The meeting will be held at 10 a.m., local time, on Monday, May 14, 2001, at the offices of Hale and Dorr LLP, 60 State Street, Boston, Massachusetts.

- THIS PROXY STATEMENT summarizes information about the proposals to be considered at the meeting and other information you may find useful in determining how to vote.
- THE PROXY CARD is the means by which you actually authorize another person to vote your shares in accordance with the instructions.

other nominees holding shares for a beneficial owner to forward copies of the proxy materials to those beneficial owners and to request instructions for voting those shares. We will reimburse these banks, brokers and other nominees for their related reasonable expenses. We have not retained the services of any proxy solicitation firm to assist us in soliciting proxies.

We are mailing this proxy statement and the enclosed proxy card to stockholders for the first time on April 17, 2001. In this mailing, we are including a copy of our 2000 Annual Report to Stockholders.

WHO MAY VOTE

Holders of record of our common stock at the close of business on March 26, 2001 are entitled to one vote per share on each matter properly brought before the meeting.

A list of stockholders entitled to vote will be available at the meeting. In addition, you may contact our Secretary, Jeet Singh, to make arrangements to review a copy of the stockholder list at the offices of Hale and Dorr LLP, 60 State Street, Boston, Massachusetts, prior to the meeting, between the hours of 8:30 a.m. and 5:30 p.m., local time, on any business day from May 4, 2001 up to the time of the meeting.

QUORUM REQUIRED TO TRANSACT BUSINESS

At the close of business on March 26, 2001, 68,315,484 shares of our common stock were outstanding. Our by-laws require that a majority of the shares of our common stock outstanding on that date be represented, in person or by proxy, at the meeting in order to constitute the quorum we need to transact business. We will count abstentions and broker non-votes in determining whether a quorum exists. PROPOSAL ONE: ELECTION OF CLASS II DIRECTORS

The first proposal on the agenda for the meeting is the election of two individuals to serve as Class II directors for three-year terms beginning at the meeting and ending at our 2004 Annual Meeting of Stockholders. Our by-laws provide that the board is to be divided into three classes serving for staggered three-year terms.

The board has nominated Scott A. Jones and Thomas N. Matlack, current Class II directors, for re-election. Brief biographies of Messrs. Jones and Matlack, each as of March 31, 2001, follow. You will find information about Messrs. Jones' and Matlack's stock holdings on page 13.

SCOTT A. JONES..... Mr. Jones has served as a director since November 1997. Since co-founding Escient, Inc., a company focusing on Internet applications related to entertainment in the home, in July 1996, Mr. Jones has served as its Chief Executive Officer and Chairman. After co-founding Boston Technology, Inc. in 1986, Mr. Jones served as its Chairman and Chief Scientist until 1992. Since 1994, he has also been a principal of Threshold Technologies, Inc., a consulting firm, and King Air Charters, Inc., an air charter company. Mr. Jones is 39 years old.

THOMAS N. MATLACK..... Mr. Matlack has served as a director since November 1997. Since August 1998, he has been a Managing Partner at Megunticook Management LLC, a private investment fund. From 1992 to February 1997, he held various positions with the Providence Journal Company, including Chief Financial Officer from April 1996 to February 1997, Vice President, Finance from September 1995 to April 1996, and Director, Financial Planning and Analysis from 1992 to September 1995. Mr. Matlack is 36 years old.

We expect that both Mr. Jones and Mr. Matlack will be able to serve if elected. If either one is not able to serve, proxies may be voted for a substitute nominee. The board of directors may, following the Annual Meeting, elect an additional Class II director, as provided in our by-laws.

Edgar Filing: ART TECHNOLOGY GROUP INC - Form DEF 14A

Edgar Filing: ART TECHNOLOGY GROUP INC - Form DEF 14A

The Audit Committee reviewed our audited financial statements for the year ended December 31, 2000 and discussed these financial statements with our management. The Audit Committee also reviewed and discussed the audited financial statements and the matters required by Statement on Auditing Standards 61, COMMUNICATION WITH AUDIT COMMITTEES, with Arthur Andersen, our independent auditors. SAS 61 requires our independent auditors to discuss with our Audit Committee, among other things, the following:

- methods to account for significant unusual transactions;

- the effect of significant accounting policies in controversial or emerging areas for which there is a lack of authoritative guidance or consensus;

- the process used by management in formulating particularly sensitive accounting estimates and the basis for the auditors' conclusions regarding the reasonableness of those estimates; and

- disagreements, of which there were none, with management over the application of accounting principles, the basis for management's accounting estimates and the disclosures in the financial statements.

