PROXY STATEMENT FOR THE 2018 ANNUAL MEETING OF STOCKHOLDERS

May 3, 2018 at 8:00 AM (local time)

GENERAL INFORMATION ABOUT THE ANNUAL MEETING AND VOTING

1. Why am I receiving these materials?

We have made this proxy statement (the ***Proxy Statement***) and the accompanying proxy materials available to you in connection with the solicitation by the Board of Directors (the ***Board***) of NuVasive, Inc. (the ***Company*** or ***NuVasive***) of proxies to be voted at the Company's 2018 Annual Meeting of Stockholders to be held on May 3, 2018 (the ***Annual Meeting***), and at any postponements or adjournments of the Annual Meeting.

2. What is the purpose of the Annual Meeting?

Stockholders are being asked to vote on each of the following items of business at the Annual Meeting: (i) the election of two Class II Directors for terms expiring at the 2021 Annual Meeting of Stockholders; (ii) the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2018; (iii) non-binding advisory approval of the compensation of the Company's named executive officers (the ***Named Executive Officers***) for the fiscal year ended December 31, 2017; and (iv) any other business that may properly come before the Annual Meeting.

3. Why did I receive a notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

In accordance with rules adopted by the Securities and Exchange Commission (the ***SEC***), we may furnish proxy materials, including this Proxy Statement and our Annual Report on Form 10-K for fiscal year ended December 31, 2017 (the ***2017 Annual Report***), to our stockholders by providing access to such documents on the Internet instead of mailing printed copies. Most stockholders will not receive printed copies of the proxy materials unless they request them. Instead, the Notice of Internet Availability of Proxy Materials (the ***Notice***) (which was mailed to most of our stockholders) will instruct you as to how you may access and review all of the proxy materials on the Internet, as well as how you may submit your proxy on the Internet. All stockholders will have the ability to access the proxy materials on the website referred to in the Notice or your proxy card and to download printable versions of the proxy materials.

If you would like to receive a paper or email copy of our proxy materials, you should follow the instructions for requesting such materials in the Notice.

4. How do I access electronic copies of the proxy materials?

The proxy materials for the Annual Meeting are available electronically at www.proxydocs.com/NUVA. If you received a Notice, the Notice will provide you with instructions regarding how to access electronic copies of our proxy materials and how to vote your shares. The Notice will also indicate how you can elect to receive future proxy materials electronically. We encourage stockholders to consider

Table of Contents

choosing to receive future proxy materials electronically, as it will save us the cost of printing and mailing documents to you and will reduce the impact of printing and mailing these materials on the environment.

5. Who is entitled to vote at the Annual Meeting?

If you were a holder of shares of the Company's common stock at the close of business on March 13, 2018 (the **Record Date**), you are entitled to notice of and to vote at the Annual Meeting. At the close of business on the Record Date, there were 51,257,817 shares of our common stock outstanding. Each share of common stock is entitled to one vote. As summarized below, there are some distinctions between shares owned by stockholders of record and shares owned beneficially in street name. In accordance with Delaware law, a list of stockholders entitled to vote at the Annual Meeting will be available at the Annual Meeting and for 10 days prior to the Annual Meeting, Monday through Friday between the hours of 9:00 AM and 4:00 PM local time at our corporate headquarters located at 7475 Lusk Boulevard, San Diego, CA 92121.

6. What does it mean to be a stockholder of record ?

You are a stockholder of record if your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A. As a stockholder of record, you may vote in person at the Annual Meeting (subject to the satisfying the admission criteria) or vote by proxy. If you requested to receive printed proxy materials, we have enclosed or sent a proxy card for you to use. You may also vote by Internet or telephone, as described in the Notice and below under the heading How do I vote my shares?

7. What does it mean to beneficially own shares in street name ?

You are deemed to beneficially own your shares in street name if your shares are held in an account at a brokerage firm, bank, broker-dealer, trust, or other similar organization (we will refer to those organizations collectively as **broker**). If this is the case, the Notice was forwarded to you by your broker. As the beneficial owner, you have the right to direct your broker on how to vote the shares in your account, and you are invited to attend the Annual Meeting; however, since you are not a stockholder of record, you may not vote your shares in person at the Annual Meeting unless you request and obtain a valid legal proxy from your broker giving you the right to vote the shares at the meeting.

If you hold your shares in street name and do not provide voting instructions to your broker, your shares will not be voted on any proposals on which your broker does not have discretionary authority to vote (a **broker non-vote**). Under the rules that govern brokers, brokers have the discretion to vote on routine matters, but not on non-routine matters. The ratification of the appointment of the Company's independent registered public accounting firm is a matter considered routine under applicable rules. Non-routine matters include the election of Directors and the advisory vote on the compensation of our Named Executive Officers.

8. How do I vote my shares?

If you are a stockholder of record, you may vote your shares by one of the following three methods:

Vote via the Internet. Go to the web address *www.proxypush.com/NUVA* and follow the instructions for Internet voting as shown on the proxy card mailed to you. If you vote via the Internet, you should be aware that there may be incidental costs associated with electronic access, such as your usage charges from your Internet access providers and telephone companies, for which you will be responsible.

Table of Contents

Vote by Telephone. Dial 1-866-217-7017 and follow the instructions for telephone voting shown on the proxy card mailed to you.

Vote by Proxy Card Mailed to You. If you do not wish to vote via the Internet or by telephone, please complete, sign, date and mail the proxy card in the envelope provided. If you vote via the Internet or by telephone, please do not mail your proxy card.

The Internet and telephone voting procedures are designed to authenticate your identity and to allow you to vote your shares for the matters before our stockholders as described in the proxy materials and confirm that your voting instructions have been properly recorded.

If your shares are held through a broker (typically referred to as being held in *street name*), you will receive separate voting instructions from your broker. In these cases, you may provide your voting instructions by Internet, telephone or mail by submitting a voting instruction form. Your broker may vote your shares on the proposal to ratify our independent auditors, but will not be permitted to vote your shares with respect to the other proposals before our stockholders as described in this Proxy Statement unless you provide instructions to your broker as to how to vote your shares for such other proposals.

Votes submitted via the Internet or by telephone for the matters before our stockholders as described in this Proxy Statement must be received by 11:59 PM Eastern Time on May 2, 2018.

9. How does the Board recommend that I vote my shares?

THE BOARD RECOMMENDS THAT YOU VOTE YOUR SHARES FOR THE ELECTION OF EACH OF THE CLASS II DIRECTOR NOMINEES, FOR THE RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM, AND FOR THE NON-BINDING ADVISORY RESOLUTION ON THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS, IN EACH CASE AS FURTHER DESCRIBED IN THIS PROXY STATEMENT.

10. Can I change my vote after I submit my proxy?

Yes. If you are a stockholder of record, you may revoke a proxy at any time before it is voted at the Annual Meeting by (a) delivering a proxy revocation or another duly executed proxy bearing a later date to the Secretary of the Company at 7475 Lusk Boulevard, San Diego, CA 92121, or (b) attending the Annual Meeting and voting in person. Attendance at the Annual Meeting will not revoke a proxy unless you actually vote in person at the Annual Meeting. If you beneficially hold shares in street name, you may change your vote by submitting new voting instructions to your broker following the instructions provided by your broker, or, if you have obtained a legal proxy from your broker or other nominee giving you the right to vote your shares, by attending the Annual Meeting and voting in person.

11. How are the votes counted?

The Company's Restated Bylaws, as amended (the *Bylaws*) provide that a majority of all the outstanding shares of stock entitled to vote constitutes a quorum for the transaction of business at the Annual Meeting. Votes for and against, abstentions, and broker non-votes will be counted for purposes of determining the presence or absence of a quorum. A broker non-vote occurs when your broker submits a proxy card for your shares of common stock held in street name, but does not vote on a particular proposal because the broker has not received voting instructions from you and does not have the authority to vote on that matter without instructions.

In the election of Directors and for proposals 2 and 3, you may vote **FOR**, **AGAINST**, or **ABSTAIN**. A vote of **ABSTAIN** with respect to any such matter will not be voted, although it will be

Table of Contents

counted for purposes of determining whether there is a quorum. Accordingly, an abstention will have the effect of a negative vote.

If no instructions are indicated, the shares will be voted as recommended by the Board unless you submit your proxy card through a broker and your broker does not indicate a vote on a particular matter because your broker has not received voting instructions from you. If the Company receives a proxy card with a broker non-vote, your proxy will be voted FOR the ratification of the appointment of Ernst & Young LLP and it will not be included as a vote with respect to the election of directors or the advisory vote on the compensation of our Named Executive Officers.

12. What vote is needed to approve each of the proposals?

Under the Bylaws, at any meeting of stockholders for the election of Directors at which a quorum is present, each Director shall be elected by the vote of a majority of the votes cast with respect to that Director; provided, that in the event of a contested election, Directors shall be elected by a plurality of votes cast by the stockholders entitled to vote at the election. All other matters shall be determined by a majority of the votes present in person or represented by proxy, unless otherwise required by applicable law, rule or regulation or the Company's organizational documents.

13. Is cumulative voting permitted for the election of Directors?

No. You may not cumulate your votes for the election of Directors.

14. Who will count votes at the Annual Meeting?

We have engaged Mediant Communications to serve as the tabulator of votes and our Board has designated Joan B. Stafslie, Executive Vice President, General Counsel and Corporate Secretary, to serve as the Inspector of Election.

15. How do I attend the Annual Meeting?

Admission to the Annual Meeting is limited to holders of Company common stock on the Record Date and a member of each attending stockholder's immediate family or their named representatives. If you are a stockholder of record, you will need to present identification to be admitted to the Annual Meeting. If you are a stockholder who is an individual, you will need to present government-issued identification showing your name and photograph (e.g., a driver's license or passport), or, if you are representing an institutional investor, you will need to present government-issued photo identification and professional evidence showing your representative capacity for such entity. In each case, we will verify such documentation with our Record Date stockholder list. We reserve the right to limit the number of immediate family members or representatives who may attend the meeting. For stockholders holding shares in street name, in addition to providing identification as outlined for record holders above, you will need a valid proxy from your broker or a recent brokerage statement or letter from your broker reflecting your stock ownership as of the Record Date.

All purses, briefcases, bags, etc. that are brought into the facility may be subject to inspection. The use of mobile phones, pagers, recording or photographic equipment, tablets and/or computers is not permitted in the meeting room during the Annual Meeting.

16. Who pays the costs of the proxy solicitation?

The Company will pay all of the costs of soliciting proxies. In addition to solicitation by mail, officers, Directors and Company Shareowners (our employees) may solicit proxies personally, or by telephone, without receiving additional compensation. The Company, if requested, will also pay brokers and other fiduciaries that hold shares of common stock for beneficial owners for their reasonable out-of-pocket expenses of forwarding these materials to stockholders. The Company has

Table of Contents

retained MacKenzie Partners, Inc., (with offices at 1407 Broadway, New York, NY 10018) to assist in the solicitation of proxies in connection with the Annual Meeting. The Company will pay such firm customary fees, expected to be no more than \$7,500, plus expenses.

17. Could other matters be decided in the Annual Meeting?

As of the date of this Proxy Statement, the Company is not aware of any matters to be voted upon at the Annual Meeting other than those stated in this Proxy Statement. If any other matters are properly brought before the Annual Meeting, the persons named by the Board as proxy holders will have the discretionary authority to vote the shares represented by proxy on those matters. The Board has named Rajesh J. Asarpota (Executive Vice President and Chief Financial Officer), Joan B. Stafslie (Executive Vice President, General Counsel and Corporate Secretary), and Carol A. Cox (Executive Vice President, External Affairs) as proxy holders. If, for any reason, any of the nominees are not available as a candidate for Director, the persons named as proxy holders will vote your proxy for such other candidate or candidates as may be nominated by the Board.

18. Is it possible that the Annual Meeting may be postponed?

The Annual Meeting may be adjourned or postponed, if needed, as provided by the Bylaws and pursuant to Delaware law. Unless a new record date is fixed, your proxy will still be valid and may be voted at any adjourned or postponed meeting. You will still be able to change or revoke your proxy until it is voted at the reconvened or rescheduled meeting.

