General

This Proxy Statement is being furnished to holders of common stock, par value \$0.001 per share (the "Common Stock"), of Monolithic Power Systems, Inc., a Delaware corporation (the "Company"), in connection with the solicitation of proxies by the Company's Board of Directors (the "Board") for use at the Annual Meeting of Stockholders (the "Annual Meeting") to be held on Thursday, May 22, 2008 at 10:00 a.m., Pacific Daylight Time, and at any adjournment or postponement thereof for the purpose of considering and acting upon the matters set forth herein. The Annual Meeting will be held at the Company's corporate headquarters, located at 6409 Guadalupe Mines Road, San Jose, CA 95120. The telephone number at that location is (408) 826-0600.

This Proxy Statement, the accompanying form of proxy card and the Company's Annual Report to Stockholders are first being mailed on or about April 14, 2008 to all stockholders of record at the close of business on March 28, 2008 (the "Record Date").

Record Date; Outstanding Shares

Only stockholders of record at the close of business on the Record Date are entitled to notice of and to vote at the Annual Meeting and any adjournment thereof. Such stockholders are entitled to cast one vote for each share of Common Stock held as of the Record Date on all matters properly submitted for the vote of stockholders at the Annual Meeting. On the Record Date, 33,274,358 shares of the Company's Common Stock were issued and outstanding. No shares of the Company's Preferred Stock were issued and outstanding. For information regarding security ownership by management and by the beneficial owners of more than 5% of the Common Stock, see the section of this Proxy Statement entitled "Security Ownership of Certain Beneficial Owners and Management."

Procedure for Submitting Stockholder Proposals

Requirements for stockholder proposals to be considered for inclusion in the Company's proxy materials. Proposals of stockholders of the Company which are to be presented by such stockholders at the Company's 2009 annual meeting of stockholders must meet the stockholder proposal requirements contained in Rule 14a-8 of the Securities Exchange Act of 1934, as amended (the "1934 Act") and must be received by the Company no later than December 22, 2008 in order that they may be included in the Proxy Statement and form of proxy relating to that meeting. Such stockholder proposals should be submitted to the Company's principal executive office located at 6409 Guadalupe Mines Road, San Jose, CA 95120, Attention: Corporate Secretary.

Requirements for stockholder proposals to be brought before an annual meeting. If a stockholder wishes to present a proposal at the Company's 2009 annual meeting, and the proposal is not intended to be included in the Company's proxy statement relating to that meeting, the stockholder must give advance notice to the Company prior to the deadline for such meeting determined in accordance with the Company's Bylaws (the "Notice Period"). Under the Company's Bylaws, in order to be deemed properly presented, notice of proposed business must be delivered to or mailed and received by the Secretary of the Company at the principal executive offices of the Company not fewer than 90 or more than 120 calendar days before the one year anniversary of the date on which the Company first mailed its proxy statement to stockholders in connection with the previous year's annual meeting of stockholders. As a result, the Notice Period for the Company's 2009 annual meeting will begin on December 22, 2008 and end on January 21, 2009. However, in the event the date of the 2009 annual meeting will be changed by more than 30 days, notice by the stockholder to be timely must be so received not later than the close of business on the later of: (1) 90 calendar days in advance of such annual meeting or (2) 10 calendar days following the date on which public announcement of the date of the meeting is first made. A stockholder's notice to the secretary shall set forth as to each matter the stockholder proposes to bring before the annual meeting: (a) a brief description of the business desired to be brought before the annual meeting and the reasons for conducting such business at the annual meeting, (b) the name and address, as they appear on the Company's books, of the stockholder proposing such business, (c) the class and number of shares of the Company that are beneficially

owned by the stockholder, (d) any material interest of the stockholder in such business, and (e) any other information that is required to be provided by the stockholder pursuant to Rule 14a-8 of the 1934 Act, in his or her capacity as a proponent to a stockholder proposal. If a stockholder gives notice of such a proposal after the Notice Period, the stockholder will not be permitted to present the proposal to the stockholders for a vote at the meeting.

