PROXY STATEMENT

INTRODUCTION

The enclosed proxy is solicited on behalf of the present Board of Directors (sometimes referred to as the Board) of Robert Half International Inc., a Delaware corporation (the Company), the principal executive offices of which are located at 2884 Sand Hill Road, Menlo Park, California 94025. The approximate date on which this proxy statement and the enclosed proxy are being mailed to the Company's stockholders is March 23, 2007. The proxy is solicited for use at the annual meeting of stockholders (the Meeting) to be held at 9:00 a.m. on Thursday, May 3, 2007, at The Westin Hotel San Francisco Airport, 1 Old Bayshore Highway, Millbrae, California, 94030. Only stockholders of record on March 9, 2007 will be entitled to notice of, and to vote at, the Meeting and any adjournment of the Meeting. Each share is entitled to one vote. At the close of business on March 9, 2007 the Company had outstanding and entitled to vote 168,114,122 shares of its common stock, \$.001 par value (Common Stock).

A stockholder giving a proxy in the form accompanying this proxy statement has the power to revoke the proxy prior to its exercise. A proxy can be revoked by an instrument of revocation delivered prior to the Meeting to the Secretary of the Company, by a duly executed proxy bearing a date later than the date of the proxy being revoked, or at the Meeting if the stockholder is present and elects to vote in person. Solicitation of proxies may be made by directors, officers or employees of the Company by telephone or personal interview as well as by mail. Costs of solicitation will be borne by the Company.

An automated system administered by the Company's transfer agent will tabulate votes cast at the Meeting. Abstentions and broker non-votes are each included in the determination of the number of shares present and voting, and each is tabulated separately. Abstentions are counted in tabulations of the votes cast on proposals presented to stockholders or with respect to election of directors, whereas broker non-votes are not counted for purposes of determining whether a proposal has been approved or a nominee has been elected.

NOMINATION AND ELECTION OF DIRECTORS

The By-Laws of the Company provide for a Board of Directors consisting of not fewer than six nor more than eleven directors. The size of the Board of Directors is presently set at seven and there are no vacancies. All of the nominees are presently directors of the Company. The present term of office of all directors will expire upon election of directors at the Meeting. The full Board of Directors will be elected at the Meeting to hold office until the next annual meeting and until their successors are elected.

Proxies cannot be voted for more than seven persons. Directors are elected by a majority of the votes of the shares present in person or represented by proxy and entitled to vote at the Meeting. Proxies solicited by the Board will be voted FOR the election of the nominees named below unless stockholders specify in their proxies to the contrary. Although the Board does not expect any nominee to become unavailable to serve as a director for any reason, should that occur before the Meeting, proxies will be voted for the balance of those named and such substitute nominee as may be selected by the Board.

COMPENSATION DISCUSSION AND ANALYSIS

The Compensation Committee believes that setting compensation at levels designed to attract and retain key individuals is critical to the success of a personal services business in which there are few tangible assets and in which people represent the true assets of the Company. The Committee is also mindful of the fact that the Company's industry is fractured with a myriad of private firms owned by entrepreneurial individuals or financed by private equity firms representing the Company's most effective competition in many markets. Successful competitors generate large financial rewards to the owners as the Company knows from its acquisitions of such firms over the years. It is imperative that the Company's compensation program provide significant cash and equity incentives to its key managers so as to compete with both public and private companies for this talent and the Committee believes the Company's compensation program achieves this result.

The Committee believes that the Company has an outstanding management team which has produced excellent returns since the inception of the Company's current business in 1986. The Company's management has been stable for two decades: all of the top five executive officers (Messrs. Messmer, Waddell, Gentzkow, Glass & Karel), have been with the Company since the 1980s. Mr. Messmer negotiated the purchase of Robert Half Incorporated, the predecessor to the Company, in 1986 and has been responsible for recruiting the management team with which he has directed the growth of the Company ever since that time. This includes the formation of Protiviti, which in fewer than five years has grown from \$18 million revenue in its first full quarter of operation to more than \$500 million of annual revenues in 2006. The annual revenues of Robert Half Incorporated at the time of its purchase in 1986 were approximately \$7 million. In fiscal 2006, the Company's revenues were over \$4 billion. The total market capitalization of the Company has increased from approximately \$78 million on December 31, 1986, to approximately \$6.2 billion on December 31, 2006. At December 31, 2006, the Company had the largest market capitalization of any U.S. staffing company.