19. Where can I find the voting results of the Annual Meeting?

We intend to announce preliminary voting results at the Annual Meeting and publish the final results by filing a Current Report on Form 8-K with the SEC within four business days after the Annual Meeting.

PROPOSAL 1 ELECTION OF DIRECTORS

**OUR BOARD RECOMMENDS YOU VOTE FOR EACH
CLASS II DIRECTOR NOMINEE TO SERVE AS A DIRECTOR**

At the Annual Meeting, we are asking our stockholders to elect two individuals nominated for election as Class II Directors. Our Board currently consists of ten Directors and is divided into three classes. Our current Class II Directors are Vickie L. Capps, John A. DeFord, Ph.D., Peter C. Farrell, Ph.D., AM, and Lesley H. Howe, and each of their terms as a Director will expire at the Annual Meeting. Our Board, upon the recommendation of our Nominating, Corporate Governance and Compliance Committee, nominated Ms. Capps and Dr. DeFord for re-election as Class II Directors at the Annual Meeting. In accordance with our retirement age policy for Directors, Dr. Farrell and Mr. Howe will not be standing for re-election and will retire as Directors immediately following the Annual Meeting. Effective upon Dr. Farrell's and Mr. Howe's retirement, the Board has approved a reduction in the size of the Board from ten to eight Directors.

If elected at the Annual Meeting, each of Ms. Capps and Dr. DeFord will serve as Class II Directors until the 2021 Annual Meeting of Stockholders, and in each case until their respective successors are duly elected and qualified. Information regarding the experience of each of Ms. Capps and Dr. DeFord, including the qualifications, attributes and skills that led our Board to nominate each as a Director, can be found below under the caption Nominees for Election of Directors and Directors Continuing in Office.

Ms. Capps and Dr. DeFord have indicated that they are willing and able to serve as Directors. If any of the Board's nominees for Director declines to serve or becomes unavailable for any reason, or in the event of a Board vacancy, the Nominating, Corporate Governance and Compliance Committee may seek out other potential Director candidates, and one or more of such candidates may be elected as a Director in accordance with the Company's organizational documents.

As each of the nominees is an incumbent Director, if a nominee fails to receive FOR votes representing a majority of votes cast, the Director shall promptly tender his or her resignation to the Board, subject to acceptance by the Board. The Nominating, Corporate Governance and Compliance Committee of the Board would then be charged with making a recommendation to the Board as to whether to accept or reject the tendered resignation, or whether other action should be taken. The Board will act on the tendered resignation, taking into account the recommendation of the Nominating, Corporate Governance and Compliance Committee, and publicly disclose its decision regarding the tendered resignation and the rationale behind the decision. If the Board determines not to accept the resignation of the incumbent Director, the incumbent Director will continue to serve until the next annual meeting and until his or her successor is duly elected, or his or her earlier resignation or removal.

Vote Required and Board Recommendation

Directors are elected by a majority of the votes cast at the Annual Meeting. A majority of votes cast means that the number of shares voted **FOR** a nominee exceeds the number of votes cast **AGAINST** that nominee. Votes to **ABSTAIN** and broker non-votes are not counted as votes cast with respect to that Director, and will have no direct effect on the outcome of the election of Directors.

THE BOARD OF DIRECTORS RECOMMENDS THAT STOCKHOLDERS VOTE FOR

THE ELECTION OF EACH OF VICKIE L. CAPPS AND JOHN A. DEFORD, PH.D.

AS A CLASS II DIRECTOR.

CORPORATE GOVERNANCE

We are committed to maintaining the highest standards of corporate governance. Our Corporate Governance Guidelines and Code of Ethical Business Conduct, together with our restated Certificate of Incorporation, Bylaws, and the charters of our Board Committees, form the basis for our corporate governance framework.

Our Board has adopted a number of corporate governance best practices

Our Board has a Lead Independent
Director

Our independent Directors meet frequently
in executive session

Nine of our ten current Directors are
independent, in accordance with NASDAQ rules
and our Corporate Governance Guidelines

Our Board service is limited by our
retirement age policy (Directors may not stand
for election after age 72)

Our Board and Committees engage in
annual self-evaluations

We have majority voting for contested
Director elections

As discussed below under Board and Committee Membership and Structure, our Board has established three standing committees to assist in fulfilling its responsibilities to the Company and its stockholders: the Audit Committee, the Compensation Committee, and the Nominating, Corporate Governance and Compliance Committee. In 2017, as part of our continuing efforts to implement good governance practices, we expanded the responsibility of our Nominating and Corporate Governance Committee and renamed it the Nominating, Corporate Governance and Compliance Committee (the **Nominating Committee**). The Nominating Committee's charter was revised to reflect that, in addition to its existing responsibilities related to Director nominations, Board structure and composition, and corporate governance matters, the Nominating Committee assumed oversight responsibilities for quality and regulatory matters, ethics and compliance matters and other related matters. Under this revised structure, the Audit Committee has retained oversight responsibilities for financial accounting and reporting, internal accounting controls, auditing compliance and related matters.

Corporate Governance Guidelines

Our Corporate Governance Guidelines are designed to address effective corporate governance of our Company. Our Corporate Governance Guidelines cover topics including, but not limited to, Director independence and qualification criteria, Director responsibilities, Director compensation, Board evaluation, Committee matters, succession planning and stock ownership guidelines for Directors and management. Our Corporate Governance Guidelines are reviewed regularly by the Nominating Committee and revised when appropriate.

Code of Ethical Business Conduct

We have adopted a Code of Ethical Business Conduct (the **Code**), which includes our code of ethics for our senior financial officers. The Code applies to all of our officers, employees and Directors and establishes policies pertaining to, among other things, employee conduct in the workplace, workplace safety, confidentiality, conflicts of interest, accuracy of books, records and financial statements, securities trading, anti-corruption, competition laws, interactions with health care professionals and political and charitable activities.

The Audit Committee and the Nominating Committee share oversight responsibilities related to the Code. The Audit Committee is responsible for oversight of compliance matters relating to financial

accounting and reporting, internal accounting controls, auditing compliance and related matters. The Nominating Committee is responsible for oversight of compliance programs related to ethics and compliance and related matters, including the Company's policies, procedures and practices designed to ensure compliance with applicable laws and regulations related to federal healthcare program requirements; the Fraud and Abuse Laws and other medical device laws; the Foreign Corrupt Practices Act; the Anti-Kickback Statute and other anti-bribery and anti-corruption laws.

The Audit Committee reviews and approves all waivers of the Code for executive officers or Directors and provides for prompt disclosure of all waivers required to be disclosed under applicable law. We will disclose future amendments to the Code, or waivers required to be disclosed under applicable law from the Code for our principal executive officer, principal financial officer, principal accounting officer or controller, and our other executive officers and our Directors, on our website, www.nuvasive.com, within four business days following the date of the amendment or waiver.

In addition, we maintain an Integrity Hotline by which employees and third parties may report violations of the Code or seek guidance on business conduct matters. The Integrity Hotline is a third-party hosted service and has multi-lingual representatives available to take calls 24 hours a day, seven days a week.

Identification and Evaluation of Director Nominees

The Nominating Committee believes the Company is well served by its current Directors. In the ordinary course, absent special circumstances or a material change in the criteria for Board membership, the Nominating Committee will re-nominate incumbent Directors who continue to be qualified for Board service and are willing to continue as

Directors. From time to time, the Nominating Committee may also consider and evaluate potential new Director candidates who meet the criteria for selection as a Board nominee and have specific qualities or skills identified by the Board, and one or more of such candidates may be appointed as Directors as appropriate and in accordance with the Company's organizational documents. Director candidates will be selected based on input from members of the Board, senior management of the Company and, if the Nominating Committee deems appropriate, a third-party search firm. The Nominating Committee will evaluate each candidate's qualifications and check relevant references; in addition, such candidates will be interviewed by members of the Nominating Committee. Candidates meriting serious consideration will also meet other members of the Board. Based on this input, the Nominating Committee will evaluate which of the prospective candidates is qualified to serve as a Director and whether the Nominating Committee should recommend to the Board that this candidate be appointed to fill a vacancy on the Board, or presented for approval of the stockholders, as appropriate.

In identifying and evaluating Director candidates for appointment or re-election to the Board, the Nominating Committee considers the appropriate balance of experience, skills and characteristics

Table of Contents

required of the Board, seeks to ensure that at least a majority of the Directors are independent under the rules of the NASDAQ Stock Market (**NASDAQ**), and that members of the Audit Committee meet the financial literacy and sophistication requirements under NASDAQ rules (including that at least one of them qualifies as an audit committee financial expert under the rules of the SEC). Nominees for Director are selected on the basis of their depth and breadth of experience, integrity, ability to make independent analytical inquiries, understanding of the Company's business environment, and willingness to devote adequate time to Board duties. Additionally, the Nominating Committee will consider diversity in personal and professional backgrounds and seeks diverse individuals, such as women and individuals from minority groups, to include in the pool of candidates for Board nomination; however, there is no formal policy with respect to diversity considerations in identifying Director nominees. Further, the Nominating Committee will assess whether a Director candidate satisfies the retirement age policy under our Corporate Governance Guidelines. The Company's retirement age policy provides that a Director may not stand for re-election after age 72, but need not resign until the end of his or her term.

Over the course of the last year, our Board identified and recruited a new Director, Dr. DeFord, to bring additional skills and experience to the Board. As a result of our retirement age policy, Dr. Farrell and Mr. Howe will not be standing for re-election and are retiring as Directors immediately following the Annual Meeting. In anticipation of the retirement of Dr. Farrell and Mr. Howe, the Board engaged a director search firm to identify potential new Director candidates to succeed Dr. Farrell and Mr. Howe. The Nominating Committee oversaw the Director search process and, working with the director search firm, developed profiles for preferred skills and experience for potential Director candidates. The Nominating Committee first focused its search on a director candidate with prior technology and product development experience at a medical technology company and, after identifying and considering a number of candidates, recruited Dr. DeFord to join the Board. The Nominating Committee is continuing to assess the merits of recruiting an additional Director to join the Board. Upon the recommendation of the Nominating Committee, the Board approved the election of Dr. DeFord (elected in February 2018) to serve as a Class II Director until the 2018 Annual Meeting.

Vickie L. Capps and John A. DeFord, Ph.D. have been nominated for re-election to the Board at the Annual Meeting to serve as a Class II Director until 2021. The Nominating Committee and the Board believe that each of the Director nominees for election at the Annual Meeting brings a strong and unique set of qualifications, attributes and skills and provides the Board as a whole with an optimal balance of experience, leadership and competencies in areas of importance to our Company. Under Proposal 1 Election of Directors, we provide an overview of each Director nominee's principal occupation, business experience and other directorships, together with other key attributes that we believe provide value to the Board, the Company and its stockholders.

Stockholder Recommendations for Director Nominees

In nominating candidates for election as a Director, the Nominating Committee will consider written proposals from stockholders for Director nominees. Any such nominations should be submitted to the Nominating Committee, care of the Secretary of the Company, and should include the following information: (a) all information relating to such nominee that is required to be disclosed pursuant to Regulation 14A under the Securities Exchange Act of 1934 (including such person's written consent to being named in the Proxy Statement as a nominee and to serving as a Director if elected), and (b) all information required by the Company's Bylaws (including the names and addresses of the stockholders making the nomination and the appropriate biographical information and a statement as to the qualification of the nominee). For more information, see the discussion under the caption Additional Information.

Page 14

Table of Contents

The Company has never received a proposal from a stockholder to nominate a Director. Although the Nominating Committee has not adopted a formal policy with respect to stockholder nominees, the Nominating Committee expects that the evaluation process for a stockholder nominee would be similar to the process outlined above.

