QUESTIONS AND ANSWERS

Q: WHAT AM I VOTING ON?

A: You are voting on three things:

- election of seven directors (Herbert M. Baum, Kenneth M. Duberstein, Archie R. Dykes, Carol B. Hallett, Robert S. Hamada, Mark S. Hansen and Guy A. Osborn),
- ratification of Fleming's independent auditors for the 2001 fiscal year, and
- approval of our Key Executive Retention Plan. (A copy of the plan is attached as Exhibit A.)

Q: WHO IS ENTITLED TO VOTE?

A: Shareholders as of the close of business on March 19, 2001 (the record date). Each share of common stock is entitled to one vote.

Q: HOW DO I VOTE?

A: In addition to attending the meeting and casting your vote in person, you may either:

- Mark your selection on the enclosed proxy card, date and sign the card, and return the card in the enclosed envelope; or
- Dial 1-877-PRX-VOTE (1-877-779-8683) from the U.S. and Canada, enter your control number (found on your proxy card) and follow the voice prompts; or
- Go to the following website: <http://www.eproxyvote.com/flm> enter your control number and follow the simple instructions on the screen.

Q: IF I VOTE BY TELEPHONE OR INTERNET, DO I NEED TO RETURN MY PROXY CARD?

A: No.

Q: WHAT IS THE DIFFERENCE BETWEEN VOTING VIA TELEPHONE OR THE INTERNET OR RETURNING A PROXY CARD AND VOTING IN PERSON?

A: Voting by proxy, regardless of whether it is via telephone or the internet or by returning your proxy card by mail, appoints Mark S. Hansen, our chairman and chief executive officer, Neal J. Rider, our executive vice president and chief financial officer and Carlos M. Hernandez, our senior vice president, general counsel and secretary, as your proxies. They will be required to vote on the three proposals exactly as you voted. However, if any other matter requiring a shareholder vote is properly raised at the meeting, then Messrs.

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

Hansen, Rider and Hernandez are authorized to use their discretion to vote on the issues on your behalf.

Q: HOW DOES DISCRETIONARY
AUTHORITY APPLY?

A: If you sign your proxy card, but do not make any selections, you give authority to Mark S. Hansen, Neal J. Rider or Carlos M. Hernandez to vote on the proposals and any other matter that may arise at the annual meeting.

VOTE?

A: You can revoke your vote at any time before the meeting.

Q: IS MY VOTE CONFIDENTIAL?

A: Yes, only First Chicago Trust Company, the inspector of election, Morrow & Co., our proxy solicitor, and certain employees of Fleming will have access to your voting information. All comments will remain confidential, unless you ask that your name be disclosed.

Q: WHO WILL COUNT THE VOTES?

A: First Chicago Trust Company will tabulate the votes and act as inspector of election.

2

5

Q: WHAT DOES IT MEAN IF I GET MORE
THAN ONE PROXY CARD?

A: Your shares are probably registered differently or are in more than one account. Vote all proxy cards to ensure that all your shares are voted. Contact our transfer agent, (1-800-317-4445), to have your accounts registered in the same name and address.

Q: WHAT CONSTITUTES A QUORUM?

A: As of March 19, 2001, 39,781,469 shares of Fleming common stock were issued and outstanding and entitled to vote at the annual meeting. A majority of the shares entitled to vote, present in person or represented by proxy, constitutes a quorum. If you vote by telephone or the internet or by returning your proxy card, you will be considered part of the quorum. The inspector of election will treat shares represented by a properly executed proxy as present at the meeting. Abstentions and broker non-votes are counted for purposes of determining a quorum. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received instructions from the beneficial owner.

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

- Q: WHEN ARE THE SHAREHOLDER PROPOSALS DUE FOR THE YEAR 2002 ANNUAL MEETING?
- A: To be included in next year's proxy statement, shareholder proposals must be received in writing by December 4, 2001 by our corporate secretary. We will include a proposal in next year's proxy statement if it complies with the rules of the Securities and Exchange Commission and we are required to include it in our proxy statement pursuant to the rules of the Securities and Exchange Commission. In accordance with our bylaws, if a shareholder wishes to present a proposal for consideration at the 2002 annual meeting, but not have it included in our proxy statement, he or she must send written notice of the proposal to our corporate secretary. To be timely, the notice must be delivered to, or mailed and received at, our principal executive offices during the period beginning February 14, 2002 and ending March 16, 2002.
- Q: HOW DOES A SHAREHOLDER NOMINATE A DIRECTOR OF FLEMING?
- A: Submit a written recommendation (accompanied by the written consent of the nominee to serve as a director if elected and a list of the nominee's principal occupations or employment over the past five years) to our corporate secretary. To be timely, the notice must be delivered to, or mailed and received at, our principal executive offices during the period beginning February 14, 2002 and ending March 16, 2002. You can contact our corporate secretary at Fleming Companies, Inc., 1945 Lakepointe Drive, Lewisville, Texas 75057.
- Q: WHO PAYS THE SOLICITATION EXPENSES?
- A: The accompanying proxy is being solicited on behalf of the Fleming board of directors, and Fleming pays the cost of solicitation. We generally solicit proxies by mail, but certain officers or associates of Fleming may solicit proxies by telephone or in person without additional compensation. We hired Morrow & Co. to assist in the distribution of proxy materials and solicitation of votes for \$7,500 plus out-of-pocket expenses. Upon request, we will reimburse stockbrokers and other custodians, nominees, and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy material to the beneficial owners of shares of our common stock.
- Q: WHERE CAN I FIND THE VOTING RESULTS OF THE MEETING?
- A: We will announce voting results at the meeting, and we will publish final results in our quarterly report on Form 10-Q for the first quarter of 2001. We will file that report with the Securities and Exchange Commission. You can get a copy by contacting either our investor relations department (972-906-8592) or the Securities and Exchange Commission at 1-800-SEC-0330 or www.sec.gov.

PROPOSALS

1. ELECTION OF DIRECTORS

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

Since 1983, our board of directors has been divided into three classes with each class serving a three year term. At our annual meeting in 1999, our shareholders voted to amend our Certificate of Incorporation to phase out classification of the board of directors. Pursuant to authority in the company's Restated Certificate of Incorporation, the directors recently voted to increase the number of members on the board from seven to nine. The board filled one of the two new vacancies at its meeting in February 2001 by appointing Robert S. Hamada to the board. The directors recommend that Kenneth M. Duberstein be elected to the board to fill the remaining vacancy.

The individuals named below are nominated for election as directors to serve one year terms. Beginning with the annual meeting in 2002, the classification of the board will terminate and all nominees will be subject to annual election.

