We or holders of our securities may from time to time offer our Class A common stock, Class B common stock, preferred stock (which we may issue in one or more series), participating preferred stock, depositary shares representing shares of preferred stock, debt securities (which we may issue in one or more series and which may or may not be guaranteed by some or all of our subsidiaries), warrants entitling the holders to purchase one or more classes or series of these securities or units consisting of two or more of these classes or series of securities. We or the selling security holders will determine when we or they sell securities, the amounts and types of securities we or they will sell and the prices and other terms on which we or they will sell them. We or selling security holders may sell securities to or through underwriters or agents or directly to purchasers.

We will describe in a prospectus supplement, which we will deliver with this prospectus, the terms of particular securities which we offer in the future. We may describe the terms of those securities in a term sheet which will precede the prospectus supplement.

In each prospectus supplement we will include the following information:

The names of the underwriters or agents, if any, through which we or the selling security holder will sell the securities;

The proposed amounts of securities, if any, which the underwriters will purchase;

The compensation, if any, of those underwriters or agents;

The major risk factors associated with the securities offered;

The initial public offering price of the securities, if there is one;

Information about securities exchanges or automated quotation systems on which the securities will be listed or traded; and

Any other material information about the offering and sale of the securities.

Our Class A common stock is listed on the New York Stock Exchange under the symbol LEN and our Class B common stock is listed on the New York Stock Exchange under the symbol LEN.B.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved the securities we or selling security holders may be offering or determined that this prospectus is accurate or complete. Any representation to the contrary is a criminal offense.

The date of this prospectus is June 25, 2008.

This prospectus is part of a shelf registration statement that we filed with the SEC. We or selling security holders may use it to sell any of the securities, or a combination of the securities, described in this prospectus from time to time in one or more offerings. This prospectus contains only a general description of the types of securities we or security holders may offer. Each time we or a securityholder proposes to sell securities, we will file with the SEC a prospectus supplement that describes the specific securities that are being offered and the terms on which they are being offered. The prospectus supplement may also update or change information that is in this prospectus. Before purchasing our securities, you should read this prospectus and the prospectus supplement relating to the specific securities, as well as the information described under the headings **Where You Can Find Additional Information** and **Documents Incorporated by Reference**.

Nobody has been authorized to give any information or to make any representations, other than those contained or incorporated in this prospectus or the applicable prospectus supplement. If given or made, that information or those representations may not be relied upon as having been authorized by us. This prospectus does not constitute an offer to or solicitation of any person in any jurisdiction in which such an offer or solicitation would be unlawful.

FORWARD-LOOKING INFORMATION

Some of the statements in this prospectus and the documents incorporated by reference into this prospectus are forward-looking statements, as that term is defined in the Private Securities Litigation Reform Act of 1995. These forward-looking statements include statements regarding our business, financial condition, results of operations, cash flows, strategies and prospects. You can identify forward-looking statements by the fact that these statements do not relate strictly to historical or current matters. Rather, forward-looking statements relate to anticipated or expected events, activities, trends or results. Because forward-looking statements relate to matters that have not yet occurred, these statements are inherently subject to risks and uncertainties. Many factors could cause our actual activities or results to differ materially from the activities and results anticipated in forward-looking statements. These factors include those described under the caption **Risk Factors** in this prospectus, those described under the caption **Risk Factors** in our Annual Reports on Form 10-K that we have filed, or will file, with the SEC, which are or will be incorporated into this prospectus by reference, and other factors that may be included in our filings with the Securities and Exchange Commission. We do not undertake any obligation to update forward-looking statements, except as required by Federal securities laws.

LENNAR

We are one of the nation's largest homebuilders and a provider of financial services. Our homebuilding operations include the construction and sale of single-family attached and detached homes and to a lesser extent multi-level residential buildings, as well as the purchase, development and sale of residential land directly and through unconsolidated entities in which we have investments. Our financial services operations provide mortgage financing, title insurance, closing services and other ancillary services including high-speed internet and cable television for both buyers of our homes and others. Substantially all of the loans that we originate are sold in the secondary mortgage market on a servicing released, non-recourse basis; although, we remain liable for certain limited representations and warranties related to loan sales. We sell substantially all of the loans that we originate in the secondary mortgage market. Through our financial services operations, we also provide high-speed Internet and cable television services to residents of communities we develop and to others.

