STONEMOR PARTNERS L.P.

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS

March 31, 2016

(Unaudited)

1. GENERAL

Nature of Operations

StoneMor Partners L.P. (the Partnership) is a provider of funeral and cemetery products and services in the death care industry in the United States. As of March 31, 2016, the Partnership operated 307 cemeteries in 27 states and Puerto Rico, of which 276 are owned and 31 are operated under lease, management or operating agreements. The Partnership also owned and operated 104 funeral homes in 19 states and Puerto Rico.

Basis of Presentation

The accompanying consolidated financial statements, which are unaudited except for the balance sheet at December 31, 2015, which is derived from audited financial statements, are presented in accordance with the requirements of Form 10-Q and accounting principles generally accepted in the United States (GAAP) for interim reporting. They do not include all disclosures normally made in financial statements contained in Form 10-K. In management's opinion, all adjustments necessary for a fair presentation of the Partnership's financial position, results of operations and cash flows for the periods disclosed have been made. These interim consolidated financial statements should be read in conjunction with the audited financial statements and notes thereto presented in the Partnership's Annual Report on Form 10-K for the year ended December 31, 2015. Certain amounts in the prior year's financial statements have been reclassified to conform to the current year presentation. The results of operations for the three months ended March 31, 2016 may not necessarily be indicative of the results of operations for the full year ending December 31, 2016.

The Partnership has revised its presentation of Goodwill and Intangible assets, now presenting each separately on the unaudited consolidated balance sheet. The comparative balance sheet was adjusted to conform to this revised presentation.

Principles of Consolidation

The unaudited consolidated financial statements include the accounts of each of the Partnership's wholly-owned subsidiaries. These statements also include the accounts of the merchandise and perpetual care trusts in which the Partnership has a variable interest and is the primary beneficiary. The Partnership operates 31 cemeteries under long-term lease, operating or management contracts. The operations of 16 of these managed cemeteries have been consolidated.

The Partnership operates 15 cemeteries under long-term leases and other agreements that do not qualify as acquisitions for accounting purposes. As a result, the Partnership did not consolidate all of the existing assets and liabilities related to these cemeteries. The Partnership has consolidated the existing assets and liabilities of the merchandise and perpetual care trusts associated with these cemeteries as variable interest entities since the Partnership controls and receives the benefits and absorbs any losses from operating these trusts. Under the long-term

leases, and other agreements associated with these properties, which are subject to certain termination provisions, the Partnership is the exclusive operator of these cemeteries and earns revenues related to sales of merchandise, services, and interment rights, and incurs expenses related to such sales, including the maintenance and upkeep of these cemeteries. Upon termination of these contracts, the Partnership will retain all of the benefits and related contractual obligations incurred from sales generated during the contract period. The Partnership has also recognized the existing merchandise liabilities that it assumed as part of these agreements.

New Accounting Pronouncements

In the second quarter of 2014, the Financial Accounting Standards Board (FASB) issued Update No. 2014-09, Revenue from Contracts with Customers (Topic 606) (ASU 2014-09), which supersedes the revenue recognition requirements in Topic 605 Revenue Recognition and most industry-specific guidance. The core principle of ASU 2014-09 is that an entity recognizes revenue to depict the transfer of promised goods or services to customers in an amount that reflects the consideration to which the entity expects to be entitled in exchange for those goods or services.

Table of Contents

During the third quarter of 2015, Update No. 2015-14, Revenue from Contracts with Customers (Topic 606) was released, deferring the effective date of the amendments to annual reporting periods beginning after December 15, 2017, including interim periods within that reporting period. Early application is permitted, only as of an annual reporting period beginning after December 15, 2016. During the first quarter of 2016, Update No. 2016-08, Revenue from Contracts with Customers (Topic 606) was released, which clarifies the implementation guidance on principal versus agent considerations. During the second quarter of 2016, Update No. 2016-10, Revenue from Contracts with Customers (Topic 606) was released, which clarifies the implementation guidance on identifying performance obligations. The Partnership will adopt the requirements of these updates upon the effective date of January 1, 2018, and is evaluating the potential impact of the adoption on its financial position, results of operations or related disclosures.

In the first quarter of 2016, the FASB issued Update No. 2016-01, Financial Instruments (Subtopic 825-10) (ASU 2016-01). The core principle of ASU 2016-01 is that equity investments should be measured at fair value with changes in the fair value recognized through net income. The amendment is effective for annual reporting periods beginning after December 15, 2017, including interim periods within that reporting period. Early application is not permitted for the key aspects of the amendment. The Partnership will adopt the requirements of ASU 2016-01 upon its effective date of January 1, 2018, and is evaluating the potential impact of the adoption on its financial position, results of operations and related disclosures.

In the first quarter of 2016, the FASB issued Update No. 2016-02, Leases (Topic 842) (ASU 2016-02). The core principle of ASU 2016-02 is that all leases create an asset and a liability for lessees and recognition of those lease assets and lease liabilities represents an improvement over previous GAAP, which did not require lease assets and lease liabilities to be recognized for most leases. The amendment is effective for annual reporting periods beginning after December 15, 2018, including interim periods within those fiscal years. Early application is permitted. The Partnership plans to adopt the requirements of ASU 2016-02 upon its effective date of January 1, 2019, and is evaluating the potential impact of the adoption on its financial position, results of operations and related disclosures.

Use of Estimates

The preparation of the Partnership's unaudited consolidated financial statements in conformity with GAAP requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities as of the date of the unaudited consolidated financial statements, as well as the reported amounts of revenue and expense during the reporting periods. The Partnership's unaudited consolidated financial statements are based on a number of significant estimates, including revenue and expense accruals, depreciation and amortization, merchandise trusts and perpetual care trusts asset valuation, allowance for cancellations, unit-based compensation, merchandise liability, deferred sales revenue, deferred margin, deferred merchandise trust investment earnings, deferred obtaining costs, assets and liabilities obtained via business combinations and income taxes. As a result, actual results could differ from those estimates.

Net Income (Loss) per Common Unit

Basic net income (loss) attributable to common limited partners per unit is computed by dividing net income (loss) attributable to common limited partners, which is determined after the deduction of the general partner's interest, by the weighted average number of common limited partner units outstanding during the period. Net income (loss) attributable to common limited partners is determined by deducting net income attributable to participating securities, if applicable and net income (loss) attributable to the general partner's units. The general partner's interest in net income (loss) is calculated on a quarterly basis based upon its units and incentive distributions to be distributed for the quarter, with a priority allocation of net income to the general partner's incentive distributions, if any, in accordance

with the partnership agreement, and the remaining net income (loss) allocated with respect to the general partners and limited partners' ownership interests.

The Partnership presents net income (loss) per unit under the two-class method for master limited partnerships, which considers whether the incentive distributions of a master limited partnership represent a participating security when considered in the calculation of earnings per unit under the two-class method. The two-class method considers whether the partnership agreement contains any contractual limitations concerning distributions to the incentive distribution rights that would impact the amount of earnings to allocate to the incentive distribution rights for each reporting period. If distributions are contractually limited to the incentive distribution rights' share of currently designated available cash for distributions as defined under the partnership agreement, undistributed earnings in excess of available cash should not be allocated to the incentive distribution rights. Under the two-class method, management of the Partnership believes the partnership agreement contractually limits cash distributions to available cash; therefore, undistributed earnings are not allocated to the incentive distribution rights.

Table of Contents

Unvested share-based payment awards that contain non-forfeitable rights to dividends or dividend equivalents (whether paid or unpaid) are participating securities and are included in the computation of earnings per unit pursuant to the two-class method. Phantom unit awards, which consist of common units issuable under the terms of its long-term incentive plan (see Note 12), contain non-forfeitable rights to distribution equivalents of the Partnership. The participation rights would result in a non-contingent transfer of value each time the Partnership declares a distribution or distribution equivalent right during the award's vesting period. However, unless the contractual terms of the participating securities require the holders to share in the losses of the entity, net loss is not allocated to the participating securities. As such, the net income utilized in the calculation of net income (loss) per unit must be after the allocation of only net income to the phantom units on a pro-rata basis.

The following is a reconciliation of net income (loss) allocated to the common limited partners for purposes of calculating net income (loss) attributable to common limited partners per unit (in thousands, except unit data):

	Three months ended March 31,	
	2016	2015
Net loss	\$ (7,659)	\$ (8,883)
Less: General partner's interest	(93)	(120)
Net loss attributable to common limited partners	\$ (7,566)	\$ (8,763)

Diluted net income (loss) attributable to common limited partners per unit is calculated by dividing net income (loss) attributable to common limited partners, less income allocable to participating securities, by the sum of the weighted average number of common limited partner units outstanding and the dilutive effect of unit option awards, as calculated by the treasury stock or if converted methods, as applicable. Unit options consist of common units issuable upon payment of an exercise price by the participant under the terms of the Partnership's long-term incentive plan (see Note 12).