Our independent auditors also provided the Audit Committee with the written disclosures and the letter required by Independence Standards Board Standard No. 1, INDEPENDENCE DISCUSSIONS WITH AUDIT COMMITTEES. This Standard requires auditors annually to disclose in writing all relationships that in the auditor's professional opinion may reasonably be thought to bear on independence, confirm their perceived independence and engage in a discussion of independence. In addition, the Audit Committee discussed with the independent auditors their independence from our company.

6

Based on its discussions with management and the independent auditors, and its review of the representations and information provided by management and the independent auditors, the Audit Committee recommended to the board of directors that the audited financial statements be included in our annual report on Form 10-K for the year ended December 31, 2000.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

Edgar Filing: ART TECHNOLOGY GROUP INC - Form DEF 14A

Messrs. Jones, Matlack and Lax and Ms. Swersky served on the Compensation Committee during 2000. None of these directors was, during or before 2000, an officer or employee of our company or of any of our affiliates. None of our executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving as members of our board of directors or Compensation Committee.

COMPENSATION OF DIRECTORS

During 2000, we paid no cash compensation to any of our directors. In order to attract and retain directors in a competitive environment, as of January 1, 2001, we began paying a cash retainer of \$10,000 per year to our non-employee directors and additional payments of \$1,000 for each meeting attended by those directors. In order to attract new directors from larger and more sophisticated companies and to compensate committee chairpersons for the additional work imposed by this role, on March 26, 2001, the board of directors voted to increase the annual retainer for each non-employee director to \$25,000; to provide an additional annual retainer of \$10,000 to each non-employee committee chairperson; and to continue paying each non-employee director \$1,000 for each meeting attended by that director. We do not reimburse directors for travel and living expenses for attending regular board meetings and committee meetings.

The board of directors adopted our 1999 Outside Director Stock Option Plan in May 1999, and it was approved by our stockholders in June 1999. Under the plan, individuals who become directors and are not our employees receive an option to purchase 10,000 shares of common stock on the date of his or her initial election to our board. The exercise price of such option is equal to the closing price per share of our common stock on the date of such director's election. In addition, each of our continuing non-employee directors receives an option to purchase 10,000 shares of common stock on the date of each annual meeting of stockholders, at an exercise price equal to the closing price per share of the common stock on the date of the annual meeting. All options granted under the director plan are fully vested upon grant.

REPORT OF THE COMPENSATION COMMITTEE

Edgar Filing: ART TECHNOLOGY GROUP INC - Form DEF 14A

The Compensation Committee consists entirely of directors who are not officers or employees of our company or of any of our affiliates. The Compensation Committee establishes the salaries and other compensation for our executive officers, including our Chief Executive Officer and the other named executive officers. The Compensation Committee also administers our stock option and stock purchase plans.

GENERAL COMPENSATION PHILOSOPHY. Our executive compensation program is designed to:

- retain executive officers by paying them competitively, motivating them to contribute to our success and rewarding them for their performance;
- link a substantial part of each executive officer's compensation to our performance; and
- encourage ownership of our common stock by executive officers, to further tie the interests of management to the interests of our stockholders.

The Compensation Committee applies these principles in determining annual compensation opportunities and payments for the named executive officers and our other executive officers.

ESTABLISHING TOTAL COMPENSATION OPPORTUNITIES. In determining total annual compensation opportunities for the named executive officers, the Compensation Committee considers many factors, including:

- the experience and compensation history of the executive officer;
- our performance as measured by revenues, earnings and total stockholder return compared to that of other companies in the Internet software industry; and
- the total annual compensation paid by competitors in the Internet software industry to their senior management.

BALANCING THE ELEMENTS OF COMPENSATION. The Compensation Committee seeks to balance three elements--salaries, bonuses and stock options. The Compensation Committee also tries to align the compensation opportunities of executive

Edgar Filing: ART TECHNOLOGY GROUP INC - Form DEF 14A

officers closely with the interests of our stockholders in allocating compensation opportunities among these elements. Therefore, bonuses are tied to our performance, as measured by revenues and earnings. The Compensation Committee also relies on recommendations made by executive compensation specialists from an outside consulting firm.