Nominees for election this year:

- Kenneth M. Duberstein

Nominees for re-election this year are:

- Herbert M. Baum (director since 1998)
- Archie R. Dykes (director since 1981)
- Carol B. Hallett (director since 1993)
- Robert S. Hamada (director since February 2001)
- Mark S. Hansen (director since 1998)
- Guy A. Osborn (director since 1992)

Each has consented to serve a one year term. (See pages 5-7 for biographical information.)

If any nominee is unable to stand for re-election, the board may provide for a lesser number of directors or designate a substitute. In the latter event, shares represented by proxies may be voted for a substitute nominee.

The seven nominees receiving the highest number of "yes" votes will be elected as directors. This number is called a plurality. Abstentions and broker non-votes are not counted for purposes of the election of directors. OUR BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" EACH OF THE NOMINEES.

2. RATIFICATION OF DELOITTE & TOUCHE LLP AS INDEPENDENT AUDITORS FOR 2001

Our board of directors, upon recommendation of the audit and compliance committee, has selected Deloitte & Touche LLP to serve as our independent auditors for the 2001 fiscal year and is soliciting your ratification of that selection. Representatives of Deloitte & Touche LLP will attend the annual meeting, have the opportunity to make a statement if they so desire, and be available to answer appropriate questions.

The affirmative vote of the majority of shares present in person or by proxy and entitled to vote at the annual meeting is required to ratify Deloitte & Touche LLP as independent auditors for 2001. For purposes of approving this proposal, abstentions are counted as a vote against the proposal and broker non-votes are not counted. OUR BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE RATIFICATION OF DELOITTE & TOUCHE LLP AS INDEPENDENT AUDITORS FOR 2001.

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

3. APPROVAL OF THE FLEMING
COMPANIES, INC. KEY EXECUTIVE RETENTION PLAN.

Subject to shareholder approval, our board of directors has adopted the Fleming Companies, Inc. Key Executive Retention Plan. The plan authorizes the compensation and organization committee to grant performance-based cash awards annually to a limited number of key executives. A description of the plan begins on page 27. A copy of the plan is attached as Exhibit A.

The affirmative vote of the majority of the shares present in person or by proxy and entitled to vote at the annual meeting is required to approve the Key Executive Retention Plan. For purposes of approving the plan, abstentions are counted as a vote against the proposal and broker non-votes are not counted. OUR BOARD OF DIRECTORS RECOMMENDS A VOTE "FOR" THE APPROVAL OF THE KEY EXECUTIVE RETENTION PLAN.

REPORT OF THE AUDIT & COMPLIANCE COMMITTEE

The audit and compliance committee is appointed by the board and operates pursuant to a written charter that was adopted by the board in May 2000. The Audit and Compliance Committee Charter is attached as Exhibit B to this proxy statement.

Under the terms of its charter, the audit and compliance committee approves fees paid by Fleming to its independent auditor. For the fiscal year ending December 30, 2000, Fleming paid the following fees to Deloitte & Touche LLP:

FINANCIAL INFORMATION		
AUDIT FEES	SYSTEMS DESIGN AND IMPLEMENTATION FEES	ALL OTHER FEES
-----	-----	-----
\$800,000	\$0	\$2,032,468

In fulfilling its duties for the 2000 fiscal year, the audit and compliance committee has done each of the following:

- reviewed Fleming's audited financial statements for 2000 and discussed the financial statements with Fleming's management;
- discussed with Deloitte & Touche the matters required to be discussed with the auditor by the Auditing Standards Board Statement on Auditing Standards No. 61;
- received written disclosure from Deloitte & Touche about any relationships between Deloitte & Touche and Fleming which the auditor believes may affect its independence;
- received a confirmation letter from Deloitte & Touche that the auditor is independent of Fleming; and
- discussed Deloitte & Touche's independence with the auditor.

Based on the review and discussions above, the audit and compliance committee recommended to the board that the audited financial statements for 2000 be included in Fleming's 10-K filed with the Securities and Exchange Commission.

Ms. Peterson and Mrs. Hallett are "independent" in accordance with the New York Stock Exchange listing standards. Mr. Joullian served as Fleming's interim chairman for a brief period in 1998. The board of directors has determined that, in its opinion, Mr. Joullian is independent of management and has no relationship that would interfere with the exercise of his independent judgment as a member of the Audit Committee. In reaching its determination, the board took into consideration the brevity of Mr. Joullian's tenure as an officer of Fleming, his previous service as an independent director, the fact that he served as interim chairman only during the process of identifying a new chairman and the fact that more than two years have passed since he was an officer of the company.

Alice M. Peterson, Chairperson
Carol B. Hallett
Edward C. Joullian III

DIRECTORS COMPENSATION

Directors who are also associates of Fleming do not receive compensation for serving on the board of directors or its committees other than their normal salaries. Directors who are not associates of Fleming received the following in 2000:

STOCK BASED COMPENSATION

- 3,500 shares of restricted stock
- 4,000 subsidiary options

CASH COMPENSATION

- \$1,000 for each board or committee meeting attended*
- \$500 for chairing a committee
- reimbursement of travel expenses for attending meetings

* No fees are paid for telephone board meetings unless they are longer than thirty minutes and are meetings for which an agenda has been set.

STOCK OWNERSHIP REQUIREMENTS

In March 1999, the board adopted stock ownership requirements for directors. Directors who are not also associates of Fleming must meet the following stock ownership requirements.

- 1,000 shares of Fleming common stock within one year of first being elected.
- 12,000 shares of Fleming common stock within four years of first being elected.
- Members of the board on March 1, 1999 have until March 1, 2003 to satisfy the four year requirements since the policy was not in effect when they were first elected.

The board also adopted stock ownership requirements for corporate officers which are described on page 18.

- Prior to vesting, shares have dividend rights.
- Shares will vest five years from 15, 2000 if adjusted net earnings from operations for the 13 four-week accounting periods preceding the determination exceed adjusted net earnings from operations for five years by at least 10%.
- Shares are held in escrow by Fleming's corporate secretary, pending vesting.
- Unvested shares will be forfeited.
- If, on a date prior to the end of the first year vesting period, a director ceases to be a member of the board under certain conditions, vesting is accelerated.

Each director exercised options granted to purchase 4,000 shares of common stock of Fleming Inc., a subsidiary of the company, for \$10.00. If a public market exists for Cerespan's shares, the value per share is estimated to be less than \$10.00.