We are a Delaware corporation. Our principal offices are at 700 Northwest 107th Avenue, Miami, Florida 33172. Our telephone number at these offices is (305) 559-4000. Our website address is www.lennar.com. The information on our website is not part of this prospectus.

RATIO OF EARNINGS TO FIXED CHARGES

	Three Months Ended			Years Ended November 30,			
	February 29, 2008	February 28, 2007	2007	2006	2005	2004	2003
Ratio of earnings to fixed charges(1)(2)	x	3.7x	x	4.6x	10.5x	9.7x	8.6x

- (1) For the purpose of calculating the ratio of earnings to fixed charges, earnings consist of income from continuing operations before income taxes plus fixed charges and certain other adjustments. Fixed charges consist of interest incurred on all indebtedness related to continuing operations (including amortization of original issue discount) and the implied interest component of our rent obligations.
- (2) For the year ended November 30, 2007 and for the three months ended February 29, 2008, the Company had an earnings-to-fixed charges deficiency of approximately \$1.5 billion and \$130.5 million, respectively.

There was no preferred stock outstanding for any of the periods shown above. Accordingly, the ratio of earnings to combined fixed charges and preferred stock dividends was identical to the ratio of earnings to fixed charges.

USE OF PROCEEDS

When we offer particular securities, we will describe in the Prospectus Supplement relating to the securities how we intend to use the proceeds of the sale of those securities. If a selling security holder offers securities, it is likely that we will not receive any of the proceeds from the sale of the securities (unless the holder acquires the securities by exercising warrants, in which case we may receive the warrant exercise price).

DESCRIPTION OF DEBT SECURITIES

We will issue the debt securities under either (a) an indenture dated as of June 25, 2004 with U.S. Bank Trust National Association, as trustee, (b) an indenture dated as of December 31, 1997, with The Bank of New York (as Successor Trustee to J.P. Morgan Trust Company, N.A. and First National Bank of Chicago, N.A.) as trustee or (c) one or more other indentures with those or other trustees. We may supplement any of these indentures from time to time. The following paragraphs describe the provisions of the current indentures. We have filed the indenture with U.S. Bank Trust National Association, as trustee, as an exhibit to Registration Statement No. 333-117090, and we have filed the indenture with The Bank of New York, as Successor Trustee to J.P. Morgan Trust Company, N.A. and First National Bank of Chicago, N.A., as an exhibit to Registration Statement File No. 333-45527. You can inspect either of these indentures as described under **Where You Can Find More information** on page 11 or at the office of the trustee that is a party to it.

General

The debt securities will be direct obligations of our company and may be either senior debt securities or subordinated debt securities. Some or all of the co-registrants under the registration statement which includes this prospectus (each of which is our direct or indirect wholly-owned subsidiary) may guaranty our payment of debt securities issued under this prospectus. In addition, the debt securities may be secured by the shares of some or all of our subsidiaries or by other assets. Neither of the current indentures limits the principal amount of debt securities that we may issue. We may issue debt securities in one or more series. A supplemental indenture will set forth specific terms of each series of debt securities. There will be prospectus supplements relating to particular series of debt securities. Each prospectus supplement will describe:

the title of the debt securities and whether the debt securities are senior or subordinated debt securities;

any limit upon the aggregate principal amount of a series of debt securities which we may issue;

the date or dates on which principal of the debt securities will be payable and the amount of principal which will be payable;

the rate or rates (which may be fixed or variable) at which the debt securities will bear interest, if any, or contingent interest, if any, as well as the dates from which interest will accrue, the dates on which interest will be payable, the persons to whom interest will be payable, if other than the registered holders on the record date, and the record date for the interest payable on any payment date;

the currency or currencies in which principal, premium, if any, and interest, if any, will be paid;

whether our obligations with regard to the debt securities are guaranteed by some or all of our subsidiaries;

whether our obligations with regard to the debt securities are secured by shares of some or all of our subsidiaries or by other assets;

the place or places where principal, premium, if any, and interest, if any, on the debt securities will be payable and where debt securities which are in registered form can be presented for registration of transfer or exchange;

any provisions regarding our right to prepay debt securities or of holders to require us to prepay debt securities;

the right, if any, of holders of the debt securities to convert them into common stock or other securities, including any contingent conversion provisions;

any provisions requiring or permitting us to make payments to a sinking fund which will be used to redeem debt securities or a purchase fund which will be used to purchase debt securities;

any index or formula used to determine the required payments of principal, premium, if any, or interest, if any;

the percentage of the principal amount of the debt securities which is payable if maturity of the debt securities is accelerated because of a default;

any special or modified events of default or covenants with respect to the debt securities; and

any other material terms of the debt securities.