The following table sets forth the reconciliation of the Partnership's weighted average number of common limited partner units used to compute basic net income (loss) attributable to common limited partners per unit with those used to compute diluted net income (loss) attributable to common limited partners per unit (in thousands):

	Three months ended March 31,	
	2016	2015
Weighted average number of common limited partner units - basic	32,539	29,230
Add effect of dilutive incentive awards (1)		
Weighted average number of common limited partner units - diluted	32,539	29,230

(1) The diluted weighted average number of limited partners' units outstanding presented on the consolidated statement of operations does not include 292,670 units and 185,194 units for the three months ended March 31,

2016 and March 31, 2015, respectively, as their effects would be anti-dilutive.

2. ACQUISITIONS

2015 Acquisitions

During the year ended December 31, 2015, the Partnership acquired the following properties and related assets, net of certain assumed liabilities:

One funeral home for cash consideration of \$0.9 million on July 21, 2015;

Three funeral homes and one cemetery for cash consideration of \$5.7 million on August 6, 2015;

Two cemeteries for cash consideration of \$1.5 million on August 20, 2015;

One funeral home for cash consideration of \$5.0 million on August 31, 2015, and an additional \$1.0 million paid in five annual installments beginning on the 1st anniversary of the closing date; and

One cemetery and two funeral homes for cash consideration of \$5.7 million on December 1, 2015.

The Partnership accounted for these transactions under the acquisition method of accounting. Accordingly, the Partnership evaluated the identifiable assets acquired and liabilities assumed at their respective acquisition date fair values. All other costs incurred associated with the acquisition of the assets noted were expensed as incurred. The

Table of Contents

following table presents the Partnership's values assigned to the assets acquired and liabilities assumed in the acquisitions, based on their estimated fair values at the dates of the acquisition, which may be prospectively adjusted as additional information is received (in thousands):

Assets:	
Accounts receivable	\$ 2,761

The Partnership recorded goodwill of \$1.1 million and \$9.9 million in the Cemetery and Funeral Home reporting units, respectively, with regard to the properties acquired during the year ended December 31, 2015.

The following data presents pro forma revenues, net income (loss) and basic and diluted net income (loss) per unit for the Partnership as if the acquisitions consummated during the year ended December 31, 2015 had occurred as of January 1, 2015. The Partnership prepared these pro forma unaudited financial results for comparative purposes only; they may not be indicative of the results that would have occurred if the acquisitions consummated during the year ended December 31, 2015 had occurred as of January 1, 2015 or the results that will be attained in future periods (in thousands, except per unit data):

	Three months ended March 31,

Less: accumulated depreciation	(68,794)	(67,050)
Property and equipment, net of accumulated depreciation	\$ 104,507	\$ 104,330

Depreciation expense was \$2.5 million and \$2.4 million for the three months ended March 31, 2016 and 2015, respectively.

6. MERCHANDISE TRUSTS

At March 31, 2016 and December 31, 2015, the Partnership's merchandise trusts consisted of investments in debt and equity marketable securities and cash equivalents, both directly as well as through mutual and investment funds. Certain assets acquired in connection with the Partnership's 2015 acquisitions (see Note 2) are based upon preliminary estimated values assigned to the assets by the Partnership at the date of acquisition, and will be adjusted when additional information is received.

Table of Contents

All of these investments are classified as Available for Sale and accordingly, all of the assets are carried at fair value. All of these investments are considered either Level 1 or Level 2 assets pursuant to the three-level hierarchy (see Note 14). There were no Level 3 assets.

The merchandise trusts are variable interest entities (VIE) for which the Partnership is the primary beneficiary. The assets held in the merchandise trusts are required to be used to purchase the merchandise and provide the services to which they relate. If the value of these assets falls below the cost of purchasing such merchandise and providing such services, the Partnership may be required to fund this shortfall.

The Partnership included \$8.2 million of investments held in trust by the West Virginia Funeral Directors Association at March 31, 2016 and December 31, 2015 in its merchandise trust assets. As required by law, the Partnership deposits a portion of certain funeral merchandise sales in West Virginia into a trust that is held by the West Virginia Funeral Directors Association. These trusts are recognized at their account value, which approximates fair value.

A reconciliation of the Partnership's merchandise trust activities for the three months ended March 31, 2016 is presented below (in thousands):

	Three months ended March 31,

For all securities in an unrealized loss position, the Partnership evaluated the severity of the impairment and length of time that a security has been in a loss position and concluded the decline in fair value below the asset's cost was temporary in nature. In addition, the Partnership is not aware of any circumstances that would prevent the future market value recovery for these securities.

Other-Than-Temporary Impairment of Trust Assets

The Partnership assesses its merchandise trust assets for other-than-temporary declines in fair value on a quarterly basis. During the three months ended March 31, 2016, the Partnership determined that there were no other than

temporary impairments to the investment portfolio in the merchandise trusts. During the three months ended March 31, 2015, the Partnership determined that there were two securities with an aggregate cost basis of approximately \$0.6 million and an aggregate fair value of approximately \$0.4 million, resulting in an impairment of \$0.2 million, wherein such impairment was considered to be other-than-temporary. Accordingly, the Partnership adjusted the cost basis of these assets to their current value and offset this change against deferred revenue. This reduction in deferred revenue will be reflected in earnings in future periods as the underlying merchandise is delivered or the underlying service is performed.

7. PERPETUAL CARE TRUSTS

At March 31, 2016 and December 31, 2015, the Partnership's perpetual care trusts consisted of investments in debt and equity marketable securities and cash equivalents, both directly as well as through mutual and investment funds. Certain assets acquired in connection with the Partnership's 2015 acquisitions (see Note 2) are based upon preliminary estimated values assigned to the assets by the Partnership at the date of acquisition, and will be adjusted when additional information is received.

All of these investments are classified as Available for Sale and accordingly, all of the assets are carried at fair value. All of these investments are considered either Level 1 or Level 2 assets pursuant to the three-level hierarchy (see Note 14). There were no Level 3 assets. The perpetual care trusts are VIEs for which the Partnership is the primary beneficiary.

Other-Than-Temporary Impairment of Trust Assets

The Partnership assesses its perpetual care trust assets for other-than-temporary declines in fair value on a quarterly basis. During the three months ended March 31, 2016 and 2015, the Partnership determined that there were no other than temporary impairments to the investment portfolio in the perpetual care trusts.

Table of Contents**8. GOODWILL AND INTANGIBLE ASSETS*****Goodwill***

The Partnership has recorded goodwill of approximately \$69.9 million as of March 31, 2016 and December 31, 2015. This amount represents the excess of the purchase price over the fair value of identifiable net assets acquired.

The Partnership tests goodwill for impairment at each year end by comparing its reporting units' estimated fair values to carrying values. There were no goodwill impairments recognized by the Partnership during the periods presented. Management will continue to evaluate goodwill at least annually or when impairment indicators arise.

Intangible Assets

The Partnership has intangible assets with finite lives recognized in connection with acquisitions and long-term lease, management and operating agreements. The Partnership amortizes these intangible assets over their estimated useful lives.

The following table reflects the components of intangible assets as of March 31, 2016 and December 31, 2015 (in thousands):

	March 31, 2016			December 31, 2015		
	Gross Carrying Amount	Accumulated Amortization	Net Intangible Asset	Gross Carrying Amount	Accumulated Amortization	Net Intangible Asset

Credit Facility

The Partnership is a party to the Fourth Amended and Restated Credit Agreement, as amended (the *Credit Agreement*) which provides for a single revolving credit facility of \$180.0 million (the *Credit Facility*) maturing on December 19, 2019. Additionally the *Credit Agreement* provides for an uncommitted ability to increase the *Credit*

Table of Contents

Facility by an additional \$70.0 million. The Partnership's obligations under the Credit Facility are secured by substantially all of the assets of the Partnership, excluding those held in trust. Borrowings under the Credit Facility are classified as either acquisition draws or working capital draws. Acquisition draws may be utilized to finance permitted acquisitions, the purchase and construction of mausoleums and related costs or the net amount of merchandise trust deposits. Working capital draws may be utilized to finance working capital requirements, capital expenditures and for other general corporate purposes. The amount of the Credit Facility that is available for working capital draws is subject to a borrowing formula equal to 85% of eligible accounts receivable, as defined within the Credit Agreement. At March 31, 2016, the amount available under the Credit Facility for working capital advances under this limit was \$140.1 million, of which \$106.5 million was outstanding at March 31, 2016.