Voting

Voting prior to the Annual Meeting. Most stockholders have three options for submitting their votes prior to the Annual Meeting: (1) via the Internet, (2) by telephone or (3) by mail. If you have Internet access, the Company encourages you to record your vote on the Internet. It is convenient, and it saves the Company significant postage and processing costs. In addition, when voting via the Internet or by telephone prior to the meeting date, your vote is recorded immediately, and there is no risk that postal delays will cause your vote to arrive late, and therefore not be counted. All shares entitled to vote and represented by properly executed proxy cards received prior to the Annual Meeting, and not revoked, will be voted at the Annual Meeting in accordance with the instructions indicated on those proxy cards. If no instructions are indicated on a properly executed proxy card, the shares represented by that proxy card will be voted as recommended by the Board. If any other matters are properly presented for consideration at the Annual Meeting, including, among other things, consideration of a motion to adjourn the Annual Meeting to another time or place (including, without limitation, for the purpose of soliciting additional proxies), the persons named as proxies in the enclosed proxy card and acting thereunder will have discretion to vote on those matters in accordance with their best judgment. The Company does not currently anticipate that any other matters will be raised at the Annual Meeting.

Voting by attending the meeting. A stockholder may also vote his or her shares in person at the Annual Meeting. A stockholder planning to attend the Annual Meeting should bring proof of identification for entrance to the Annual Meeting. If a stockholder attends the Annual Meeting, he or she may also submit his or her vote in person, and any previous votes that were submitted by the stockholder, whether by Internet, telephone or mail, will be superseded by the vote that such stockholder casts at the Annual Meeting.

Changing vote; revocability of proxy. Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by: (1) filing a written notice of revocation bearing a later date than the proxy with the Secretary of the Company at or before the taking of the vote at the Annual Meeting, (2) duly executing a later dated proxy relating to the same shares and delivering it to the Secretary of the Company at or before the taking of the vote at the Annual Meeting or (3) attending the Annual Meeting and voting in person (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). Any written notice of revocation or subsequent proxy card must be received by the Secretary of the Company prior to the taking of the vote at the Annual Meeting. Such written notice of revocation or subsequent proxy card should be hand delivered to the Secretary of the Company or should be sent so as to be delivered to Monolithic Power Systems, Inc., 6409 Guadalupe Mines Road, San Jose, CA 95120, Attention: Corporate Secretary.

Expenses of Solicitation

The Company will bear all expenses of this solicitation, including the cost of preparing and mailing this solicitation material. The Company may reimburse brokerage firms, custodians, nominees, fiduciaries and other persons representing beneficial owners of Common Stock for their reasonable expenses in forwarding solicitation material to such beneficial owners. Directors, officers and employees of the Company may also solicit proxies in person or by telephone, letter, e-mail, telegram, facsimile or other means of communication. Such directors, officers and employees will not be additionally compensated, but they may be reimbursed for reasonable out-of-pocket expenses in connection with such solicitation. The Company may engage the services of a professional proxy solicitation firm to aid in the solicitation of proxies from certain brokers, bank nominees and other institutional owners. The Company's costs for such services, if retained, will not be significant.

Table of Contents

Quorum; Required Vote; Abstentions; Broker Non-Votes

Holders of a majority of the outstanding shares entitled to vote must be present at the Annual Meeting in order to have the required quorum for the transaction of business. Stockholders are counted as present at the meeting if they: (1) are present in person or (2) have properly submitted a proxy card or voted by telephone or by using the Internet. If the shares present at the meeting do not constitute the required quorum, the meeting may be adjourned to a subsequent date for the purpose of obtaining a quorum.

A plurality of the votes duly cast is required for the election of directors.

The affirmative vote of a majority of the votes duly cast is required to ratify the appointment of Deloitte & Touche LLP as the independent registered public accounting firm of the Company.

Under the General Corporation Law of the State of Delaware, an abstaining vote and a broker non-vote are counted as present and entitled to vote and are, therefore, included for purposes of determining whether a quorum is present at the Annual Meeting. An abstaining vote is deemed to be a vote cast and has the same effect as a vote cast against approval of a proposal requiring approval by a majority of the votes cast. However, broker non-votes are not deemed to be votes cast. As a result, broker non-votes are not included in the tabulation of the voting results on the election of directors or issues requiring approval of a majority of the votes cast and, therefore, do not have the effect of votes in opposition in such tabulations. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Table of Contents**Director Compensation**

In 2007, the Board adopted a revised compensation plan for the Company's independent directors. The plan was based on a survey of cash compensation practices of similar sized public companies and on external data provided by Presidio Pay Advisors. This survey included semiconductor companies, of which the Compensation Committee selected those companies with annual revenues between \$150 million to \$300 million. The annual compensation plan provides a common base fee for each independent director, as well as additional fees for service on the various committees and supplemental fees for the role of committee chairman, as follows:

Base Fee	\$ 25,000
Nominating Committee Chairman	\$ 5,000
Nominating Committee Member	\$ 1,500
Audit Committee Chairman	\$ 15,000
Audit Committee Member	\$ 5,000
Compensation Committee Chairman	\$ 7,000
Compensation Committee Member	\$ 2,000

Each year, on the date of the annual meeting, the Company grants each non-employee director who has been on the Board for at least six months, an option to purchase 15,000 shares of Common Stock, which option fully vests on the anniversary of the date of grant and is otherwise governed by the terms of our 2004 Equity Incentive Plan. Additionally, the Company grants each new non-employee director an option to purchase 30,000 shares of Common Stock when joining the Board, which option vests over a term of two years and is otherwise governed by the terms of the 2004 Equity Incentive Plan.

The following table sets forth the total compensation paid by the Company to each non-employee director for fiscal 2007. Mr. McBurnie and Ms. Bogart joined the Board in May 2007, and as such, were entitled to a prorated portion of the annual base and committee fees. The committee memberships changed throughout the year, therefore, the committee fees were adjusted on a quarterly basis and were based on the committees for which each director served. Mr. Hsing and Mr. Moyer, who are our employees, did not receive additional compensation for their services as a director.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the 1934 Act and regulations of the SEC thereunder require the Company's executive officers and directors, and persons who own more than 10% of a registered class of the Company's equity securities, to file reports of initial ownership and changes in ownership with the SEC. Based solely on its review of copies of such forms received by the Company, or on written representations from certain reporting persons that no other reports were required for such persons, the Company believes that, during 2007, all of the Section 16(a) filing requirements applicable to its executive officers, directors and 10% stockholders were complied with, except for a late Form 3 for one (1) transaction for Paul Ueunten. The Form 3 was filed upon discovery that it had not been filed on time.

Certain Relationships and Related Transactions

On August 3, 2007, the Company granted to Julia Chu, employee and wife of Deming Xiao, President of MPS Asia Operations, options to purchase 20,000 shares of common stock at an exercise price of \$18.77 that vest as follows: 50% vest two years after the vesting commencement date and 1/48th of the total number of shares vest each month thereafter. This grant was approved by the Board, and not specifically by the Audit Committee.

The Company has a written policy on related party transactions, as defined in the Company's Code of Ethics and Business Conduct and the Audit Committee Charter. In accordance with the Company's Code of Ethics and Business Conduct, it is the responsibility of our employees and directors to disclose any significant financial interest in a transaction between the Company and a third party, including an indirect interest, through, for example, a relative or significant other. It is also the responsibility of our Audit Committee, as described in the Audit Committee Charter, to review on an ongoing basis all related party transactions and approve these transactions before they are entered into.

EXECUTIVE OFFICER COMPENSATION

Compensation Discussion and Analysis

Overview

The goal of our named executive officer compensation program is the same as our goal for operating the company to create long-term value for our stockholders. Toward this goal, we have designed and implemented our compensation programs for our named executives to reward them for sustained financial and operating performance and leadership excellence, to align their interests with those of our stockholders and to encourage them to remain with the company for long and productive careers. Most of our compensation elements simultaneously fulfill one or more of our performance, alignment and retention objectives. These elements consist of salary, long-term equity and short-term non-equity incentive compensation. In deciding on the type and amount of compensation for each executive, we focus on both current pay and the opportunity for future compensation. We combine the compensation elements for each executive in a manner we believe optimizes the executive's contribution to the company.

Determining Compensation

Frederic W. Cook & Co. was retained by Monolithic Power Systems' Compensation Committee in August 2007 to conduct an independent review of the Company's executive compensation program, focusing on:

1. Its external reasonableness compared to publicly-traded technology companies of similar size and market value; and

2. The program's effectiveness in supporting the Company's ongoing business strategy.

The study considered all elements of total direct compensation for MPS' Chief Executive Officer, Chief Financial Officer and its next four most highly compensated officers. The study included an analysis of cash compensation, including non-equity incentive plan awards and equity incentives for both individual officers and the Company in aggregate. For equity award grants, consideration was given to equity ownership interest, company-wide annual share usage rates, stock-based compensation expense related to equity awards and total potential dilution from equity compensation programs.

