PROXY STATEMENT

2007 ANNUAL MEETING OF SHAREHOLDERS

This Proxy Statement is furnished in connection with the solicitation by the Board of Directors of The Greenbrier Companies, Inc. (the Company we, us, and our) of proxies to be voted at the 2007 Annual Meeting of Shareholders the Company to be held beginning at 2:00 p.m. on Tuesday, January 9, 2007 at the Benson Hotel, 309 SW Broadway, Portland, Oregon, and at any adjournments or postponements thereof. If proxies in the accompanying form are properly executed, dated and returned prior to the voting at the meeting, the shares of Common Stock represented thereby will be voted as instructed on the proxy. If no instructions are given on a properly executed and returned proxy, the shares of Common Stock represented thereby will be voted for election of the nominees, for approval of the performance-based compensation plan proposal, for ratification of the appointment of the independent auditors and in support of the recommendations of management on such other business as may properly come before the meeting or any adjournments or postponements thereof.

Any proxy may be revoked by a shareholder prior to its exercise upon written notice to the Secretary of the Company, by delivering a duly executed proxy bearing a later date, or by the vote of a shareholder cast in person at the meeting. The cost of soliciting proxies will be borne by us. In addition to solicitation by mail, proxies may be solicited personally by our officers and regular employees or by telephone, facsimile, electronic transmission or express mail. We have also engaged Innisfree M&A Incorporated to assist in the distribution of proxy materials and the solicitation of votes described below. We will pay Innisfree a fee of \$10,000 plus customary costs and expenses for these services. The Company has agreed to indemnify Innisfree against certain liabilities arising out of or in connection with its engagement. We will reimburse brokerage houses, banks and other custodians, nominees and fiduciaries for their reasonable expenses incurred in forwarding proxies and proxy material to their principals. This proxy statement is first being mailed to shareholders on or about November 20, 2006.

VOTING

Holders of record of our Common Stock at the close of business on November 15, 2006, will be entitled to vote at the Annual Meeting or any adjournments or postponements thereof. As of October 31, 2006, there were 15,971,155 shares of Common Stock outstanding and entitled to vote. This approximates the number of shares we anticipate to be outstanding and entitled to vote as of the record date, November 15, 2006 and in this case, a majority, or 7,985,578 of these shares, will constitute a quorum for the transaction of business at the annual meeting. Each share of Common Stock entitles the holder to one vote on each matter that may properly come before the meeting. Shareholders are not entitled to cumulative voting in the election of directors. Abstentions will not be counted in determining whether a quorum is present for the meeting and will not be counted as a vote against any proposal. Broker non-votes will also be counted in determining whether a quorum is present, but will not be counted either for or against the proposal at issue. For shares held through a broker or other nominee who is a New York Stock Exchange member organization, such shares will only be voted in favor of the performance-based compensation proposal if the shareholder provides specific voting instructions to the broker or other nominee to vote the shares in favor of that proposal.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

The Board of Directors is comprised of nine directors. The directors are divided into three classes of three directors each. One class is elected each year for a three-year term. Three of the four nominees recommended by our

Nominating and Corporate Governance Committee and nominated by the Board of Directors for election as directors to serve until the Annual Meeting of Shareholders in 2010, or until their respective successors are elected and qualified, are Duane C. McDougall, A. Daniel O Neal, Jr., and Donald A. Washburn. The fourth nominee recommended by our Nominating and Corporate Governance Committee and nominated by the Board of Directors for election as director to serve until the Annual Meeting of Shareholders in 2008, or until his successor is elected and qualified, is Graeme Jack. Directors are elected by a plurality of the votes of the shares present in person or represented by proxy at the meeting and entitled to vote on the election of directors. The four nominees for director receiving the highest number of votes will be elected to the Board of Directors.

Unless marked otherwise, proxies received will be voted FOR the election of each of four nominees.

