Corporate Governance

Item 1 Election of Directors

Evaluation Process for Director Candidates

The Nominating/Governance Committee considers director candidates suggested by stockholders, management or other members of the Board and may hire consultants or search firms to help identify and evaluate potential director candidates. For information regarding how stockholders can submit a director candidate for consideration by the Nominating/Governance Committee, see page 36.

The Nominating/Governance Committee evaluates director candidates by considering their judgment, qualifications, attributes, skills, integrity, diversity, international business or other experience relevant to our global activities, and other factors it deems appropriate. The Committee looks for candidates who are leaders in the organizations with which they are affiliated and have experience in positions with a high degree of responsibility. The Committee seeks candidates free from relationships or conflicts of interest that could interfere with the director's duties to Gallagher or our stockholders. The Committee also evaluates candidates' independence and takes into account other applicable requirements for directors under Securities and Exchange Commission (SEC) rules and New York Stock Exchange (NYSE) listing standards.

Board Diversity

The Nominating/Governance Committee seeks Board members from diverse professional backgrounds who combine a broad spectrum of experience and expertise with a reputation for integrity. The Committee implements this policy through discussions among its members and assesses its effectiveness annually as part of the Committee's and the Board's self-evaluation process. The Committee has also used a search firm on occasion to help it identify highly qualified and diverse candidates.

Board Nominees and Vote Required

Upon the recommendation of the Nominating/Governance Committee, the Board has nominated our Chairman and CEO and each of the eight individuals listed below to hold office until the next annual meeting and the election and qualification of their successors or, if earlier, until their resignation, death or removal. Each of the nominees currently serves on the Board and has consented to serve for a new term if elected. However, if any nominee should become unable or unwilling to serve, the Board may nominate another person to stand for election or reduce the number of directors.

Each director nominee who receives more FOR votes than AGAINST votes at the Annual Meeting will be elected. Any incumbent director nominees who receive a greater number of votes AGAINST election than votes FOR election are required to tender their offer of resignation for consideration by the Nominating/Governance Committee in accordance with our Governance Guidelines.

In connection with the mandatory retirement age provision of our Governance Guidelines, the Board is not nominating Elbert O. Hand for re-election to the Board. We gratefully acknowledge Mr. Hand's distinguished service as a member of the Board of Directors since 2002.

Independent Director Qualifications

The table below summarizes the key qualifications and areas of experience that led our Board to conclude that each independent director nominee is qualified to serve on our Board, but is not intended to be an exhaustive list of their qualifications or contributions to the Board.

CORPORATE GOVERNANCE

Board Leadership Structure

Pat Gallagher currently serves as Chairman of the Board and CEO. With the exception of the Chairman, all Board members are independent and actively oversee the activities of the Chairman and other members of the senior management team. We believe that our Board leadership structure allows us to take advantage of Pat Gallagher's extensive experience and knowledge of our business, which enriches the Board's decision making. Pat Gallagher's role as Chairman and CEO also enhances communication and coordination between management and the Board on critical issues.

David Johnson was originally elected by the Board in 2016 to serve as our independent Lead Director for a two-year term and re-elected in 2018 for a second two-year term. Under our Governance Guidelines, the Lead Director may serve up to two consecutive two-year terms. The duties and responsibilities of the independent Lead Director are set forth below.

Independent Lead Director Duties & Responsibilities

Act as a liaison between the Chairman and the independent directors

Be available for consultation and communication with stockholders as appropriate

Call and preside over executive sessions of the independent directors without the Chairman or other members of management present

Consult with the Chairman and approve Board meeting agendas and schedules

Consult with the Chairman and approve information provided to the Board

Consult with committee chairs with respect to agendas and information needs relating to committee meetings

Work closely with and act as an advisor to the Chairman; be available to discuss with other directors concerns about the company or the Board and relay those concerns, where appropriate, to the Chairman or other members of the Board; and be familiar with corporate governance best practices

Provide leadership to the Board if circumstances arise in which the role of the Chairman may be, or may be perceived to be, in conflict

Perform such other duties and responsibilities as the Board may determine

The independent directors meet regularly in executive sessions. Executive sessions are held at the beginning and at the end of each regularly scheduled in-person Board meeting. Other executive sessions may be called by the Lead Director at his discretion or at the request of the Board. The committees of the Board also meet regularly in executive sessions. Executive sessions are chaired by our independent Lead Director. The Board believes that its leadership structure as described above provides an effective framework for addressing the risks facing our company.

Director Independence

The Board has conducted its annual review of the independence of each director nominee under NYSE standards and the independence standards set forth in Appendix A of our Governance Guidelines (available on our website located at www.ajg.com/ir, under the heading "Corporate Governance"). Based upon its review, the Board has concluded in its business judgment that, with the exception of Pat Gallagher, all of the director nominees (Sherry S. Barrat, William L. Bax, D. John Coldman, Frank E. English, Jr., David S. Johnson, Kay W. McCurdy, Ralph J. Nicoletti, and Normal L. Rosenthal) and Elbert O. Hand, who is not standing for re-election at the Annual Meeting, are independent.

CORPORATE GOVERNANCE

Board's Role in Risk Oversight

Overview. The Board is responsible for oversight and monitoring of our enterprise risk management program. In carrying out this responsibility, the Board has designated the Audit Committee with primary responsibility for overseeing enterprise risk management. The other committees of the Board also oversee the management of risks within their areas of responsibilities. The Board receives periodic reports from each committee and from management on our major risks and steps undertaken to monitor and mitigate such risks.

Audit Committee. At each regularly scheduled meeting, the Audit Committee monitors management's risk management function. It does this by discussing, among other things, guidelines and policies regarding risk assessment and risk management, our major risk exposures, including marketplace, regulatory, cybersecurity and other risks, and steps taken by management to monitor and control such exposures. Our Global Chief Compliance Officer attends each Committee meeting and reports on significant risk and compliance issues. In addition, the Committee oversees an internal audit department, the head of which reports directly to the Committee (on matters other than day-to-day operations). The internal audit department is independent from management and the Committee defines its responsibilities. Among other things, the purpose of the department is to bring a systematic and disciplined approach to evaluating and improving the effectiveness of our risk management, control and governance processes. The internal audit department evaluates the effectiveness of our risk management processes, performs consulting and advisory services for us related to risk management, and reports significant risk exposures to the Committee. The Committee periodically reports to the full Board a summary of its activities and any key findings that arise from its risk oversight and monitoring functions.

Compensation Committee. The Compensation Committee reviews our overall compensation policies and practices to determine whether our program provides incentives for executive officers and other employees to take excessive risks. Based upon an analysis conducted by management and discussions between management and the Committee, the Committee has determined that our compensation policies and practices do not present risks that are likely to have a material adverse effect on us or our business. In reaching this determination, our Committee and management noted the following: (i) no single business unit bears a disproportionate share of our overall risk profile; (ii) no single business unit is significantly more profitable than the other business units; (iii) our compensation practices are substantially consistent across all business units both in the amount and types of compensation awarded; (iv) substantially all of our revenue-producing employees are sales professionals whose compensation is tied to the amount of revenue received by the company; (v) our annual cash incentive program caps payouts at 200% of target awards; and (vi) our PSUs are capped at 200% of target awards and are based on average performance over a three-year measurement period. A significant portion of our senior executives' compensation is deferred and invested in Gallagher stock through our DEPP and our senior executives own significant amounts of Gallagher stock. In addition, stock options vest

on the third, fourth and fifth anniversaries of the grant date and restricted stock units vest on the fifth anniversary of the grant date. Based on the above, we believe that our compensation practices help ensure that no single year's results and no single corporate action has a disproportionate effect on executive officers' annual compensation, and encourage steady and consistent long-term performance by our executive officers.

Nominating/Governance Committee. The Nominating/Governance Committee reviews risks related to our corporate governance structure and processes, including those related to succession planning for the Board and key leadership roles on the Board and its committees. The Committee also reviews related person transactions to evaluate whether our directors and executive officers have conflicts of interest that could interfere with their ability to carry out their duties to the company.

Other Board Matters

Attendance. The Board expects each director to attend and participate in all Board and applicable committee meetings and annual meetings of stockholders. Each director is expected to prepare for meetings in advance and to dedicate the time necessary to discharge properly his or her responsibilities at each meeting and to ensure other commitments do not materially interfere with his or her service on the Board. During 2018, the Board met seven times. All of the nominees attended 75% or more of the aggregate meetings of the Board and the committees on which they served during 2018. With the exception of Mr. Coldman, all of our Board members attended the 2018 Annual Meeting.

Stockholder Communications with the Board. A stockholder or other party interested in communicating with the Board, any of its committees, the Chairman, the Lead Director, the non-management directors as a group or any director individually may do so by writing to their attention at our principal executive offices, Arthur J. Gallagher & Co., c/o Corporate Secretary, 2850 Golf Road, Rolling Meadows, Illinois 60008-4050.

