Section 2 Financial Information

Item 2.02 Results of Operations and Financial Condition.

On April 26, 2006, the Company issued a press release announcing its financial results for the quarter ended March 31, 2006. A copy of the press release is filed as Exhibit 99.1 to this report and is incorporated herein by reference.

The Company provides in the press release earnings before interest, taxes, depreciation and amortization (EBITDA), a non-GAAP financial measure. GAAP refers to accounting principles generally accepted in the United States. The Company believes EBITDA is useful to investors because it is a basis upon which the Company assesses its financial performance, it provides useful information regarding the Company's ability to service its debt and it is a commonly used financial analysis tool for measuring and comparing companies in several areas of liquidity, operating performance and leverage. The Company's management uses this non-GAAP financial measure along with the most directly comparable GAAP financial measures in evaluating the Company's operating performance.

Non-GAAP financial measures should not be considered in isolation from, or as a substitute for, financial information presented in compliance with GAAP, and non-GAAP financial measures as reported by the Company may not be comparable to similarly titled items reported by other companies or the definition used in any of our debt agreements.