BENEFICIAL OWNERSHIP

This table indicates how much Fleming common stock and stock equivalent units were beneficially owned as of March 9, 2001 by the directors, nominees and

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

each of the named executive officers listed in the Summary Compensation Table who retained his position as of March 9, 2001 and by beneficial owners of more than 5% as of the dates indicated in the footnotes. No director or executive officer owns in excess of 1% of the outstanding shares except for Mr. Hansen. As of March 9, 2001, 39,752,794 shares of Fleming common stock were issued and outstanding.

REPORT OF THE COMPENSATION AND ORGANIZATION COMMITTEE

COMPENSATION PHILOSOPHY

The company's compensation philosophy is based primarily on "pay for performance" and a significant portion of our executive compensation is incentive based. The objectives of the Fleming executive compensation programs are to motivate executive officers to enhance financial performance by focusing attention on specific business objectives emphasizing company profitability and teamwork, and to reward executive officers based on company and individual performance.

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

There are three parts to Fleming's executive compensation program:

- Base salary;
- Annual bonuses; and
- Stock based compensation.

The compensation and organization committee, comprised of non-management directors, administers the executive compensation programs, policies and practices. The committee decides compensation for all executive officers, except the chief executive officer, upon recommendation of the CEO. The committee's decisions are submitted to the full board of directors for its information and review only. The CEO, who is also a director, does not participate in the board's review of the committee's decisions regarding his compensation.

BASE SALARIES

Decisions as to base salary for the named executive officers for 2000, except Mr. Rider, were determined by the committee in reliance on the company's salary administration program, the objectives of which are to attract, retain and motivate productive executive officers. For each job classification, the program requires a written job description, an evaluation of the job with assigned points based on the nature of the job, its function and the level of the position, and an assigned salary range based on the total point value. Mr. Rider's base salary was based on the negotiation of his employment agreement. Decisions as to Mr. Rider's employment agreement were based on the committee's view that the company needed to attract a top notch candidate to his position, the value of an executive such as Mr. Rider in the market place and the general competition for executives of his caliber. Annual salaries are adjusted based on individual performance. In addition, the committee reviews the earnings of the company and the market value of the company's common stock for the previous fiscal year-end and, based on these factors, the committee makes a subjective determination of the nature and extent of salary adjustments. The committee generally establishes target salaries in the middle of the assigned salary ranges. In order to measure competitiveness, the committee also considers salary surveys comparing company jobs with similar jobs held by employees of companies included in the company's peer group. See "Company Performance."

BONUSES

Bonuses are paid to executives under the corporate officer incentive plan. The plan has the following primary goals:

- Attain substantial improvement in sales;
- Substantially improve earnings;
- Provide a concrete and understandable linkage between performance, reward and share value creation for shareholders; and
- Encourage teamwork.

Bonus awards are based on pre-determined performance targets in relation to adjusted earnings per share, sales and adjusted earnings. In order to be entitled to a bonus, the adjusted earnings per share target must be met or exceeded. Then, the bonus will be weighted based on sales and adjusted earnings. For fiscal 2000, the committee determined that 60% of the bonus would be based on sales and 40% would be based on adjusted earnings. The bonus for fiscal 2000 was determined by the committee at its meeting in February 2001. Target percentages for all executive officers were set based on position and responsibilities, comparative market place

data and internal equity. Since the adjusted earnings per share target for 2000

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

was met, all executive officers received a bonus for 2000. These bonuses were paid in March 2001.

STOCK BASED COMPENSATION

The committee can award restricted stock and stock options to executives and other key associates under the company's stock option and stock incentive plans. The committee believes stock based compensation is important in aligning the interests of executives and shareholders. The committee believes restricted stock awards build stock ownership and provide a long-term focus since the stock is restricted from being sold, transferred or assigned and is forfeitable until vested. The committee believes stock options help to retain and motivate key associates. All executive officers, except Mr. Hansen, Mr. Almond and Mr. Davis, received stock option grants during fiscal 2000. The basis of the grants was not only to provide incentive to these executives to drive company performance, but also to help retain these executives in an increasingly competitive market for top talent.

CHIEF EXECUTIVE OFFICER

Mark S. Hansen became CEO of the company on November 30, 1998. His salary for 2000 was determined by the committee considering the following factors: competitive levels of compensation, his experience in managing operations of a size and complexity similar to the company, his general knowledge of the distribution and retail food industry, his track record in making changes and the committee's belief that Mr. Hansen has the qualifications necessary to responsibly manage the company. His bonus for 2000 was determined in accordance with the Corporate Officer Incentive Plan which provides for a bonus if certain pre-determined levels of adjusted earnings per share, sales and adjusted earnings are met. The amount of his bonus was based on a percentage of his salary. Mr. Hansen received 300,000 restricted shares on February 29, 2000 in connection with the bonus he received for 1999.

MANAGEMENT STOCK OWNERSHIP GUIDELINES

Fleming is committed to strengthening the alignment of its executives' financial interests with those of its shareholders. Corporate officers are required to own the following levels of stock:

POSITION	STOCK OWNERSHIP LEVEL
Chairman and CEO	3 times base salary
Executive Vice Presidents	2 times base salary
Senior Vice Presidents	1.5 times base salary
Vice Presidents	1 times base salary

Officers must meet the required stock ownership levels by March 2004 or five years from their election as an officer, whichever is later. Neither unvested restricted stock nor stock options, whether vested or unvested, are counted for purposes of determining stock ownership. Fleming has a loan program which provides interest free, full recourse loans to officers in order to assist them in meeting their stock ownership levels. None of the named executive officers participated in the loan program during 2000, except that Mr. Rider received a loan from the company to purchase 20,000 shares of Fleming common

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

stock on March 3, 2000 at a purchase price of \$300,307.88. At March 9, 2001, officers subject to the stock ownership requirements owned a total of 298,179 shares of Fleming Stock.

DEDUCTIBILITY OF EXECUTIVE COMPENSATION

The committee has adopted and the board of directors has ratified the following policy regarding Section 162(m) of the Internal Revenue Code of 1986, as amended:

Section 162(m) limits the deductibility of certain compensation paid by the company to certain of its executive officers. It is possible that future circumstances may warrant compensation payments which will not qualify as a tax deductible expense. It shall be the policy of the committee to compensate executive officers based on performance, and the committee recognizes that flexibility with respect to the payment of compensation must be insured in order to maintain this policy. Accordingly, although the committee will to the extent possible attempt to qualify all compensation payments for deductibility under Section 162(m), circumstances may arise which require it to authorize compensation which is not deductible under Section 162(m).

(1) Under the Executive Deferred Compensation Plan, Annual Final Compensation is average total compensation earned for the three consecutive calendar years of employment prior to retirement.