Director Independence

Under our Corporate Governance Guidelines and NASDAQ rules, our Board is required to be comprised of a majority of independent Directors. The Nominating Committee evaluates our Directors' compliance with NASDAQ rules regarding independence, as well as other factors, in making a recommendation to the Board as to whether Directors can be considered independent. Under applicable SEC and NASDAQ rules, the existence of certain related party transactions between a Director and the Company with dollar amounts above certain thresholds are required to be disclosed and preclude a finding by the Board that the Director is independent. In addition to transactions required to be disclosed under SEC and NASDAQ rules, the Board considered certain other relationships in making its independence determinations, and determined, in each case, that such other relationships did not impair the Director's ability to exercise independent judgment on behalf of the Company. Based on the recommendation of the Nominating Committee, the Board has determined that the following Directors, comprising all of our non-employee Directors, are independent under the NASDAQ rules and our Corporate Governance Guidelines: Vickie L. Capps, John A. DeFord, Peter C. Farrell, Robert F. Friel, Lesley H. Howe, Leslie V. Norwalk, Michael D. O'Halleran, Donald J. Rosenberg, and Daniel J. Wolterman.

Board Leadership Structure

Mr. Lucier serves as our Chief Executive Officer and Chairman of the Board. The Board determined that Mr. Lucier's service as Chief Executive Officer and Chairman of the Board is in the best interest of the Company and its stockholders. Mr. Lucier possesses detailed and in-depth knowledge of the issues, opportunities and challenges facing the Company and its businesses and is thus best positioned to develop agendas that ensure that the Board's time and attention are focused on the most critical matters. Although the Company believes that the combination of the Chairman and CEO roles is appropriate at this time based upon the current circumstances, the Company's Corporate Governance Guidelines do not establish this approach as a policy. This combined role enables decisive leadership, ensures clear accountability, and enhances the Company's ability to communicate its message and strategy clearly and consistently to the Company's employees, investors, customers and suppliers, particularly during times of turbulent economic and industry conditions. This previously has been and should continue to be beneficial in driving a unified approach to core operating processes across a global organization that has experienced significant growth from year-to-year.

Our Board leadership structure also includes a Lead Independent Director. The Lead Independent Director is elected by a majority of the independent Directors for a renewable term of two years and presides at meetings of the non-employee and independent Directors, presides at all meetings of the Board at which the Chairman is not present and performs such other functions as the Board may direct, including advising the Chairman with respect to Board meeting agendas. The Lead Independent Director also has other authority and responsibilities that are described in the charter of the Lead Independent Director. The full text of the charter for the Lead Independent Director can be accessed in the Investor Relations section of our website at www.nuvasive.com, by clicking the Governance link and then Governance Documents. Mr. Howe currently serves as the Lead Independent Director. In accordance with our retirement age policy for Directors, Mr. Howe will not be standing for re-election and will retire as a Director immediately following the Annual Meeting. The Board has indicated that it intends to appoint Mr. Rosenberg as the

Lead Independent Director to succeed Mr. Howe.

Table of Contents

Each of the Directors other than Mr. Lucier is independent, and the Board believes that the independent Directors provide effective oversight of management. Moreover, in addition to feedback provided during the course of Board meetings, the independent Directors have regular executive sessions. Following an executive session of independent Directors, the independent Directors communicate with the Chairman directly regarding any specific feedback or issues, provide the Chairman with input regarding agenda items for Board and Committee meetings, and coordinate with the Chairman regarding information to be provided to the independent Directors in performing their duties. The Board believes that this approach appropriately and effectively complements the combined Chairman and Chief Executive Officer structure.

Role of Board in Risk Oversight Process

The responsibility for the day-to-day management of risk lies with the Company's management, while the Board is responsible for overseeing the risk management process to ensure that it is properly designed, well-functioning and consistent with the Company's overall corporate strategy. Each year, the Company's management identifies what it believes are the top individual risks facing the Company. These risks are then discussed and analyzed with the Board. This enables the Board to coordinate the risk oversight role, particularly with respect to risk interrelationships. However, in addition to the Board, the Committees of the Board consider the risks within their areas of responsibility. The Nominating Committee oversees the Company's global risk assessment process, as well as the risks associated with regulatory affairs, quality assurance, corporate governance and ethics and compliance matters. The Audit Committee oversees the risks associated with accounting and reporting, internal accounting controls, auditing compliance and related matters. The Compensation Committee oversees the risks associated with the succession planning for key management positions. In addition, the Compensation Committee determines whether any compensation practices create risk-taking incentives that are reasonably likely to have a material adverse effect on the Company.

The Board's risk oversight function complements the Company's leadership structure. The Company's Chairman of the Board and Chief Executive Officer is able to promote open communication between management and Directors relating to risk as well as combine the operational focus of management with the risk oversight capabilities of the Board.

Executive Sessions

Executive sessions of independent non-employee Directors are held in connection with each regularly scheduled Board meeting and at other times as necessary, and are chaired by the Lead Independent Director. The Board's policy is to hold executive sessions without the presence of management, including the Chief Executive Officer and other non-independent Directors, if any. The Committees of our Board also generally meet in executive session at the end of each Committee meeting.

Board and Committee Effectiveness

On an annual basis, the Board and each of its Committees performs an annual self-assessment to evaluate their effectiveness in fulfilling their obligations. The Nominating Committee also oversees individual evaluations of Directors, the results of which are shared with such individual Director. The Board, Committee and individual Director evaluations cover a wide range of topics, including, among others, the fulfillment of the Board and Committee responsibilities identified in the Corporate Governance Guidelines and charters for each Committee.

Board and Committee Membership and Structure

Our Board has three standing Committees, comprised of the Audit Committee, the Compensation Committee and the Nominating Committee. Each Committee acts pursuant to a written charter, each of

Page 16

Table of Contents

which can be accessed in the Investor Relations section of our website at www.nuvasive.com, by clicking the Governance link and then Governance Documents. Each Committee reviews its charter on an annual basis. In addition to the three standing Committees, the Board may approve from time to time the creation of special or ad hoc committees to assist the Board in carrying out its duties.

In accordance with our retirement age policy for Directors, Mr. Howe will not be standing for re-election and will retire as a Director immediately following the Annual Meeting. The Board has indicated that it intends to appoint Ms. Capps as Chair of the Audit Committee to succeed Mr. Howe. The Board has determined that all members of the Audit Committee are independent Directors under NASDAQ rules and each of them is able to read and fundamentally understand financial statements. The Board has determined that Lesley H. Howe and Vickie L. Capps each qualify as an audit committee financial expert as defined by the rules of the SEC. The purpose of the Audit Committee is to oversee both the accounting and financial reporting processes of the Company, as well as audits of its financial statements. The responsibilities of the Audit Committee include appointing and

approving the compensation of the independent registered public accounting firm selected to conduct the annual audit of our accounts, reviewing the scope and results of the independent audit, reviewing and evaluating internal accounting policies, and approving all professional services to be provided to the Company by its independent registered public accounting firm. Audit Committee Report

Under the guidance of a written charter adopted by the Board, the purpose of the Audit Committee is to oversee the accounting and financial reporting processes of the Company and audits of its financial statements. The responsibilities of the Audit Committee include appointing and approving the services and related fees of the independent registered public accounting firm. The Audit Committee currently consists of four members, each of whom meets the independence and qualification standards for audit committee membership set forth in the listing standards provided by NASDAQ.

Management has primary responsibility for the system of internal controls and the financial reporting process. The independent registered public accounting firm has the responsibility to express an opinion on the financial statements based on an audit conducted in accordance with the standards of the Public Company Accounting Oversight Board (United States) (*PCAOB*). The independent registered public accounting firm is also responsible for auditing the Company's internal control over financial reporting. The Audit Committee appointed Ernst & Young LLP to audit the Company's financial statements and the effectiveness of the related systems of internal control over financial reporting for the fiscal year ended December 31, 2017.

The Audit Committee is kept apprised of the progress of the documentation, testing and evaluation of the Company's system of internal controls over financial reporting, and provides oversight and advice to management. In connection with this oversight, the Audit Committee receives periodic updates provided by management and Ernst & Young LLP at each regularly scheduled Audit Committee meeting. The Audit Committee also holds regular private sessions with Ernst & Young LLP to discuss their audit plan for the year, the financial statements and risks of fraud. At the conclusion of

Table of Contents

the process, management provides the Audit Committee with, and the Audit Committee reviews, a report on the effectiveness of the Company's internal control over financial reporting. The Audit Committee also reviewed the report of management contained in the Company's 2017 Annual Report filed with the SEC, as well as the Report of Independent Registered Public Accounting Firm included in the Company's 2017 Annual Report.

The Audit Committee pre-approves all services to be provided by the Company's independent registered public accounting firm. Pre-approval is required for audit services, audit-related services, tax services and other services. In some cases, the full Audit Committee provides pre-approval for up to one year, related to a particular defined task or scope of work and subject to a specific budget. In other cases, a designated member of the Audit Committee may have delegated authority from the Audit Committee to pre-approve additional services, and such pre-approval is later reported to the full Audit Committee. See "Principal Accountant Fees and Services" for more information regarding fees paid to Ernst & Young LLP for services in fiscal years 2017 and 2016.

In this context and in connection with the audited financial statements contained in the Company's 2017 Annual Report on Form 10-K, the Audit Committee:

reviewed and discussed the audited financial statements as of and for the fiscal year ended December 31, 2017 with the Company's management and Ernst & Young LLP;

discussed with Ernst & Young LLP the matters required to be discussed under Auditing Standard No. 1301, Communications with Audit Committees, as adopted by the PCAOB;

received and reviewed the written disclosures and the letter from Ernst & Young LLP required by applicable requirements of the PCAOB regarding the independent accountant's communications with the Audit Committee concerning independence, discussed with the independent accountant its independence, and concluded that the non-audit services performed by Ernst & Young LLP are compatible with maintaining its independence; and

based on the foregoing reviews and discussions, recommended to the Board that the audited financial statements be included in the Company's 2017 Annual Report filed with the SEC.

The Audit Committee met four times in 2017.

This report for 2017 is provided by the undersigned members of the Audit Committee of the Board.

**PROPOSAL 3 ADVISORY VOTE ON COMPENSATION
OF THE COMPANY'S NAMED EXECUTIVE OFFICERS**

**OUR BOARD RECOMMENDS YOU VOTE FOR OUR ANNUAL
SAY-ON-PAY PROPOSAL**

At the Annual Meeting, our stockholders will be asked to approve, on a non-binding advisory basis, the compensation of our Named Executive Officers (*NEOs*) as part of our annual say-on-pay proposal. As discussed in the Compensation Discussion and Analysis section of this Proxy Statement, our compensation principles and underlying programs are designed to attract, motivate and retain key executive talent who will drive the creation of sustainable long-term value for stockholders.

Our executive compensation programs are designed so that a significant portion of pay is variable or at risk and to link the realized value of compensation with Company performance and the returns delivered to stockholders.

We require executives to maintain a significant level of equity ownership in NuVasive and provide a meaningful portion of our executives' total compensation in the form of equity-based, long-term incentives, further driving the link between stockholder value and executive compensation.

We regularly monitor our executive compensation programs to ensure best practices against corporate governance standards as well as competitiveness against pay programs at companies in our industry of similar size and complexity.

As further discussed in the Compensation Discussion and Analysis section, the Compensation Committee and the Board highly value the opinions of our stockholders and, in a continuing effort to better understand their views regarding executive compensation practices, the Company continued its stockholder outreach in 2017 and 2018. This outreach included communication prior to the Annual Meeting with investors representing approximately 70% of the shares outstanding, as well as follow-up conversations with all that expressed interest. These outreach efforts continue to enable the Company to strengthen its executive compensation program.

The vote on our say-on-pay proposal is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our NEOs, as described in this Proxy Statement in accordance with the disclosure rules of the Securities and Exchange Commission. Because your vote is advisory, it will not be binding on the Board and

will not overrule any decision by the Board or require the Board to take any action. In addition, your vote will not create or imply any additional fiduciary duty on the part of the Board and will not restrict or limit the ability of our stockholders to make proposals for inclusion in proxy materials related to executive compensation. However, the Compensation Committee values the opinion of our stockholders and will take into account the outcome of the vote when considering future executive compensation decisions.

Vote Required and Board Recommendation

Approval of the non-binding advisory vote on the compensation of the Company's NEOs requires the affirmative FOR vote of a majority of the shares present in person or represented by proxy at the Annual Meeting and entitled to vote. A vote to ABSTAIN will have the same effect as a vote AGAINST the resolution. Because broker non-votes are not counted as votes FOR or AGAINST this resolution, they will have no effect on the outcome of the vote.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL (ON A NON-BINDING ADVISORY BASIS) OF THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis details NuVasive's executive compensation philosophy and programs, the decisions made by the Compensation Committee (for purposes of this Compensation Discussion and Analysis, the *Committee*) under those programs, and the factors considered in making those decisions for the Company's Named Executive Officers (the *NEOs*) in 2017.

