PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

TO BE HELD ON JUNE 18, 2003

This Proxy Statement provides information that you should read before you vote on the proposals that will be presented to you at the 2003 Annual Meeting of Aether Systems, Inc. ("Aether"). The 2003 Annual Meeting will be held on June 18, 2003 at the Baltimore Marriott Inner Harbor Hotel, 110 South Eutaw Street, Baltimore, Maryland 21201.

This Proxy Statement provides detailed information about the Annual Meeting, the proposals you will be asked to vote on at the Annual Meeting, and other relevant information. The Board of Directors ("Board") of Aether is soliciting these proxies.

At the Annual Meeting, you will be asked to vote on the following proposals:

1. Elect nine directors, each for a one-year term;
2. Ratify the appointment by the Board of Directors of the firm of KPMG LLP as independent public accountants of Aether for the fiscal year ending December 31, 2003; and
3. Such other matters as may properly come before the meeting.

The Board of Directors recommends that the stockholders vote for election of the board's nominees for director and for approval of the other proposal.

On May 9, 2003, we began mailing this proxy statement to people who, according to our records, owned common shares of Aether as of the close of business on April 25, 2003. We have mailed with this proxy statement a copy of Aether's Annual Report.

INFORMATION ABOUT THE 2003 ANNUAL MEETING AND VOTING

The Annual Meeting

The Annual Meeting will be held on June 18, 2003 at the Baltimore Marriott Inner Harbor Hotel, 110 South Eutaw Street, Baltimore, Maryland 21201, at 10:00 a.m. local time.

This Proxy Solicitation

We are sending you this proxy statement because Aether's Board of Directors is seeking a proxy to vote your shares at the Annual Meeting. This proxy statement is intended to assist you in deciding how to vote your shares. On May 9, 2003, we began mailing this proxy statement to all people who, according to our stockholder records, owned shares at the close of business on April 25, 2003.

Aether is paying the cost of requesting these proxies. Aether's directors, officers and employees may request proxies in person or by telephone, mail, facsimile or otherwise, but they will not receive additional compensation for their services. Aether will reimburse brokers and other nominees for their reasonable out-of-pocket expenses for forwarding proxy materials to beneficial owners of our shares.

Voting Your Shares

You may vote your shares at the Annual Meeting either in person or by proxy. To vote in person, you must attend the Annual Meeting and obtain and submit a ballot. Ballots for voting in person will be available at the Annual Meeting. To vote by proxy, you must complete and return the enclosed proxy card in time to be received by us before the Annual Meeting. By completing and returning the proxy card, you will be directing the persons designated on the proxy card to vote your shares at the Annual Meeting in accordance with the instructions you give on the proxy card.

If you decide to vote by proxy, your proxy card will be valid only if you sign, date and return it before the Annual Meeting, to be held on June 18, 2003.

In the election of directors, the nine nominees for director who receive the most votes will be elected. If you do not vote for a particular nominee, or you indicate **WITHHELD** on your proxy card, your vote will not count either for or against the nominee. For the other proposal, you may vote **FOR**, **AGAINST** or **ABSTAIN**. If you **ABSTAIN** as to the proposal, it has the same effect as a vote **AGAINST** the proposal.

If you are a beneficial owner and do not provide the shareowner of record with voting instructions, your shares may constitute broker non-votes. If you hold your shares with a broker and you do not tell your broker how to vote, your broker has the authority to vote on all of the proposals scheduled to be presented at this year's meeting. If there nevertheless are broker non-votes, in tabulating the voting result for any particular proposal, shares that constitute broker non-votes are not considered entitled to vote on that proposal and will not be considered votes cast for the foregoing purposes. Thus, broker non-votes will not affect the outcome of any of the matters being voted upon at the meeting.

Failure to return a proxy or vote in person will not affect the outcome of the proposals as long as a quorum is achieved. If you sign your proxy card or broker voting instruction card with no further instructions, your shares will be voted in accordance with the recommendations of the Board (**FOR** all of Aether's nominees to the Board, and **FOR** all other items described in this proxy statement and in the discretion of the proxy holders on any other matters that properly come before the meeting).