If a nominee is unable or unwilling to serve as a director at the date of the Annual Meeting or any adjournment or postponement thereof, the proxies may be voted for a substitute nominee, designated by the proxy holders or by the present Board of Directors to fill such vacancy, or for the other nominee named without nomination of a substitute, or the number of directors may be reduced accordingly. The Board of Directors has no reason to believe that any of the nominees will be unwilling or unable to serve if elected a director.

The Board of Directors recommends a vote FOR the election of Messrs. Jack, McDougall, O Neal and Washburn.

The following table sets forth certain information about each nominee for election to the Board of Directors and each continuing director.

Board Committees, Meetings and Charters

During the year ended August 31, 2006, the Board of Directors held twelve meetings. The Company maintains a standing Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee.

Copies of the Company's Audit Committee Charter, Compensation Committee Charter, Nominating and Corporate Governance Committee Charter, Corporate Governance Guidelines and Code of Business Conduct are available to shareholders without charge upon request to: Investor Relations, The Greenbrier Companies, Inc., One Centerpointe Drive, Suite 200, Lake Oswego, Oregon 97035 or on the Company's website at <http://www.gbrx.com>.

Non-management Board members meet without management present at least once annually at a regularly scheduled executive session. The Company's independent directors generally meet periodically in executive session in conjunction with meetings of the committees of the Board of Directors which are composed entirely of independent directors. The regular executive sessions of the Company's non-management directors are held on an annual basis, after the end of each fiscal year of the Company and are scheduled to approximately coincide with (either immediately before or immediately after) the first regularly scheduled meeting of the Nominating and Corporate Governance Committee to be held after the end of each fiscal year for the Company. The Board has designated the Chairman of the Board of Directors of the Company to preside at the regularly scheduled meetings of the non-management directors.

Messrs. Atiyeh, McDougall, Swindells and Whiteley are members of each of the Audit, Compensation and Nominating and Corporate Governance Committees of the Board of Directors. Mr. Washburn is a member of the Compensation and Nominating and Corporate Governance Committees of the Board of Directors. Mr. Washburn is Chairman of the Nominating and Corporate Governance Committee, Mr. McDougall is the Chairman of the Audit Committee and Mr. Swindells is the Chairman of the Compensation Committee. The Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee held four meetings during the year ended August 31, 2006. All directors attended more than 75% of the number of meetings of the Board and its committees on which they served. The reports of the Audit and Compensation Committees for the year are included in this Proxy Statement. Each of the members of these committees is an independent director as defined under the rules of the New York Stock Exchange.

Independence of Directors

The Board has determined that a majority of its directors qualify as independent directors pursuant to the rules adopted by the Securities and Exchange Commission and the corporate governance standards applicable to companies listed on the New York Stock Exchange. Applying the New York Stock Exchange definition of independence, the Board has determined that the following majority of directors qualify as independent: Messrs. Atiyeh, Jack, McDougall, Swindells, Washburn and Whiteley.

During 2006, the Nominating and Corporate Governance Committee (the Nominating Committee) fulfilled its responsibilities under its charter, including, among other responsibilities, identifying individuals qualified to become members of the Board of Directors, consistent with qualifications approved by the Board; selecting, or recommending that the Board select, director nominees to be presented for election at annual meetings of shareholders; selecting, or recommending to the Board, director nominees to fill vacancies on the Board as necessary; developing and recommending to the Board of Directors corporate governance principles applicable to the Company; and overseeing the evaluation of the Board of Directors, its committees and management. The Board annually reviews applicable standards and definitions of independence for Nominating Committee members and has determined that each member of the Nominating Committee meets such standards.

The Nominating Committee receives suggestions for potential director nominees from many sources, including members of the Board, advisors, and shareholders. Any such nominations, together with appropriate biographical information, should be submitted to the Nominating Committee in accordance with the Company's policies governing submissions of nominees discussed below. Any candidates submitted by a shareholder or shareholder group are reviewed and considered by the Nominating Committee in the same manner as other candidates.

