FD DISCLOSURE SCHEDULE

ADDvantage Technologies Group, Inc.
Projects Solid Growth in Revenues and Profits for 2003

Broken Arrow, Oklahoma, March 6, 2003-- ADDvantage Technologies, Inc. (OTCBB:ADDM) held its annual shareholders meeting on March 4th in Broken Arrow, Oklahoma at its corporate offices.

Kenneth Chymiak, President and CEO of ADDvantage, told shareholders that "fiscal year 2003 looks to be promising as we strengthen our distributor relationship with Scientific-Atlanta and Motorola and sell equipment to the larger multiple system operators. Such cable operations include Cox Communications and Comcast." Continuing his comments to the Company's shareholders, Mr. Chymiak said, "With sales continuing to improve and the positive impact from the synergies created from our network of companies, we expect to increase sales over 10%, to the \$28-30 million range. For the first two months of the second quarter 2003, we have seen revenues rise to \$5.3 million, or 33.5% over the same period last year. This growth is primarily due to the positive results of marketing to the large cable multiple system operators and the new, expanded distributor relationships our subsidiaries have created with Scientific-Atlanta, Motorola and various other manufacturers. We expect this trend to continue for the remainder of the year, with a targeted 10-15% annual sales growth and a 45% operating margin."

David Chymiak, Chairman of ADDvantage added, "As we continue to enhance our relationships with our suppliers, optimize our status as a distributor for Scientific-Atlanta and continue to increase repair services for out-of-warranty products, we should be able to continue the growth in sales and service revenues for the remainder of the year."