We have described in this proxy statement all the proposals that we expect will be made at the Annual Meeting. If we or a stockholder properly present any other proposal to the meeting, the proxies have discretion to vote your shares on the proposal as they see fit.

Revoking Your Proxy

If you decide to change your vote, you may revoke your proxy at any time before it is voted. You may revoke your proxy in one of three ways:

You may notify the Secretary of Aether in writing that you wish to revoke your proxy. Please contact: Aether Systems, Inc., 11460 Cronridge Drive, Owings Mills, Maryland 21117, Attention: David C. Reymann, Secretary. We must receive your notice before the time of the Annual Meeting.

You may submit a proxy dated later than your original proxy.

You may attend the Annual Meeting and vote. Merely attending the Annual Meeting will not by itself revoke a proxy; you must obtain a ballot and vote your shares to revoke the proxy.

Vote Required for Approval

Shares Entitled to Vote. On April 25, 2003 (the Record Date), 42,471,231 shares of our common stock were issued and outstanding. Each share issued and outstanding on the Record Date will be entitled to one vote on each of the proposals.

Quorum. The quorum requirement for holding the meeting and transacting business is that a majority of the shares issued and outstanding on the Record Date be present in person or represented by proxy and entitled to be voted. Accordingly, 21,235,616 shares must be present in person or by proxy for a quorum to be present. If a quorum is not present, a vote cannot occur. Both abstentions and broker non-votes are counted as present for the purposes of determining the presence of a quorum.

Votes Required. In the election of directors, the nine persons receiving the highest number of FOR votes will be elected. The other proposal requires the affirmative FOR vote of a majority of those shares present and entitled to vote.

Additional Information

We are mailing our Annual Report for the fiscal year ended December 31, 2002, including consolidated financial statements, to all shareholders entitled to vote at the Annual Meeting, together with this proxy statement. The Annual Report does not constitute a part of the proxy solicitation material.

Proposal 1:

Election of Directors

Nominees for election to the Board of Directors are:

J. Carter Beese, Jr.
James T. Brady
George M. Davis
Jack B. Dunn IV
Edward J. Mathias
David S. Oros
Truman T. Semans
George P. Stamas
Kendra A. VanderMeulen

Each director will be elected to serve for a one-year term, unless he or she resigns or is removed before his or her term expires, or until his or her replacement is elected and qualified. All of the nine nominees are currently members of the Board of Directors and have consented to serve as directors if re-elected. More detailed information about each of the nominees is available in the section of this proxy statement titled Directors and Executive Officers, which begins on page 8.

NexGen Technologies, L.L.C. (NexGen) and Telcom-ATI Investors, L.L.C. (Telcom-ATI) together hold approximately 14.7% of the shares of our common stock. They are parties to a stockholders agreement that governs voting for our directors. The agreement requires each party to vote all its shares for one director named by NexGen, one director named by Telcom-ATI and one director named jointly by NexGen and Telcom-ATI. Pursuant to this agreement, NexGen has named Mr. Oros as its designee. Telcom-ATI is not exercising its right to designate directors. The agreement terminates with respect to a party if that party holds less than a certain percentage of the shares it held in Aether at the time of our initial public offering.

If any of the nominees cannot serve for any reason (which is not anticipated), the Board of Directors may designate a substitute nominee or nominees; however, if the nominee is a designee of a party to the stockholders agreement, then the Board of Directors will designate a substitute nominee named by the respective entity who designated the vacating representative. If a substitute is nominated, we will vote all valid proxies for the election of the substitute nominee or nominees. Alternatively, the Board of Directors may also decide to leave the board seat or seats open until a suitable candidate or candidates are located, or it may decide to reduce the size of the Board.

Proxies at the Annual Meeting may not be voted for more than nine directors.

