2008 Annual Report to Stockholders**

Annual Meeting

Invitation

Dear Fellow Stockholder:

We are pleased to provide this annual report for our fiscal year ending March 31, 2008, during which we again achieved record sales and earnings. Net sales increased 35% to over \$2 billion and net earnings increased 32% to \$59.7 million. Our stock price has reflected this performance with an increase of 39% in the past year to a closing price of \$23.92 at this fiscal year end.

2008 Annual

Report on Form

10-K

The growth in revenue and earnings was strong in both segments of our business and in our three geographic regions. We achieved the record earnings in spite of facing incremental commodity costs during the year of approximately \$240 million, which we were able to offset through a combination of increased selling prices, higher sales volume and the continuation of our successful cost savings programs. We believe these results demonstrate the value our customers place on our quality products and service. Our employees remain committed to our continuous improvement in these areas and we thank them for their valuable contributions to the success of EnerSys.

This was a satisfying year in many ways as we addressed the many challenges we faced while achieving the record sales and earnings. We look forward to another successful upcoming year.

I thank our stockholders for their continued support, our employees for their many contributions to our success, our valued suppliers, and especially our customers for their confidence in our products and services.

Sincerely,
John D. Craig
Chairman of the Board,

President and Chief Executive Officer

PROXY STATEMENT

GENERAL INFORMATION

Solicitation of Proxies. The Board of Directors of EnerSys is providing this Proxy Statement to solicit proxies for use at EnerSys' annual meeting of stockholders to be held at its corporate offices located at 2366 Bernville Road, Reading, Pennsylvania 19605 on Thursday, July 17, 2008, at 10:00 a.m. (Eastern time) or any adjournment or postponement thereof (the Annual Meeting). EnerSys (the Company, we, our, or us) is first delivering this Proxy Statement, the foregoing notice and the accompanying proxy card to stockholders on or about June 17, 2008.

Purpose of the Meeting. At the Annual Meeting, our stockholders will be asked to vote on the following proposals:

Proposal No. 1: To elect the three (3) Class I director nominees of the Board of Directors of EnerSys, each to serve for a term of three years and until their respective successors shall have been elected and qualified; and

Proposal No. 2: To ratify the appointment of Ernst & Young LLP as EnerSys' independent registered public accounting firm for the fiscal year ending March 31, 2009.

Record Date. Only stockholders of record at the close of business on June 2, 2008 (the Record Date), are entitled to notice of, and to vote at, the Annual Meeting. At the close of business on the Record Date, there were 49,596,280 shares of EnerSys common stock outstanding, each of which will be entitled to one vote at the Annual Meeting.

Quorum. The presence, in person or by proxy, of stockholders entitled to cast at least a majority of the votes that all stockholders are entitled to cast will constitute a quorum at the Annual Meeting. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of votes considered to be present at the Annual Meeting for purposes of determining the presence of a quorum.

Voting and Revocation of Proxies. Stockholders of record can choose one of the following three ways to vote:

1. By mail: Complete, sign, date and return the enclosed proxy card in the pre-paid envelope provided. If you return the signed proxy card but do not mark the boxes showing how you wish to vote, your votes will be cast FOR the election of all director nominees, and FOR the ratification of the appointment of Ernst & Young LLP as EnerSys' independent registered public accounting firm.
2. By telephone: Call the toll-free telephone number on the proxy card (888-693-8683) and follow the instructions.
3. Through the Internet: Access the website www.cesvote.com and follow the instructions.

We encourage each stockholder of record to submit their proxy electronically through the Internet, if that option is available, or by telephone. Delivery of a proxy in any of the three ways listed above will not affect a stockholder's right to attend the Annual Meeting and vote in person. If your shares are held in street name (that is, through a broker, trustee or other holder of record), you will receive a proxy card from your broker seeking

Table of Contents

instructions as to how your shares should be voted. If no voting instructions are given, your broker or nominee has discretionary authority to vote your shares on your behalf on routine matters. A broker non-vote results on a matter when your broker or nominee returns a proxy but does not vote on a particular proposal because it does not have discretionary authority to vote on that proposal and has not received voting instructions from you. Under the rules of The New York Stock Exchange, the proposals to elect the director nominees of the Board of Directors and the ratification of the appointment of the independent registered public accounting firm are each routine matters and thus your broker or nominee has discretionary authority to vote on these matters. Accordingly, we believe that there will be no broker non-votes at the Annual Meeting. You may not vote shares held in street name at the Annual Meeting unless you obtain a legal proxy from your broker or holder of record.

Any stockholder of record giving a proxy may revoke it by doing any of the following:

Delivering a written notice of revocation to the Secretary of EnerSys, dated later than the proxy, before the vote is taken at the Annual Meeting;

Delivering a duly executed proxy to the Secretary of EnerSys, bearing a later date (including proxy by telephone or through the Internet) before the vote is taken at the Annual Meeting; or

Voting in person at the Annual Meeting (your attendance at the Annual Meeting, in and of itself, will not revoke the proxy). Any written notice of revocation, or later dated proxy, should be delivered to:

EnerSys
2366 Bernville Road
Reading, Pennsylvania 19605

Attention: Richard W. Zuidema, Executive Vice President Administration and Secretary

Required Votes. The affirmative vote of a plurality of the votes cast at the meeting is required for the election of director nominees. A properly executed proxy marked *WITHHOLD* with respect to the election of one or more director nominees will not be voted with respect to the director nominee or director nominees indicated.

The ratification of the appointment of Ernst & Young LLP as EnerSys independent registered public accounting firm for the fiscal year ending March 31, 2009, requires the affirmative vote of the holders of a majority of the shares represented and entitled to vote at the Annual Meeting. With respect to these matters, abstentions will have the same effect as voting against such proposal and broker non-votes, if any, will not constitute or be counted as votes cast for purposes of this proposal.

Attendance at the Annual Meeting. Attendance at the Annual Meeting will be limited to stockholders as of the Record Date, their authorized representatives and guests of EnerSys.

Metalmark and our Institutional Stockholders. We entered into a Securityholder Agreement, dated as of July 26, 2004, as amended (the Securityholder Agreement), with Metalmark Capital LLC, an independent private equity firm established in 2004 by former principals of Morgan Stanley Capital Partners to manage Morgan Stanley Capital Partners private equity funds and to make private equity investments in a broad range of industries (Metalmark), certain institutional stockholders, and certain members of our senior management, which governs certain relationships among such parties. As of May 28, 2008, the Institutional Stockholders held approximately 15.1% of the outstanding shares of our common stock. The Institutional Stockholders have advised us that they intend to vote all such shares in favor of the Board's nominees for director and in favor of the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2009.

PROPOSAL NO. 1

ELECTION OF THE CLASS I DIRECTOR NOMINEES OF THE BOARD OF DIRECTORS

General

Our certificate of incorporation provides that the Board of Directors shall consist of not less than three nor more than eleven members, as fixed by the Board of Directors from time to time. The certificate of incorporation also divides the Board into three classes, with each class to be as nearly equal in number as possible. The members of each class will serve for a staggered, three-year term. Upon the expiration of the term of a class of directors, nominees for directors in that class will be considered for election for three-year terms at the annual meeting of stockholders in the year in which the term of directors in that class expires.

Our Board of Directors currently consists of nine members, divided into three classes. The classes are composed of the following directors:

Messrs. Lehman, Mabus and Marlo are Class I directors, whose terms will expire at the 2008 annual meeting of stockholders;

Messrs. Chung, Hoffman and Katsaros are Class II directors, whose terms will expire at the 2009 annual meeting of stockholders; and

Messrs. Craig, Hoffen and Muscari are Class III directors, whose terms will expire at the 2010 annual meeting of stockholders.

Effective July 18, 2008, Mr. Hoffman will resign from the Board of Directors and be replaced by General Robert Magnus, USMC (Retired), who will serve as a Class II director, with a term expiring at the 2009 annual meeting of stockholders.

Director Nominees of the Board of Directors

Based on the recommendation of the Nominating and Corporate Governance Committee, the Board of Directors has unanimously nominated Mr. John F. Lehman, Mr. Raymond E. Mabus, Jr., and Mr. Dennis S. Marlo for election as Class I directors of EnerSys. Each of the nominees currently serves as a director of EnerSys

Table of Contents

and has consented to being named in this Proxy Statement and to serve, if elected. Each of the directors elected at the Annual Meeting will hold office until the 2011 annual meeting of stockholders and until their successors are duly elected and qualified. If any of the nominees become unable to accept nomination or election, the persons named in the proxy may vote for a substitute nominee selected by the Board of Directors. Our management, however, has no present reason to believe that any Class I nominee will be unable to serve as a director, if elected.

The three director nominees who receive the highest number of votes cast at the Annual Meeting will be elected Class I directors. Shares represented by properly delivered proxies will be voted for the Class I director nominees unless otherwise specified in the proxy by the stockholder. Any stockholder who wishes to withhold authority from the proxyholders to vote for the election of directors or to withhold authority to vote for any individual director nominee may do so by voting his or her proxy to that effect. Stockholders cannot cumulate their votes for the election of directors. No proxy may be voted for a greater number of persons than the number of director nominees named.