As of December 30, 2000, Messrs. Hansen, Davis, Lucas, Marquard and Rider each had 2, 40, 1, 1 and 1 years, respectively, of credited service under the Pension Plan. All named executive officers participated in the Executive Deferred Compensation Plan during 2000. Amounts shown in the table are subject to offset for Social Security. Benefits under the Executive Deferred Compensation Plan are subject to offset for amounts payable under the Pension Plan. As of December 30, 2000, Annual Final Compensation was \$1,260,057 for Mr. Hansen, \$581,675 for Mr. Davis, \$537,289 for Mr. Lucas, \$567,457 for Mr. Marquard and \$543,933 for Mr. Rider.

EMPLOYMENT CONTRACTS, TERMINATION OF EMPLOYMENT AND CHANGE IN CONTROL ARRANGEMENTS

EMPLOYMENT AGREEMENTS

Our named executive officers, except for Mr. Davis, have five-year employment agreements. Below is a summary of the basic terms of the agreements followed by a summary of the specific terms for each named executive officer as of their date of employment. Base salaries and bonus targets are reviewed annually by the corporation and organization committee and could increase over the five-year term of the employment agreement.

If Fleming terminates employment without cause or the executive resigns for good reason, the executive receives:

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

- Base salary and accrued vacation through termination date;
- Base salary for the next 24 months; and
- Continued coverage under all medical and life insurance programs for the next 24 months.

If Fleming terminates employment with cause or executive resigns without good reason, the executive receives:

- Base salary and accrued vacation through the termination date.

If Fleming terminates employment due to disability, the executive receives

- Base salary through date of termination;
- Disability benefits under the company's disability program; and
- Accrued vacation through termination date.

Upon death of the executive, his beneficiary receives his base salary through date of death.

The executive has also agreed not to compete with Fleming for two years following termination of employment, but not if he has been terminated without cause or he resigns for good reason. In addition, Mr. Hansen participated in the company's relocation program for senior executives, which provided for reimbursement of various relocation expenses and the purchase of his home by the company at the greater of his documented invested cost or the value determined by an appraiser selected by the company.

CHANGE OF CONTROL EMPLOYMENT AGREEMENTS

Since 1995, we have entered into change of control employment agreements with our senior executives. The purpose of these agreements is to assure objective judgment and to keep the loyalties of key executives if Fleming is ever faced with a potential change of control by providing for a continuation of salary, bonus, health and other benefits for a maximum period of three years. In addition, if the executive is terminated during the three years following the change of control or in anticipation of the change of control for other than cause, death, disability, or he terminates for good reason, then the executive receives a lump sum payment comprised of:

- His base salary through the date of termination at the annual rate in effect on the date of termination or, if higher, at the highest annual rate paid or payable during the three out of the five years preceding the change of control date which yield the highest base salary (the "Highest Base Salary");
- The pro-rated portion of his annual bonus or, if higher, an amount equal to the middle target level bonus payable, regardless of whether specified targets are met, under the company's incentive compensation plan applicable to the executive for his position on the date his employment is terminated (the "Highest Bonus");
- The product obtained by multiplying 2.99 times the sum of the Highest Base Salary and the Highest Bonus; and
- Any amounts previously deferred by the executive (plus any accrued interest thereon) and any accrued vacation pay.

In addition, there are provisions for the "gross up" of certain payments to cover certain taxes on these termination payments and for extension of indemnification and insurance coverage for five years following the termination date. For a period of 30 days following the first year after a change of control, the executive can terminate his employment for any reason and receive all the benefits of the agreement as if he had terminated for good reason. Under the change of control employment agreements, assuming a change of control on December 30, 2000, and termination of employment of the named executive for other than cause, death or disability or by the executive for good reason, the company would be required to pay the following amounts (plus any applicable "gross up" amounts): Mr. Hansen, \$7,624,500, Mr. Davis, \$2,990,000, Mr. Lucas, \$2,990,000, Mr. Marquard \$2,990,000, and Mr. Rider, \$3,363,750.

OTHER CHANGE OF CONTROL ARRANGEMENTS

SUPPLEMENTAL TRUSTS. Fleming has two trust agreements to provide for the payment of its obligations under the Change of Control Employment Agreements, severance and employment agreements available to certain associates who are not named executive officers, to former associates receiving benefits under the company's former supplemental retirement income plan and to participants in the

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

Past Service Plan and the Executive Deferred Compensation Plan. These trusts include provisions which require full funding in the event of a change of control.

PAST SERVICE PLAN. Fleming adopted the Past Service Plan in connection with the termination of its supplemental retirement income plan. Benefits payable under the plan are based on the benefit payable under the terminated plan assuming the executive retired as of November 1, 1997 and was fully vested. Mr. Davis is the only named executive officer participating in this plan. Upon a change of control, all participants will be fully vested in this plan. Assuming (i) a change of control on December 30, 2000 and termination of Mr. Davis' employment, and (ii) he elected a life only payment method, the company would be required under the Past Service Plan to pay Mr. Davis \$110,297 annually for life.

EXECUTIVE DEFERRED COMPENSATION PLAN. Under the company's Executive Deferred Compensation Plan, which supplements retirement benefits under the Pension Plan, each participant will be fully vested in his benefit upon a change of control, benefits will be paid immediately following termination of employment and no reduction will be made for any early retirement adjustment factors. Assuming (i) a change of control on December 30, 2000 and termination of employment of the following persons, and (ii) each of the following persons elected a life only payment method, the company would be required under the Executive Deferred Compensation Plan to pay the following amounts to the following persons annually for life: Mr. Davis, \$217,785; Mr. Hansen, \$41,267; Mr. Lucas, \$12,804; Mr. Marquard, \$14,532; and Mr. Rider, \$7,418.

OTHER ARRANGEMENTS. Provisions of Fleming's stock option and stock incentive plans permit the committee administering the plan to accelerate vesting upon a change of control. The vesting of all stock options held by the named executive officers will accelerate upon a change of control. All shares of restricted stock awarded to directors and the named executive officers will become fully vested and nonforfeitable in the event of a change of control.

KEY EXECUTIVE RETENTION PLAN

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR APPROVAL OF THE KEY EXECUTIVE RETENTION PLAN.

Subject to shareholder approval, the compensation and organization committee of the board of directors has adopted the Fleming Companies, Inc. Key Executive Retention Plan. Approval by the shareholders is necessary to qualify for the exception from Section 162(m) of the Code for qualified performance-based compensation. Adoption of the plan is contingent upon shareholder approval and any awards granted by the committee will be forfeited if the shareholders do not approve the plan. The retention plan authorizes Fleming's compensation and organization committee to grant performance-based cash awards to a limited number of key executives described in "Eligibility for Participation" below.

