting of Shareholders, or that other inevitable reasons occur, the number of shares to be issued under the stock acquisition rights shall be adjusted to the extent reasonable.

(2) Total number of stock acquisition rights to be issued

The maximum number of stock acquisition rights to be issued shall be 16,000 units (10 ordinary shares of the Company per unit of the stock acquisition rights, provided, however, that if the adjustment to the number of shares set forth in 3 (1) above has been made, the same adjustment shall be made.)

(3) Whether it is necessary to make monetary payment in exchange for stock acquisition rights

Monetary payment is not required in exchange for the stock acquisition rights.

(4) Amount to be invested at the time of exercising stock acquisition rights

The amount to be invested into the Company at the time of exercising per unit of the stock acquisition rights shall be the product of the amount to be paid in at the time of exercising stock acquisition rights per share to be determined by description below (hereinafter referred to as the Exercise Price ), multiplied by the number of shares to be issued per unit of the stock acquisition rights set forth in 3 (2) above.

The Exercise Price shall be equal to the average of the closing prices of ordinary shares of the Company traded on the Tokyo Stock Exchange on each of the 30 trading days (excluding days on which no trading is made) commencing on the 45<sup>th</sup> trading day preceding the date on which the Exercise Price is determined, with fractional amounts of less than one yen to be rounded up to one yen; provided, however, that if the price so calculated is less than the closing price on the date that the Exercise Price is determined (or if there is no closing price on that day, the closing price on the closest trading day preceding the date when the Exercise Price is determined), the Exercise Price shall be such closing price.

In the event that there is a share split or a reverse share split, which becomes effective after the conclusion of this Annual General Meeting of Shareholders, the Exercise Price shall be adjusted in accordance with the following formula, and any fractional amount of less than one yen resulting from such adjustment shall be rounded up to one yen.

$$\begin{array}{l} \text{Exercise Price} \\ \text{after} \\ \text{adjustment} \end{array} = \begin{array}{l} \text{Exercise Price} \\ \text{before} \\ \text{adjustment} \end{array} \times \begin{array}{l} 1 \\ X \\ \text{Ratio of share split or reverse share split} \end{array}$$

In the event that the Company issues shares or disposes of treasury stock at a price less than the then-current market price after the conclusion of this Annual General Meeting of Shareholders (excluding instances of conversions of the former convertible bonds before the amendments by Law No. 128 of 2001, transfers of treasury stock under the former Article 210-2 Paragraph 2 of the Commercial Code before the amendments by Law No. 79 of 2001, exercise of the former warrant certificates, exercise of the former warrants under the provisions of former Article 280-19 of the Commercial Code, and exercise of stock acquisition rights (including those attached to bonds with stock acquisition rights)), the Exercise Price per share shall be adjusted in accordance with the following formula, and any fractional amount of less than one yen resulting from such adjustment shall be rounded up to one yen.

**Table of Contents**

Exercise Price	Exercise Price	Number of shares	Number of newly	X Amount paid for
after	= before	X already issued	issued shares	one share
adjustment	adjustment	Number of shares	+ Share price before the issuance of new	
		already issued	shares	
			+ Number of newly	
			issued shares	

The Number of shares already issued in the formula above shall be the number of shares that is the balance that remains after deducting the number of shares held by the Company from the total number of shares issued, and in the event that the Company disposes of treasury stock, the number of newly issued shares shall be replaced with number of treasury stock to be disposed of.

In addition, in the event that the Company effects a merger, demerger, share-swap or share-transfer, which becomes effective after the conclusion of this Annual General Meeting of Shareholders, or that other inevitable reasons occur, the Exercise Price shall be adjusted to the extent reasonable.

(5) Exercise period of stock acquisition rights

The exercise period of the stock acquisition rights shall be from June 21, 2008 through June 20, 2016; provided, however, that if a person to whom the stock acquisition rights have been allocated (hereinafter referred to as the Person with Stock Acquisition Rights ) no longer holds his/her status as any of a director, executive officer, corporate auditor, or employee of the Company or the Subsidiaries, etc. of the Company on or before June 20, 2008, such person may exercise his/her stock acquisition rights, beginning on the day after he/she loses his/her status.