Corporate Governance Materials. We are committed to sound and effective corporate governance. To that end, the Board has adopted Governance Guidelines that set forth principles to assist it in determining director independence and other important corporate governance matters. The Board has also adopted Global Standards of Business Conduct (the Global Standards) that apply to all directors, executive officers and employees. The Global Standards, along with our Governance Guidelines and the charters of the Audit, Compensation and Nominating/Governance Committees, are available at www.ajg.com/ir, under the heading Corporate Governance. We will provide a copy of the Global Standards or Governance Guidelines without charge to any person who requests a copy by writing to our Corporate Secretary at 2850 Golf Road, Rolling Meadows, Illinois 60008-4050. We intend to satisfy the disclosure requirements of Item 5.05 of Form 8-K regarding any amendment to, or waiver from, the Global Standards by posting such information on our website.

Table of Contents**CORPORATE GOVERNANCE****Director Compensation**

The Board sets the amount and form of director compensation based upon recommendations made by the Nominating/Governance Committee. Pat Gallagher receives no additional compensation for his service as a director. A substantial portion of each non-employee director's total annual compensation consists of equity grants, in the form of restricted stock units. Under our stock ownership guidelines, directors with at least five years of service are expected to own an amount of our common stock with a value equal to five times the cash portion of the annual director retainer. In 2018, the annual cash retainer was \$100,000. All of our directors meet these guidelines.

On May 15, 2018, each non-employee director was granted 2,100 restricted stock units that vest on the first anniversary of the date of grant (or immediately upon a director's departure from the Board). Committee Chairs receive additional annual fees as follows: \$25,000 for the Audit Committee, \$20,000 for the Compensation Committee and \$15,000 for the Nominating/Governance Committee. The Lead Director receives an additional annual fee of \$30,000. Directors are reimbursed for travel and accommodation expenses incurred in connection with attending Board and committee meetings.

Directors may elect to defer all or a portion of their annual cash retainer or restricted stock units under our Deferral Plan for Nonemployee Directors. Deferred cash retainers and restricted stock units are converted to notional stock units, which are credited with dividend equivalents when dividends are paid on our common stock. Deferred restricted stock units are distributed in the form of common stock, and deferred cash retainers and accrued dividend equivalents are distributed in cash, at a date specified by each director or upon such director's departure from the Board.

CORPORATE GOVERNANCE

Certain Relationships and Related Person Transactions

How We Review and Approve Related Person Transactions

We review all relationships and transactions exceeding \$120,000 in which the company participates and in which any related person (our directors and executive officers or their immediate family members and any persons owning 5% or more of our common stock) had or will have a direct or indirect material interest. The company's legal staff is primarily responsible for reviewing such relationships and transactions based on the facts and circumstances, and for developing and implementing processes and controls for obtaining and evaluating information about related person transactions. As required by SEC rules, we disclose in this Proxy Statement all such transactions that are determined to be directly or indirectly material to a related person. In addition, the Nominating/Governance Committee reviews and approves, ratifies or disapproves any such related person transaction. In the course of reviewing and determining whether or not to approve or ratify a disclosable related person transaction, the Committee considers the following factors:

Nature of the related person's interest in the transaction

Material transaction terms, including the amount involved

Whether the transaction is on terms no less favorable than could have been reached with an unrelated third party

For employment arrangements, whether compensation is commensurate with that of other employees with equivalent qualifications and responsibilities and holding similar positions

Importance and potential benefits of the transaction to the related person and to the company

Whether the transaction would impair a director or executive officer's judgment to act in the company's best interest

Whether the transaction was undertaken in the ordinary course of business

Any other matters the Committee deems appropriate, including the conflicts of interest and corporate opportunity provisions of our Global Standards of Business Conduct.

Related Person Transactions for 2018

In 2018, the following relatives of Pat Gallagher were employed with us: (i) his sister is head of a specialty sales unit within our brokerage segment and received compensation of \$733,457; (ii) his brother-in-law is vice president of niche strategy within our brokerage segment and received compensation of \$594,529; (iii) one of his sons is a regional leader within our brokerage segment, and received compensation of \$1,047,239; (iv) another son is a branch manager within our brokerage segment and received compensation of \$840,390; and (v) a third son is a leader within our brokerage segment in Australia and received compensation of \$974,430 (including certain relocation-related payments). In addition, the partner of Joel Cavaness, one of our executive officers, is a client service leader within our brokerage segment and she received compensation of \$391,716. The compensation (salary, bonus, and the grant value of equity and cash awards) of each related person described above was commensurate with that of other employees with equivalent qualifications and responsibilities and holding similar positions.

Tom Gallagher, one of our named executive officers, is a brother of our CEO. His compensation is disclosed in the *2018 Summary Compensation Table* below.

Under this plan, some of our executive officers have deferred restricted stock units upon vesting or elected to invest other deferred amounts into a Gallagher common stock fund. These deferred notional stock units are included because the plan permits participants to elect to move in and out of the Gallagher common stock fund and, as a result, participants have investment power with respect to the underlying shares.

Section 16(a) Beneficial Ownership Reporting Compliance

Our executive officers, directors and 10% stockholders are required under the Exchange Act to file reports of ownership and changes in ownership with the SEC and the NYSE. Copies of these reports must also be furnished to us. Based on a review of copies of Forms 3, 4 and 5 furnished to us or filed with the SEC, or written representations that no additional reports were required, we believe that, during the last fiscal year, our executive officers, directors and 10% stockholders timely filed all reports required by Section 16(a) of the Exchange Act.

(4) This amount represents deferred restricted stock units under the Restricted Stock Plan, an equity compensation plans not approved by stockholders under which we have outstanding awards. All of our directors, officers and employees were eligible to receive awards under the plan, which provided for the grant of contingent rights to receive shares of our common stock. Awards under the plan were granted at the discretion of the Compensation Committee. Each award granted under the plan represents the right of the holder of the award to receive shares of our common stock, cash or a combination of shares and cash, subject to the holder's continued employment with us for a period of time after the grant date of the award. The Compensation Committee determined each recipient of an award under the plan, the number of shares of common stock subject to such an award and the period of continued employment required for the vesting of such award. The last year we made awards under this plan was 2009.

Audit Matters

Item 2 Ratification of Appointment of Independent Auditor

The Audit Committee has considered the qualifications of Ernst & Young LLP and has appointed Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2019. As a matter of good governance, the Board is submitting the appointment of Ernst & Young LLP to our stockholders for ratification. If the appointment of Ernst & Young LLP is not ratified, the Audit Committee will consider the outcome of this vote in its future deliberations regarding the selection of our independent registered public accounting firm.

Principal Accountant Fees and Services

The following is a summary of Ernst & Young LLP's fees for professional services rendered to us for the fiscal years ended December 31, 2018 and 2017:

	2018	2017
Audit Fees⁽¹⁾	\$ 4,653,000	\$ 5,070,000
Audit-Related Fees⁽²⁾	853,000	1,005,000
Tax Compliance Fees⁽³⁾	938,000	1,259,000
Tax Advisory Fees⁽⁴⁾	3,554,000	3,902,000
All Other Fees⁽⁵⁾	34,000	3,000
Totals	\$ 10,032,000	\$ 11,239,000

(1) Audit fees include fees associated with the annual audit of our company and our subsidiaries and the effectiveness of internal control over financial reporting, the review of our Quarterly Reports on Form 10-Q and Annual Report on Form 10-K, and statutory audits required internationally.

(2) Audit-related fees principally include due diligence in connection with acquisitions, issuance of service auditor reports (SOC 1 and SOC 2) related to operations at one of our subsidiaries and advisory work related to our compliance with foreign statutory requirements.

(3) Tax compliance fees include fees associated with the preparation of our annual Federal and state tax returns.

(4) Tax advisory fees include tax advice and tax planning related to Federal, state and international tax matters.

(5) All other fees principally include fees for access to an online accounting and tax information database.

Audit fees were lower in 2018 due in part to reductions in audit fees and scope of services. Tax compliance and tax advisory fees were lower in 2018 due to a reduction in scope of services.

Audit Committee Pre-Approval Policies and Procedures

All audit services, audit-related services, tax services and other services for fiscal years 2018 and 2017 were pre-approved by the Audit Committee. It is the policy of the Audit Committee to pre-approve the engagement of Ernst & Young LLP before we engage such firm to render audit or other permitted non-audit services. The Audit Committee has adopted procedures for pre-approving all audit and permitted non-audit services provided by Ernst & Young LLP. The Audit Committee annually pre-approves a list of specific services and categories of services, subject to a specified cost level. Part of this approval process includes making a determination as to whether permitted non-audit services are consistent with the SEC's rules on auditor independence. The Audit Committee has delegated pre-approval authority to the Chairman of the Audit Committee for the types of services that Ernst & Young LLP has historically been retained to perform related to integrated audit and other recurring services, subject to reporting any such approvals at the next Audit Committee meeting.

A representative of Ernst & Young LLP is expected to be present at the Annual Meeting to respond to appropriate questions and to make a statement if the representative so desires.