ABOUT THE PLAN

The purpose of the key executive retention plan is to emphasize Fleming's pay for performance philosophy and create incentives designed to motivate the company's key executives to significantly contribute toward the growth and profitability of the company. Our board of directors anticipates that the plan will enable Fleming to improve company results by paying individual executives for distinguished performance that contributes to Fleming's success. The key executive retention plan provides certain key executives with incentives to

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

motivate and financially reward the key executives by providing the opportunity to earn a bonus if certain targets are met. The primary goals of the plan are to:

- improve earnings,
- encourage certain key executives to remain with the company,
- provide a link between performance, rewards and share value creation for Fleming's shareholders, and
- encourage teamwork.

Our board of directors recommends approval of the key executive retention plan as it believes that the plan will provide the additional incentives necessary to retain and motivate our current key executives.

ELIGIBILITY FOR PARTICIPATION

The key executive retention plan is administered exclusively by the compensation and organization committee and key executives eligible for participation in the plan are selected solely by the committee.

Any of Fleming's Chairman, Chief Executive Officer, President, Executive Vice Presidents, Senior Vice Presidents or Vice Presidents or any other associate who is an officer of the company, a subsidiary or an affiliated entity may be selected by the committee for participation in the plan.

DESCRIPTION OF AWARDS

OVERVIEW. Although the term of the plan is ten years, each participating executive is limited to a five-year award period. Under the key executive retention plan, participating executives are eligible to receive performance-based annual awards during the first three years of the award period and thrift awards during the last two years of their award period. Annual awards and thrift awards will be earned only if the performance goal established by the committee has been met. The performance goal requires that adjusted earnings per share of the company's common stock for the applicable year in the award period must exceed the company's adjusted earnings per share for the prior year by at least 5%. The plan constitutes an "unfunded" plan for incentive compensation. Any award granted or earned under the plan is not transferable.

ANNUAL AWARD. The annual awards are a maximum of two times the executive's base pay for each of the first three years of an executive's participation in the plan. Base pay for the applicable year will be fixed each year by the compensation and organization committee and will not be adjusted for increases or decreases during the year.

27

30

ALLOCATION OF EARNED ANNUAL AWARDS. Participating executives may elect to receive up to 50% of their earned annual awards in cash. Any amount the participant is eligible to receive in cash but elects to defer will be 100% vested. The 50% of the earned annual award which is not currently payable will be automatically credited to a deferred account and subject to the vesting schedule described below. Interest is credited on any deferred amounts at 1% over prime.

THRIFT AWARD. In the fourth and fifth years of a key executive's participation in the plan, an additional thrift award credit will be added to the year-end balance equal to 33% of the prior year's balance plus interest upon achievement of the established performance goal. The thrift award will be credited to a deferred account and subject to the vesting schedule described below.

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

VESTING. Participating executives fully vest in 50% of each year's earned annual award and vest in the remaining 50% of the earned annual award and the thrift award, plus interest on all deferred amounts, at the following rates:

YEAR OF AWARD	VESTED PORTION AT END OF YEAR				
	1	2	3	4	5
1	0%	0%	50%	75%	100%
2		0%	50%	75%	100%
3			50%	75%	100%
4				75%	100%
5					100%

DISTRIBUTION. Account balances are generally distributed only at the end of the five-year period. The vested deferred portion of the balance will be paid earlier only in the event of death or termination of employment for reason other than cause. Payments of the deferred vested portion for hardship purposes may be approved by the compensation and organization committee. No interest will be paid on any distributions to a participant prior to the end of the third year except for payments due upon a change in control and subsequent termination of the executive's employment.

CHANGE IN CONTROL. In the event of a change in control and termination of the executive's employment, the plan will vest 100% as if the executive met all requirements for the five-year term and will be paid within 30 days after termination. The amount paid will be grossed up for income, withholding and excise taxes. The provisions relating to termination following a "change in control" will parallel similar provisions in the executive's change in control employment agreement.

DEDUCTIBILITY OF AWARDS. Section 162(m) of the Code places a \$1 million annual limit on the deductible compensation of certain executives of publicly traded corporations. The limit, however, does not apply to "qualified performance-based compensation." The company intends to comply with qualified performance-based compensation exemption from the general limitations of Section 162(m) in order to deduct all or substantially all of the awards when paid. The compensation and organization committee has established the performance goal based on adjusted earnings per share, and will administer the plan in accordance with Section 162(m) and the regulations promulgated thereunder. For purposes of Section 162(m), the maximum dollar amount which may be paid under the plan to any participant over the five-year award period is five times annual "base pay." For purposes of the calculation of this limitation, "base pay" will be \$3,000,000.

TAXES. Cash payments to executives under this plan will be included in the executive's income in the year received. All amounts paid under the plan will be subject to applicable withholding and employment taxes.

ESTIMATE OF 5-YEAR MAXIMUM TOTAL COST. The following table sets forth an

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

estimate of the 5-year maximum total cost of the plan. This assumes an annual cost of awards if the participants' (6-7) annual base pay totals \$3,400,000 and compliance with Section 162(m) restrictions. This table is for illustrative purposes only and the company cannot predict whether the performance goal will be met during any fiscal year during the award period or whether any awards will be earned and paid under the plan.

YEAR	MAXIMUM EXPENSE	EXPENSE WITH TAX DEDUCTION
1	\$ 4,349,167	\$ 2,609,500
2	\$ 6,239,000	\$ 3,743,400
3	\$ 9,234,853	\$ 5,540,912
4	\$10,236,959	\$ 6,142,176
5	\$15,487,226	\$ 9,292,336
Total	\$45,547,205	\$27,328,323

EFFECTIVE DATE. The effective date of the key executive retention plan is February 27, 2001, upon approval of the shareholders at this annual meeting.

AMENDMENTS. The plan may be amended, suspended or terminated at any time at the sole discretion of the committee, however, no such action by the committee shall adversely effect the executive's earned and vested award.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Securities Exchange Act of 1934 requires the company's directors and executive officers, and persons who own more than ten percent of common stock, to file with the Securities and Exchange Commission and the New York Stock Exchange initial reports of beneficial ownership and reports of changes in beneficial ownership of common stock of the company. Such persons are also required by applicable regulations to furnish the company with copies of all Section 16(a) forms they file. To the company's knowledge, based solely on a review of the copies of such reports furnished to the company and written representations that no other reports were required to be filed, during 2000, all Section 16(a) filing requirements were met except that Mr. Rider's Form 3 was not filed timely and one Form 4 of Charles L. Hall was not filed timely.