Executive Summary

Despite an unexpected slowdown in the U.S. spine market and other business challenges in fiscal year 2017, NuVasive increased global revenue by 7% compared to 2016 (to \$1.03 billion) and improved non-GAAP Operating Margin by 50-basis points compared to 2016 (to 16.6%). Nonetheless, our executive compensation program, which emphasizes pay-for-performance and has stretch goals, had the following outcomes:

Annual cash incentive awards were earned at an average of **61% of target**, primarily due to failure to achieve the challenging internal performance metrics established for revenue and non-GAAP Operating Margin;

The value of the 2017 compensation for the CEO **decreased by 19%** compared to target, based on the 2017 actual bonus payment and our closing stock price of \$58.49 on December 31, 2017;

The value of the 2017 compensation for other named executive officers **decreased by 23%** on average compared to target, based on the 2017 actual bonus payments, vesting of 2017 Performance Awards and our closing stock price of \$58.49 on December 31, 2017;

100% of the performance restricted stock units (*PRSUs*) granted to our NEOs in February 2015 **will pay out at zero and be forfeited**, due to failure to achieve the goal for total stockholder return (*TSR*) for the three year period 2015-2017 relative to the Dow Jones Medical Device Index; and

100% of the PRSUs granted to Messrs. Link and Kiil in August 2017 **will pay out at zero and be forfeited**, due to failure to achieve the goal for revenue for the second half of fiscal year 2017.

In addition, the CEO recommended to the Committee that his 2018 annual long-term incentive (*LTI*) award grant value be **reduced by \$1,000,000** (from \$5,100,000 to \$4,100,000) in order to fund larger LTI grant values to other Company Shareowners (our employees). The Board approved the CEO's 2018 LTI grant value of \$4,100,000, which reflects a reduction of \$1,000,000 from 2017.

2017 Business Highlights. While 2017 was a challenging year for NuVasive, we made progress against our financial goals and took market share, resulting in increased global revenue and expanded profitability in fiscal year 2017. Results were driven by the continued adoption of our innovative and integrated spinal systems, strong international sales growth and disciplined execution of our strategic plan.

Delivering Financial Results: We generated global revenue of \$1.03 billion in fiscal year 2017, up 7% over 2016, including revenue from our International business (which includes Puerto Rico) of \$186 million in fiscal year 2017, representing the fifth sequential quarter of greater than 20% growth. We improved our non-GAAP Operating Margin to 16.6% in fiscal year 2017, a 50-basis point improvement over 2016 (a reconciliation of certain non-GAAP financial measures is provided in the Appendix).

Launching Innovative Solutions: We brought a record number of 18 innovative and comprehensive spine solutions to market in 2017, including (i) the commercial launch of the LessRay® software technology system, (ii) the launch of the new RELINE® Trauma portfolio, (iii) expansion of our flagship Lateral Procedural Solutions portfolio, and (iv) the further build out our interbody portfolio with the full launch of our TLX and MLX expandable cages.

Executing on Strategic Acquisitions: We continued to execute against our strategy to acquire unique and innovative assets with the acquisitions of Vertera Spine (closed in September 2017), which positions NuVasive as the only medical device company to offer porous spine implant technology across both PEEK and titanium materials, and SafePassage (closed in January 2018), which adds further scale to our differentiated clinical services business.

Driving Operational Efficiencies: We continued to invest in our future by bringing on-line our state-of-the-art 180,000 ft² manufacturing facility in West Carrollton, Ohio, including hiring and training over 200 new employees. Over time, we anticipate nearly 100% of our spine implant portfolio to be self-manufactured, providing us greater control over operations and driving increased efficiencies.

Optimizing Capital Structure: We optimized our capital structure to support future investment by: (i) amending and restating our existing credit agreement to increase our borrowing capacity from \$150 million to \$500 million; and (ii) refinancing our convertible notes due in 2017 with a new issuance of convertible notes, which allowed us to extend the maturity at a lower interest rate. In addition, in October 2017, our Board authorized a share repurchase program for the purchase of up to \$100 million of the Company's common stock over a three-year period.

And while our TSR was disappointing in 2017, our stock price has increased 278% in the last 5 years – an increase higher than the average of the companies in our 2017 Proxy Peer Group and the companies in the Dow Jones Medical Device Index and the S&P 500 Index over the same period.

Hannon based on both his role as President and Chief Operating Officer through August 1, 2017 and his 2017 compensation.

Base Salary (Page 37)	Competitive base salaries help attract, motivate and retain executive talent. Increases are not automatic or guaranteed, which promote a performance culture.	Merit based increases ranging from 2.6% 6.25% were approved for 2017. Additionally, Messrs. Kiil and Link received base salary increases of 2% and 5%, respectively, to recognize their role change and promotion.
Annual Incentives (Page 37)	Annual bonus pool funded based on overall company performance. Metrics and targets are evaluated each year to ensure alignment with business strategy. 	Award mix and performance metrics are reviewed annually for strategy alignment.	2017 annual and new Hire LTI awards will vest in 2020 based on performance and service criteria.
	i consistent with our strategy to drive long-term stockholder value, our 2017 long-term incentive (<i>LTI</i>) program focuses on revenue, non-GAAP operating margin and relative TSR.	2015 Annual LTI Award Vesting: 100% of the PRSUs granted in February 2015 will be forfeited, due to failure to achieve the 2015-2017 TSR goal relative to the Dow Jones Medical Device Index.
Long-Term Incentives (Page 37)	i consistent with our strategy to manage burn rate and dilution, our 2017 LTI program was delivered to executives in a mix of restricted stock units (<i>RSUs</i>), PRSUs and performance cash awards. Link and Kiil in August 2017 will be forfeited, due to failure to achieve the revenue goal for the second half of fiscal year 2017.

Summary of 2017 NEO Compensation: After considering the Company's business and operating performance as well as individual accomplishments, including changes in roles and responsibilities, the Committee took compensation actions set forth in the tables below. To illustrate the pay-for-performance alignment of our compensation program, we have included a table with 2017 target compensation and a table with updated compensation values as of December 31, 2017.

The charts below illustrate the mix of target total annual direct compensation for the CEO and other NEOs for 2017. As illustrated below, 88% of the CEO's target total annual direct compensation and 76% of other NEOs' target total annual direct compensation is variable with performance, including stock price performance.

For more information about the 2017 compensation decisions and the factors considered in making these decisions, please see pages 40-45.

Say on Pay Results and Stockholder Engagement. The Committee and the Board carefully consider stockholder feedback regarding executive compensation. Our senior management team, including our Chairman and CEO, regularly interact with stockholders throughout the year on a number of matters, including executive compensation. Through these and other outreach efforts, we can:

- better understand our stockholders' concerns and interests on executive compensation and governance related issues;

- provide enhanced transparency on the evolution of our compensation program; and

- gather stockholder feedback and convey the stockholder opinions and commentary directly to the Committee and the rest of the Board.

At the 2017 Annual Meeting of Stockholders, the advisory vote on the 2016 compensation of our NEOs (the say-on-pay vote) received 91% approval from our stockholders. Based on our stockholder outreach efforts, we believe this significant support reflects that stockholders are pleased with the core design features of the Company's executive compensation program. Leading up to the Annual Meeting, we communicated with stockholders representing approximately 70% of the shares outstanding and held follow-up conversations with all that expressed interest.

Aligned with the feedback received from stockholders, the Committee retained the core design features in 2017 and implemented additional enhancements that built upon the Company's executive compensation and governance framework, including:

- We incorporated financial metrics into the 2017 LTI award design that drive our strategy by using 3-year revenue and 3-year non-GAAP Operating Margin as core performance metrics, with a relative TSR modifier.

We implemented a new review and approval process for CEO compensation so the Board would have the ultimate responsibility and decision-making authority over all aspects of CEO compensation (as compared to the Committee in previous years).

We amended our insider trading policy to, among other things, prohibit pledging of NuVasive securities in all circumstances.

Table of Contents

These actions demonstrate the commitment to stockholders' views and the Committee's commitment to take stockholder feedback into account when reviewing the executive compensation program. In addition, our stockholders expressed satisfaction with the following components of our compensation program:

Focus on revenue growth and operating margin expansion as well as the robust target goal setting

Use of at least 50% performance-based long-term incentives

Responsible share usage and dilution

The new hire compensation package for the CEO (in 2015) was highly performance-based. Finally, our stockholders were complimentary of the linkage between the compensation program, financial and stock price performance, and the Company's long-term business strategy.

Executive Compensation Philosophy and Objectives

Compensation Philosophy. The Company's executive compensation program is designed to promote long-term stockholder value creation and support its long-term strategy by:

Profitably growing the business and prudently managing risk, while retaining key talent;

Aligning a significant portion of our NEOs' targeted compensation to performance-based compensation; and

Appropriately aligning pay with short and long-term Company performance.

The deep leadership expertise of each NEO makes our NEOs highly valuable to many of our competitors, further making their retention a key priority. Many of our competitors in the spine industry are divisions of much larger companies, which creates a highly competitive market for compensating executive talent. Our NEO compensation must motivate strong performance and optimize stockholder returns. For these reasons, the Committee believes NEO compensation should be set at competitive levels to retain a valuable team and attract talent.

Strong Executive Compensation Governance Practices. The Committee regularly reviews best practices in governance and executive compensation. The following summarizes executive compensation practices that the Committee believes (i) drive Company performance, and (ii) serve our stockholders' long-term interests:

Review feedback from stockholder outreach (pages 35-36)

Review Pay-for-Performance analysis (pages 38-39)

Utilize an independent compensation consulting firm to facilitate pay assessments and review best practices (page 39)

Utilize an independent consulting firm to facilitate CEO performance evaluation process (page 39)

Review competitive compensation market data (pages 39-40)

Review tally sheets when making executive compensation decisions (page 40)

Provide limited perquisites with sound business rationale (page 46-47)

Administer stock ownership guidelines to align interests with our stockholders (pages 47-48)

Provide for clawback of incentive compensation in the event of a material restatement of financials (page 48)

Table of Contents

Require executive officers and Directors to obtain approval prior to executing transactions in Company securities transactions (page 48)

Prohibit pledging of Company stock, hedging transactions and short sales by executive officers and Directors (page 48)

Provide reasonable post-employment / double trigger change in control provisions (pages 50-51)

Primary Elements of the Company's Executive Compensation Program

The target total compensation opportunity for NEOs is comprised of both fixed (base salary) and variable (annual and long-term incentives) compensation. In addition, each NEO is eligible for benefits that are generally offered to Company Shareowners.

Base Salary. Base salary for NEOs recognize the experience, skills, knowledge and responsibilities required of each executive. Each year, base salary is evaluated against the peer group, general competitive practices, and an internal assessment of the NEO performance, both individually and relative to other officers. For newly hired executive officers, the Committee considers industry and other competitive hiring factors. The Committee reviews base salary once a year and may adjust each NEO's salary to reflect changes of responsibility, performance, and competitive conditions. The Committee does not apply specific formulae to determine changes. If adjustments are made, they are typically made effective with the first pay period in March of each year.

Annual Performance Bonus Plan. NEOs participate in an annual cash bonus plan intended to provide a financial incentive based on the achievement of specifically defined annual performance measures, including both Company-specific measures and individual performance measures. The Committee establishes an individual target bonus opportunity for each NEO expressed as a percentage of base salary. Target bonus percentages are established at the beginning of the fiscal year (or upon hiring for new hires) based on a review of:

Competitive market data for both target bonus opportunity and target total cash opportunity;

The role of each executive, including ability to impact the Company's overall performance; and

The Committee's assessment of internal pay equity among executives.

The Committee may adjust each NEO's target bonus opportunity during the year to reflect promotions or changes in level of responsibility, performance-based factors, and competitive conditions. The Committee evaluates the performance measures and targets related to the annual performance bonus plan each year to ensure they align with the Company's short-term strategy and its long-term objective of creating sustainable stockholder value.