Each individual acquisition draw is subject to equal quarterly amortization of the principal amount, with annual principal payments comprised of ten percent of the related advance amount, commencing on the second anniversary of such advance, with the remaining principal due on December 19, 2019, subject to certain mandatory prepayment requirements. Up to \$10.0 million of the Credit Facility may be in the form of standby letters of credit, of which there were none outstanding at March 31, 2016 and December 31, 2015.

Borrowings under the Credit Facility bear interest, at the Partnership's election, at either an adjusted LIBOR rate plus an applicable margin between 2.25% and 4.00% per annum or the base rate (which is the higher of the bank's prime rate, the Federal funds rate plus 0.5% or one-month LIBOR plus 1.00%) plus an applicable margin between 1.25% and 3.00% per annum. The Partnership is also required to pay a fee on the unused portion of the Credit Facility at a rate between 0.375% and 0.8% per annum, which is included within interest expense on the Partnership's consolidated statements of operations. On March 31, 2016, the weighted average interest rate on outstanding borrowings under the Credit Facility was 3.9%.

The Credit Agreement contains customary covenants that limit the Partnership's ability to incur additional indebtedness, grant liens, make loans or investments, make cash distributions if a default exists or would result from the distribution, merger or consolidation with other persons, or engage in certain asset dispositions including the sale of all or substantially all of its assets. The Partnership was in compliance with these covenants as of March 31, 2016. The Credit Agreement also requires the Partnership to maintain:

Consolidated EBITDA (as defined in the Credit Agreement), calculated over a period of four consecutive fiscal quarters, to be no less than the sum of (i) \$80.0 million plus (ii) 80% of the aggregate Consolidated EBITDA for each permitted acquisition completed after June 30, 2014;

the ratio of Consolidated EBITDA (as defined in the Credit Agreement) to Consolidated Debt Service (as defined in the Credit Agreement), calculated over a period of four fiscal quarters, or the Consolidated Debt Service Coverage Ratio, of not less than 2.50 to 1.00 for any period; and

the ratio of Consolidated Funded Indebtedness (as defined in the Credit Agreement) to Consolidated EBITDA (as defined in the Credit Agreement), calculated over a period of four fiscal quarters, or the Consolidated Leverage Ratio, of not greater than 4.00 to 1.00 for any period.

On March 31, 2016, the Partnership's Consolidated Leverage Ratio and the Consolidated Debt Service Coverage Ratio were 3.30 and 4.53, respectively.

Senior Notes

On May 28, 2013, the Partnership issued \$175.0 million aggregate principal amount of 7.875% Senior Notes due 2021 (the Senior Notes). The Partnership pays 7.875% interest per annum on the principal amount of the Senior Notes, payable in cash semi-annually in arrears on June 1 and December 1 of each year. The net proceeds from the offering were used to retire a \$150.0 million aggregate principal amount of 10.25% Senior Notes due 2017 and the remaining proceeds were used for general corporate purposes. The Senior Notes were issued at 97.832% of par resulting in gross proceeds of \$171.2 million with an original issue discount of approximately \$3.8 million. The Partnership incurred debt issuance costs and fees of approximately \$4.6 million. These costs and fees are deferred and will be amortized over the life of the Senior Notes. The Senior Notes mature on June 1, 2021.

At any time prior to June 1, 2016, the Partnership may redeem up to 35% of the aggregate principal amount of the Senior Notes with the net cash proceeds of certain equity offerings at the redemption price of 107.875%, plus accrued and unpaid interest, if any, to the redemption date, provided that (i) at least 65% of the aggregate principal amount of the Senior Notes remain outstanding and (ii) the redemption occurs within 180 days of the closing date of such equity

offering. At any time on or after June 1, 2016, we may redeem the Senior Notes, in whole or in part, at the redemption prices (expressed as percentages of the principal amount) set forth below, together with accrued and unpaid interest, if any, to the redemption date, if redeemed during the 12-month period beginning June 1 of the years indicated:

Year	Percentage
2016	105.906%
2017	103.938%
2018	101.969%
2019 and thereafter	100.000%

In addition, at any time prior to June 1, 2016, the Partnership may also redeem all or any portion of the Senior Notes, at a redemption price equal to 100% of the principal amount of the Senior Notes redeemed, plus the Applicable Premium (as defined in the Indenture), including accrued and unpaid interest. Subject to certain exceptions, upon the occurrence of a Change of Control (as defined in the Indenture), each holder of the Senior Notes will have the right to require the Partnership to purchase that holder's Senior Notes for a cash price equal to 101% of the principal amounts to be purchased, plus accrued and unpaid interest.

The Senior Notes are jointly and severally guaranteed by certain of our subsidiaries. The Indenture governing the Senior Notes contains covenants, including limitations of the Partnership's ability to incur additional indebtedness and liens, make certain dividends, distributions, redemptions or investments, enter into certain transactions with affiliates, make certain asset sales, and engage in certain mergers, consolidations or sales of all or substantially all of the Partnership's assets. As of March 31, 2016, the Partnership was in compliance with these covenants.

10. INCOME TAXES

The Partnership is not subject to U.S. federal and most state income taxes. The partners of the Partnership are liable for income tax in regard to their distributive share of the Partnership's taxable income. Such taxable income may vary substantially from net income reported in the accompanying unaudited consolidated financial statements. Certain corporate subsidiaries are subject to federal and state income tax. Deferred tax assets and liabilities are recognized for future tax consequences attributable to differences between the financial statement carrying amounts of existing assets and liabilities and their respective tax basis and tax carryforwards. Deferred tax assets and liabilities are measured using enacted tax rates expected to apply to taxable income in the years in which those temporary differences are expected to be recovered or settled. The effect on deferred tax assets and liabilities of a change in tax rates is recognized in income in the period that includes the enactment date. The Partnership records a valuation allowance against its deferred tax assets if it deems that it is more likely than not that some portion or all of the recorded deferred tax assets will not be realizable in future periods.

As of March 31, 2016, the Partnership had available approximately less than \$0.1 million of alternative minimum tax credit carryforwards, which are available indefinitely, and \$261.8 million of federal net operating loss carryforwards, which will begin to expire in 2017 and \$321.8 million in state net operating loss carryforwards, a portion of which expires annually.

In assessing the realizability of deferred tax assets, management considers whether it is more likely than not that some portion or all of the deferred tax assets will not be realized. The ultimate realization of deferred tax assets is dependent upon the generation of future taxable income during the periods in which those temporary differences become deductible. Management considers the scheduled reversal of deferred tax liabilities, projected future taxable income and tax planning strategies in making this assessment. As of March 31, 2016, based on the level of historical taxable

income and projections for future taxable income over the periods in which the deferred tax assets are deductible, management believes it is more likely than not that the Partnership will realize the benefits of these deductible differences. The amount of deferred tax assets considered realizable could be reduced in the future if estimates of future taxable income during the carryforward period are reduced.

In accordance with applicable accounting standards, the Partnership recognizes only the impact of income tax positions that, based upon their merits, are more likely than not to be sustained upon audit by a taxing authority. To evaluate its current tax positions in order to identify any material uncertain tax positions, the Partnership developed a policy of identifying and evaluating uncertain tax positions that considers support for each tax position, industry standards, tax return disclosures and schedules and the significance of each position. It is the Partnership's policy to recognize interest and penalties, if any, related to unrecognized tax benefits in income tax expense. At March 31, 2016 and December 31, 2015, the Partnership had no material uncertain tax positions.

Table of Contents

The Partnership is not currently under examination by any federal or state jurisdictions. The federal statute of limitations and certain state statutes of limitations are open from 2012 forward.

11. DEFERRED REVENUES, NET

The Partnership defers revenues and all direct costs associated with the sale of pre-need cemetery merchandise and services until the merchandise is delivered or the services are performed. The Partnership recognizes deferred merchandise and service revenues as deferred revenues, net, within long-term liabilities on its consolidated balance sheet. The Partnership recognizes deferred direct costs associated with pre-need cemetery merchandise and service revenues as deferred selling and obtaining costs within long-term assets on its consolidated balance sheet. The Partnership also defers the costs to obtain new pre-need cemetery and new prearranged funeral business as well as the investment earnings on the prearranged services and merchandise trusts.

