Item 8.01. Other Events.

On April 4, 2011, Builders FirstSource, Inc. (the "Company") announced its intention to offer \$250 million aggregate principal amount of senior secured notes due 2019. The notes will be secured by a first priority lien on certain non-current assets and a second priority lien on certain current assets of the Company and will be guaranteed on a senior secured basis by each of the Company's existing and future domestic subsidiaries.

The Company intends to use the proceeds from the offering to redeem its outstanding Second Priority Senior Secured Floating Rate Notes due 2016 as well as its outstanding Floating Rate Notes due 2012, to repay amounts outstanding under the Company's senior secured revolving credit facility and to pay the related fees and expenses associated with the offering and for working capital and general corporate purposes. The notes offering will increase the liquidity of the Company and extend the maturity profile of the Company's debt. As adjusted to give effect to the issuance of the notes, the use of proceeds described above and the related amendments of the Company's senior secured revolving credit facility, the Company's liquidity as of December 31, 2010 would have been approximately \$213 million.

The Company also announced that concurrently with, and subject to the success of, the notes offering, it is entering into an agreement to amend its senior secured revolving credit facility. The amendment, among other things, extends the maturity date of the credit facility to March 31, 2016 and will allow the Company to increase the revolving credit line at any time from \$150 million up to \$350 million in the aggregate, with the consent of the lenders providing the additional commitments. The amended senior secured revolving credit facility will be secured by a first priority lien on certain current assets and a second priority lien on certain non-current assets of the Company and its domestic subsidiaries.

The press release is attached hereto as Exhibit 99.1 and is incorporated herein by reference.

The Company intends to offer the notes in the United States to qualified institutional buyers pursuant to Rule 144A under the Securities Act of 1933, as amended (the "Securities Act"), and outside the United States pursuant to Regulation S under the Securities Act. The notes and the related subsidiary guarantees have not been registered under the Securities Act and may not be offered or sold in the United States without registration or an applicable exemption from the registration requirements.