Recommendation

The Board of Directors unanimously recommends a vote FOR each of the nominees to the Board of Directors.

Proposal 2:

Ratification of Independent Auditors

The Board of Directors has appointed KPMG LLP, an international accounting firm of independent certified public accountants, to act as independent accountants for Aether and its consolidated subsidiaries for 2003. The Board believes that KPMG's experience with and knowledge of Aether are important, and would like to continue this relationship. KPMG has advised Aether that the firm does not have any direct or indirect financial interest in Aether or any of its subsidiaries, nor has KPMG had any such interest since Aether's inception in 1996 other than as a provider of auditing and accounting services.

In making the recommendation for KPMG to continue as independent accountants for the year ended December 31, 2003, the Audit Committee reviewed past audit results and the non-audit services performed during 2002 and proposed to be performed during 2003. In selecting KPMG, the Audit Committee and the Board of Directors carefully considered KPMG's independence. The Audit Committee has determined that the performance of the non-audit services performed by KPMG did not impair the independence of KPMG.

KPMG has confirmed to Aether that it is in compliance with all rules, standards and policies of the Independent Standards Board and the Securities and Exchange Commission (SEC) governing auditor independence.

A representative of KPMG is expected to attend the Annual Meeting. The KPMG representative will have the opportunity to make a statement if he or she desires to do so and will be able to respond to appropriate questions from stockholders.

Recommendation

The Board of Directors unanimously recommends a vote FOR ratification of the appointment of KPMG.

Mr. Stamas is counsel to, and a limited partner of, the Baltimore Orioles baseball team and also of Lincoln Holdings which holds interests in the Washington Wizards and Washington Capitals. Prior to joining McCaw Cellular, Ms. VanderMeulen was with Cincinnati Bell Information Systems (now Convergys), where she served as chief operating officer and president of the communication systems group. Directors serve for a one year term.

Our executive officers are appointed by, and serve at the discretion of, our Board of Directors. We expect that each of our officers will devote substantially full time to our affairs. We expect that our non-employee directors will devote such time to our affairs as is necessary to discharge their duties. There are no family relationships among any of our executive officers, directors or key employees.

Meetings of the Board of Directors and Standing Committees

The Board of Directors held a total of eight meetings during 2002. Each of the directors attended at least 75% of the meetings of the Board.

The standing committees of the Board of Directors include a Compensation Committee and an Audit Committee. Aether does not have a standing Nominating Committee of the Board of Directors. The Compensation Committee currently consists of Messrs. Mathias and Beese and Ms. VanderMeulen, with Mr. Mathias as its chairman. Mr. Mathias and Ms. VanderMeulen became members of the Compensation Committee on November 18, 2002. The Compensation Committee determines the compensation of senior executive officers (such as the chief executive officer and chief financial officer), subject, if the Board so directs, to the Board's further ratification of the compensation; determines the compensation for other officers or delegates such determinations to the chief executive officer; grants options, stock or other equity interests under our stock option or other equity-based incentive plans; and administers those plans and, where such plans specify, our other employee benefit plans. The Compensation Committee held a total of three meetings during 2002. Mr. Beese attended all three of those meetings. Those meetings were held prior to the time Mr. Mathias and Ms. VanderMeulen became members of the Compensation Committee.

The Audit Committee currently consists of Messrs. Brady, Semans and Stamas, with Mr. Brady as its chairman. Until January 8, 2003, Mr. Dunn was also a member of the Audit Committee, at which time he was replaced by Mr. Semans. All members of the Audit Committee, including Mr. Dunn, are independent directors, as independence is defined under Rule 4200(a)(14) of the National Association of Securities Dealers' listing standards. The Audit Committee's responsibilities are described in a written charter adopted by the Board of Directors. The Audit Committee makes recommendations to the Board concerning the engagement of independent accountants; reviews with the independent accountants the plans and results of the audit engagement; approves professional services provided by the independent accountants; considers the range of audit and non-audit fees; verifies that auditors are independent of management and are objective in their findings; reviews results of annual independent audit, which includes a management letter regarding recommendations on internal control and process improvements. A report of the Audit Committee can be found on page 19 of this proxy statement. The Audit Committee held a total of 11 meetings during 2002, and each of the members attended at least 75% of the meetings of the Audit Committee.