At March 31, 2016 and December 31, 2015, deferred revenues, net, consisted of the following (in thousands):

	March 31, 2016	December 31, 2015
Deferred revenue	\$ 548,515	\$ 531,905
Deferred merchandise trust revenue	85,664	80,294
Deferred merchandise trust unrealized gains (losses)	(21,703)	(24,685)
Deferred pre-acquisition margin	141,584	142,672
Deferred cost of goods sold	(94,330)	(92,650)
Deferred revenues, net	\$ 659,730	\$ 637,536
Deferred selling and obtaining costs	\$ 114,921	\$ 111,542

12. LONG-TERM INCENTIVE PLANS**2014 Long-Term Incentive Plan**

During the year ended December 31, 2014, the General Partner's Board of Directors (the Board) and the Partnership's unitholders approved a 2014 Long-Term Incentive Plan (2014 LTIP). The compensation committee of the Board (the Compensation Committee) administers the 2014 LTIP. The 2014 LTIP permits the grant of awards, which may be in the form of phantom units, restricted units, unit appreciation rights (UAR), or unit options, including performance factors for each, covering an aggregate of 1,500,000 common units, a number that the Board may increase by up to 100,000 common units per year. At March 31, 2016, the estimated number of common units to be issued upon vesting and exercise of outstanding rights under this plan was 105,167, including management's estimated amounts for awards with performance factors. A cumulative number of 14,455 common units have been issued, leaving 1,380,378 common units available for future grants under the plan, assuming no increases by the Board.

Phantom Unit Awards

Phantom units represent rights to receive a common unit or an amount of cash, or a combination of either, based upon the value of a common unit. Phantom units become payable, in cash or common units, at the Partnership's election, upon the separation of directors and executives from service or upon the occurrence of certain other events specified in the underlying agreements. Phantom units are subject to terms and conditions determined by the Compensation

Committee, which may include vesting restrictions. In tandem with phantom unit grants, the compensation committee may grant distribution equivalent rights (DERs), which are the right to receive an amount in cash or common units equal to the cash distributions made by the Partnership with respect to common unit during the period that the underlying phantom unit is outstanding. All phantom units outstanding under the 2014 LTIP at March 31, 2016 contain tandem DERs.

Table of Contents

The following table sets forth the 2014 LTIP phantom unit award activity for the three months ended March 31, 2016 and 2015, respectively:

	Three months ended March 31,	
	2016	2015
Outstanding, beginning of period	102,661	2,189
Granted (1)	2,506	2,052
Outstanding, end of period (2)	105,167	4,241

- (1) The weighted-average grant date fair value for the unit awards on the date of grant was \$25.88 and \$28.69 for three months ended March 31, 2016 and 2015, respectively. The intrinsic value of unit awards vested during both the three months ended March 31, 2016 and 2015 was \$0.1 million.
- (2) Based on the closing price of the common units on March 31, 2016, the estimated intrinsic value of the outstanding unit awards was \$2.6 million at March 31, 2016.

2004 Long-Term Incentive Plan

The Compensation Committee administers the Partnership's 2004 Long-Term Incentive Plan (2004 LTIP). The 2004 LTIP permitted the grant of awards, which may be in the form of phantom units, restricted units, or unit appreciation rights (UAR). At March 31, 2016, the estimated number of common units to be issued upon vesting and exercise of outstanding rights under this plan was 189,155, based upon the closing price of our common units at March 31, 2016. A cumulative number of 626,188 common units have been issued under the 2004 LTIP. There were no awards available for grant under the 2004 LTIP at March 31, 2016 because the plan expired in 2014.

Phantom Unit Awards

Phantom units were credited to participants' mandatory deferred compensation accounts in connection with DERs accruing on phantom units received under the 2004 LTIP. These DERs continue to accrue until the underlying securities are issued. The following table sets forth the 2004 LTIP activity related to DERs credited as phantom units to the participant's accounts for the three months ended March 31, 2016 and 2015 respectively:

	Three months ended March 31,	
	2016	2015
Outstanding, beginning of period	184,457	169,122
Granted (1)	4,491	3,671
Outstanding, end of period (2)	188,948	172,793

- (1) The weighted-average fair value for the phantom units credited was \$26.25 and \$28.02 for the three months ended March 31, 2016 and 2015 respectively. The intrinsic value of phantom unit awards vested during both the

three months ended March 31, 2016 and 2015 was \$0.1 million.

- (2) Based on the closing price of the common units on March 31, 2016, the estimated intrinsic value of the outstanding unit awards was \$4.6 million at March 31, 2016.

Total compensation expense for phantom units credited under both the 2004 and 2014 plans was approximately \$0.2 million and \$0.3 million for the three months ended March 31, 2016 and 2015, respectively.

Table of Contents**Unit Appreciation Rights Awards**

UAR awards represent a right to receive an amount equal to the closing price of the Partnership's common units on the date preceding the exercise date less the exercise price of the UARs, to the extent the closing price of the Partnership's common units on the date preceding the exercise date is in excess of the exercise price. This amount is then divided by the closing pricing of the Partnership's common units on the date preceding the exercise date to determine the number of common units to be issued to the participant. UAR awards granted through March 31, 2016 have a five-year contractual term beginning on the grant date and vest ratably over a period of 48 months beginning on the grant date. Of the UAR awards outstanding at March 31, 2016, 18,563 awards will vest within the following twelve months. The following table sets forth the UAR award activity for the three months ended March 31, 2016 and 2015 respectively:

	Three months ended March 31,	
	2016	2015
Outstanding, beginning of period	66,793	123,000
Exercised		(10,654)
Outstanding, end of period (1)	66,793	112,346
Exercisable, end of period	39,062	53,969

- (1) Based on the closing price of the common units on March 31, 2016 the estimated intrinsic value of the outstanding UARs was less than \$0.1 million. The weighted average remaining contractual life for outstanding UAR awards at March 31, 2016 was 2.3 years.

At March 31, 2016, the Partnership had approximately \$0.1 million of unrecognized compensation expense related to unvested UAR awards that will be recognized through the year ended December 31, 2018. The Partnership recognized total compensation expense for UAR awards of less than \$0.1 million for both the three months ended March 31, 2016 and 2015. The Partnership issued 1,148 common units due to exercised UAR awards for the three months ended March 31, 2015. There were no UAR exercises during the three months ended March 31, 2016.

13. COMMITMENTS AND CONTINGENCIESLegal

The Partnership is party to legal proceedings in the ordinary course of its business but does not expect the outcome of any proceedings, individually or in the aggregate, to have a material effect on its financial position or results of operations.

Other

During the first quarter of 2016, the Partnership moved its corporate headquarters to Trevese, Pennsylvania. Due to the relocation, a cease-use expense of \$0.5 million was recorded during the period below Operating income on the unaudited consolidated statement of operations. This charge represents the net recognition of the discounted liability for future rent payments due under the lease on the previous headquarters, net of estimated sublease collections and deferred rent and lease incentives pertaining to the previous corporate office location.

Edgar Filing: STONEMOR PARTNERS LP - Form 10-Q

In connection with the Partnership's 2014 lease and management agreements with the Archdiocese of Philadelphia, it has committed to pay aggregate fixed rent of \$36.0 million in the following amounts:

Lease Years 1-5	None
Lease Years 6-20	\$1,000,000 per Lease Year
Lease Years 21-25	\$1,200,000 per Lease Year
Lease Years 26-35	\$1,500,000 per Lease Year
Lease Years 36-60	None

The fixed rent for lease years 6 through 11 shall be deferred. If the Archdiocese terminates the agreements pursuant to a lease year 11 termination or the Partnership terminates the agreements as a result of a default by the Archdiocese, prior to the end of lease year 11, the deferred fixed rent shall be retained by the Partnership. If the agreements are not terminated, the deferred fixed rent shall become due and payable 30 days after the end of lease year 11.

Table of Contents**14. FAIR VALUE OF FINANCIAL INSTRUMENTS**

Management has established a hierarchy to measure the Partnership's financial instruments at fair value, which requires it to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value. Observable inputs represent market data obtained from independent sources; whereas, unobservable inputs reflect the Partnership's own market assumptions, which are used if observable inputs are not reasonably available without undue cost and effort. The hierarchy defines three levels of inputs that may be used to measure fair value:

Level 1 Unadjusted quoted market prices in active markets for identical, unrestricted assets or liabilities that the reporting entity has the ability to access at the measurement date.

Level 2 Inputs other than quoted prices included within Level 1 that are observable for the asset and liability or can be corroborated with observable market data for substantially the same contractual term of the asset or liability.

Level 3 Unobservable inputs that the entity's own assumptions about the assumptions market participants would use in the pricing of the asset or liability and are consequently not based on market activity but rather through particular valuation techniques.

The Partnership's current assets and liabilities on its consolidated balance sheets are considered to be financial instruments, and their estimated fair values approximate their carrying values due to their short-term nature and thus are categorized as Level 1. The Partnership's merchandise and perpetual care trusts consist of investments in debt and equity marketable securities and cash equivalents, are carried at fair value, and are considered either Level 1 or Level 2 (see Note 6 and 7).

