Table of Contents**ORIX Corporation to Acquire the Shares of U.S. Loan & Asset Management Company NXT Capital**

TOKYO, Japan - July 2, 2018- ORIX Corporation (ORIX) announced today that via its group company in the U.S., ORIX Corporation USA (OCU), signed an agreement to acquire all the outstanding shares of U.S.-based NXT Capital, Inc. (NXT Capital), which is involved in loan origination and asset management operations. The acquisition of the shares is expected to be completed in the near future, contingent on legal procedures and on obtaining the approval of regulatory authorities.

1. Reason for the acquisition of the shares

NXT Capital was established in 2010 by former employees of major U.S. financial institutions, and is an independent loan and asset management company, engaged primarily in middle-market leveraged finance, asset management operations and real estate finance in the U.S.

NXT Capital is particularly strong in the origination of senior secured loans. Not only does it lend on its own account, but it also has relationships with blue-chip institutional investors, based on its track record and on the strength of its name within the industry, enabling it to be involved also in structuring and syndicated loans as the lead lender, and in asset management of loan funds, resulting in a profitable business model that generates diverse streams of commission income, in addition to its interest income.

OCU is the ORIX Group's strategic business hub for the U.S. and Latin America, and provides investment capital and asset management services in the corporate, real estate, municipal, infrastructure and energy sectors. In addition to enhancing the competitiveness of OCU in the U.S. middle-market loan business, the strategic acquisition of NXT Capital will further strengthen the asset management business with the aim of expanding earnings.