In the opinion of the Compensation Committee, the Company is fortunate to have an outstanding management team that possesses not only considerable management talent, but also great entrepreneurial vision as demonstrated by a series of highly successful new divisions added to the Company's business in the last 15 years, including the aforementioned Protiviti subsidiary. The Committee's view is that, as a personal services business, it is in the Company's long term best interest to be known as an organization offering the opportunity to achieve superior remuneration in the industry. The Company believes the vast majority of such remuneration should be contingent on achieving outstanding results and, indeed, makes bonuses subject to achievement of goals the Committee sets and, further, makes annual grants of equity incentives subject to partial or total forfeiture subject to achievement of goals set by the Committee. The Compensation Committee's policy to provide the opportunity for top level compensation and incentives for extraordinary results has been essentially unchanged for many years, and it is believed that the success of this policy is reflected by the superior results that management has achieved for the Company. Indeed, 2006 was one of the most successful years in the Company's history, as indicated by the following:

1. Revenues for 2006 were a record \$4 billion, an increase of 21% over 2005.
2. Earnings per share for 2006 were a record \$1.65, as compared with \$1.36 for 2005.
3. Revenues and earnings per share for 2006 were more than double their levels just three years earlier and were more than four times their levels from a decade before.
4. The Company continued to generate strong cash flow from operations and ended the year with \$447 million in cash and cash equivalents.
5. Protiviti, the Company's internal audit and risk consulting unit launched in May 2002, continued to build its international office footprint and to broaden its total revenue base in 2006, and finished the year with revenues of \$543 million, an increase of 13% over 2005.

Each component of compensation is determined by the Compensation Committee. It should be noted that the Company's five outside directors (including the three members of the Compensation Committee) have also been with the Company since the 1980s. The Compensation Committee determines what changes, if any, should

be made to continuing arrangements, such as base salaries and fringe benefits. When determining compensation for the coming year, the Compensation Committee reviews (a) the Company's results for the prior year, (b) the issues that will confront the Company in the coming year and (c) such other information it deems appropriate. After such review, it makes its ultimate determinations based upon its evaluation of such information and its long term experience with the Company. While the Compensation Committee receives input from the Chief Executive Officer and Chief Financial Officer and discusses compensation with them, the ultimate decision regarding compensation is solely at the discretion of the Committee.

As part of its effort to emphasize performance based compensation, the Compensation Committee has set base salaries at levels it considers modest and which, in the case of Messrs. Messmer and Waddell, have been at their current levels since 1998. The Committee instead heavily weights remuneration toward performance-based compensation. An examination of the Summary Compensation Table will show that the vast majority of each executive's compensation consists of restricted share awards under the Stock Incentive Plan and cash payments earned under the Annual Performance Bonus Plan. The discussion of these plans below, under the Grants of Plan-Based Awards table, shows that actual amounts paid are highly-contingent upon the achievement of positive results. Earnings per share has been chosen as the measurement factor with respect to both of these plans because the Compensation Committee believes it is directly linked to stockholder value.

While the Compensation Committee is responsible for executive officers' compensation, the philosophy of providing the opportunity for superior remuneration for superior long term performance is applied to all of the Company's professionals. The Company believes its long term success is due to its ability to attract top talent capable of superior performance and that the Company's compensation practices are an important element in the Company's continuing ability to attract top talent.

As described below in the description of the Stock Incentive Plan and the Annual Performance Bonus Plan, each award under these plans is subject to reduction or elimination depending upon final earnings per share, and only the Annual Performance Bonus Plan permits the final award to be in excess of the target award (pursuant to a set formula in the event actual earnings per share exceed target earnings per share and subject to a cap). Such reductions have occurred in the past. When target earnings were not achieved in 2001 and 2002, a portion of the restricted stock awards under the predecessor of the Stock Incentive Plan (which had a similar performance condition) were forfeited and cash awards under the Annual Performance Bonus Plan were decreased.

The Compensation Committee has also exercised negative discretion. When the target earnings per share was set with respect to the Stock Incentive Plan and the Annual Performance Bonus Plan for 2005, it was done on the assumption that certain proposed accounting rules that would negatively impact earnings per share would be adopted and made applicable during the year. When the accounting rules were not adopted, the result was an increase in earnings per share that had nothing to do with performance. At year end, the Compensation Committee made appropriate adjustment in the awards so that management would not receive a windfall from this non-performance related factor.

The emphasis on restricted share awards further ties management performance to the interests of stockholders. While earnings per share is used to determine how much of each contingent grant is earned, and time vesting schedules promote retention, the fact that the award is in the form of stock means that the ultimate value to management is directly tied to stockholder interest. Both management and stockholders benefit from positive stock price performance.

The Company has not granted options to executive officers since October 2004. The Compensation Committee currently has no plans to make option grants in the future, but reserves the right to do so.

The Compensation Committee believes that awards under the Stock Incentive Plan and the Annual Performance Bonus Plan, considered in the context of each individual's total compensation package and the conditions applicable to such awards, are at levels necessary to keep the current management team together so that they can continue to provide superior results to stockholders.

