**Preparation of Interim Financial Statements**

The accompanying consolidated financial statements were prepared by iHeartCommunications, Inc. (the “Company”) pursuant to the rules and regulations of the Securities and Exchange Commission (“SEC”) and, in the opinion of management, include all normal and recurring adjustments necessary to present fairly the results of the interim periods shown. Certain information and footnote disclosures normally included in financial statements prepared in accordance with U.S. generally accepted accounting principles (“GAAP”) have been condensed or omitted pursuant to such SEC rules and regulations. The consolidated financial statements include the accounts of the Company and its subsidiaries. Investments in companies in which the Company owns 20 percent to 50 percent of the voting common stock or otherwise exercises significant influence over operating and financial policies of the Company are accounted for under the equity method. All significant intercompany transactions are eliminated in the consolidation process. Certain prior-period amounts have been reclassified to conform to the 2014 presentation.

This update provides guidance for the recognition, measurement and disclosure of obligations resulting from joint and several liability arrangements for which the total amount of the obligation within the scope of this guidance is fixed at the reporting date. The amendments are effective for fiscal years (and interim periods within) beginning after December 15, 2013 and are to be applied retrospectively to all prior periods presented for such obligations that exist at the beginning of an entity’s fiscal year of adoption. **IHEARTCOMMUNICATIONS, INC. AND SUBSIDIARIES**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)**

**(UNAUDITED)**

During the first quarter of 2014, the Company adopted the FASB's ASU No. 2013-05, *Parent's Accounting for the Cumulative Translation Adjustment upon Derecognition of Certain Subsidiaries or Groups of Assets within a Foreign Entity of an Investment in a Foreign Entity*. The amendments are effective prospectively for the fiscal years (and interim periods within) beginning after December 15, 2013 and provide clarification guidance for the release of the cumulative translation adjustment under current U.S. GAAP. The adoption of this guidance did not have a material effect on the Company's consolidated financial statements

During the first quarter of 2014, the Company adopted the FASB's ASU No. 2013-11, *Presentation of an Unrecognized Tax Benefit When a Net Operating Loss Carryforward, a Similar Tax Loss, or a Tax Credit Carryforward Exists*. This update requires unrecognized tax benefits to be offset against a deferred tax asset for a net operating loss carryforward, similar tax loss or tax credit carryforward in certain situations. The amendments are effective prospectively for the fiscal years (and interim periods within) beginning after December 15, 2013. The adoption of this guidance did not have a material effect on the Company's consolidated financial statements.

During the second quarter of 2014, the FASB issued ASU No. 2014-09, *Revenue from Contracts with Customers*. This new standard provides guidance for the recognition, measurement and disclosure of revenue resulting from contracts with customers and will supersede virtually all of the current revenue recognition guidance under U.S. GAAP. The standard is effective for the first interim period within annual reporting periods beginning after December 15, 2016. The Company is currently evaluating the impact of the provisions of this new standard on its financial position and results of operations.

During the third quarter of 2014, the FASB issued ASU No. 2014-12, *Accounting for Share-Based Payments When the Terms of an Award Provide That a Performance Target Could Be Achieved after the Requisite Service Period*. This new standard clarifies that a performance target in a share-based compensation award that could be achieved after an employee completes the requisite service period should be treated as a performance condition that affects the vesting of the award. The standard is effective for annual periods and interim periods within those annual periods, beginning after December 15, 2015. The Company is currently evaluating the impact of the provisions of this new standard on its financial position and results of operations.

**Indefinite-lived Intangible Assets**

The Company's indefinite-lived intangible assets consist of Federal Communications Commission ("FCC") broadcast licenses in its iHeartMedia ("iHM") segment and billboard permits in its Americas outdoor advertising segment. Due to significant differences in both business practices and regulations, billboards in the International outdoor advertising segment are subject to long-term, finite contracts unlike the Company's permits in the United States and Canada. Accordingly, there are no indefinite-lived intangible assets in the International outdoor advertising segment.

**Other Intangible Assets**

Other intangible assets include definite-lived intangible assets and permanent easements. The Company's definite-lived intangible assets include primarily transit and street furniture contracts, talent and representation contracts, customer and advertiser relationships, and site-leases, all of which are amortized over the respective lives of the agreements, or over the period of time the assets are expected to contribute directly or indirectly to the Company's future cash flows. Permanent easements are indefinite-lived intangible assets which include certain rights to use real property not owned by the Company. The Company periodically reviews the appropriateness of the amortization periods related to its definite-lived intangible assets. These assets are recorded at cost.

The Company is the beneficiary of Aloha Station Trust, LLC (the "Aloha Trust"), which owns and operates radio stations which the Aloha Trust is required to divest in order to comply with Federal Communication Commission ("FCC") media ownership rules, and which are being marketed for sale. During the three months ended September 30, 2014, the Aloha Trust completed a transaction in which it exchanged two radio stations for a portfolio of 29 radio stations. In this transaction the Company received 28 radio stations. One radio station was placed into the Brunswick Station Trust, LLC in order to comply with FCC media ownership rules where it is being marketed for sale, and the Company is the beneficiary of this trust. The exchange was accounted for at fair value in accordance with ASC 805, *Business Combinations* resulting in the recognition of \$28.8 million of goodwill. The disposal of these radio stations resulted in a gain on sale of \$43.5 million, which is included in Other operating income.

**9.0% Priority Guarantee Notes due 2022 Issuance**

On September 10, 2014, the Company issued \$750.0 million aggregate principal amount of 9.0% Priority Guarantee Notes due 2022 at par. The notes issued on September 10, 2014 and the subsequent notes issued on September 29, 2014 have identical terms and are treated as a single class of notes (the "2022 Priority Guarantee Notes"). The Company used the net proceeds from the issuances to prepay Term Loans due 2016.

The 2022 Priority Guarantee Notes mature on September 15, 2022 and bear interest at a rate of 9.0% per annum, payable semi-annually in arrears on March 15 and September 15 of each year, beginning on March 15, 2015. The 2022 Priority Guarantee Notes and the guarantors' obligations under the guarantees are secured by (i) a lien on (a) the capital stock of the Company and (b) certain property and related assets that do not constitute "principal property" (as defined in the indenture governing certain legacy notes of the Company), in each case equal in priority to the liens securing the obligations under the Company's senior secured credit facilities and existing priority guarantee notes, subject to certain exceptions, and (ii) a lien on the accounts receivable and related assets securing the Company's receivables based credit facility junior in priority to the lien securing the Company's obligations thereunder, subject to certain exceptions.

The indenture governing the 2022 Priority Guarantee Notes contains covenants that limit the Company's ability and the ability of its restricted subsidiaries to, among other things: (i) pay dividends, redeem stock or make other distributions or investments; (ii) incur additional debt or issue certain preferred stock; (iii) transfer or sell assets; (iv) engage in certain transactions with affiliates; (v) create restrictions on dividends or other payments by the restricted subsidiaries; and (vi) merge, consolidate or sell substantially all of the Company's assets. The indenture contains covenants that limit the Parent Company's and the Company's ability and the ability of their restricted subsidiaries to, among other things: (i) create liens on assets and (ii) materially impair the value of the security interests taken with respect to the collateral for the benefit of the notes' collateral agent and the holders of the 2022 Priority Guarantee Notes. **IHEARTCOMMUNICATIONS, INC. AND SUBSIDIARIES****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)****(UNAUDITED)**

The effective tax rates for the three and nine months ended September 30, 2014 were (29.2)% and (14.9)%, respectively. The effective tax rates for the three and nine months ended September 30, 2014 were primarily impacted by the valuation allowance required for deferred tax assets originating in the current year and recorded during the periods as additional deferred tax expense. The valuation allowance was recorded against a portion of the U.S. Federal and State net operating losses due to the uncertainty of the ability to utilize those losses in future periods.