Salaries for each of the named executive officers are based on the Compensation Committee's evaluation of:

- the executive officer's job performance;
- the executive officer's contribution to our growth and profitability;
- any increase in the executive officer's responsibilities, whether as a result of our growth or a reassignment of responsibilities;
- the success of the management team in achieving our short-term and long-term goals;
- the importance of the executive officer to the future growth and profitability;
- the salaries and total compensation mix paid to executive officers holding equivalent positions by companies in our peer group; and
- the experience and compensation history of the executive officer.

To determine the size of option grants to our executive officers, the Compensation Committee relies on recommendations made by the executive compensation specialists at an outside consulting firm. The exercise price for all stock options granted to executive officers equals the market value of the underlying shares on the date of grant. Therefore, ultimately, the stock options have value only if the value of the underlying shares increases.

As Chief Executive Officer for 2000, Jeet Singh received salary compensation of \$220,000 and a cash bonus of \$105,871. Mr. Singh's annual salary for 2000 was determined based on an assessment of comparative industry salaries using established executive compensation surveys. Mr. Singh's cash bonus was determined objectively based on our performance in 2000.

Edgar Filing: ART TECHNOLOGY GROUP INC - Form DEF 14A

Section 162(m) of the Internal Revenue Code generally disallows us from taking any tax deduction for compensation exceeding \$1,000,000 paid to any of the named executive officers. The limit does not apply, however, to compensation we pay upon our attainment of performance goals under a program approved by the stockholders. The Compensation Committee intends that compensation attributable to stock options granted under the 1996 plan meet the requirements of Section 162(m), and therefore believes that these amounts will be deductible by us for federal income tax purposes.

COMPLIANCE WITH REPORTING REQUIREMENTS

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers to file reports of holdings and transactions in our

Edgar Filing: ART TECHNOLOGY GROUP INC - Form DEF 14A

equity securities with the SEC. We are also required to identify any director or executive officer who fails to timely file with the SEC any required report relating to ownership or changes in ownership of our equity securities. Certain securities held by Lauren Kelley, our Senior Vice President, Worldwide Sales, were inadvertently omitted from her Form 3 in February 2000. The omission was corrected on Form 5 filed in April 2001, which was after the Form 5 filing deadline, for year end 2000. Twenty-eight shares held by the son of Robert Walters, one of our directors, which may be attributed to Mr. Walters, were omitted from his Form 3 which was due in May 2000 but was filed in July 2000. These shares were reported on a Form 4 filed in October 2000. Due to an administrative error, an option exercise and a subsequent sale of securities in May 2000 by Ann Brady, our Chief Financial Officer, was not filed on a timely basis. These transactions were reported on Form 5 filed in April 2001 for year end 2000. The Form 3 for Phyllis Swersky, one of our directors, due in May 2000, was filed in September 2000. Forms 5 for year 2000 for Joseph Chung, our Chief Technology Officer, Charles Lax, one of our directors and Ian Reid, our Vice President, Marketing, were filed in April 2001. Messrs. Scott Jones, Thomas Matlack, Jeffrey Newton, Paul Shorthose, Jeet Singh, William Wittenberg, and Mesdames Brady and Kelley each reported on Form 5 filed in April 2000 for year end 2000, information to correct administrative or mathematical errors that appeared in various Form 4 reports filed during 2000. In addition, required reports for all of our directors and executive officers were mailed, rather than filed, on the filing deadline and therefore were filed with the SEC one to four days late.

PROPOSAL TWO: APPROVAL OF AMENDMENT OF 1996 STOCK OPTION PLAN

Edgar Filing: ART TECHNOLOGY GROUP INC - Form DEF 14A

On April 5, 2001, the board of directors voted to increase the number of shares authorized for issuance under our Amended and Restated 1996 Stock Option Plan by 6,000,000, from 19,600,000 shares to 25,600,000 shares. The board determined that this amendment, referred to below as the Plan Amendment, was critical to our future success for the reasons described below and that the Plan Amendment therefore should not be subject to stockholder approval.

The board has submitted the Plan Amendment for approval by our stockholders in order to enable us to issue additional incentive stock options intended to qualify under Section 422 of the Internal Revenue Code. If the Plan Amendment is not approved by our stockholders by April 5, 2002, we will

15

be able to issue only non-statutory stock options, and not incentive stock options, to purchase the additional 6,000,000 shares reserved for issuance pursuant to the Plan Amendment. Incentive stock options offer tax benefits that can make them more valuable than non-statutory stock options to many of our employees, at no incremental cost to our company.