As indicated by the tables appearing below, in addition to the foregoing compensation, each executive also participates in non-tax-qualified deferred compensation arrangements and specified fringe benefits. From 1985 through December 2006, Mr. Messmer had a defined benefit retirement arrangement, which would have paid certain amounts to Mr. Messmer following his termination of employment. Effective October 1, 2006, the defined benefit retirement arrangement was terminated and the value of the benefit thereunder was transferred to the Deferred Compensation Plan, which is a defined contribution plan that has been in place since 1989. The value of the transferred benefit (\$48,981,459) which reflects Mr. Messmer's 21 years of service with the Company, was determined by using the same actuarial assumptions that were used to calculate the value of the benefit for financial statement purposes. This was done by determining the discounted present value of the benefit on June 30, 2006, assuming retirement at age 62, a discount rate of 5.33%, and an annual cost of living increase of 3.5%. The result was then credited with interest for the period from July 1, 2006, through September 30, 2006, at the rate prescribed by the Deferred Compensation Plan. See the discussion below the Nonqualified Deferred Compensation table for more information regarding the Deferred Compensation Plan. The Compensation Committee made this change in order to fix the benefit at a known number and to reduce the uncertainty and volatility that arose from the defined benefit retirement arrangement, which had floating interest rate and cost of living provisions.

The Compensation Committee considers deferred compensation arrangements and the specified fringe benefits to be appropriate for a corporation of similar size to the Company, and, in light of the moderate salaries, long service and historical results of the management team, believes that the amounts have been set at reasonable levels, particularly in light of the fact that the Company does not have tax-qualified retirement arrangements for these executives. The Committee does not believe it is appropriate to offset these benefits by performance based compensation because these arrangements serve different purposes and both are at levels the Committee believes to be reasonable. In February 2007, the Compensation Committee discontinued the company car and personal allowance fringe benefits (see clause (iv) of footnote (e) to the 2006 Summary Compensation Table). At such time, the named executive officers advised the Compensation Committee that it was their present intent to no longer seek reimbursement for the other fringe benefits specified in such clause (iv) (tax, legal and financial planning services, otherwise uncovered medical and related expenses and club memberships).

The Stock Incentive Plan and Annual Performance Bonus Plan have been drafted to comply with Section 162(m) of the Internal Revenue Code. Compensation in compliance with such Section is fully deductible for income tax purposes. The other components of compensation (base salary, retirement allocations and selected fringe benefits) are subject to the limitations of Section 162(m), which provides that any amounts above \$1,000,000 paid in one year to any of the five highest paid executive officers is not tax deductible. In the past, such items have not exceeded \$1,000,000 in one year for any individual, so there has been no limitation of tax deductibility.

In determining executive compensation, the Compensation Committee considers, among other factors, the possible tax consequences to the Company and to the executives. However, tax consequences, including but not limited to tax deductibility by the Company, are subject to many factors (such as changes in the tax laws and regulations or interpretations thereof and the timing and nature of various decisions by executives regarding options and other rights) that are beyond the control of either the Compensation Committee or the Company. In addition, the Compensation Committee believes that it is important for it to retain maximum flexibility in designing compensation programs. For all of the foregoing reasons, the Compensation Committee, while considering tax deductibility as one of its factors in determining compensation, will not necessarily limit compensation to those levels or types of compensation that will be deductible. The Compensation Committee will, of course, consider alternative forms of compensation, consistent with its compensation goals, that preserve deductibility.

Various agreements, as described elsewhere in this Proxy Statement, provide for severance benefits in the event of a termination of employment before or after a change in control. (See the discussion below in connection with the Nonqualified Deferred Compensation Table and the discussion below under the heading "Employment Agreement and Potential Payments on Termination or Change in Control.") As indicated by such text, the triggering events and benefits vary among each such arrangement, plan or agreement. Such triggering

events and benefits were selected by the Compensation Committee in the light of competitive conditions and customary practices at the time of their implementation and the Committee believes that they continue to be reasonable.

On May 8, 2003, the Board of Directors adopted a policy regarding minimum required ownership of shares by Executive Officers. In accordance with the policy, each person who was an Executive Officer on the date such policy was adopted is required to own such number of shares of the Company as is equal to six times his base salary on such date divided by the closing trading price of the Company's Common Stock on such date. Each person who becomes an Executive Officer after May 8, 2003, is required to own, within five years of his election as such, such number of shares of the Company as is equal to six times his base salary at the time of election divided by the closing trading price of the Company's Common Stock on the date of election. The policy defines owned shares as being such shares, other than unexercised stock options, as are required to be reported as owned by an Executive Officer in the Company's Proxy Statement pursuant to Securities and Exchange Commission rules. Pursuant to such policy, Messrs. Messmer, Waddell, Gentzkow, Glass, Karel and Buckley are required to own 184,643, 93,201, 93,201, 72,099, 72,099 and 56,578 shares, respectively.