OTHER BUSINESS

The board of directors knows of no other business which will be presented for action at the meeting other than as described in the notice of annual meeting. If other matters come before the meeting, the proxies will be voted in accordance with the judgment of the persons named on the proxy card.

The Committee may add Key Associates at any time during each Year in its sole discretion. ARTICLE IV
DETERMINATION OF AWARDS

4.1 Determination.

(a) Award. In each of the first three years of a Participant's Award Period, a Participant is eligible to receive an Award calculated by multiplying the Participant's Base Salary by a percentage designated by the Committee. Within the first 90 days of each of the first three Years of a Participant's Award Period, the Committee will determine the two components of the formula used to calculate each Participant's Award by determining the Participant's Base Salary for that Year and selecting a designated percentage of the Participant's Base Salary that may be earned as an Award for such Year up to a maximum of 200% of Base Salary. The designated percentage of Base Salary may not be the same for each Participant. Once an Award has been granted, the Committee may not increase the amount of such Award either before or after the date the Award has been earned.

(b) Calculation of Award. For any Participant to be entitled to an Earned Award, the Target level of Earnings Per Share for the applicable Year first must be attained or exceeded. Failure of the Company

A-5

40

to attain the Target for the Award for the applicable Year will result in forfeiture of such Award for that Year. Once the Target for Earnings Per Share for such Year has been achieved, the Company Deferred Award will be automatically deferred into the Account. Depending upon the election made by the Participant in his Deferral Election, up to 50% of the Earned Award will be paid in cash within 30 days after the Committee certifies that the Company has met the applicable Target for the Year, and the balance shall be the Participant's Deferred Award credited to his Account.

(c) Vesting -- Company Deferred Award. In addition to the requirement that the applicable Target for the Year of the Award be attained, the Participant must also remain in the employ of the Company, a Subsidiary or any Affiliated Entity until the applicable Vesting Date scheduled below to become vested in the portion of his Company Deferred Award (including Account Earnings) unless otherwise provided in the Plan. The vesting schedule applicable to the Company Deferred Award will be as follows:

YEAR OF AWARD	VESTED PORTION OF COMPANY DEFERRED AWARD AT VESTING DATE	2001	2002	2003	2004	2005
2001		0%	0%	50%	75%	100%
2002			0%	50%	75%	100%
2003				50%	75%	100%
2004					75%	100%
2005						100%

Except as otherwise provided in this Plan, in the event a Participant's

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

employment terminates with the Company, a Subsidiary and any Affiliated Entity prior to attainment of the applicable Vesting Date, such Participant shall forfeit the unvested portion of his Company Deferred Award and any Account Earnings attributable to such unvested portion of his Company Deferred Award. Transfers of employment between or among any of such entities shall not be a termination of employment which causes a forfeiture of a Company Deferred Award.

(d) Vesting -- Participant Deferred Award. A Participant shall at all times be 100% vested and nonforfeitable in his Participant Deferred Award.

4.2 Thrift Award. At the end of the fourth Year in the Award Period, the Company shall credit to the Account an amount equal to 33% of the prior balance in the Account (including Account Earnings) as of the end of the fourth Year in the Award Period if the Target has been achieved for the fourth Year. At the end of the fifth Year in the Award Period, then, a similar credit of 33% of the balance of the Account at the end of the fifth Year (including Account Earnings) will be made to the Account if the Target has been achieved for the fifth Year. The Thrift Award shall be considered to be part of the Participant's Company Deferred Award for all purposes under this Plan which shall include vesting, allocation of Account Earnings, and payment.

4.3 Account Earnings. The Account (including the Thrift Award) shall be credited to reflect Account Earnings as of the last day of each calendar quarter with interest calculated at a rate equal to the prime rate of interest plus 1% as published in the Wall Street Journal (Southwest Edition) in the Money Rate Section as of the beginning of each calendar quarter, and Account Earnings will continue to be allocated until the applicable Account has been paid in full.

4.4 Maximum Award Payment. Notwithstanding any other provision of the Plan to the contrary, the maximum dollar amount which may be paid to any Participant over the Participant's Award Period is an amount which is equal to five times a base salary of \$3,000,000.

A-6

41

ARTICLE V PAYMENT OF AWARDS

5.1 Date of Payment of Awards. Depending upon the election made by the Participant in his Deferral Election as to the amount of Earned Award which may be paid or deferred, payment of up to 50% of an Earned Award may be made, in cash, as soon as practicable following the Anniversary Date of the Year which relates to the Award; and, the balance of the Earned Award will be credited to the Account as the Participant's Deferred Award. Unless sooner paid as provided in this Plan, the vested portion of the Participant's Account will be paid within 30 days following the end of the last Year in the Award Period. In the event of the termination of employment of the Participant for any reason whatsoever prior to the end of the Award Period other than termination of employment of the Participant for Cause, the Participant, or his Beneficiary in the case of death, shall receive his vested portion of his Account within 30 days following such termination, and the nonvested portion of the Company Deferred Award (and Thrift Award) shall be forfeited.

5.2 Hardship Withdrawals. In the event of an unforeseeable emergency prior to the date of payment as provided in Section 5.1 above, if requested by the Participant, the Committee, in its sole discretion, may approve a distribution to a Participant of the portion of the Participant's Account balance consisting of the Participant's Deferred Award that is reasonably needed to satisfy the emergency need. An emergency withdrawal will be approved only in a circumstance of severe financial hardship to the Participant resulting from a

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

sudden and unexpected illness or accident of the Participant or of a dependant of the Participant, loss of property due to casualty, or some other extraordinary or unforeseeable circumstance arising from events beyond the control of the Participant. The Account Earnings otherwise credited to the Participant's Account shall be determined as if the withdrawal had been debited from the Participant's Account on the first day of the calendar quarter in which the withdrawal occurs.

5.3 Beneficiary Designation. In the event of the death of a Participant, the vested portion of the Participant's Account shall be paid to the Beneficiary designated by the Participant on a form provided by the Committee, who is (i) an individual or a trust established for the benefit of an individual, and (ii) living on the date of the Participant's death. If there is no Beneficiary then living, the benefit will be paid to the estate of the Participant in the form of a single lump sum. While a Participant is employed by the Employer, the Participant may change his Beneficiary by delivering to the Committee a properly executed form designating a new Beneficiary.

5.4 Forfeiture of Award for Cause. Unless the Committee otherwise determines, if a Participant's employment with the Company is terminated prior to the date of payment of his Award for Cause, the Participant, his Beneficiary and any other person will forfeit any interest (vested and nonvested) which the Participant had in the Company Deferred Award (and Thrift Award). Until any Award is paid, no Participant, Beneficiary or any other person shall have any right to or interest in such Award except as provided in this Plan.