Director Compensation

Directors receive \$5,000 for each Board meeting they attend, reimbursement for reasonable travel expenses relating to attendance at Board meetings and discretionary grants of stock options. Audit Committee members receive \$2,000 for each Audit Committee meeting they attend, and James Brady, as Chairman of the Audit Committee, receives a \$7,500 annual retainer. Directors who are employees are

Employment Agreements; Other Agreements

We have entered into an employment contract with Mr. Oros, which became effective June 22, 1999, and provides for a salary of \$200,000 per year, a performance bonus of up to \$100,000 per year, and additional bonuses based on annual revenue targets and proceeds raised from private placements of our equity securities in 1999. The contract has an initial term expiring in June 2002, and automatically extends for additional one month increments until terminated by Aether or Mr. Oros on 15 days notice. Pursuant to the contract, in 1999 we granted Mr. Oros a warrant to acquire 875,000 shares of our common stock. The warrant currently has an exercise price of \$1.60 per share of common stock. Mr. Oros subsequently received our permission to assign part of his warrant, leaving him with a warrant to acquire 775,000 shares. We also gave Mr. Oros the right to allocate to key employees of his choosing warrants to acquire 125,000 shares of common stock having the same terms and conditions. Mr. Oros awarded warrants for 106,250 shares of our common stock to current and past executive officers of Aether. In 1999, Mr. Oros also received a warrant to acquire 175,000 shares of our common stock at an exercise price of \$4 per share.

From this grant, Mr. Oros subsequently assigned a warrant exercisable for 17,500 shares of our common stock. Each of these warrants became exercisable upon completion of our initial public offering. Warrants that Mr. Oros and other named executive officers continue to hold are included in the table headed "Aggregate Option Exercises and Holdings," above. If we terminate Mr. Oros without cause, he is entitled to receive from us an amount equal to the salary he would have received during the balance of the term of the employment contract. Under the contract, "cause" means committing an act of gross negligence or other willful act that materially adversely affects Aether, refusing to comply in any material respect with specific directions of our Board of Directors, or being convicted or pleading guilty or no contest to any felony or any misdemeanor involving fraud, breach of trust or misappropriation.

On June 8, 2001, we entered into an employment agreement with Mr. Reymann. The agreement has an initial term expiring in June 2003, and automatically extends for additional one year increments until terminated by Aether or Mr. Reymann on 90 days notice before the end of the initial term or the extensions. The agreement provides for a salary of not less than \$150,000 per year and annual bonuses to be established by the Board, the Compensation Committee or, if the board directs, our chief executive officer or president. Mr. Reymann may resign with 90 days notice to Aether. If we terminate Mr. Reymann without cause or he resigns for good reason, he is entitled to receive an amount equal to 12 months' salary, COBRA group health coverage premium costs, immediate vesting of options, restricted stock or other equity instruments, and a pro rata share of the bonus for the year of his termination. Under the agreement, "good reason" means Aether materially breaches the agreement or materially reduces Mr. Reymann's title, authority or responsibilities, and "cause" means committing a material breach of the agreement, committing an act of gross negligence with respect to Aether or otherwise acting with willful disregard for Aether's best interests, or being convicted of or pleading guilty or no contest to a felony or, with respect to his employment, committing either a material dishonest act or common law fraud or knowingly violating any federal or state securities or tax laws. The agreement provides that if there is a change in control of Aether and within 12 months Mr. Reymann resigns for good reason or is terminated without cause, all options, restricted stock or other equity instruments held by Mr. Reymann will become fully exercisable. A "change in control" means the occurrence of any of the following: a sale of all or substantially all of Aether's assets, the dissolution or liquidation of Aether, a person or group purchasing over half of Aether's voting securities, a merger or consolidation of Aether, a successful proxy contest replacing at least a majority of our board of directors, or during any two year period the incumbent board ceasing to constitute a majority of the board, provided that individuals that a majority of the incumbent directors approve for service on the board are treated as incumbent directors.