The effective tax rates for the three and nine months ended September 30, 2013 were 44.5% and 36.1%, respectively. The effective tax rates for the three and nine months ended September 30, 2013 were primarily impacted by the cancellation of indebtedness income recognized during the periods and the Company's inability to record tax benefit on tax losses in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future years.

**Supplemental Cash Flow Information**

During the nine months ended September 30, 2014 and 2013, cash paid for interest and income taxes, net of income tax refunds of \$6.0 million and \$1.4 million, respectively, was as follows:

<i>(In thousands)</i>	Nine Months Ended September 30,

**Australian Radio Network**

The Company owned a 50% interest in Australian Radio Network ("ARN"), an Australian company that owns and operates radio stations in Australia and New Zealand. An impairment charge of \$95.4 million was recorded during the fourth quarter of 2013 to write down the investment to its estimated fair value. On February 18, 2014, a subsidiary of the Company sold its 50% interest in ARN, recognizing a loss on the sale of \$2.4 million and \$11.5 million of foreign exchange losses that were reclassified from accumulated other comprehensive income at the date of the sale.

**Other Comprehensive Income (Loss)**

The following table discloses the deferred income tax (asset) liability related to each component of other comprehensive income (loss) for the three and nine months ended September 30, 2014 and 2013, respectively:

#### **NOTE 5 – COMMITMENTS AND CONTINGENCIES**

The Company and its subsidiaries are involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued an estimate of the probable costs for the resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in the Company's assumptions or the effectiveness of the Company's strategies related to these proceedings. Additionally, due to the inherent uncertainty of litigation, there can be no assurance that the resolution of any particular claim or proceeding would not have a material adverse effect on the Company's financial condition or results of operations.

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (CONTINUED)**

**(UNAUDITED)**

Although the Company is involved in a variety of legal proceedings in the ordinary course of business, a large portion of the Company's litigation arises in the following contexts: commercial disputes; defamation matters; employment and benefits related claims; governmental fines; intellectual property claims; and tax disputes.

**Los Angeles Litigation**

In 2008, Summit Media, LLC, one of the Company's competitors, sued the City of Los Angeles (the "City"), Clear Channel Outdoor, Inc. and CBS Outdoor in Los Angeles Superior Court (Case No. BS116611) challenging the validity of a settlement agreement that had been entered into in November 2006 among the parties and pursuant to which Clear Channel Outdoor, Inc. had taken down existing billboards and converted 83 existing signs from static displays to digital displays. In 2009 the Los Angeles Superior Court ruled that the settlement agreement constituted an ultra vires act of the City, and nullified its existence. After further proceedings, on April 12, 2013 the Los Angeles Superior Court invalidated 82 digital modernization permits issued to Clear Channel Outdoor, Inc. (77 of which displays were operating at the time of the ruling), and Clear Channel Outdoor, Inc. was required to turn off the electrical power to all affected digital displays on April 15, 2013. The digital display structures remain intact but digital displays are currently prohibited in the City. Clear Channel Outdoor, Inc. is seeking permits under the existing City sign code to either wrap the LED faces with vinyl or convert the LED faces to traditional static signs, and has obtained a number of such permits. Clear Channel Outdoor, Inc. is also pursuing a new ordinance to permit digital signage in the City.

**NOTE 6 - GUARANTEES**

As of September 30, 2014, the Company had outstanding surety bonds and commercial standby letters of credit of \$46.8 million and \$110.0 million, respectively. These letters of credit and surety bonds relate to various operational matters including insurance, bid, and performance bonds as well as other items.

As of September 30, 2014, the Company had outstanding bank guarantees of \$55.9 million related to international subsidiaries, of which \$15.1 million were backed by cash collateral.

**NOTE 7 – CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS**

The Company is a party to a management agreement with certain affiliates of the Sponsors and certain other parties pursuant to which such affiliates of the Sponsors will provide management and financial advisory services until 2018.

These agreements require management fees to be paid to such affiliates of the Sponsors for such services at a rate not greater than \$15.0 million per year, plus reimbursable expenses. For the three months ended September 30, 2014 and 2013, the Company recognized management fees and reimbursable expenses of \$3.7 million and \$3.8 million, respectively. For the nine months ended September 30, 2014 and 2013, the Company recognized management fees and reimbursable expenses of \$11.3 million and \$11.9 million, respectively.

(“CCOH”) have granted options to purchase shares of their Class A common stock to certain key individuals, as well as restricted stock and restricted stock units.

On August 11, 2014, CCOH (1) demanded repayment of \$175 million outstanding under the Revolving Promissory Note with the Company (the “Due from iHeartCommunications Note”) and (2) concurrently paid a special cash dividend in an aggregate amount equal to \$175 million (or \$0.4865 per share) to its Class A and Class B stockholders of record at the close of business on August 4, 2014. As the indirect parent of CCOH, the Company received approximately 88% of the proceeds from such dividend through its wholly-owned subsidiaries. The remaining approximately 12% of the proceeds from the dividend, or approximately \$21 million, was paid to the public stockholders of CCOH and is included in Dividends and other payments to noncontrolling interests in the Company’s consolidated statement of cash flows. Following satisfaction of the demand, the balance outstanding under the Due from iHeartCommunications Note was reduced by \$175 million.

## ITEM 2. MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS

### Format of Presentation

On September 16, 2014, CC Media Holdings, Inc., the parent company of iHeartCommunications, Inc. (formerly known as Clear Channel Communications, Inc.), issued a press release that announced a change of its name to “iHeartMedia, Inc.” and a change to the names of certain of its affiliates, including as follows:

<b>Old Name:</b>	<b>New Name:</b>
Clear Channel Capital I, LLC	iHeartMedia Capital I, LLC
Clear Channel Capital II, LLC	iHeartMedia Capital II, LLC
Clear Channel Communications, Inc.	iHeartCommunications, Inc.
Clear Channel Management Services, Inc.	iHeartMedia Management Services, Inc.
Clear Channel Broadcasting, Inc.	iHeartMedia + Entertainment, Inc.
Clear Channel Identity, Inc.	iHM Identity, Inc.
Clear Channel Satellite Services Inc.	iHeartMedia Satellite Services, Inc.

Clear Channel Outdoor Holdings, Inc., an indirect subsidiary of the Company, retains its existing name.

Management’s discussion and analysis of our financial condition and results of operations (“MD&A”) should be read in conjunction with the consolidated financial statements and related footnotes. Our discussion is presented on both a consolidated and segment basis. All references in this Quarterly Report on Form 10-Q to “we,” “us” and “our” refer to iHeartCommunications, Inc. and its consolidated subsidiaries. Our reportable segments are iHeartMedia (“iHM”), Americas outdoor advertising (“Americas outdoor” or “Americas outdoor advertising”) and International outdoor advertising (“International outdoor” or “International outdoor advertising”). Our iHM segment provides media and entertainment services via broadcast and digital delivery and also includes our national syndication business. Our Americas outdoor and International outdoor segments provide outdoor advertising services in their respective geographic regions using various digital and traditional display types. Included in the “Other” category are our media representation business, Katz Media Group, as well as other general support services and initiatives, which are ancillary to our other businesses. Certain prior-period amounts have been reclassified to conform to the 2014 presentation.

We manage our operating segments primarily focusing on their operating income, while Corporate expenses, Other operating income (expense), net, Interest expense, Gain on marketable securities, Equity in earnings of nonconsolidated affiliates, Other income (expense), net and Income tax benefit are managed on a total company basis and are, therefore, included only in our discussion of consolidated results.