5.5 Change of Control Event.

(a) Acceleration of Vesting. Each Participant is a party to an employment agreement with the Company which is effective upon a "change of control" as such term is defined in the agreement ("Change of Control Agreement"). In the event of the occurrence of a Change of Control Event and the Participant's employment is involuntarily terminated without Cause or for Good Reason (as defined under the Participant's Change of Control Agreement), so that the Participant is entitled to payment under his Change of Control Agreement, the Participant shall be deemed to be 100% vested and nonforfeitable in all of his Award as if he had remained in the continuous employ of the Company, a Subsidiary or an Affiliated Entity for the entire Award Period, Base Pay was as determined for the Year in which the Change of Control Event occurred and the applicable Target for the Year in which the Change of Control Event occurs has been met. This will include allocating to such Account the amount of any Thrift Award which would otherwise be required to be added to the Account as provided in Section 4.2 above (and Account Earnings on the Account) for the remainder of the Award Period.

A-7

42

(b) Accelerated Payment. Within 30 days of the occurrence of the termination of the Participant's employment as provided under Subsection (a) above, and the Participant is entitled to payment under his Change of Control Agreement for one of the reasons stated in said Subsection (a), the Account of the Participant will be paid to him in a single lump sum payment. In addition, an additional amount will be distributed (a "gross up payment") in an amount equal to the Participant's liability for income, excise and employment taxes attributable to the payment of the Account. It is the intent that if a Change of Control Event occurs and payment is made pursuant to this Section 5.5, the Participant shall be paid an aggregate amount so that after payment of all such income, withholding and excise taxes, the amount received by the Participant will equal the balance in the Account as of the date of payment before reduction for any such taxes.

ARTICLE VI
GENERAL BENEFIT PROVISIONS

6.1 No Trust. No action under this Plan by the Company, its Board or the Committee shall be construed as creating a trust, escrow or other secured or segregated fund in favor of the Participant or any other persons otherwise entitled to his Award. The status of the Participant and any other person entitled to his Award with respect to any liabilities assumed by the Company, any Subsidiary or Affiliated Entity hereunder shall be solely those of unsecured creditors of the Company, Subsidiary or Affiliated Entity. Any asset acquired or held by the Company, any Subsidiary or Affiliated Entity in connection with liabilities assumed by it hereunder, shall not be deemed to be held under any trust, escrow or other secured or segregated fund for the benefit of the Participant or any other person entitled to his Award or to be security for the performance of the obligations of the Company, any Subsidiary or Affiliated Entity (who is the employer of the Participant), but shall be, and remain, a general, unpledged, unrestricted asset of the Company, such Subsidiary or Affiliated Entity (who is the employer of the Participant) at all times subject to the claims of general creditors of the Company, then, such Subsidiary or Affiliated Entity.

6.2 Withholding for Income and Employment Taxes. Subject to Section 5.5 herein, since all amounts to be paid under the Plan to a Participant are to be considered as compensation paid for services rendered by the Participant, the Company shall comply with all federal and state laws and regulations respecting the withholding, deposit and payment of any income, employment or other taxes relating to the Awards and any payments made under this Plan, and all Awards shall be subject to and reduced by the amount of such taxes.

6.3 Payments by the Company, Subsidiary or Affiliated Entity. The payments required to fund the cost of the Awards provided by the Plan shall be made solely by the Company, any Subsidiary or Affiliated Entity whose Key Associates are participating in the Plan from its general assets. The Plan is an "unfunded plan" for incentive compensation.

6.4 No Transferability. No right or benefit under this Plan shall be subject in any manner to garnishment, attachment, anticipation, alienation, sale, transfer, assignment, gift, pledge, encumbrance, or disposition, hypothecation, levy, execution or the claim to creditors, either voluntarily or involuntarily of the Participant, and any attempt to so garnish, attach, anticipate, alienate, sell, transfer, assign, gift, pledge, encumber, dispose, hypothecate, levy or execute on the same shall be null and void, and neither shall such benefits or beneficial interest be liable or subject to the debts, contracts, liabilities, engagements or torts of any person to whom such funds are payable.

6.5 Expenses. All expenses and costs in connection with adoption and administration of the Plan shall be borne by the Company.

6.6 No Prior Right or Offer. No Key Associate shall have any contractual or other right to participate in the Plan until he is selected for participation by the Committee. No Award to any Participant in any Year shall be deemed to create a right to receive any Award or to participate in the Plan in any subsequent Year.

6.7 Right to Continued Employment. Participation in the Plan shall not give any Key Associate any right to remain in the employ of the Company, any Subsidiary, or any Affiliated Entity. The Company or, in the case of employment with a Subsidiary or an Affiliated Entity, the Subsidiary or Affiliated Entity reserves

the right to terminate any Key Associate at any time. Further, the adoption of this Plan shall not be deemed to give any Key Associate or any other individual any right to be selected as a Participant or to be granted an Award.

6.8 No Part of Other Benefits. The benefits provided in this Plan shall not be deemed a part of or considered in calculating any other benefit provided by the Company, any Subsidiary or Affiliated Entity to its Key Associates. The Company assumes and shall have no obligation to Participants except as expressly provided in the Plan. This Plan is a complete statement of the terms and conditions of the Plan.

6.9 Other Plans. Nothing contained herein shall limit the Company's power to grant other bonuses to Key Associates regardless of their participation in the Plan.

6.10 Amendment or Termination of Plan. The Committee may alter, suspend or terminate the Plan at any time. In addition, the Committee may, from time to time, amend the Plan in any manner, but no such termination or amendment shall adversely affect a Participant in the Plan with respect to his or her rights thereunder with respect to any Award which has been made without the affected Participant's written consent. Any such alteration, amendment, suspension or termination of the Plan shall be prospective only. Provided, the foregoing notwithstanding, the Committee may make any amendment necessary in order for the Plan to meet the requirements of Section 162(m) of the Code for qualified performance-based compensation.

6.11 Obligations Binding Upon Successors. The obligations of the Company under this Plan shall be binding upon successors of the Company, its assigns and transferees.

6.13 Governing Law; Severability. The validity of the Plan or any of its provisions shall be construed, administered and governed in all respects under the laws of the State of Texas. If any provisions of this instrument shall be held by a court of competent jurisdiction to be invalid or unenforceable, the remaining provisions shall continue to be fully effective.

