Notes to UNAUDITED CONSOLIDATED Financial Statements

NOTE 1 - SIGNIFICANT ACCOUNTING POLICIES:

Basis of presentation and description of business

On September 20, 2000, Newtek Capital, Inc. (Newtek) acquired the controlling interests in the underlying entities listed below and accordingly consolidates the financial statements of these entities with its own. Additionally, on September 20, 2000, Newtek's common stock began trading on the American Stock Exchange under the symbol "NKC". Newtek was formed on June 29, 1999 under the name Whitestone Holdings, Inc. and changed its name to Newtek Capital, Inc. on January 18, 2000, and the underlying entities comprise: BJB Holdings, Inc. ("BJB"), Wilshire Holdings I, Inc., Wilshire Holdings II, Inc., Newtek Securities, LLC, REXX Environmental Corp. ("REXX"), Whitestone Capital Markets, Inc., The Whitestone Group, LLC ("TWG"); Wilshire Advisers, LLC ("WA"), Wilshire NY Advisers II LLC ("WAI"), and Wilshire New York Partners III LLC ("WNYIII"), certified capital companies ("Capcos") in New York, Wilshire Partners, LLC ("WP"), a Capco in Florida, Wilshire Investors, LLC ("WI"), a Capco in Wisconsin, Wilshire Louisiana Advisers, LLC ("WLA"), and Wilshire Louisiana Partners II LLC ("WLP"), capcos in Louisiana (the Capco entities are, collectively, the "Capcos" and Newtek and all of these aforementioned entities and Capcos are collectively the "Company"). TWG acts as an investment adviser and manager to the aforementioned Capcos as well as a merchant bank and provides investment banking and business development services including general business consulting services, strategic planning, due diligence, merger and acquisition analysis, technology design and implementation support, joint venture negotiations and litigation support services. All significant intercompany balances and transactions are eliminated in consolidation.

As described above, Newtek acquired the controlling interests in the underlying entities. In this connection, Newtek issued 18,823,285 shares of common stock in exchange for 100% of BJB's shares and the member interests in the underlying entities. The principal shareholders of Newtek were the principal owners of BJB and the underlying entities. As a result, Newtek has recorded the assets acquired and liabilities assumed at their historical values, with the net asset value recorded as a credit to stockholders' equity.

Additionally, on September 19, 2000, Newtek completed its acquisition of REXX. Pursuant to the acquisition, REXX stockholders received one share of Newtek common stock in exchange for each share of REXX common stock held. The Company issued 2,467,576 shares of common stock in exchange for 100% (2,467,576 shares) of REXX stock. This transaction has been accounted for as a

Edgar Filing: NEWTEK CAPITAL INC - Form 10QSB

recapitalization, whereby Newtek has recorded the monetary assets and liabilities of REXX at their historical values (which were not material to the Company), with the net asset value recorded as a credit to stockholders' equity.

The following is a summary of each Capco, state of certification and date of certification:

Capco	State of Certification	Date of Certification
WA	New York	May 1998
WP	Florida	December 1998
WI	Wisconsin	October 1999
WLA	Louisiana	October 1999
WAI	New York	April 2000
WLP	Louisiana	October 2000
WNY	New York	December 2000

6

In general, the Capcos issue debt and equity instruments, generally warrants ("Certified Capital"), to insurance company investors ("Certified Investors"). The Capcos then make targeted investments ("Investments in Qualified Businesses", as defined under the respective state statutes), with the Certified Capital raised. Such investments may be accounted for as either consolidated subsidiaries, under the equity method or cost method of accounting, or as notes receivable, depending upon the nature of the investment and the Company's and/or the Capco's ability to control or otherwise exercise significant influence over the investee. Each Capco has a contractual arrangement with the particular state that legally entitles the Capco to receive (or earn) tax credits from the state upon satisfying quantified, defined investment percentage thresholds and time requirements. In order for the Capcos to maintain their state-issued certifications, the Capcos must make Investments in Qualified Businesses in accordance with these requirements. Each Capco also has separate, legal contractual arrangements with the Certified Investors obligating the Capco to pay interest on the aforementioned debt instruments whether or not it meets the statutory requirements for Investments in Qualified Businesses. The Capco can satisfy this interest payment, at the Capco's discretion, by delivering tax credits in lieu of paying cash. The Capcos legally have the right to deliver the tax credits to the Certified Investors. The Certified Investors legally have the right to receive and use the tax credits and would, in turn, use these tax credits to reduce their respective state tax liabilities in an amount usually equal to 100% to 110% of their certified investment. The tax credits can be utilized over a ten-year period at a rate of generally between 10% and 11% per year and in some instances are transferable and can be carried forward.

The accompanying financial statements have been prepared without audit and do not include all footnotes and disclosures required under generally accepted accounting principles. Management believes that the results herein reflect all adjustments which are, in the opinion of management, necessary to fairly state the results and current financial condition of the Company for the respective periods. All such adjustments reflected herein are of a normal, recurring nature. These financial statements should be read in conjunction with the Company's financial statements contained in its Form 10K-SB for its year ended December 31, 2000, and all other filings with the Securities and Exchange Commission.

Note 2 - CONVERSION OF CAPCO MEMBERSHIP INTERESTS INTO NEWTEK STOCK

Edgar Filing: NEWTEK CAPITAL INC - Form 10QSB

In June 2001, the Company issued 534,592 shares of its common stock to the minority members of WI in exchange for substantially all of such members' minority interest. This has been accounted for as a purchase transaction. The fair value of the Company's common stock exceeded the book value of the minority interest by approximately \$978,000 and the Company has recorded such amount as goodwill.