Our iHM business utilizes several key measurements to analyze performance, including average minute rates and minutes sold. Our iHM revenue is derived primarily from selling advertising time, or spots, on our radio stations, with advertising contracts typically less than one year in duration. The programming formats of our radio stations are designed to reach audiences with targeted demographic characteristics that appeal to our advertisers. We also provide streaming content via the Internet, mobile and other digital platforms which reach national, regional and local audiences and derive revenues primarily from selling advertising time with advertising contracts similar to those used by our radio stations.

Management typically monitors our Americas outdoor and International outdoor advertising businesses by reviewing the average rates, average revenue per display, occupancy and inventory levels of each of our display types by market. Our outdoor advertising revenue is derived from selling advertising space on the displays we own or operate in key markets worldwide, consisting primarily of billboards, street furniture and transit displays. Part of our long-term strategy for our Americas outdoor and International outdoor advertising businesses is to pursue the technology of digital displays, including flat screens, LCDs and LEDs, as additions to traditional methods of displaying our clients' advertisements. We are currently installing these technologies in certain markets.

Our advertising revenue for all of our segments is highly correlated to changes in gross domestic product ("GDP") as advertising spending has historically trended in line with GDP, both domestically and internationally. Internationally, our results are impacted by fluctuations in foreign currency exchange rates and economic conditions in the foreign markets in which we have operations.

## Executive Summary

The key developments in our business for the three months ended September 30, 2014 are summarized below:

- Consolidated revenue increased \$42.5 million including an increase of \$0.6 million from movements in foreign exchange during the three months ended September 30, 2014 compared to the same period of 2013. Excluding foreign exchange impacts, consolidated revenue increased \$41.9 million over the comparable three-month period of 2013.
- iHM revenue increased \$6.6 million during the three months ended September 30, 2014 compared to the same period of 2013 primarily driven by core national broadcast radio, political advertising, and traffic and weather services. These increases were partially offset by lower core local broadcast radio revenues.
- Americas outdoor revenue decreased \$1.8 million including a decrease of \$0.5 million from movements in foreign exchange during the three months ended September 30, 2014 compared to the same period of 2013. Excluding foreign exchange impacts, revenue decreased \$1.3 million over the comparable three-month period of 2013 primarily driven by lower spending by national accounts.
- International outdoor revenue increased \$21.6 million including an increase of \$1.1 million from movements in foreign exchange during the three months ended September 30, 2014 compared to the same period of 2013. Excluding foreign exchange impacts, revenue increased \$20.5 million over the comparable three-month period of 2013 primarily driven by growth in both western Europe and emerging markets.
- Revenues in our Other category increased \$16.3 million during the three months ended September 30, 2014 compared to the same period of 2013 primarily as a result of a contract termination fee of \$12 million earned by our media representation business and higher political revenues.
- During the third quarter of 2014, we spent \$17.8 million on strategic revenue and efficiency initiatives to realign and improve our on-going business operations—an increase of \$0.3 million compared to the third quarter of 2013.
- In August 2014, we retired \$222.2 million of our long-term debt through the issuance of 14.0% Senior Notes due 2021 and the redemption of all of the outstanding \$94.3 million of Senior Cash Pay Notes due 2016 and \$127.9 million of Senior Toggle Notes due 2016.
- In September 2014, we issued and sold \$1,000 million in 9.0% Priority Guarantee Notes due 2022 and used the net proceeds to prepay at par \$974.9 million of the loans outstanding under our Term Loan B facility and \$16.1 million of the loans outstanding under our Term Loan C-asset sale facility.

Americas outdoor revenue decreased \$35.4 million including negative movements in foreign exchange of \$2.3 million compared to the same period of 2013. Excluding the

impact of foreign exchange movements, Americas outdoor revenue decreased \$33.1 million primarily driven by lower revenues in our Los Angeles market as a result of the impact of litigation, and lower revenues generated by national accounts and the nonrenewal of certain airport contracts. Our International outdoor revenue increased \$54.6 million including positive movements in foreign exchange of \$13.8 million compared to the same period of 2013. Excluding the impact of foreign exchange movements, International outdoor revenue increased \$40.8 million primarily driven by growth resulting from new contracts and from growth in emerging markets, partially offset by declines in certain countries. Excluding the impact of foreign exchange movements, direct operating expenses in our Americas outdoor segment increased \$0.2 million. Excluding the impact of foreign exchange movements, consolidated direct operating expenses decreased \$1.5 million. Our iHM direct operating expenses decreased \$6.4 million compared to the first nine months of 2013, primarily resulting from lower costs in our national syndication business partially offset by higher sports programming costs, and higher digital streaming expenses resulting from increased listening hours. Direct operating expenses in our Americas outdoor segment decreased \$5.9 million including a decrease of \$1.7 million from movements in foreign exchange compared to the same period of 2013. Excluding the impact of foreign exchange movements, direct operating expenses in our Americas outdoor segment decreased \$4.2 million, primarily due to site lease expenses related to the decrease in revenues and from the nonrenewal of certain airport contracts. SG&A expenses decreased \$0.5 million in our Americas outdoor segment including a decrease of \$0.1 million from movements in foreign exchange compared to the same period of 2013. Excluding the impact of foreign exchange movements, Americas outdoor SG&A expenses decreased \$0.4 million. Our International outdoor SG&A expenses increased \$8.7 million including an increase of \$0.2 million from movements in foreign exchange compared to the same period of 2013. Excluding the impact of foreign exchange movements, SG&A expenses in our International outdoor segment increased \$8.5 million compared to the same period of 2013 primarily due to higher expenses from investing in digital sales force, as well as higher compensation related to higher revenues.

Consolidated SG&A expenses during the first nine months of 2014 increased \$40.0 million including an increase of \$1.6 million from movements in foreign exchange compared to the same period of 2013. Excluding the impact of foreign exchange movements, SG&A expenses in our Americas outdoor segment decreased \$6.1 million primarily due to lower commission expense in connection with lower revenues, property tax refunds, and lower legal costs related to the Los Angeles litigation discussed further in Item 1 of Part II of this Quarterly Report on Form 10-Q. Our International outdoor SG&A expenses increased \$15.3 million including a \$1.9 million increase due to the effects of movements in foreign exchange compared to the same period of 2013. Excluding the impact of foreign exchange movements, SG&A expenses in our

International outdoor segment increased \$13.4 million primarily due to higher compensation in connection with higher revenues, as well as higher litigation expenses.

### ***Corporate Expenses***

Corporate expenses decreased \$11.4 million during the third quarter of 2014 compared to the same period of 2013 primarily driven by lower litigation expenses, lower compensation expenses including amounts related to our variable compensation plans and \$7.8 million in executive transition costs that were recognized in the third quarter of 2013 related to the transition of the prior CFO.

Corporate expenses decreased \$12.6 million during the first nine months of 2014 compared to the same period of 2013 primarily due to lower litigation expenses, the impact of \$7.8 million in executive transition costs that were recognized in the third quarter of 2013 and an \$8.5 million credit for the realization of an insurance recovery related to litigation filed by stockholders of Clear Channel Outdoor Holdings, Inc. (“CCOH”), an indirect non-wholly owned subsidiary of ours. The litigation settled during the fourth quarter of 2013. For more information about the matter, please refer to Item 3 of Part I in our Annual Report on Form 10-K for the year ended December 31, 2013.