Annual Long-Term Incentive Awards (LTI). LTI awards to our NEOs include grants of restricted stock units (RSUs), performance restricted stock units (PRSUs) and performance cash awards. RSUs and PRSUs enable our NEOs to participate in the long-term appreciation of our stockholder value, while feeling invested in the business. Furthermore, LTI awards assist with retention since the awards are subject to vesting related to an individual's continued employment.

In determining each NEO's grant of LTI awards, the Committee considers:

Company performance;

Individual past performance and future potential;

Competitive pay practices; and an

Evaluation of the sufficiency of the unvested LTI awards held by NEOs.

Table of Contents

It is the Committee's aim to provide significant levels of LTI compensation to NEOs as the Committee feels it is important to the Company's long-term growth prospects to retain the Company's executive management team.

Relationship Between Pay and Performance. The Committee monitors its pay-for-performance commitment by annually testing the alignment between pay and performance. In November 2017, the Committee reviewed the relationship between CEO's realizable pay (defined below) and Company performance over Fiscal Year 2016 (1-Year CEO Realizable Pay) and Fiscal Year 2014 through Fiscal Year 2016 (3-Year CEO Realizable Pay), which was the period that both compensation and performance data was readily available for our peer group. The analysis compared our CEO's realizable pay with corporate performance versus those of peer group companies during the respective period.

For this analysis, realizable pay is defined as:

Aggregate salary *plus*

Aggregate bonuses paid *plus*

Realizable gains of LTI awards granted in the relevant periods. Such realizable gains include in-the-money gains on stock options, the value of full-value shares (which includes the value of earned performance shares for performance periods that both began and ended in the relevant periods), and the target value of any performance shares with yet-to-be concluded performance periods.

The Company believes that realizable pay is a more relevant measure for analyzing pay-for-performance than grant date or target compensation. Realizable pay focuses on the actual value of earned pay rather than pay opportunity by analyzing stock prices as of the most recent fiscal year end and actual payouts from short- and long-term incentives to provide an estimate of the actual compensation that executives realized during the period.

Performance of the respective company reflects sales growth, EPS growth, EBITDA growth and total stockholder return over each performance period with each metric being weighted equally and then ranked in order to form an overall performance percentile ranking of the companies. Certain peers may be excluded if their complete data is not available.

As illustrated in the charts below, NuVasive's pay-for-performance is in the target zone, with the area between the gray lines representing the alignment between pay and performance.

For Fiscal Year 2016 (1-Year CEO Realizable Pay), realizable pay for our CEO ranked in the 71st percentile of the peer group used for 2017 compensation benchmarking, and our overall performance ranked in the 57th percentile. For

Table of Contents

Pay), realizable pay for our CEO ranked in the 86th percentile of the peer group used for 2017 compensation benchmarking, and our overall performance ranked in the 100th percentile. Based on this analysis, the Committee is satisfied with the alignment of realizable pay for our CEO with the performance of the Company during the period reviewed. The Committee expects to continue to periodically review the alignment of pay and performance.

Process for Determining Named Executive Officer Compensation

With the exception of compensation actions for the CEO, which require full Board approval, the Committee is ultimately responsible for decisions relating to compensation for our NEOs. In making its decisions, the Committee considers recommendations from, and discusses decisions with, its external consultant and the management team.

Role of the Committee. The Committee has the ultimate responsibility and decision-making authority over all aspects of the executive compensation programs for our NEOs, other than the CEO as described above. The Committee seeks advice from its independent compensation consultant to assist in the assessment of executive pay elements in order to ensure that they are reasonable, aligned with stockholder interests, meet our key priorities, and are competitive. Additionally, the Committee takes into account guidance from our investor base and recommendations of the CEO referenced below. For a more detailed description of the Committee's duties and responsibilities, please refer to the Committee Charter, which can be found under the Governance section of the Company's Investor Relations website at www.nuvasive.com.

Role of Management. The Committee has full access to the management team for assessing and taking action on executive compensation matters. The CEO works closely with the management team to develop management's recommendations on the alignment of compensation with business strategy. The CEO does not make recommendations nor participate in Committee deliberations on matters regarding his or her own compensation. While the Committee considers input from the CEO and management in making compensation decisions, its decisions may or may not reflect management's recommendations.

Role of Consultants. The Committee retained an independent compensation consultant, Frederic W. Cook & Co., Inc. (*FW Cook*), to advise the Committee on its executive and non-employee Director compensation practices during 2017. The independent compensation consultant reports directly to the Committee and provides advice on program design, performs data and information analyses, and keeps the Committee apprised of changing trends and regulatory requirements in the executive pay arena. Representatives from FW Cook attended all Committee meetings during 2017. Additionally, the Committee engaged FW Cook to facilitate the CEO's performance assessment for 2017. The Committee believes utilizing an independent consulting firm to facilitate the process is consistent with best practices and will yield an objective, robust CEO evaluation. In 2017, the Committee concluded that the engagement of FW Cook raised no conflict of interest under applicable SEC and NASDAQ rules that would prevent FW Cook from independently providing services to the Committee.

Competitive Market Data. The Committee considers each element of compensation separately and the total compensation package as a whole to determine whether compensation is consistent with the Committee's compensation policies, is aligned with Company performance, and is competitive. The Committee considers peer group data, as well as published survey data. While the Committee considers this data in setting executive compensation, the Committee does not solely rely upon benchmarking in relation to a specific peer group. The Committee considers multiple factors in making individual pay decisions, including the peer group and published survey sources. This allows the Committee flexibility in determining the overall compensation (as opposed to being

locked into a particular data set and/or percentile target).

Table of Contents

Peer Group. The Committee performs an annual assessment of the peer group for compensation benchmarking. In July 2016, the Committee reviewed our 2016 peer group to determine whether the companies included were appropriate for 2017. Criteria included size (based on revenue and market capitalization), industry, peer groups as listed by proxy advisors and available compensation data. As a result of this review, the Committee determined to remove two companies: (i) Thoratec (acquired by St. Jude Medical in October 2015) and (ii) Sirona Dental Systems (merged with DENTSPLY International in February 2016). Additionally, the peer group was updated to reflect that Greatbatch, Inc. changed its name to Integer Holdings Corporation in June 2016 and Wright Medical Group, Inc. merged with Tornier NV in October 2015 and was renamed Wright Medical Group, NV. No other changes were made for 2017, resulting in a peer group of 15 companies, as set forth below (our **2017 Peer Group**):

2017 Peer Group		
Align Technology, Inc.	Illumina, Inc.	ResMed, Inc.
CONMED Corporation	Integer Holdings Corp	STERIS Plc
Globus Medical, Inc.	Integra LifeSciences Holdings Corp	Stryker Corporation
Haemonetics Corporation	Intuitive Surgical, Inc.	Wright Medical Group, NV
IDEXX Laboratories, Inc.	Masimo Corporation	Zimmer Biomet Holdings, Inc.

The 2017 Peer Group reflects primarily medical device companies with comparable revenue and market capitalization. When the Committee determined the 2017 Peer Group in July 2016, all but four companies (Illumina, Intuitive Surgical, Stryker and Zimmer Biomet) met the peer group size constraints that a well-known proxy advisory firm has established, with revenues between 0.4 to 2.5 times that of NuVasive and market capitalization between 0.25 and 4.0 times that of NuVasive. While Illumina (a local, San Diego headquartered biotechnology company), Intuitive Surgical (a manufacturer of minimally invasive surgical robotics), Stryker (a medical technology company) and Zimmer Biomet (an orthopedic products company) each have revenues and/or market capitalizations in excess of these size constraints, we compete with these companies for talent. Additionally, we compete directly with the spine divisions of Stryker and Zimmer Biomet, and we often find ourselves in competition with these companies for the recruitment and retention of top talent. As part of the annual peer group review process, the Committee reviewed the peer group again in July 2017 to establish the peer group for 2018 compensation benchmarking, and no changes were made for 2018.

Additional Published Survey Sources. As noted above, the Committee does not rely upon a stated benchmarking percentile in relation to this specific peer group alone, but rather relies upon varied sources of data and other factors in making individual pay decisions. In order to supplement market data gathered from publicly disclosed filings of our specific peer group, the Committee also considers market information from the Radford Global Technology published compensation survey, which is reflective of the market in which we compete for talent. The identity of the companies comprising the survey data is not disclosed to, or considered by, the Committee in its decision-making process and the Committee does not consider the identity of the companies comprising the survey data to be material for this purpose.

Determining Executive Compensation for 2017

For 2017, the Committee (and the Board in the case of the CEO) considered market pay-related data and other factors such as Company performance, individual goals and objectives, realizable pay data, and a multi-year look-back of total compensation, including annual cash compensation, LTI awards granted and earned, and benefits and perquisites.

Table of Contents

Executive goals and objectives reflected the Company's operating plan, but also included non-financial metrics and goals the Board believed were critical to the Company's ongoing success. Mr. Lucier reviewed his actual performance with the Board periodically during the year, and at the end of 2016, he participated in a formal performance review process facilitated by an outside consultant, RHR International. RHR International gathered feedback from Board members and CEO direct reports and compiled a report based on that feedback. The final report was reviewed by the Board and discussed with Mr. Lucier in February 2017. The Committee utilized this report, the CEO's self-assessment of his performance, actual financial performance results, as well as peer group and survey data in setting the CEO's 2017 base salary, target annual bonus and annual LTI award. For our remaining NEOs, our CEO prepares and presents to the Committee performance assessments and compensation recommendations. Following consideration of the CEO's presentation, the Committee may accept or adjust the CEO's recommendations.

2017 Base Salary. The table below sets forth base salary rates as of December 31, 2016 and 2017, and the percentage change:

(1) Percent change from 2016 is based on annual base salary rate in effect on December 31. For Mr. Link, reflects a 4.5% merit increase plus a 5% salary increase in August 2017 in connection with his promotion to EVP, Strategy, Technology and Corporate Development, which when compounded together, equal 10%.

2017 Annual Performance Bonus. In February 2017, the Committee approved the terms of the 2017 Performance Bonus Plan (the **2017 Bonus Plan**) under which our NEOs are eligible to receive a cash bonus (the **2017 NEO Cash Bonuses**) based on the achievement of Company and individual performance goals. During the year, the Committee established an individual target bonus opportunity for each NEO based on peer group and survey data for similar positions, each executive officer's role, including their ability to impact the Company's overall performance, and internal pay equity among the executive officers. Consistent with the design of the 2016 Performance Bonus Plan, the maximum bonus opportunity is 200% of target.

The 2017 Bonus Plan was designed to be performance-based compensation, so that bonus awards could be tax deductible under Section 162(m) of the Internal Revenue Code of 1986, as amended (the **Tax Code**). The Committee approved a full-year non-GAAP earnings per share (**EPS**) hurdle applicable to NEOs at the beginning of 2017, which was intended to establish a performance condition in compliance with 162(m) of the Tax Code. This non-GAAP EPS performance

Table of Contents

hurdle had to be satisfied before any payout could be made under the 2017 Bonus Plan. As the performance hurdle was met for 2017, it allowed the Committee (and the Board in the case of the 2017 bonus payout to the CEO) to determine actual payouts based on achievement of the financial performance and individual contributions discussed below.

At the beginning of the year, the Committee approves funding guidelines that include payout scenarios for various levels of Company financial performance. For 2017, the Committee selected revenue and non-GAAP operating margin as the performance metrics for the funding guidelines, each weighted equally, as the Committee believes these performance metrics closely align with both the Company's short-term strategy and its long-term objective of creating sustainable stockholder value (which is consistent with stockholder feedback).

The Company definition of these metrics for purposes of the 2017 Bonus Plan are as follows:

Revenue calculated from the year-end financial statements, excluding the effect of currency fluctuations and financial impact of substantial acquisitions and divestitures that close after January 1, 2017; and

Non-GAAP (pro-forma) Operating Margin calculated from the year-end financial statements (which includes the cost of Annual Bonus payouts), excluding the financial impact of substantial acquisitions and divestitures that close after January 1, 2017.