The Partnership's other financial instruments as of March 31, 2016 and December 31, 2015 consist of its Senior Notes and outstanding borrowings under its revolving credit facility (see Note 9). The estimated fair values of the Partnership's Senior Notes as of March 31, 2016 and December 31, 2015 were \$177.2 million and \$179.9 million, respectively, based on trades made on those dates, compared with the carrying amounts of \$172.3 million and \$172.2 million, respectively. As of March 31, 2016 and December 31, 2015, the carrying values of outstanding borrowings under the Partnership's revolving credit facility (see Note 9), which bears interest at variable interest rates with maturities of 90 days or less, approximated their estimated fair values. The Senior Notes are valued using Level 2 inputs.

15. SUPPLEMENTAL CONDENSED CONSOLIDATING FINANCIAL INFORMATION

The Partnership's Senior Notes are guaranteed by StoneMor Operating LLC and its wholly-owned subsidiaries, other than the co-issuer, as described below. The guarantees are full, unconditional, joint and several. The Partnership, or the Parent, and its wholly-owned subsidiary Cornerstone Family Services of West Virginia Subsidiary Inc., are the co-issuers of the Senior Notes. The Partnership's unaudited consolidated financial statements as of and for the three months ended March 31, 2016 and 2015 include the accounts of cemeteries operated under long-term lease, operating or management agreements. For the purposes of this note, these entities are deemed non-guarantor subsidiaries as they are not wholly-owned by the Partnership. The Partnership's unaudited consolidated financial statements also contain merchandise and perpetual care trusts that are also deemed non-guarantor subsidiaries for the purposes of this note.

The following unaudited supplemental condensed consolidating financial information reflects the Partnership's standalone accounts, the combined accounts of the subsidiary co-issuer, the combined accounts of the guarantor subsidiaries, the combined accounts of the non-guarantor subsidiaries, the consolidating adjustments and eliminations and the Partnership's consolidated accounts as of and for the three months ended March 31, 2016 and 2015. For the

purpose of the following financial information, the Partnership's investments in its subsidiaries and the guarantor subsidiaries' investments in their respective subsidiaries are presented in accordance with the equity method of accounting (in thousands):

16. ISSUANCES OF LIMITED PARTNER UNITS

On November 19, 2015, the Partnership entered into an equity distribution agreement (ATM Equity Program) with a group of banks (the Agents) whereby it may sell, from time to time, common units representing limited partner interests having an aggregate offering price of up to \$100,000,000. During the three months ended March 31, 2016, the Partnership issued 727,474 common units under the ATM Equity Program for net proceeds of \$18.8 million.

Pursuant to a Common Unit Purchase Agreement, dated May 19, 2014, by and between the Partnership and American Cemeteries Infrastructure Investors, LLC, a Delaware limited liability company (ACII), the Partnership issued 55,737 PIK Units to ACII in lieu of cash distributions of \$1.5 million, during the three months ended March 31, 2016.

17. SEGMENT INFORMATION

The Partnership s operations include two reportable operating segments, Cemetery Operations and Funeral Homes. These operating segments reflect the way the Partnership manages its operations and makes business decisions as of March 31, 2016 and represent a change from the comparable period presented. Prior period information was revised to the current year presentation. Operating segment data for the periods indicated were as follows (in thousands):

18. SUBSEQUENT EVENTS

On April 20, 2016, the Partnership completed a follow-on public offering of 2,000,000 common units at a public offering price of \$23.65 per unit. Net proceeds of the offering, after deducting underwriting discounts and offering expenses, were approximately \$44.7 million. Additionally, the underwriters exercised their option to purchase an additional 300,000 common units, resulting in net proceeds of \$6.8 million, after deducting discounts and offering expenses. The proceeds from the issuances were used to pay down outstanding indebtedness under the Credit Facility.

On April 26, 2016, the Partnership announced a quarterly cash distribution of \$0.66 per common unit pertaining to the results for the first quarter of 2016. The distribution is scheduled to be paid May 13, 2016 to common unit holders of record as of the close of business on May 6, 2016.

Subsequent to March 31, 2016, the Partnership issued 176,208 common units under the ATM Equity Program for net proceeds of approximately \$4.2 million.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

Certain statements contained in this Form 10-Q, including, but not limited to, information regarding our operating activities, the plans and objectives of our management, and assumptions regarding our future performance and plans are forward-looking statements. When used in this Form 10-Q, the words believes, anticipates, expects and similar expressions are intended to identify forward-looking statements. Such statements are subject to certain risks and uncertainties that could cause actual results to differ materially from the results stated or implied in this Form 10-Q.

Our major risk is related to uncertainties associated with the cash flow from pre-need and at-need sales, trusts and financings, which may impact StoneMor's ability to meet its financial projections, its ability to service its debt and pay distributions, and its ability to increase its distributions. Our additional risks and uncertainties include, but are not limited to, the following: uncertainties associated with future revenue and revenue growth; uncertainties associated with the integration or anticipated benefits of recent acquisitions or any future acquisitions; our ability to complete and fund additional acquisitions; the effect of economic downturns; the impact of our significant leverage on our operating plans; the decline in the fair value of certain equity and debt securities held in trusts; our ability to attract, train and retain an adequate number of sales people; uncertainties associated with the volume and timing of pre-need sales of cemetery services and products; increased use of cremation; changes in the death rate; changes in the political or regulatory environments, including potential changes in tax accounting and trusting policies; our ability to successfully implement a strategic plan relating to achieving operating improvements, strong cash flows and further deleveraging; our ability to successfully compete in the cemetery and funeral home industry; litigation or legal proceedings that could expose us to significant liabilities and damage our reputation; the effects of cyber security attacks due to our significant reliance on information technology; uncertainties relating to the financial condition of third-party insurance companies that fund our pre-need funeral contracts; and various other uncertainties associated with the death care industry and our operations in particular.

Our risks and uncertainties are more particularly described in Item 1A. Risk Factors of our Annual Report on Form 10-K for the year ended December 31, 2015. Readers are cautioned not to place undue reliance on forward looking statements included in this Form 10-Q, which speak only as of the date hereof. Except as required by applicable laws, we undertake no obligation to update or revise forward-looking statements, whether as a result of new information, future events or otherwise.

BUSINESS OVERVIEW

We are a publicly-traded Delaware master-limited partnership (MLP) and provider of funeral and cemetery products and services in the death care industry in the United States. As of March 31, 2016, we operated 307 cemeteries in 27 states and Puerto Rico, of which 276 are owned and 31 are operated under lease, management or operating agreements. We also owned and operated 104 funeral homes in 19 states and Puerto Rico.

FINANCIAL PRESENTATION

Our consolidated balance sheets at March 31, 2016 and December 31, 2015, and the consolidated statements of operations for the three months ended March 31, 2016 and 2015 include our accounts and our wholly-owned subsidiaries. Accounting principles generally accepted in the United States of America require management to make estimates and assumptions that affect the amounts reported in the consolidated balance sheets and related consolidated statements of operations. Actual balances and results could be different from those estimates. All intercompany transactions and balances have been eliminated in the consolidation of the financial statements.

SUBSEQUENT EVENTS

On April 20, 2016, we completed a follow-on public offering of 2,000,000 common units at a public offering price of \$23.65 per unit. Net proceeds of the offering, after deducting underwriting discounts and offering expenses, were approximately \$44.7 million. Additionally, the underwriters exercised their option to purchase an additional 300,000 common units, resulting in net proceeds of \$6.8 million, after deducting discounts and offering expenses. The proceeds from the issuances were used to pay down outstanding indebtedness under the Credit Facility.

On April 26, 2016, we announced a quarterly cash distribution of \$0.66 per common unit pertaining to the results for the first quarter of 2016. The distribution is scheduled to be paid May 13, 2016 to common unit holders of record as of the close of business on May 6, 2016.

Subsequent to March 31, 2016, we issued 176,208 common units under an equity distribution agreement (ATM Equity Program) for net proceeds of approximately \$4.2 million.

REVENUE RECOGNITION

Cemetery Operations

Our cemetery revenues are principally derived from sales of interment rights, merchandise and services. These sales occur both at the time of death, which we refer to as at-need, and prior to the time of death, which we refer to as pre-need. Pre-need sales are typically sold on an installment plan. At-need cemetery sales and pre-need merchandise and services sales are recognized as revenue when the merchandise is delivered or the service is performed. For pre-need sales of interment rights, we recognize the associated revenue when we have collected 10% of the sales price from the customer. We consider our cemetery merchandise delivered to our customer when it is either installed or ready to be installed and delivered to a third-party storage facility until it is needed, with ownership transferred to the customer at that time. Pre-need sales that have not yet been recognized as revenue are recognized as deferred revenues, net, a liability on our consolidated balance sheet. Direct costs associated with pre-need sales that are recognized as deferred revenues, such as sales commissions and cost of goods sold, are recognized as deferred selling and obtaining costs, an asset on our consolidated balance sheet, until the merchandise is delivered or the services are performed.