Neither of the current indentures contains any restrictions on the payment of dividends or the repurchase of our securities or any financial covenants. However, supplemental indentures relating to particular series of debt securities, or future indentures, may contain provisions of that type.

We may issue debt securities at a discount from, or at a premium to, their stated principal amount. A prospectus supplement may describe federal income tax considerations and other special considerations applicable to a debt security issued with original issue discount or a premium.

If the principal of, premium, if any, or interest, if any, with regard to any series of debt securities is payable in a foreign currency, then in the prospectus supplement relating to those debt securities, we will describe any restrictions on currency conversions, tax considerations or other material restrictions with respect to that issue of debt securities.

Form of Debt Securities

We may issue debt securities in certificated or uncertificated form, in registered form with or without coupons or in bearer form with coupons, if applicable.

We may issue debt securities of a series in the form of one or more global certificates evidencing all or a portion of the aggregate principal amount of the debt securities of that series. We may deposit the global certificates with depositaries, and the global certificates may be subject to restrictions upon transfer or upon exchange for debt securities in individually certificated form.

Events of Default and Remedies

An event of default with respect to each series of debt securities will include:

our default in payment of the principal of or premium, if any, on any debt securities of any series beyond any applicable grace period;

our default for 30 days or a different period specified in a supplemental indenture, which may be no period, in payment of any installment of interest due with regard to debt securities of any series;

our default for 60 days after notice or a different period specified in a supplemental indenture, which may be no period, in the observance or performance of any other covenants in the indenture; and

certain events involving our bankruptcy, insolvency or reorganization.

Supplemental indentures relating to particular series of debt securities may include other events of default.

Each current indenture provides that the trustee may withhold notice to the holders of any series of debt securities of any default (except a default in payment of principal, premium, if any, or interest, if any) if the trustee considers it in the interest of the holders of the series to do so.

Each current indenture provides that if any event of default has occurred and is continuing, the trustee or the holders of not less than 25% in principal amount of the series of debt securities then outstanding may declare the principal of and accrued interest, if any, on all the debt securities of that series to be due and payable immediately. However, if we cure all defaults (except the failure to pay principal, premium or interest which became due solely because of the acceleration) and certain other conditions are met, that declaration may be annulled and past defaults may be waived by the holders of a majority in principal amount of the series of debt securities then outstanding.

The holders of a majority of the outstanding principal amount of a series of debt securities will have the right to direct the time, method and place of conducting proceedings for any remedy available to the trustee, subject to certain limitations specified in the indenture.

A prospectus supplement will describe any additional or different events of default which apply to any series of debt securities.

Modification of an Indenture

We and the trustee under an indenture may:

- without the consent of holders of debt securities, modify the indenture to cure errors or clarify ambiguities;

- with the consent of the holders of not less than a majority in principal amount of the debt securities which are outstanding under the indenture, modify the indenture or the rights of the holders of the debt securities generally; and

- with the consent of the holders of not less than a majority in outstanding principal amount of any series of debt securities, modify any supplemental indenture relating solely to that series of debt securities or the rights of the holders of that series of debt securities.

However, we may not:

- extend the fixed maturity of any debt securities, reduce the rate or extend the time for payment of interest, if any, on any debt securities, reduce the principal amount of any debt securities or the premium, if any, on any debt securities, impair or affect the right of a holder to institute suit for the payment of principal, premium, if any, or interest, if any, with regard to any debt securities, change the currency in which any debt securities are payable or impair the right, if any, to convert any debt securities into common stock or any other of our securities, without the consent of each holder of debt securities who will be affected; or

- reduce the percentage of holders of debt securities required to consent to an amendment, supplement or waiver, without the consent of the holders of all the then outstanding debt securities or outstanding debt securities of the series which will be affected.

Mergers and Other Transactions

Each of our current indentures provides that we may not consolidate with or merge into any other entity, or transfer or lease our properties and assets substantially as an entirety to another person, unless (1) the entity formed by the

consolidation or into which we are merged, or which acquires or leases our properties and assets substantially as an entirety, assumes by a supplemental indenture all our obligations with regard to outstanding debt securities and our other covenants under the indenture, and (2) with regard to each series of debt securities, immediately after giving effect to the transaction, no event of default, with respect to that series of debt securities, and no event which would become an event of default, will have occurred and be continuing.