Audit Committee Report

The Audit Committee represents and assists the Board in fulfilling its responsibilities for general oversight of the integrity of the company's financial statements, risk assessment and risk management, and compliance with legal and regulatory requirements. The Audit Committee manages the company's relationship with and is responsible for the appointment, retention, termination and compensation of Ernst & Young LLP. Ernst & Young LLP has served as the company's auditor since 1973. The Audit Committee reviews Ernst & Young LLP's independence, capabilities, expertise, performance and fees in deciding whether to retain its services.

The company's management is responsible for the preparation, presentation and integrity of its consolidated financial statements, accounting and financial reporting principles, and internal controls designed to assure compliance with accounting standards and applicable laws and regulations. Ernst & Young LLP is responsible for auditing the company's consolidated financial statements and expressing an opinion as to their conformity with U.S. generally accepted accounting principles and for auditing the effectiveness of the company's internal controls over financial reporting. The Audit Committee monitors the financial reporting process and reports its findings to the Board.

The Audit Committee carried out its duties and responsibilities, including the following specific actions:

Reviewed and discussed with management and Ernst & Young LLP the company's audited consolidated financial statements as of and for the fiscal year ended December 31, 2018 and its internal control over financial reporting as of December 31, 2018;

Reviewed and discussed with Ernst & Young LLP all matters required to be discussed by the standards of the Public Company Accounting Oversight Board (PCAOB); and

Obtained the written disclosures and letter from Ernst & Young LLP regarding its communications with the Audit Committee concerning Ernst & Young LLP's independence as required by the PCAOB, including the requirements under PCAOB Rule 3526, and has discussed with Ernst & Young LLP its independence.

Based on these reviews and discussions with management and Ernst & Young LLP, the Audit Committee recommended to the Board that the company's audited consolidated financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2018, for filing with the SEC. The Audit Committee believes that the retention of Ernst & Young LLP to serve as the company's independent registered public accounting firm is in the best interests of the company.

Compensation Discussion and Analysis

This Compensation Discussion and Analysis discusses the compensation of the following named executive officers:

Pat Gallagher	Chairman, President and Chief Executive Officer
Doug Howell	Chief Financial Officer
Tom Gallagher	President Global P/C Brokerage
Scott Hudson	President Risk Management
Walt Bay	General Counsel and Secretary

Non-GAAP financial measures. See Exhibit A for additional information regarding the non-GAAP financial measures referred to in this Proxy Statement (adjusted revenue, adjusted EBITDAC, and adjusted EBITDAC per share, as defined for our annual cash incentive and performance share unit programs, and adjusted EBITDAC margin and organic revenue growth), including required reconciliations to the most directly comparable GAAP financial measures.

Overview of Our Executive Compensation Program

The Compensation Committee believes that our compensation program for named executive officers is balanced and reasonable and helps us retain and motivate highly talented business leaders through a range of economic cycles. We reward performance by emphasizing a balance of short- and long-term compensation vehicles. Annual cash incentives are awarded based on achievement of financial performance measures and the Committee's assessment of individual performance. Further details on the principles and objectives of our compensation program are set forth below.

Principle	Features of Compensation Program Aligned to Principle
Pay-for-Performance	Our program emphasizes at-risk incentive award opportunities, which are tied to specified financial objectives.

Our annual incentive program is based primarily on the achievement of key company performance objectives set by the Compensation Committee.

Our long-term incentive program awards are tied to a combination of stock price performance and achievement of performance objectives established by the Compensation Committee.

Compensation elements and award opportunities enable us to compete effectively for executive talent.

**Attract and Retain
World-Class Talent**

The Compensation Committee engages a compensation consultant to conduct a market assessment to ensure that our program is highly competitive.

High performers are awarded above-target pay when company performance goals are exceeded.

We align the long-term financial interests of our named executive officers and stockholders through (i) performance share units, stock options and restricted stock units with long vesting periods and (ii) our Deferred Equity Participation Plan, which encourages retention and alignment with long-term stockholder interests by requiring our named executive officers to remain employed with us through at least age 62 in order to vest in their awards.

Stockholder Alignment

Collectively, our senior executives own significant amounts of Gallagher stock and are subject to rigorous stock ownership guidelines (six times salary for CEO, four times for CFO and three times for other named executive officers). All of our named executive officers meet these guidelines.

Committee Discretion

While annual incentive awards are determined primarily based on achievement of company performance objectives, the Compensation Committee exercises discretion when necessary to adjust awards based on factors such as individual or division performance, changes in accounting standards, economic or business conditions, adherence to company values or similar matters.

COMPENSATION DISCUSSION AND ANALYSIS

Key Pay and Governance Practices

The Compensation Committee continually evaluates emerging best practices related to executive compensation and governance and considers modifications to our executive compensation program that support our business strategies, provide an appropriate balance of risk and reward for our named executive officers, and align their compensation with long-term stockholder interests. The following charts summarize certain of our key pay and governance practices.

What We Do

Double-trigger change-in-control agreements

Our 2017 Long-Term Incentive Plan requires the Board to approve any accelerated payouts on a change in control (i.e., not single-trigger)

Performance share units (PSUs) with three-year performance period

Minimum vesting requirements for equity awards under our plans. In practice, PSUs cliff vest in three years, stock options vest ratably over years three through five, and RSUs cliff vest in five years

Stock ownership guidelines for executive officers and directors

Clawback policy for equity and cash incentive awards

What We Don't Do

No single-trigger change-in-control payments in our 2017 Long-Term Incentive Plan or our change in control agreements

No guaranteed incentive awards for senior executives

No employment agreement with any of our named executive officers

No pledging of common stock by executive officers and directors without prior approval

No hedging of common stock by executive officers and directors

No excessive perquisites or related tax gross-ups

No new excise tax gross-ups upon change in control

No stock option repricing, stock option cash buyouts, or liberal share recycling in equity plans

Stockholder Views

When making determinations regarding corporate governance and executive compensation, our Board of Directors pays close attention to the views of our stockholders, including the 97.4% approval rate received for our say on pay proposal in 2018. In light of this strong level of support, the Compensation Committee did not make any changes to our executive compensation program as a result of the 2018 say on pay proposal.

In addition, members of our management team engaged with our largest stockholders to discuss corporate governance and executive compensation matters during the year. In 2017 the Committee implemented a three-year performance period for performance share units (PSUs) based on a new performance measure, average growth in adjusted EBITDAC per share. Based in part on stockholder feedback, the Committee continues to believe that PSUs structured this way, which constitute 75% of our CEO's and the largest portion of our other named executive officers' annual equity award value, appropriately align the interests of our executives with those of our stockholders over the long term.

Table of Contents**COMPENSATION DISCUSSION AND ANALYSIS****Annual Cash Incentives**

In 2018, the Compensation Committee approved maximum annual cash incentive opportunities to be determined as follows: (i) target award opportunities of 150% of base salary for our CEO and 100% of base salary for our other named executive officers, multiplied by (ii) a percentage determined by the combination of adjusted revenue growth and adjusted EBITDAC growth in the year of performance.

		Adjusted Revenue Growth*				
		0% to 2.49%	2.5% to 4.99%	5% to 7.49%	7.5% to 9.99%	> 10%
Adjusted EBITDAC Growth*	0% to 4.99%	100%	100%	100%	100%	100%
	5% to 9.99%	100%	100%	125%	125%	150%
	10% to 13.99%	100%	125%	150%	150%	175%
	14-19.99%	100%	125%	150%	175%	200%

* We define **adjusted revenue** the same here as we do in our other filings (i.e., revenue for the brokerage segment and revenue before reimbursements for the risk management segment excluding gains on sales of books of business and adjusted to remove the effect of foreign currency translation). However, we define **adjusted EBITDAC** for our annual cash incentives and performance share units as follows: EBITDAC for the brokerage and risk management segments excluding (i) gains on sales of books of business, (ii) lease abandonment and workforce termination charges, and (iii) the effect of foreign currency translation. Unlike adjusted EBITDAC as presented in our most recent earnings release, in this context the measure does *not* exclude acquisition integration costs and other acquisition-related adjustments. The Committee believes that including the impact of acquisition-related expenses increases management accountability around the execution of our acquisition strategy. If adjusted revenue was less than \$3.5 billion or adjusted EBITDAC was less than \$300 million no annual cash incentive would be paid. In 2018, we achieved adjusted revenue growth of 10.4% and adjusted EBITDAC growth of 13.2%. Based on this performance, as highlighted in the table above, each named executive officer qualified for an award opportunity of 175% of his target award. Final awards for each named executive officer, discussed under *2018 Compensation Actions*, were determined by the Committee based on the company's organic revenue growth, divisional financial performance and individual achievement, among other factors.

Long-Term Incentives

In 2018, the Compensation Committee determined a target long-term incentive award value (as a percentage of base salary) for each named executive officer. The Committee based this target value upon a number of factors including retention considerations, internal pay equity, our historical practices and external market data (see discussion of pay comparison groups on page 22). For our CEO and named executive officers who lead an operating division (Tom Gallagher and Scott Hudson), the target award value was allocated between PSUs and stock options. For Doug Howell and Walt Bay, who lead our financial and legal operations, respectively, the Committee allocated the target award value among PSUs, stock options and restricted stock units. PSUs make up the largest portion of each named executive officer's award due to the Committee's commitment to drive business performance and align executive interests with stockholder interests. Set forth below is the target award value and allocation between award types for each named executive officer.

