THE STEAK N SHAKE COMPANY REPORTS FISCAL THIRD QUARTER 2004 RESULTS

SAME STORE SALES INCREASE 6.3%, NET EARNINGS INCREASE 4.6%

INDIANAPOLIS, July 28, 2004 /PRNewswire -- The Steak n Shake Company (NYSE:SNS) today announced its revenues and earnings for the fiscal third quarter ended June 30, 2004.

Highlights of the third quarter include:

- Total revenues increased 7.7% to \$130.6 million versus \$121.3 million
- Same store sales for Company-owned restaurants increased 6.3%
- Net earnings increased 4.6% to \$7.4 million from \$7.1 million last year
- Diluted earnings per share were \$0.27 compared to \$0.26

Net sales for the fiscal third quarter grew 7.6% to \$129.6 million versus \$120.3 million in the same quarter last year, while same-store sales increased 6.3% from the same period a year ago.

Net earnings for the fiscal third quarter 2004 were \$7.4 million, or \$0.27 per diluted share compared to \$7.1 million, or \$0.26 per diluted share in the prior year period.

The Company continues to focus on five key fundamentals which are linked in a Virtuous Cycle. These include: developing effective field leaders, improving associate satisfaction and training, growing guest counts, improving margins, and expanding the brand.

Peter Dunn, President and Chief Executive Officer commented, "We are encouraged by consumer acceptance of our new Side by Side milk shakes, which helped contribute to our sixth consecutive quarter of positive same store sales. This

trend is notable considering the strong comparison to third quarter results from the prior year. We invested in training and staffing to launch this new product successfully and this is already paying dividends in strong sales momentum."

Mr. Dunn continued, "In the third quarter we continued to face significant increases in food commodity costs, primarily beef and dairy, that resulted in a higher cost of sales. These costs were partially offset by strong expense control."

For the first three quarters of fiscal year 2004, total revenues increased 9.6% to \$408.9 million compared to \$373.0 million in the prior year, driven by a same store sales increase for Company-owned units of 8.7%. Diluted earnings per share for the first three quarters of the year rose 12.5% to \$0.72 versus \$0.64 in the prior year.

As of June 30, 2004, there were 416 Steak n Shake restaurants operating in 18 states, including 357 Company-owned restaurants and 59 franchised units. During the quarter, the Company opened one new restaurant in the St. Louis, Missouri market. Subsequent to June 30, 2004, the Company has opened three new restaurants in Peoria, Illinois, Dallas, Texas, and St. Louis, Missouri.

During the current fiscal year, the Company has opened thirteen new restaurants, including two franchised units, consistent with previous guidance of opening 15-20 new stores in fiscal 2004, including franchised locations.

Based on results through the first three quarters of fiscal 2004, the Company is reaffirming its guidance for the full year of diluted earnings per share in the range of \$1.00 to \$1.04. This guidance is predicated on commodity costs remaining stable at current price levels and continued same store sales momentum.