Table of Contents

Funeral Home Operations

Our funeral home revenues are principally derived from at-need and pre-need sales of merchandise and services. Pre-need sales are typically sold on an installment plan. Both at-need and pre-need funeral home sales are recognized as revenue when the merchandise is delivered or the service is performed. Pre-need sales that have not yet been recognized as revenue are recognized as deferred revenues, a liability on our consolidated balance sheet. Direct costs associated with pre-need sales that are recognized as deferred revenues, such as sales commissions and cost of goods sold, are recognized as deferred selling and obtaining costs, an asset on our consolidated balance sheet, until the merchandise is delivered or the services are performed. Our funeral home operations also include revenues related to the sale of term and final expense whole life insurance. As an agent for these insurance sales, we earn and recognize commission-related revenue streams from the sales of these policies.

Trust Investment Income

Sales of cemetery and funeral home merchandise and services are subject to state law. Under these laws, which vary by state, a portion of the cash proceeds received from the sale of interment rights and pre-need sales of cemetery and funeral home merchandise and services are required to be deposited into trusts. For sales of interment rights, a portion of the cash proceeds received are required to be deposited into a perpetual care trust. While the principal balance of the perpetual care trust must remain in the trust in perpetuity, we recognize investment income on such assets as revenue, excluding realized gains and losses from the sale of trust assets. For sales of cemetery and funeral home merchandise and services, a portion of the cash proceeds received are required to be deposited into a merchandise trust until the merchandise is delivered or the services are performed, at which time the funds deposited, along with the associated investment income, may be withdrawn. Investment income from assets held in the merchandise trust is recognized as revenues when withdrawn. Amounts deposited into trusts are invested by third-party investment managers who are selected by the Trust Committee of the board of directors of our general partner. These investment managers are required to invest our trust funds in accordance with applicable state law and internal investment guidelines adopted by the Trust Committee. Our investment managers are monitored by investment advisors selected by the Trust Committee who advise the committee on the determination of asset allocations, evaluate the investment managers and provide detailed monthly reports on the performance of each merchandise and perpetual care trust.

GENERAL TRENDS AND OUTLOOK

We expect our business to be affected by key trends in the deathcare industry, based upon assumptions made by us and information currently available. Deathcare industry factors affecting our financial position and results of operations include, but are not limited to, demographic trends in terms of population growth and average age, which impacts death rates and number of deaths, increasing cremation trends, and increasing memorialization trends. In addition, we are subject to fluctuations in the fair value of equity and fixed-maturity debt securities held in our trusts. These values can be negatively impacted by contractions in the credit market and overall downturns in economic activity. Our ability to make payments on our debt and our ability to make cash distributions to our unitholders depends on our success at managing these industry trends. To the extent our underlying assumptions about or interpretations of available information prove to be incorrect, our actual results may vary materially from our expected results.

RESULTS OF OPERATIONS

Cemetery Operations

Overview

We are currently the second largest owner and operator of cemeteries in the United States. As of March 31, 2016, we operated 307 cemeteries in 27 states and Puerto Rico. We own 276 of these cemeteries and we manage or operate the remaining 31 under lease, operating or management agreements. Revenues from cemetery operations accounted for approximately 78.1% of our total revenues during the three months ended March 31, 2016.

Table of Contents**Operating Results**

The following table presents operating results for our cemetery operations for the respective reporting periods (in thousands):

	Three months ended March 31,	
	2016	2015
Merchandise	\$ 30,975	\$ 26,937
Services	12,832	13,910
Interest income	2,229	2,200
Investment and other	12,223	9,110
Total revenue	58,259	52,157
Cost of goods sold	8,557	7,083
Cemetery expense	15,856	16,265
Selling expense	14,576	13,910
General and administrative expense	9,204	9,329
Total cost and expenses	48,193	46,587
Operating income	\$ 10,066	\$ 5,570

Cemetery merchandise revenues were \$31.0 million for the three months ended March 31, 2016, an increase of \$4.1 million from \$26.9 million for the three months ended March 31, 2015. The increase is principally due to a \$3.5 million increase in recognized sales of markers and mausoleums. Cemetery services revenues were \$12.8 million for the three months ended March 31, 2016, a decrease of \$1.1 million from \$13.9 million for the three months ended March 31, 2015. This decrease was primarily due to a reduction in opening and closing service revenues. Investment and other income was \$12.2 million for the three months ended March 31, 2016, an increase of \$3.1 million from \$9.1 million for the three months ended March 31, 2015. This increase was primarily due to a \$1.1 million increase in trust income due to higher invested capital amounts and increased income withdrawals from our merchandise trusts and a \$1.6 million increase in large land sales. Interest income remained consistent at \$2.2 million for both the three months ended March 31, 2016 and 2015.

Cost of goods sold was \$8.6 million for the three months ended March 31, 2016, an increase of \$1.5 million from \$7.1 million for the three months ended March 31, 2015. This increase consisted principally of a \$0.2 million increase in perpetual care costs and a \$1.3 million increase in merchandise costs, due to an increase in burial right values, and changes in the value and mix of products.

Cemetery expenses were \$15.9 million for the three months ended March 31, 2016, a decrease of \$0.4 million from \$16.3 million for the three months ended March 31, 2015. This decrease was principally due to a \$0.7 million decrease in personnel costs, partially offset by a \$0.2 million increase in repairs and maintenance expenses.

Selling expenses were \$14.6 million for the three months ended March 31, 2016, an increase of \$0.7 million from \$13.9 million for the three months ended March 31, 2015. This increase was primarily due to a \$0.6 million increase in personnel costs.

General and administrative expenses were \$9.2 million for the three months ended March 31, 2016, relatively consistent with \$9.3 million for the three months ended March 31, 2015.

Funeral Home Operations

Overview

As of three months ended March 31, 2016, we owned and operated 104 funeral homes. These properties are located in 19 states and Puerto Rico. Revenues from funeral home operations accounted for approximately 21.9% of our total revenues during three months ended March 31, 2016.

Table of Contents**Operating Results**

The following table presents operating results for our funeral home operations for the respective reporting periods (in thousands):

	Three months ended March 31,	
	2016	2015
Merchandise	\$ 7,456	\$ 7,075
Services	8,867	8,185
Total revenue	16,323	15,260
Merchandise	2,149	2,376
Service	6,451	5,593
Other	5,140	4,181
Total expenses	13,740	12,150
Operating income	\$ 2,583	\$ 3,110

Funeral home merchandise revenues were \$7.5 million for the three months ended March 31, 2016, an increase of \$0.4 million from \$7.1 million for the three months ended March 31, 2015. Funeral home service revenues were \$8.9 million for the three months ended March 31, 2016, a \$0.7 million increase from \$8.2 million for the three months ended March 31, 2015. Both increases were principally due to increases in casket and service revenues, respectively, compared to the prior period.

Funeral home expenses were \$13.7 million for the three months ended March 31, 2016, an increase of \$1.5 million from \$12.2 million for the three months ended March 31, 2015. This increase principally consists of a \$0.9 million increase in personnel costs, a \$0.3 million increase in costs associated with insurance-related sales, and a \$0.2 million increase in facility costs.

Corporate Overhead

Corporate overhead was \$10.3 million for the three months ended March 31, 2016, an increase of \$1.2 million from \$9.1 million for the three months ended March 31, 2015. This increase was principally due to an increase in acquisition-related costs. These costs may vary from period to period depending on the amount of acquisition activity that takes place.

Depreciation and Amortization

Depreciation and amortization expense was consistent with the prior period, with \$3.1 million for the three months ended March 31, 2016, an increase of \$0.1 million from \$3.0 million for the three months ended March 31, 2015.

Other Gains and Losses

For the three months ended March 31, 2016, other gains and losses included a cease-use expense of \$0.5 million that was recorded due to the relocation of corporate headquarters to Trevoise, Pennsylvania. We also sold a funeral home building and related real property for a net loss of \$0.4 million.

Interest Expense

Interest expense was \$5.8 million for the three months ended March 31, 2016, an increase of \$0.3 million from \$5.5 million for the three months ended March 31, 2015. This increase was principally due to an increase in interest expense on amounts outstanding under the credit facility, which had higher average amounts outstanding during the current period than the comparable period.

Income Tax Benefit (Expense)

Income tax expense was \$0.3 million for the three months ended March 31, 2016, an increase of \$0.2 million from \$0.1 million for the three months ended March 31, 2015. Our effective tax rate differs from our statutory tax rate primarily because our legal entity structure includes different tax filing entities, including a significant number of partnerships that are not subject to paying tax.