MPS' compensation programs were compared to 19 publicly-traded semiconductor companies, with market capitalization between approximate \$250 million and \$2.0 billion. MPS' market capitalization was in the mid-range of the group, making it ideal for direct compensation comparisons. Furthermore, it also ensures the reasonableness of the benchmark study. The peer group was developed by Frederick W. Cook and Co. with the assistance from management and the Compensation Committee and includes: Silicon Laboratories, Microsemi, Semtech, Skyworks Solutions, Diodes, Amis Holdings, SiRF Technologies, Micrel, Applied Micro Circuits, Triquint, NetLogic, Cirrus Logic, Supertex, Advanced Analogic, Power-One, IXYS, Pericom, Genesis Microchip and Volterra. The results were as follows:

1. Overall, the salaries for the six executives were 10% below-median, which is generally unsustainable over time as inequities emerge when new executives are hired. The Chief Executive Officer's base compensation was 23% below-median.
2. Overall, the target non-equity incentive plan awards as a percent of salary were approximately 10% below-median, with the Chief Executive Officer being 52% below-median.
3. Generally, the equity compensation was above-median, in part because of the relative increase in shareholder returns relative to MPS peers, having returned on average approximately 32% since IPO versus a three-year peer median of approximately 5%. This makes up for a portion of the historical cash compensation shortfall.

Table of Contents

Based on the results of the study, Frederic W. Cook & Co. recommended that we change our compensation philosophy, which has worked well in the past but was more appropriate for a pre-IPO company, so that it is sustainable for a performance-oriented public company. The study corroborated the compensation committee's belief that there should be an appropriate mix between equity incentive awards and cash payments in order to meet the Company's stated objectives. The mix of compensation elements is designed to reward recent results and motivate long-term performance through a combination of cash and equity incentive awards and takes into consideration financial, operational and strategic metrics, which impact the performance of our stock. It also serves to motivate and retain key personnel.

To address the shortfall in the base compensation of our executive officers, the Compensation Committee on October 25, 2007 approved an increase in the base salaries effective November 1, 2007, as follows:

Named Executive Officer	Base Salary
Michael Hsing	\$ 400,000
C. Richard Neely, Jr.	\$ 280,000
Deming Xiao	\$ 280,000
Maurice Sciammas	\$ 280,000
Adriana Chiocchi	\$ 252,000
Paul Ueunten	\$ 252,000
James C. Moyer	\$ 180,000

The increase in the base salaries of our executive officers generally brought the cash compensation up to the median of the peer group, with the exception of Michael Hsing and James C. Moyer, who are co-founders of the Company and are significantly below the median of the companies for which MPS was compared.

The Role of the Compensation Committee and CEO

The Compensation Committee of our Board has primary responsibility for overseeing the design, development and implementation of the compensation program for the CEO and the other named executives. The Compensation Committee evaluates the performance of the CEO and determines CEO compensation in light of the goals and objectives of the compensation program. The CEO and the Compensation Committee together assess the performance of the other named executives and determine their compensation, based on initial recommendations from the CEO. Our CEO assists the Compensation Committee in reaching compensation decisions with respect to the named executive officers other than himself. The other named executive officers do not play a role in their own compensation determination, other than calculating achievement to discrete financial objectives, discussing individual performance objectives with the CEO and assisting with the compilation of external benchmark data for the Compensation Committee to review.

Bonuses

Generally, we do not provide our named executive officers with discretionary bonus payouts. In 2007, consistent with our compensation philosophy, there were no bonus payouts to any of our named executive officers.

Long-term, Equity Incentive Compensation

Long-term equity awards are designed to reward and retain our valued executives, to effectively compete for executives that can strategically position the company for future growth and financial success, and to encourage our executives to focus on achieving both short-term goals as well as long term development goals for the future.

Stock option awards are granted to encourage long-term retention and performance and remain a popular means of compensation for the following reasons: (1) goal-setting is not required; (2) it is essentially tax-deferred; and (3) employees generally receive more of them than if restricted shares were used, which then increases the upside potential if the stock price increases. Performance units are generally granted in fewer

Table of Contents

quantities and are used to reward individual outstanding performance. Performance units are used as a means of compensating our executives and they convey immediate value on vesting, and as such, the executive is assured some amount of value as long as he/she remains employed through the vesting period. Vesting periods may vary, at the discretion of the Compensation Committee. Generally, options vest over a period of four years and performance units vest over a period of two to four years.