Named Executive Officer	Target Percent of Salary	Target Grant Amount	Performance Share Units	Restricted

Performance Share Units (PSUs). PSUs are granted on a provisional basis and are earned based on our average annual growth in adjusted EBITDAC per share (see the definition of adjusted EBITDAC under *Annual Cash Incentives*) over a three-year period. None of the award is earned with lower than 4% growth; 4-9% growth results in a number of earned PSUs interpolated on a straight-line basis between 50% and 100%; 9-14% growth results in a number of earned PSUs interpolated on a straight-line basis between 100% and 200%; and growth above 14% results in named executive officers earning 200% of their original award amounts. Earned PSUs cliff vest on the third anniversary of the grant date and settle in shares. For 2018, our one-year growth in adjusted EBITDAC per share was 11.5%. PSUs granted in 2018 and earned on the basis of average 2018-2020 performance will cliff vest on March 15, 2021 and PSUs granted in 2017 and earned on the basis of average 2017-2019 performance will cliff vest on March 16, 2020. As disclosed in our 2016 Proxy Statement, 95.7% of the PSUs provisionally awarded in 2015 were earned based on our 2015 performance. Those PSUs vested and paid out on March 11, 2018. See *2018 Option Exercises and Stock Vested* for more information.

Stock Options and Restricted Stock Units. Stock options vest one-third on each of the third, fourth and fifth anniversaries of the grant date and restricted stock units cliff vest on the fifth anniversary of the grant date. See *Outstanding Equity Awards at 2018 Year-End* and *2018 Option Exercises and Stock Vested* for information regarding vesting and exercise activity in 2018 for these awards.

COMPENSATION DISCUSSION AND ANALYSIS

2018 Compensation Actions

Pat Gallagher Chairman and CEO

Performance

The Compensation Committee believes that Pat Gallagher performed extremely well in 2018, leading the company to 10.4% adjusted revenue growth, 13.2% adjusted EBITDAC growth and 11.5% adjusted EBITDAC per share growth in our combined brokerage and risk management segments (for definitions of these measures see *Annual Cash Incentives* above). Gallagher's total return to stockholders in 2018 was 19.2%. This performance compares favorably to the S&P 500 and S&P P&C Insurance indices, which declined 4.4% and 4.7%, respectively.

In addition, the Committee recognized the following aspects of Mr. Gallagher's performance:

Organic growth. The company achieved 5.9% organic revenue growth during the year, 5.6% in the brokerage segment and 7.1% in the risk management segment.

Mergers and acquisitions. The company completed 48 acquisitions representing \$340 million in acquired annualized revenue.

Compensation

Based on Pat Gallagher's and the company's performance, the Compensation Committee made the following compensation decisions for 2018:

Base salary remained the same, at \$1,250,000.

Annual cash incentive \$3,281,250, 175% of his target award.

PSU award 26,900 PSUs with a grant date value of \$1,902,906.

Stock option award 41,400 stock options with an exercise price of \$70.74 and a grant date value of \$383,789.

DEPP award \$1,000,000.

Quality and productivity. The company increased its adjusted EBITDAC margin 40 basis points to 26.0%.

Capital management. The company returned \$301.8 million to stockholders as dividends, maintained significant liquidity and remained well within its debt covenants.

Over the past three years, our total return to stockholders (including dividends) was 95.4%, while Pat Gallagher's compensation increased by 47.5%. As discussed under *Comparative Market Assessment*, Pat Gallagher's total compensation is below the median for similarly situated CEOs in our peer group. In light of these considerations, the Compensation Committee increased Mr. Gallagher's target long-term incentive award for 2019 (consisting of PSUs and stock options) from 200% to 225% of base salary.

Doug Howell Chief Financial Officer

Performance

The Committee evaluated Doug Howell's performance in light of the company's overall performance as described above for Pat Gallagher. In addition, the Committee considered the following items:

his contributions as a member of the senior management team to the company's strong overall financial performance;

his leadership of expense saving initiatives critical to increasing our adjusted EBITDAC margin;

a \$500 million debt placement;

implementation of new revenue recognition accounting standards;

Compensation

Based on Doug Howell's and the company's performance, the Compensation Committee made the following compensation decisions for 2018:

Base salary increased from \$850,000 to \$900,000.

Annual cash incentive \$1,575,000, 175% of his target award.

PSU award 9,700 PSUs with a grant date value of \$686,178.

Stock option award 14,900 stock options with an exercise price of \$70.74 and a grant date value of \$138,127.

successful execution and financing of our acquisition program using primarily cash and debt; and

Restricted stock unit award 3,250 restricted stock units with a grant date value of \$229,905.

contribution of \$118.6 million to net earnings by our clean energy investments.

DEPP award \$500,000.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Decision-Making Process

The Compensation Committee is responsible for determining compensation opportunities for our named executive officers, establishing the annual total value to be transferred through our equity plans, setting thresholds, targets and maximum awards for incentive compensation, establishing performance measures and approving final award amounts. To determine compensation opportunities for our named executive officers, the Committee takes into account the compensation objectives noted earlier under *Components of Compensation for Named Executive Officers*, compensation data for our comparison groups, trends in the financial service and insurance brokerage sectors and the strategic value of a given role, among other factors.

Tally Sheets

The Compensation Committee also considers the data compiled in a tally sheet prepared by management for each named executive officer. Tally sheets provide:

a comprehensive view of our compensation payout exposure under various termination scenarios (for example, voluntary or involuntary termination, retirement, and change in control);

details regarding all compensation, benefits and perquisites delivered to our named executive officers during the most recent three-year period and a projection for the coming year; and

a three-year analysis of equity and deferred compensation, which provides insight into total wealth accumulation for each officer, as well as the sensitivity of these figures to changes in our stock price.

This information provides a comprehensive context in which the Committee can determine the appropriate type and amount of compensation for each named executive officer.

Role of the CEO

At the beginning of each year, Pat Gallagher proposes performance objectives for the company and himself. The Compensation Committee and the Board review these objectives with Mr. Gallagher and make modifications as necessary. Following this review and discussion, the Compensation Committee and the Board finalize and approve the objectives for Mr. Gallagher and the company. The objectives include both quantitative financial measurements and qualitative strategic and operational considerations that focus on factors Mr. Gallagher and the Board believe create long-term stockholder value. Mr. Gallagher reviews and discusses preliminary considerations regarding his own compensation with the Compensation Committee but does not participate in the Committee's final determination of his compensation. Mr. Gallagher also reviews the performance of each other named executive officer and presents a summary of these performance reviews to the Committee, along with preliminary recommendations regarding salary adjustments, if any, and annual award amounts.

Role of the Compensation Consultant

The Compensation Committee retained Pearl Meyer & Partners, LLC (Pearl Meyer) as its independent executive compensation consultant. In connection with its engagement, Pearl Meyer reviewed 2018 proxy season results and implications for our pay practices; assisted in the review and confirmation of our peer group for executive compensation and performance review purposes; provided updates on emerging executive compensation trends, including proxy advisory firm and regulatory developments; and reviewed and assessed all elements of our pay programs for executive officers, including the competitiveness of pay levels and incentive program design. The Committee assessed Pearl Meyer's independence pursuant to SEC and NYSE rules and concluded that no conflict of interest exists that would prevent Pearl Meyer from serving as an independent consultant to the Committee.

Tax Considerations

Section 162(m) of the Internal Revenue Code limits the deductibility for Federal income tax purposes of compensation payable in a taxable year to our named executive officers to the extent that such compensation exceeds \$1 million. In 2018, all of our named executive officers received compensation in excess of \$1 million and, therefore, that portion of the compensation expense was non-deductible.

Table of Contents

COMPENSATION DISCUSSION AND ANALYSIS

Comparative Market Assessment

The Compensation Committee reviews compensation data from two different comparison groups as a market reference for its named executive officer compensation decisions.

Proxy Comparison Group

The Compensation Committee uses the Proxy Comparison Group as a reference point for our compensation plan structure, pay mix, general equity granting practices and individual pay levels.

This group is focused on our direct competitors for executive talent. Its members are selected from insurance brokers and carriers and from professional and financial services companies that may compete with us for executive talent or in specific lines of business.

The companies listed below under Insurance Brokers are of particular interest for the Compensation Committee. Although Aon, Marsh & McLennan and Willis Towers Watson are larger than we are on several size dimensions, the Committee believes it is important to understand their compensation programs given that they compete with us the most directly. Additionally, we are similarly-sized to the median-sized company in the broader peer group.

The companies set forth below were used for the 2018 analysis. There were no changes to this group from the prior year.

Insurance Brokers

Aon plc

Brown & Brown, Inc.