Qualifications for consideration as a nominee for the Board of Directors vary, depending upon the experience and background of incumbent directors as well as particular areas of expertise which the Nominating Committee

desires to obtain for the benefit of the Company. The Nominating Committee has presently identified the following criteria, among others, as appropriate for consideration in identifying Board candidates:

- Financial acumen and experience
- Continuing activity in the business community
- Age and maturity
- Diversity considerations
- Background in manufacturing or related industries

Upon completion of the review process, the Nominating Committee makes its recommendation to the full Board of Directors. The Board then selects candidates for nomination for election by shareholders or appointment to fill vacancies.

We do not currently employ an executive search firm, or pay a fee to any other third party, to locate qualified candidates for director positions.

A shareholder wishing to nominate a candidate for election to the Company's Board of Directors at any annual meeting at which the Board of Directors has determined that one or more directors will be elected should submit a written notice of his or her nomination of a candidate to the Nominating Committee of the Company in accordance with the procedures described in this Proxy Statement under Shareholder Proposals.

Communication with Directors

Shareholders and other interested parties may communicate with members of the Board of Directors by mail addressed to the Chairman, to any other individual member of the Board, to the full Board, to the non-management directors as a group, or to a particular committee of the Board. In each case, such correspondence should be sent to the Company's headquarters at One Centerpointe Drive, Suite 200, Lake Oswego, OR 97035. Such communications are distributed to the Board, to one or more individual members of the Board, to the non-management directors as a group, or to a particular committee of the Board, as appropriate.

Annual Meeting Attendance by Directors

The Company's policy is to encourage Board members to attend the Company's annual meetings of shareholders. All directors of the Company attended the annual meeting of shareholders held on January 10, 2006.

COMPENSATION OF DIRECTORS

Members of the Board of Directors who are our employees are not separately compensated for serving on the Board of Directors. Directors who are not our employees are paid an annual retainer of \$30,000, payable quarterly, with the exception of the Chairman of the Board, whose compensation is discussed below. The Chairman of the Board receives an annual retainer, payable quarterly, of three times the annual retainer paid to non-employee directors, or currently, \$90,000. All non-employee directors, including the Chairman of the Board, are also paid a meeting fee of \$1,000 per meeting, plus reimbursement of expenses. In addition to the annual retainer, the Audit Committee chairman receives a \$10,000 annual retainer and each other committee chairman receives a \$5,000 annual retainer, in each case payable quarterly. In addition, Directors who are not our employees receive annual grants of restricted shares of the Company's

Common Stock with a fair value equal to \$60,000 made immediately after the close of each annual shareholder meeting with such shares vesting in equal amounts over a three-year period. However, no grant will be made to a non-employee director if such grant would cause that director to become an Acquiring Person (as defined in the Stockholder Rights Agreement between the Company and Equiserve Trust Company, N.A. dated as of July 13, 2004). In that case, the non-employee director would receive \$60,000 cash in lieu of the grant of restricted shares. In the event a non-employee director ceases to be a director due to death or disability as defined in the 2005 Stock Incentive Plan (the Plan), or because he or she is not re-elected to serve an additional term as a director, any unvested restricted shares shall immediately become fully vested. If a non-employee director ceases to be a director by reason of removal or resignation as a member of the Board, any unvested restricted shares shall automatically be forfeited, and the shares subject to such award shall be available for

grant under the Plan. If a non-employee director ceases to be a director due to death or disability, retirement or because he or she is not re-elected to serve an additional term as a director, any unvested restricted shares shall immediately become fully vested. During fiscal 2006, each non-employee director received an award of restricted award having a fair market value on the date of the award of \$60,000. Additionally, Mr. Ward received from the Company consulting fees aggregating \$48,000.