Karel, respectively, with respect to the provision of an automobile, \$106,310 and \$6,425 for Messrs. Messmer and Glass, respectively, with respect to tax, legal and financial planning services, \$38,732, \$2,686, \$7,865 and \$6,330 for Messrs. At such time, the named executive officers advised the Compensation Committee that it was their present intent to no longer seek reimbursement for the other fringe benefits specified in clause (iv). The Company also has ownership, on a fractional interest basis, of private air transportation. Executive officers (but not outside directors) are permitted use of this air transportation for non-business purposes provided that (a) the transportation is available and not needed for business purposes and (b) the full incremental cost, including all hourly, fuel, landing and other charges, are reimbursed to the Company. Messrs. Messmer, Waddell, Gentzkow and Glass made use of this benefit during 2006, and each of them reimbursed the Company for full incremental cost in accordance with the foregoing policy. The incremental cost for the above fringe benefits is the amount the Company paid to the service providers in the case of tax, legal, financial services and medical benefits and the annual club dues in the case of club memberships.

Stock awards consist of restricted share grants made pursuant to the Stock Incentive Plan, which was approved by the stockholders in 2005. Each of these grants is subject to both a performance condition and a time vesting condition. The performance condition provides that all or portion of the award will be forfeited if actual diluted earnings per share for 2007 do not equal or exceed a specified target that has been established by the Compensation Committee. (The award may not be increased, even if actual diluted earnings per share exceed the target). The 2007 earnings per share target is confidential. In setting the target, the Compensation Committee considered the Company's annual strategic plan, consensus Wall Street estimates and other items. Similar factors were considered in establishing the targets for previous grants. With respect to the previous five annual grants (made in 2001 through 2005 inclusive), the target was not achieved in two of such grants, resulting in the forfeiture of a portion of each such grant. The time vesting provides for the vesting of 50% of the grant on each of January 3, 2009, and January 3, 2011, subject to the performance condition. Notwithstanding the foregoing, each grant will vest upon the recipient's death, termination due to total and permanent disability, or the occurrence of a change in control. Such shares are entitled to receive any dividends that may be declared from time to time with respect to the Company's outstanding shares.

Non-equity awards consist of an annual cash bonus opportunity pursuant to the Annual Performance Bonus Plan, which was approved by stockholders in 2005. The target bonus amount is set by the Compensation Committee, which also adopts a target diluted earnings per share. Under the plan, each individual's actual bonus will vary from his target bonus in direct proportion to the variation between the actual diluted earnings per share and the target diluted earnings per share. However, no bonus can exceed the lesser of twice the target bonus or \$9,000,000, and no bonus at all is paid if actual diluted earnings per share are less than 50% of target. The Compensation Committee has the discretion to reduce any bonus that would otherwise exceed the target to an amount not less than the target. The measurement period for the grants appearing in the table was the 2006 calendar year (which is also the Company's fiscal year), so the actual final bonuses pursuant to this plan have been determined and are reported in the Summary Compensation Table in the Non-Equity Incentive Plan Compensation column. For such year, the target earnings per share was \$1.56 and the actual earnings per share was \$1.65.

Registrant Contributions for Mr. Messmer are allocated pursuant to the Deferred Compensation Plan. Under the Deferred Compensation Plan, the amount allocated each year to Mr. Messmer is between 3% and 10% of the sum of Mr. Messmer's base salary and cash bonus (pursuant to the Annual Performance Bonus Plan), depending upon how actual earnings per share for the year compare to the target set by the Board. Accrued amounts earn interest quarterly at a rate equal to the 10+ Year High Quality in the Merrill Lynch Bond Index. For 2006, the quarterly interest rates were 6.01%, 6.30%, 5.82% and 5.83%, respectively. The corresponding 120% long-term quarterly applicable federal rates were 5.52%, 6.25%, 6.12% and 5.77%, respectively. The vested portion of the aggregate balance is paid following termination of employment. The Deferred Compensation Plan provides that all amounts become fully vested after seven years of service, so all amounts in the table for Mr. Messmer are fully vested. All vested amounts are paid following disability or termination of employment for any reason. As noted above in Compensation Discussion and Analysis, prior to December 2006, Mr. Messmer had a defined benefit retirement arrangement, which was terminated and the value of which (\$48,981,459) was transferred to the Deferred Compensation Plan. This amount is included in the Aggregate Balance at Last Fiscal Year End column, but is not shown in the Registrant Contributions in Last Fiscal Year Column, which reflects only the ordinary annual contribution made pursuant to the terms of the Deferred Compensation Plan.

