AMERICAN MORTGAGE ACCEPTANCE COMPANY REPORTS FINANCIAL RESULTS FOR THE THIRD QUARTER OF 2005

NEW YORK, NY - NOVEMBER 8, 2005 - American Mortgage Acceptance Company ("AMAC" or the "Company") (AMEX: AMC) today announced financial results for the third quarter and the nine months ended September 30, 2005.

"AMAC performed very well from an operational perspective in the third quarter of 2005. Our loan origination momentum has continued, and as a result, the Company's originations total for first mortgages, mezzanine and bridge loans for the first nine months of 2005 was approximately \$42.5 million, which has tripled from the same period last year," said John A. Garth, Chief Operating Officer of AMAC. "We are particularly proud of our performance, given the rising rate environment and the difficulty that some of our competitors have had over the last quarter, leading to many of them having to cut their dividends. We are still experiencing healthy spreads between our cost of funds and our origination rates on our new mezzanine loans and our pipeline for the remainder of the year is solid. In addition, we have begun to explore several new financing programs that should enable the Company to lower its cost of capital and become more competitive in the mezzanine lending industry."

FINANCIAL HIGHLIGHTS

During September 2005, a Ginnie Mae Certificate ("GNMA") and a mezzanine loan totaling approximately \$24.3 million in principal was prepaid. In connection with the prepayment, AMAC received fees related to the prepayment of approximately \$5.3 million bringing the total proceeds to approximately \$29.6 million. While we received the fees in September, the principal balance on the GNMA certificate, approximately \$21.4 million, was retained by GNMA and we received it in October 2005, GNMA's normal clearing date. AMAC's financial

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form 8-K

results include the incremental impact of this one-time prepayment. Therefore, we are reporting revenues, net income and Funds from Operations both including and excluding the incremental impact of this prepayment.

AMAC reported total revenues of approximately \$12.8 million for the three months ended September 30, 2005, representing an increase of approximately 121.4% as compared to revenues of approximately \$5.8 million for the three months ended September 30, 2004. AMAC's total revenues for the nine months ended September 30, 2005 was approximately \$26.4 million, representing an increase of 58.0% as compared to revenues of approximately \$16.7 million for the nine months ended September 30, 2004.

Adjusted revenues of approximately \$7.4 million for the three months ended September 30, 2005, represented an increase of 27.8% as compared to revenues of approximately \$5.8 million for the three months ended September 30, 2004. AMAC's total adjusted revenues for the nine months ended September 30, 2005 was approximately \$21.0 million, representing an increase of 25.7% as compared to revenues of approximately \$16.7 million for the nine months ended September 30, 2004. The increase in adjusted revenues compared to the third quarter and nine months of 2004 was primarily due to additional investments in debt securities and mortgage loans.

For the three months ended September 30, 2005, AMAC earned net income of approximately \$7.3 million, representing an increase of 125.1% as compared to net income of approximately \$3.2 million for the three months ended September 30, 2004. On a per share basis (basic and diluted), net income was \$0.88 for the three months ended September 30, 2005, representing an increase of 125.6% as compared to net income of \$0.39 for the three months ended September 30, 2004. For the nine months ended September 30, 2005, AMAC earned net income of approximately \$13.2 million, representing an increase of 33.1% as compared to net income of approximately \$9.9 million for the nine months ended September 30, 2004. On a per share basis (basic and diluted), net income was \$1.59 for the nine months ended September 30, 2005, representing an increase of 33.6% as compared to \$1.19 for the nine months ended September 30, 2004.

AMAC earned adjusted net income of approximately \$2.9 million for the three months ended September 30, 2005, representing a decrease of 10.2% as compared to net income of approximately \$3.2 million for the three months ended September 30, 2004. On a per share basis (basic and diluted), adjusted net income was \$0.35 for the three months ended September 30, 2005, representing a decrease of 10.3% as compared to net income of \$0.39 for the three months ended September 30, 2004. For the nine months ended September 30, 2005, AMAC earned adjusted net income of approximately \$8.8 million, representing a decrease of 11.2% as compared to net income of approximately \$9.9 million for the nine months ended September 30, 2004. On a per share basis (basic and diluted), adjusted net income was \$1.06 for the nine months ended September 30, 2005, representing a decrease of 10.9% as compared to net income of \$1.19 for the nine months ended September 30, 2004. Adjusted net income for the three and nine months ended September 30, 2005, was impacted by property-level interest and depreciation recorded on real estate owned in 2005, while significantly less was recognized in the 2004 periods, as well as accounting, administrative and financing costs, which outpaced the income from additional investments.