CERTAIN RELATIONSHIPS AND RELATED PARTY TRANSACTIONS

James-Furman & Company Partnership. Mr. James, a former Director, and Mr. Furman, a Director, President and Chief Executive Officer of the Company, were partners in a general partnership, James-Furman & Company (the Partnership), that, among other things, engaged in the ownership, leasing and marketing of railcars and programs for refurbishing and marketing of used railcars. As a result of Mr. James' death, the Partnership dissolved as of January 28, 2005. In 1989, the Partnership and the Company entered into presently existing agreements pursuant to which we manage and maintain railcars owned by the Partnership in exchange for a fixed monthly fee that is no less favorable to us than the fee we could obtain for similar services rendered to unrelated parties. The maintenance and management fees paid to us under such agreements in 2006 aggregated \$102,785. In addition, the Partnership paid us fees of \$60,000 in 2006 for administrative and other services. The management and maintenance agreements presently in effect between us and the Partnership provide that in remarketing railcars owned by the Partnership and us, as well as by unaffiliated lessors, we will, subject to the business requirements of prospective lessees and regulatory requirements, grant priority to that equipment which has been off-lease and available for the longest period of time. Additions to the lease fleet of new or used equipment are deemed to be off-lease and available from the date of addition to the fleet.

Such agreements also provide that the Partnership will grant to us a right of first refusal with respect to any opportunity originated by the Partnership in which we may be interested involving the manufacture, purchase, sale, lease, management, refurbishing or repair of railcars. The right of first refusal provides that prior to undertaking any such transaction the Partnership must offer the opportunity to us and must provide the disinterested, independent members of our Board of Directors a period of not less than 30 days in which to determine whether we desire to pursue the opportunity. The right of first refusal in favor of us continues for a period of 12 months after the date that both of Messrs. James and Furman cease to be officers or directors. The disposition of the partnership assets is still in process. Upon the completion of the assets disposition, all agreements between us and the Partnership will be terminated.

Aircraft Usage Policy. Subsequent to year end William Furman, Director, President and Chief Executive Officer of the Company became a part owner of a fleet of private aircraft managed by a private independent management company. From time to time the Company may retain use of such aircraft through the management company for charter flights for Company personnel traveling on business. From time to time, the Company's business requires charter use of privately owned aircraft. In such instances, it is possible that charters may be placed with the Company that manages Mr. Furman's aircraft. In such event, any such use will be subject to the Company's travel and entertainment policy and the fees paid to the management company will be no less favorable than would have been available to the Company for similar services provided by unrelated parties.

Indebtedness of Management. Since the beginning of our last fiscal year, none of our directors or executive officers has been indebted to us in excess of \$60,000 except that L. Clark Wood, President of the Company's manufacturing operations is indebted to Greenbrier Leasing Company LLC, and has executed a promissory note. The largest aggregate amount outstanding during fiscal year 2006 under such promissory note was \$200,000. As of August 31, 2006, \$100,000 remained outstanding under such note. The promissory note is payable upon demand and is secured by a mortgage on Mr. Wood's residence. The note does not bear interest and has not been amended since its issuance

in 1994.

Policy. We follow a policy that all proposed transactions by us with directors, officers, five percent shareholders and their affiliates be entered into only if such transactions are on terms no less favorable to us than could be obtained from unaffiliated parties, are reasonably expected to benefit us and are approved by a majority of the disinterested, independent members of the Board of Directors.

REPORT OF THE COMPENSATION COMMITTEE

Board of Directors
The Greenbrier Companies, Inc.

Compensation Governance

The Compensation Committee of the Board of Directors is established pursuant to the Company's Amended and Restated Bylaws, and operates pursuant to a charter approved by the Board of Directors. A copy of the Charter is available on the Company's website at www/gbrx.com. The Committee recommends to the Board of Directors policies and processes for the regular and orderly review of the performance and compensation of the Company's senior executive management personnel, including the President and Chief Executive Officer. The Committee regularly reviews, administers, and when necessary recommends changes to the Company's stock incentive and performance-based compensation plans.

The Committee is comprised of at least two members of the Board of Directors, none of whom may be an active or retired officer or employee of the Company or any of its subsidiaries. Members of the Compensation Committee are appointed annually by the Board of Directors. Messrs. Victor G. Atiyeh, Duane C. McDougall, Donald A. Washburn, Benjamin R. Whiteley, and Charles Swindells were the members of the Compensation Committee during fiscal 2006. Mr. Swindells is the Chairman of the Committee. The Compensation Committee held four meetings during the year ended August 31, 2006.

