We are excited that we have successfully completed this combination and that Grand US shareholders have voted to support our vision.

By combining Grand and Playwell, we have put together a strong base from which to grow the company. We believe that Grand HK will reap the benefits of combining Playwell s manufacturing strength, sourcing expertise and financial resources with Grand US marketing and distribution network in North America.

We continue to believe that this merger will create a strong vertically-integrated company that will be greater than the sum of its parts. The resulting merger will have manufacturing and distribution capabilities and allow Grand HK to expand its product offerings significantly. Together, the combined company will be a stronger vehicle for future expansion and will enjoy strategic benefits by being a larger company that has international exposure.

We will continue to work very hard to offer our shareholders added value.
