Item 6. Contracts, Arrangements, Understandings or Relationships with Respect to Securities of the Issuer

Securityholders Agreement

In connection with the initial public offering (the "Offering") of the Issuer's Class A Subordinate Voting Shares, on June 28, 2010, the Issuer and the original holders of its Class B Shares, School S.à.r.l., Intel Corporation, a Delaware corporation ("Intel"), and IFF Holdings Inc., an Alberta corporation ("IFF"), entered into a securityholders agreement which provides that the holders of the Issuer's Class B Shares shall, until the termination of the securityholders agreement, vote their Class B Shares so as to ensure that the Issuer's Board of Directors consists of a total of seven directors, with two directors nominated by IFF and one director nominated by each of School S.à.r.l. and Intel. The securityholders agreement also prohibits any amendment of the Issuer's articles of incorporation or by-laws without the unanimous consent of the holders of the Issuer's Class B Shares.

The securityholders agreement terminates, with respect to each of the original holders of the Issuer's Class B Shares, and with respect to all other holders of Class B Shares, if any, that are permitted holders of the Class B Shares of such original holder, which generally refer to certain entities controlled by that original holder, on the date on which such original holder and such permitted holders collectively hold Class B Shares constituting less than 10% of the total number of outstanding Class B Shares and Class A Subordinate Voting Shares. The securityholders agreement will also terminate if there is only one Class B shareholder or if the holders of the Issuer's Class B Shares agree to terminate the securityholders agreement.

Registration Rights Agreement

In connection with the investment in the Issuer by School S.à.r.l. in 2007, the Issuer entered into a registration rights agreement with Intel, School S.à.r.l. and IFF on August 28, 2007, which agreement was amended and restated on June 28, 2010 in connection with the Offering. Those holders of the Issuer's outstanding Class B Shares are entitled under the amended and restated registration rights agreement to certain rights with respect to the registration under the securities laws of the United States and/or the securities laws of the provinces and territories of Canada of the Class A Subordinate Voting Shares owned beneficially by them upon the closing of the Offering or into which Class B Shares owned beneficially by them upon the closing of the Offering are convertible ("registrable securities") as follows:

Underwritten Demand Registration Rights

Pursuant to the registration rights agreement, each of Intel, School S.à.r.l. and IFF may request that the Issuer register for an underwritten offering no less than \$50 million of registrable securities, referred to as "underwritten demands." Upon such request, the Issuer must, subject to some restrictions and limitations, prepare and file a registration statement in the United States and/or a Canadian prospectus within the time periods specified in the registration rights agreement and use commercially reasonable efforts to cause that registration statement or Canadian prospectus covering the sale of the number of shares of registrable securities that are subject to the request to become effective or cleared by the applicable Canadian Securities Commissions. The underwriters of an underwritten offering will have the right to limit the number of shares to be underwritten, subject to certain restrictions, for reasons relating to the marketing of the shares.

Shelf Registration Rights

Pursuant to the registration rights agreement, each of School S.à.r.l., Intel and IFF may request that the Issuer use commercially reasonable efforts to file a shelf registration statement and/or Canadian base shelf prospectus covering the resale of no less than \$50 million of registrable securities. Upon such request, the Issuer must, subject to some restrictions and limitations, prepare and file a shelf registration statement in the United States and/or a Canadian base shelf prospectus within the time periods specified in the registration rights agreement and use commercially reasonable efforts to cause that registration statement or Canadian prospectus covering the sale of the number of shares of registrable securities that are subject to the request to become effective or cleared by the applicable Canadian Securities Commissions.

Each of School S.à.r.l., Intel and IFF is entitled to request that the Issuer effect underwritten offerings pursuant to such shelf registration statement or Canadian base shelf prospectus, referred to as "underwritten takedowns." Each of Intel, School S.à.r.l. and IFF is entitled to request no more than a total of three underwritten demands or underwritten takedowns, including a combination thereof. The underwriters of an underwritten offering will have the right to limit the number of shares to be underwritten, subject to certain restrictions, for reasons relating to the marketing of the shares.

Piggyback Registration Rights

Subject to certain exceptions, if the Issuer proposes to register any of its Class A Subordinate Voting Shares or equity securities convertible into or exchangeable for its Class A Subordinate Voting Shares under the U.S. Securities Act of 1933, as amended (the “Securities Act”), or the securities laws of any province of Canada, whether for the Issuer’s own account or the account of any other securityholder of the Issuer, the holders of registrable securities will be entitled to notice of the registration and to include their shares of registrable securities in the registration. If the Issuer’s proposed registration involves an underwriting, the underwriters of such offering will have the right to limit the number of shares to be underwritten, subject to certain restrictions, for reasons relating to the marketing of the shares.

Expenses

The Company will bear all its costs and expenses in connection with the registrations described above. The Company also agreed to pay up to an aggregate of \$150,000 of the costs and expenses (excluding underwriting discounts, selling commissions and stock transfer taxes relating to the registrable securities sold by the holders, which will be paid by such holders) incurred by Intel, School S.à.r.l. and IFF per underwritten demand registration, underwritten shelf takedown and underwritten piggyback registration and up to an aggregate of \$100,000 per each other registration. Additionally, the Issuer has agreed to indemnify the selling shareholders under the registration rights agreement against certain liabilities, and the selling shareholders have agreed on customary terms to indemnify the Issuer for certain liabilities, including liabilities under the Securities Act.

Termination

The rights of any holder to request registration or inclusion of registrable securities in any registration in connection with the registration rights agreement terminates on the earliest to occur of: (i) the registration and sale of all such holder’s registrable securities, (ii) the sale of all such holder’s registrable securities pursuant to Rule 144 under the Securities Act and the removal of restrictive legends from such registrable securities and (iii) the date on which, in the written opinion of counsel to the Issuer, all the registrable securities of such holder are immediately saleable without volume restriction or availability of current public information under Rule 144 under the Securities Act and the restrictive legend on such registrable securities has been removed and, under Canadian securities laws, a distribution by such holder of registrable securities would not be considered a “Control Distribution” (as defined in National Instrument 45-102 – Resale of Securities).

The foregoing summaries of the securityholders agreement and the registration rights agreement are not intended to be complete and are qualified in their entirety by reference to the full text of the form of the securityholders agreement and the form of the registration rights agreement, which are attached hereto as Exhibits 2 and 3, respectively, and are incorporated herein by reference.

Except as described above, there are no contracts, arrangements, understandings or relationships (legal or otherwise) among the persons named in Item 2 hereof and between such persons and any person with respect to any securities of the Issuer.