In granting options and performance units to our named executive officers under the Company's 2004 Equity Incentive Plan, the Compensation Committee bases the size of the awards on such considerations as the value of options and restricted stock awarded to individuals in comparable positions at peer group companies, the Company's and individual's performance against the Company's goals and the goals set for such individual, the number of options currently held by the executive officer and the overall percentage of shares held by executive officers. In 2007, we granted equity awards to purchase our common stock to our incumbent officers, based on comparable carried interest ownership of the peer group, the shortfall in the cash compensation for 2007, their current and past performance and the achievement of certain performance based objectives, as follows:

Name	Stock Options	Performance Units	Rationale
Michael Hsing	200,000	0	Provided technological leadership and guidance to the Company; Set the vision for the Company going forward.
C. Richard Neely, Jr.	30,000	9,500	Played a significant role in reducing certain general and administrative costs and provided financial guidance to the shareholder community at large.
Deming Xiao	40,000	9,500	Played a significant role in reducing the cost of goods sold, which allowed us to maintain our margins despite a decline in the average sales price for certain of our products.
Maurice Sciammas	57,000	9,500	Increased sales penetration in existing markets and created market demand for new products.
James C. Moyer	20,000	9,500	Provided key technology justification in the settlement of certain lawsuits and is a key member of MPS technical staff.
Paul Ueunten	77,000	9,500	Instrumental in the design and development of new products and in patent-related activities.
Adriana Chiocchi	57,000	11,500	Played a key role in the settlement of certain lawsuits and in corporate governance compliance.

The grants to the majority of our executives were made in August 2007 at the first meeting of the Board after which the goals of our executives were assessed.

In 2008, at the recommendation of Frederick Cook & Co., we will grant a combination of time-based and performance-based options to our employees, including our named executive officers. This combination will allow us to retain certain key individuals and will reward individuals when short-term performance goals are met.

Table of Contents***Short-Term, Non-Equity Incentive Compensation***

Short-term non-equity based performance awards in 2007 were based on our 2006 Employee Bonus Plan, which was designed to align the compensation of executive management to key financial drivers and provide variable pay opportunities and targeted total cash compensation that is competitive with our peer group. The plan was also designed to increase the competitiveness of executive pay without increasing fixed costs and ensure that short-term, non-equity incentive payments are contingent upon each of our executives achieving their individual goals and objectives as well as the overall goals and objectives of the Company.

There are two components that are included in the determination of short-term, non-equity incentive compensation, corporate achievements and individual achievements. In measuring corporate achievements, there is an assessment of whether the revenue targets and non-GAAP operating targets for the relevant measurement periods, which is typically six months, were achieved. For purposes of this metric, non-GAAP operating income is defined as GAAP operating income, less stock-based compensation expense and extraordinary one time charges. The individual achievement components of the short-term non-equity incentive plan are specific goals and objectives for each executive, as agreed upon with the CEO. The short-term non-equity incentive plan, as implemented by the Compensation Committee, establishes a target bonus for each executive based on the market data described above. The plan had a maximum payout of 125% of target if performance significantly exceeded the financial and discretionary goals and also allowed limited flexibility to increase the payout by up to 20% at the discretion of the CEO, without Compensation Committee or Board approval. The maximum payout, therefore, was 145% of the target bonus. However, the total payout to all executives in the plan, which includes our named executive officers and certain of our other officers, could not exceed five percent of non-GAAP operating income. In 2007, the CEO exercised his 20% discretion for all executives, as the Company's performance far exceeded the targeted objectives.

On January 31, 2008, the Compensation Committee approved the non-equity incentive plan for 2008 based on meeting certain revenue and non-GAAP financial targets and achieving certain corporate and individual goals. The plan has a maximum payout of 200% of target if performance exceeds the financial and discretionary goals. The maximum payout for each of our named executive officers in 2008 is as follows. Achieving the maximum bonus payout would require extraordinary performance to the criteria stated above.

Name	Maximum 2008 Performance Bonus
Michael R. Hsing	\$ 702,000
C. Richard Neely, Jr.	\$ 273,000
Deming Xiao	\$ 273,000
James C. Moyer	\$ 98,000
Maurice Sciammas	\$ 273,000
Adriana Chiochi	\$ 246,000
Paul Ueunten	\$ 246,000

Severance and Change-in-Control Arrangements

We have severance and change-in-control arrangements with certain of our named executive officers pursuant to employment agreements, which provide for such executives to receive certain payments and benefits upon termination of their employment with the Company in certain circumstances, including in connection with a change-in-control. Severance and change-in-control arrangements were benchmarked against our peer group. These arrangements are discussed in *Potential Payments Upon Termination or Change-in-Control* below.

Other Compensation

The Compensation Committee does not provide compensation packages for our executives that include extravagant perquisites nor do we provide our executives with non-qualified deferred compensation plans and defined benefit plans, other than our 401(k) plan for which our Company does not make a matching contribution.