Registrant Contributions for Messrs. Waddell, Gentzkow, Glass and Karel are allocated pursuant to the Senior Executive Retirement Plan, which was established effective December 31, 1995. Under the Senior Executive Retirement Plan, the amount allocated each year is 15% of the sum of his base salary and cash bonus (pursuant to the Annual Performance Bonus Plan). Accrued amounts earn interest at a rate equal to Moody's Corporate Bond Yield Average. For 2006, this interest rate was 5.93% and the corresponding 120% long-term annual applicable federal rate was 5.89%. All allocations are subject to a vesting schedule, which provides that no amount is vested until ten years of service. After ten years of service, the amount vested is 50% plus 4 1/6% for each year over age 50, with 100% vesting thus occurring at age 62. Vested accrued amounts are paid following termination of employment. Prior to January 1, 1996, Messrs. Waddell, Gentzkow, Glass and Karel participated in the Deferred Compensation Plan. Contributions made prior to such date continue to earn interest as provided by the Deferred Compensation Plan. Of the aggregate balances shown in the table, \$1,679,342, \$1,273,296, \$637,434 and \$182,468 were unvested as of December 31, 2006, for Messrs. Waddell, Gentzkow, Glass and Karel, respectively. All vested amounts are paid following disability or termination of employment for any reason.

Employment Agreement and Potential Payments upon Termination or Change in Control

Harold M. Messmer, Jr., Chairman of the Board and Chief Executive Officer, has an employment agreement with the Company terminating December 31, 2010. (The Employment Agreement was first entered into in 1985 and has been amended at various times since then. The most recent amendment relating to compensation was effective January 1, 2000.) Under the current terms of the employment agreement, Mr. Messmer will receive a base annual salary of not less than \$525,000 and will receive certain other benefits, including life insurance and tax planning. In the event the employment of Mr. Messmer is terminated involuntarily other than for cause, or voluntarily within one year following a change in control of the Company, he is entitled to receive severance compensation. The amount of such severance compensation shall be, at Mr. Messmer's election, either (i) an annual payment, through the stated expiration date of his agreement, equal to the sum of his base salary, at the rate in effect on the date of termination, and an amount equal to his bonus for the calendar year prior to termination (including any bonus pursuant to the Annual Performance Bonus Plan), or (ii) the present value of such payments. If Mr. Messmer's employment is terminated by reason of death or disability, he or his estate will receive only 75% of his base salary through the termination date of the agreement and will not receive any amount in lieu of bonus. If Mr. Messmer's employment terminates other than for cause, he and his wife will each continue thereafter to participate in the Company's healthcare plan for its employees, at Company expense, until his or her death. For one year following termination, Mr. Messmer is prohibited from competing with the Company's personnel services business, employing any officer of the Company or soliciting any officer of the Company to leave the Company. The employment agreement provides for automatic renewal for an additional year on each December 31.

Severance Agreements have been entered into with Messrs. Messmer, Waddell, Gentzkow, Glass and Karel. (The Severance Agreements were first entered into in 1990 and were amended and restated effective January 1, 2000.) Each Severance Agreement provides that the employee will be paid 24 months base salary (36 months if the employee has served as a director) if his employment is terminated without cause, as defined in the Agreement. The terminated employee will also receive a pro rata share of any bonus he would otherwise have received pursuant to any bonus plan if his employment had not been terminated, such amount to be paid when bonuses are generally paid pursuant to the plan. However, if the termination occurs within one year following a change in control of the Company (as defined in the Agreements), then in lieu of the foregoing bonus payment the employee will receive monthly payments equal to $\frac{1}{12}$ of the prior year's bonus for 24 months (36 months if the employee has served as a director). At the discretion of the Company, such salary and bonus payments may be paid in a lump sum rather than over time. Notwithstanding the foregoing, no individual shall receive salary and bonus payments under both his Severance Agreement and any other agreement. Instead, only the greater of such benefits provided by either agreement shall be paid. On the termination date, any unvested stock or options would become fully vested, as would any amounts accrued for the employee's benefit under the Senior Executive Retirement Plan. During the foregoing 24 or 36 month period, as applicable, the individual will continue to receive all employee benefits in effect on the termination date, including, but not limited to, medical and life insurance payments. In addition, if the employee has served as a director, the foregoing benefits will be provided in the event of any voluntary termination within one year following a change in control. The Agreements also provide that if the individual has served as a director, then any termination of his employment (other than a termination by the Company for cause) after the conclusion of the year in which his 53rd birthday occurs will entitle him and his wife to each continue to participate in the Company's healthcare plan for its employees, at Company expense, until his or her death.

The Company has entered into Part-Time Employment Agreements with each of Messrs. Messmer, Waddell, Gentzkow, Glass and Karel. (The Part-Time Employment Agreements were entered into in 2001 and supersede Consulting Agreements originally entered into effective January 1, 1999.) Each Agreement provides that the employee will be retained as a part-time employee for a four year period following retirement. The individual will provide advice and counsel as requested during the part-time employment period and will be prohibited from competing with the Company's staffing services business or soliciting any employee to leave the Company during that period. In return, the individual will receive annual compensation during the part-time

employment equal to 8% of the total cash base salary and bonus (including any bonus pursuant to the Annual

Performance Bonus Plan) paid during the last complete calendar year prior to retirement, and stock option and restricted stock awards made prior to retirement will remain outstanding and continue to vest in accordance with their original vesting schedules. For purposes of the Agreements, retirement is defined to be any termination by the employee of his employment subsequent to the later of age 55 or 20 years of service. Mr. Messmer is eligible for retirement under this provision.