AS A RESULT, THE BOARD BELIEVES THAT APPROVAL OF THE PLAN AMENDMENT BY THE STOCKHOLDERS IS IN THE BEST INTERESTS OF OUR COMPANY AND OUR STOCKHOLDERS AND THEREFORE RECOMMENDS THAT STOCKHOLDERS VOTE FOR THIS PROPOSAL.

An affirmative vote of a majority of the common stock voting on the matter, in person or by proxy, is necessary to approve the Plan Amendment. Abstentions effectively count as votes against approval of the plan. Brokers have discretionary voting power with respect to this proposal.

RATIONALE FOR PLAN AMENDMENT

The 1996 plan is intended to advance the interests of our stockholders by improving our ability to attract and retain qualified individuals who are in a position to contribute to our management and growth and to provide additional incentive for such individuals to contribute to our future success. Immediately prior to the board's approval of the Plan Amendment, a total of 4,321,852 shares of common stock remained available for grant under the 1996 plan.

The board determined that it was necessary to have the ability to grant additional options in order to meet our goals of retaining key employees and attracting the best new employees by providing competitive compensation. We hired over 700 new employees during 2000, to whom we granted options to acquire a total of 4,866,643 shares of common stock. Due to the volatility of the stock market during the past year, the exercise prices of all of these options are above recent market prices of our common stock. The market price of our common stock on the Nasdaq National Market at the close of business on April 12, 2001 was \$5.59 per share. The table below presents the numbers of options granted during 2000 at various levels of exercise prices:

EXERCISE PRICE	NUMBER OF SHARES SUBJECT TO OPTIONS GRANTED
-----	-----

Edgar Filing: ART TECHNOLOGY GROUP INC - Form DEF 14A

\$27.00 - \$ 39.99	147,193
40.00 - 49.99	359,350
50.00 - 59.99	1,622,800
60.00 - 69.99	452,900
70.00 - 79.99	655,800
80.00 - 89.99	1,011,800
90.00 - 99.99	161,400

120.00 or more	405,800

Total	4,866,643

16

Since these options have exercise prices significantly greater than recent market prices of our common stock, they have a limited ability to motivate and help retain the employees to whom they were issued. Moreover, applicable accounting principles make it highly undesirable for us either to lower the exercise prices of these options or to exchange the outstanding options for new options having lower exercise prices.

In spite of the unpredictability of the stock market, employees in the technology sector continue to expect and require stock options as part of their total compensation packages. Our board therefore believes that it will be necessary to issue additional options to existing employees in the near future, in order to encourage their continued employment with our company and to serve as meaningful compensatory motivation. In addition, based on our projected hiring for the next two years, the directors believe that additional shares will be required under the 1996 plan in order to allow us to attract qualified new employees in accordance with our business plans.

SUMMARY OF 1996 STOCK OPTION PLAN

The following summary is qualified in all respects by reference to the full text of the Amended and Restated 1996 Stock Option Plan. You can obtain a copy of the 1996 plan by writing to Jeet Singh, our Secretary, at our address as set forth in the Notice appearing before this proxy statement.

The 1996 plan was adopted by our board of directors in April 1996 and approved by our stockholders in May 1996. On March 26, 2001 the board voted to amend and restate the 1996 plan in order to, among other things, permit grants to be evidenced electronically, conform the plan to changes in the law since its adoption, permit tax withholding on exercises when required by law, and permit the addition of a second director to the Employee Stock Option Committee, who may act independently in the absence of the other director.

The 1996 plan provides for the grant of incentive stock options intended to qualify under Section 422 of the Internal Revenue Code and non-statutory stock options.

Edgar Filing: ART TECHNOLOGY GROUP INC - Form DEF 14A

Our officers, employees, directors, consultants and advisors are eligible to receive awards under the 1996 plan. Under present law, however, incentive stock options may only be granted to employees. No employee may receive any award for more than 500,000 shares in any calendar year.

Optionees receive the right to purchase a specified number of shares of common stock at a specified option price and subject to such other terms and conditions as are specified in connection with the option grant. We may grant options at an exercise price less than, equal to or greater than the fair market value of our common stock on the date of grant. Under present law, incentive stock options and options intended to qualify as performance-based compensation under Section 162(m) of the Internal Revenue Code may not be granted at an exercise price less than the fair market value of the common stock on the date of grant or less than 110% of the fair market value in the case of incentive stock options granted to optionees holding more than 10% of the voting power of the company. The 1996 plan permits our board of directors to determine how optionees may pay the exercise price of their options, including by cash, check or in connection with a "cashless exercise" by surrender to us of shares of common stock, by delivery to us of a promissory note, or by any other means that the board determines is consistent with the 1996 plan and applicable rules and regulations.