Marsh & McLennan Companies, Inc.

Willis Towers Watson plc

Insurance Carriers

American Financial Group Inc.

Arch Capital Group Ltd.

Axis Capital Holdings Ltd.

W.R. Berkley Corp.

CNA Financial Corp.

Markel Corp.

Old Republic International Corp.

Unum Group

XL Group Ltd.*

Professional / Financial Services Firms

Fidelity National Financial, Inc.

Raymond James Financial, Inc.

Survey Comparison Group

The Compensation Committee also uses a Survey Comparison Group as a reference point for individual pay levels for certain executive positions.

This group consists of insurance and general industry companies similar to us in total assets, revenue or number of employees. In 2018, the Compensation Committee reviewed pay data from two published surveys, *Executive Compensation Survey* conducted by Mercer and *Top Management Industry Compensation Survey* conducted by Willis Towers Watson.

Results of the Comparative Market Assessment

For 2018, the Compensation Committee examined the total direct compensation opportunity (base salary, annual cash incentives and long-term incentives) for each named executive officer, as well as each individual element of compensation. Data from the Proxy Comparison Group and Survey Comparison Group were used as a market reference for compensation decisions. The Compensation Committee does not target total compensation to a specific percentile of comparison group compensation.

The comparative market assessment showed that total direct compensation for our named executive officer group was generally competitive with the Proxy Comparison Group. However, the assessment showed that Pat Gallagher's total direct compensation was below the median for similarly situated CEOs in the Proxy Comparison Group.

* Acquired by AXA in September 2018.

Compensation Committee Report

The Compensation Committee oversees the company's compensation program for named executive officers on behalf of the Board. In fulfilling its oversight responsibilities, the Compensation Committee reviewed and discussed with management the Compensation Discussion and Analysis set forth above.

Based on the review and discussion referred to above, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in the company's 2019 Proxy Statement and incorporated by reference in its 2018 Annual Report on Form 10-K, which it files with the SEC.

- (1) This column includes the full grant date fair value of PSUs and restricted stock units granted during each fiscal year. The amounts reported in this column have been calculated in accordance with FASB ASC Topic 718, *Compensation - Stock Compensation*. The amounts reported in this column for PSUs granted during each fiscal year represent the value of each award at the grant date based upon the probable outcome of the performance conditions under the program, determined in accordance with FASB ASC Topic 718. In accordance with SEC rules, any estimate for forfeitures is excluded from, and does not reduce, such amounts. Maximum payouts for the PSU awards as of the date of grant were as follows: Pat Gallagher \$3,805,812; Doug Howell \$1,372,356; Tom Gallagher \$1,372,356; Scott Hudson \$1,068,174; and Walt Bay \$686,178. For a discussion of PSUs, see page 18. For additional information on the valuation assumptions with respect to option grants, refer to Note 10 to our consolidated financial statements in the Annual Report on Form 10-K for the year ended December 31, 2018.
- (3) This column represents annual performance-based cash incentive awards related to services rendered in 2016, 2017 and 2018. Awards are reported for the year in which they are earned, regardless of the year in which they are paid. These awards were paid fully in cash in April of 2017 and March of 2018 and 2019, respectively.

(4) The amounts shown in this column represent the aggregate change in actuarial present value of each named executive officer's benefits under our pension plan, except where such change is a negative value. When that is the case, SEC rules require that a zero be included in this table. In 2018, such figures were as follows: Doug Howell \$(922) and Tom Gallagher \$(27,308). Scott Hudson and Walt Bay do not have any accrued benefits under our pension plan.

(5) The 2017 amount for Tom Gallagher has been revised to include non-U.S. tax reimbursements of \$536,259.

****Deferred Equity Participation Plan (DEPP)***

Deferred cash awards under the DEPP are nonqualified deferred compensation awards under Section 409A of the Internal Revenue Code. Each named executive officer has made an irrevocable election to have such awards deemed invested in a fund representing shares of our common stock. Awards under the DEPP do not vest until participants reach age 62 (or the one-year anniversary of the date of grant for participants over the age of 61, which applies to Pat Gallagher). Accordingly, amounts in the plan are subject to forfeiture in the event of a voluntary termination of employment prior to age 62 (or the minimum one-year vesting period). Awards deemed invested in our common stock provide an incentive for our named executive officers to manage our company for earnings growth and total shareholder return. In addition, the deferred realization of these awards encourages retention of our named executive officers until a normal retirement age, and for one-year increments after such age.

*****Supplemental Savings and Thrift Plan (Supplemental Plan) Match***

The Supplemental Plan allows certain highly compensated employees (those with compensation greater than an amount set annually by the IRS) to defer up to 80% of their base salary and annual cash incentive payment. We match any deferrals of salary and annual cash incentive payments on a dollar-for-dollar basis up to the lesser of (i) the amount deferred or (ii) 5% of the employee's regular earnings minus the maximum contribution that we could have matched under the 401(k) Plan. All such cash deferrals and match amounts may be deemed invested, at the employee's election, in a number of investment options that include various mutual funds, an annuity product and a fund representing our common stock. Such employees may also defer restricted stock units and PSUs, but these deferrals are not subject to company matching. Amounts held in the Supplemental Plan accounts are payable as of the employee's termination of employment, or at such other time as the employee elects in advance of the deferral, subject to certain exceptions set forth in IRS regulations.

******401(k) Match***

Under our 401(k) Savings and Thrift Plan (401(k) Plan), a tax qualified retirement savings plan, participating employees, including our named executive officers, may contribute up to 75% of their earnings on a before-tax or after-tax basis into their 401(k) Plan accounts, subject to limitations imposed by the Internal Revenue Service (IRS). Under the 401(k) Plan, we match an amount equal to one dollar for every dollar an employee contributes on the first 5% of his or her regular earnings. The 401(k) Plan has other standard terms and conditions.

(1) These columns reflect the vesting of restricted stock units and performance share units, as applicable. Restricted stock units awarded on March 12, 2014 vested on March 12, 2018, with value realized of \$71.71 per share plus accrued cash dividend equivalents. Performance share units awarded on March 11, 2015 (and 95.7% earned on the basis of 2015 performance) vested on March 11, 2018, with value realized of \$72.63 per share plus accrued cash dividend equivalents.

(2) Pursuant to the terms of the Supplemental Plan (see page 25), Doug Howell deferred receipt of 4,050 shares related to the March 12, 2018 vesting of restricted stock units he was awarded on March 12, 2014. The shares were valued at \$290,426 at the time of vesting. He elected a lump-sum distribution in July 2019.

Total years of actual service were as follows at December 31, 2018: Pat Gallagher - 44; Doug Howell - 15; Tom Gallagher - 38; Scott Hudson - 8; and Walt Bay - 11. We maintain the Arthur J. Gallagher & Co. Employees Pension Plan (the Pension Plan) which is qualified under the Internal Revenue Code and which historically covered substantially all domestic employees. In 2005, we amended the Pension Plan to freeze the accrual of future benefits for all domestic employees effective July 1, 2005. Benefits under the Pension Plan are based upon the employee's

Table of Contents**EXECUTIVE COMPENSATION TABLES**

highest average annual earnings for a five calendar-year period with us and are payable after retirement in the form of an annuity or a lump sum. The maximum amount of annual earnings that may be considered in calculating benefits under the Pension Plan is \$210,000 (the maximum amount of annual earnings allowable by law in 2005, the last year that benefits accrued under the Pension Plan).

Benefits under the Pension Plan are calculated as an annuity equal to 1% of the participant's highest annual average earnings multiplied by years of service, and commencing upon the participant's retirement on or after age 65. The maximum benefit under the pension plan upon retirement would be \$53,318 per year, payable at age 65 in accordance with IRS regulations. Participants also may elect to commence their pensions anytime on or after attaining age 55 if they retire prior to age 65, with an actuarial reduction to reflect the earlier commencement date, ranging from 54% at age 55 to no reduction at age 65. All of our named executive officers with accumulated benefits under the plan are eligible to take this early retirement option. For additional information on the valuation assumptions with respect to pensions, refer to Note 13 to our consolidated financial statements in the Annual Report on Form 10-K for the year ended December 31, 2018.

(1) Amounts in this column include amounts reported in the Salary and/or Non-Equity Incentive Plan Compensation columns in the *2018 Summary Compensation Table*. For Doug Howell, the amount in this column also includes the value of restricted stock units vested in 2018, which he deferred until July 2019. For more information, see also footnote (2) to the *2018 Option Exercises and Stock Vested* table.

(2) These amounts are included in the All Other Compensation column of the *2018 Summary Compensation Table*.

(3) Amounts in this column are not included in the *2018 Summary Compensation Table*. These amounts represent the change in market value on deferred and matched amounts under the Supplemental Plan and on our contributions to the DEPP, based on the market-rate returns and dividend equivalents credited to participant accounts for the period January through December 2018. Participants are able to direct that their Supplemental Plan account balances be deemed invested in a number of investment options that include various mutual funds, an annuity product and a

fund representing our common stock, and may change such elections on any regular business day. Awards under the DEPP are credited with returns of deemed investments elected by the participant, including a fund representing our common stock. All of our named executive officers have elected the fund representing our common stock.