Each of Messrs. Davis, Mancuso and Smith are entitled, if there is a change in control of Aether and within 12 months his position is substantially diminished or he is terminated without cause, to compensation equal to one year of his base salary at the time of termination and all options, restricted stock or other equity instruments held by him will become fully exercisable at the time of termination. A change of control under these arrangements has the same meaning as described above with respect to Mr. Reymann's employment agreement.

Compensation Committee Report on Executive Compensation

The Compensation Committee of Aether's Board of Directors consists solely of three non-employee directors. The Compensation Committee determines all compensation paid or awarded to Aether's key executive officers, except that Aether's Board has delegated to Mr. Oros, as a Board Committee of one, the ability to grant options for up to 40,000 shares, subject to his duty to report periodically to the Compensation Committee.

Philosophy. The Compensation Committee's goal is to recruit and retain executives with superior talent. To do so, the Committee attempts to offer competitive and fair compensation that rewards executives for exceptional performance and holds them accountable for Aether's performance. Particular objective factors that the Committee believes are important in assessing performance include growth in Aether's customer base, the development and execution of strategy that focuses on core revenue-generating opportunities, growth in revenue, earnings before interest expense, taxes, depreciation, and amortization,

and earnings per share. Additionally, more subjective factors the Committee believes are important in evaluating performance include success in leveraging and creating value-added business relationships, continuing to improve overall efficiencies, and hiring and retention of key employees.

In establishing appropriate levels for base salary, the Compensation Committee considers the market for senior executives of public companies in businesses comparable to Aether's, based on their own business experience. The Committee also considers the particular officer's overall contributions to Aether over the past year and previously. Annual performance bonuses are based on the Compensation Committee's evaluation of the executive's performance in achieving general annual goals relating to the metrics specified in the preceding paragraph as well as other contributions that enhance Aether's value. Stock grants are designed to reward an executive officer for his overall contribution to Aether and to serve as an incentive to achieve Aether's goal of increasing shareholder value.

Executive officers' compensation consists primarily of three components: (i) base salary, (ii) cash bonus and (iii) stock grants.

Base Salary. The Committee establishes base salaries after considering a variety of factors that determine an executive's value to Aether, including the individual's knowledge, experience, and accomplishments and the level of responsibility assumed. The Committee also sets base salaries at levels it considers necessary to retain key employees. Aether did not grant any base salary increases for 2003 to any senior executives.

Cash Bonus. The Committee determined a cash bonus allocation for the fiscal year ended December 31, 2002. Individual cash bonuses are based on the evaluation of the performance and accomplishments of each executive officer in achieving various specified goals for the year. Senior executives of Aether, exclusive of the CEO and two other executives of Aether who had unique arrangements, were generally granted cash bonuses averaging approximately 11% of their year 2002 salaries. The two executive officers received bonuses based upon metrics specified in the paragraph above entitled "Philosophy" as well as other contributions that enhance Aether's value.

Stock Grants. The Committee believes achievement of Aether's goals may be fostered by a stock grant program that is tailored to employees who significantly enhance Aether's value. The Compensation Committee determined each individual's stock grant. Stock grants are based on the Committee's overall evaluation of the performance and accomplishments of each executive officer in achieving various specified goals for the year, and can be in the form of stock options and/or restricted shares. Each executive officer, exclusive of the CEO, received a stock grant of which 75% was issued as stock options, and 25% as restricted shares. The grant occurred in April 2002 as part of an annual grant for which all employees (including executive officers) are eligible as part of Aether's performance management process.