6.14 Consent to Plan Terms. By electing to participate in this Plan, a Participant shall be deemed conclusively to accept and consent to all the terms of this Plan and to all actions and decisions of the Company, the Board and/or Committee. Such terms and consent shall apply to and be binding upon each Participant's Beneficiary or Beneficiaries, personal representative's and other successors in interest.

CORPORATE GOVERNANCE

THE PHILOSOPHY.

The Company will operate pursuant to the highest possible ethical standards with integrity, propriety, and fairness, and in full compliance with the law. Each director and management associate is expected to conduct himself or herself at all times in accordance with these tenets. Every action by each director and management associate will be taken with full consideration for the interests and well-being, first, of all Company stockholders and, second, of all other Company stakeholders. Equal opportunity without qualification is the Company's policy in employment practices, in its daily management, and in its procurement and sale of goods and services. Discrimination will not be permitted based on race, color, religion, sex, age, disability status, national origin, citizenship, or Vietnam veteran status.

THE STANDARDS.

The Governance/Nominating Committee (the "Governance Committee") of the Board has adopted and will administer the following Corporate Governance Standards for the guidance of the Company:

1. The Board will operate in accordance with a statement of Requirements of Management and Directors attached hereto as Attachment I.
2. The Chairman of the Compensation and Organization Committee (the "Compensation Committee") shall conduct a performance appraisal review with the CEO at least annually. In connection with the annual review, the Chairman shall seek consultation with, and request information from, the other members of the Compensation Committee and other independent directors.
3. The Board will annually review and approve a three-year strategic plan and a one-year operating plan for the Company.
4. Beginning with the annual meeting of stockholders in 2002, all directors will stand for election annually.
5. The Board believes that as a general rule, former Company associates should not serve on the Board; provided, however, this standard shall not apply to former Company associates five years after he/she has no longer been an associate.
6. The Audit and Compliance Committee (the "Audit Committee") and the Compensation Committee shall consist entirely of independent directors.
7. The Board will appoint all committee members of the designated standing committees of the Board (Audit and Compliance, Compensation and Organization, Finance, Governance/Nominating and an Executive Committee) upon the recommendation of the Governance Committee. The intent will be

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

to rotate various members of the Board through various committees so that each independent member of the Board has an opportunity to become more experienced about the internal operations and affairs of the Company. Effective with the annual meeting in 2000, the Board has the following standing committees: Audit and Compliance, Compensation and Organization, Governance/ Nominating, Finance and an Executive Committee.

8. The Governance Committee will annually assess Board and committee effectiveness through the use of the "Board Evaluation" questionnaire attached hereto as Attachment II. Each independent member of the Board will be required to complete the questionnaire annually. The questionnaires shall become a part of the permanent records of the Company and maintained by the Company's corporate secretary.
9. Whenever feasible, directors will receive materials well in advance of meetings for items to be acted upon. In addition, independent directors shall meet outside of the presence of non-independent directors from time to time as deemed appropriate.
10. Interlocking directorships will not be allowed; provided, however, that this shall not preclude members of the Fleming Board of Directors from serving together on boards of other public companies. (An interlocking directorship would occur if a Fleming director or officer served on the board of company X and a director or an officer of company X served on the Fleming Board, or if a major supplier or customer served on Fleming's Board.) Joint ventures will be permitted between the Company and independent Board members subject to approval by the Board and Securities and Exchange Commission disclosure rules.
11. Directors are required to own at least 1,000 shares of Fleming common stock within one year of election (by the Board or the Stockholders) and 12,000 shares within four years of such election. Directors currently serving as of March 1, 1999 have until March 1, 2003 to meet this requirement. A substantial portion of each independent director's annual compensation shall be paid in Fleming common stock or its equivalent.
12. Each director will retire upon the earlier of 30 days upon his/her 15th anniversary as a director; provided, however, the 15 year limitation shall not apply to directors holding office at the time these standards were first adopted by the Board in 1997.
13. Succession planning and management development will be reported annually to the independent directors by the CEO.
14. All corporate officers are required to own Fleming common stock, with a value equal to a specified multiple of their base salary with the ownership requirements to be met over a five-year period. The Compensation Committee will be responsible for setting the multiples on which the ownership requirements will be based.
15. Generally, management's incentive compensation will be linked directly and objectively to measured financial goals set in advance by the Compensation Committee; however, the Board recognizes that flexibility is important in determining compensation and that all management compensation may not be so linked.
16. Stock options will not be repriced (the exercise price for options will

Edgar Filing: FLEMING COMPANIES INC /OK/ - Form DEF 14A

not be lowered even if the current market price of the stock is below the exercise price) and all stock option plans will be subject to stockholder approval.

17. All stockholders have equal voting rights except as may be provided by law, the Restated Certificate of Incorporation or, if applicable, under a share rights plan adopted by the Company.

18. These Corporate Governance standards have been developed and approved by the Board and will be reviewed by the Board and published at least annually and revised where appropriate.

EXHIBIT D-2

GUIDELINES FOR BOARD CANDIDATES

1. A director should have the ability to apply good independent judgment to a business situation and should be able to represent broadly the interests of all the company's shareholders and constituencies. Board members should be recommended primarily on the basis of their qualification to meet these fundamental criteria.
2. A director must be free of any conflicts of interest which would interfere with his or her loyalty to the company and its shareholders. Those who have positions with or significant interests in competitors of the company may not be considered. To avoid even the appearance of a conflict of interest, members of legal firms which provide legal counsel to the company and representatives of investment banking houses, commercial banks or management consulting firms which have or are anticipated to have business relations with the company should not be considered.
3. In addition, the following criteria should be considered in recommending candidates for board membership, although these should not be applied rigidly:

- a. Maturity and Experience

A director should be mature and have practical or academic experience in business, economics, government or the sciences. Ideally, a director would have 15 or more years of experience including management responsibilities.

- b. Geography

Since the company's operations are primarily mainland United States in scope, it is desirable to have a balanced geographic representation with major geographic areas of the company's business being reflected on the board to the extent practicable.

- c. Past Experience in Order of Preference

- (1) Chief executive officer, chief operating officer or senior executive officer of a public or substantial private company, preferably of an industrial, distribution or retailing company, with sales in excess of \$500,000,000.
- (2) An educator from fields of business, economics or the sciences with management experience.

- d. Women, Minorities and Special Interests

Since a director represents broadly the interests of all the company's shareholders and constituencies, he or she should be chosen for his or her individual abilities and not be recommended based upon gender, minority group status or as a representative of any special interest group. However, it is desirable to have a cross section of backgrounds, and candidates otherwise qualified may be recommended with due consideration given to their gender, minority status or special interests.