(4) For Pat Gallagher, reflects accelerated distributions under the DEPP to cover applicable taxes on vested awards.

(5) The DEPP amounts include the following amounts also reported as compensation in this and prior years Summary Compensation Tables (as applicable): Pat Gallagher - \$4,400,000; Doug Howell - \$5,050,000; Tom Gallagher - \$2,250,000; Scott Hudson - \$400,000; and Walt Bay - \$350,000.

EXECUTIVE COMPENSATION TABLES

2018 Potential Payments upon Termination or Change in Control***Change-in-Control Agreements***

We provide our named executive officers with change-in-control agreements, which we believe are an important part of their overall compensation. In addition to helping secure their continued dedication to stockholder interests prior to or following a change in control, the Compensation Committee also believes these agreements are important for recruitment and retention, as all or nearly all of our competitors for talent have similar agreements in place for their senior employees. In general, compensation levels under these agreements are separate and unrelated to named executive officers' overall compensation decisions for a given year.

Double Trigger

Each named executive officer's change-in-control agreement provides for payments if there is a **Termination** of the individual within 24 months after a **Change in Control** (commonly referred to in combination as a **double trigger**).

A **Change in Control** occurs (i) if a person or group is or becomes the beneficial owner, directly or indirectly, of our securities representing 50% or more of the voting power to elect directors, (ii) if there is a change in the composition of the Board such that within a period of two consecutive years, individuals who at the beginning of such two-year period constitute the Board and any new directors elected or nominated by at least two-thirds of the directors who were either directors at the beginning of the two-year period or were so elected or nominated, cease for any reason to constitute at least a majority of the Board, or (iii) our stockholders approve the sale of all or substantially all of our assets or any merger, consolidation, issuance of securities or purchase of assets, the result of which would be the occurrence of any event described in (i) or (ii) above. A substantially similar change-in-control definition is used under our equity plans, the DEPP and the Supplemental Plan, except that our equity plans and the DEPP do not include subsection (iii) above.

A **Termination** means either (i) a termination of employment by us for any reason other than death, physical or mental incapacity or **cause** (defined as gross misconduct or willful and material breach of the change-in-control agreement) or (ii) resignation upon the occurrence of (1) a material change in the nature or scope of the individual's authorities, powers, functions or duties, (2) a reduction in total compensation, (3) any relocation of the individual's principal place of employment more than 35 miles from his or her location prior to the Change in Control, (4) a breach of the change-in-control agreement by us or (5) a good faith determination by the individual that as a result of the Change in Control, his or her position is materially affected.

Payments upon Double Trigger

Under the change-in-control agreements, each named executive officer subject to Termination within 24 months after a Change in Control is entitled to receive:

Severance two-times salary, bonus and annual cash incentive. A lump sum severance payment equal to salary, bonus and annual cash incentive compensation payments for a 24-month period on the basis of a salary rate not less than his annual salary prior to the termination, or if greater, the salary at the time of the Change in Control and the bonus and annual cash incentive payment prior to termination or, if greater, the bonus and annual cash incentive payment prior to the Change in Control. The severance payment would be made in a lump sum not more than seven days after the date of termination.

No new excise tax gross-up payments. Our change-in-control agreements entered into prior to 2008 provide that the named executive officer would be eligible to receive an excise tax gross-up payment as defined in Sections 280G and 4999 of the Internal Revenue Code of 1986, as amended, relating to so-called excess parachute payments. However, our change-in-control agreements entered into after 2008 do not contain excise tax gross-ups, and it is our policy not to enter into new change-in-control agreements that contain excise tax gross-ups, or amend existing change-in-control agreements without removing these provisions.

Participation in benefit plans. The change-in-control agreements also provide for continued participation in welfare benefit plans, including medical, dental, life and disability insurance, on the same basis and at the same cost as prior to the Termination, for the shorter of a two-year period or until the individual becomes covered by a different plan with coverage or benefits equal to or greater than the plan provided by us. The agreements also provide for the payment of any unpaid salary and a lump sum cash payment for accumulated but unused vacation.

Table of Contents**EXECUTIVE COMPENSATION TABLES*****Other Termination and Change-in-Control Payments***

The table below shows potential incremental payments, benefits and equity award accelerations upon termination of our named executive officers. The amounts are determined under existing agreements and plans for various termination scenarios. The amounts assume that the trigger events for all such payments occurred on December 31, 2018 and use the closing price of our common stock on that date of \$63.28. The amounts in the table below do not include the amount of pension or deferred compensation our named executive officers would receive under each termination scenario because these amounts are reflected in the *2018 Pension Benefits* and *2018 Nonqualified Deferred Compensation* tables presented above.

Stock options. All of our named executive officers have outstanding stock options, which they are eligible to exercise upon termination of employment. If they are terminated for cause they are eligible to exercise all options that are vested at the time of termination, subject to the restrictive covenant and clawback provisions in their award agreements. Upon a voluntary resignation or termination without cause, (1) they may exercise or retain through their original expiration date all nonqualified stock options granted before 2013 that have vested as of the date of termination (i.e., stock options granted in 2012, which expire in 2019), and (2) because our named executive officers have all reached the age of 55, nonqualified stock options that were granted in 2013 or later are no longer subject to forfeiture if their departure from the company is at least two years after the date of grant. If a named executive officer is terminated due to death or disability, all stock options vest and remain outstanding through their original expiration date. If there is a change in control, all stock options granted prior to the approval of our 2017 Long-Term Incentive Plan vest immediately and may be exercised through their original expiration date. For stock options granted after the approval of our 2017 Long-Term Incentive Plan, accelerated vesting at a change in control requires Board approval.

Restricted stock units. Doug Howell, Scott Hudson and Walt Bay have outstanding restricted stock units. Upon a termination for cause, all unvested restricted stock units would lapse. Because they have reached the age of 55, upon a voluntary resignation or termination without cause, their restricted stock units are not subject to forfeiture if their departure from the company is at least two years after the date of grant, although vesting and distribution will still occur in accordance with the original schedule. If they terminate because of death or disability the awards immediately vest. If there is a change in control, all restricted stock units granted prior to the approval of our 2017 Long-Term Incentive Plan vest immediately. For restricted stock units granted after the approval of our 2017 Long-Term Incentive Plan, accelerated vesting at a change in control requires Board approval.

PSUs. All of our named executive officers have outstanding PSUs. Upon a termination for cause, all unvested PSUs would lapse. Because our named executive officers have all reached the age of 55, upon a voluntary resignation or termination without cause, the earned portion of PSUs are not subject to forfeiture if their departure from the company is at least two years after the date of grant, although vesting and distribution will still occur in accordance with the original schedule. If there is a change in control, all earned PSUs granted prior to the approval of our 2017

Long-Term Incentive Plan vest immediately and the performance conditions for unearned PSUs are deemed satisfied at target levels or, if greater, on a *pro rata* basis based on actual achievement as of the date of the change in control. For PSUs granted after the approval of our 2017 Long-Term Incentive Plan, Board approval is required at a change in control both for accelerated vesting and for the deemed satisfaction of performance conditions described in the prior sentence.

DEPP. All of our named executive officers participate in the DEPP. Amounts in this plan vest on the earliest to occur of (1) the date the participant turns 62 (or the one-year anniversary of the date of grant for participants over 61), (2) death, (3) termination of employment because of disability, (4) termination in a manner that grants the person severance pay under our Severance Plan (filed as an exhibit to our Exchange Act filings) and (5) a change in control. Accordingly, vesting would accelerate under all of the termination scenarios other than a voluntary resignation or a termination for cause.

Termination for Cause. Where applicable, termination for cause under our plans generally means a termination of employment based upon the good faith determination of the company that one or more of the following events has occurred: (i) the participant has committed a dishonest or fraudulent act to the material detriment of the company; (ii) the participant has been convicted (or pleaded guilty or *nolo contendere*) for a crime involving moral turpitude or for any felony; (iii) material and persistent insubordination on the part of the participant; (iv) the loss by the participant, for any reason, of any license or professional registration without the company's written consent; (v) the diversion by the participant of any business or business opportunity of the company for the benefit of any party other than the company; (vi) material violation of the company's Global Standards of Business Conduct by the participant; or (vii) the participant has engaged in illegal conduct, embezzlement or fraud with respect to the assets, business or affairs of the company.

No Liberal Change-in-Control Definitions in Equity Plans or DEPP. None of our equity plans or the DEPP has a liberal change-in-control definition (i.e., they do not provide for buyout thresholds lower than 50%, and a change in control is deemed to occur upon completion, rather than stockholder approval, of a transaction).