RECOMMENDATION

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF EACH OF THE DIRECTOR NOMINEES LISTED ABOVE.

Chief Executive Officer shall be nominated to the Board of Directors. The stockholders party to the Securityholder Agreement, including certain members of our senior management, have agreed to vote their shares of our common stock to elect these nominees for director.

CORPORATE GOVERNANCE

Controlled Company Exemption

Prior to the completion of a secondary offering of EnerSys common stock on July 5, 2007, our Board of Directors had determined that due to the beneficial ownership of over 50% of our common stock by the Institutional Stockholders, who are parties to the Securityholder Agreement, EnerSys was a controlled company for purposes of the corporate governance requirements of The New York Stock Exchange (NYSE). As such, our Board of Directors had elected to be exempted from the NYSE s requirements that a majority of our Board of Directors be independent directors and that all members of our Nominating and Corporate Governance Committee be independent directors. Following the completion of this secondary offering, the beneficial ownership of the Institutional Stockholders was reduced to less than 50% of our common stock, and, accordingly, EnerSys ceased to be a controlled company based on the NYSE s corporate governance requirements. Pursuant to the phase-in rules of the NYSE, EnerSys is required to be in full compliance with the NYSE s requirements for an independent Nominating and Corporate Governance Committee and a majority of independent directors by July 5, 2008, twelve-months from the date EnerSys ceased to be a controlled company. Effective June 12, 2008, Kenneth F. Clifford resigned from our Board of Directors. Effective upon Mr. Clifford s resignation, our Board of Directors, based upon the recommendation of our Nominating and Corporate Governance Committee, appointed Joseph C. Muscari as a member of our Board of Directors to serve as a Class III director with a term expiring at the 2010 annual meeting of stockholders. Effective July 4, 2008, Mr. Hoffen will resign as a member of our Nominating and Corporate Governance Committee. Effective upon Mr. Hoffen s resignation from the Committee, our Nominating and Corporate Governance Committee will consist solely of independent directors, and Metalmark, on behalf of the Institutional Stockholders, has temporarily waived the requirement that this Committee have at least three members. By taking such actions, EnerSys will be in full compliance with the corporate governance requirements of the NYSE.

Independence of Directors

Our Board of Directors determined that Messrs. Katsaros, Lehman, Mabus, Marlo and Muscari are independent from EnerSys and our management under the NYSE s listing standards. These standards are attached as Appendix A. The Board considered the NYSE standards, the fact that there were no transactions or arrangements between the directors and EnerSys, other than the consideration for serving as a director, and all other relevant facts and circumstances in making these independence determinations and concluded that there were no material relationships between either of Messrs. Katsaros, Lehman, Mabus, Marlo or Muscari and EnerSys.

Messrs. Chung, Hoffen and Hoffman are employees of Metalmark, which, together with the other Institutional Stockholders, pursuant to the Securityholder Agreement, and through the Subadvisory Agreement, was the controlling stockholder of EnerSys until July 5, 2007. As such, the three-year period of non-affiliation required for independence from EnerSys and our management is measured from such date. Therefore, Messrs. Chung and Hoffen may become independent after July 5, 2010, if the Board of Directors determines that the other indicia of independence described above are also met.

There are no family relationships among our directors or executive officers.

Committees of our Board of Directors

Our Board of Directors has an Audit Committee, a Compensation Committee, and a Nominating and Corporate Governance Committee, each of which has the composition and responsibilities described below. Our Board of Directors, from time to time, may establish other committees.

Audit Committee

Since September 14, 2007, our Audit Committee consisted of Messrs. Marlo (Chairperson), Katsaros and Mabus. Prior thereto, the Audit Committee consisted of Messrs. Marlo (Chairperson), Katsaros and Lehman. The Board of Directors has determined that Mr. Marlo is an audit committee financial expert, as such term is defined in rules promulgated by the SEC under the Exchange Act. The Board of Directors has determined that Messrs. Katsaros, Mabus and Marlo are independent directors. Our Audit Committee held a total of nine (9) meetings in the fiscal year ended March 31, 2008, seven (7) of which were in person and two (2) of which were held telephonically.

The Audit Committee is responsible for:

appointing, compensating and overseeing our independent registered public accounting firm (independent auditors);

overseeing management s fulfillment of its responsibilities for financial reporting and internal control over financial reporting; and

overseeing the activities of our internal audit function.

For additional information, see Audit Committee Report herein and the Audit Committee Charter, which is available on the Investor Relations page of our website at www.enersys.com.

Compensation Committee

Effective as of April 1, 2007, our Board reconstituted our Compensation Committee such that it now consists solely of independent directors. Since September 14, 2007, our Compensation Committee consisted of Messrs. Lehman (Chairperson), Katsaros and Marlo. Prior to September 14, 2007, Mr. Marlo was the Chairperson of the Compensation Committee. The Board of Directors has determined that Messrs. Katsaros, Lehman and Marlo are independent directors.

The Compensation Committee is responsible for:

reviewing and approving the compensation of our Chief Executive Officer (CEO) and executive officers other than the CEO;

reviewing and consulting with the CEO on the selection of officers and evaluation of executive performance and other related matters; and

administering our equity plans and other incentive compensation plans.

More specifically, the Compensation Committee has sole authority to set the base salaries and approve equity-based and incentive-based compensation for our CEO and our other named executive officers. It engages its own independent compensation consultant, currently Frederic W. Cook & Co., Inc., to review the compensation levels of executives at our peer companies, assess total compensation of our executives, and make

Table of Contents

recommendations about changes in the compensation. The Compensation Committee also considers recommendations from our CEO with respect to the base salary of our named executive officers. The Compensation Committee utilizes a similar methodology for recommending director compensation and meeting fees, which are subject to Board approval.

This Committee held a total of five (5) meetings in the fiscal year ended March 31, 2008, four (4) of which were in person, and one (1) of which were held telephonically.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee (i) was, during fiscal year 2008, or had previously been, an officer or employee of EnerSys or our subsidiaries nor (ii) had any direct or indirect material interest in a transaction of EnerSys or a business relationship with EnerSys, in each case that would require disclosure under the applicable rules of the SEC. No other interlocking relationship existed between any member of the Compensation Committee or an executive officer of EnerSys, on the one hand, and any member of the compensation committee (or committee performing equivalent functions, or the full board of directors) or an executive officer of any other entity, on the other hand, requiring disclosure pursuant to the applicable rules of the SEC.

Nominating and Corporate Governance Committee

Since September 14, 2007, our Nominating and Corporate Governance Committee consisted of Messrs. Hoffen (Chairperson), Lehman and Mabus. Prior thereto, the Nominating and Corporate Governance Committee consisted of Messrs. Hoffen (Chairperson), Fry and Marlo, until Mr. Fry's resignation on July 31, 2007. Effective July 4, 2008, following Mr. Hoffen's resignation from the Committee, our Nominating and Corporate Governance Committee will consist of Messrs. Mabus (Chairperson) and Lehman. The Nominating and Corporate Governance Committee is responsible for identifying and recommending potential candidates qualified to become board members, recommending directors for appointment to board committees and developing and recommending to our Board of Directors a set of corporate governance principles. The Committee held a total of three (3) meetings in the fiscal year ended March 31, 2008, two (2) of which were in person, and one (1) of which was held telephonically.

Process for Selection of Director Nominee Candidates

The Nominating and Corporate Governance Committee believes that the minimum qualifications for serving as a director of EnerSys are that a candidate demonstrate, by significant accomplishments in his or her field, an ability to make a meaningful contribution to the Board of Directors oversight of the business and affairs of EnerSys and have an impeccable record and reputation for honest and ethical conduct in his or her professional and personal activities. In addition, the Nominating and Corporate Governance Committee considers the following characteristics in reviewing director candidates:

integrity and character;

sound and independent judgment;

breadth of experience;

business acumen;

leadership skills;

scientific or technology expertise;

Edgar Filing: EnerSys - Form DEF 14A

familiarity with issues affecting global businesses in diverse industries; and

diversity of backgrounds and experience.

Table of Contents

In addition to these requirements, the Nominating and Corporate Governance Committee will also evaluate, in the context of the needs of the Board, whether the nominee's skills are complementary to the existing Board members' skills, and assess any material relationships with EnerSys or third parties that might adversely impact independence and objectivity, as well as such other criteria as the Nominating and Corporate Governance Committee determines to be relevant at the time. The Nominating and Corporate Governance Committee, Committee Chair and/or our Chief Executive Officer interview candidates that meet the criteria, and the Nominating and Corporate Governance Committee selects candidates that best suit the Board's needs. We may from time to time hire an independent search firm to help identify and facilitate the screening and interview process of director candidates.

Stockholders may recommend qualified persons for consideration by the Nominating and Corporate Governance Committee. Stockholders making a recommendation must submit the same information as that required to be included by us in our Proxy Statement with respect to nominees of the Board of Directors. The stockholder recommendation should be submitted in writing, addressed to EnerSys at 2366 Bernville Road, Reading, Pennsylvania 19605 (Attn: Richard W. Zuidema, Executive Vice President Administration and Secretary).