17

As of March 26, 2001, approximately 1,165 persons were eligible to receive awards under the 1996 plan, including six executive officers and five non-employee directors. The granting of options under the 1996 plan is discretionary and we cannot now determine the number or type of options to be granted in the future to any particular person or group.

Our board of directors administers the 1996 plan and has the authority to adopt, amend and repeal the administrative rules, guidelines and practices relating to the 1996 plan and to interpret its provisions. The board may delegate authority under the 1996 plan to one or more committees of the board of directors. Our board of directors has authorized the Compensation Committee to administer the 1996 plan, including the granting of options to our executive officers. In addition, the board has authorized an Employee Stock Option Committee to grant options under the 1996 plan for up to 300,000 shares in any quarter. Such options may not cover more than 10,000 shares per employee per year. Subject to any applicable limitations contained in the 1996 plan, our board of directors, this committee and any other committee to whom our board of directors delegates authority, may select the recipients of awards and determine the number of shares of common stock covered by options, the dates upon which such options become exercisable, the exercise price of options and the duration of options.

In the event of a merger, liquidation or other acquisition event, our board of directors is authorized to take one or more of the following actions:

- provide that outstanding options be assumed or substituted for by the acquirer;
- provide that all unexercised options terminate immediately prior to the event unless exercised within a time period specified in written notice to the option holder;
- in the event of a merger in which holders of common stock would receive a cash payment for each share surrendered, provide for a cash payment to each option holder equal to the per share amount by which the amount paid to common stock holders exceeds the option's exercise price, multiplied by the total number of shares underlying the option; or

Edgar Filing: ART TECHNOLOGY GROUP INC - Form DEF 14A

- provide that any or all outstanding options become fully exercisable immediately prior to the event.

No award may be granted under the 1996 plan after April 2006, but the vesting and effectiveness of awards previously granted may extend beyond that date. Our board of directors may at any time amend the 1996 plan, except that no award granted after an amendment of the 1996 plan and for which stockholder approval is required under Section 422 of the Internal Revenue Code shall become exercisable, realizable or vested to the extent such amendment was required to grant such award, unless and until such amendment is approved by our stockholders.

See Appendix B to this proxy statement for a discussion of the U.S. federal income tax consequences of the 1996 plan.

PROPOSAL THREE: APPROVAL OF AMENDMENTS OF BY-LAWS

On March 26, 2001, the board of directors voted to approve a number of changes to our by-laws in order to authorize the use of electronic or remote communications, including e-mail, for many

18

corporate purposes. These purposes include attendance at meetings, establishment of a quorum, voting by stockholders and written consents of directors.

See Appendix C to this proxy statement for the text of the amendments.

The affirmative vote of the holders of 75% of our issued and outstanding shares of common stock is required to approve the amendments to our by-laws. Abstentions will effectively count as votes against approval of the amendments. Brokers have discretionary voting power with respect to this proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE AMENDMENTS TO OUR BY-LAWS.

PROPOSAL FOUR: RATIFICATION OF SELECTION OF INDEPENDENT ACCOUNTANTS

The board of directors, upon the recommendation of the Audit Committee, has selected Arthur Andersen LLP to serve as our independent accountants for the year ending December 31, 2001. Arthur Andersen has served as our independent accountants since 1996. Although stockholder ratification of the selection of Arthur Andersen is not required by law, the board of directors believes that it is desirable to give stockholders the opportunity to ratify this selection. If this proposal is not approved at the meeting, the board will reconsider the selection of Arthur Andersen.

The affirmative vote of a majority of the shares present or represented by proxy and voting at the meeting is required to ratify the selection of Arthur Andersen as our independent accountants for the year ending December 31, 2001. Abstentions are effectively counted as votes against this proposal. Brokers have discretionary voting power with respect to this proposal.

THE BOARD RECOMMENDS A VOTE FOR THE RATIFICATION OF THE SELECTION OF ARTHUR ANDERSEN LLP AS OUR INDEPENDENT ACCOUNTANTS FOR THE FISCAL YEAR ENDING DECEMBER 31, 2001.

Stockholder proposals intended to be presented at our 2002 Annual Meeting of Stockholders must have been received by us at our principal executive offices by December 14, 2001 for inclusion in the proxy statement and proxy card that will relate to that meeting.