LIQUIDITY AND CAPITAL RESOURCES**General**

Our primary sources of liquidity are cash generated from operations, borrowings under our revolving credit facility and capital raised through the issuance of additional limited partner units. Our primary cash requirements, in addition to normal operating expenses, are for debt service, capital expenditures and cash distributions. In general, we expect to fund:

cash distributions and maintenance capital expenditures through available cash and cash flows from operating activities;

expansion capital expenditures and working capital deficits through cash generated from operations and additional borrowings; and

debt service obligations through additional borrowings or by the issuance of additional limited partner units or asset sales.

We rely on cash flow from operations, borrowings under our credit facility and the issuance of additional limited partner units to execute our growth strategy and meet our financial commitments and other short-term financial needs. We cannot be certain that additional capital will be available to us to the extent required and on acceptable terms.

We believe that we will have sufficient liquid assets, cash from operations and borrowing capacity to meet our financial commitments, debt service obligations, contingencies and anticipated capital expenditures for at least the next twelve-month period. However, we are subject to business, operational and other risks that could adversely affect our cash flow. We may supplement our cash generation with proceeds from financing activities, including borrowings under our credit facility and other borrowings, the issuance of additional limited partner units, and the sale of assets and other transactions.

Table of Contents***Cash Flows Three Months Ended March 31, 2016 Compared to Three Months Ended March 31, 2015***

Net cash flows provided by operating activities were \$5.2 million during the three months ended March 31, 2016, a decrease of \$0.7 million from \$5.9 million during the three months ended March 31, 2015. The \$0.7 million unfavorable movement in net cash provided by operating activities resulted from a \$3.0 million unfavorable movement in working capital and a \$2.3 million favorable movement in net income excluding non-cash items. The unfavorable movement in working capital was principally due to timing differences, greater net-contributions to our merchandise trusts and the satisfaction of performance obligations. The favorable movement in net income excluding non-cash items was due principally to our cemetery operations.

Net cash used in investing activities was \$4.4 million during the three months ended March 31, 2016, an increase of \$1.6 million from \$2.8 million during the three months ended March 31, 2015. Net cash used in investing activities during the three months ended March 31, 2016 consisted of \$4.5 million for capital expenditures, partially offset by proceeds from asset sales of \$0.1 million. Net cash used in investing activities during the three months ended March 31, 2015 principally consisted of \$2.8 million for capital expenditures.

Net cash flows used in financing activities were \$2.5 million for the three months ended March 31, 2016 compared with \$7.0 million for the three months ended March 31, 2015. Cash flows used in financing activities during the three months ended March 31, 2016 consisted primarily of cash distributions to unit holders of \$21.4 million, partially offset by \$18.8 million of net proceeds from the issuance of common units and \$0.1 million of net borrowings. Cash flows used in financing activities during the three months ended March 31, 2015 consisted primarily of cash distributions to unit holders of \$17.9 million, partially offset by \$10.9 million of net borrowings.

Capital Expenditures

Our capital requirements consist primarily of:

Expansion capital expenditures we consider expansion capital expenditures to be capital expenditures that expand the capacity of our existing operations; and

Maintenance capital expenditures we consider maintenance capital expenditures to be any capital expenditures that are not expansion capital expenditures generally, this will include expenditures to maintain our facilities.

The following table summarizes maintenance and expansion capital expenditures, excluding amounts paid for acquisitions, for the periods presented (in thousands):

	Three months ended March 31,	
	2016	2015
Maintenance capital expenditures	\$ 3,004	\$ 1,314
Expansion capital expenditures	1,556	1,501
Total capital expenditures	\$ 4,560	\$ 2,815

Issuance of Common Units

During the three months ended March 31, 2016, we issued 727,474 common units under the ATM program for net proceeds of \$18.8 million.

Long-Term Debt

Credit Facility

We are a party to the Fourth Amended and Restated Credit Agreement, as amended (the *Credit Agreement*), which provides for a single revolving credit facility of \$180.0 million (the *Credit Facility*) maturing on December 19, 2019. Additionally, the *Credit Agreement* provides for an uncommitted ability to increase the *Credit Facility* by an additional \$70.0 million. Our obligations under the *Credit Facility* are secured by substantially all of our assets, excluding those held in trust. Borrowings under the *Credit Facility* are classified as either acquisition draws or working capital draws.

Table of Contents

Acquisition draws may be utilized to finance permitted acquisitions, the purchase and construction of mausoleums and related costs or the net amount of merchandise trust deposits. Working capital draws may be utilized to finance working capital requirements, capital expenditures and for other general corporate purposes. The amount of the Credit Facility that is available for working capital draws is subject to a borrowing formula equal to 85% of eligible accounts receivable, as defined within the Credit Agreement. At March 31, 2016, the amount available under the Credit Facility for working capital advances under this limit was \$140.1 million, of which \$106.5 million was outstanding at March 31, 2016.

Each individual acquisition draw is subject to equal quarterly amortization of the principal amount, with annual principal payments comprised of ten percent of the related advance amount, commencing on the second anniversary of such advance, with the remaining principal due on December 19, 2019, subject to certain mandatory prepayment requirements. Up to \$10.0 million of the Credit Facility may be in the form of standby letters of credit, of which there were none outstanding at March 31, 2016 and December 31, 2015.

Borrowings under the Credit Facility bear interest, at our election, at either an adjusted LIBOR rate plus an applicable margin between 2.25% and 4.00% per annum or the base rate (which is the higher of the bank's prime rate, the Federal funds rate plus 0.5% or one-month LIBOR plus 1.00%) plus an applicable margin between 1.25% and 3.00% per annum. We are also required to pay a fee on the unused portion of the Credit Facility at a rate between 0.375% and 0.8% per annum, which is included within interest expense on our consolidated statements of operations. At March 31, 2016, the weighted average interest rate on outstanding borrowings under the Credit Facility was 3.9%.

The Credit Agreement contains customary covenants that limit our ability to incur additional indebtedness, grant liens, make loans or investments, make cash distributions if a default exists or would result from the distribution, merger or consolidation with other persons, or engage in certain asset dispositions including the sale of all or substantially all of its assets. We were in compliance with these covenants as of March 31, 2016. The Credit Agreement also requires us to maintain:

Consolidated EBITDA (as defined in the Credit Agreement), calculated over a period of four consecutive fiscal quarters, to be no less than the sum of (i) \$80.0 million plus (ii) 80% of the aggregate Consolidated EBITDA for each permitted acquisition completed after June 30, 2014;

the ratio of Consolidated EBITDA (as defined in the Credit Agreement) to Consolidated Debt Service (as defined in the Credit Agreement), calculated over a period of four fiscal quarters, or the Consolidated Debt Service Coverage Ratio, of not less than 2.50 to 1.00 for any period; and

the ratio of Consolidated Funded Indebtedness (as defined in the Credit Agreement) to Consolidated EBITDA (as defined in the Credit Agreement), calculated over a period of four fiscal quarters, or the Consolidated Leverage Ratio, of not greater than 4.00 to 1.00 for any period.

Senior Notes

On May 28, 2013, we issued \$175.0 million aggregate principal amount of 7.875% Senior Notes due 2021 (the Senior Notes). We pay 7.875% interest per annum on the principal amount of the Senior Notes, payable in cash semi-annually in arrears on June 1 and December 1 of each year. The net proceeds from the offering were used to retire a \$150.0 million aggregate principal amount of 10.25% Senior Notes due 2017 and the remaining proceeds were

used for general corporate purposes. The Senior Notes were issued at 97.832% of par resulting in gross proceeds of \$171.2 million with an original issue discount of approximately \$3.8 million. We incurred debt issuance costs and fees of approximately \$4.6 million. These costs and fees are deferred and will be amortized over the life of these notes. The Senior Notes mature on June 1, 2021.

At any time prior to June 1, 2016, we may redeem up to 35% of the aggregate principal amount of the Senior Notes with the net cash proceeds of certain equity offerings at the redemption price of 107.875%, plus accrued and unpaid interest, if any, to the redemption date, provided that (i) at least 65% of the aggregate principal amount of the Senior Notes remain outstanding and (ii) the redemption occurs within 180 days of the closing date of such equity offering. At any time on or after June 1, 2016, we may redeem the Senior Notes, in whole or in part, at the redemption prices (expressed as percentages of the principal amount) set forth below, together with accrued and unpaid interest, if any, to the redemption date, if redeemed during the 12-month period beginning June 1 of the years indicated:

Table of Contents

Year	Percentage
2016	105.906%
2017	103.938%
2018	101.969%
2019 and thereafter	100.000%

In addition, at any time prior to June 1, 2016, we may also redeem all or any portion of the Senior Notes at a redemption price equal to 100% of the principal amount of the Senior Notes redeemed, plus the Applicable Premium (as defined in the Indenture), including accrued and unpaid interest. Subject to certain exceptions, upon the occurrence of a Change of Control (as defined in the Indenture), each holder of the Senior Notes will have the right to require us to purchase that holder's Senior Notes for a cash price equal to 101% of the principal amounts to be purchased, plus accrued and unpaid interest.