This report by the Compensation Committee will focus on:

The guiding principles and objectives underlying the Company's compensation program, including what performance the program is designed to reward; and

A description of each of the components of the compensation program, including an explanation of why these elements have been selected as the preferred means to achieve the compensation program's objectives, and how the amount of each element of compensation is determined.

Principles and Objectives of the Compensation Program

The Company's compensation programs and policy are designed to attract, motivate, retain and reward highly qualified executives and employees, and to reinforce the relationship between individual performance and business results in a manner that aligns the interests of executives and shareholders. The following principles guide the Company's compensation practices as applied to all employees, including executives:

Compensation levels should be sufficiently competitive to attract and retain highly qualified executives and employees.

The Company endeavors to pay compensation at levels consistent with prevailing levels of compensation for similar positions in the geographic areas in which the Company maintains operations, in order to enable it to attract and retain the talent needed to achieve its business goals. During fiscal years 2004 and 2005, the Compensation Committee engaged the services of a compensation consulting firm to evaluate the competitiveness and overall structure of executive compensation, non-employee director compensation and compensation for the Chairman of the Board. Based on the results and recommendations of that evaluation, and other relevant information, the Compensation Committee recommended, and the Board of Directors approved a program of change of control agreements for

management employees of the Company, as discussed in more detail below, and increases to non-employee director compensation that were implemented in fiscal 2005.

Compensation should be related to performance and should reinforce cooperation and a team-based approach to achieving business success.

The Company believes that a significant portion of each employee's compensation should take the form of annual bonuses that generally reflect the results of operations achieved by the Company and its subsidiaries. This policy extends to all employees, including executives. Under this policy employees, other than employees covered

by collective bargaining agreements, typically receive annual bonuses. The Company believes that its policy of paying annual bonuses based on overall results of operations supports an integrated business model and a team-based approach.

Compensation should reflect position and responsibility, and compensation for senior executive officers should be more heavily weighted toward incentive pay.

Total compensation should generally increase with position and responsibility. Employees in senior executive officer positions have greater roles and responsibilities associated with achieving the Company's performance goals, and therefore should have a greater portion of their compensation tied to the achievement of those goals. Accordingly, a greater percentage of compensation for more senior positions, particularly those with the greatest responsibility for driving achievement of performance targets, is paid in the form of short- and long-term incentive pay.

Incentive compensation should be flexible and responsive to the Company's cyclical business environment, and should strike a balance between short-term and long-term performance.

The Company's incentive compensation program is balanced between short- and long-term incentive compensation. Short-term incentive compensation—annual bonuses—are awarded based on subjective, non-formulaic assessments of individual performance. This approach is flexible and allows senior management to make informed judgments regarding individual performance. Long-term incentive compensation is an important component of the Company's total compensation for executives due to the fact that the Company's core business operates in a cyclical business environment. In a cyclical business, short-term incentives may not be sufficient to motivate and reward superior performance over time. The Company's long-term incentive compensation program recently shifted away from the use of stock options and to a program of restricted stock awards. This change came about in part due to changes in accounting rules, and in part in recognition of the fact that the Company's core business operates in a cyclical environment, and stock option awards provided a weak incentive during down years in the business cycle.

The tax deductibility of compensation should be maximized where appropriate.

The Company generally seeks to maximize the tax deductibility of all elements of compensation. However, the Compensation Committee may approve compensation that may not qualify for deductibility, where it is appropriate to do so in light of other competing interests or goals. The Compensation Committee periodically reviews its compensation plans in light of applicable tax provisions, including Section 162(m), and may revise compensation plans from time to time to maximize deductibility.

Components of the Compensation Program

Base salary

Base salaries are normally set after review of market data for similar positions, and are reviewed approximately annually.