Item 3 Advisory Vote to Approve the Compensation of Our Named Executive Officers

Pursuant to Section 14A of the Exchange Act, we are asking our stockholders to vote, on a non-binding, advisory basis, to approve the compensation of our named executive officers, as described in the Compensation Discussion and Analysis, compensation tables and related narrative discussion in this Proxy Statement. This proposal, commonly known as “say-on-pay”, gives our stockholders the opportunity to express their views on the compensation of our named executive officers. Our stockholders are given the opportunity to vote, on a non-binding, advisory basis, on say-on-pay proposals annually. Our stockholders will have the next opportunity to vote on such a proposal at the 2020 Annual Meeting.

We believe that our compensation program for named executive officers is structured in the best manner possible to support our company and business objectives, as well as to support our culture and traditions developed since our founding in 1927. We believe our program strikes the appropriate balance between using responsible, measured pay practices and effectively motivating our executives to dedicate themselves fully to value creation for our stockholders.

We encourage you to read our Compensation Discussion and Analysis on pages 15 to 22 of this Proxy Statement and our Executive Compensation tables on pages 24 to 33.

Resolution and Recommendation

The Board strongly endorses the company’s compensation program for named executive officers and recommends that stockholders vote in favor of the following resolution:

RESOLVED, that the compensation of the named executive officers of Arthur J. Gallagher & Co., as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the executive compensation tables and the related narrative in this Proxy Statement, is hereby APPROVED.

THE BOARD RECOMMENDS THAT YOU VOTE **FOR** THE
ADVISORY RESOLUTION APPROVING THE
COMPENSATION OF THE COMPANY’S NAMED
EXECUTIVE OFFICERS

CEO Pay Ratio

As required by Section 953(b) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, and Item 402(u) of Regulation S-K, we are providing the ratio of the annual total compensation of Pat Gallagher, our CEO, to the

annual total compensation of the median compensated of all our other employees who were employed as of December 31, 2018. For 2018, Pat Gallagher's total compensation was \$8,062,954 and the annual total compensation of our median compensated employee was \$64,495. The ratio between these two amounts was 125 to 1.

This pay ratio is a reasonable estimate calculated in a manner consistent with Item 402(u) and the methodology described below. Because the SEC rules for identifying the median compensated employee and calculating the pay ratio based on that employee's annual total compensation allow companies to adopt a variety of methodologies, to apply certain exclusions, and to make reasonable estimates and assumptions that reflect their compensation practices, the pay ratio reported by other companies may not be comparable to the pay ratio reported above, as other companies may have different employment and compensation practices and may utilize different methodologies, exclusions, estimates and assumptions in calculating their own pay ratios.

As of December 31, 2018, our total employee population consisted of approximately 31,052 employees. As permitted by the rule, we excluded approximately 799 non-U.S. employees, or less than 3% of our total U.S. and non-U.S. employee population, from the following non-U.S. jurisdictions: Colombia (137), Guernsey (108), Chile (82), Peru (75), Jersey (71), Jamaica (53), Barbados (48), Sweden (41), Singapore (32), Bermuda (32), Gibraltar (27), Isle of Man (21), Cayman Islands (19), Norway (17), Malta (11), Saint Lucia (11), Saint Vincent and the Grenadines (5), Dominica (3), Grenada (2), Antigua and Barbuda (2), and Saint Kitts and Nevis (2). We also excluded approximately 1,284 employees of the businesses we acquired during 2018, which are identified in Note 4 to our consolidated financial statements in the Annual Report on Form 10-K for the year ended December 31, 2018. After giving effect to these two adjustments, our employee population consisted of approximately 28,969 individuals.

We used 2018 gross taxable income as set forth in our payroll data to determine our median employee, which we annualized for all permanent employees who did not work for the entire year. Once identified, we calculated the annual total compensation of our median employee for 2018 in accordance with the requirements of Item 402(c)(2)(x) of Regulation S-K. With respect to the annual total compensation of our CEO, we used the amount reported in the Total column of the *2018 Summary Compensation Table* included in this Proxy Statement.

Questions & Answers About the Annual Meeting

What is the quorum requirement for holding the Annual Meeting?

The holders of a majority of the stock issued and outstanding and entitled to vote at a meeting of the stockholders, present in person or deemed to be present or represented by proxy, shall constitute a quorum for purposes of any Annual Meeting of Stockholders. Broker non-votes and abstentions are counted for purposes of determining the presence of a quorum at this Annual Meeting. If a quorum is not present at the scheduled time of the Annual Meeting, the stockholders entitled to vote thereat, present in person, deemed to be present or represented by proxy, shall have the power to adjourn the meeting from time to time, without notice other than announcement at the meeting, until a quorum shall be present, deemed to be present or represented.

What are broker non-votes?

If you are the beneficial owner of shares held in the name of a broker, trustee or other nominee and do not provide that broker, trustee or other nominee with voting instructions, your shares may constitute broker non-votes. Generally, broker non-votes occur on a matter when a broker is not permitted to vote on that matter without instructions from the beneficial owner and instructions are not given. Under the rules of the NYSE, brokers, trustees or other nominees may generally vote on routine matters but cannot vote on non-routine matters. Only the ratification of the appointment of our independent auditor is considered a routine matter. The other proposals are not considered routine matters, and without your instructions, your broker cannot vote your shares.

Will any matters other than those identified in this Proxy Statement be decided at the Annual Meeting?

As of the date of this Proxy Statement, we are not aware of any matters to be raised at the Annual Meeting other than those described in this Proxy Statement. If any other matters are properly presented at the Annual Meeting for consideration, the people named as proxy holders on the proxy card will vote your proxy on those matters in their discretion. If any of our nominees are not available as a candidate for director, the proxy holders will vote your proxy for any other candidate the Board may nominate or the Board may choose to decrease the size of the Board.

Who can vote, and how do I vote?

Only holders of our common stock at the close of business on the record date of March 20, 2019 are entitled to notice of and to vote at the Annual Meeting. We have no other outstanding securities entitled to vote, and there are no cumulative voting rights for the election of directors. At the close of business on the record date, we had 185,224,733 shares of common stock outstanding and entitled to vote. Each holder of our common stock on that date will be entitled to one vote for each share held on all matters to be voted upon at the Annual Meeting.

Record holders may vote (1) by completing and returning a proxy card, (2) on the Internet, or (3) using a toll-free telephone number. Please see the proxy card for specific instructions on how to vote using one of these methods. The

telephone and Internet voting facilities for record holders will close at 11:59 p.m.

Eastern Daylight Time on May 13, 2019. Beneficial owners will receive instructions from their broker or other intermediary describing the procedures and options for voting.

What is the voting standard and the treatment of abstentions and broker non-votes for each item on the proxy card?

Voting Item	Voting Standard	Treatment of Abstentions & Broker Non-Votes
<u>Election of directors</u> (Item 1)	Majority of votes cast	Not counted as votes cast and therefore no effect
<u>Auditor ratification</u> (Item 2)	Majority of stock having voting power and present	Abstentions treated as votes against. Broker non-votes not applicable (routine matter, so brokers can vote)
<u>Say-on-pay</u> (Item 3)	Majority of stock having voting power and present	Abstentions treated as votes against. Broker non-votes have no effect

What is the difference between a record holder and a beneficial owner ?

If your shares are registered directly in your name, you are considered the record holder of those shares. If, on the other hand, your shares are held in a brokerage account or by a bank or other intermediary, you are considered the beneficial owner of shares held in street name, and a Notice of Internet Availability of Proxy Materials (Internet Availability Notice) was forwarded to you automatically from your broker or other intermediary. As a beneficial owner, you have the right to instruct your broker or other intermediary to vote your shares in accordance with your wishes. You are also invited to attend the Annual Meeting. Because a beneficial owner is not the record holder, you may not vote your shares in person at the meeting unless you obtain a legal proxy from your broker or other intermediary. Your broker or other intermediary has provided you with an explanation of how to instruct it regarding the voting of your shares. If you do not provide your broker or other intermediary with voting instructions, your broker or other intermediary will not be allowed to vote your shares at the Annual Meeting for any matter other than ratification of the appointment of our independent auditor.

If you provide specific instructions with regard to certain items, your shares will be voted as you instruct on such items. If you are a record holder and sign the proxy card without giving specific instructions, your shares will be voted in accordance with the recommendations of the Board (FOR all of our nominees to the Board, FOR ratification of the appointment of our independent registered public accounting firm, and FOR the approval of the compensation of our named executive officers).

What is householding ?

Householding is a procedure approved by the SEC whereby multiple stockholders of record who share the same last name and address will receive only one Internet Availability Notice or one

QUESTIONS & ANSWERS ABOUT THE ANNUAL MEETING

set of proxy materials. Each stockholder of record will continue to receive a separate proxy card. We have undertaken householding to reduce printing costs and postage fees. A stockholder must affirmatively consent to householding. Record holders who wish to begin or discontinue householding may contact Broadridge Investor Communication Solutions, Inc. (Broadridge) by calling 1-800-542-1061, or by writing to Broadridge, Householding Department, 51 Mercedes Way, Edgewood, NY 11717. Broadridge will undertake the necessary steps to continue or discontinue householding upon such request of a record holder. Beneficial owners who wish to begin or discontinue householding should contact their broker or other intermediary. You can also request prompt delivery of a copy of the Proxy Statement and Annual Report by contacting our Corporate Secretary at 2850 Golf Road, Rolling Meadows, Illinois 60008-4050 (telephone number: 630-773-3800).