The Senior Notes are jointly and severally guaranteed by certain of our material subsidiaries. The Indenture governing the Senior Notes contains covenants, including limitations of our ability to incur certain additional indebtedness and liens, make certain dividends, distributions, redemptions or investments, enter into certain transactions with affiliates, make certain asset sales, and engage in certain mergers, consolidations or sales of all or substantially all of our assets, among other items. As of March 31, 2016, we were in compliance with these covenants.

Cash Distribution Policy

Our partnership agreement requires that we distribute 100% of available cash to our common unitholders and general partner within 45 days following the end of each calendar quarter in accordance with their respective percentage interests. Available cash consists generally of all of our cash receipts, less cash disbursements. Our general partner is granted discretion under the partnership agreement to establish, maintain and adjust reserves for future operating expenses, debt service, maintenance capital expenditures and distributions for the next four quarters. These reserves are not restricted by magnitude, but only by type of future cash requirements with which they can be associated.

Available cash is distributed to the common limited partners and the general partner in accordance with their ownership interests, subject to the general partner's incentive distribution rights if quarterly cash distributions per limited partner unit exceed specified targets. Incentive distribution rights are generally defined as all cash distributions paid to our general partner that are in excess of its general partner ownership interest. The incentive distribution rights will entitle our general partner to receive the following increasing percentage of cash distributed by us as it reaches certain target distribution levels:

13.0% of all cash distributed in any quarter after each common unit has received \$0.5125 for that quarter;

23.0% of all cash distributed in any quarter after each common unit has received \$0.5875 for that quarter; and

48.0% of all cash distributed in any quarter after each common unit has received \$0.7125 for that quarter.

Agreements with the Archdiocese of Philadelphia

In accordance with the lease and management agreements with the Archdiocese of Philadelphia, we have agreed pay to the Archdiocese aggregate fixed rent of \$36.0 million in the following amounts:

Lease Years 1-5	None
Lease Years 6-20	\$1,000,000 per Lease Year
Lease Years 21-25	\$1,200,000 per Lease Year
Lease Years 26-35	\$1,500,000 per Lease Year
Lease Years 36-60	None

The fixed rent for lease years 6 through 11 shall be deferred. If the Archdiocese terminates the agreements pursuant to a lease year 11 termination or we terminate the agreements as a result of a default by the Archdiocese, prior to the end of lease year 11, the deferred fixed rent shall be retained by us. If the agreements are not terminated, the deferred fixed rent shall become due and payable 30 days after the end of lease year 11.

Table of Contents**CRITICAL ACCOUNTING POLICIES AND ESTIMATES**

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires making estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of actual revenue and expenses during the reporting period. Although we base our estimates on historical experience and various other assumptions that we believe to be reasonable under the circumstances, actual results may differ from the estimates on which our financial statements are prepared at any given point of time. Changes in these estimates could materially affect our financial position, results of operations or cash flows. Significant items that are subject to such estimates and assumptions include revenue and expense accruals, fair value of merchandise and perpetual care trusts assets, merchandise liability balance and the allocation of purchase price to the fair value of assets acquired. A discussion of our significant accounting policies we have adopted and followed in the preparation of our consolidated financial statements was included in our Annual Report on Form 10-K for the year ended December 31, 2015, and we summarize our significant accounting policies within our consolidated financial statements included in Note 1 under Item 1 of this Form 10-Q.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

The primary objective of the following information is to provide forward-looking quantitative and qualitative information about our potential exposure to market risks. The term market risk refers to the risk of gains or losses arising from changes in interest rates and prices of marketable securities. The disclosures are not meant to be precise indicators of expected future gains or losses, but rather indicators of reasonably possible gains or losses. This forward-looking information provides indicators of how we view and manage our ongoing market risk exposures. All of our market risk-sensitive instruments were entered into for purposes other than trading.

INTEREST-BEARING INVESTMENTS

Our fixed-income securities subject to market risk consist primarily of certain investments in our merchandise trusts and perpetual care trusts. As of March 31, 2016, the fair value of fixed-income securities in our merchandise trusts and perpetual care trusts represented 3.4% and 7.0%, respectively, of the fair value of total trust assets. The aggregate of the quoted fair value of these fixed-income securities was \$16.5 million and \$21.7 million in the merchandise trusts and perpetual care trusts, respectively, as of March 31, 2016. Holding all other variables constant, a hypothetical 1% change in variable interest rates on these fixed-income securities would change the fair market value of the assets in our merchandise trusts and perpetual care trusts each by approximately \$0.2 million, based on discounted expected future cash flows. If these securities are held to maturity, no change in fair market value will be realized. Our money market and other short-term investments subject to market risk consist primarily of certain investments in our merchandise trusts and perpetual care trusts. As of March 31, 2016, the fair value of money market and short-term investments in our merchandise trusts and perpetual care trusts represented 11.3% and 11.1%, respectively, of the fair value of total trust assets. The aggregate of the quoted fair value of these money market and short-term investments was \$54.3 million and \$34.3 million in the merchandise trusts and perpetual care trusts, respectively, as of March 31, 2016. Holding all other variables constant, a hypothetical 1% change in variable interest rates on these money market and short-term investments would change the fair market value of the assets in our merchandise trusts and perpetual care trusts by approximately \$0.5 million and \$0.3 million respectively, based on discounted expected future cash flows.

MARKETABLE EQUITY SECURITIES

Our marketable equity securities subject to market risk consist primarily of certain investments held in our merchandise trusts and perpetual care trusts. These assets consist of investments in both individual equity securities as well as closed and open-ended mutual funds. As of March 31, 2016, the fair value of marketable equity securities in our merchandise trusts and perpetual care trusts represented 7.9% and 0.9%, respectively, of the fair value of total trust assets. The aggregate of the quoted fair market value of these marketable equity securities was \$37.8 million and \$2.8 million in our merchandise trusts and perpetual care trusts, respectively, as of March 31, 2016, based on final quoted sales prices. Holding all other variables constant, a hypothetical 10% change in variable interest rates of the equity securities would change the fair market value of the assets in our merchandise trusts and perpetual care trusts each by approximately \$3.8 million and \$0.3 million, based on discounted expected future cash flows. As of March 31, 2016, the fair value of marketable closed and open-ended mutual funds in our merchandise trusts represented 74.7% of the fair value of total trust assets, 64% of which pertained to fixed-income mutual funds. As of March 31, 2016, the fair value of closed and open-ended mutual funds in our perpetual care trusts represented 80.9% of total trust assets, 73.9% of which pertained to fixed-income mutual funds. The aggregate of the quoted fair market value of these closed and open-ended mutual funds was \$358.4 million and \$250.9 million, respectively, in the merchandise trusts and perpetual care trusts as of March 31, 2016, based on final quoted sales prices, of which \$229.4 million and \$185.3 million, respectively,

pertained to fixed-income mutual funds. Holding all other variables constant, a hypothetical 10% change in the average market prices of the closed and open-ended mutual funds would change the fair market value of the assets in our merchandise trusts and perpetual care trusts each by approximately \$35.8 million and \$25.1 million, based on discounted expected future cash flows.

DEBT INSTRUMENTS

Our Credit Facility bears interest at a floating rate, based on LIBOR, which is adjusted quarterly. This subjects us to increases in interest expense resulting from movements in interest rates. As of March 31, 2016, we had \$151.0 million of borrowings outstanding under our Credit Facility, which generally bears interest at a variable rate. Holding all other variables constant, a hypothetical 1% change in variable interest rates would change our consolidated interest expense for the three month period ending March 31, 2016 by approximately \$1.5 million.

ITEM 4. CONTROLS AND PROCEDURES

We maintain disclosure controls and procedures that are designed to ensure that information required to be disclosed in the reports that we file or submit under the Securities Exchange Act of 1934, as amended (the Exchange Act), is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure.

As of the end of the period covered by this report, we carried out an evaluation, under the supervision and with the participation of our Disclosure Committee and management, including our Chief Executive Officer and our Chief Financial Officer, of the effectiveness of our disclosure controls and procedures pursuant to Exchange Act Rule 13a-15(b). Based upon, and as of the date of this evaluation, our Chief Executive Officer and our Chief Financial Officer concluded that our disclosure controls and procedures were effective to provide reasonable assurance that information we are required to disclose in our reports under the Exchange Act is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

There have been no changes in our internal control over financial reporting that occurred during our most recent fiscal quarter ended March 31, 2016 that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.