The compensation of the Company's President and Chief Executive Officer William A. Furman is determined pursuant to the terms and conditions of an employment agreement between Mr. Furman and the Company, entered into effective September 1, 2004. Pursuant to the terms of his employment agreement, during the first eight months of fiscal 2006 Mr. Furman received an annual base salary of \$550,000. The Compensation Committee increased Mr. Furman's annual base salary from \$550,000 to \$625,000 effective May 1, 2006.

The compensation of named executive officers Robin J. Bisson, Senior Vice President of Marketing and Sales, and Mark J. Rittenbaum, Senior Vice President and Treasurer, also is determined pursuant to the employment agreements entered into with those officers on May 11, 2006 and April 7, 2006, respectively. Mr. Bisson's employment agreement provides for a base salary of \$250,000 per year, and Mr. Rittenbaum's employment agreement provides for a base salary of \$235,000 per year, in each case as adjusted annually by the Chief Executive Officer.

Short-Term Incentives Annual Cash Bonuses

The Chief Executive Officer and other executive officers are eligible to receive annual bonuses based upon corporate and individual performance. With the exception of Mr. Furman's annual bonus, bonus amounts are discretionary and are determined by senior management based on subjective, non-formulaic assessments of individual performance. The aggregate amount of such bonuses is determined at the discretion of senior management, and is subject to approval by the Compensation Committee and the Company's Board of Directors based primarily upon a subjective evaluation of the subsidiary's results of operations. Within the approved bonus pool, management makes specific bonus allocations to employees.

Bonuses paid to the named executive officers other than the Chief Executive Officer and Chief Financial Officer in fiscal 2006 ranged from 60% to 77% of base salary. The Company's Chief Financial Officer, Joseph K. Wilsted, received a larger bonus as part of the compensation package negotiated when he was hired, in part to compensate him for having forfeited a bonus from his former employer by reason of his departure to join the Company and for relocation expenses.

Pursuant to the terms of their employment agreement, each of Mr. Bisson and Mr. Rittenbaum may receive an annual target bonus equal to 50% of his base salary, with greater or lesser amounts payable based on achievement of performance goals established by the Chief Executive Officer, in consultation with the Compensation Committee.

Mr. Furman's annual bonus is determined based upon the Company's return on shareholders' equity, pursuant to a formula set forth in his employment agreement. If the Company's return on equity is less than 10%, no cash bonus is paid. If the return on equity is at least 10%, Mr. Furman is entitled to receive a bonus equal to 36% of annual base salary. The amount of the bonus increases ratably as the return on equity increases to a maximum of 150% of base salary, if return on equity is 18% or greater. The return on equity in fiscal 2006 was 20.33%. Accordingly, the employment agreement contemplates a bonus of \$862,500 for Mr. Furman for the year ended August 31, 2006. The Compensation Committee has discretion to decrease the amount of the bonus by up to 50%, based upon the Chief Executive Officer's performance.

Long-Term Incentives Restricted Stock Awards

Awards of restricted stock form the basis of the Company's long-term incentive program, which is intended to retain and motivate executives over the long term, and align their interests with the interests of the Company's shareholders. The long-term incentive program is designed to emphasize the need for executives to focus on the long-range strategic goals of the Company's businesses.

Stock-based awards are made pursuant to the Company's 2005 Stock Incentive Plan, which is administered by the Compensation Committee. Pursuant to the 2005 Stock Incentive Plan, an aggregate of 1,300,000 shares of Common Stock were reserved for grants of incentive stock options, non-qualified stock options and restricted stock awards to officers, directors, employees and consultants. Restricted stock awards typically vest over a period of five years in annual increments of 20 percent of each award. The Company awarded restricted stock grants totaling 70,820 shares under the 2005 Stock Incentive Plan during fiscal 2006. The sole restricted stock award made to a named executive officer during fiscal 2006 was the award of 10,000 shares of restricted stock awarded to Joseph K. Wilsted, in connection with his joining the Company.

The Compensation Committee also administers the Company's Stock Incentive Plan-2000 (the "2000 Plan") under which an aggregate of 1,000,000 shares of Common Stock were reserved for option and restricted stock awards to officers, directors, employees and consultants. The Company has granted options for all the shares reserved under the 2000 Plan. No awards were made under the 2000 Plan in fiscal 2006.