Chief Executive Officer's Compensation. Mr. Oros is one of Aether's largest stockholders. His financial well-being is therefore directly tied to Aether's performance as reflected in the price per share of common stock. For his services as Aether's chairman of the Board of Directors and chief executive officer, Mr. Oros received an amount of compensation for 2002 determined in accordance with the employment contract entered into in 1999, and did not receive an increase for 2003. In determining whether to award Mr. Oros a bonus for 2002, the Compensation Committee reviewed a number of factors, including general progress of the company, its competitive nature within the industry, current market conditions, and the current value of Aether stock. The committee recognized the continued progress that had been made to reduce operating expenses while sustaining most of the company's revenue base in a challenging economic environment. However, the Compensation Committee agreed with Mr. Oros' suggestion that he not receive a cash bonus for 2002 and that he not receive an option grant with respect to his status as an executive officer. The Compensation Committee did grant Mr. Oros an option for 100,000 shares during 2002 as part of a grant in which each of Aether's directors received a grant of an option for 100,000 shares.

Compensation Deduction Limit. The SEC requires that this report comment on Aether's policy with respect to a special rule under the tax laws, section 162(m) of the Internal Revenue Code. That section limits, with exceptions described below, the compensation that a corporation can deduct for payments to a

chief executive officer and the four other most highly compensated executive officers to \$1 million per officer per year. A company can deduct compensation (including from exercising options) in excess of \$1 million if it pays the compensation under a plan that its shareholders approve and that is performance-related. Option exercises are typically deductible under such a plan if granted with exercise prices at or above the market price when granted or if grandfathered because granted before the public offering. The Committee's policy with respect to the compensation deduction limit is to make every reasonable effort to ensure that compensation likely to be received by a senior executive is deductible under section 162(m), while at the same time giving Company executives incentives to stay with and enhance Aether's value. The Committee believes, however, that compensation exceeding the \$1 million deduction limit should not be ruled out where such compensation is justified based on the executive's value to Aether and its shareholders. The Committee believes that no executive compensation expenses paid in 2002 will be non-deductible under section 162(m).

This Report shall not be deemed incorporated by reference in any document previously or subsequently filed with the SEC that incorporates by reference all or any portion of this proxy statement, unless the report is specifically incorporated by reference.

J. Carter Beese, Jr.*

* Mr. Beese was the only remaining director who participated in the deliberations concerning compensation reported for 2002.

Compensation Committee Interlocks and Insider Participation

None of the members of our Compensation Committee is or has ever been an officer or employee of Aether or any of its subsidiaries. None of our executive officers serves as a member of the board of directors or compensation committee of any entity that has one or more executive officers serving on our Board of Directors or Compensation Committee.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934, as amended (Exchange Act) requires our officers (as defined in regulations issued by the SEC) and directors, and persons who own more than ten percent of a registered class of Aether's equity securities, to file reports of ownership and changes in ownership with the SEC. Officers, directors and greater than ten percent shareholders are required by SEC regulation to furnish us with copies of all Section 16(a) forms they file.

Based solely on a review of copies of such reports of ownership furnished to us and certifications from executive officers and directors, we believe the following persons failed to file on a timely basis reports required by Section 16(a) of the Exchange Act during the most recent fiscal year or prior fiscal years: David S. Oros filed a Form 4 one day late for two transactions; George Davis filed a Form 4 one day late for one transaction; J. Carter Beese, Jr. filed a Form 4 one day late for one transaction; George P. Stamas filed a Form 4 one day late for one transaction; and Truman T. Semans filed a late Form 3.

Stock Performance Chart

As part of proxy statement disclosure requirements mandated by the SEC, we are required to provide a comparison of the cumulative total shareholder return on our common stock with that of a broad equity market index and either a published industry index or a peer group index. This graph is not deemed to be soliciting material or to be filed with the SEC or subject to the SEC's proxy rules or to the liabilities of Section 18 of the 1934 Act, and the graph shall not be deemed to be incorporated by reference into any prior or subsequent filing by the corporation under the Securities Act of 1933 or the 1934 Act.