The Nominating and Corporate Governance Committee's evaluation process does not vary based on whether or not a candidate is recommended by a stockholder. The Nominating and Corporate Governance Committee will also review the performance as a director of any person already serving on the Board of Directors of EnerSys in determining whether to recommend that the Director be re-nominated.

Charters of the Committees of the Board of Directors

The Audit Committee, Nominating and Corporate Governance Committee, and Compensation Committee each operate pursuant to a written charter adopted by the Board of Directors. Each Committee reviews its charter at least annually. Copies of the charters are available on the Investor Relations page of our website at www.enersys.com or in print upon request. See Corporate Governance Access to Corporate Governance Documents.

Director Attendance at Board, Committee and Annual Meetings

Our Corporate Governance Guidelines provide that directors are expected to attend meetings of the Board and meetings of the committees on which they serve. During our fiscal year 2008, the Board of Directors met a total of four (4) times. Each director attended at least 75% of the total number of meetings of the Board and its committees on which the director served during the fiscal year, based on the number of such meetings held during the period for which each person served as a director or on a committee. It is our policy that directors are invited to the Annual Meeting but are not required to attend. The Chairman of the Board attended the 2007 annual meeting of stockholders.

Executive Sessions of Non-Management Directors

The Board has established a policy requiring non-management directors to meet in executive session periodically during the course of each year and has established procedures for determining which non-management director will serve as the presiding director for these executive sessions. The presiding director is designated by the Board of Directors. Mr. Hoffen has been designated as the presiding director for fiscal year 2009. In addition, it is expected that at least once a year the independent directors will meet in a separate executive session.

Communications with the Board of Directors

Stockholders and other interested parties, who desire to communicate directly with any member (or all members) of the Board, any Board committee or any chair of any such committee should submit such communication in writing addressed to the Presiding Director or Non-Management Directors, at EnerSys,

Table of Contents

P.O. Box 14145, Reading, Pennsylvania 19612 or by email to the Presiding Director or Non-Management Directors at presidingdirector@enersys.com. Communications intended for the full Board of Directors may be submitted in the same manner.

Stockholders, employees and other interested parties who desire to express a concern relating to accounting or auditing matters should communicate directly with our Audit Committee in writing addressed to the Audit Committee Chair at EnerSys, P.O. Box 14145, Reading, Pennsylvania 19612 or by e-mailing the Audit Committee at auditcommittee@enersys.com.

Code of Business Conduct and Ethics

The Board has adopted a Code of Business Conduct and Ethics that is applicable to our Chief Executive Officer, Chief Financial Officer and Controller, as well as our other officers, directors and employees. The code is available on the Investor Relations page of our website at www.enersys.com or in print upon request. See Corporate Governance Access to Corporate Governance Documents. Any amendment to, or waiver from, the Code for executive officers or directors will be disclosed on the Investor Relations page of our website at www.enersys.com.

DIRECTOR COMPENSATION

We believe that the amounts and form of compensation and the methods used to determine compensation of our non-employee directors are important ingredients in (i) attracting and retaining directors who are independent, interested, diligent and actively involved in overseeing EnerSys affairs; and (ii) more substantially aligning the interests of our non-employee directors with the interests of our stockholders. We do not separately compensate the directors of our Board who are also employees.

Compensation Paid to Board Members

In fiscal year 2008, our Compensation Committee used Frederic W. Cook & Co., Inc., as an independent compensation consultant to the Compensation Committee, to study a peer group of companies, which peer group is the same group that the Compensation Committee used to recommend the compensation of our named executive officers as we describe on page 17, to assist the Compensation Committee in setting the compensation of our non-employee directors, for fiscal year 2008 and 2009. Based in part on this study, the Compensation Committee recommended, and the Board approved an increase in the annual retainer to \$50,000 in cash, as well as an increase in the meeting and other fees to the amounts set forth below:

In-person board meetings \$1,500 each

Telephonic Board meetings \$750 each

In-person committee meetings \$1,500 each

Telephonic committee meetings \$750 each

Audit Committee Chairperson \$10,000 per year

Committee (non-Audit Committee) Chairperson \$5,000 per year

Equity Compensation

Based in part on the recommendation of the Compensation Committee's compensation consultant, the Compensation Committee has determined that total non-employee director compensation should consist of a greater amount of equity-based compensation than was paid in previous years. For fiscal year 2008, the Compensation Committee recommended, and the Board approved, an award to each non-employee director of restricted stock units, with a fair market value on August 13, 2007 (the date of the award), of \$47,000 of our common stock. These

Table of Contents

restricted stock units vest on September 13, 2008. For fiscal year 2009, the Board approved an award to each non-employee director of restricted stock units, with a fair market value on the date of the award of \$60,000 of our common stock. The fiscal year 2009 award will vest thirteen months from the date of award. We made these awards in accordance with our policy on granting equity awards, which we describe on page 23.

Director Deferred Compensation Plan

Under the EnerSys Voluntary Deferred Compensation Plan for Non-Employee Directors which we refer to as the Director Plan, which was formerly called the EnerSys Stock Unit Deferred Compensation Plan for Directors, each non-employee director may defer receipt of all or a portion of the shares of stock payable due to vesting of the restricted stock units. Under the Director Plan, at a director's election, the shares otherwise payable, together with any dividends thereon, will be credited to a hypothetical bookkeeping account in the director's name and will be paid to the director in a lump sum at the time specified in the election or, if earlier, upon our change in control or the director's death.

Effective January 1, 2009, the Compensation Committee amended the Director Plan to permit each non-employee director to also defer receipt of all or a portion of any cash fees that are payable to the director for service on the Board. Participants may elect to allocate the deferred fees (i) into an investment account, which investment options will be a subset of the investment options available from time to time in our 401(k) retirement plan, or (ii) into a stock unit account, upon which the participant will be awarded stock units pursuant to one of our stockholder-approved equity compensation plans. If the director elects to allocate the deferred fees into the stock unit account, we will make an additional matching contribution in the amount of 20% of the deferred amount. Dividend equivalent units, if any, will be credited to each stock unit account. Each participant is 100% vested with respect to the amounts deferred to the stock unit deferral account. The matching contribution will be in the form of restricted stock units and will vest quarterly over one year from the date the units are credited to the account, except that participants will automatically become 100% vested in their matching contribution upon a change in control.

The Director Plan is a non-qualified deferred compensation plan. The rights of all participants to any deferred amounts represent our unsecured promise to pay and the deferred amounts remain subject to the claims of our creditors.

Stock Ownership Guidelines

We have implemented stock ownership guidelines under which we expect each non-employee director to beneficially own, over the next five years, shares of our common stock with a value equal to five times the annual director retainer (not including meeting or committee chair fees) paid to such director during the previous fiscal year. The Compensation Committee will measure stock ownership on an annual basis. We expect each director to attain the investment level within five years from May 1, 2008, or five years from the date the director first becomes a non-employee director, if later. Shares beneficially owned by the director as well as restricted stock units awarded for fiscal year 2009 and thereafter, whether vested or unvested, will be included in calculating ownership levels.

The table set forth below summarizes the compensation that we paid to our non-employee directors for the fiscal year ended March 31, 2008. AUDIT COMMITTEE REPORT

Background

The members of the Audit Committee are currently Directors Dennis S. Marlo (Chairperson), Arthur T. Katsaros and Raymond E. Mabus, Jr. The Board, in the exercise of its business judgment, has determined that each member of the Audit Committee is financially literate as required under the NYSE's listing standards and has determined that Mr. Marlo qualifies as the Committee's audit committee financial expert as defined in relevant SEC rules. During fiscal year 2008, the Audit Committee of the Board of Directors of EnerSys was composed of three directors, each of whom has been determined to be independent by our Board, consistent with the listing standards of the NYSE. For additional information relating to the responsibilities of the Audit Committee, see Corporate Governance Committees of our Board of Directors Audit Committee.

Responsibility

Management is responsible for the preparation of financial statements and the integrity of the reporting process, including the system of internal and disclosure controls.

The independent auditors are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles in the United States.

The primary responsibilities of the Audit Committee are to select, engage, and compensate our outside independent auditors and to oversee the financial reporting process on behalf of the Board. It is not the duty of the Audit Committee to prepare financial statements and related disclosures. It is also not the duty of the Audit Committee to plan or conduct audits, or to determine that our financial statements are complete and accurate and in accordance with generally accepted accounting principles in the United States.

Process and Recommendation

In fulfilling its responsibilities, the Audit Committee reviewed and discussed the audited financial statements for the fiscal year ended March 31, 2008, with our management and independent auditors, including a discussion of the quality, not just the acceptability, of the accounting principles as applied in our financial reports, the reasonableness of significant judgments, and the clarity of the disclosures in the financial statements. The Audit Committee discussed with our internal and independent auditors the overall scope and plans for their respective audits. The Audit Committee meets with management to discuss disclosure controls and procedures and internal control over financial reporting. The Audit Committee also meets with the internal and independent auditors, with and without our management present, to discuss the results of their examinations and overall quality of our financial reporting. The Audit Committee also reviewed with our CEO and CFO their certification relating to their evaluation of our disclosure controls, the completeness and accuracy of the financial statements and other financial information contained in the Form 10-K, and the process followed by the CEO and CFO to assure the truthfulness of such certificate.