In 1996, the Company adopted an Excise Tax Restoration Agreement covering the current directors and Messrs. Gentzkow, Glass and Karel. If any such individual becomes subject to such a tax in connection with a change of control, he will receive a cash payment equal to the sum of the excise tax due, in addition to an amount necessary to restore him to the same after-tax position as if no excise tax had been imposed.

The Stock Incentive Plan, pursuant to which all equity grants to executive officers subsequent to October 2004 have been made, provides that any award held by an executive officer will vest upon (a) such individual's death or disability or (b) a change in control of the Company. Additionally, any stock option held under such plan by an executive officer will vest (and remain outstanding for its original term) upon his retirement after the later of age 55 or 20 years of service. Mr. Messmer is eligible for retirement under this provision. Options that vest for one of the foregoing reasons will remain outstanding until their normal expiration date. For more details regarding the Stock Incentive Plan, see the discussion below the Grants of Plan-Based Awards table.

The Equity Incentive Plan, pursuant to which all currently outstanding restricted stock awards to executive officers prior to 2005 were made, provides that any restricted stock award held by an executive officer will vest upon (a) such individual's death or disability, or (b) a change in control of the Company.

The Annual Performance Bonus Plan, pursuant to which performance-based cash bonuses are paid to executive officers, provides for a pro-rated bonus to be paid to the estate of any executive officer in the event of his death during the year. For more details regarding the Annual Performance Bonus Plan, see the discussion below the Grants of Plan-Based Awards table.

The Deferred Compensation Plan and the Senior Executive Retirement Plan each provide that all vested amounts will be paid following disability or termination of employment for any reason. For more details regarding these two plans, see the discussion below the Nonqualified Deferred Compensation table.

Payments in the Event of Various Circumstances

Set forth below is information regarding amounts that would have been payable to each of the executive officers pursuant to the arrangements described herein under the assumption that various circumstances had occurred on December 31, 2006.

Depending upon the circumstances surrounding separation, the individual may be entitled to receive one or more of the following benefits: (a) immediate vesting of then-unvested stock option and restricted stock awards, (b) then-unvested stock option and restricted stock awards would remain outstanding, subject to their existing vesting schedule, (c) immediate vesting and payout of then-unvested amounts under the Senior Executive Retirement Plan, (d) salary continuation for a specified period, (e) bonus continuation for a specified period, (f) retention as a part-time employee (with payment of compensation) for a specified period, (g) continued participation in Company medical plans and payment of other medical expenses until death, or (h) continued payment of life insurance and other miscellaneous perquisites for a specified period. Such benefits would be provided pursuant to one or more of the plans or agreements described above under the heading Employment Agreement and Potential Payments upon Termination or Change in Control.

The amounts that actually would be payable if any such event occurs in the future would be different than those set forth below (which, as stated above, are calculated under the assumption that the event occurred on

December 31, 2006) because such payments are contingent upon various factors at the time of the occurrence of

the assumed event, including, but not limited to, one or more of the following: (1) each individual's then current salary and non-equity award potential, (2) each individual's salary and non-equity award for the preceding fiscal year, (3) the amount and nature of unvested equity awards held by the individual, (4) the trading price of the Company's stock, (5) the then current level of fringe benefits and other items, (6) the individual's age or years of service with the Company and (7) the date of termination, including, but not limited to, where the date of termination falls within the fiscal year or the measurement period for a specific grant. For further information regarding the impact of these factors, see the discussion above under the heading "Employment Agreement and Potential Payments upon Termination or Change in Control."

Restricted Shares and Stock Options

Immediate vesting of then-unvested restricted share and stock option awards would occur in the event of (a) termination of employment by reason of death or disability, (b) termination of employment by the Company without cause, or (c) a change in control of the Company. If any of such events had occurred on December 31, 2006, the market value of restricted shares that would have vested would have been \$29,571,054, \$17,727,361, \$13,199,872, \$3,962,449 and \$3,776,849 for Messrs. Messmer, Waddell, Gentzkow, Glass and Karel, respectively and the market value of stock options that would have vested would have been \$1,417,863, \$995,656, \$843,194, \$173,925 and \$173,925 for Messrs. Messmer, Waddell, Gentzkow, Glass and Karel, respectively.

In the event of any voluntary resignation or retirement by Mr. Messmer, unvested restricted shares and stock options held by Mr. Messmer would remain outstanding (pursuant to the terms of the part-time employment agreement described above) subject to continued time-vesting requirements and conditioned upon the performance of part-time services. If such an event had occurred on December 31, 2006, the market value of such restricted shares and options held by Mr. Messmer would have been as set forth in the preceding paragraph.