Guarantees

Debt securities may be guaranteed by some or all of our wholly owned subsidiaries. Those guarantees may remain in effect for the life of the guaranteed debt securities, or may terminate on the occurrence of specified events or circumstances. The prospectus supplement describing an issue of debt securities that are guaranteed by some or all of our wholly owned subsidiaries will identify the guarantor subsidiaries, either by name or by category, and will describe the terms of the guarantee, including any conditions to its effectiveness and any events or circumstances under which it will be suspended or terminate.

Concerning the Trustees

U.S. Bank Trust National Association and The Bank of New York, the trustees under the two current indentures, or their affiliates, provide, and may continue to provide, loans and banking services to us in the ordinary course of their businesses.

Governing Law

Each of the indentures, each supplemental indenture, and the debt securities issued under them will be governed by, and construed in accordance with, the laws of New York State.

DESCRIPTION OF WARRANTS

Each issue of warrants will be the subject of a warrant agreement which will contain the terms of the warrants. We will distribute a prospectus supplement with regard to each issue of warrants. Each prospectus supplement will describe, as to the warrants to which it relates:

the securities which may be purchased by exercising the warrants (which may be Class A common stock, Class B common stock, preferred shares, participating preferred shares, debt securities, depositary shares or units consisting of two or more of those types of securities);

the exercise price of the warrants (which may be wholly or partly payable in cash or wholly or partly payable with other types of consideration);

the period during which the warrants may be exercised;

any provision adjusting the securities which may be purchased on exercise of the warrants and the exercise price of the warrants in order to prevent dilution or otherwise;

the place or places where warrants can be presented for exercise or for registration of transfer or exchange; and

any other material terms of the warrants.

DESCRIPTION OF COMMON STOCK AND PREFERRED SHARES

Our authorized capital stock consists of 300,000,000 shares of Class A common stock, \$0.10 par value, 90,000,000 shares of Class B common stock, \$0.10 par value, 100,000,000 shares of participating preferred stock, \$0.10 par value, and 500,000 shares of preferred stock, \$10.00 par value. At February 15, 2008, 129,732,582 shares of our Class A common stock, 31,284,797 shares of our Class B common stock and no shares of participating preferred stock or preferred stock were outstanding.

Preferred Stock

We may issue preferred stock in series with any rights and preferences which may be authorized by our board of directors. We will distribute a prospectus supplement with regard to each series of preferred stock. Each prospectus supplement will describe, as to the series of preferred stock to which it relates:

the title of the series;

any limit upon the number of shares of the series which may be issued;

the preference, if any, to which holders of the series will be entitled upon our liquidation;

the date or dates on which we will be required or permitted to redeem shares of the series;

the terms, if any, on which we or holders of the series will have the option to cause shares of the series to be redeemed;

the voting rights of the holders of the series;

the dividends, if any, which will be payable with regard to the series (which may be fixed dividends or participating dividends and may be cumulative or non-cumulative);

the right, if any, of holders of the series to convert them into another class or series of our stock or securities, including provisions intended to prevent dilution of those conversion rights;

any provisions by which we will be required or permitted to make payments to a sinking fund which will be used to redeem shares of the series or a purchase fund which will be used to purchase shares of the series; and

any other material terms of the series.

Holders of shares of preferred stock will not have preemptive rights.

Class A and Class B Common Stock

All the outstanding shares of our Class A and Class B common stock are fully paid and nonassessable and are entitled to participate equally and ratably in dividends and in distributions available for the common stock on liquidation. The transfer agent and registrar for the Class A and Class B common stock is Computershare Trust Company, N.A. of Canton, Massachusetts.

Our Class B common stock is identical in every respect with our Class A common stock, except that (a) each share of Class B common stock entitles the holder to ten votes on each matter submitted to the vote of the common stockholders, while each share of Class A common stock entitles the holder to only one vote, (b) amendments to provisions of our Certificate of Incorporation relating to the Class A common stock or the Class B common stock require the approval of a majority of the shares of Class A common stock which are voted with regard to them (as well as approval of a majority in voting power of all the outstanding Class A and Class B common stock combined), and (c) under Delaware law, certain matters affecting the rights of holders of Class B common stock may require approval of the holders of the Class B common stock voting as a separate class.

