As previously announced, effective October 1, 2012, GE reorganized its Energy Infrastructure businesses into three stand-alone businesses – Power & Water, Oil & Gas and Energy Management. During the fourth quarter of 2012, GE also reorganized its Home & Business Solutions segment to transfer its Intelligent Platforms business to Energy Management.

As a result of this reorganization, our eight operating segments as of October 1, 2012, are as follows:

- Power & Water – our Power & Water business previously in Energy Infrastructure
 - Oil & Gas – our Oil & Gas business previously in Energy Infrastructure
- Energy Management – our Energy Management business previously in Energy Infrastructure and our Intelligent Platforms business previously in Home & Business Solutions
 - Home & Business Solutions – our Appliances and Lighting businesses
 - Aviation – unchanged
 - Healthcare – unchanged
 - Transportation – unchanged
 - GE Capital – unchanged

In this Form 8-K, we are providing prior-period reclassified segment information resulting from these organizational changes. GE's consolidated financial statements covering periods beginning on October 1, 2012 will reflect modifications to our previous reportable segments resulting from this reorganization, including reclassification of all comparative prior period segment information.

The information furnished pursuant to Item 7.01, including Exhibit 99, shall not be deemed “filed” for purposes of Section 18 of the Securities Exchange Act of 1934 (the “Exchange Act”) or otherwise subject to the liabilities under that Section and shall not be deemed to be incorporated by reference into any filing of the Company under the Securities Act of 1933 or the Exchange Act.