The following chart compares the yearly percentage change in the cumulative total shareholder return in Aether's common stock since our initial public offering on October 21, 1999 with the cumulative total return on the S&P 500 Index (the equity index) and the Business Software Services Index prepared by

Media General Financial Services (the peer index). The comparison assumes \$100 was invested on October 21, 1999 in Aether's common stock and in each of the above indices with reinvestment of dividends.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Since January 1, 2002, we have engaged in the following transactions or there are currently proposed transactions with the following persons:

directors, nominees for election as directors, or executive officers;

beneficial owners of 5% or more of Aether's common stock;

immediate family members of the above, and

entities in which the above persons have substantial interests.

Reuters Limited

During the fourth quarter of 2002, we purchased from Reuters Limited and Reuters Overseas Holdings B.V. their 40% interest in Sila for a purchase price of \$330,000. Reuters Limited was one of Aether's original investors and held in excess of 5% of Reuters common stock until October 21, 2002. Reuters had the right to appoint one director until October 24, 2002, and Devin N. Wenig, an officer of Reuters, was a director of Aether until May 28, 2002. Sila was a European joint venture we formed with Reuters in 2000. The results of Sila's operation were consolidated with ours in 2002, 2001 and 2000. As a result of this acquisition, all minority interests have been eliminated and all of our subsidiaries are now wholly-owned.

Reuters also provided financial data services to Aether during 2002 and received \$475,916 for these services through October 21, 2002, the date on which its ownership fell below 5%. Aether provided

Reuters employees MarketClip and Blackberry by Aether services during 2002 and Aether received compensation of \$8,389 for these services through October 21, 2002.

Huber Oros & Company, LLC

Since the middle of 2000, Huber Oros & Company, LLC (Huber Oros) has been the administrative agent of our corporate benefits program. Matthew Oros, the chief executive officer and founder of Huber Oros, is the brother of David S. Oros, our Chairman and Chief Executive Officer. Aether paid Huber Oros \$175,783 in agency fees in 2002, which is based on a percentage of the total claims processed by Huber Oros on behalf of Aether during 2002.

Aircraft Rental

During 2002, Dave Oros, our Chairman and Chief Executive Officer, reimbursed Aether \$149,016 for his personal use of Aether's corporate jet, which Aether is currently seeking to sell. The amount reimbursed to Aether included the direct costs associated with the flights as well as a portion of the indirect overhead costs that are billed to Aether by an independent management company.

REPORT OF THE AUDIT COMMITTEE

Audit Committee Report

The role of the Audit Committee is to assist the Board of Directors in its oversight of Aether's financial reporting process, in accordance with its charter. Management of Aether is responsible for the preparation, presentation and integrity of Aether's financial statements, accounting and financial reporting principles, and internal controls and procedures designed to assure compliance with accounting standards and applicable laws and regulations. The independent auditors are responsible for auditing Aether's financial statements in accordance with generally accepted auditing standards and expressing an opinion as to their conformity with generally accepted accounting principles. The independent auditors have free access to the Audit Committee to discuss any matters they deem appropriate.

In the performance of the Audit Committee's oversight function, the Audit Committee has considered and discussed the audited financial statements with management and the independent auditors. The Audit Committee relies without independent verification on the information provided to it and on the representations made by management and the independent accountants. The Audit Committee has discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, as currently in effect. Finally, the Audit Committee has received the written disclosures and the letter from the independent auditors required by Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees, as currently in effect, and has considered whether the provision of non-audit services by the independent auditors to Aether is compatible with maintaining the auditors' independence and has discussed with the auditors the auditors' independence.

Based upon the reports and discussions described in this report, the Audit Committee recommended to the Board that the audited financial statements be included in Aether's Annual Report on Form 10-K for the year ended December 31, 2002 filed with the Securities and Exchange Commission.

This Report shall not be deemed incorporated by reference in any document previously or subsequently filed with the SEC that incorporates by reference all or any portion of this proxy statement, unless the report is specifically incorporated by reference.