Note 3 - INVESTMENTS IN QUALIFIED BUSINESSES

The following table is a summary of investments as of June 30, 2001, shown separately between their debt (\$12,707,338) and equity (\$3,944,978) components for a total Investment in Qualified Businesses of \$16,652,316. Terms of each are summarized. There are no expiration dates on any of the financial instruments, unless disclosed.

The Company has not guaranteed any obligation of these investees, and the Company is not otherwise committed to provide further financial support for the investees. Periodically, the Company evaluates each of its individual investments for potential impairment in value. Should the Company determine that an impairment exists and it is deemed to be other than temporary, the Company will write down the recorded value of the asset to its estimated fair value and record a corresponding charge in the statement of operations. At June 30, 2001, the Company has determined that there was \$250,000 of other than temporary decline in the value of its investments for Hypercosm. In addition, the Company determined an impairment existed for certain non-Capco investments, and recorded a charge of \$75,000.

The Company recovered \$100,000 of cash on one of its investments previously written down. This amount is shown on the statement of operations as a component of other than temporary decline in investments.

NOTE 4 - EARNINGS PER SHARE

Edgar Filing: NEWTEK CAPITAL INC - Form 10QSB

Basic earnings per share is computed based on the weighted average number of common shares outstanding during the period. The dilutive effect of common stock equivalents is included in the calculation of diluted earnings per share only when the effect of their inclusion would be dilutive. The effect of common

10

stock equivalents were anti-dilutive for the three and six months ended June 30, 2001 and the three and six months ended June 30, 2000 and, therefore, have been excluded from the calculation of diluted earnings per share.

The calculations of Net Income (Loss) Per Share were:

NOTE 5 - NEW ACCOUNTING PRONOUNCEMENTS

During the second quarter of 2001 the Financial Accounting Standards Board issued Statement of Financial Accounting Standards No. 141, Business Combinations ("SFAS 141") and Statement of Financial Accounting Standards No. 142, Goodwill and Other Intangible Assets ("SFAS 142"). SFAS 141 is effective for all business combinations initiated after June 30, 2001 and for all business combinations accounted for by the purchase method for which the date of acquisition is after June 30, 2001. The provisions of SFAS 142 will be effective for fiscal years beginning after December 15, 2001. However, early adoption of SFAS 142 is permitted for companies with a fiscal year beginning after March 15, 2001, provided their first quarter financial statements have not been previously issued.

The Company has determined that the adoption of SFAS 141 and SFAS 142 is not expected to have a significant impact on the Company's consolidated financial statements.

Interest expense increased by approximately \$3,684,000 to \$6,185,000 for the six months ended June 30, 2001, from \$2,501,000 for the six months ended June 30, 2000, which was attributable to the issuance of notes to Certified Investors relating to the formation of capcos during the prior 12 months.

Equity in net losses of affiliates increased by 961,000 for the six months ended June 30, 2001, from \$0 for the six months ended June 30, 2000 due to the increased number in partner companies and the nature of the Company's investments in them (more equity investments versus debt). Other than temporary decline in investments decreased by approximately \$375,000, to \$225,000 for the six months ended June 30, 2001, from \$600,000 for the six months ended June 30, 2000, due partially to a recovery of \$100,000 in cash related to an investment written down in 2000. Extraordinary gain decreased by approximately \$432,000, to \$0 for the six months ended June 30, 2001, from \$432,000 for the six months ended June 30, 2000, due to the \$432,000 gain recognized on the defeasance of the Company's liability of its NY II Capco in the second quarter of 2000 versus no such activity in 2001.

LIQUIDITY AND CAPITAL RESOURCES

The Company has funded its operations primarily through the issuance of notes and warrants to Certified Investors through the Capco program. To date, the Company has received approximately \$136,000,000 in proceeds from the issuance of long-term debt through the Capco programs. The Company's principal capital requirements have been to fund the defeasance of the principal amount of notes issued to the Certified Investors, the acquisition of Capco insurance policies, the acquisition of partner companies interests, funding of other

investments, and working capital needs resulting from increased operating and business development activities of its partner companies.

Net cash used in operating activities for the six months ended June 30, 2001 of approximately \$3,529,000 resulted primarily from net income of

\$1,985,000, offset by the non-cash interest expense of approximately \$5,671,000 and non-cash income tax expense of approximately \$1,787,000. It was also affected by the approximately \$961,000 in non-cash equity in net losses of affiliates, approximately \$930,000 of minority interest and the approximately \$14,651,000 in non-cash income from tax credits. In addition, the Company had a decrease in components of working capital of approximately \$453,000 (resulting primarily from the decrease in accounts payable and accruals of approximately \$1,097,000).

Net cash used in investing activities for the six months ended June 30, 2001 of approximately \$2,161,000 resulted primarily from approximately \$14,722,000 in additional qualified investments (including \$5,703,000 of investments consolidated in the financial statements) made in the period and offset by repayments on the debt instruments of \$6,900,000.

Net cash provided by financing activities for the six months ended June 30, 2001 was approximately \$4,166,000, primarily attributable to approximately \$5,200,000 from the issuance of notes payable and approximately \$726,000 from the private placement of common stock during the three months ended March 31, 2001, which was offset by approximately \$1,333,000 in payments on notes payable. In addition, the Company paid approximately \$402,000 in distributions to CAPCO members for taxes.

The Company believes that its cash and cash equivalents, its anticipated cash flow from operations, its ability to access private and public debt and equity markets, and the availability of funds under its existing credit agreements will provide it with sufficient liquidity to meet its short and long-term capital needs.