### ***Revenue and Efficiency Initiatives***

Included in the amounts for direct operating expenses, SG&A and corporate expenses discussed above are expenses of \$17.8 million and \$51.6 million incurred in connection with our strategic revenue and efficiency initiatives during the three and nine months ended September 30, 2014, respectively. The costs were incurred to improve revenue growth, enhance yield, reduce costs, and organize each business to maximize performance and profitability. These costs consist primarily of consolidation of locations and positions, severance related to workforce initiatives, consulting expenses, and other costs incurred in connection with improving our businesses. These costs are expected to provide benefits in future periods as the initiative results are realized.

Of the strategic revenue and efficiency costs of \$17.8 million during the third quarter of 2014, \$3.4 million are reported within direct operating expenses, \$6.3 million are reported within SG&A and \$8.1 million are reported within corporate expense. In the third quarter of 2013, such costs totaled \$6.4 million, \$3.4 million and \$7.7 million, respectively. Of these costs during the nine months ended September 30, 2014, \$7.8 million are reported within direct operating expenses, \$18.3 million are reported within SG&A and \$25.5 million are reported within corporate expense compared to \$11.1 million, \$14.3 million and \$15.0 million, respectively, in the same period of 2013.

### ***Depreciation and Amortization***

Depreciation and amortization decreased \$1.5 million and \$14.4 million during the three and nine months ended September 30, 2014, respectively, compared to the same periods of 2013. The decreases were primarily due to assets becoming fully depreciated since September 2013.

***Other Operating Income (Expense), Net***

Other operating income of \$47.2 million and \$45.7 million for the three and nine months ended September 30, 2014, respectively, and \$6.2 million and \$9.7 million for the three and nine months ended September 30, 2013, respectively. The increase in Other operating income relates primarily to a non-cash gain of \$43.5 million recognized during the three months ended September 30, 2014 related to the sale of non-core radio stations in exchange for a portfolio of 29 stations in five markets.

***Interest Expense***

Interest expense decreased \$5.8 million during the three months ended September 30, 2014 compared to the same period of 2013, due to lower amortization of debt discount as a result of 2014 refinancing transactions discussed under “Liquidity and Capital Resources-Sources of Capital” and “Liquidity and Capital Resources-Uses of Capital”, partially offset by the impact of a higher weighted average cost of debt. Interest expense increased \$72.9 million during the nine months ended September 30, 2014 compared to the same period of 2013, primarily due to the weighted average cost of debt increasing as a result of debt refinancings that occurred since September 2013.

***Gain on Marketable Securities***

The gain on marketable securities of \$130.9 million for the nine months ended September 30, 2013 resulted from the sale of the shares we held in Sirius XM Radio, Inc. during the second quarter of 2013.

***Equity in Earnings (Loss) of Nonconsolidated Affiliates***

The loss of \$9.4 million during the nine months ended September 30, 2014 primarily related to the \$4.5 million gain on the sale of our 50% interest in Buspak in the third quarter, offset by the first quarter 2014 sale of our 50% interest in ARN, which included a loss on the sale of \$2.4 million and \$11.5 million of foreign exchange losses that were reclassified from accumulated other comprehensive income at the date of the sale.

***Loss on Extinguishment of Debt***

In September of 2014, the Company prepaid \$974.9 million of the loans outstanding under its Term Loan B facility and \$16.1 million of the loans outstanding under its Term Loan C-asset sale facility. In connection with these transactions, we recognized a loss of \$4.8 million for the three months ended September 30, 2014.

During June 2014, the Company redeemed \$567.1 million aggregate principal amount of our outstanding 5.5% Senior Notes due 2014 and \$241.0 million aggregate principal amount of our outstanding 4.9% Senior Notes due 2015. In connection with these transactions, we recognized a loss of \$47.5 million for the three months ended June 30, 2014.

During the first quarter of 2014, CC Finco, LLC ("CC Finco"), an indirect wholly-owned subsidiary of ours, repurchased \$52.9 million aggregate principal amount of our outstanding 5.5% Senior Notes due 2014 and \$9.0 million aggregate principal amount of our outstanding 4.9% Senior Notes due 2015 for a total of \$63.1 million, including accrued interest, through open market purchases. In connection with these transactions, we recognized a loss of \$3.9 million.

In connection with the prepayment of Term Loan A of our senior secured credit facilities during the first quarter of 2013, we recognized a loss of \$3.9 million due to the write-off of deferred loan costs.

***Income Tax Benefit (Expense)***

The effective tax rates for the three and nine months ended September 30, 2014 were (29.2)% and (14.9)%, respectively. The effective tax rates for the three and nine months ended September 30, 2014 were primarily impacted by the valuation allowance required for deferred tax assets originating in the current year and recorded during the periods as additional deferred tax expense. The valuation allowance was recorded against a portion of the U.S. Federal and State net operating losses due to the uncertainty of the ability to utilize those losses in future periods.

Our effective tax rates for the three and nine months ended September 30, 2013 were 44.5% and 36.1%, respectively. The effective tax rates for the three and nine months ended September 30, 2013 were primarily impacted by the cancellation of indebtedness income recognized during the periods and our inability to record tax benefit on tax losses

in certain foreign jurisdictions due to the uncertainty of the ability to utilize those losses in future years.

**Three Months**

iHM revenue increased \$6.6 million during the third quarter of 2014 compared to the same period of 2013. Revenue increased for our core national broadcast radio, including events, and our national syndication business. Political advertising revenue was higher, as was revenue from our traffic and weather business as a result of the impact of strategic sales initiatives. Partially offsetting these increases were decreases in our core local broadcast radio revenues.

Direct operating expenses decreased \$6.6 million during the third quarter of 2014 primarily resulting from lower expenses resulting from efficiency initiatives in prior periods and lower costs in our national syndication business. Partially offsetting these decreases was an increase in sports programming costs. Strategic revenue and efficiency costs included in direct operating expenses increased \$0.2 million compared to the same period of 2013. SG&A expenses increased \$8.7 million during the third quarter of 2014 primarily due to higher compensation expense, including commissions. Strategic revenue and efficiency costs included in SG&A expenses increased \$2.2 million.

**Nine Months**

iHM revenue increased \$21.2 million during the first nine months of 2014 compared to the same period of 2013 primarily due to higher revenues from our traffic and weather business as a result of new weather product offerings, increased political advertising, and higher core national broadcast, including events, and digital revenue. We continue to experience increases in digital streaming revenue as a result of continued increased listenership on our iHeartRadio platform. Partially offsetting these increases was a decrease in our local and syndication revenues.

Direct operating expenses decreased \$6.4 million during the first nine months of 2014, primarily resulting from lower costs in our national syndication business partially offset by higher sports programming costs, and higher digital streaming expenses resulting from increased listening hours. SG&A expenses increased \$32.0 million during the first nine months of 2014 primarily due to higher compensation expense, including commissions and higher spending on iHeart events. Strategic revenue and efficiency costs included in SG&A expenses increased \$4.8 million compared to the same period in 2013.

Americas outdoor revenue decreased \$1.8 million including negative movements in foreign exchange of \$0.5 million during the third quarter of 2014 compared to the same period of 2013. Excluding the impact of foreign exchange movements, Americas outdoor revenue decreased \$1.3 million primarily driven by lower national account revenues and the nonrenewal of certain airport contracts. Higher digital revenues were partially offset by decreases in revenues from traditional product lines.

Direct operating expenses decreased \$0.2 million including a decrease of \$0.4 million from movements in foreign exchange compared to the same period of 2013. Excluding the impact of foreign exchange movements, direct operating expenses in our Americas outdoor segment increased \$0.2 million. SG&A expenses decreased \$0.5 million including a decrease of \$0.1 million from movements in foreign exchange compared to the same period of 2013. Excluding the impact of foreign exchange movements, SG&A expenses in our Americas outdoor segment decreased \$0.4 million primarily due to property tax refunds and lower commissions that were partially offset by higher expenses related to litigation.

