Earnings Conference Call

A conference call to discuss the Company's earnings results has been scheduled for 7:30 a.m. Central Time on July 30, 2018. The information for accessing the conference call is included in the press release.

Recent Agreements with Customers

The Company and certain of its subsidiaries recently entered into a series of contracts with each of Anadarko Petroleum Corporation (Anadarko) and BP Exploration & Production Inc. and certain of its affiliates (collectively, BP). Certain principal agreements of the parties are described below.

*Anadarko*

The Company and Anadarko agreed to the following:

- (i) *Extension of the Existing Ocean BlackHawk Contract.* The Company and Anadarko agreed to extend the existing contract for the *Ocean BlackHawk* until April 2021. The existing *Ocean BlackHawk* contract was scheduled to expire in June 2019. The operating dayrate under the extended contract will remain at \$495,000 until April 2020, when it will adjust to a rate that is materially higher than current market dayrates and is subject to a possible one-time capped increase based on then-prevailing market rates. Anadarko retains its option to extend the contract further for an additional period or additional wells subject to notice and mutually agreed rates. Commencing on March 1, 2019, Anadarko will temporarily suspend dayrate payments for the *Ocean BlackHawk* until the rig completes regulatory maintenance and equipment re-certifications, which activities are currently expected to be completed by the end of June 2019.
- (ii) *Early Release of the Ocean BlackHornet.* The Company and Anadarko also agreed to the early termination of the existing contract for the *Ocean BlackHornet*, to be effective when the *Ocean BlackHawk* completes its regulatory maintenance and equipment re-certifications, expected by the end of June 2019. The existing *Ocean BlackHornet* contract was scheduled to expire in April 2020.

*BP*

The Company and BP agreed to the following:

- (i) *New Drilling Contracts for Drillships.* BP agreed to contract the *Ocean BlackHornet* and another drillship to be named later, each for a term of at least two years plus two one-year unpriced options, commencing after completion of the respective drillship's current contract and subsequent special survey, shipyard period, verification and/or any other necessary assurance activities. The operating dayrate for each contract will be within an agreed range of dayrates that are materially higher than current market dayrates and will be determined within the range based on then-prevailing market rates.
- (ii) *Early Termination of the Existing Ocean GreatWhite Contract.* The Company and BP agreed to the early termination of the existing contract for the *Ocean GreatWhite*, effective July 1, 2018, and for BP to pay the Company a fee to be recorded by the Company in the fiscal quarter ending September 30, 2018. The existing *Ocean GreatWhite* contract was scheduled to expire in January 2020. As a result of the early termination, the Company is free to secure new work for the *Ocean GreatWhite* and is currently in discussions with a customer regarding a drilling project for the rig.
- (iii) *Additional Future Payments.* In addition to the new drilling contracts for drillships and the fee described above, BP agreed to pay to the Company a total of \$135 million through a series of designated payments during 2019 through 2023.