Defined Contribution Plans

Immediate vesting of all then-unvested amounts accrued under the Senior Executive Retirement Plan would occur in the event of (a) termination of employment without cause or (b) a change in control of the Company. If any of such events had occurred on December 31, 2006, Messrs. Waddell, Gentzkow, Glass and Karel would have become vested in \$1,679,342, \$1,273,296, \$637,434 and \$182,468, respectively. (Mr. Messmer does not participate in the Senior Executive Retirement Plan and his accrued amounts under the Deferred Compensation Plan are currently fully vested.)

Salary Continuation

In the event of any termination of employment by the Company without cause, Mr. Messmer would receive continuing salary payments for four years, Mr. Waddell would receive continuing salary payments for three years and Messrs. Gentzkow, Glass and Karel would receive continuing salary payments for two years. If such a termination had occurred on December 31, 2006, Messrs. Messmer, Waddell, Gentzkow, Glass and Karel would be entitled to receive an aggregate of \$2,100,000, \$795,000, \$530,000, \$410,000 and \$410,000, respectively. Messrs. Messmer and Waddell would also receive such amounts in the event of a voluntary resignation or retirement within one year following a change in control.

In the event of termination of employment by reason of death or disability, Mr. Messmer (or his estate) would be entitled to receive continuing salary payments of 75% of his salary for four years. If such an event had occurred on December 31, 2006, Mr. Messmer or his estate would receive an aggregate of \$1,575,000.

Bonus Continuation

In the event of (a) any termination of Mr. Messmer's employment by the Company without cause or (b) his voluntary resignation or retirement within one year following a change in control of the Company, Mr. Messmer would receive continuing bonus payments for four years. If such an event had occurred on December 31, 2006, Mr. Messmer would receive an aggregate of \$23,073,668.

In the event of a termination of employment by the Company without cause subsequent to a change in control of the Company, Mr. Waddell would receive continuing bonus payments for three years and Messrs. Gentzkow, Glass and Karel would receive continuing bonus payments for two years. If such event had occurred on December 31, 2006, Messrs. Waddell, Gentzkow, Glass and Karel would receive an aggregate of \$8,663,322, \$5,197,992, \$1,636,404 and \$750,822, respectively. Mr. Waddell would also receive such benefits in the event of his voluntary resignation or retirement within one year following a change in control of the Company. In the event of a termination of employment by the Company without cause prior to any change in control, Messrs. Waddell, Gentzkow, Glass and Karel would only be entitled to receive a pro rata portion of any unpaid preliminary bonus under the Annual Performance Bonus Plan. Because all preliminary bonuses under the Annual Performance Bonus Plan were paid shortly prior to year end, if any such termination had occurred on December 31, 2006, no amounts would be payable pursuant to this provision.

Other Items

In the event of any voluntary resignation or retirement by Mr. Messmer, he would receive monthly compensation pursuant to the terms of the part-time employment agreement described above. If such a termination had occurred on December 31, 2006, he would receive an aggregate of \$2,013,893.

Mr. Messmer's employment is terminated for any reason, he and his wife would each continue to participate until death in the Company's healthcare plans at Company expense. If such a termination had occurred on December 31, 2006, the estimated value of such benefit is \$228,731.

In the event of any termination of employment by the Company without cause, Messrs. Messmer and Waddell would be entitled to continuation of life insurance and certain other fringe benefits for three years and Messrs. Gentzkow, Glass and Karel would be entitled to such continuation for two years. If any such termination had occurred on December 31, 2006, the estimated value of this benefit for Messrs. Messmer, Waddell, Gentzkow, Glass and Karel is \$64,612, \$40,888, \$29,083, \$23,977 and \$28,350, respectively. Messrs. Messmer and Waddell would also be entitled to this benefit in the event of any voluntary resignation or retirement within one year following a change in control of the Company.

Total Amounts under Specified Circumstances

In all circumstances, each individual would also be entitled, in addition to the amount set forth below, to receive his then vested account under the Deferred Compensation Plan or the Senior Executive Retirement Plan. These vested amounts are set forth above in the Nonqualified Deferred Compensation table.

In the event of a termination of employment by death or disability (where no change in control of the Company has occurred), the aggregate of the foregoing amounts is \$32,792,648, \$18,723,017, \$14,043,066, \$4,136,374 and \$3,950,774, for Messrs. Messmer, Waddell, Gentzkow, Glass and Karel, respectively.

In the event of a voluntary resignation or retirement absent a change in control of the Company, the aggregate amount for Mr. Messmer is \$33,231,541. Messrs. Waddell, Gentzkow, Glass and Karel would have received no benefits under such circumstances.

In the event of a termination of employment by the Company without cause (where there has been no prior change in control of the Company), the aggregate of the foregoing amounts is \$56,455,928, \$21,238,247, \$15,875,445, \$5,207,785 and \$4,571,592, for Messrs. Messmer, Waddell, Gentzkow, Glass and Karel, respectively. The aggregate of such amounts if there had been a change in control of the Company prior to the termination of employment by the Company without cause would instead have been \$56,455,928, \$29,901,569, \$21,073,437, \$6,844,189 and \$5,322,414, for Messrs. Messmer, Waddell, Gentzkow, Glass and Karel, respectively.