Direct operating expenses decreased \$5.9 million including a decrease of \$1.7 million from movements in foreign exchange compared to the same period of 2013. Excluding the impact of foreign exchange movements, direct operating expenses in our Americas outdoor segment decreased \$4.2 million, primarily due to site lease expenses related to the decrease in revenues and from the nonrenewal of certain airport contracts. SG&A expenses decreased \$6.4 million including a decrease of \$0.3 million from movements in foreign exchange compared to the same period of 2013. Excluding the impact of foreign exchange movements, SG&A expenses in our Americas outdoor segment decreased \$6.1 million primarily due to lower commission expense in connection with lower revenues, property tax refunds, and lower legal costs related to the Los Angeles litigation discussed further in Item 1 of Part II of this Quarterly Report on Form 10-Q.

### Share-Based Compensation Expense

We do not have any compensation plans under which we grant stock awards to employees. Our employees receive equity awards from iHeartMedia, Inc.'s ("iHM") and CCOH's equity incentive plans.

Share-based compensation payments are recorded in corporate expenses and were \$2.2 million and \$2.8 million for the three months ended September 30, 2014 and 2013, respectively, and \$8.1 million and \$14.1 million for the nine months ended September 30, 2014 and 2013, respectively.

As of September 30, 2014, there was \$26.0 million of unrecognized compensation cost related to unvested share-based compensation arrangements that will vest based on service conditions. Based on the terms of the award agreements, this cost is expected to be recognized over a weighted average period of approximately three years. In addition, as of September 30, 2014, there was \$19.2 million of unrecognized compensation cost related to unvested share-based compensation arrangements that will vest based on market, performance and service conditions. This cost

will be recognized when it becomes probable that the performance condition will be satisfied.

**LIQUIDITY AND CAPITAL RESOURCES****Cash Flows**

The following discussion highlights our cash flow activities during the nine months ended September 30, 2014 and 2013, respectively.

<i>(In thousands)</i>	Nine Months Ended September 30,	
	2014	2013
Cash provided by (used for):

Investing activities	\$ 36,601	\$ (27,986)
Financing activities	\$ (189,360)	\$ (483,101)

***Operating Activities***

Cash used for operating activities during the nine months ended September 30, 2014 was \$28.5 million compared to \$1.2 million of cash used during the nine months ended September 30, 2013. Our consolidated net loss included \$672.6 million of non-cash items during the nine months ended September 30, 2014. Our consolidated net loss for the nine months ended September 30, 2013 included \$333.2 million of non-cash items. Non-cash items affecting our net loss include depreciation and amortization, impairment charges, deferred taxes, gain on disposal of operating and fixed assets, gain on marketable securities, loss on extinguishment of debt, provision for doubtful accounts, share-based compensation, equity in earnings (loss) of nonconsolidated affiliates, amortization of deferred financing charges and note discounts, net and other reconciling items, net as presented on the face of the consolidated statement of cash flows. Cash paid for interest was \$24.3 million higher in the nine months ended September 30, 2014 compared to the prior year due to an increase in the weighted average cost of debt, partially offset by the timing of accrued interest payments from refinancing transactions.

***Investing Activities***

Cash provided by investing activities of \$36.6 million during the nine months ended September 30, 2014 primarily reflected proceeds of \$236.6 million from the sale of our 50% interest in ARN and the sale of our 50% interest in Buspak, partially offset by capital expenditures of \$195.0 million. We spent \$30.0 million for capital expenditures in our iHM segment primarily related to leasehold improvements and equipment, \$48.4 million in our Americas outdoor segment primarily related to the construction of new advertising structures such as digital displays, \$84.2 million in our International outdoor segment primarily related to billboard and street furniture advertising structures, \$4.1 million in our Other category, and \$28.3 million by Corporate primarily related to equipment and software.

Cash used for investing activities of \$28.0 million during the nine months ended September 30, 2013 reflected our capital expenditures of \$197.3 million as well as proceeds from the sale of our shares of Sirius XM Radio, Inc. of \$135.5 million. We spent \$58.3 million for capital expenditures in our iHM segment primarily related to leasehold improvements, \$43.5 million in our Americas outdoor segment primarily related to the construction of new

advertising structures such as digital displays, \$68.7 million in our International outdoor segment primarily related to new advertising structures such as billboards and street furniture and renewals of existing contracts, \$6.8 million in our Other category related to our national representation business, and \$20.0 million by Corporate primarily related to equipment and software. Other cash provided by investing activities were \$39.8 million of proceeds from sales of other operating and fixed assets.

### ***Financing Activities***

Cash used for financing activities of \$189.4 million during the nine months ended September 30, 2014 primarily reflected payments on credit facilities and long-term debt, partially offset by proceeds from the issuance of long-term debt and the payment by CCOH of a dividend to Class A CCOH shareholders. We received cash proceeds from the issuance by CCU Escrow Corporation of 10% Senior Notes due 2018 (\$850.0 million in aggregate principal amount), the sale by a subsidiary of ours of 14% Senior Notes due 2021 to private purchasers (\$227.0 million in aggregate principal amount) and the issuance to private purchasers of 9% Priority Guarantee Notes due 2022 (\$1,000 million in aggregate principal amount). This was partially offset by the redemption of \$567.1 million principal amount outstanding of our 5.5% Senior Notes due 2014 (including \$158.5 million principal amount of the notes held by a subsidiary of the Company) and \$241.0 million principal amount outstanding of our 4.9% Senior Notes due 2015, the repayment of the full \$247.0 million principal amount outstanding under our receivables-based credit facility, and the prepayment of \$974.9

million aggregate principal amount of the Term B facility due 2016 and \$16.1 million aggregate principal amount of the Term loan C facility due 2016. In addition, we redeemed all of the outstanding \$94.3 million aggregate principal amount of Senior Cash Pay Notes due 2016, and the \$127.9 million aggregate principal amount of Senior Toggle Notes due 2016.

Cash used for financing activities of \$483.1 million during the nine months ended September 30, 2013 primarily reflected payments on long-term debt. We repaid our 5.75% senior notes at maturity for \$312.1 million (net of \$187.9 million principal amount held by and repaid to a subsidiary of ours) using cash on hand. We prepaid \$846.9 million outstanding under its Term Loan A under its senior secured credit facilities using the proceeds from the issuance of our 11.25% Priority Guarantee Notes, borrowings under its receivables based credit facility, and cash on hand. Other cash used for financing activities included payments to repurchase noncontrolling interests of \$61.1 million.

### **Anticipated Cash Requirements**

Our primary source of liquidity is cash on hand, cash flow from operations and borrowing capacity under our domestic receivables-based credit facility, subject to certain limitations contained in our material financing agreements. A significant amount of our cash requirements are for debt service obligations. We anticipate cash interest requirements of approximately \$325 million for the remainder of 2014. At September 30, 2014, we had debt maturities totaling \$1.1 million, \$2.8 million, and \$1.2 billion in 2014, 2015, and 2016, respectively. At September 30, 2014, we had \$522.4 million of cash on our balance sheet including \$194.7 million in consolidated cash balances held outside the U.S. by our subsidiaries, all of which is readily convertible into other foreign currencies including the U.S. dollar. We disclose in Item 8 of our Form 10-K within Note 1, Summary of Significant Accounting Policies, that our policy is to permanently reinvest the earnings of our non-U.S. subsidiaries as these earnings are generally redeployed in those jurisdictions for operating needs and continued functioning of their businesses. We have the ability and intent to indefinitely reinvest the undistributed earnings of consolidated subsidiaries based outside of the United States. If any excess cash held by our foreign subsidiaries were needed to fund operations in the United States, we could presently repatriate available funds without a requirement to accrue or pay U.S. taxes. This is a result of significant current and historic deficits in our foreign earnings and profits, which gives us flexibility to make future cash distributions as non-taxable returns of capital.

