Item 1.01 Entry into a Material Definitive Agreement

On November 19, 2009, the Board of Directors (the Board) of Energy Partners, Ltd. (the Company) approved a form of indemnification agreement for the Company's directors (the Director Indemnification Agreement) and a form of indemnification agreement for the Company's executive officers (the Officer Indemnification Agreement and together with the Director Indemnification Agreement, the Indemnification Agreements), and the Company entered into the Indemnification Agreements with each of the Company's directors and its executive officers (the Indemnitees).

The Indemnification Agreements provide, among other things, for mandatory indemnification against liabilities as well as mandatory advancement and reimbursement of all reasonable expenses that may be incurred by the Indemnitees in various legal proceedings arising out of their service as directors or executive officers to the fullest extent authorized by the Company's Amended and Restated Certificate of Incorporation and Second Amended and Restated Bylaws and the General Corporation Law of the State of Delaware, including any amendments thereto. The Indemnification Agreements contemplate that any of the Indemnitees' rights to indemnification or insurance provided by third parties be secondary to the Company's indemnification obligations contained therein.

The Indemnification Agreements also set out the process for determining entitlement to indemnification, the conditions to advancement of expenses, the procedures for enforcement of indemnification rights, the limitations on indemnification and requirements relating to the notice and defense of claims for which indemnification is sought.

The foregoing description of the Indemnification Agreements is qualified in its entirety by reference to the actual terms of the Director Indemnification Agreement and the Officer Indemnification Agreement, which are attached to this Current Report as Exhibit 10.1 and Exhibit 10.2, respectively, and are incorporated herein by reference.