Funds from Operations ("FFO") for the three months ended September 30, 2005 was approximately \$7.6 million, representing an increase of 131.2% as compared to FFO of approximately \$3.3 million for the three months ended September 30, 2004. On a per share basis (basic and diluted), FFO was \$0.92 for the three months

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form 8-K

ended September 30, 2005, representing an increase of 130.0% as compared to FFO of \$0.40 for the three months ended September 30, 2004. FFO for the nine months ended September 30, 2005 was approximately \$14.2 million, representing an increase of 38.4% as compared to FFO of approximately \$10.3 million for the nine months ended September 30, 2004. On a per share basis (basic and diluted), FFO was \$1.71 for the nine months ended September 30, 2005, representing an increase of 39.0% as compared to FFO of \$1.23 for the nine months ended September 30, 2004.

Adjusted FFO for the three months ended September 30, 2005 was approximately \$3.3 million, representing a decrease of 1.6% as compared to FFO of approximately \$3.3 million for the three months ended September 30, 2004. On a per share basis (basic and diluted), adjusted FFO was \$0.39 for the three months ended September 30, 2005, representing a decrease of 2.5% as compared to FFO of \$0.40 for the three months ended September 30, 2004. Adjusted FFO for the nine months ended September 30, 2005 was approximately \$9.9 million, representing a decrease of 4.3% as compared to FFO of approximately \$10.3 million for the nine months ended September 30, 2004. On a per share basis (basic and diluted), adjusted FFO was \$1.18 for the nine months ended September 30, 2005, representing a decrease of 4.1% as compared to FFO of \$1.23 for the three months ended September 30, 2004. The adjusted FFO results were impacted by the same cost factors that affected adjusted net income results, exclusive of depreciation.

AMAC's present quarterly dividend on an annualized basis is \$1.60 per share, representing an approximate 11.9% yield on the \$13.46 per share closing price on November 7, 2005.

INVESTMENT ACTIVITY

AMAC's investment activity in the third quarter included the partial funding of approximately \$16.1 million of floating rate mezzanine loans, \$13.8 million of which has been funded to date. For the nine months ended September 30, 2005, AMAC has originated approximately \$42.5 million of first mortgages and mezzanine loans, \$36.5 million of which has been funded to date. In addition, for the same time period, the Company has acquired Fannie Mae Certificates with principal amounts totaling approximately \$38.2 million.

SPECIAL DIVIDEND

On October 6, 2005, AMAC Board of Trustees declared a one-time special dividend of \$0.30 per share, which is payable on November 30, 2005, to shareholders of record as of October 31, 2005. This special dividend is in connection with the prepayment of the GNMA certificate and mezzanine loan mentioned above. The Board felt that it was in the best interest of the shareholders and the Company to declare this special distribution, as it will enable AMAC to comply with the REIT distribution requirement.

MANAGEMENT CONFERENCE CALL

Management will conduct a conference call today to review the Company's third quarter financial results for the period ended September 30, 2005. The conference call is scheduled for 11:00 a.m. Eastern Time. Callers will be invited to ask questions. Investors, brokers, analysts, and shareholders wishing to participate should call (800) 967-7135. For interested individuals unable to join the conference call, a replay of the call will be available through Saturday, November 12, 2005, at (888) 203-1112 (Passcode 9491133) or on our

Edgar Filing: AMERICAN MORTGAGE ACCEPTANCE CO - Form 8-K

website, www.americanmortgageco.com, through Tuesday, November 22, 2005.

SUPPLEMENTAL FINANCIAL INFORMATION

For more detailed financial information, please access the Supplemental Financial Package, which will be available in the Investor Relations section of the AMAC website at www.americanmortgageco.com.

ABOUT THE COMPANY

AMAC is a real estate investment trust that specializes in commercial real estate finance. AMAC originates and acquires mezzanine loans, bridge loans, and government-insured first mortgages secured by properties throughout the United States. For more information, please visit our website at www.americanmortgageco.com or contact the Shareholder Services Department directly at (800) 831-4826.

Diluted	8,314	8,336	8,323	8,3

* Excludes incremental impact of GNMA Certificate and Mezzanine Loan investment prepayments.

(1) FFO represents net income or loss (computed in accordance with generally accepted accounting principles ("GAAP")), excluding gains (or losses) from sales of property, excluding depreciation and amortization related to real property and including funds from operations for unconsolidated joint ventures calculated on the same basis. AMAC calculates FFO in accordance with the NAREIT definition. FFO does not represent cash generated from operating activities in accordance with GAAP and is not necessarily indicative of cash available to fund cash needs. FFO should not be considered as an alternative to net income as an indicator of the Company's operating performance or as an alternative to cash flows as a measure of liquidity. Management considers FFO a supplemental measure of operating performance, and, along with cash flows from operating activities, financing activities, and investing activities, it provides investors with an indication of the ability of the Company to incur and service debt, to make capital expenditures, and to fund other cash needs. Since not all companies calculate FFO in a similar fashion, our calculation presented above may not be comparable to similarly titled measures reported by other companies.