Our ability to fund our working capital, capital expenditures, debt service and other obligations, and to comply with the financial covenants under our financing agreements, depends on our future operating performance and cash from operations and our ability to generate cash from other liquidity-generating transactions, which are in turn subject to prevailing economic conditions and other factors, many of which are beyond our control. We are currently exploring, and expect to continue to explore, a variety of transactions to provide us with additional liquidity. We cannot assure you that we will enter into or consummate any such liquidity-generating transactions, or that such transactions will provide sufficient cash to satisfy our liquidity needs, and we cannot currently predict the impact that any such transaction, if consummated, would have on us. If our future operating performance does not meet our expectations or our plans materially change in an adverse manner or prove to be materially inaccurate, we may not be able to refinance the debt as currently contemplated. Our ability to refinance the debt will depend on the condition of the capital markets and our financial condition at the time. There can be no assurance that refinancing alternatives will be available on terms acceptable to us or at all. Even if refinancing alternatives are available to us, we may not find them

suitable or at comparable interest rates to the indebtedness being refinanced. In addition, the terms of our existing or future debt agreements may restrict us from securing a refinancing on terms that are available to us at that time. If we are unable to obtain sources of refinancing or generate sufficient cash through liquidity-generating transactions, we could face substantial liquidity problems, which could have a material adverse effect on our financial condition and on our ability to meet our obligations.

Our financing transactions during 2013 increased our annual interest expense by \$267 million and our financing transactions during 2014 increased our annual interest expense by an additional \$103 million. Our increased interest payment obligations will reduce our liquidity over time, which could in turn reduce our financial flexibility and make us more vulnerable to changes in operating performance and economic downturns generally, and could negatively affect our ability to obtain additional financing in the future.

We frequently evaluate strategic opportunities both within and outside our existing lines of business. We expect from time to time to pursue acquisitions or dispositions, which could be material. We and our subsidiaries' significant amount of indebtedness may limit our ability to pursue acquisitions. The terms of our existing or future debt agreements may also restrict our ability to engage in these transactions.

Based on our current and anticipated levels of operations and conditions in our markets, we believe that cash on hand, cash flow from operations, borrowing capacity under our receivables based credit facility and cash from other liquidity-generating transactions will enable us to meet our working capital, capital expenditure, debt service and other funding requirements for at least the next 12 months. Significant assumptions underlie this belief, including, among other things, that we will continue to be successful in implementing our business strategy and that there will be no material adverse developments in our business, liquidity or capital requirements, and that we will be able to consummate liquidity-generating transactions in a timely manner and on terms acceptable to us. We cannot assure you that this will be the case. If our future cash flows from operations, financing sources and other liquidity-generating transactions are insufficient to pay our debt obligations as they mature or to fund our liquidity needs, we may be forced to reduce or delay our business activities and capital expenditures, sell material assets, seek additional capital or refinance our and our subsidiaries' debt. We cannot assure you that we would be able to accomplish any of these alternatives on a timely basis or on satisfactory terms, if at all.

We were in compliance with the covenants contained in our material financing agreements as of September 30, 2014, including the maximum consolidated senior secured net debt to consolidated EBITDA limitation contained in our senior secured credit facilities. We believe our long-term plans, which include promoting spending in our industries and capitalizing on our diverse geographic and product opportunities, including the continued investment in our media and entertainment initiatives and continued deployment of digital displays, will enable us to continue generating cash flows from operations sufficient to meet our liquidity and funding requirements long term. However, our anticipated results are subject to significant uncertainty and there can be no assurance that we will be able to maintain compliance with these covenants. In addition, our ability to comply with these covenants may be affected by events beyond our control, including prevailing economic, financial and industry conditions. The breach of any covenants set forth in our financing agreements would result in a default thereunder. An event of default would permit the lenders under a defaulted financing agreement to declare all indebtedness thereunder to be due and payable prior to maturity. Moreover, the lenders under the receivables based facility under our senior secured credit facilities would have the option to terminate their commitments to make further extensions of credit thereunder. If we are unable to repay our obligations under any secured credit facility, the lenders could proceed against any assets that were pledged to secure such facility. In addition, a default or acceleration under any of our material financing agreements could cause a default under other of our obligations that are subject to cross-default and cross-acceleration provisions. The threshold amount for a cross-default under the senior secured credit facilities is \$100.0 million.

Our subsidiaries have from time to time repurchased certain of our debt obligations and equity securities of CCOH and Parent, and may in the future, as part of various financing and investment strategies, purchase additional outstanding indebtedness of us or our subsidiaries or outstanding equity securities of CCOH or Parent, in tender offers, open market purchases, privately negotiated transactions or otherwise. We or our subsidiaries may also sell certain assets, securities or properties. These purchases or sales, if any, could have a material positive or negative impact on our liquidity available to repay outstanding debt obligations or on our consolidated results of operations. These transactions could also require or result in amendments to the agreements governing outstanding debt obligations or changes in our leverage or other financial ratios, which could have a material positive or negative impact on our ability to comply with the covenants contained in our debt agreements. These transactions, if any, will depend on prevailing market conditions, our liquidity requirements, contractual restrictions and other factors. The amounts involved may be material.

***Senior Secured Credit Facilities***

See Notes to Consolidated Financial Statements

The senior secured credit facilities require us to comply on a quarterly basis with a financial covenant limiting the ratio of consolidated secured debt, net of cash and cash equivalents, to consolidated EBITDA (as defined by our senior secured credit facilities) for the preceding four quarters. Our secured debt consists of the senior secured credit facilities, the receivables-based credit facility, the priority guarantee notes and certain other secured subsidiary debt. As required by the definition of consolidated EBITDA in our senior secured credit facilities, our consolidated EBITDA for the preceding four quarters of \$1.9 billion is calculated as operating income (loss) before depreciation, amortization, impairment charges and other operating income (expense), net plus share-based compensation and is further adjusted for the following items: (i) costs incurred in connection with the closure and/or consolidation of facilities, retention charges, consulting fees and other permitted activities; (ii) extraordinary, non-recurring or unusual gains or losses or expenses and severance; (iii) non-cash charges; (iv) cash received from nonconsolidated affiliates; and (v) various other items.

The following table reflects a reconciliation of consolidated EBITDA (as defined by our senior secured credit facilities) to operating income and net cash provided by operating activities for the four quarters ended September 30, 2014:

### ***Subsidiary Sale of iHeart Long-Term Debt***

On February 14, 2014, CC Finco, LLC (“CC Finco”), an indirect wholly-owned subsidiary of ours, sold \$227.0 million in aggregate principal amount of 14.0% Senior Notes due 2021 issued by us to private purchasers in a transaction exempt from registration under the Securities Act of 1933, as amended. This \$227.0 million in aggregate principal amount of 14.0% Senior Notes due 2021, which was previously eliminated in consolidation because the notes were held by a subsidiary, is now reflected on our consolidated balance sheet. CC Finco contributed the net proceeds from the sale of the 14.0% Senior Notes due 2021 to us. We intend to use such proceeds to repay, repurchase or otherwise acquire outstanding indebtedness from time to time and retire that indebtedness as it becomes due or upon its earlier repayment, repurchase or acquisition.