Employee Stock Purchase Plan

The Company administers the 2004 Employee Stock Purchase Plan (the 2004 Plan), which permits eligible employees, including employees who are officers or directors, to purchase Common Stock of the Company at a 15% discount. All permanent employees of the Company and designated subsidiaries are eligible to participate, except that any employee who would, after a purchase under the 2004 Plan, own stock possessing five percent or more of

the voting power of the Company's Common Stock, is not eligible. Participating employees authorize payroll deductions of up to five percent of their base pay. Amounts so contributed are used by the custodian of the 2004 Plan to purchase shares of the Company's Common Stock in open market transactions. Participants may purchase shares at 85% of the market price per share as of the date of purchase. The Company contributes to the 2004 Plan a contribution in the amount of the 15% discount to be added to the funds contributed by participants (via payroll deductions) for the purchase of shares under the 2004 Plan. During the year ended August 31, 2006, the Company's contributions under the 2004 Plan aggregated \$38,430. The maximum number of shares issuable pursuant to the 2004 Plan or purchasable by the custodian pursuant to the 2004 Plan is 750,000 shares of the Company's Common Stock.

Retirement and other Post-Termination Plans

401(k) Plans

The Company maintains tax-qualified 401(k) retirement savings plans applicable to all United States employees, including executive officers. Pursuant to these plans, the Company typically matches a portion of employee contributions to the plans. The matching contribution is presently established at 25% of employee deferrals and contributions for all participants and an additional 10% for eligible savers who are not highly compensated. Contributions to the plans may be invested in a number of investments which do not presently include the Company's Common Stock.

Supplemental Benefit Plans

Certain executive officers of the Company participate in a non-qualified supplemental benefit plan maintained by a Company subsidiary, the Greenbrier Leasing Company LLC Manager Owned Target Benefit Plan (the Target Benefit Plan).

The Target Benefit Plan provide for supplemental non-qualified non-deferred compensation for participating executives. Contributions related to the plans amounted to \$1.3 million in 2006. Included in this amount are payments to be made on behalf of certain participants to cover the participant's estimated tax liability resulting from the contribution. Upon a change of control (as defined), the Company will make formula based payments for certain participants. Mr. Furman does not participate in the Target Benefit Plan. All of the Company's named executive officers other than Mr. Furman participate in the Target Benefit Plan.

Executive Life Insurance

The Company provides an executive life insurance program to certain executives, including the named executive officers, whereby the Company agrees to pay the premiums on life insurance policies, to recognize such premium payments as compensation to the employees and pay covered employees an additional bonus to help defer income taxes resulting from the payment of the premiums being treated as income. Mr. Furman's employment agreement provides for a supplemental retirement benefit of \$407,000 per year, payable until age 70. That payment is intended to defray the cost of his executive life insurance policy premiums and resulting income taxes, and is made to the trustee of a trust that holds the life insurance policy insuring Mr. Furman's life, and which pays the policy premiums.

Change of Control Agreements

During fiscal 2005 the Company, in consultation with a compensation consulting firm, adopted a program for change of control agreements for certain managers and executives of the Company. During fiscal 2006 the Company entered into a change of control agreement with Chief Financial Officer Joseph K. Wilsted that provides for payment of severance in the event that his employment is terminated following a change of control, in an amount equal to two and

one-half times the amount of Mr. Wilsted's annual base salary and average annual bonus, continuation of health and welfare benefits for a period of two and one-half years, and full vesting of all unvested stock options and restricted stock grants.

