The Company today issued the following press release:

First National Lincoln Corporation Declares Dividend

DAMARISCOTTA, Maine--(BUSINESS WIRE)--March 20, 2003--The Board of Directors of First National Lincoln Corporation (NASDAQ NM: FNLC), today declared a quarterly dividend of \$0.27 per share. This first quarter dividend, which is payable April 30, 2003, to shareholders of record as of April 7, 2003, represents an increase of 17.4% or \$0.04 per share over the first quarter dividend declared in 2002.

"The Company has now raised its dividend for thirty consecutive quarters with this increase of \$0.01 to \$0.27 per share," noted Daniel R. Daigneault, FNLC's President & Chief Executive Officer. "This translates into an annual dividend of \$1.08 per share, and based on today's closing price of \$34.05 per share, our dividend yield is 3.2%.

"It is also worth noting the strong performance our stock has seen thus far in 2003," President Daigneault added. "FNLC's shares have traded up \$2.57 or 8.2% since December 31, 2002, based upon the year-end closing price of \$31.48 per share and today's closing price of \$34.05 per share. In my opinion, the combination of the strong earnings performance we posted in 2002 and the fact that we share these earnings with our shareholders in the form of cash dividends makes First National Lincoln Corporation an attractive investment. This is especially true since dividends have become very important to investors given the generally poor equity returns seen in the broad market during the past few years."