### ***10.0% Senior Notes Issuance***

On May 1, 2014, CCU Escrow Corporation issued \$850.0 million in aggregate principal amount of 10.0% Senior Notes due 2018 in a private offering. On June 6, 2014, CCU Escrow Corporation merged into the Company and we assumed CCU Escrow Corporation’s obligations under the Senior Notes due 2018. The Senior Notes due 2018 mature on January 15, 2018 and bear interest at a rate of 10.0% per annum, payable semi-annually on January 15 and July 15 of each year, beginning on July 15, 2014. The Senior Notes due 2018 are the senior unsecured obligations of the Company and are not guaranteed by any of our parent companies or any of its subsidiaries. We used the net proceeds from the issuance to redeem Senior Notes due 2014 and 2015.

***14.0% Senior Notes due 2021 Issuance to a Subsidiary***

On August 22, 2014, we issued and sold \$222.2 million in aggregate principal amount of new 14.0% Senior Notes due 2021 to CC Finco in a transaction exempt from registration under the Securities Act of 1933, as amended. The new 14.0% Senior Notes due 2021 were issued as additional notes under the indenture governing our existing Senior Notes due 2021. The \$222.2 million in aggregate principal amount of 14.0% Senior Notes due 2021 issued to CC Finco is eliminated in consolidation in our consolidated financial statements.

***9.0% Priority Guarantee Notes due 2022 Issuance***

On September 10, 2014, we issued at par \$750.0 million aggregate principal amount of 9.0% Priority Guarantee Notes due 2022. On September 29, 2014, we issued an additional \$250.0 million aggregate principal amount of 9.0% Priority Guarantee Notes due 2022 at an issue price of 101% of the principal amount of the notes plus accrued interest from September 10, 2014. The Priority Guarantee Notes due 2022 mature on September 15, 2022 and bear interest at a rate of 9.0% per annum, payable semi-annually on March 15 and September 15 of each year, beginning on March 15, 2015. The Priority Guarantee Notes due 2022 are the senior secured obligations of the Company and are fully and unconditionally guaranteed, jointly and severally, on a senior basis by the guarantors named in the indenture governing such notes. We used the net proceeds from the issuance to prepay Term Loans due 2016.

**Uses of Capital**

***Debt Repayments, Maturities and Other***

During February 2014, we repaid all principal amounts outstanding under its receivables based credit facility, using cash on hand. This voluntary repayment did not reduce the commitments under this facility and we have the ability to redraw amounts under this facility at any time.

During March 2014, CC Finco repurchased, through open market purchases, a total of \$61.9 million aggregate principal amount of notes, comprised of \$52.9 million of our outstanding 5.5% Senior Notes due 2014 and \$9.0 million of our outstanding 4.9% Senior Notes due 2015, for a total purchase price of \$63.1 million, including accrued interest. We cancelled these notes subsequent to the purchase.

On June 6, 2014, using the proceeds from the issuance of the 10.0% Senior Notes due 2018, we redeemed \$567.1 million aggregate principal amount of our 5.5% Senior Notes due 2014 (including \$158.5 million principal amount of the notes held by a subsidiary of ours) and \$241.0 million aggregate principal amount of our 4.9% Senior Notes due 2015.

On August 22, 2014, we redeemed all of the outstanding \$94.3 million aggregate principal amount of Senior Cash Pay Notes due 2016 and \$127.9 million aggregate principal amount of Senior Toggle Notes due 2016 using proceeds of the issuance to CC Finco of the new 14.0% Senior Notes due 2021.

On September 10, 2014, we prepaid at par \$729.0 million of the loans outstanding under its Term Loan B facility and \$12.1 million of the loans outstanding under its Term Loan C-asset sale facility, using the net proceeds of the 2022 Priority Guarantee Notes issued on such date.

On September 29, 2014, we prepaid at par \$245.9 million of the loans outstanding under its Term Loan B facility and \$4.1 million of the loans outstanding under its Term Loan C-asset sale facility, using the net proceeds of the 2022 Priority Guarantee Notes issued on such date.

During the period of October 1, 2014 through October 27, 2014, CC Finco repurchased via open market transactions a total of \$57.1 million aggregate principal amount of our outstanding 5.5% Senior Notes due 2016 for a total purchase price of \$55.5 million, including accrued interest. The notes repurchased by CC Finco were not cancelled and remain outstanding.

### **Certain Relationships with the Sponsors**

We are party to a management agreement with certain affiliates of Bain Capital Partners, LLC and Thomas H. Lee Partners, L.P. (together, the “Sponsors”) and certain other parties pursuant to which such affiliates of the Sponsors will provide management and financial advisory services until 2018. These agreements require management fees to be paid to such affiliates of the Sponsors for such services at a rate not greater than \$15.0 million per year, plus reimbursable expenses. For the three months ended September 30,

2014 and 2013, we recognized management fees and reimbursable expenses of \$3.7 million and \$3.8 million, respectively. For the nine months ended September 30, 2014 and 2013, we recognized management fees and reimbursable expenses of \$11.3 million and \$11.9 million, respectively.

### **CCOH Dividend**

In connection with the cash management arrangements for CCOH, the Company maintains an account reflecting the net activities resulting from day-to-day cash management services provided by the Company to CCOH. A Revolving Promissory Note issued by iHeart to CCOH (the “Due from iHeartCommunications Note”), in the face amount of \$1.0 billion, or if more or less than such amount, reflects the balance of this account. As of September 30, 2014, the balance of the Due from iHeart Communications Note was \$876 million, all of which is payable on demand. The Due from iHeart Communications Note is eliminated in consolidation in our consolidated financial statements.

The Due from iHeart Communications Note previously was the subject of litigation. Pursuant to the terms of the settlement of that litigation, CCOH’s board of directors established a committee for the specific purpose of monitoring the Due from iHeart Communications Note. That committee has the non-exclusive authority, pursuant to the terms of its charter, to demand payments under the Due from iHeart Communications Note under certain specified circumstances tied to the Company’s liquidity or the amount outstanding under the Due from iHeart Communications Note as long as CCOH makes a simultaneous dividend equal to the amount so demanded.

On August 11, 2014, in accordance with the terms of its charter, (i) that committee demanded repayment of \$175 million outstanding under the Due from iHeart Communications Note on such date and (ii) CCOH paid a special cash dividend in aggregate amount equal to \$175 million to CCOH’s stockholders of record as of August 4, 2014. As the indirect parent of CCOH, we were entitled to approximately 88% of the proceeds from such dividend through our wholly-owned subsidiaries. The remaining approximately 12% of the proceeds from the dividend, or approximately \$21 million, was paid to the public stockholders of CCOH and is included in Dividends and other payments to noncontrolling interests in our consolidated statement of cash flows. We funded the net payment of this \$21 million with cash on hand, which reduced the amount of cash we have available to fund our working capital needs, debt service obligations and other obligations. Following satisfaction of the demand, the balance outstanding under the Due from iHeart Communications Note was reduced by \$175 million.

### **Commitments, Contingencies and Guarantees**

We are currently involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued our estimate of the probable costs for resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in our assumptions or the effectiveness of our strategies related to these proceedings. Please refer to “Legal Proceedings” in Item 1, Part II of this Quarterly Report on Form 10-Q.

### **Seasonality**

Typically, our iHM, Americas outdoor and International outdoor segments experience their lowest financial performance in the first quarter of the calendar year, with International outdoor historically experiencing a loss from operations in that period. Our International outdoor segment typically experiences its strongest performance in the second and fourth quarters of the calendar year. We expect this trend to continue in the future.

## **MARKET RISK**

We are exposed to market risks arising from changes in market rates and prices, including movements in interest rates, foreign currency exchange rates and inflation.

### **Interest Rate Risk**

A significant amount of our long-term debt bears interest at variable rates. Accordingly, our earnings will be affected by changes in interest rates. At September 30, 2014, approximately 35% of our aggregate principal amount of long-term debt bears

interest at floating rates. Assuming the current level of borrowings and assuming a 100% change in LIBOR, it is estimated that our interest expense for the nine months ended September 30, 2014 would have changed by \$11.1 million.