The Audit Committee also discussed with the independent auditors, who are responsible for expressing an opinion on the conformity of those financial statements with generally accepted accounting principles, the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as amended. In addition, the Audit Committee has discussed with the independent auditors, the auditors' independence from EnerSys and its management, including the matters in the written disclosures and letters which were received by the Audit Committee from the independent auditors as required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as amended. During the course of the year, the Audit Committee also reviewed and considered the compatibility of its independent auditors' performance of certain non-audit services with the maintenance of such auditors' independence.

Table of Contents

Based on the process referred to above, the Audit Committee recommended to the Board that the audited financial statements be included in our Annual Report on Form 10-K for the fiscal year ended March 31, 2008.

Audit Committee Pre-Approval of Audit and Permissible Non-Audit Services by Independent Auditors

The Audit Committee pre-approves all audit and permissible non-audit services provided by the independent auditors. These services may include audit services, audit-related services, tax services and other services. The Audit Committee has adopted a policy for the pre-approval of services provided by the independent auditors. Under the policy, pre-approval is generally provided for up to one year and any pre-approval is detailed as to the particular service or category of services and is subject to a specific budget. In addition, the Audit Committee may also pre-approve particular services on a case-by-case basis. For each proposed service, the Audit Committee has received detailed information sufficient to enable the Audit Committee to pre-approve and evaluate such service. The Audit Committee may delegate pre-approval authority to one or more of its members. Any pre-approval decisions made under delegated authority must be communicated to the Audit Committee at or before the next scheduled meeting.

Appointment of Independent Registered Public Accounting Firm for Fiscal Year 2009

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Executive Compensation Policy

Our executive compensation program is structured and administered to support our vision, which is to be the global leader in our chosen markets for stored energy solutions, while maximizing stockholder value. We also structure the program to link executive compensation to our financial performance and, through programs that use our common stock as a compensation medium, to more closely align the interests of executive management with those of our stockholders.

We generally base our executive compensation program on the same objectives that guide us in establishing compensation programs for all our employees:

Compensation should align the interests of higher-level employees with the long-term interests of our stockholders through award opportunities that result in ownership of a significant amount of our common stock.

Compensation should reward teamwork. Because our success depends on our ability to optimize our worldwide business, our compensation programs emphasize our total results rather than geographic or product line results.

Compensation should be based on the level of job responsibility, as well as individual and corporate performance. As employees progress to higher levels in the organization, an increasing proportion of their pay should be linked to corporate performance and stockholder returns because they are more able to affect corporate results.

Table of Contents

Compensation should reflect the value of the job in the marketplace. To attract and retain a skilled work force, we must remain competitive with the pay of other employers who compete with us for talent.

Compensation should foster the long-term focus required for success in our industry. While all of our key employees receive a mix of both annual and longer-term incentives, employees at higher levels have an increasing proportion of their compensation tied to longer-term performance because these employees are in a position to have greater influence on longer-term results.

To be effective motivation, performance-based compensation programs should enable employees to easily understand how their efforts can affect their pay, both directly through individual performance accomplishments and indirectly through contributing to our achievement of its strategic and operational goals.

The programs and individual pay levels will always reflect differences in job responsibilities, geographies, and marketplace considerations, the overall structure of compensation and benefit programs should be broadly similar across the organization.

Determination of Compensation

The Compensation Committee reviews each named executive officer's base pay, bonus, and equity incentive compensation annually, with the guidance of the Compensation Committee's independent compensation consultant, Frederic W. Cook & Co., Inc. The Compensation Committee takes into account a number of factors to determine the compensation for the named executive officers and to ensure that our executive compensation program is achieving its objectives. Among those are:

Assessment of Corporate Performance. The Compensation Committee uses corporate performance measures in two ways. First, in establishing total compensation ranges, the Compensation Committee considers various measures of corporate and industry performance, including sales growth, stock price, EBITDA, and net income. Second, as we describe in more detail below, the Compensation Committee has established specific corporate performance measures that determine the size of payments under our Management Incentive Plan.

Assessment of Individual Performance. Individual performance affects the compensation of all employees, including the CEO and the other named executive officers. Beginning in fiscal year 2007, the Compensation Committee adopted a formal evaluation process for our CEO. Each member of our Board provides a written, subjective evaluation of our CEO, on an anonymous basis, covering a broad range of criteria. The evaluations are summarized and the Compensation Committee considers them in setting the CEO's compensation. For each other named executive officers, the Compensation Committee receives a recommendation from the CEO and also exercises its judgment based on the Committee's interactions with the executive officer.

Benchmarking. The Compensation Committee benchmarked our compensation programs in fiscal years 2007 and 2008 with a peer group consisting of the following companies, which companies are broadly similar with respect to industry (generally, manufacturers of electrical components and equipment) and size (based on revenues):

Ametek, Inc.
A.O. Smith Corporation
AVX Corporation
Baldor Electric Company

meaningful. In addition to the peer group, the Compensation Committee, with the assistance of the independent compensation consultant, also considers non-industry-specific compensation information on pay levels and compensation-delivery practices for similarly sized companies across more than 200 different industries excluding the financial services industry. The Compensation Committee uses this data primarily to ensure that our executive compensation program as a whole is competitive, meaning generally within the broad middle range of comparative pay of the comparison companies.

Components of Executive Compensation

Our executive compensation program is comprised of base salary, annual short-term incentive opportunities in the form of cash awards based upon our fiscal year performance, long-term incentive opportunities in the form of either options to acquire our common stock, restricted common stock or restricted common stock units, or any combination thereof. As more fully described in the section entitled "Deferred Compensation Plan," effective April 1, 2009, certain of our executives, including the named executive officers, may elect to defer receipt of all or a portion of their cash bonuses. In addition, we provide the named executive officers with the same employee benefits as we generally provide to our other U.S. employees and we also provide limited perquisites and personal benefits, as described in the footnotes following the Summary Compensation Table. Mr. Kubis receives substantially the same employee benefits as our other named executive officers, except that he, as we more completely describe in the footnotes following the Summary Compensation Table, receives an annual cost of living adjustment and certain additional perquisites to compensate him for working and living in Europe. We do not cover our named executive officers under any defined benefit pension or supplemental executive retirement plans.

In fiscal year 2007, Mr. Kubis worked and lived in Brussels, Belgium, and we paid him in Euros. For purposes of this Proxy Statement, we have converted the amounts of compensation that Mr. Kubis received in Euros in fiscal year 2007 to U.S. dollars using the exchange rate as of March 31, 2007, of \$1.34 per Euro. At the beginning of the second quarter of fiscal year 2008, Mr. Kubis relocated to Zurich, Switzerland in connection with the relocation of our European headquarters from Brussels. In fiscal year 2008, we paid Mr. Kubis partly in U.S. dollars, partly in Euros (for the time he worked in Brussels), and partly in Swiss francs (for the time he worked in Zurich). For the purposes of the Proxy Statement, we have converted the amounts of compensation that Mr. Kubis received in fiscal year 2008 and the amounts that he is entitled to receive in fiscal year 2009 using the exchange rates as of March 31, 2008, of \$1.5774 per Euro and \$1.0058 per Swiss franc. We converted the amounts that were paid or payable to Mr. Kubis in U.S. dollars from Swiss francs using a fixed exchange rate of \$0.8186 per Swiss franc pursuant to the terms of his employment agreement.

Base Salary

Base salary is the guaranteed element of an employee's annual cash compensation. The value of base salary reflects the employee's skill set and the market value of that skill set. The Compensation Committee generally considers whether each of our named executive officer's base salary should be increased based on individual performance with a view toward ensuring that the base salary is competitive with that of executives in peer companies with comparable roles and responsibilities.

With assistance from the Compensation Committee's independent compensation consultant, the Compensation Committee annually sets the base salary of our named executive officers. The Compensation Committee solicits the CEO's recommendation with respect to the base salaries of our named executive officers.

In establishing Mr. Craig's base salary for fiscal year 2007, the Compensation Committee applied the process described above. They noted that Mr. Craig's base salary was at the 75th percentile relative to our peer group, and, under Mr. Craig's leadership in fiscal year 2006, we outperformed our major competitors and achieved acceptable levels of profitability despite significant raw material cost pressures. In setting Mr. Craig's compensation for fiscal years 2008 and 2009, the Compensation Committee considered the success of our business and Mr. Craig's overall performance in the previous fiscal year as well as the recommendations of the independent compensation consultant.

Table of Contents

The Compensation Committee reviewed similar considerations for each of the other named executive officers in determining each of their respective base salaries. The base salaries of Mr. Craig and each of the other named executive officers for fiscal years 2007, 2008, and 2009, are as follows:

Name	2007	2008	2009
John D. Craig	\$ 783,000	\$ 815,000	\$ 850,000
Michael T. Phillion	\$ 362,000	\$ 377,000	\$ 400,000
Richard W. Zuidema	\$ 363,000	\$ 378,000	\$ 400,000
John A. Shea	\$ 352,000	\$ 367,000	\$ 385,000
Raymond Kubis	\$ 430,140	\$ 522,793	\$ 543,367

Management Incentive Plan

Annually, under our Management Incentive Plan, which we refer to as the MIP, our executives, including the named executive officers may receive a cash bonus upon satisfaction of pre-established financial targets. Under the MIP, the Compensation Committee establishes a range of financial targets based on our corporate budget, which is subject to Board approval. The Compensation Committee established this annual cash bonus program to better align each participant's goals with our profitability and net debt objectives for each year. Consistent with our compensation policy, individuals with greater job responsibilities had a greater portion of their total cash compensation tied to our corporate performance through the MIP.