Table of Contents

The Company also offers a number of other benefits to named executive officers pursuant to benefit programs that provide for broad-based employee participation. These benefit programs include the Employee Stock Purchase Program, broad-based restricted stock unit awards, medical, dental and vision insurance, long-term and short-term disability insurance, life and accidental death and dismemberment insurance and health and dependent care flexible spending accounts.

In 2007, Mr. Ueunten was given an automobile for his important contribution to new product development. The products for which Mr. Ueunten was responsible are expected to continue to produce revenue for MPS in the upcoming years.

Equity Incentive Grant Policies

On January 19, 2007, the Board adopted the Monolithic Power Systems Equity Award Grant Policy which is designed to comply with: (i) the administrative provisions of the Company's 2004 Equity Incentive Plan and such other plans as the Company may adopt from time to time (collectively, the Plans), (ii) the requirements of the Delaware General Corporation Law, (iii) the corporate governance requirements of NASDAQ, (iv) applicable rules and regulations of the SEC, including those relating to Section 16 of the 1934 Act, and (v) relevant sections of the Internal Revenue Code, including Sections 422 (incentive stock options), 409A (deferred compensation) and 162(m) (performance based compensation). Grants to MPS named executives must be approved by the Board and will only be granted at specific times during the year.

Plan and Corporate Authorization

Under the Company's Plans, the authorization to administer the grant of equity incentive awards is conferred upon the Board or any committee of the Board as properly constituted under applicable laws.

The Board has delegated to the Compensation Committee of the Board the authority to serve as administrator of the Plans (including the authority to grant awards thereunder), and has approved a charter outlining the responsibilities of this committee which also includes this express authority. The delegation of authority to the Compensation Committee is not exclusive; the Board retains the right to formally approve award grants as well.

In addition, the Board has delegated limited authority for grants of equity awards under the Plans to new employees and consultants only to a committee consisting of the Chief Executive Officer (the Equity Award Committee). Grant documentation approved by the Equity Award Committee through unanimous written consent will also be verified through a second signature. The authority does not extend to grants to the named executive officers.

The delegation of authority to the Equity Award Committee is not exclusive; the Board and Compensation Committee retain the right to formally approve award grants as well.

Equity Grants to New Hires

It is the Company's policy not to time equity award grants in relation to the release of material non-public information, and it is the intent of this policy to specify the timing of effectiveness of equity awards granted hereunder in order to avoid such timing.

Grants to new hire employees and consultants (other than Executive Officers as defined below) will generally be made on the first Monday and third Monday of each month. Management submits the Company's employee equity award recommendations to the Equity Award Committee and/or the Compensation Committee and, if such equity awards are approved by the Equity Award Committee or the Compensation Committee, such equity awards will be granted effective as of the date of a meeting approving such awards as evidenced by

Table of Contents

written minutes of such meeting or the date of the last verification signature or electronic verification over email in the event of a written consent in lieu of the meeting. In the event that the Compensation Committee meets on any date other than the first Monday or third Monday of the month, the awards approved at such meeting for new hire employees who are not Executive Officers will be granted and priced effective as of the next scheduled grant date.

New hire grants made to Executive Officers (defined as the Chief Executive Officer, Chief Financial Officer, Chief Legal Officer, Chief Operations Officer, President, employees who are members of the Board and any other employee determined by the Board to be an Executive Officer) may not be granted by the Equity Award Committee and will only be granted on the date of the next regularly scheduled Board meeting subsequent to the Executive Officer's start date and following approval of such grant by the Compensation Committee.

Equity Grants to Existing Employees or Incumbent Members of the Board

Generally, annual grants of equity awards shall be made to key performers quarterly at a regularly scheduled Board meeting for employees who are not Executive Officers. Grants of equity awards to Executive Officers shall be made two times per year in an open trading window by the Board or the Compensation Committee at a regularly scheduled meeting following the approval of such equity awards by the Compensation Committee to help avoid making such grants at a time when the Company's trading market may not be in possession of material information regarding the Company.

Equity awards to non-employee members of the Board shall be made by the Board or pursuant to any automatic grant provisions in the Plans.

Prior to the adoption of a formal equity incentive grant policy, we granted equity instruments in a manner similar to the process described above.

There are no stock ownership guidelines for the Company's named executive officers.

Tax and Accounting Impacts of Equity Grants

In issuing equity incentive grants to our employees, including our named executive officers, the accounting and tax impacts on the Company's income statement are looked at regularly and are an integral part of the financial planning process.