In the event of an adverse change in interest rates, management may take actions to mitigate our exposure. However, due to the uncertainty of the actions that would be taken and their possible effects, the preceding interest rate sensitivity analysis assumes no such actions. Further, the analysis does not consider the effects of the change in the level of overall economic activity that could exist in such an environment.

### **Foreign Currency Exchange Rate Risk**

We have operations in countries throughout the world. Foreign operations are measured in their local currencies. As a result, our financial results could be affected by factors such as changes in foreign currency exchange rates or weak economic conditions in the foreign markets in which we have operations. We believe we mitigate a small portion of our exposure to foreign currency fluctuations with a natural hedge through borrowings in currencies other than the U.S. dollar. Our foreign operations reported net income of \$2.7 million and \$13.0 million for the three and nine months ended September 30, 2014. We estimate a 10% increase in the value of the U.S. dollar relative to foreign currencies would have decreased our net income for the three months ended September 30, 2014 by \$0.3 million and we estimate that our net income for the nine months ended September 30, 2014 would have decreased by \$1.3 million. A 10% decrease in the value of the U.S. dollar relative to foreign currencies during the three and nine months ended September 30, 2014 would have increased our net income for the three and nine months ended September 30, 2014 by corresponding amounts.

This analysis does not consider the implications that such currency fluctuations could have on the overall economic activity that could exist in such an environment in the U.S. or the foreign countries or on the results of operations of these foreign entities.

### **Inflation**

Inflation is a factor in the economies in which we do business and we continue to seek ways to mitigate its effect. Inflation has affected our performance in terms of higher costs for wages, salaries and equipment. Although the exact impact of inflation is indeterminable, we believe we have offset these higher costs by increasing the effective advertising rates of most of our broadcasting stations, digital advertising, event promotions and outdoor display faces in our iHM, Americas outdoor, and International outdoor operations.

### **CAUTIONARY STATEMENT CONCERNING FORWARD-LOOKING STATEMENTS**

The Private Securities Litigation Reform Act of 1995 provides a safe harbor for forward-looking statements made by us or on our behalf. Except for the historical information, this report contains various forward-looking statements

which represent our expectations or beliefs concerning future events, including, without limitation, our future operating and financial performance, our ability to comply with the covenants in the agreements governing our indebtedness and the availability of capital and the terms thereof. Statements expressing expectations and projections with respect to future matters are forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. We caution that these forward-looking statements involve a number of risks and uncertainties and are subject to many variables which could impact our future performance. These statements are made on the basis of management's views and assumptions, as of the time the statements are made, regarding future events and performance. There can be no assurance, however, that management's expectations will necessarily come to pass. Actual future events and performance may differ materially from the expectations reflected in our forward-looking statements. We do not intend, nor do we undertake any duty, to update any forward-looking statements.

A wide range of factors could materially affect future developments and performance, including but not limited to:

- the impact of our substantial indebtedness, including the effect of our leverage on our financial position and earnings;
- our ability to generate sufficient cash from operations or other liquidity-generating transactions and our need to allocate significant amounts of our cash to make payments on our indebtedness, which in turn could reduce our financial flexibility and ability to fund other activities;
- risks associated with weak or uncertain global economic conditions and their impact on the capital markets;
- other general economic and political conditions in the United States and in other countries in which we currently do business, including those resulting from recessions, political events and acts or threats of terrorism or military conflicts;
- industry conditions, including competition;
- the level of expenditures on advertising;
- legislative or regulatory requirements;

- fluctuations in operating costs;
- technological changes and innovations;
- changes in labor conditions, including on-air talent, program hosts and management;
- capital expenditure requirements;
- risks of doing business in foreign countries;
- fluctuations in exchange rates and currency values;
- the outcome of pending and future litigation;
- taxes and tax disputes;
- changes in interest rates;
- shifts in population and other demographics;
- access to capital markets and borrowed indebtedness;
- our ability to implement our business strategies;
- the risk that we may not be able to integrate the operations of acquired businesses successfully;
- the risk that our cost savings or revenue initiatives may not be entirely successful or that any cost savings achieved from those initiatives may not persist; and
- certain other factors set forth in our other filings with the Securities and Exchange Commission.

This list of factors that may affect future performance and the accuracy of forward-looking statements is illustrative and is not intended to be exhaustive. Accordingly, all forward-looking statements should be evaluated with the understanding of their inherent uncertainty.

### **ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURES ABOUT MARKET RISK**

Required information is presented under “Market Risk” within Item 2 of this Part I.

### **ITEM 4. CONTROLS AND PROCEDURES**

Under the supervision and with the participation of management, including our Chief Executive Officer and our Chief Financial Officer, we have carried out an evaluation of our disclosure controls and procedures (as defined in Rule 13a-15(e) under the Exchange Act). Based on that evaluation, our Chief Executive Officer and our Chief Financial Officer concluded that our disclosure controls and procedures were effective as of September 30, 2014 to

ensure that information we are required to disclose in reports that are filed or submitted under the Exchange Act is recorded, processed, summarized and reported within the time periods specified by the SEC and is accumulated and communicated to our management, including our Chief Executive Officer and our Chief Financial Officer, as appropriate to allow timely decisions regarding required disclosure.

There were no changes in our internal control over financial reporting that occurred during the most recent fiscal quarter that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

## **PART II -- OTHER INFORMATION**

### **ITEM 1. LEGAL PROCEEDINGS**

We currently are involved in certain legal proceedings arising in the ordinary course of business and, as required, have accrued an estimate of the probable costs for the resolution of those claims for which the occurrence of loss is probable and the amount can be reasonably estimated. These estimates have been developed in consultation with counsel and are based upon an analysis of potential results, assuming a combination of litigation and settlement strategies. It is possible, however, that future results of operations for any particular period could be materially affected by changes in our assumptions or the effectiveness of our strategies related to these proceedings. Additionally, due to the inherent uncertainty of litigation, there can be no assurance that the resolution of any particular claim or proceeding would not have a material adverse effect on our financial condition or results of operations.

Although we are involved in a variety of legal proceedings in the ordinary course of business, a large portion of our litigation arises in the following contexts: commercial disputes; defamation matters; employment and benefits related claims; governmental fines; intellectual property claims; and tax disputes.

#### **Los Angeles Litigation**

In 2008, Summit Media, LLC, one of the Company's competitors, sued the City of Los Angeles (the "City"), Clear Channel Outdoor, Inc. and CBS Outdoor in Los Angeles Superior Court (Case No. BS116611) challenging the validity of a settlement agreement that had been entered into in November 2006 among the parties and pursuant to which Clear Channel Outdoor, Inc. had taken down existing billboards and converted 83 existing signs from static displays to digital displays. In 2009 the Los Angeles Superior Court ruled that the settlement agreement constituted an ultra vires act of the City, and nullified its existence. After further proceedings, on April 12, 2013 the Los Angeles Superior Court invalidated 82 digital modernization permits issued to Clear Channel Outdoor, Inc. (77 of which displays were operating at the time of the ruling), and Clear Channel Outdoor, Inc. was required to turn off the electrical power to all affected digital displays on April 15, 2013. The digital display structures remain intact but digital displays are currently prohibited in the City. Clear Channel Outdoor, Inc. is seeking permits under the existing City sign code to either wrap the LED faces with vinyl or convert the LED faces to traditional static signs, and has obtained a number of such permits. Clear Channel Outdoor, Inc. is also pursuing a new ordinance to permit digital signage in the City.