Under the MIP, each participant has minimum, target, and maximum potential cash bonus payouts, which the Compensation Committee establishes at the beginning of each fiscal year. The Compensation Committee bases the potential payments on each participant's job responsibilities and position within our corporate organization. The potential payouts are stated as a percentage of base salary, which percentage generally remains constant from year-to-year. In establishing the targets, significant consideration is given to our prior year's performance and budget for the upcoming year. Satisfactory individual performance is a condition to payment. In the case of our CEO and our other named executive officers, a target bonus percentage is set in the respective individual's employment agreement.

The Compensation Committee believes that this mix of performance measures will encourage employees to focus appropriately on improving both our balance sheet strength and net earnings. In setting the targets, the Compensation Committee emphasizes bottom-line earnings so that we can directly reward employees for their contributions. These performance measures are also effective motivators because they are easy to track and are easily understandable by the participants.

The Compensation Committee may adjust the earnings results on which bonuses under the MIP are determined to reflect the effect of certain extraordinary events. The adjustments are intended to ensure that award payments represent the underlying growth of our core business and are not artificially inflated or deflated due to such events in the applicable fiscal year. In addition, the Compensation Committee will adjust the average daily net debt goals through the application of a pre-established objective formula to reflect higher or lower than anticipated sales volume in the applicable fiscal year.

At the end of each fiscal year, the Compensation Committee, in the case of the CEO and other named executive officers, has discretion to adjust an award payout. The Compensation Committee did not exercise this discretion in fiscal years 2007 or 2008.

Fiscal Year 2007 MIP Targets and Payouts

The Compensation Committee considered the following when establishing the awards for fiscal year 2007:

Bonus Targets. Mr. Craig's minimum, target, and maximum bonus targets for fiscal year 2007 were 15%, 100%, and 170% of base salary, respectively. The other named executive officers' minimum, target, and maximum bonus targets for fiscal year 2007 were 9%, 60%, and 102% of base salary, respectively.

Table of Contents

Company Performance Measures. For all participants in the MIP, including our CEO and named executive officers, the Compensation Committee established fiscal year 2007 performance measures based 70% on earnings per share (EPS) and 30% on average daily net debt (which is total long- and short-term corporate debt and capital lease obligations minus short-term investments held in the U.S.). The performance measures for fiscal year 2007, determined in connection with the approval of the applicable fiscal year budgets, were as follows:

Measurement	Minimum	Target	Maximum
EPS	\$ 0.78	\$ 0.80	\$ 1.20
Average Daily Net Debt	\$ 424.2 million	\$ 414.2 million	(N/A)

The bonuses paid to our CEO and named executive officers for fiscal year 2007 were 130% of bonus target because of above-target EPS achievement and above-target average daily net debt goal. Consistent with past practice and based on criteria established at the beginning of the performance period in accordance with the terms of the MIP as described above, the Compensation Committee adjusted the earnings results on which fiscal year 2007 bonuses were determined to eliminate the effect of expenses incurred in connection with a secondary offering and several unsuccessful acquisitions. Also in accordance with the MIP, we adjusted the average daily net debt goal to reflect higher than anticipated sales volume in fiscal year 2007.

Fiscal Year 2008 MIP Targets and Payouts

The Compensation Committee considered the following when establishing the awards for fiscal year 2008:

Bonus Targets. Mr. Craig's minimum, target, and maximum bonus targets for fiscal year 2008 were 15%, 100%, and 170% of base salary, respectively. The other named executive officers' minimum, target, and maximum bonus targets for fiscal year 2008 were 9%, 60%, and 102% of base salary, respectively.

For all participants in the MIP, including our CEO and named executive officers, the Compensation Committee established fiscal year 2008 performance measures based 70% on EPS and 30% on average daily net debt (which is total long- and short-term corporate debt and capital lease obligations minus short-term investments held in the U.S.). The performance measures for fiscal year 2008, determined in connection with the approval of the applicable fiscal year budgets, were as follows:

Measurement	Minimum	Target	Maximum
EPS	\$ 0.84	\$ 0.93	\$ 1.40
Average Daily Net Debt	\$ 421.0 million	\$ 411.0 million	(N/A)

The bonuses paid to our CEO and named executive officers for fiscal year 2008 were 170% of bonus target because of above-target EPS achievement and above-target average daily net debt goal. Consistent with past practice and based on criteria established at the beginning of the performance period in accordance with the terms of the MIP as described above, the Compensation Committee adjusted the earnings results on which fiscal year 2008 bonuses were determined to eliminate the effect of expenses incurred in connection with three secondary offerings and the restructuring of our European operations. Also in accordance with the MIP, we adjusted the average daily net debt goal to reflect higher than anticipated sales volume in fiscal year 2008.

Fiscal Year 2009 MIP Targets

The Compensation Committee considered the following when establishing the potential awards for fiscal year 2009:

Bonus Targets. Mr. Craig's minimum, target, and maximum bonus targets for fiscal year 2009 are 15%, 100%, and 200% of base salary, respectively. The other named executive officer's minimum, target, and maximum bonus targets for fiscal year 2009 are 9%, 60%, and 120% of base salary, respectively.

The performance measures for fiscal year 2009 were determined in connection with the approval of the applicable fiscal year budgets. The Compensation Committee believes it set the minimum, target, and maximum performance measures for fiscal year 2009 such that the performance measures represent meaningful improvements for the organization and improved business performance and, therefore, are reasonably difficult to attain.

Long-Term Equity Incentive Compensation

The Compensation Committee has the ability to make various types of equity awards under our 2004 and 2006 Equity Incentive Plans to our employees, including the CEO and the other named executive officers. In addition, certain of our named executive officers have outstanding awards under our 2000 Equity Incentive Plan, which has expired by its terms. We generally award equity in the form of restricted stock units and options to purchase our common stock.

Restricted stock unit awards provide employees with shares of our common stock if the employee remains employed by us or one of our subsidiaries for the vesting period. Generally, restricted stock units that we award to employees vest ratably over a four-year period (25% per year) and participants accrue dividend equivalent units from the date of award. First, because we do not provide our named executive officers with the ability to participate in a defined benefit pension plan or similar program, the Compensation Committee has determined to make equity awards that are not solely dependent on the appreciation of our common stock. Second, because we provide the same types of awards to all participating employees on a worldwide basis, restricted stock units provide certain tax and other advantages to our non-U.S. employees as compared to awards of restricted stock. We amended our 2006 Equity Incentive Plan to provide for minimum vesting periods for full value equity awards such as restricted stock and restricted stock units. Five percent of the number of shares issuable under the 2006 Equity Incentive Plan are not subject to this limitation.

Stock options align our employees' interests with stockholders because options have value only if the stock price increases over time. Our stock options generally have 10-year terms and we grant all options with an exercise price equal to the fair market value of our common stock on the date of grant. The Compensation Committee grants stock options in order to encourage employees to focus on long-term growth. In addition, we intend stock options to help retain key employees because they generally vest ratably over a three- or four-year period and, if not exercised, are forfeited if the employee terminates employment before retirement. The vesting schedule also helps keep employees focused on long-term performance. To obtain value, the employee must remain employed with us or one of our subsidiaries until the options are vested and the stock price must have appreciated above the exercise price, which is the market price of our common stock on the grant date.

Fiscal Year 2008 Equity Awards

During fiscal year 2007, we did not award any equity incentive compensation to our CEO or other named executive officers. After the end of fiscal year 2007, however, the Compensation Committee, based in part on recommendations from its independent compensation consultant and in view of our earnings performance in fiscal year 2007 relative to our competitors despite continuing extreme raw material cost pressure, recommended certain of our key employees, including our CEO and other named executive officers be awarded equity compensation. To ensure that our key employees are properly focused on stockholder value and recognizing our lack of a defined benefit pension plan, the Compensation Committee decided that the awards would be in the form of 50% stock options and 50% restricted stock units, based on value.

Table of Contents

In determining the value of awards for executives, in fiscal year 2008, the Compensation Committee's overall objective, based in part on the recommendation of the Compensation Committee's compensation consultant, was to set the combined values of the awards at a level that was approximately equivalent to the 75th percentile relative to the value of our competitor's long-term incentive grants. The Compensation Committee recommended, and the Board approved, the number of stock options and restricted stock units prior to the pre-established grant date. The Compensation Committee based the number of awards on a percentage of our capitalization. The Compensation Committee determined the valuation using the closing price of our common stock on the grant date, in accordance with our policy on granting equity awards, which we describe on page 23. The awards vest ratably over four years. The awards were as follows:

Name	Number of Stock Options	Number of Restricted Stock Units	Total Value(1)
John D. Craig	83,448	41,324	\$ 1,508,533
Michael T. Phillion	17,818	8,824	\$ 322,113
Richard W. Zuidema	17,818	8,824	\$ 322,113
John A. Shea	17,818	8,824	\$ 322,113
Raymond Kubis	17,818	8,824	\$ 322,113

- (1) The total value is the sum of the value of the restricted stock units and stock options determined as of May 29, 2007, the date of grant. The value of each restricted stock unit was \$18.25, the closing price of our common stock on the date of grant; and the value of each stock option on that date was approximately \$9.04, as determined using the Black-Scholes valuation method, which assumptions and value may be different from the value that we used for financial accounting purposes.