What should I do if I receive more than one Internet Availability Notice or proxy card?

If you own some shares of common stock directly as a record holder and other shares indirectly as a beneficial owner, or if you own shares of common stock through more than one broker or other intermediary, you may receive multiple Internet Availability Notices or, if you request proxy materials to be delivered to you by mail, you may receive multiple proxy cards. It is necessary for you to vote, sign and return all of the proxy cards or follow the instructions for any alternative voting procedure on each of the Internet Availability Notices you receive in order to vote all of the shares you own. If you request proxy materials to be delivered to you by mail, each proxy card you receive will come with its own prepaid return envelope. If you vote by mail, please make sure you return each proxy card in the return envelope that accompanied the proxy card.

May I change my vote after I return my proxy?

Yes. If you are a record holder, even after you have submitted your proxy, you may revoke your proxy at any time before it is exercised by delivering a written notice of revocation to our Corporate Secretary at 2850 Golf Road, Rolling Meadows, Illinois 60008-4050. You may also revoke your proxy and change your vote at any time by timely mailing a proxy card that is properly signed and dated with a later date than your previous vote, by casting a later dated proxy via the Internet or telephone, or by voting in person at the Annual Meeting.

If you are a beneficial owner of shares held in street name, you must contact the holder of record to revoke a previously authorized proxy. Beneficial owners must have a legal proxy from their broker to vote in person at the Annual Meeting. Attendance at the Annual Meeting will not, by itself, revoke a proxy.

Who will pay the costs of soliciting these proxies?

We will pay the costs of soliciting proxies to be voted at the Annual Meeting. After the Internet Availability Notices are initially distributed, we and our agents may also solicit proxies by mail, electronic mail, telephone or in person. We will also reimburse brokers and other intermediaries for their expenses in sending Internet Availability Notices to beneficial owners. In addition, we have hired Morrow Sodali LLC, 470 West Ave., Stamford, CT 06902, to assist us in soliciting proxies, for which we will pay a fee of \$10,000 plus their reasonable out-of-pocket expenses.

What is the deadline for submitting a stockholder proposal to be included in the 2020 Proxy Statement?

The deadline for submitting a stockholder proposal to be included in our Proxy Statement and proxy card for the 2020 Annual Meeting is close of business on or before November 23, 2019. Such proposals must comply with the requirements of Rule

14a-8 under the Securities Exchange Act of 1934, as amended (the Exchange Act), regarding stockholder proposals to be included in company-sponsored proxy materials. Proposals should be addressed to our Corporate Secretary at 2850 Golf Road, Rolling Meadows, Illinois 60008-4050.

How do I submit a proposal regarding a director nomination or other item of business to be presented directly at the 2020 Annual Meeting?

Under our by-laws, notice of any matter that is not submitted for inclusion in our Proxy Statement and proxy card for the 2020 Annual Meeting under Rule 14a-8, but that a stockholder instead wishes to present directly at the Annual Meeting, including director nominations and other items of business, must be delivered to our Corporate Secretary at 2850 Golf Road, Rolling Meadows, Illinois 60008-4050, not later than the close of business on February 14, 2020 and not earlier than the close of business on January 15, 2020. If the date of the Annual Meeting is more than 30 days before or after May 14, 2020, notice of any such matter must be delivered not earlier than the close of business on the 120th day prior to the date of the 2020 Annual Meeting and not later than the close of business on the later of the 90th day prior to the 2020 Annual Meeting or the 10th day following the date the 2020 Annual Meeting date is publicly announced. For these purposes, close of business means 5:00 p.m. CDT. We will not entertain any nominations or other items of business at the 2020 Annual Meeting that do not meet the requirements in our by-laws. If we do not receive notice of a matter by February 14, 2020 (or the applicable deadline if the 2020 Annual Meeting is more than 30 days before or after May 14, 2020), SEC rules permit the people named as proxy holders on the proxy card to vote proxies in their discretion when and if the matter is raised at the 2020 Annual Meeting. Any stockholder proposal relating to a director nomination should set forth all information relating to such person required to be disclosed in solicitations of proxies for contested director elections under Regulation 14A of the Exchange Act, including, among other things, the particular experience, qualifications, attributes or skills of the nominee that, in light of our business and structure, led to the stockholder's conclusion that the nominee should serve on the Board. The proposal should also include the director nominee's written consent to be named in our Proxy Statement as a nominee and to serve as a director if elected. Stockholders are also advised to review our by-laws, which contain additional disclosure and other requirements regarding the information to be included in the advance notices of stockholder proposals and director nominations.

How do I recommend a proposed director nominee to the Board for consideration?

Any stockholder who wishes to propose director nominees for consideration by the Board's Nominating/Governance Committee, but does not wish to present such proposal at an annual meeting, may do so at any time by directing a description of each nominee's name and qualifications for Board membership to the Chair of the Nominating/Governance Committee, c/o our Corporate Secretary at 2850 Golf Road, Rolling Meadows, Illinois 60008-4050. The recommendation should contain all of the information regarding the nominee described in the question and answer above and in our by-laws relating to director nominations brought before an annual meeting. The Nominating/Governance Committee evaluates nominee proposals submitted by stockholders in the same manner in which it evaluates other nominees.

Where can I find the voting results of the Annual Meeting?

An automated system administered by Broadridge will tabulate the votes. Voting results will be reported in a Current Report on Form 8-K that we will file with the SEC within four business days following the Annual Meeting.

Exhibit A: Information Regarding Non-GAAP Measures

For 2018, the executive compensation performance measures used by the Compensation Committee were adjusted EBITDAC, adjusted EBITDAC per share, and adjusted revenue, in each case for our combined brokerage and risk management segments. The Committee believes that these measures align with the key components of our long-term strategy and drive our long-term stock price performance. Please see page 18 in the body of this Proxy Statement for detailed information regarding these measures. In the context of 2018 compensation decisions, the Committee also considered our adjusted EBITDAC margin and organic revenue performance. For these measures, definitions and GAAP reconciliations are set forth below.

The measures discussed below are not in accordance with, or an alternative to, the GAAP information provided in this Proxy Statement. We believe that these presentations provide useful information to management, analysts and investors regarding financial and business trends relating to Gallagher's results of operations and financial condition. Our industry peers may provide similar supplemental non-GAAP information related to adjusted EBITDAC margin and organic revenues, although they may not use the same or comparable terminology and may not make identical adjustments. The non-GAAP information we provide should be used in addition to, but not as a substitute for, the GAAP information provided in this Proxy Statement. Certain reclassifications have been made to the prior year amounts in order to conform them to the current year presentation.

Adjusted EBITDAC Margin adjusted EBITDAC margin is presented to improve the comparability of our results between periods by eliminating the impact of items that have a high degree of variability.

EBITDAC We define this measure as net earnings before interest, income taxes, depreciation, amortization and the change in estimated acquisition earnout payables.

Adjusted EBITDAC We define this measure as EBITDAC adjusted to exclude net gains realized from sales of books of business, acquisition integration costs for large acquisitions, workforce related charges, lease termination related charges, acquisition-related adjustments and the period-over-period impact of foreign currency translation, as applicable. The amounts excluded with respect to foreign currency translation are calculated by applying current year foreign exchange rates to the same periods in the prior year. Please note that adjusted EBITDAC as defined on page 18 in the context of annual cash incentives and performance share units is the same as this definition, except that it does not exclude acquisition integration costs and other acquisition-related adjustments.

Adjusted EBITDAC margin We define this measure as adjusted EBITDAC divided by total adjusted revenues (see table on the next page).

Organic Revenues For the brokerage segment, organic change in base commission and fee revenues, supplemental revenues and contingent revenues exclude the first twelve months of such revenues generated from acquisitions and such revenues related to operations disposed of in each year presented. These revenues are excluded from organic

revenues in order to help interested persons analyze the revenue growth associated with the operations that were a part of Gallagher in both the current and prior year. In addition, organic change in base commission and fee revenues, supplemental revenues and contingent revenues exclude the period-over-period impact of foreign currency translation. For the risk management segment, organic change in fee revenues excludes the first twelve months of fee revenues generated from acquisitions and the fee revenues related to operations disposed of in each year presented. In addition, change in organic growth excludes the period-over-period impact of foreign currency translation to improve the comparability of our results between periods by eliminating the impact of the items that have a high degree of variability or are due to the limited-time nature of these revenue sources.

These revenue items are excluded from organic revenues in order to determine a comparable, but non-GAAP, measurement of revenue growth that is associated with the revenue sources that are expected to continue in the current year and beyond. We have historically viewed organic revenue growth as an important indicator when assessing and evaluating the performance of our brokerage and risk management segments. We also believe that using this non-GAAP measure allows readers of our financial statements to measure, analyze and compare the growth from our brokerage and risk management segments in a meaningful and consistent manner.