In the event of a change in control of the Company not accompanied by any termination of employment, the aggregate of the foregoing amounts is \$30,988,917, \$20,402,359, \$15,316,362, \$4,773,808 and \$4,133,242 for Messrs. Messmer, Waddell, Gentzkow, Glass and Karel, respectively. In addition, if Messrs. Messmer or Waddell chose to voluntarily resign or retire within one year thereafter, they would be entitled to additional benefits that would cause their aggregates to instead be \$58,469,821 and \$29,901,569, respectively.

(a) Consists of restricted shares granted under a stockholder approved plan. Reference is made to Note K in Item 8 of the Company's Annual Report on Form 10-K for the Fiscal Year Ended December 31, 2006, for a discussion of how the grants were valued. At December 31, 2006, each outside director held 3,700 restricted shares. The closing price of the Company's stock on the date of grant (May 2, 2006) was \$41.60 per share, so the grant date fair value of each award was \$153,920.

(b) At December 31, 2006, each outside director held options for 192,000 shares.

(c) Consists of dividends on unvested restricted shares. Unvested restricted shares receive the same dividends as ordinary outstanding shares. Cash fees for outside directors are as follows: (1) an annual fee of \$40,000 for service on the Board, (2) a fee of \$1,500 for each Board meeting attended, (3) a \$3,000 annual fee for service on each of, as applicable, the Audit Committee, the Compensation Committee, and/or the Nominating and Governance Committee, (4) an additional annual fee of \$10,000 for serving as Chairman of the Audit Committee and (5) an additional annual fee of \$5,000 for serving as Chairman of the Compensation Committee or the Nominating and Governance Committee. On May 2, 2006, the date of the Company's 2006 Annual Meeting of Stockholders, each of the outside directors received a grant of 3,700 shares of restricted stock under the Stock Incentive Plan. Each of these grants is subject to a time vesting condition which provides for the vesting of 25% of the grant on each of May 1, 2007, May 1, 2008, May 1, 2009 and May 1, 2010. Notwithstanding the foregoing, each grant will vest upon the recipient's retirement (except under certain specified circumstances), death, termination due to total and permanent disability, or the occurrence of a change in control. Each of the current outside directors is eligible for retirement under the foregoing provision.

In making such determination, the Board has adopted guidelines providing that any relationship with the Company shall be deemed to be *not* material if (a) the director meets the independence requirements set forth in Sections 303A.02(b)(i) through 303A.02(b)(v) of the New York Stock Exchange's Listed Company Manual and (b) the relationship is not required to be disclosed pursuant to Item 404(a) of Regulation S-K adopted by the Securities and Exchange Commission. Compensation Committee Charter

The Compensation Committee has adopted a charter. It is available on the Company's website, which is www.rhi.com. The charter can be found in the Corporate Governance section under the Investor Relations tab.

Compensation Committee Procedures

Each component of executive compensation is determined by the Compensation Committee. The Compensation Committee determines what changes, if any, should be made to continuing arrangements, such as base salaries and fringe benefits. When determining compensation for the coming year, the Compensation Committee reviews (a) the Company's results for the prior year, (b) the issues that will confront the Company in the coming year and (c) such other information it deems appropriate. After such review, it makes its ultimate determinations based upon its evaluation of such information and its long term experience with the Company. While the Compensation Committee receives input from the Chief Executive Officer and Chief Financial Officer and discusses compensation with them, the ultimate decision regarding compensation is solely at the discretion of the Committee. The Compensation Committee has the authority to retain consultants to assist with its decisions. No consultant was involved in determining compensation for 2006 or 2007.

Compensation of directors is determined by the full Board of Directors.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis appearing earlier in this proxy statement. INDEPENDENT PUBLIC ACCOUNTANTS

The Audit Committee has selected PricewaterhouseCoopers LLP, independent public accountants, to audit the books, records and accounts of the Company for 2007, subject to ratification by stockholders. PricewaterhouseCoopers LLP has acted as auditors of the Company since July 2002. Representatives of that firm will be present at the Meeting and will have the opportunity to make a statement if they desire to do so. They will also be available to respond to questions.

PricewaterhouseCoopers charges for 2005 and 2006 were as follows:

Audit Committee Policy Regarding Pre-Approval of Services of Independent Auditors

The Audit Committee pre-approves all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. The Audit Committee has adopted a policy for the pre-approval of services provided by the independent auditors. Under the policy, pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. In addition, the Audit Committee may also pre-approve particular services on a case-by-case basis. For each proposed service, the independent auditor is required to provide detailed back-up documentation at the time of approval. The Audit Committee may delegate pre-approval authority to one or more of its members. Such a member must report any decisions to the Audit Committee at the next scheduled meeting.

Required Vote