Fiscal Year 2009 Equity Awards

On May 1, 2008, the Compensation Committee approved equity awards to the named executive officers. The Compensation Committee determined a total value for each executive's awards based on a level that was approximately equivalent to the 75th percentile relative to the value of our competitor's long-term incentive grants. The Compensation Committee determined the valuation using the closing price of our common stock on the date of grant, in accordance with our policy on granting equity awards. The Compensation Committee awarded Mr. Craig an equity award with a value of \$2,500,000, and Messrs. Phillion, Zuidema, Shea, and Kubis each received an award with a value of \$700,000. Half of each named executive officer's award is in the form of stock options and the other half is in the form of restricted stock units. The stock options vest ratably over three years and the restricted stock units vest ratably over four years. Each named executive officer could elect to receive the value of his restricted stock unit award instead in the form of stock options. No named executive officer elected to receive stock options in lieu of the restricted stock unit portion of his award.

Deferred Compensation Plan

On May 1, 2008, the Compensation Committee adopted the EnerSys Voluntary Deferred Compensation Plan for Executives, which we refer to as the Deferred Compensation Plan, under which participants who are among a select group of management and highly compensated employees may elect to defer receipt of all or a portion of any cash bonus payable to such participants with respect to a fiscal year. Under the Deferred Compensation Plan, which is effective April 1, 2009, each participant must make an irrevocable deferral election before the beginning of the fiscal year to which the cash bonus relates (or, in the case of performance-based compensation, on or before six months before the end of such fiscal year). Participants can elect to receive distributions of their accounts in the Deferred Compensation Plan, either in a lump sum or in installments, (i) upon their termination of employment, (ii) on a specified date, or (iii) upon a change in control.

A participant may elect to allocate the deferred amounts into an investment account and select among various investment options upon which the rate of return of the deferred amounts will be based. The participant's investment accounts are adjusted periodically to reflect the deemed gains and losses attributable to the deferred

Table of Contents

amounts. The specific investment options will be a subset of the investment options available, from time-to-time, in our 401(k) retirement plan. Each participant is always 100% vested in their investment accounts.

Alternatively, participants may elect to allocate the deferred amounts to a stock unit deferral account. All amounts allocated to the stock unit account are invested in restricted stock units awarded under one of our stockholder-approved equity compensation plans. If a participant elects to allocate the deferred amounts to the stock unit account, we will make an additional matching contribution in the amount of 20% of the deferred amount. Dividend equivalent units, if any, will be credited to each stock unit account. Each participant is 100% vested with respect to the amounts deferred to the stock unit deferral account. The matching contribution will vest over three years from the last date of the fiscal year to which the amounts relate, except that participants will automatically become 100% vested in their matching contribution upon a change in control.

The Deferred Compensation Plan is a non-qualified deferred compensation plan. The rights of all participants to any deferred amounts represent our unsecured promise to pay and the deferred amounts remain subject to the claims of our creditors.

Employee Benefits

We generally offer all our non-unionized U.S. employees, including the named executive officers, core employee benefits coverage. The benefits include medical and dental coverage, disability insurance, life insurance, and a discount program for our products. We also make a 401(k) retirement plan available to all eligible non-unionized U.S. employees as a means to save for retirement on a tax-advantaged basis. In addition, we provide a matching contribution under the 401(k) plan to all eligible participants.

Each of our employees, including the named executive officers, partially bears the cost of certain employee benefits.

Perquisites

We provide limited perquisites and personal benefits to our named executive officers. We provide these perquisites and personal benefits in order to compete and retain executive talent. You can find information about these perquisites in the footnotes to the summary compensation table.

Other Matters

Policy on Granting Equity Awards.

Effective beginning in fiscal 2008, we established a written policy on granting equity awards. The policy provides the authority for granting awards, the procedure for granting awards and how we determine the date of grant and exercise price, in the case of options, of such awards. The Compensation Committee has the authority to make all equity awards. In addition, within certain limitations, the Compensation Committee may delegate authority to our CEO to make awards to employees below the senior vice president level.

The exercise price of stock options is always the closing price of our stock on the grant date. This procedure provides assurance that the grant dates are not being manipulated to result in a price that is favorable to us or our employees. Except for awards to new hires, and subject to applicable local law, the grant date for option grants to all eligible employees, including executive officers, is on the first business day after the grant approval date that our stock trading window is open and that is not otherwise within our stock trading blackout policy. In the event of grants to new hires, the grants are effective on the first trading day of the month following the date of hire.

Table of Contents

Hedging Prohibition

We do not permit our employees to hedge their economic exposures to our common stock that they own by engaging in transactions involving puts, calls, or other derivative securities, or zero-cost collars or forward sales contracts. We expect each employee to bear the full risks and rewards of stock ownership.

Tax Deductibility of Executive Compensation

We generally seek to maximize deductibility for tax purposes of all elements of compensation. The Compensation Committee reviews compensation arrangements in light of applicable tax provisions, including Code Sections 162(m) and 280G and may revise compensation plans and arrangements from time to time to maximize deductibility. The Compensation Committee may, however, approve compensation or compensation arrangements that do not qualify for maximum deductibility when the Compensation Committee deems it to be in our best interest. In fiscal years 2007 and 2008, no named executive officer received compensation that was not fully deductible.

Stock Ownership Guidelines

The Compensation Committee has adopted stock ownership guidelines for both executives and non-employee directors effective May 1, 2008. We intend the guidelines to align the interests of executives and non-employee directors with those of the stockholders and ensure that the executives and directors responsible for overseeing operations have an ongoing financial stake in our success. The stock ownership guidelines provide that we expect our CEO to attain and maintain an investment level in stock equal to five times his annual base salary. We expect the other named executive officers to attain and maintain an investment level equal to three times their annual base salary. We expect our vice presidents to attain and maintain an investment level equal to one times their annual base salary. We describe the stock ownership guidelines for our non-employee directors under Director Compensation. We expect that each individual attain such investment levels within five years from May 1, 2008, or five years from the date a specified ownership level commences, if later. Shares beneficially owned by the individual and restricted stock units awarded for fiscal year 2009 and thereafter, whether vested or unvested, will be included in calculating ownership levels. We will measure the ownership levels on an annual basis.

COMPENSATION COMMITTEE REPORT

The Compensation Committee evaluates and establishes compensation for our named executive officers and oversees our equity incentive plans, the MIP, and our benefit and perquisite programs. Management has the primary responsibility for our financial statements and reporting process, including the disclosure of executive compensation. With this in mind, we have reviewed and discussed with management the Compensation Discussion and Analysis found on pages 16-24 of this report. The Compensation Committee is satisfied that the Compensation Discussion and Analysis fairly and completely represents the philosophy, intent, and actions of the Compensation Committee with regard to executive compensation. We recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement and in our Annual Report on Form 10-K for the fiscal year ended March 31, 2008, for filing with the Securities and Exchange Commission.

Employment Agreements

Employment Agreement with Mr. Craig

We entered into an employment agreement with Mr. Craig on November 9, 2000. Mr. Craig's employment agreement is for a three-year term that is automatically extended on a daily basis to continue for three years from the date of such extension. Mr. Craig's employment agreement provides that we will nominate and use our best efforts to cause our stockholders to elect him as a director and as Chairman of the Board.

Mr. Craig's employment agreement also provides that he may not compete with our business or solicit any of our customers or employees for three years following termination of his employment. Under his employment agreement and contingent upon meeting goals that the Compensation Committee will establish, Mr. Craig is entitled to an annual target bonus of up to 100% of his base salary. See *Potential Payments upon Termination or Change in Control* for information about our obligations under Mr. Craig's employment agreement to provide certain payments to him upon his termination of employment.

Employment Agreements with Messrs. Philion, Zuidema, and Shea

We entered into employment agreements with each of Messrs. Philion, Zuidema, and Shea on November 9, 2000. Each of the agreements is substantially the same. Each employment agreement is for a two-year term that automatically extends on a daily basis to continue for two years from the date of such extension. These employment agreements provide generally that the executives may not compete with our business or solicit any of our customers or employees for two years following termination of employment. Under their respective employment agreements and contingent upon meeting goals established by the Compensation Committee, each of Messrs. Philion, Zuidema, and Shea is entitled to an annual target bonus of up to 60% of their respective base salaries. See *Potential Payments upon Termination or Change in Control* for information about our obligations under each of Messrs. Philion's Zuidema's, and Shea's employment agreements to provide certain payments to them upon their respective terminations of employment.