At February 15, 2008, Stuart A. Miller, our President and Chief Executive Officer, had voting control, through family-owned entities and personal holdings, of Class A and Class B common stock which would entitle Mr. Miller to approximately 48.6% of the combined votes which could be cast by the holders of our outstanding Class A and Class B common stock combined. That gives significant influence to Mr. Miller in electing all our directors and approving most matters that are presented to our stockholders. Mr. Miller's voting power might discourage someone from making a significant equity investment in us, even if we needed the investment to meet our obligations and to operate our business.

DESCRIPTION OF PARTICIPATING PREFERRED STOCK

Our participating preferred stock is identical with the Class A common stock in every way, except that (a) no dividends may be paid with regard to the Class A and Class B common stock in a calendar year until the holders of the participating preferred stock have received a total of \$.0125 per share, then no dividends may be paid in that year with regard to the participating preferred stock until the holders of the Class A and Class B common stock have received

dividends totaling \$.0125 per share, and then any additional dividends in the year will be paid on an equal per share basis to the holders of the participating preferred stock and of the Class A and Class B common stock, (b) if we are liquidated, none of our assets may be distributed to the holders of the Class A and Class B common stock until the holders of the participating preferred stock have received assets totaling \$10 per share, then no assets may be distributed to the holders of the participating preferred stock until the holders of the Class A and Class B common stock have received assets totaling \$10 per share, and then any further liquidating distributions will be made on an equal per share basis to the holders of the participating preferred stock and of the Class A and Class B common stock, and (c) holders of participating preferred stock will vote separately on corporate actions which would change the participating preferred stock or would cause the holders of the participating preferred stock to receive per share

consideration in a merger or similar transaction which is different from the per share consideration received by the holders of the Class A and Class B common stock.

DESCRIPTION OF DEPOSITARY SHARES

We may issue depositary receipts representing interests, which are called depositary shares, in shares of our common stock of either class or of particular series of preferred stock. We will deposit the common or preferred stock which is the subject of depositary shares with a depositary, which will hold that common or preferred stock for the benefit of the holders of the depositary shares, in accordance with a deposit agreement between the depositary and us. The holders of depositary shares will be entitled to all the rights and preferences of the common or preferred stock to which the depositary shares relate, including dividend, voting, conversion, redemption and liquidation rights, to the extent of their interests in that common or preferred stock.

While the deposit agreement relating to a particular series of common or preferred stock may have provisions applicable solely to that series of preferred stock, all deposit agreements relating to common or preferred stock we issue will include the following provisions:

Dividends and Other Distributions. Each time we pay a cash dividend or make any other type of cash distribution with regard to the common stock or to the preferred stock of a series, the depositary will distribute to the holder of record of each depositary share relating to that common stock or to that series of preferred stock an amount equal to the dividend or other distribution per depositary share the depositary receives. If there is a distribution of property other than cash, the depositary either will distribute the property to the holders of depositary shares in proportion to the depositary shares held by each of them, or the depositary will, if we approve, sell the property and distribute the net proceeds to the holders of the depositary shares in proportion to the depositary shares held by them.

Withdrawal of Preferred Stock. A holder of depositary shares will be entitled to receive, upon surrender of depositary receipts representing depositary shares, the number of shares of the applicable class of common stock or series of preferred stock, and any money or other property, to which the depositary shares relate.

Redemption of Depositary Shares. Whenever we redeem shares of a series of preferred stock held by a depositary, the depositary will be required to redeem, on the same redemption date, depositary shares constituting, in total, the number of shares of that series held by the depositary which we redeem, subject to the depositary's receiving the redemption price of those shares. If fewer than all the depositary shares relating to a series are to be redeemed, the depositary shares to be redeemed will be selected by lot or by another method we determine to be equitable.

Voting. Any time we send a notice of meeting or other materials relating to a meeting to the holders of a class of common stock or a series of preferred stock to which depositary shares relate, we will provide the depositary with sufficient copies of those materials so they can be sent to all holders of record of the applicable depositary shares, and the depositary will send those materials to the holders of record of the depositary shares on the record date for the meeting. The depositary will solicit voting instructions from holders of depositary shares and will vote or not vote the common or preferred stock to which the depositary shares relate in accordance with those instructions.

Liquidating Distributions. Upon our liquidation, dissolution or winding up, the holder of each depositary share will be entitled to what the holder of the depositary share would have received if the holder had owned the number of shares of common stock or of the series of preferred stock which is represented by the depositary share.