The purpose of these adjustments is to ensure the measurement of performance reflects factors that management can directly control and that payout levels are not artificially inflated or impaired by factors unrelated to the ongoing operation of the business. The Committee feels these definitions appropriately measure core growth in revenue and operating margin.

Demonstration of Rigorous Performance Goal Setting: As shown in the chart below, the Committee set the threshold, target and maximum performance goals for the 2017 Bonus Plan significantly higher than prior year actual results.

Metric (\$ in millions)	2016 Actual Result	2017 Performance Goals			Increase over 2016 Actual		
		Threshold	Target	Maximum	Threshold	Target	Maximum
Revenue	\$962.1	\$989	\$1,075	\$1,172	+2.8%	+11.7%	+21.8%
Non-GAAP Operating Margin	16.1%	16.11%	17.2%	18.69%	1 bps	110 bps	259 bps

For 2017, the Company achieved Revenue of \$1.03 billion and non-GAAP Operating Margin of 16.6%, which in each case was below the 2017 Bonus Plan targets. Based on the funding guidelines for the 2017 Bonus Plan and using its negative discretion, the Committee approved a funding level of 61% of target for the 2017 Bonus Plan.

In determining individual bonus payments under the 2017 Bonus Plan, the Committee will consider individual performance of each NEO as reflected in each executive's leadership, business unit or functional achievements and results against goals and objectives. The evaluation of an executive's performance relative to these considerations is inherently subjective and is not based on any mathematical calculation or formula; rather, it is based on the collective business experience and judgment of the Committee (and the Board in the case of the CEO) to holistically consider the performance of each executive and their contribution to the overall success of the Company. Given that funding of the 2017 Bonus Plan was below target at 61%, the Committee approved bonus payouts

to the Company's continuing NEOs at 61% of target (which the Board also approved for the CEO), without the application of an individual performance modifier, as set forth in the table below:

(1) Reflects annual base salary rate in effect on December 31, 2017.

(2) Mr. Asarpota is eligible to receive an annual bonus payment at a target level of \$414,000 but pro-rated in 2017 based on his hire date of September 1, 2017 for a 2017 target bonus of \$137,244. Mr. Asarpota also received a new hire cash performance bonus up to \$300,000, subject to successful achievement of 2017 revenue and non-GAAP Operating Margin goals. This new hire bonus was paid out at 61% of target (\$183,000) as set forth below.

- (3) Mr. Blackford voluntarily resigned in August 2017 and is not eligible for a 2017 annual bonus.
- (4) The Company entered into a consulting agreement with Mr. Hannon in July 2017 in connection with his decision to step down as the Company's President and Chief Operating Officer. While Mr. Hannon was eligible for a pro-rated bonus for 2017 under the consulting agreement, this bonus was paid out at \$0.
- 2017 Performance Cash Bonus - Rajesh J. Asarpota (New Hire):* Mr. Asarpota was hired in September 2017 as Executive Vice President and Chief Financial Officer. His compensation included a cash bonus of up to \$300,000 payable in March 2018 based on Company performance relative to revenue and non-GAAP operating margin targets for the fiscal year ended December 31, 2017. Based on the 2017 Revenue and non-GAAP Operating Margin achievement above, Mr. Asarpota received \$183,000 (61% of target). This is subject to a repayment obligation in the event Mr. Asarpota voluntarily terminates his employment for any reason or is terminated for cause prior to September 1, 2019.

2017 Long-Term Incentive Awards Annual Grant. To directly align LTI awards with stockholder value while managing our burn rate and dilution, the Committee awarded 2017 LTI awards to NEOs in RSUs (50% of total target award value), PRSUs (25% of total target award value) and performance cash awards (25% of total target award value). Following is a summary of the annual 2017 LTI awards for the NEOs.

(1) The LTI grant values represent the economic value on the date of grant, and for performance-based awards, assumes a payout at target. It does not reflect the accounting value under FASB ASC Topic 718, which may differ. The LTI grant values computed in accordance with the FASB ASC Topic 718 can be found in the Summary Compensation Table. The 2017 RSU and PRSU awards were made pursuant to the 2014 Equity Incentive Plan of NuVasive, Inc. (the **2014 Equity Incentive Plan**).

(2)

The annual 2017 LTI awards were granted on March 1, 2017. The number of RSUs and PRSUs was determined by dividing the economic value by the closing stock price on the date of grant (\$75.68 per share on March 1, 2017). Any resultant calculation that results in a fractional share is rounded up to the nearest whole share.

- (3) Reflects the target number of shares subject to PRSUs, assuming all performance goals and other requirements are met. As described below, the PRSUs earned will range from 0% - 312.5% of target based on the achievement of performance goals, with payment in shares following the conclusion of the three-year performance period.
- (4) Reflects the target cash value, assuming all performance goals and other requirements are met. As described below, the performance cash award earned will range from 0% - 187.5% of target based on the achievement of performance goals, with payment in cash following the conclusion of the three-year period.

The table below sets forth the 2017 LTI award type, purpose, performance goals and vesting terms.

LTI Award Type	Purpose	Performance Goal	Vesting Terms
RSUs (50% of total target value)	Retain and motivate executives to drive long-term stockholder value while feeling personally vested in the business	2017 Non-GAAP EPS	As the performance hurdle was met, these awards will cliff vest in 2020
PRSUs (25% of total target value)	Reward executives for the achievement of multi-year performance goals	2019 Non-GAAP Operating Margin, subject to modifier based on 3-year TSR relative to the S&P 500 index	Cliff vest in 2020 with opportunity that ranges from 0 312.5% of target
Performance Cash (25% of total target value)	Reward executives for the achievement of multi-year performance goals	2019 Revenue, subject to modifier based on 3-year TSR relative to the S&P 500 index	Cliff vest in 2020 with opportunity that ranges from 0 187.5% of target

Table of Contents

The Committee selected 2019 non-GAAP Operating Margin and Revenue as the primary performance metrics for the 2017 LTI awards because it believes management should be incentivized to provide multi-year operating margin expansion and revenue results. The Committee also believes that revenue, non-GAAP Operating Margin and TSR are good indicators of stockholder value creation (which is consistent with stockholder feedback). Further, the Committee believes that it has set challenging, yet attainable, forward-looking 2019 non-GAAP Operating Margin and Revenue goals.

2017 Long-Term Incentive Awards New Hires / Promotions / Role Changes

2017 Long-term Incentive Awards - Rajesh J. Asarpota (New Hire). Rajesh J. Asarpota joined NuVasive's management team on September 1, 2017. In addition to the base salary and bonus opportunity described above, the Board granted Mr. Asarpota an RSU award with a grant date value of \$700,000 that cliff vests on September 1, 2020, subject to Mr. Asarpota's continued service with the Company and compliance with terms of the grant agreement. The RSUs granted to Mr. Asarpota were designed to be performance-based compensation and the Committee approved a non-GAAP EPS hurdle applicable to these RSUs, which had to be satisfied before the RSUs will vest.

2017 Long-term Incentive Awards - Harry Skip Kiil (New Hire / Role Change). Harry Skip Kiil joined NuVasive's management team on July 1, 2017 as Executive Vice President, International. In addition to the base salary and bonus opportunity described above, the Board granted Mr. Kiil an RSU award with grant date value of \$400,000 that cliff vests on July 1, 2020 subject to Mr. Kiil's continued service with the Company and compliance with terms of the grant agreement. The RSUs granted to Mr. Kiil were designed to be performance-based compensation and the Committee approved a non-GAAP EPS hurdle applicable to these RSUs, which had to be satisfied before the RSUs will vest. Additionally, in connection with Mr. Kiil being named to the expanded role of Executive Vice President, Global Commercial in August 2017, Mr. Kiil was granted a PRSU award with an economic value on the date of grant of \$300,000 that cliff vests on August 1, 2020, subject to the achievement of a global revenue target for the period of July 1, 2017 - December 31, 2017.

2017 Long-term Incentive Awards - Matthew W. Link (Promotion). In connection with Matthew W. Link's promotion to Executive Vice President, Strategy, Technology and Corporate Development in August 2017, Mr. Link was granted a PRSU award with an economic value on the date of grant of \$500,000 that cliff vests on August 1, 2020 subject to the achievement of a global revenue target for the period of July 1, 2017 - December 31, 2017.

The Committee granted the PRSU awards to Messrs. Kiil and Link to incentivize collaboration to drive 2017 global revenue growth. The PRSUs were granted with a performance condition requiring the achievement of \$545 million in global revenue for the period of July 1, 2017 - December 31, 2017 in order for the awards to vest. The Company did not achieve this minimum performance condition and, as a result, the PRSUs provided to Messrs. Link and Kiil will not vest and no shares will be delivered. The Committee believes this demonstrated the rigor that is put into setting performance goals at NuVasive.

Table of Contents**Vesting of 2015 Long-Term Incentive Awards**

In 2015, as part of the annual LTI award to NEOs, Messrs. Lucier, Link, Blackford and Hannon were each granted a PRSU award that was measured against the Company's three-year TSR relative to the Dow Jones Medical Device Index and a performance cash award that was measured against the Company's 2017 non-GAAP Operating Margin goal. The table below sets forth the performance goals and payout levels at threshold, target, and maximum.

Metric	Weighting	2017 Performance Goals			Funding Guidelines		
		Threshold	Target	Maximum	Threshold	Target	Maximum
3-year TSR	100%	P35	P50	P100	25%	100%	250%
2017 Non-GAAP Operating Margin	100%	14.1%	16.6%	18.1%	25%	100%	150%

(1) Achievements between threshold and maximum are based on a linear interpolation between points along the funding curve.

The Company achieved 3-year TSR below the minimum threshold, and accordingly, the PRSUs paid out at zero and were forfeited. As the Company achieved non-GAAP Operating Margin of 16.6%, the performance cash awards funded at target and were paid out at 100%. For Messrs. Blackford and Hannon, who resigned from the Company, these awards were forfeited upon the date they no longer provided service to the Company. For Messrs. Lucier and Link, these awards vested on February 1, 2018.

Responsible Share Usage

As illustrated in the chart below, the Company's annual share usage rate has remained below 2% since stockholders approved the 2014 Equity Incentive Plan.

	2013	2014	2015	2016	2017
Share Usage Rate ⁽¹⁾	3.26%	1.95%	1.99%	1.85%	1.14%

(1) Share Usage Rate is defined as the ratio of the target number of shares subject to equity awards granted in the calendar year (i.e., the number of shares that would be issued at target level for performance-based equity

incentives) to the weighted average shares outstanding (basic) at the end of such year.

Other Elements of the Executive Compensation Program

Perquisites and Other Benefits. Our NEOs participate in our benefit plans on the same terms as our other Shareowners, which include the Company's 401(k) plan and medical and dental insurance. In addition to these benefits, executives may be provided with certain other incidental benefits (including participation in an executive healthcare program and financial planning benefit) that do not comprise a material portion of any executive's compensation package. We generally do not provide significant recurring perquisites to the executives that are not available to our other Shareowners. We do not provide tax gross-ups to our executives for company benefits, personal expenses or in the event that excise taxes are incurred following a qualifying termination in connection with a change in control.

We may provide additional benefits to our NEOs in special circumstances, such as the payment of cost-of-living adjustments, tax preparation fees and tax equalization costs in the event of an expatriate assignment, or relocation benefits in the event of a new hire or transfer. Prior to being named President and Chief Operating Officer in September 2016, Mr. Hannon served as Executive Vice President, International, and was based in our offices in Amsterdam, the Netherlands. In that role, Mr. Hannon received certain expatriate benefits under our Expatriate Policy that are consistent with benefits provided to other Company expatriates. During fiscal year 2017, Mr. Hannon was the only NEO who

Table of Contents

received expatriate benefits. The perquisites and other personal benefits we provided to our NEOs during 2017, including detailed information on Mr. Hannon's expatriate benefits, are further quantified below in the Summary Compensation Table.