Agreements with Mr. Kubis

On January 8, 2002, we entered into a directorship agreement and a managing directorship agreement with Mr. Kubis with respect to his services as President-Europe. These directorship agreements were for two-year terms that we could extend at our option. We terminated these agreements effective June 30, 2007, in connection with the relocation of our European headquarters to Zurich, Switzerland from Brussels Belgium. As a result of this change, Mr. Kubis relocated to Zurich from Brussels and is now employed by our Swiss subsidiary, EH Europe GmbH, pursuant to a new employment agreement dated as of July 1, 2007. The new employment agreement is not for a specific term and provides that either party can terminate the agreement at any time, subject to the statutory notice requirement applicable to employers in Switzerland, and generally provides that Mr. Kubis may not compete with our business or solicit any of our employees for at least two years following termination of his employment.

Under his new employment agreement and contingent upon meeting goals established by the Compensation Committee, Mr. Kubis is entitled to an annual target bonus of up to 60% of his base salary. The employment agreement provides that Mr. Kubis is entitled to:

the use of a company car or a car allowance;

receive reimbursement for certain expenses that Mr. Kubis incurs as a result of being located outside of the United States, including reimbursement of school tuition for his children;

air travel to and from the United States for Mr. Kubis and his spouse and children;

tax preparation and consulting services;

a housing allowance;

certain cost of living adjustments; and

income tax indemnification for any taxes paid by Mr. Kubis in excess of 30% of his total compensation.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

As described above, all of our named executive officers have entered into employment agreements with us. Under the conditions described below, each of these agreements provides for certain payments upon a termination of employment.

We may terminate the employment of each of Messrs. Craig, Phillion, Zuidema, Shea or Kubis for cause if any has been involved in the following: (i) the commission of a felony or crime involving moral turpitude; (ii) a knowing and intentional fraud; (iii) an act or omission that is materially injurious to us; or (iv) the willful and continued failure or refusal to substantially perform the executive's duties as our employee. In addition, Messrs. Craig, Phillion, Zuidema, Shea, and Kubis may resign from employment at any time for any or no reason. If we were to terminate the employment of any of these executives for cause, or if any executives were to resign without good reason (as defined below), the executives would only be entitled to payment of their current base salary through the date of termination.

If we were to terminate the employment of Messrs. Craig, Phillion, Zuidema, Shea, or Kubis without cause, or if any of them were to resign for good reason (as defined below), we would be obligated to pay the following:

continuation of current base salary for three years for Mr. Craig and two years for Messrs. Phillion, Zuidema, Shea, and Kubis (such payment periods are referred to as the severance period);

for the fiscal year in which the termination occurs and for each whole fiscal year following the termination year included in the severance period, an amount equal to the average of the bonuses paid to the executives for the two fiscal years preceding the termination year (or for any partial fiscal year immediately preceding the end of the severance period, a pro rata portion of such amount); and

participation in all employee welfare benefit plans or programs, provided however, that such participation will cease when the executives become eligible to participate in comparable programs of a subsequent employer.

In addition, upon Mr. Craig's termination of employment, for any reason other than a termination for cause, termination without good reason, or termination due to death, we will assign to Mr. Craig all right, title, and interest in and under certain individual disability and split dollar life insurance policies that we maintain on his behalf.

Table of Contents

Mr. Kubis is also entitled to receive one-half of the cost of tax preparation services for the year of termination in the event his employment is terminated for any reason other than a voluntary resignation.

Notwithstanding the foregoing, either party may give the other party notice not to extend the employment term beyond: (a) three years from the date of such notice, in the case of Mr. Craig, or (b) two years from the date of such notice, in the case of Messrs. Philion, Zuidema, or Shea. Additionally, if less than three years remain until Mr. Craig reaches age 65 or if less than two years remain until Messrs. Philion, Zuidema, Shea, or Kubis reach age 65, the severance period will be the period from the date of termination until the date the executives reach age 65.

Good reason means, with respect to Messrs. Craig, Philion, Zuidema, and Shea, any of the following:

a decrease in base salary;

a material diminution of authority, responsibilities, or position of the executive;

a relocation to any office location that is more than 50 miles from Reading, Pennsylvania; or

our giving notice that we intend to discontinue the automatic extension of the employment agreement.

Good reason means, with respect to Mr. Kubis, any of the following:

any reason entitling Mr. Kubis to terminate the agreement under applicable Swiss law;

a decrease in base salary;

a material diminution of Mr. Kubis authority, responsibilities, or positions; or

relocation from Zurich, Switzerland, except that, upon 90 days prior to notice and our undertaking to pay reasonable relocation expenses, we can relocate Mr. Kubis to another location in Western Europe.

The employment agreements for each of the executives provide that if any amounts payable (whether pursuant to their respective employment agreements or otherwise) are subject to excise tax under Code Section 4999, we will provide the executives with a tax gross-up payment such that, after payment of any excise tax on the underlying payment and all taxes on the gross-up payment, the executives would retain an amount before payment of income and employment taxes equal to the underlying payment. Except for acceleration of the vesting of unvested equity awards, no special benefit is payable to our named executive officers solely in the event of a change in control.

In the event we terminate the employment of Messrs. Craig, Philion, Zuidema, or Shea due to death or disability, each is entitled to receive one year of base salary in the event of death and six months of base salary, in the event of disability. If Mr. Kubis is unable to perform his duties due to illness, accident, or any other cause through no fault of his own, we will continue to pay his base salary for up to six months, provided however, that such amount will be reduced by any payments by third parties under any accident or health or medical insurance policies.

Each named executive officer is entitled to full acceleration of vesting of outstanding equity awards in the event of:

involuntary termination of employment without cause,

voluntary termination of employment for good reason,

our change in control,

termination for disability, or

death.

Table of Contents

The tables below reflect the incremental amount of compensation payable to each of the named executive officers under various scenarios. The amounts shown below assume that such hypothetical termination or change in control is effective as of March 31, 2008. These amounts do not include benefits earned or vested as of March 31, 2008, or benefits provided under insurance or regular programs available to salaried employees generally. The actual amounts that are payable upon a named executive officer's termination of employment can be determined only at the time of any such event. Due to the number of factors that affect the nature and amount of any benefits provided upon a termination or change in control, any actual amounts paid or distributed may be higher or lower than the amounts set forth below. Factors that could affect these amounts include, among other things, the time of year the event occurs, our financial performance, and the age of the named executive officers at the time of the event.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Related Person Transaction Policy

Our Board recently adopted a written policy regarding related person transactions. As a general matter, it is our preference to avoid or minimize related person transactions. Under this policy, a director or executive officer must promptly report to the Corporate Secretary or General Counsel any potential transaction in which a Related Person (as defined by Item 404(a) of Regulation S-K) has or will have a direct or indirect material interest. Pursuant to this policy, EnerSys is not permitted to consummate or continue the Related Person transaction without the approval or ratification of the Audit Committee or, in certain situations, by the Chairman of the Audit Committee. Any director interested in a Related Person transaction must recuse himself from any such vote.

Indemnification

Delaware law, our certificate of incorporation and our bylaws contain limitation of liability provisions and provisions for indemnification of our directors and officers.

In addition, we have entered into an indemnification agreement with each of our directors and officers. Pursuant to this agreement, we will indemnify, to the fullest extent permitted by the Delaware General Corporation Law, each director or officer who is, or is threatened to be made, a party to any proceeding by virtue of the fact that such person is or was one of our directors or officers. Indemnification will be provided for all costs, judgments, penalties, fines, liabilities and amounts paid in settlement of any such proceeding and for expenses actually and reasonably incurred in connection with any such proceeding.

Directors and officers of EnerSys are also insured against certain liabilities for their actions, as such, by an insurance policy obtained by EnerSys. The premium for the fiscal year ended March 31, 2008, specifically for directors and officers, as individuals, was \$0.1 million.

Indemnity and Expense Agreement

We have agreed with each of the Morgan Stanley Funds, in an indemnity and expense agreement dated March 22, 2002, that, to the fullest extent permitted by law, none of such stockholders, or any of their respective partners or other affiliates, or their respective members, stockholders, directors, managers, officers, employees, agents or other affiliates, or any person or entity who serves at the request of any such stockholder on behalf of any person or entity as an officer, director, manager, partner or employee of any person or entity (referred to as indemnified parties), shall be liable to us for any act or omission taken or suffered by such indemnified party in connection with the conduct of our affairs or otherwise in connection with such stockholder's ownership of shares of our common stock, unless such act or omission resulted from fraud, willful misconduct or gross negligence by such indemnified party or any mistake, negligence, dishonesty or bad faith of any agent of such indemnified party.

We have also agreed with each Morgan Stanley Fund that, to the fullest extent permitted by law, we will indemnify each of such indemnified parties for any and all liabilities and expenses (including amounts paid in satisfaction of judgments, in compromises and settlements, as fines and penalties and legal or other costs and reasonable expenses of investigating or defending against any claim or alleged claim) of any nature whatsoever,

Table of Contents

known or unknown, liquidated or unliquidated, that are incurred by such indemnified party and arise out of or in connection with our affairs, or any indemnified party's ownership of shares of our common stock, including acting as a director, manager or officer or its equivalent; provided that an indemnified party shall be entitled to indemnification only to the extent that such indemnified party's conduct did not constitute fraud, willful misconduct or gross negligence.

