FOR IMMEDIATE RELEASE

EATON VANCE CORP.
REPORT FOR THE THREE MONTHS ENDED

Edgar Filing: EATON VANCE CORP - Form 8-K

JANUARY 31, 2003

BOSTON, MA--Eaton Vance Corp. reported diluted earnings per share of \$0.37 in the first three months of fiscal 2003 compared to diluted earnings per share of \$0.46 in the first three months of fiscal 2002.

Assets under management of \$55.8 billion at the end of the first quarter of fiscal 2003 were \$3.5 billion or 6 percent below the \$59.3 billion at the end of the first fiscal quarter last year. This 6 percent decline compares to a 23 percent decline in the S&P 500 and a 31 percent decline in the Nasdaq Composite for the same 12-month period. The Company's assets under management were negatively affected by \$8.1 billion of market depreciation, 57 percent of which was offset by \$4.6 billion of positive net inflows in the last 12 months. Gross sales and inflows of long-term funds and separate accounts in the last 12 months were \$13.3 billion. The Company's strong position in fixed income investment management continued to help offset the effects on Eaton Vance of the unprecedented equity market declines of the past three years.

Net inflows of long-term fund assets and separate account assets in the first three months of 2003 were \$1.3 billion compared to \$1.1 billion in the first three months of last year. Net inflows in the first quarter of 2003 benefited from the successful offering of nine closed-end municipal bond funds that added \$0.7 billion of new assets. Tables 1, 2 and 3 (attached) summarize assets under management and asset flows by investment objective.

As a result of lower average assets under management, fiscal 2003 first quarter revenue decreased by \$10.7 million or 8 percent to \$124.9 million, compared to fiscal 2002 first quarter revenue. Investment adviser and administration fees declined 4 percent to \$69.1 million. Distribution and underwriter fees declined 14 percent reflecting lower fund assets under management and the continuing

Page 5 of 9

shift from sales of Class B and Class C mutual fund shares to other share classes and assets with low or no distribution fees. Service fee revenue declined 11 percent in the first quarter of fiscal 2003 because of the decline in average assets in mutual funds that pay service fees.

Fiscal first quarter 2003 operating expenses of \$86.5 million were essentially flat compared to \$86.2 million in fiscal first quarter 2002. Compensation expense decreased 6 percent primarily because of lower operating income based bonus accruals.

Amortization of deferred sales commissions was flat at \$21.4 million in the first quarters of fiscal 2003 and 2002. Service fee expense and distribution fee expense declined 4 percent and 3 percent respectively, reflecting the decline in fund assets under management. Other expenses increased \$2.9 million or 23 percent primarily because of \$1.8 million of one-time closed-end municipal bond fund offering expenses, as well as increases in marketing related travel and promotion expenses.

First quarter 2003 operating income declined 23 percent to \$38.4 million and net income declined 22 percent to \$25.9 million. Other income declined by \$0.2 million, primarily because of a 9 percent decrease in interest income and the accrual, beginning November 13, 2002, of an additional 2.5% per annum of cash interest by a subsidiary on certain of its notes. Partly offsetting the lower net interest income and additional items of other income was a \$0.5 million increase in gains on the sale of investments. The Company's provision for income taxes was 35 percent in the first quarter of fiscal 2003 and in the first

Edgar Filing: EATON VANCE CORP - Form 8-K

quarter of fiscal 2002.

Cash, cash equivalents and short-term investments were \$209.5 million on January 31, 2003, \$188.0 million on October 31, 2002 and \$222.8 million on January 31, 2002. The Company's strong operating cash flow in the last 12 months allowed it to reduce its long-term debt by \$91.7 million or 41 percent to \$131.7 million, and pay \$82.4 million in income taxes (including reducing the deferred tax liability by \$24.3 million to \$44.0 million), \$80.6 million in sales commissions, \$44.7 million to repurchase 1,460,000 shares of its non-voting common stock and \$20.4 million in dividends to shareholders. There are no outstanding borrowings against the Company's \$170.0 million credit facility.

During the first three months of fiscal year 2003, the Company repurchased and retired 324,600 shares of its non-voting common stock under its repurchase authorization. Approximately 2.0 million shares remain of the current 4.0 million-share authorization.

Eaton Vance Corp., a Boston-based investment management firm, is traded on the New York Stock Exchange under the symbol EV.

This news release contains statements that are not historical facts, referred to as "forward-looking statements." The Company's actual future results may differ significantly from those stated in any forward-looking statements, depending on factors such as changes in securities or financial markets or general economic conditions, the volume of sales and repurchases of fund shares, the continuation of investment advisory, administration, distribution and service contracts, and other risks discussed from time to time in the Company's filings with the Securities and Exchange Commission.