We do not provide defined benefit pension arrangements or post-retirement health coverage for our U.S. executives or Shareowners. Our NEOs are eligible to participate in our 401(k) defined contribution plan. We do provide a company matching contribution up to 3.0% of compensation for all Shareowners, including our NEOs, to help attract and retain top talent as well as support our Shareowners' retirement readiness. Also, on January 1, 2016, the Deferred Compensation Plan became effective, which is a non-qualified defined contribution plan that provides for the voluntary deferral of cash compensation for individuals holding a position of Vice President or higher, as well as non-employee members of the Board. Eligible employees may defer up to 75% of base salary and/or up to 100% of their annual bonus into the plan and contributions may be directed into a selection of underlying investment funds. Non-employee members of the Board may defer all or a portion of their cash retainer into the plan.

Historically, our NEOs have participated in our employee stock purchase plan (the *ESPP*), which is available to all of our Shareowners, pursuant to which they may purchase shares of our common stock at a discount to market prices (but within limits of Section 423 of the Tax Code). Additionally, our executive travel and expense policy sets forth guidelines for our NEOs with respect to reimbursable expenses and generally requires: (i) a business purpose for business meals reimbursed by the Company, and (ii) that personal aspects of business travel (other than incidental meals and other expenses) be paid by the executive.

Attributed costs of the personal benefits described above for the NEOs for the fiscal year ended December 31, 2017, if required to be disclosed, are included in the column captioned "All Other Compensation" of the Summary Compensation Table below.

Equity Grant Practices. The Company's practice is to grant annual equity awards to eligible shareowners, including our NEOs, during the first quarter of the year. In the event of grants related to new hires or other off-cycle awards, the grants are generally made on the first trading day of the month following approval of the award.

Stock Ownership Guidelines. All of our non-employee Directors, our CEO, and individuals holding a position of Vice President or higher are subject to stock ownership guidelines, which form a part of our Corporate Governance Guidelines. The table below sets forth the 2017 stock ownership guidelines.

Stock Ownership Guidelines	
	Board Members: 5.0x
Target Multiple	Chief Executive Officer: 5.0x
(as % of base salary or	Executive Vice Presidents: 2.0x

(1) Time-based RSUs with a performance hurdle shall be counted towards stock ownership guidelines.

Table of Contents

Other than Messrs. Asarpota and Kiil, who joined NuVasive in 2017 and have until 2022 to achieve their stock ownership targets, all NEOs achieved their stock ownership targets within five years of becoming eligible in accordance with the stock ownership guidelines.

Holding Periods on Employee Stock Purchase Plan (ESPP) Purchases. Shares purchased through the ESPP by NEOs must be held for a minimum of six months. This policy applies to all ESPP purchases made after November 1, 2014 and is in addition to the share ownership guidelines described above.

Clawback Policy. The Board has adopted the NuVasive Incentive Compensation Recoupment Policy, under which our Board has authority to recover excess executive officer incentive compensation cash and equity awards in the event of a material restatement of our financial statements. We believe that our strong financial controls in place provide a substantial safeguard against the risk of a financial restatement; however, if an extraordinary event were to occur and require a material restatement of the Company's financial performance, the Committee is authorized to seek recovery of executive officer compensation achieved based upon any misstated financial information.

Trading Controls and Hedging, Short Sale and Pledging Policies. Executive officers, including our NEOs, are required to pre-clear transactions in Company securities with the Company's legal department. Generally, trading is permitted only during scheduled trading windows. Our NEOs may enter into a trading plan under Rule 10b5-1 of the Securities Exchange Act of 1934. These trading plans may be entered into only during an open trading window, must be approved by the Company's legal department and must include a waiting period prior to commencement of trading under the plan. The NEO bears the full responsibility if he or she violates the Company policy by permitting shares to be bought or sold without pre-clearance or when trading is restricted.

In addition, the Company prohibits its Directors, officers and other Shareowners from (i) purchasing financial instruments (including prepaid variable forward contracts, equity swaps, collars and exchange funds) that are designed to hedge or offset any decrease in the market value of equity securities, or (ii) otherwise engage in transactions that are designed to or have the effect of hedging or offsetting any decrease in the market value of equity securities that are granted to a Shareowner or Director as compensation (or any designee of such Shareowner or Director) or held, directly or indirectly by, a Shareowner or Director. Further, the Company prohibits its Directors, officers and other Shareowners from pledging Company securities as collateral for margin loans.

Annual Risk Assessment. The Committee oversees an annual risk assessment of the Company's compensation programs to determine whether such programs are reasonably likely to have a material adverse effect on the Company. For 2017, the Committee concluded that compensation programs were appropriately balanced to mitigate compensation-related risk with cash and stock elements, financial and non-financial goals, formal goals and discretion, and short-term and long-term rewards. The Company also has policies to mitigate compensation-related risk, including stock ownership guidelines, clawback provisions and prohibitions on employee pledging and hedging activities. Furthermore, the Committee believes the Company's policies on ethics and compliance along with its internal controls also mitigate against unnecessary or excessive risk taking.

Employment, Severance and Change in Control Arrangements

CEO Letter Agreement (Gregory T. Lucier). On May 22, 2015, the Company entered into a Letter Agreement (the *Lucier Agreement*) with Mr. Lucier to serve as the Company's Chief Executive Officer and Chairman of the Board. The Lucier Agreement set out certain terms of Mr. Lucier's new hire employment package, including an initial annual

base salary of \$800,000 and a bonus target opportunity for 2015 equal to 115% of base salary. The Lucier Agreement also provides

Page 48

Table of Contents

for the grant of LTI awards to Mr. Lucier that the Board structured in a manner to be highly tied to the Company achieving specific financial and operational targets, including TSR performance, specific stock price hurdles, revenue growth, and growth in non-GAAP operating margins. The Lucier Agreement provided for annual 2015 LTI awards with a target economic grant value of \$5.0 million, as well as a PRSU with a target economic grant value of \$7.0 million that will vest only if certain TSR performance is achieved relative to the S&P 500 Index over the four year performance period beginning May 1, 2015 and ending April 30, 2019. If the Company's TSR performance relative to the S&P 500 Index is between the 35th percentile and the 100th percentile, these awards will cliff vest on May 22, 2019, ranging between 25%-200% of the target amount of PRSUs. Mr. Lucier was also granted a PRSU award that provided for a 1:1 share match, based on the number of shares purchased by Mr. Lucier and held through the five-year performance period. Mr. Lucier purchased 112,491 shares of Company common stock for an aggregate of approximately \$5.0 million (the ***Purchased Shares***) for purposes of the matching PRSU award. The PRSUs were granted based on a target number of shares (112,491 shares) and will only vest if (i) the Company's per share stock price achieves certain share price hurdles that range from \$70 - \$100 per share at the end of the five-year performance period ending May 22, 2020 and (ii) Mr. Lucier holds such Purchased Shares for the duration of the five-year period. Achievement of a Company stock price of \$100 per share or greater will result in Mr. Lucier receiving shares equal to 200% of the target amount of PRSUs. Conversely, Mr. Lucier would receive no shares if the Company's stock price is below \$70 per share. These matching PRSUs will be forfeited if Mr. Lucier sells, or otherwise disposes of the Purchased Shares prior to May 22, 2020. The Lucier Agreement provides these awards, and all future LTI awards granted to Mr. Lucier, shall be subject to accelerated vesting based on service and performance achieved in the event that Mr. Lucier's employment is involuntarily terminated without cause, and for full accelerated vesting at target in the event of death or disability. The foregoing information is a summary of select terms from agreements entered into with Mr. Lucier, is not complete, and is qualified in its entirety by reference to the pertinent text of the pertinent agreements, copies of which have been filed with the SEC in Current Reports on Form 8-K or an exhibit to the respective Quarterly Filing on Form 10-Q, as appropriate.

Consulting Agreement (Jason M. Hannon). On July 27, 2017, the Company entered into a Consulting Agreement (the **Hannon Agreement**) with Mr. Hannon in connection with his decision to step down as the Company's President and Chief Operating Officer. Under the Hannon Agreement, Mr. Hannon agreed to continue to provide consulting services to the Company for the period September 1 – December 31, 2017, and to continuing obligations related to confidentiality, non-interference and non-solicitation. Mr. Hannon received total consulting fees of \$196,668 in 2017. Mr. Hannon also is eligible for tax preparation and assistance services in accordance with his prior expatriate assignment with the Company, and continued eligibility for a pro-rata 2017 annual discretionary bonus plan. Mr. Hannon received no severance in connection with his departure from the Company.

NuVasive, Inc. Executive Severance Plan. The Company maintains the NuVasive, Inc. Executive Severance Plan (the ***Executive Severance Plan***), which was designed to cover the CEO and all of the Company's other NEOs (as well as certain other executives as designated by the Committee). The Executive Severance Plan provides certain severance benefits upon an involuntary termination of employment by the Company that is not for cause (as defined in the Executive Severance Plan). With respect to Mr. Lucier, termination shall be treated as involuntary in the event he terminates his employment within ninety (90) days of being dismissed from the Board. Executive Severance Plan benefits are not provided in the event of termination of employment due to retirement, death or disability. Furthermore, no benefits are provided under the Executive Severance Plan in any situation in which the executive is provided with severance benefits under any change in control agreement in connection with such a transaction.

Table of Contents

In July 2017, the Committee amended the Executive Severance Plan to provide that severance payments be paid in installment payments (in lieu of lump sum payments) and subject to compliance with post-termination restrictive covenants and a recoupment provision, with the exception of the pro-rata bonus for the year of separation which is payable at the time the annual bonus is paid. Pursuant to the Executive Severance Plan, benefits for plan-participating executives other than our CEO consist of customary outplacement assistance and a cash payment equal to the sum of (i) the executive's annual base salary and (ii) the after-tax cost of health benefits for a period of one (1) year from the date of termination of employment. Severance benefits also include a pro-rata annual bonus payment for the year in which termination of employment occurs (based on service from the beginning of the year until the date of termination of employment) based on the lesser of his/her annual incentive bonus target for the year in which the termination of employment occurs or the funded amount. The Executive Severance Plan provides benefits specific to the CEO that include customary outplacement assistance and a cash severance payment equal to the sum of: (i) two times (2x) the sum of his/her annual base salary and annual target incentive bonus in effect for the calendar year in which the termination of employment occurs and the after-tax cost of health benefits for a period of two (2) years from the date of termination of employment. Severance benefits also include a pro rata annual bonus payment for the year in which termination of employment occurs (based on service from the beginning of the year until the date of termination of employment) based on actual performance for the relevant performance period. All severance benefits under the Executive Severance Plan are conditioned upon the executive providing an effective release of claims against the Company.

The specific amounts of compensation payable to each NEO upon the occurrence of different potential employment termination events are shown in the tables below under the caption "Executive Compensation Potential Payments Upon Termination or Change in Control."

Change in Control Arrangements. We believe that severance protection for our executives following a change in control provides a number of important benefits to us:

It permits an executive to evaluate a potential change in control while relatively free of concern for the executive's own situation or the need to seek employment elsewhere;

Change in control transactions take time to unfold, and a stable management team can help preserve our operations either to enhance the value delivered to a buyer in the transaction or, if no transaction is consummated, to ensure that our business will continue without undue disruption; and

Change in control protections encourage management to consider, on an ongoing basis, whether a strategic transaction might be advantageous to our shareholders, even one that would vest control of the Company in a third party.

On May 13, 2014, the Committee approved and adopted a form of change in control agreement (the ***Change in Control Agreements***), which was designed to cover the Company's CEO and the Company's other NEOs (as well as certain other executives as designated by the Committee).