We have also agreed to pay, or reimburse, each Morgan Stanley Fund for all such stockholder's reasonable out-of-pocket fees and expenses incurred in connection with and related to such stockholder's ownership of shares of our common stock.

Relationship with Metalmark and Morgan Stanley

As of March 31, 2008, Morgan Stanley Senior Funding, Inc., a subsidiary of Morgan Stanley, acts as an agent under our senior secured credit facility. In connection with our March 2004 refinancing of our then existing credit agreements and related recapitalization, Morgan Stanley Senior Funding and EnerSys entered into a senior secured revolving credit facility, senior secured term loan B and a senior secured lien term loan. Morgan Stanley Senior Funding is not entitled to receive any ongoing fees or expense reimbursements for any services rendered under the credit agreements. Morgan Stanley Senior Funding is not committed to fund any portion of the senior secured term loan B and, accordingly, will not receive any amounts if any of those loans are prepaid. Since our 2006 fiscal year, EnerSys has paid no interest and fees to Morgan Stanley Senior Funding pursuant to these facilities.

Since the beginning of our 2006 fiscal year, EnerSys has not engaged any other affiliates of Morgan Stanley to provide any services for us.

The general partners of the Morgan Stanley Funds are wholly owned subsidiaries of Morgan Stanley. An affiliate of Metalmark manages MSCP IV, L.P. and MSCP IV 892, L.P. pursuant to the Subadvisory Agreement. In addition, under the Subadvisory Agreement, MSCI IV, L.P. is effectively obligated to vote or direct the vote and to dispose or direct the disposition of any of our shares owned directly by it on the same terms and conditions as MSCP IV, L.P. and MSCP IV 892, L.P.

Institutional Stockholders hold approximately 15.1% of the outstanding shares of our common stock. As a result of the Securityholder Agreement and the Subadvisory Agreement, Metalmark may be able to significantly influence our management and policies. In addition, Metalmark may be able to significantly influence matters requiring stockholder approval, including the election of our directors, the adoption of amendments to our certificate of incorporation and the approval of mergers and sales of all or substantially all our assets. Circumstances could arise under which the interests of Metalmark could be in conflict with the interests of our other stockholders. For more information, see General Information Metalmark and Our Institutional Stockholders herein.

Securityholder Agreement

We entered into a securityholder agreement with MSCP Funds and our other equity holders dated as of November 9, 2000, providing for certain governance matters, restrictions on transfers of our equity interests by certain equity holders and certain registration rights. Prior to our initial public offering in 2004, we entered into an amended and restated securityholder agreement, which we refer to herein as the Securityholder Agreement, with Metalmark and the Institutional Stockholders as well as with certain members of our senior management.

The Compensation Committee, in consultation with our Chief Executive Officer, from time to time, designates members of our senior management to be subject to the Securityholder Agreement whether or not such person is then employed by us. Currently, Messrs. John D. Craig, Michael T. Phillion, Richard W. Zuidema, John A. Shea and Raymond R. Kubis (collectively, the Management Securityholders) are subject to the Securityholder Agreement. The Management Securityholders own an aggregate of 2,242,195 outstanding shares

of our common stock and vested options to purchase an aggregate of 1,863,198 shares of common stock. Collectively, as of June 2, 2008, the Institutional Stockholders and Management Securityholders owned an aggregate of 9,712,756 outstanding shares of our common stock (including 60,144 shares of unvested restricted stock), constituting approximately 19.6% of our outstanding shares of common stock.

All significant decisions involving our company or our subsidiaries require the approval of our Board of Directors, acting by a simple majority vote. The Securityholder Agreement provides that our Board of Directors will consist of seven members, which may be increased to not more than nine members at the discretion of our Board of Directors and our chief executive officer will be a nominee for election to our Board of Directors. The Securityholder Agreement and the Subadvisory Agreement permits Metalmark, until the Institutional Stockholders cease to own at least 15% of our outstanding common stock, to designate such number of nominees for election to our Board of Directors, which, when taken together with the sitting directors designated by Metalmark, is proportionate to the aggregate percentage of our outstanding common stock held by Institutional Stockholders at the time of election of such nominees. For information on voting by parties to the Securityholder Agreement, see General Information Metalmark and Our Institutional Stockholders and Corporate Governance herein. Such rights are subject to any listing requirement of the NYSE on which the shares of our common stock trade, and to any other requirements of the Exchange Act, which may require that some of such nominees and committee members be independent, as such term is defined in Rule 10A 3(b)(i) under the Exchange Act or otherwise.

We have agreed that the MSCP Funds, the J.P. Morgan Funds and the GM Stockholders have the ability, subject to certain exceptions, to require us to register the shares of common stock held by parties to the Securityholder Agreement in connection with the resale of such shares, so long as the aggregate market value of the shares to be registered is at least \$50 million, in the case of requests involving an underwritten public offering, or \$15 million, in the case of any other public offering. In addition, each party to the Securityholder Agreement will have the ability to exercise certain piggyback registration rights in connection with other registered offerings by us. We have agreed to pay all registration expenses in connection with the exercise of the registration rights included under the Securityholder Agreement. In addition, we have agreed to indemnify the parties to the Securityholder Agreement who exercise their registration rights against certain liabilities, including under the Securities Act.

Table of Contents**SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE**

Section 16(a) of the Exchange Act requires our officers and directors, and any persons owning more than ten percent of EnerSys common stock, to file reports of ownership and changes in ownership with the SEC and NYSE. Persons filing such reports are required by SEC regulation to furnish EnerSys with copies of all such reports filed with the SEC. Based solely on our review of any copies of such reports received by it, and on written representations from our existing directors and executive officers that no additional annual statements of beneficial ownership were required to be filed by such persons, we believe that all such statements were timely filed in fiscal year 2008 with the exception of a Form 3 for Raymond E. Mabus, Jr., reporting his beneficial ownership upon appointment as a director. The one (1) day delay was due to an administrative oversight.

Reduce Duplicate Mailings

Only one Annual Report and Proxy Statement will be sent to those stockholders who share a single household and who have consented to receive a single copy of such documents. This practice, known as householding, is designed to reduce printing and postage costs. Stockholders who participate in householding will continue to receive separate proxy cards. Householding will continue until you are notified otherwise or until one or more stockholders at your address revokes consent. If you revoke consent, you will be removed from the householding program within 30 days of receipt of the revocation. However, if any stockholder residing at such an address desires to receive a separate Annual Report or Proxy Statement in the future, he or she may telephone our Investor Relations Department at (610) 236-4040 or write to Investor Relations at 2366 Bernville Road, Reading, Pennsylvania 19605 or by e-mail at investorrelations@enersys.com. If you are receiving multiple copies of our Annual Report and Proxy Statement, please request householding by contacting Investor Relations in the same manner. If you are a stockholder of record, you can elect to access future Annual Reports and Proxy Statements electronically by marking the appropriate box on your proxy form or by following the instructions provided if you vote by Internet or by telephone. If you choose this option, your choice will remain in effect until you notify us by mail that you wish to resume mail delivery of these documents. If you hold your shares of our common stock through a bank, broker or another holder of record, refer to the information provided by that entity for instructions on how to elect this option.

INDEPENDENCE STANDARDS

A director is independent if the Board has made an affirmative determination that such director has no material relationship with the Company that would impair his or her independent judgment (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company). In the process of making such determinations, the Board will consider the nature, extent and materiality of the director's relationships with the Company and the Board will apply the following guidelines that are consistent with the independent requirements as defined under the NYSE Listing Standards. A director will be deemed not to be independent by the Board if the Board finds that:

a. a director is, or has been within the last three years, an employee of the Company, or an immediate family member is, or has been within the last three years, an executive officer, of the Company;

b. a director has received or has an immediate family member who has received, during any twelve-month period within the last three years, more than \$100,000 in direct compensation from the Company, other than director fees and pension or other forms of deferred compensation for prior service;

c. a director (i) is or has an immediate family member who is a current partner of a firm that is the Company's internal or external auditor; (ii) is a current employee of such a firm; (iii) has an immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (iv) was or has an immediate family member who was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on the Company's audit within that time;

d. a director is or has an immediate family member who is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serves or served on that company's compensation committee;

e. a director is currently employed, or a director's immediate family member is currently employed as an executive officer, by an entity (including a tax-exempt entity) that makes payments to, or receives payments from, the Company for property or services (other than charitable contributions) in an amount that exceeds, in a single fiscal year, the greater of \$1 million or two percent of that entity's consolidated gross revenues; or

f. a director, or a director's immediate family serves as an officer, director or trustee of a charitable organization, where the Company's discretionary contributions are in an amount that exceeds the greater of \$1 million or two percent of the charitable organization's consolidated gross revenues.

For purposes of this Appendix A, "immediate family member" includes a director's spouse, parents, children, siblings, mothers-in-law, fathers-in-law, sons-in-law, daughters-in-law, brothers-in-law, sisters-in-law and anyone (other than domestic employees) who shares the director's home; and "Company" includes any subsidiary in the consolidated group with the Company.