Under our by-laws, a stockholder must follow certain procedures to nominate

Edgar Filing: ART TECHNOLOGY GROUP INC - Form DEF 14A

one or more individuals for election as a director or to introduce an item of business at an annual meeting of stockholders. These procedures provide that any nomination or proposed item of business must be submitted in writing to our Secretary at 25 First Street, Cambridge, Massachusetts 02141. The nomination or proposed item of business must be received not less than sixty days nor more than ninety days prior to the 2002 Annual Meeting and must include the name and address of the stockholder proposing such nomination or item of business and the number of shares of common stock owned by such stockholder.

A nomination must contain the following information about the nominee:

- name, age, business and, if known, residence address;

- the number of shares of our common stock, if any, held by the nominee; and
- the information that would be required under SEC rules in a proxy statement soliciting proxies for the election of such nominee as a director.

- a brief description of the substance of, and the reasons for, conducting such business at the annual meeting; and
- any material interest of the stockholder in such business.

We have not yet set a date for our 2002 meeting. If the 2002 meeting were to be held on May 14, 2002 (the anniversary of the 2001 meeting), the deadline for delivery of a stockholder proposal or nomination would be March 15, 2002.

LEGAL MATTERS

On October 31, 2000, Aron Rosenberg, one of our stockholders, filed a lawsuit in the United States District Court for the District of Delaware, Rosenberg V. Tudor Investment Corp., Tudor Private Equity Fund L.P., The Raptor Global Fund L.P., The Raptor Global Fund Ltd., Tudor Global Trading LLC and Art Technology Group, Inc., Civil Action No. 00-925. Mr. Rosenberg's complaint alleges that the Tudor and Raptor entities violated Section 16(b) of the Securities Exchange Act of 1934 in connection with their sales of our common stock after our initial public offering on July 20, 1999. Those entities received shares of our common stock immediately before our closing of our initial public offering, upon the conversion of Series D preferred stock that they had acquired more than six months before our initial public offering. The complaint alleges that those entities should be deemed to have purchased shares of our common stock shortly before the closing of our initial public offering, as the result of changes effected through a charter amendment relating to the preferred stock. The complaint also alleges that the entities obtained profits of more than \$70 million from sales of our common stock within six months after the date on which such purchase should be deemed to have occurred and that those profits should be paid to us in accordance with Section 16(b). Although we are a nominal defendant in the suit, Mr. Rosenberg is not seeking any damages from us. We cannot assure you that we will receive any payment as a result of this lawsuit.

In February 2001, we received a letter from attorneys representing Open Market, Inc., an Internet software company, asserting that our software

Edgar Filing: ART TECHNOLOGY GROUP INC - Form DEF 14A

infringed certain of Open Market's patents. Although eight patent descriptions were attached as exhibits, the letter did not describe which of the patents we allegedly infringed, nor did it describe the manner in which our software infringed those patents. We have engaged patent counsel to review the Open Market patents and to try to ascertain the details of the claim from Open Market's counsel. Open Market has not filed a lawsuit against us as a result of these claims, but we cannot be certain that a lawsuit will not be filed in the future.

21

Under exceptional and limited circumstances, one director who has a relationship making him or her not independent, and who is not a Company employee or an immediate family member of a Company employee, may serve on the Audit Committee if the board of directors determines that the director's membership on the Audit Committee is required by the best interests of the Company and its shareholders, and discloses in the next annual proxy statement after such determination the nature of the relationship and the reasons for the determination.

The Audit Committee shall discharge its responsibilities, and shall assess the information provided by the Company's management and the outside auditor, in accordance with its business judgment. The responsibilities set forth herein do not reflect or create any duty or obligation of the Audit Committee to plan, conduct, oversee or determine the appropriate scope of any audit, or to determine that the Company's financial statements are complete, accurate, fairly presented, or in accordance with Generally Accepted Accounting Principles or applicable law. The Audit Committee shall review and reassess the adequacy of this charter at least annually.

The outside auditor shall be accountable to the Audit Committee and the board of directors, which together shall have the ultimate authority and responsibility to nominate the outside auditor to be proposed for shareholder approval in any proxy statement, and to select, evaluate, and (where appropriate) replace the outside auditor.

The Audit Committee shall ensure that they receive from the outside auditor the written disclosures and letter from the outside auditor required by Independence Standards Board Standard No. 1.