The individual employment agreements entered into with Mr. Furman, Mr. Rittenbaum and Mr. Bisson each contain change of control provisions that provide for severance payments and continued benefits in the event that the executive's employment is terminated following a change of control. Pursuant to their employment agreements, Mr. Furman and Mr. Bisson each would receive change of control severance payments in an amount equal to three times his annual base salary and average annual bonus, and Mr. Rittenbaum's change of control severance payment would equal two times his annual base salary and average annual bonus. Mr. Bisson would receive continued Target Benefit Plan contributions and health and welfare plan benefits for three years; Mr. Furman would receive continued supplemental retirement benefit payments and health and welfare plan benefits for three years; and Mr. Rittenbaum would receive continued Target Benefit Plan contributions and health and welfare plan benefits for two years. Mr. Bisson and Mr. Rittenbaum would receive full vesting of all unvested stock options and restricted stock grants.

Under all the employment agreement and change of control agreement provisions described above, the amount of change of control benefits may not exceed an amount that will avoid any payments being non-deductible under section 280G of the Internal Revenue Code of 1986, as amended (the Code) or subject to excise tax under section 4999 of the Code.

Executive Home Sale Assistance Program

During fiscal 2006 the Compensation Committee approved the establishment of an Executive Home Sale Assistance Program and adopted guidelines for the program, under which the Company will assist selected transferred or newly hired executives sell their homes, in order to facilitate a successful relocation of the executive. During fiscal 2006 Mr. Wilsted received assistance under the program in connection with his hiring and relocation to Portland, Oregon.

PROPOSAL NO. 2

PROPOSAL TO APPROVE PERFORMANCE-BASED COMPENSATION PLAN

At the annual meeting, shareholders will consider and vote upon a proposal to approve the terms of the annual bonus plan for the Company's President and Chief Executive Officer, William A. Furman.

Pursuant to the annual bonus plan provisions in his employment agreement with the Company, Mr. Furman is eligible to earn an annual cash bonus in an amount equal to up to 150% of the amount of his base salary upon attainment of performance goals established by the Compensation Committee of the Company's Board of Directors. The performance goals relate to return on shareholders' equity. If the Company's return on equity is less than 10%, no cash bonus is paid. If the return on equity is at least 10%, Mr. Furman is entitled to receive a bonus equal to 36% of annual base salary. The amount of the bonus increases ratably as the return on equity increases, to a maximum of 150% of base salary if return on equity is 18% or greater. Mr. Furman's current base salary is \$625,000 and may be increased from time to time by the Compensation Committee. (The Compensation Committee increased Mr. Furman's base salary from \$550,000 to \$625,000 effective May 1, 2006.) The Compensation Committee is empowered to reduce, but not increase, the amount of the annual bonus otherwise payable by up to 50%. For fiscal 2006, the Compensation Committee approved payment to Mr. Furman of annual bonus in the amount of \$862,500, or 150% of his annualized base salary of \$575,000.

Under Section 162(m) of the Internal Revenue Code, a publicly held corporation may not claim a tax deduction in any fiscal year for compensation paid to the corporation's chief executive officer (or any other named executive officer) in excess of \$1,000,000, unless the compensation is specifically excluded from the limitation imposed by Section 162(m). The limitation does not apply with respect to performance-based compensation, if the performance goals are determined by a compensation committee comprised solely of two or more outside directors, the compensation committee certifies that the performance goals and any other material terms have been satisfied before the compensation is paid, and the material terms under which the compensation is to be paid, including the performance goals, are disclosed to the shareholders and approved by a majority of the vote in a separate shareholder vote before the compensation is paid.

Mr. Furman's employment agreement has been amended to provide, consistent with Treasury Regulations adopted under Section 162(m), that the Company will not pay Mr. Furman any portion of the annual bonus otherwise payable to him that would cause his total remuneration to exceed \$1,000,000, unless the performance goals which must be attained in order for the annual bonus to be or become payable have been disclosed to and approved by the shareholders of the Company prior to payment of such amounts.

Shareholder approval is sought of the bonus plan performance goals described above in order to qualify the annual bonus provided for pursuant to the terms of Mr. Furman's employment agreement as performance-based compensation for purposes of Internal Revenue Code Section 162(m).

Proposal No. 2 will be approved if the number of shares voted in favor of the proposal exceeds the number of shares voting against the proposal.

The Board of Directors unanimously recommends that shareholders vote FOR approval of Proposal No. 2.