The Change in Control Agreements require a double-trigger of events before any respective severance benefits are payable; there must be a change in control of the Company (as defined in the Change in Control Agreements) *and* the executive's employment must be involuntarily terminated by the Company for reasons other than death, disability or cause (as defined in the Change in Control Agreements) or by the executive for good reason (as defined in the Change in Control Agreements) either in contemplation of the change in control or within a period of twenty-four (24) months following the change in control. The severance benefits under the Change in Control Agreement consists of (i) a lump-sum cash severance payment equal to the sum of (A) two times (2x) the sum of the executive's

annual base salary plus the greater of the executive's target annual bonus for the year of termination or the highest of the three (3) annual bonuses paid to the executive prior to the termination of employment; (B) a pro rata portion (based on the number of full and partial months in the calendar year prior to the executive's termination date but not exceeding six (6) months' worth) of the highest grant date fair value of the long-term cash and/or equity awards granted to the executive over the three (3) calendar year period prior to the calendar year of the termination of employment; (C) the after-tax cost of continued participation in the Company's benefit plans for a period of twenty-four (24) months; and (D) a pro rata portion (based on the number of full and partial months in the calendar year prior to the executive's termination date) of the greater of the executive's target annual bonus for the year of termination or the highest of the three (3) annual bonuses paid to the executive prior to the termination of employment; (ii) full vesting of all Company equity and long-term incentive awards granted to the executive to the extent vesting is based on service with the Company; and (iii) the right to exercise all outstanding stock options or stock appreciation rights until the later of twenty-four (24) months following the executive officer's separation from service or such later date as may be applicable under the terms of the award agreement, but by no later than the end of the maximum full term of the award; provided, however, that, if any stock option or stock appreciation right is cashed-out in connection with a change in control, the executive officer will receive a lump-sum cash payment equal to the time value of the right to exercise those awards for that period (based on the Black Scholes option pricing model).

The specific amounts of compensation payable to each applicable NEO upon a benefit-triggering termination in connection with a change in control are shown in the tables below under the caption "Executive Compensation Potential Payments Upon Termination or Change in Control."

Effect of Tax and Accounting Considerations on Compensation Design. Section 162(m) of the Tax Code (*Section 162(m)*), generally limits the deductibility of certain non-performance-based compensation in excess of \$1,000,000 paid in any one (1) year to our NEOs. While the Committee considers the deductibility of awards as one factor in determining executive compensation, the Committee also looks at other factors in making its decisions, as noted above, and retains the flexibility to award compensation that it determines to be consistent with the goals of our executive compensation program even if the awards are not deductible by NuVasive for tax purposes. As described above, our annual and LTI awards were designed in a manner intended to be exempt from the deduction limitation of Section 162(m) because they are determined in part based on the achievement of pre-determined performance goals established by the Committee pursuant to our shareholder-approved incentive plans.

Despite the Committee's efforts to structure annual and LTI awards in a manner intended to be exempt from Section 162(m) and therefore not subject to its deduction limits, because of ambiguities and uncertainties as to the application and interpretation of Section 162(m) and the regulations issued thereunder, no assurance can be given that compensation intended to satisfy the requirements for exemption from Section 162(m) in fact will. Further, the Committee reserves the right to modify compensation that was initially intended to be exempt from Section 162(m) if it determines that such modifications are consistent with NuVasive's business needs.

The exemption from the Section 162(m) deduction limit for performance-based compensation has been repealed, effective for taxable years beginning after December 31, 2017, such that compensation paid to our covered executive officers in excess of \$1,000,000 will not be deductible unless it qualifies for transition relief applicable to certain arrangements in place as of November 2, 2017.

CEO Pay Ratio

Under new rules promulgated by the SEC, companies are required to disclose the ratio of CEO compensation to the compensation of their median employee. As permitted by SEC rules, we determined the compensation of our median employee, using annualized cash compensation, which includes:

annualized base pay (which was calculated for both hourly or salaried employee based on the employee's standard annual work hours, determined as of our December 31, 2017 determination date);

annualized target cash incentives (excluding commissions); and

actual commissions earned in 2017.

As we do not employ a material seasonal workforce only employees employed on the determination date are used to determine the median employee. Additionally, for annualized base pay and annualized target cash incentives, only the values in effect as of the determination date are utilized to determine the median employee. We do not believe this assumption has a material impact on the median employee identified or the resulting CEO pay ratio. For all compensation paid in currencies other than the U.S. Dollar, all values were converted to the U.S. Dollar using foreign currency exchange rates on December 31, 2017.

After determining our median employee, we then calculated compensation for our median employee using the same methodology used to calculate compensation for our NEOs in the Summary Compensation Table (the **SCT**). On the SCT basis, the median employee's annual total compensation was \$79,220 for the 2017 fiscal year. The median employee identified did not receive any stock based compensation during the 2017 fiscal year.

The CEO's annual total compensation for 2017, including equity compensation, was \$6,803,949.

The resulting ratio of CEO pay to NuVasive's estimated median employee pay is 86:1.

(2) Represents the hypothetical payments possible under our NEOs' respective equity incentive awards as described in 2017 Long-Term Incentive Awards Annual Grant and 2017 Long-Term Incentive Awards Role Changes above.

- (3) The amounts represent the grant date valuation at target of the awards computed in accordance with the FASB ASC Topic 718. For more information, see Note 7 in the Notes to Consolidated Financial Statements contained in our Annual Report on Form 10-K filed with the SEC on February 26, 2018.
- (4) The annual bonus plan awards are subject to a non-GAAP EPS performance hurdle which must be satisfied before vesting can occur. The Threshold payment is based upon 92% achievement of the revenue goal and failing to achieve at least the 93.7% of the non-GAAP operating margin goal. Under this scenario and assuming the NEOs individual goals were achieved, our NEOs would earn 25% of their respective Target payment. If minimum performance levels are not achieved, payout could be zero.
- (5) The annual bonus plan awards are subject to a non-GAAP EPS performance hurdle which must be satisfied before vesting can occur. The Target payment is set as a percentage of the NEOs salary as discussed under the heading 2017 Annual Performance Bonus above.
- (6) The annual bonus plan awards are subject to a non-GAAP EPS performance hurdle which must be satisfied before vesting can occur. The Maximum payment is based upon 109% or greater achievement of the revenue goal and 108.6% or greater of the non-GAAP operating margin goal. Under this scenario and assuming the NEOs individual goals were achieved, our NEOs would earn 200% of their respective Target payment.
- (7) The performance cash awards are subject to a non-GAAP EPS performance hurdle which must be satisfied before vesting can occur. The Threshold payment is based upon 85% achievement of the revenue goal for fiscal year 2019 and a TSR percentile ranking of 25th percentile or less relative to the S&P 500 Index during the performance period January 1, 2017 December 31, 2019. Under this scenario, our NEOs would earn 37.5% of their respective Target grant of performance cash awards. If minimum performance levels are not achieved, payout could be zero.
- (8) The performance cash awards are subject to a non-GAAP EPS performance hurdle which must be satisfied before vesting can occur. The Target payment is based upon 100% achievement of the revenue goal for fiscal year 2019 and a TSR percentile ranking greater than the 25th percentile and less than the 75th percentile relative to the S&P 500 Index during the performance period January 1, 2017 December 31, 2019. Under this scenario, our NEOs would earn 100% of their respective Target grant of performance cash awards.
- (9) The performance cash awards are subject to a non-GAAP EPS performance hurdle which must be satisfied before vesting can occur. The Maximum payment is based upon 110% achievement of the revenue goal for fiscal year 2019 and a TSR percentile ranking of 75% or greater relative to the S&P 500 Index during the performance period January 1, 2017 December 31, 2019. Under this scenario, our NEOs would earn 187.5% of their respective Target grant of performance cash awards.

(10)

The PRSUs are subject to a non-GAAP EPS performance hurdle which must be satisfied before vesting can occur. The Threshold is based upon 90% achievement of the non-GAAP operating margin goal for fiscal year 2019 and a TSR percentile ranking of 25th percentile or less relative to the S&P 500 Index during the performance period January 1, 2017 December 31, 2019. Under this scenario, our NEOs would earn 18.75% of their respective Target grant of PRSUs. If minimum performance levels are not achieved, payout could be zero.

- (11) The PRSUs are subject to a non-GAAP EPS performance hurdle which must be satisfied before vesting can occur. The Target is based upon 100% achievement of the non-GAAP operating margin goal for fiscal year 2019 and a TSR percentile ranking greater than the 25th percentile and less than the 75th percentile relative to the S&P 500 Index during the performance period January 1, 2017 December 31, 2019. Under this scenario, our NEOs would earn 100% of their respective Target grant of PRSUs.
- (12) The PRSUs are subject to a non-GAAP EPS performance hurdle which must be satisfied before vesting can occur. The Maximum is based upon 110% achievement of the non-GAAP operating margin goal for fiscal year 2019 and a TSR percentile ranking of 75% or greater relative to the S&P 500 Index during the performance period January 1, 2017 December 31, 2019. median, the Board approved changes to the program as outlined below effective for the fiscal quarter ending June 30, 2018.

Cash Retainers. The following table sets forth the cash retainers payable to our Directors in 2017 and 2018:

Board Member Cash Retainers	2018 Annual Retainer (effective Q2 2018)	2017 Annual Retainer
Board Member Retainer	\$70,000	\$65,000
Lead Independent Director*	\$25,000	\$20,000
Audit Committee Chairperson*	\$20,000	\$20,000
Compensation Committee Chairperson*	\$20,000	\$20,000
Nominating, Corporate Governance and Compliance Committee Chairperson*	\$10,000	\$10,000

* Lead Independent Director and Committee Chair retainers are in addition to the other retainers.

Non-employee members of the Board may defer all or a portion of their cash retainer into NuVasive's Deferred Compensation Plan, a non-qualified defined contribution plan.

Equity Awards. The Director compensation program also includes an annual RSU award (with 1-year cliff vesting), which is designed to align with each year of service on the Board. For continuing non-employee Directors, the annual RSU award is granted on the date of the annual meeting of stockholders. For newly-elected non-employee Directors, the annual RSU award is granted upon election to the Board, with a grant value pro-rated based on length of service.

prior to the next annual meeting of stockholders. In each case, the annual RSU award will vest on the earlier of the twelve (12)-month anniversary of the grant date and the next annual meeting of stockholders. Effective November 8, 2017, there is no other inducement / initial RSU award other than the pro-rata annual RSU award. The following table sets forth the annual RSU award values for our Directors in 2017 and 2018:

2018 Annual RSU Grant Value

Board Member RSU Awards	(effective Q2 2018)	2017 Annual RSU Grant Value
Board Member Annual RSU Grant Value*	\$ 160,000	\$ 150,000

* The number of RSUs awarded is determined by dividing the RSU grant value by the closing stock price on the date of grant.

All RSU awards granted to Directors are settled upon the earlier of (i) the Director's separation from service within the meaning of Section 409A (as defined in the equity plan governing the RSU), or (ii) immediately prior to the consummation of a change in ownership or effective control of the Company or a change in the ownership of a substantial portion of the assets of the Company within the meaning of Section 409A; provided, however, that, the Directors have the option to make a deferral election for settlement of each RSU award on an earlier, specified date (no sooner than the vesting date).

Under our Corporate Governance Guidelines, which includes the stock ownership guidelines, our non-employee Directors are required to hold a number of shares of the Company's common stock with a value equal to five times the annual cash retainer for Board service paid to non-employee Directors. Each non-employee Director is required to achieve this ownership guideline within five (5) years of becoming a non-employee Director.

ADDITIONAL INFORMATION

Stockholders Sharing the Same Address

We have adopted householding, a procedure approved by the SEC under which NuVasive stockholders who share an address will receive a single copy of the 2017 Annual Report, Proxy Statement or Notice, as applicable, or a single notice addressed to those stockholders. This procedure reduces printing costs and mailing fees, while also reducing the environmental impact of the distribution. If you reside at the same address as another NuVasive stockholder and wish to receive a separate copy of the applicable materials, you may do so by contacting the bank, broker or other holder of record, or the Company by telephone at: (858) 909-1800 or by mail at 7475 Lusk Boulevard, San Diego, CA 92121.

Some brokers household proxy materials, delivering a single proxy statement or notice to multiple stockholders sharing an address unless contrary instructions have been received from the affected stockholders. Once you have received notice from your broker that they will be householding materials to your address, householding will continue until you are notified otherwise or until you revoke your consent. If, at any time, you no longer wish to participate in householding and would prefer to receive a separate proxy statement or notice, please notify your broker directly. You may also call (800) 542-1061 or write to: Household Department, Broadridge, 51 Mercedes Way, Edgewood, New York 11717, and include your name, the name of your broker or other nominee, and your account number(s). Any stockholders who share the same address and currently receive multiple copies of the Annual Report, Proxy Statement or Notice, as applicable, who wish to receive only one copy in the future may contact their bank, broker, or other holder of record, or the Company by telephone at: (858) 909-1800 or by mail at 7475 Lusk Boulevard, San Diego, CA 92121.