The Audit Committee shall discuss with the outside auditor its independence, and shall actively engage in a dialogue with the outside auditor regarding any disclosed relationships or services that might impact the objectivity and independence of the auditor. The Audit Committee shall take, or recommend that the full board of directors take, appropriate action to oversee the independence of the outside auditor.

The Audit Committee shall review and discuss with the Company's management the Company's audited financial statements.

The Audit Committee shall discuss with the outside auditor the matters about which Statement on Auditing Standards No. 61 requires discussion.

Based upon its discharge of its responsibilities pursuant to this Charter and any other information, discussion or communication that the Audit Committee in its business judgment deems relevant, the Audit Committee shall consider whether they will recommend to the board of directors that the Company's audited financial statements be included in the Company's annual reports on Forms 10-K.

Edgar Filing: ART TECHNOLOGY GROUP INC - Form DEF 14A

The Audit Committee shall prepare for inclusion where necessary in a proxy or information statement of the Company relating to an annual meeting of security holders at which directors are to be elected (or special meeting or written consents in lieu of such meeting), the report described in Item 306 of Regulation S-K.

A-2

The Audit Committee shall annually inform the outside auditor, the Chief Financial Officer, the Controller, and the most senior other person, if any, responsible for the internal audit activities, that they should promptly contact the Audit Committee or its Chairman about any significant issue or disagreement concerning the Company's accounting practices or financial statements that is not resolved to their satisfaction. Where such communications are made to the Chairman, he or she shall confer with the outside auditor concerning any such communications, and shall notify the other members of the Audit Committee of any communications which the outside auditor or the Chairman in the exercise of his or her business judgment believes should be considered by the Audit Committee prior to its next scheduled meeting.

The Audit Committee shall direct the outside auditor to use its best efforts to perform all reviews of interim financial information prior to disclosure by the Company of such information, and to discuss promptly with the Chairman of the Audit Committee and the Chief Financial Officer any matters identified in connection with the auditor's review of interim financial information which are required to be discussed by Statement on Auditing Standards No. 61. The Chairman of the Audit Committee shall discuss any such matters with the outside auditor, and shall notify the other members of the Audit Committee of any discussions which the outside auditor or the Chairman in the exercise of his or her business judgment believes should be considered by the Audit Committee prior to disclosure or filing of the interim financial information, or the Audit Committee's next scheduled meeting.

APPENDIX B FEDERAL INCOME TAX CONSEQUENCES OF AMENDED AND RESTATED 1996 STOCK OPTION PLAN

The following is a summary of the United States federal income tax consequences that generally will arise with respect to options granted under our Amended and Restated 1996 Stock Option Plan and with respect to the sale of common stock acquired under the 1996 plan. It does not address the tax consequences that may arise with respect to any gift or disposition other than by sale of common stock acquired under the 1996 plan. For precise advice as to any specific transaction or set of circumstances, any participant in the 1996 plan, referred to as a Participant, should consult with his or her own tax advisors. Any participants should also consult with his or her own tax advisor regarding the application of any state, local, and foreign taxes and any federal gift, estate, and inheritance taxes. For purposes of the following description, "we," "our" and "us" refer to ATG and its subsidiaries, unless the context requires otherwise.

INCENTIVE STOCK OPTIONS

In general, a Participant will not recognize taxable income upon the grant or exercise of an incentive stock option. Instead, a Participant will recognize taxable income with respect to an incentive stock option only upon the sale of common stock, referred to as ISO Stock, acquired through the exercise of the incentive stock option. Nevertheless, in the case of a Participant who has not been employed by us at all times commencing on the date on which a particular incentive stock option was granted and ending on the date that is three months

Edgar Filing: ART TECHNOLOGY GROUP INC - Form DEF 14A

before the date on which the option is exercised, the option generally will be treated as though it were a non-statutory stock option and taxed as described below under "Non-Statutory Stock Options." Similarly, incentive stock options will be treated as non-statutory stock options for purposes of the alternative minimum tax. While a Participant will pay alternative minimum tax only to the extent of the excess of that tax over the Participant's regular tax, the treatment of an option as a non-statutory stock option for purposes of the alternative minimum tax could create such an excess.

Generally, the tax consequences of selling ISO Stock will vary with the length of time that the Participant has owned the ISO Stock at the time it is sold. If the Participant sells ISO Stock after having owned it for more than two years from the grant date and one year from the exercise date, then the Participant will recognize long-term capital gain in an amount equal to the excess of the sale price of the ISO Stock over the exercise price.