Conversion. If shares of a series of preferred stock are convertible into common stock or other of our securities or property, holders of depositary shares relating to that series of preferred stock will, if they surrender depositary receipts representing depositary shares with appropriate instructions to convert them, receive the shares of common

stock or other securities or property into which the number of shares of the series of preferred stock to which the depositary shares relate could at the time be converted.

Amendment and Termination of a Deposit Agreement. We and the depositary may amend a deposit agreement, except that an amendment which materially and adversely affects the rights of holders of depositary shares, or would be materially and adversely inconsistent with the rights granted to the holders of the class of common stock or series of preferred stock to which they relate, must be approved by holders of at least two-thirds of the outstanding depositary shares. No amendment will impair the right of a holder of depositary shares to surrender the depositary receipts evidencing those depositary shares and receive the common or preferred stock to which they relate, except as required to comply with law. We may terminate a deposit agreement with the consent of holders of a majority of the depositary shares to which it relates. Upon termination of a deposit agreement, the depositary will make the shares of common or preferred stock to which the depositary shares issued under the deposit agreement relate available to the holders of those depositary shares. A deposit agreement will automatically terminate if:

all outstanding depositary shares to which it relates have been withdrawn, redeemed or converted or

the depositary has made a final distribution to the holders of the depositary shares issued under the deposit agreement upon our liquidation, dissolution or winding up.

Miscellaneous. There will be provisions (i) requiring the depositary to forward to holders of record of depositary shares any reports or communications from us which the depositary receives with respect to the common or preferred stock to which the depositary shares relate, (ii) regarding compensation of the depositary, (iii) regarding resignation of the depositary, (iv) limiting our liability and the liability of the depositary under the deposit agreement (usually to failure to act in good faith, gross negligence or willful misconduct) and (v) indemnifying the depositary against certain possible liabilities.

DESCRIPTION OF UNITS

We may issue securities in units, each consisting of two or more types of securities. For example, we might issue units consisting of a combination of debt securities and warrants to purchase common stock. If we issue units, the prospectus supplement relating to the units will contain the information described above with regard to each of the securities that is a component of the units. In addition, each prospectus supplement relating to units will

state how long, if at all, the securities that are components of the units must be traded in units, and when they can be traded separately;

state whether we will apply to have the units traded on a securities exchange or securities quotation system;

describe how, for U.S. federal income tax purposes, the purchase price paid for the units is to be allocated among the component securities.

LEGAL MATTERS

Item 17. *Undertakings.*

The undersigned registrant hereby undertakes:

(1) To file, during any period in which offers or sales are being made, a post-effective amendment to this registration statement:

(i) To include any prospectus required by Section 10(a)(3) of the Securities Act of 1933;

(ii) To reflect in the prospectus any facts or events arising after the effective date of the registration statement (or the most recent post-effective amendment thereof) which, individually or in the aggregate, represent a fundamental change in the information set forth in the registration statement. Notwithstanding the foregoing, any increase or decrease in volume of securities offered (if the total dollar value of securities offered would not exceed that which was registered) and any deviation from the low or high end of the estimated maximum offering range may be reflected in the form of prospectus filed with the Commission pursuant to Rule 424(b) if, in the aggregate, the changes in volume and price represent no

II-1

more than 20 percent change in the maximum aggregate offering price set forth in the Calculation of Registration Fee table in the effective registration statement; and

(iii) To include any material information with respect to the plan of distribution not previously disclosed in the registration statement or any material change to such information in the registration statement;

Provided, however, That:

Paragraphs (i), (ii) and (iii) of this section do not apply if the registration statement is on Form S-3 or Form F-3 and the information required to be included in a post-effective amendment by those paragraphs is contained in reports filed with or furnished to the Commission by the registrant pursuant to section 13 or section 15(d) of the Securities Exchange Act of 1934 that are incorporated by reference in the registration statement, or is contained in a form of prospectus filed pursuant to Rule 424(b) that is part of the registration statement.

(2) That, for the purpose of determining any liability under the Securities Act of 1933, each such post-effective amendment shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.

(3) To remove from registration by means of a post-effective amendment any of the securities being registered which remain unsold at the termination of the offering.