If the Participant sells ISO Stock prior to having owned it for more than two years from the grant date and one year from the exercise date, known as a "Disqualifying Disposition", then the Participant generally will recognize ordinary compensation income in an amount equal to the lesser of:

- (1) the excess of the fair market value of the ISO Stock on the Exercise Date over the exercise price; and
- (2) the excess of the sale price of the ISO Stock over the exercise price.

A Participant making a Disqualifying Disposition will also recognize capital gain in an amount equal to the excess of the sale price of the ISO Stock over the fair market value of the ISO Stock on the exercise date. This capital gain will be a long-term capital gain if the Participant has held the ISO

B-1

Stock for more than one year prior to the date of the sale and will be a short-term capital gain if the Participant has held the ISO Stock for a shorter period.

If a Participant sells ISO Stock for less than the exercise price, then the Participant will recognize capital loss equal to the excess of the exercise price over the sale price of the ISO Stock. This capital loss will be a long-term capital loss if the Participant has held the ISO Stock for more than one year prior to the date of the sale and will be a short-term capital loss if the Participant has held the ISO Stock for a shorter period.

NON-STATUTORY STOCK OPTIONS

As in the case of an incentive stock option, a Participant will not recognize taxable income upon the grant of a non-statutory stock option. However, a Participant generally will recognize ordinary compensation income upon the exercise of a non-statutory stock option in an amount equal to the excess of the fair market value of the common stock, referred to as NSO Stock, acquired through the exercise of the non-statutory stock option on the exercise date over the exercise price.

With respect to any NSO Stock, a Participant will have a tax basis equal to the exercise price plus any income recognized upon the exercise of the option. Upon selling NSO Stock, a Participant generally will recognize capital gain or loss in an amount equal to the excess of the sale price of the NSO Stock over

Edgar Filing: ART TECHNOLOGY GROUP INC - Form DEF 14A

the Participant's tax basis in the NSO Stock. This capital gain or loss will be a long-term capital gain or loss if the Participant has held the NSO Stock for more than one year prior to the date of the sale and will be a short-term capital gain or loss if the Participant has held the NSO Stock for a shorter period.

DELIVERY OF COMMON STOCK UPON EXERCISE OF STOCK OPTIONS

Under certain circumstances, the 1996 plan permits a Participant to exercise an option by delivering to us common stock having a fair market value equal in amount to the exercise price. The use of this method of exercise generally will not alter the tax consequences described above, and it may enable a Participant to dispose of appreciated common stock without immediately recognizing capital gain on the disposition. The Participant's tax basis in any shares of common stock delivered to us to exercise an option generally will be carried over to an equal number of shares of common stock acquired upon exercising the option. Nevertheless, any Participant should consider that the delivery to us of ISO Stock or common stock acquired pursuant to our employee stock purchase plan will constitute a Disqualifying Disposition, having all of the adverse tax consequences described above, if the holding-period requirements described above are not satisfied with respect to that stock.

MAXIMUM INCOME TAX RATES ON CAPITAL GAIN AND ORDINARY INCOME

Long-term capital gain will be taxable at a maximum rate of 20% or, if certain additional requirements are satisfied, including the satisfaction of a five-year holding period, a maximum rate of 18%. Short-term capital gain and ordinary income will be taxable at a maximum rate of 39.6%. Phase outs of personal exemptions and reductions of allowable itemized deductions at higher levels of income may result in slightly higher marginal tax rates. Except in the case of a Disqualifying Disposition of ISO Stock, ordinary compensation income will also be subject to a Medicare tax and, under certain circumstances, a social security tax.

B-2

OUR TAX CONSEQUENCES

The grant of an option under the 1996 plan will have no tax consequences to us. Moreover, in general, neither the exercise of an incentive stock option acquired under the 1996 plan nor the sale of any common stock acquired under the 1996 plan will have any tax consequences to us. We generally will be entitled to a business-expense deduction, however, with respect to any ordinary compensation income recognized by a Participant under the 1996 plan. Any such deduction will be subject to the limitations of Section 162(m) of the Internal Revenue Code.

WITHHOLDING

While a Participant's Disqualifying Disposition of ISO Stock will result in the recognition of ordinary compensation income, we will have no withholding obligation with respect to that income. Nevertheless, we will have a withholding obligation with respect to ordinary compensation income recognized upon the exercise of a Non-Statutory Stock option by a Participant who has been employed by us. We will require any such Participant to make arrangements to satisfy this withholding obligation.