(4) That, for the purpose of determining liability under the Securities Act of 1933 to any purchaser:

(A) Each prospectus filed by the registrant pursuant to Rule 424(b)(3) shall be deemed to be part of the registration statement as of the date the filed prospectus was deemed part of and included in the registration statement; and

(B) Each prospectus required to be filed pursuant to Rule 424(b)(2), (b)(5), or (b)(7) as part of a registration statement in reliance on Rule 430B relating to an offering made pursuant to Rule 415(a)(1)(i), (vii), or (x) for the purpose of providing the information required by section 10(a) of the Securities Act of 1933 shall be deemed to be part of and included in the registration statement as of the earlier of the date such form of prospectus is first used after effectiveness or the date of the first contract of sale of securities in the offering described in the prospectus. As provided in Rule 430B, for liability purposes of the issuer and any person that is at that date an underwriter, such date shall be deemed to be a new effective date of the registration statement relating to the securities in the registration statement to which that prospectus relates, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof. *Provided, however,* that no statement made in a registration statement or prospectus that is part of the registration statement or made in a document incorporated or deemed incorporated by reference into the registration statement or prospectus that is part of the registration statement will, as to a purchaser with a time of contract of sale prior to such effective date, supersede or modify any statement that was made in the registration statement or prospectus that was part of the registration statement or made in any such document immediately prior to such effective date.

(5) That, for the purpose of determining liability of the registrant under the Securities Act of 1933 to any purchaser in the initial distribution of the securities:

The undersigned registrant undertakes that in a primary offering of securities of the undersigned registrant pursuant to this registration statement, regardless of the underwriting method used to sell the securities to the purchaser, if the securities are offered or sold to such purchaser by means of any of the following communications, the undersigned registrant will be a seller to the purchaser and will be considered to offer or sell such securities to such purchaser:

- (i) Any preliminary prospectus or prospectus of the undersigned registrant relating to the offering required to be filed pursuant to Rule 424;
- (ii) Any free writing prospectus relating to the offering prepared by or on behalf of the undersigned registrant or used or referred to by the undersigned registrant;

II-2

- (iii) The portion of any other free writing prospectus relating to the offering containing material information about the undersigned registrant or its securities provided by or on behalf of the undersigned registrant; and
- (iv) Any other communication that is an offer in the offering made by the undersigned registrant to the purchaser.
- (6) The undersigned registrant hereby undertakes that, for purposes of determining any liability under the Securities Act of 1933, each filing of the registrant's annual report pursuant to Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (and, where applicable, each filing of an employee benefit plan's annual report pursuant to Section 15(d) of the Securities Exchange Act of 1934) that is incorporated by reference in the registration statement shall be deemed to be a new registration statement relating to the securities offered therein, and the offering of such securities at that time shall be deemed to be the initial *bona fide* offering thereof.
- (7) The undersigned registrant hereby undertakes to supplement the prospectus, after the expiration of the subscription period, to set forth the results of the subscription offer, the transactions by the underwriters during the subscription period, the amount of unsubscribed securities to be purchased by the underwriters, and the terms of any subsequent reoffering thereof. If any public offering by the underwriters is to be made on terms differing from those set forth on the cover page of the prospectus, a post-effective amendment will be filed to set forth the terms of such offering.
- (8) Insofar as indemnification for liabilities arising under the Securities Act of 1933 may be permitted to directors, officers and controlling persons of the registrant pursuant to the foregoing provisions, or otherwise, the registrant has been advised that in the opinion of the Securities and Exchange Commission such indemnification is against public policy as expressed in the Act and is, therefore, unenforceable. In the event that a claim for indemnification against such liabilities (other than the payment by the registrant of expenses incurred or paid by a director, officer or controlling person of the registrant in the successful defense of any action, suit or proceeding) is asserted by such director, officer or controlling person in connection with the securities being registered, the registrant will, unless in the opinion of its counsel the matter has been settled by controlling precedent, submit to a court of appropriate jurisdiction the question whether such indemnification by it is against public policy as expressed in the Act and will be governed by the final adjudication of such issue.
- (9) The undersigned registrant hereby undertakes to file an application for the purpose of determining the eligibility or the trustee to act under subsection (a) of Section 310 of the Trust Indenture Act in accordance with the rules and regulations prescribed by the Commission under Section 305(b)(2) of the Act.

SIGNATURES

Pursuant to the requirements of the Securities Act, the registrant has duly caused this registration statement to be signed on its behalf by the undersigned, thereunto duly authorized, in the city of Miami, State of Florida, on June 25, 2008.
